### Buffalo Band, Many Of Faculty on Trip

The Buffalo band and many other students and faculty members made a 250-mile trip yesterday in the Canyon booster caravan, which made a circle of towns southwest of here. Dr. J. A. Hill was the keynote speaker.

The Canyon high school band and the drum corps also made the journey.

Forty cars were in the caravan.

### Committees Complete Plans For Moving College To Buffalo Lake For a Day

A change in the date of the All-college picnic was made last week in order that President J. A. Hill may attend a meeting of the state college presidents in Dallas on Monday. Tuesday, May 14, is the new date.

Participation will be campus-wide as arrangements have been made at Buffalo lake for adequate recreation for both students and faculty members. The major part of the recreational equipment will be available to Westexans as guests of the College. Transportation will be furnished also.

Chairman of the committee on arrangements is Ulane Zeek of Lamesa, president of the Students' association, and Jack Edmondson of Memphis is to be master of ceremonies. Various contests have been arranged by Paul Smyer of Amarillo, and students will prepare for competition in row boat races, jousting contests, tub races, water polo, swimming, and diving. Different organizations will sponsor entries in the bathing revue contest.

Basket and sack lunches will be taken by the picnickers, and the supper is scheduled for 6:30. Dancing will follow the picnic at the recreation hall with Raymond Railroad and his Majors in Swing playing.

### Marjorie Reeve To Give Senior Piano Recital

Marjorie Wilkinson Reeve will be presented in a piano recital Thursday at 8:15 p. m. in the auditorium of the Administration building.

The college orchestra, under the direction of Prof. Wallace R. Clark, will assist. Her senior piano recital is sponsored by the college music department.

Concert numbers are: Concerto in D Minor, Mozart; Preludes VIII and XXI, J. S. Bach; Ballade, Johannes Brahms; Etude, Op. 25, No. 7, Chopin; Valse Brillante, Op. 34, No. 1, Chopin; and *Girl With the Flaxen Hair*, Debussy.

Mrs. Reeve, piano pupil of Miss Pauline Brigham of the department of music, is accompanist for the college orchestra, and as a soloist and as a member of the College trio, she has entertained many groups during her four years as a student at W. T. She is president of the national honorary society, Alpha Chi.

### Miss Scheihagen Honored Student

"Student of the Week" honors this week go to a talented senior from Hereford, La Nelle Scheihagen. She has been president of the Young Women's Christian association during the last year.

Piano and public school music is the major subject of this popular senior. She plans to teach music after graduation in June. Her music ability has been manifested by her work in the college band, the Madrigal club, Women's chorus, Methodist Church choir, and the girls' sextet.

Miss Scheihagen plans to travel this summer in New York, in connection with her Y. W. C. A. work.

### New Placement Bureau Added

Placing of West Texas students in business and industry has been put on a more efficient basis thru creation of a new faculty committee.

The new group will be a division of the general placement committee, which also includes the teacher placement division. The vocational placement sub-committee is headed by Lee L. Johnson of the department of business administration. Other members are Prof. S. H. Condon, Dr. C. A. Pierle, Miss Margaret Barrett, Prof. Frank R. Phillips, Mrs. T. V. Reeves and Registrar D. A. Shirley. This committee will develop contacts with employers of business and industry, will study the needs of business men and the training which should be offered, and will make surveys of available jobs. This work will be coordinated with a college guidance program, according to President J. A. Hill.

The teacher placement committee has functioned with great success for many years, but vocational placements have been made by various instructors and department heads. Centralization of this second phase of placement grows out of

### Writes Play

Author of the senior play, "Monterey in May," is Fred Short, a senior student, who is pictured above. Short has been active in radio writing circles this year.

### College Adds English Prof.

#### A. Kirk Knott Will Direct Freshman English; To Get Doctor's Degree

Selection of A. Kirk Knott of Boulder, Colo., as chairman of freshman English instruction at West Texas at the opening of the 1940-41 long session has been announced by President J. A. Hill.

Chosen from a long list of applicants, Prof. Knott presented exceptionally high recommendations from associates and instructors. He will receive the doctor of education degree from the University of Oregon next summer. As head of the department of language arts in Boulder schools, he also is a supervisor of student teaching for the University of Colorado.

He is a specialist in psycho-educational clinic work, and has taught at the universities of Oregon and Baylor, holding B. A. and M. A. degrees from the latter.

His doctoral thesis is based on studies of freshman orientation in two hundred American colleges.

Prof. Knott has taught English for 15 years, and has done much study in the field of sociology and social sciences. He is a native Texan, is married, 36 years old, and has two children.

### News Bulletin Is Started by Barrett

A semi annual news bulletin has been started by the home economics department and will be sent to ex-students of the department.

Included is news of ex-students and department news. Miss Margaret Barrett, head of the department, prepared the bulletin, and will send another early next fall.

### STUDENTS IN HOSPITAL

Only three students received hospitalization this week. They were Bacon Jones, Bob Patterson, and Fern Martin.

## P.-P.H.S. Will Banquet Friday

### Record Attendance Is Assured By Large Sale Of Tickets—Sheffy

Assured of a record attendance with the largest advance ticket sale in the history of the Panhandle-Plains Historical society, committees have completed arrangements for the society's annual banquet Friday night at Cousins Hall.

