

Buffaloes Trounce Sul Ross In Smooth Two-Game Series

Ex-Letterman Brings A Colorful Quintet From Alpine

Featuring a smoother-working, more coordinated offense and defense, the West Texas Buffaloes came into their own last Friday and Saturday nights to sweep a two game basketball series from the Sul Ross Lobos of Alpine Teachers College.

With a better spirit and morale than has been evidenced for some time the Buffaloes put on an exhibition of basketball that was pleasing to the fans, and founded some hopes for a successful basketball season and a possible participation in the National tournament in Denver this year.

Coach B. C. Graves, an ex-letterman of W. T. S. T. C., brought a tall, experienced, colorful quintet to Canyon with the hopes of defeated his Alma Mater but the rejuvenated Buffaloes were too much for the Lobos.

Throughout the first game the Buffs were clearly masters of the situation. They grabbed an early lead and were never overtaken. At the half the score was 16 to 6 for the Buffaloes.

Captain