Southwest-wide attention has been attracted to the meeting this year by the Coronado theme to be carried out in decorations and speeches. Prof. L. F. Sheffy, executive secretary, indicated that reservations should be sent in immediately. Plates are one dollar each. Dr. W. C. Holden, Texas Technological college at Lubbock, will speak at the first session at 3 o'clock. Memorial and business sessions will follow the opening program.

A main address by Clinton P. Anderson of Albuquerque, N. M., is scheduled for the evening banquet session. He is executive secretary of the Coronado Centennial commission, and is nationally known as a collector of books on the Southwest and as the former president of Rotary International.

The banquet will follow informal visiting at 7 p. m., and President J. D. Hamlin will be toastmaster. The program will include numbers by the Spanish department and a violin solo by Mrs. John Josey of Amarillo.

### Dr. Debo Accepts New Appointment

Dr. Angie Debo, former member of the department of history, has been appointed head of the Federal Writers' Project in Oklahoma.

Dr. Debo has written friends that she is happy in the new work, finding that it calls for the training and directing of historical writers—long her hobby.

While here Dr. Debo directed research at the Panhandle - Plains Historical Society museum and catalogued much of its materials.

She recently contracted with the Princeton University press for publication of her second book, "As Long as the Waters Run."

### Negro Teacher Talks To Group

"Handicaps of Colored Women" was the subject of Mrs. R. Calhoun of the Amarillo Negro schools in a talk before members and guests of Kappa Omicron Phi, national home economics fraternity last week.

"Lack of our own group's creating jobs for our race, because of the low economic level on which we live, is one of the greatest handicaps," the Negro instructor said.

She listed the units in the home-making course taught in the Amarillo Negro school, and told how the original course had been started. In answer to a question, she indicated that recreational and social facilities are the greatest needs of the Amarillo school. More than sixty persons heard the speech.

### Freshman Girls Have New Course

Addition of a new course to be listed as Personal Problem for Freshman Girls to be taught during the fall semester has been announced by the home economics department.

Miss Margaret Barrett is to be instructor of the course dealing with adjustment problems. The general orientation program will be a three hour course. Budgeting of time and money—and personal developments will be units of the course.

### FIFTEEN ON WAITING LIST

That the nursery school will have a full enrollment this summer is assured by a waiting list of 15 children between the ages of 2 and 5 years. Miss Angie Nall will be the specialist here for the direction of the school.

### SHORT COURSE MAY 15

More than 800 home demonstration agents will attend the annual short course conducted by the home economics department. It is scheduled for May 15, Miss Margaret Barrett, head of the home economics department, has announced.

### SERVE DINNER

Girls from the home economics department served a dinner for the Plains Boat club at Buffalo lake Friday night. More than 150 guests attended.

Edith Berry is in Texico, N. M., where she teaches home economics and English.

### Banquet Speaker

Clinton P. Anderson, above, is a principal speaker for the banquet session of the Panhandle-Plains Historical society Friday night. He is an executive of the Coronado Centennial commission, and a former president of Rotary International.

## Folk Songs Are Concert Feature

### Audience Praises Guest Artist's Performance; Part-Songs Comprise Last Part

Featured on the program of the annual spring concert of the Madrigal club Monday night was a group of old folk-songs set for a capella choruses by contemporary arrangers.

It is probable that if these melodies were traced back through the years they would fade into obscurity of the centuries, for little that is definite can be said of their origin. The first of these was a folk-song from the French, "Brunette;" the others were of English origin: "The Turtle Dove," "The Three Ravens," and "Wassail," an old drinking song. These numbers occupied the first group of the program, together with a sixteenth-century motet and a sixteenth century madrigal.

The motet is one of the old church forms which directly evolved into what we know as the modern hymn; roughly, this evolution occurred as follows: Psalms of the early Hebrews and Christians, the Roman Catholic liturgical chant to about the fifteenth century, the sixteenth and seventeenth century motet, the eighteenth and nineteenth century chorale, the nineteenth and twentieth century hymn.

The feature of the program, which possibly elicited more comment than any other, was the group of piano selections played at the intermission by the guest artist, Miss Frances Usery, instructor in the college music department. Miss Usery played from Bach's "Fifth French Suite," the "Gavotte" and the "Gigue." Both the gavotte and the gigue (pronounced "gig") are dance forms, the gavotte usually in duple rhythm and the third member of a suite, and the gigue usually in triple or, as in this case, sextuple rhythm, and the concluding member of a suite. Following the Bach, Miss Usery played Debussy's "Clair de Lune," suggestive of the nocturnal glamor of moonlight on the breast of a rippling lagoon.

The second half of the program was made up of more recent part-songs and choruses. Probably the most interesting number in this group was, "Go, Song of Mine," words from ancient Italian, music by a recent English composer, Sir Edward Elgar. This number begins with six voices, which eventually divide into eight voices; the delicate progressions worked out in the complexity of a combination like this are suggestive of harmonies not meant for mortal ears.

Also done in this group was a part-song written by one of the members of the organization, Houston Bright. The text for the selection, "Night Song," was taken from the works of the Russian, Nikolai Streiter. The program ended with a humorous song, "Russian and Turk" by Nichol.

The Madrigal club is an a capella choir conducted by Wallace R. Clark, head of the music department.

### Y CONSIDERS EDUCATION

Gaynelle Douglas will lead a panel discussion of "Education: A Problem and a Solution of Other Problems" at the regular meeting of the Y. W. C. A. this afternoon; she will be assisted by Mildred McFerrin and Ferne Griffin. The discussion will be in room 205 in Administration building at 4:30 o'clock.

Miss Lilla Clark, home economics instructor, will be nutritionist at a school of dance at Jacob's Pillow, Lee, Mass., from July 1 to August 31.

## Student Citizenship Subject of Special Session Wednesday

### Irish Lad Has Enviably Record In School Work

West Texas students selected a scholarly Irish lad in Garland Turner as president of the association for the next long term.

Turner achieved a nearly perfect record at Donie, Texas, where he was valedictorian of his graduating class, and president of his senior class. The blond decedent of Erin is 24 years old and will be a junior next year.

He added a victory in the 178-pound of the wrestling contest this year to his athletic record in high school basketball. He likes dancing but refrains from active jitterbugging.

President-elect Turner indicated that he would oppose any increase of the activity fees during the term next year.

Agriculture is his major study; he lives at the college farm, and is a member of the T-Anchor and Aggie clubs. He is a member of the Young Men's Christian association. He will seek a teaching certificate, but plans to attend Texas A. & M. when he completes his work here.

### George Stokes Sings Senior Recital Tonight

George Stokes, senior of Plainview, will be presented tonight in the auditorium of the Education building at 8:15 o'clock in a voice recital.

Stokes will sing Schubert's *The Maid of the Mill*.

He has been a popular soloist on the campus since his first appearance. A baritone, Stokes is presented on band concerts, and always receives lively acclaim.

Stokes is president of Buffalo band, and plays trombone and French horn. He directed the Canyon high school band for two months during the first semester.

He is director of the musical choir at the First Baptist church as he has been for the last three years.

The program is presented by the department of music.

### Cast for Senior Play Completed

Selection of the cast has been completed for "Monterey in May," an original play written by a senior student, Fred Short, Jr., of Amarillo.

In leading roles will be Virginia Lee Fortenberry of Wellington and George Stokes of Plainview. Elizabeth Wood of Borger, Frances Campbell of Wildorado, R. W. Bingham of Clarendon; and Waymond Fain, Carolyn Mayfield, Fred Hart, Sam Burton, Lannie Line, Bomar Brown, all of Canyon; and Bill Longbine of Claude complete the list.

The play was selected for the annual senior class production a short time after its completion. Mrs. Baxter M. Geeting adapted the original for production. May 22 and 23 will be dates of presentation.

"Monterey in May" is a light comedy with several hilarious plot situations. The story deals with a foreign correspondent who brings his associations with an English girl, a French girl, a Swedish girl, and his own American fiancée to romantic Monterey. He attempts to extricate himself from complications with German spies and rival reporters.

### Mrs. Reeves Addresses Home Economics Sessions

Mrs. T. V. Reeves, director of the bureau of public service, was the guest speaker at a banquet for senior home economics students Saturday night in the dining room of the home economics department.

Kate Donnell was toastmistress, and Beulah Brasuel gave a welcome talk. A ship motif was carried out.

### Students and Professors Attend Spanish Meeting

A delegation from the local Spanish club attended a meeting of the Llano Estacado chapter of the American Association of Spanish Teachers in Plainview Saturday.

Miss Mary Hudspeeth, Mrs. Tommie Montfort, Miss Agnes Charlton, Ardis Patman, Ruth Taylor, Elenor Morehead, Donald Hawkins and Marion Miller were in the group.

## Frank Day Is Main Speaker

### Buffalo Band Will Play—Coordinating Council Is Sponsor of New Plan

By CAROLLEE PAYNE

Tomorrow is citizenship day and more than 160 W. T. students will be among the honored first voters.

All Randall county will participate in this unique program planned and sponsored by the County Coordinating council, the Rotary club, and the local chamber of commerce.

The special program will start at 7:30 p. m., and Buffalo band is scheduled for several opening numbers. Color guards of the American Legion will be brought to the stage, and two new voters, Ulane Zeek and Neville Bremer, will speak on "We Accept Our New Responsibilities."

Frank Day, prominent Plainview attorney and an ex-student, will give the main address. Clyde Warwick, editor of the Canyon News, will explain how voting is done. President J. A. Hill will present the first voters with certificates.

Prof. S. H. Condon will preside at the evening program, and he has requested that all students eligible as first voters assemble at 7 o'clock in front of the Administration building for a group picture. Prof. Condon is president of the Coordinating council.

Students who are 21 or will be 21 this year, or students who are over 21 and are voting this year for the first time will be eligible to receive a certificate.

### Thornburg Elected F. F. A. President

Alva Thornburg of White Deer was re-elected president of the Future Farmers of America for the next long session at a meeting of the club Thursday night.

Other officers selected were: Vice-president, Cecil King of Childress; secretary, Carroll Mallett of Perryton; treasurer, Sidney Johnson of Childress; farm watch dog, Weldon Dowlen of Panhandle; parliamentarian, Dale McLain of Perryton; Historian, William Flowers of Perryton; song leader, Charlie Wilderson of Houston; advisors, Prof. T. M. Moore and Prof. Milton Morris.

The group made arrangements at the meeting for the area leadership contest held here Saturday. The college chapter was a co-sponsor of the contest in which high school chapters competed on chapter conducting, one-act demonstration, extemporaneous speaking, and news writing.

### Group to Organize New Campus Club

Organization of a Pan American club or committee is scheduled for this afternoon in room 118 of the Administration building at 5 p. m.

"All students who are interested in promoting better relations with Pan American countries will be welcomed at the meeting," Hollis Bledsoe, who is advocating the organization of such a committee, said yesterday.

The club will seek to bring students from Mexico and possibly South American countries to the campus next year. Attempts will be made to arrange for scholarships for such students. Bledsoe pointed to the advantages of a more cosmopolitan atmosphere on the campus. There are virtually no foreign students enrolled currently.

### Twenty Girls Have Picnic In Canyons

About twenty members of the Campitvity club, girls outdoor organization, and their guests spent a day in Ceta canyons recently. The annual occasion proved to be as interesting as previous ones.

The day was spent in hiking, climbing, kodaking, and swimming. Several of the girls cooked the noon meal over a camp fire in true western style. Miss McClure, girl scout leader of Amarillo, told many interesting camp stories. At a regular meeting the girls followed trail signs to Halls' creek, where they had a nose bag meal and a sing song.

"Half the persons put through the courses in United States Schools cannot absorb instructions. Another ten per cent doesn't know what to do with the information when it is absorbed." Dr. E. A. Hooten, of Harvard

Build a New Band House

Conspicuously absent from the sketch of the ten-year plan is improvement of the band house, either by enlarging the present one or building a new one. It seems appropriate that this should be listed, at least, in the group of must-be-improved structures. The building is inadequate and never has been an ideal place for practice.

Occasional repairs promise it to be good for another winter, but rain always comes in, and this winter has been no exception. Briefly, it wasn't built for a practice house, and evidently doesn't appreciate the music. In as much as it offers poor acoustics. It isn't large enough for the present band, and isn't likely to hold the larger organization which is inevitable for next year. Night practices have presented another problem—that of insufficient lighting.

Although only a comparatively few students are directly affected, can we afford to wait ten years to start thinking about a new or improved band house?

Many reasons suggest that the time to actually build the new home is now. Labor from the vocational NYA project is available. Rock can be brought from the Palo Duro canyon, and this supply may be stopped if it is turned into a National park or monument. The city will make various privileges possible.

The college is hopeful that the band will continue to grow, as it likely will, but this means more adequate practicing facilities must be furnished.

Finally, there are many former band members and members who are willing to contribute a small amount. We can't wait for any society for the advancement of college musicians to build a band house.

Mothers will appreciate something special next Sunday if it's no more than a special letter. May 12 is Mother's Day.

West Texas' Music Week

West Texas has a significant program scheduled for National Music Week, which is recognized this week over the nation.

Two of the best student musicians on the campus will be heard in senior recitals on Tuesday and Thursday nights of this week. George Stokes, baritone of Plainview, has a student following that will likely fill the Education building auditorium tonight. His versatile personality will be revealed in his performance.

Marjorie Reeve, talented pianist, will have the accompaniment of the college orchestra on several of her numbers Thursday night. Very likely, she makes more appearances locally than any other student.

Also Prof. Wallace R. Clark and Prof. C. E. Strain will welcome visiting groups at the regular band and orchestra rehearsals this week. Both organizations are busy preparing commencement week programs.

Paper and other trash seems unusually conspicuous on the campus. Perhaps it's because it doesn't harmonize with the green grass. If drinking cups and napkins are to be dropped on the campus, a container should be provided.

From the Campus Radio Studio

Advocating the organization of a debate team has been a habit of The Prairie for several years. Recently we have been told that the forum was replacing the debate, and that the speech department would work toward development of a good forum team.

And with this fine forum team why can't we have a forum discussion over the weekly broadcast? It would be an opportunity to give the radio audience something representative of a higher institution.

There are several timely subjects, and there are authorities in the college personnel who are certainly intellectually capable. We have a pattern in the University of Chicago roundtable.

The radio players and other organizations have been faithful performers, but it is important that we send out from a higher institution something challenging and pioneering occasionally.

When a group of Westexans went to South Texas for a visit on another college campus, they were amused by several stories and observations.

Boys don't wear ties and coats to classes these days. . . . Many a local student would have been inconvenienced by the absence of buttermilk from the menus. . . . More than one admitted looking forward to a cool summer at W. T. . . . All of the ten minute intermission between classes is needed to climb the hills between the buildings.

A Coronado Theme

Many of the programs celebrating Coronado's expedition through the south 400 years ago will come late in the summer, but a significant one will be this week. A sell-out is being predicted for the banquet session of the Panhandle-Plains Historical society meeting. Attention has been attracted to the Coronado theme.

WHO'S YAHOUDI?

It's Hic Jacet's confidential opinion that if the Bob Hope show adds one more weekly feature, it will suddenly break a stop-watch trying to fit into its program time.

Still the fans would howl if Brenda and Cobina, Jerry Colonna, Yahoudi, "Hello Sam, You know where I am," or any of the other comedy units were omitted.

By the way, who is Yahoudi?  
WHO'S YAHOUDI?  
Tch, tch, how did this get started?

QUOTING THE PROFS

It was in a Sophomore English literature class. A student was asked about Wordsworth's famous Ode: She called it the "Ode on Immorality."

Said Dr. Swayne in commenting on this answer at a later time: "There are some odes on this subject, but they aren't named quite so candidly."

DIRTY TRICK

Speaking of this Ode calls to mind a session of "The Game." In case you don't recognize it by that title, you will as Charades, or What Is It.

It's that parlor past-time in which two teams are made up, then each person writes a title on a slip of paper (movie, song, poem, book, or what-have-you). Next the slips are traded and the other side, one at a time acts out the titles it has received.

You may well imagine the plight of the young lady, playing this game, who opened the slip she was to dramatize and read: "Ode on Intimations of Immorality from Recollections of Early Childhood."

Hart Palpitations

By Fred Hart

The devil sends  
The raging winds  
To blow the skirts on high;

But God is just  
And sends the dust  
To close the bad man's eye.

With this little ditty to remove the strain of the past few weeks, we attempt to relax from this world of unnatural study with a malicious preview of foolish conditions.

Latest in war jokes is that about the young fellow at Dartmouth who, to impress his girl, went over to the Norwegian legation with the expressed purpose of enlisting as a volunteer—knowing full well that they were not taking Americans. The plan took on a British aspect when a rival, after listening to the girl expound the merits of the Dartmouth hero, sent a telegram saying, "Your application for overseas services accepted. Report legation immediately."

And Dean Cook—after missing the Seniors on Sneak Day—went down town and bought himself two new straw toppers. Saddest part of all was his decision to refuse our recommendation of a cherry green straw.

Roy McNett's extensive search for a pencil at the northwest corner of the museum is still unexplainable . . . particularly since he was looking for the aforesaid pencil at seven-thirty in the a. m.

ANOTHER POME:

Theysatupontheseatlikethis,  
And now and then they kissed;  
And next he said some darn fool thing,  
And then they sat like this!  
—Swiped.

The practice of going barefooted is not limited to students in the Demonstration school. Last week one Coysalt Ylopa Tabor spent a two-hour chemistry laboratory period without customary foot-covering. However an abundant supply of torrid nail polish kept the tootsies—as we might say—sufficiently covered.

The approach of the all-college picnic reminds us that there is nothing as restful and refreshing as a sugar ant and a green fly mixed thoroughly with well smashed, grit-filled sandwiches.

TEXAS

Remember Homecoming Day and the big gridiron battle between the Buffaloes and the St. Mary's Rattlers? Here's something else to show you what the Buffalo team was up against when they clashed with the Rattlers. A reporter on the Rattler paper sauntered into the University kitchen the other morning and found out some things about the gastronomic capacity of the St. Mary boarders. Here are a few of the items: Between 25 and 30 dozen eggs is an average "kill" for an average breakfast and forty-five loaves of bread also do a daily disappearing act. Contented cows furnish 300 half pints and 24 quarts of milk each day. Twenty pounds of beans a day are consumed, while eighteen pounds of lettuce and twenty-five pounds of cabbage all vanish in a day. Then to top off those three-pound meals a day, came four and a half gallons of jam. Pass the bicarbonate, please.—St. Mary's Rattler.

OKLAHOMA

An unusual spot of news has drifted here from the campus of Oklahoma City University. When George Wild, Jr., entered the university, his whole family accompanied him and enrolled too. Now all are studying for degrees.

ENGLAND

We also find another interesting item in the news about a boy in England who snapped a picture of the King and Queen when they started to America. He sold several thousand prints and by doing this paid his way through the University of British Columbia.

Letter to Editor  
the Family

Editor of The Prairie:

We have heard much discussion during the last few years of the necessity of bettering Pan-American relations, but I wonder how many of the students here in the college have given any serious thought or taken any sort of action toward such ends.

Now, there is a chance for everyone to have a part in a movement which the president of our nation and the president of our state university, along with other prominent persons, say will play a great part in improving our relations with our Latin-American neighbors. We have heard a great deal of talk about the possibility of our institutions' sponsoring an exchange of scholarships with Latin-American countries, but no active effort has been put forth in several years to convert this idea into reality.

True, the state legislature has refused to appropriate funds for such an exchange after recommending that such a thing be done; but why can't the students themselves get behind such a movement and put it over?

A group of students are now formulating plans whereby our college can exchange scholarships with foreign colleges bringing to our campus a foreign element and cosmopolitan atmosphere that will mean much in broadening the culture and outlook of our students, at the same time increasing the prestige and prominence of our institution.

According to plans which are being discussed, there will be little, if any, expense to anyone interested and wishing to have a part in this movement. The greatest need now is for the students to become interested in the plan to the extent that they will start working for it. Few projects for the improvement of this college are likely to be forthcoming from the outside until we as students have shown plainly that we have faith in our institution and are interested in seeing it become a stronger influence for good in this territory.

The most powerful means for promoting the interests of this college are not publicity stunts and high pressure salesmanship; rather, it is the rendering of service. What other one thing would be of more benefit to the students and to the territory we serve than the development of more intimate relations with our foreign neighbors?  
Neville Bremer.

Gordon Gatewood, '36, has been elected superintendent of schools at Delwin, Texas.

Miss Mary Nell Mangum, '40, will teach in the Trick school east of Plainview during the 1940-41 term.

Maxine Hoyle, '40, will teach in the intermediate grades, and Reba Pool, '39, will be instructor of English and speech in the high school at Crosbyton, next September.

Mrs. Gordon Beck, teaching at Anson, directs an NYA house as part of her duties. Thirty-two girls live in the house for six months of training, spending an average of 25 cents a day each for food.

One of West Texas State's most consistent boosters is Frank Cramer of Gardner, Kans., official of the Cramer Chemical Company.

While here last year Mr. Cramer made color movies of the campus and the Buffalo athletic plant. He has shown these movies in all parts of the country. Coach Jack Curtice saw them on a scouting trip to California. Athletic Director Al Baggett saw them at the intercollegiate tournament in Kansas City.

Mr. Cramer shows the films several times each week and makes an enthusiastic talk about the W. T. athletic setup with each showing.

"We Dress the Best"

Not many colleges can boast of the fact that they have three all-state football players on their varsity squad. The Buffaloes have big Elwin Ricketts, thrice all-state line-man from Amarillo, "Blazing Bill" Thompson, all-state back from Amarillo, and Ben Collins, former all-state quarterback from Wichita Falls.

Every one is the son of his own works.—Cervantes.

The New Mexico Military Institute Cadets defeated the West Texas swimmers Friday at Roswell in every event, including water polo, swimming contests, and diving contests.

# Kappa Tau Phi Has Garden Setting For Annual Spring Presentation

Amid a tropical garden scene, new members of Kappa Tau Phi sorority were presented in the ballroom of Cousins Hall Friday night.

New members walked down a winding path through a garden setting, surrounded with trellises covered with sweet peas, as descriptive verses of each new member were read to the accompaniment of soft music. Escorts accompanied the new members to their places beside the orchestra.

Natalie Flesher, president of the sorority, and her escort, Eugene Brandon, led the grand march. They were followed by Irene Hunt, vice-president, and Jimmie Walker.

New members and their dates were: Dorothy Picture, Wayne Cox; Nell Green, Warren Driver; Marion Evans, H. M. Martin; Frances Thompson, Calvin Dittmore; and Joyce Duniven, Cordell Bales.

Members and their escorts were Margaret Stone, Malcolm Bull; Natalie Flesher, Eugene Brandon; Irene Hunt, Jimmy Walker; Laura Gerner, James Burrus; Christine Hamilton, George Wright; Ida Martha Pierle, Josh Hopkins; Viola Holmes, Hollis Bledsoe; Dorothy Jo Clark, Matthew Taylor; and Billie Bee Flesher, Earl Stagner.

Ex-members and their escorts were Frances Ann Simmons, Sherman Higdon; Mattie Brown, Clyde Yoes.

Guests were Charles Murphy, Adele Hays; Donald Brotherton, Mildred Cole; Bernard Warren, Christine Jarrett; Jack Herring, Florynne Hitchcock; Jerry Messenger, Joyce Thomas; Eldon Huffaker, Peggy Savage; Jack Hesse, Dorothy Jane Day; Todd Come, Lodena Tonley; Charles Wimmer, Kate Donnell; Roy McNett, Anna Sue Williams.

Meredith Warren, Jerri Dromgoole; Bomar Brown, Frances Peatt; Tom Persons, Billie Jo Davis; Burton Thompson, Annette White; Raymond Raillard, Virginia Lee Fortenberry; John Kennehan, Betty Goudly; Tommy O'Gorman, Faye O'Gorman.

Special guests were Dr. and Mrs. J. A. Hill, Dr. and Mrs. L. F. Sheffy, Dr. and Mrs. A. M. Meyer, Dr. and Mrs. C. A. Pierle, Mrs. Agnes Smith, Mrs. Anne Wofford, Miss Edna Graham, Mrs. Geraldine Green, Mrs. C. R. Flesher of Canyon, Mrs. Thompson of Pampa, and Miss Florence McMurtry, sponsor of the sorority.

Tyrone Power and Dorothy Lamour are pictured above as they appear in the motion picture "Johnny Apollo," which will be showing at the Olympic Theatre Wednesday and Thursday. This picture is sponsored by the Buffalo "T" club.

## Old Dutch Garden Is Setting For Banquet

"In An Old Dutch Garden" was the setting for the annual spring Baptist Student Union banquet, held Friday night in the banquet hall of the First Baptist church.

Crepes paper streamers were hung down each side of the room, and over the top making a small colorful room in the center of the banquet hall. Inside this gay little room five banquet tables were placed to serve sixty students. On each table were Dutch shoes holding bouquets of yellow tulips. Centering each table was a large Dutch windmill. Small Dutch windmills were used as place cards.

Listed on the program was a violin duet by Calryce Whitten and Mattie Lee Clay, and a song by the B. S. U. quartet, Mrs. Grace Knighton, Juanita Langston, Louise Roach and Nell Stevenson.

Following the banquet the group adjourned to the auditorium where the B. S. U. Council members for next year were installed. Members of this year's Council were seated on the platform, and as they spoke, turning their duties over to the new members, the spotlight was turned on each new member as he stood in the chancel.

After the installation, new Council members took their places on the platform as the retiring Council marched off. Gifts were then presented to Mrs. Knighton, B. S. U. sponsor, Brynild Vaughan, retiring president, and George Stokes who is completing his third year as Student Secretary at the church.

New Council members are: Pres-

## Rice Supper Is Sponsored By Y

For the benefit of underprivileged students of China, the Y. W. C. A. sponsored a rice supper Thursday night, the whole proceeds of which will be sent to China to aid in a struggle for education.

The supper was served in the home economics dining room decorated with iris and cherry blossoms. The menu, planned and carried out by Allene Gates, Mildred Shuman, and Marguerite Walker, included Chinese dishes, rice, tea, and chicken chow mein. The favors were hand-painted Chinese figures, some of which were made by Chinese students, and the others were copies of imported articles painted by Audrey Lee Lambourne.

Mary Jane Turrentine, chairman of the committee of the Far Eastern relief program as followed on the W. T. campus, had charge of the supper and solicitation of contributions. The local I. R. C. furnished the program; it representative, Lucille Horn, spoke on "The Christian Students in the War," and the organization's president, elect, Frank Driver, discussed "The Relationship of the U. S. to the Sino-Japanese War."

Miss Osce Sanders, a "Y" sponsor, appealed in behalf of the P. E. S. R. for text books to be sent to China. Most of their libraries have been destroyed or necessarily left behind in hasty evacuation, and the "Y" will forward any books that are turned in or reported to Miss Swayne's office.

Those attending the rice supper were: Lucille Horn, La Nelle Schel-hagen, Mary Jane Turrentine, Mary Byerly, Frank Driver, Raussa Lee Cantrell Virginia Measley, Viola Holmes, Mrs. Dena Evans, Hollis Bledsoe, Nola Margaret Blue, Dorothy Simpson, James Swafford, Allene Gates, Martha Ritchie, Pelicia Coffman, L. W. Davidson, Margaret Dixon, Sam Jolly, Frances Wilroy, R. M. Francis, Alvie Redden, Bob Miller, Mr. and Mrs. G. L. Messenger, Dr. Mattie Swayne, Miss Osce Sanders, Miss Hellen Hickman, Mrs. Annie Peele McKnight,

# "Speed wins in motor-cycle racing! Slow burning wins in the cigarette field!"

says Jimmie Kelly, Champion Motor-cycle Racer and Enthusiastic Camel Smoker

**ON THE FAST SIDE**—A 50-mile-an-hour skid, and Jimmie Kelly (No. 43) whips into the lead on the ocean beach at Daytona. On a racing motor-cycle Jimmie Kelly is a riding champion, but when it comes to cigarettes, this record-breaking driver is . . .

ON A MOTOR-CYCLE I GO FOR SPEED IN A BIG WAY, BUT I KEEP MY SMOKING ON THE SLOW-BURNING SIDE WITH CAMELS. THAT WAY I GET A LOT OF 'EXTRAS'—IN MILDNESS, COOLNESS, FLAVOR—AND CAMEL'S SLOW WAY OF BURNING MEANS EXTRA SMOKING PER PACK

**"ON THE SLOW SIDE"**—That's Jimmie Kelly's way—and the way of millions of other smokers—of saying that he prefers the slower-burning cigarette... Camel. "That's where the 'extras' are in cigarette pleasure and value," explains Jimmie (above).

**CHAMPION** Jimmie Kelly (right, above) is just one of thousands of experienced smokers who have discovered that Camel's slower way of burning means several definite advantages. Being slower-burning, Camels are free from the drying, uncomfortable qualities of excess heat. They give you *extra mildness* and *extra coolness* . . . always so welcome. Slower

burning makes the most of the full, rich flavor of Camel's costlier tobaccos. Camels give you *extra flavor* . . . don't tire your taste. The extra smoking in Camels is a matter of the smokers' experience as well as of impartial laboratory record. So get more pleasure per puff and more puffs per pack. Get Camels. Penny for penny, Camels are your best cigarette buy!

● In recent laboratory tests, CAMELS burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than *any* of them. That means, on the average, a smoking *plus* equal to

...OPENING OF THE BUFFALO NATATORIUM is scheduled for Saturday. Although the swimming hours have not been announced, it is likely that a schedule similar to that of last year will be followed. Men and women will alternate on week days and both will be admitted on Sundays. It will be open nights. The new swimming pool was completed in 1937 at a cost of \$40,000 and is one of the finest in the Southwest. Admission will be on presentation of certificates of physical fitness and activity tickets.

"THERE AIN'T NO  
FLIES ON ME . . ."

West Texas State's first annual coaching clinic, to be held on May 11, is arousing much interest on the Plains.

Such outstanding high school football coaches as Odus Mitchell of Pampa, Goober Keys of Lubbock, Howard Lynch of Amarillo, J. V. Hillard of Plainview, Otis Burke of Perryton, Hatcher Brown of Tulla, Leo Cooper of Lockney, Catfish Smith of Borger, and Forrest Kline of Shamrock will be instructors in the fundamentals of the game. Coach Pat Gerald of Vernon will be unable to attend.

Swimming will get under way soon when the large outdoor swimming pool at W. T. is opened. If weather permits, the official opening will be May 11.

I wonder why West Texas does not have an annual "Sports Day" which would include contests in tennis, track, golf, and swimming, open only to those who have never played on any varsity team. Many colleges promote one of these days and merchants and the athletic department offer prizes and cash awards to winners in all events. It would be easy to put over and would create school interest and spirit.

## Buffalo Netmen Stop Panhandle Aggie Plowing In 5-1 Victory On Local Courts Friday Afternoon

### Lockhart Will Take Tennis Team To San Antonio Thursday

Displaying a form as in the victory over the Texas Tech Red Raider netmen in a first match, the West Texas Buffalo netmen defeated the Panhandle A. & M. Aggies of Goodwell, Okla., 5 to 1 here on the local courts Friday afternoon.

Even the Freshmen were victorious when J. L. Burt, Freshman tennis ace from Wellington, beat his opponent in straight sets, 6-3, 6-4. In the varsity matches the Buffaloes suffered only one defeat, that of the No. 2 doubles team—S. Milner and Coleman—who were beaten by the Aggies doubles team 4-6, 6-4, 6-3.

Frank Kelly came from behind twice to defeat Porter of the Sooner land 7-5, 6-4 in straight sets. Porter led Kelly in both sets, 5-4 and 3-1, but Kelly outlasted his opponent to take the match. In the No. 2 singles match, Glen Milner easily whipped his Aggie opponent 6-3, 6-1. Kelly and G. Milner teamed together in the No. 1 doubles match to win 6-1, 9-11, 6-4.

Steve Milner, in the No. 3 singles match, overcame Kinsinger of the Goodwell team to win 7-5, 6-4. In the No. 4 singles match, Coleman of the Buffaloes turned on the steam and beat Volles of the Panhandle Aggies 6-3, 6-2.

Thursday morning Captain W. E. Lockhart will take Frank Kelly and Glen Milner to San Antonio to play in the Alamo Conference tennis tournament. Kelly will play No. 1 singles and Milner will enter the No. 2 singles. They will pair together to play in the doubles matches.

Besides West Texas State, St. Mary's University of San Antonio, Texas A. & I. of Kingsville, and possibly Sul Ross of Alpine will be entered in the Alamo tournament.

## Football Clinic Will Attract Coaches, Players Saturday

### Buffaloes Scheduled For Demonstration—Writers to Talk Rules

Eager eyes await West Texas State's first annual football coaching clinic to be held here May 11.

Coaches from all over the Plains have generally accepted an invitation to attend the clinic and interest

### Red Raiders Have Edge on Spirited Buffs In Third Spring Scrimmage

grows daily. Head Coach Jack Curtice, and his assistant, Leslie Van Meter, have been showing the Buffaloes the demonstrations they will give during the clinic.

From 8:30 until 9 o'clock the registration will be held at Burton gymnasium with no charge for registering. At 9 o'clock a rules clinic will be held with Dr. R. P. Parcells of Amarillo in charge. His assistants will be Gib Jackson and Steve Mathews.

From 10:30 until 12:30 discussions by outstanding high school coaches will be given. These coaches include: Odus Mitchell of Pampa, end play; Goober Keyes of Lubbock, kicking game; Howard Lynch of Amarillo, tackle play; J. V. Hillard of Plainview, quarterback play; Otis Burke of Perryton, backfield play (offense); Hatcher Brown of Tulla, double wingback; Leo Cooper of Lockney, guard play; Catfish Smith of Borger, center play; and Forrest Kline of Shamrock, line protection for the passer.

A barbecue luncheon served to all

Texas Tech Red Raider gridsters got a taste of the Buffaloes' spirit Thursday night when the West Texans let loose with everything they had and surprised the big Tech team.

Hitting pay dirt twice while the Red Raiders could only score twice, the first half turned into a regular ball game with little Ben Collins, all-state quarterback from Wichita Falls, Earl Stagner and Dewey Johnson, ends from Dimmitt and Abernathy, respectively, and Borden Price, speed demon from Spring Lake, turned in their best performances of the current spring season.

The West Texas line cracked the big Tech wall time and time again, for the jack-rabbit backs of Coach Curtice to scamper through. Scouts and Tech coaches greatly praised the work of Borden Price, who is one of the fastest backs in the Southwest.

After outplaying the Raiders completely the first half, the Tech coaches used wholesale substituting the second half, and with lightning fast sophomore backs and big linemen, the Tech squad gained the superior edge. Two blocked punts, a long pass, and a thrilling jaunt by big "Jumbo" Webster produced the Tech scores in the second half.

As a result of the friendly rivalry and spirit caused by these spring scrimmages, it is possible that one or two post-season tilts will be scheduled next fall.

will be given at 12:30 by the Amarillo Hardware company. Jack Curtice, Leslie Van Meter, and the West Texas State football squad will be in uniform from 2 until 3:30 o'clock to demonstrate such fundamentals as guard play, tackle play, end play, and center play—both offensive and defensive. Also 5, 6, 7, and 8-men lines will be demonstrated.

From 3:30 to 5 o'clock the Buffaloes will give a demonstration on ball handling, passing, punting, shifting, and blocking. This will be demonstrated by the backs. Also protection for the passer, punter, and man-for-man defense against passes will be shown.

Moving pictures of outstanding games, both high school and college, will be shown from 5 until 6 p. m.
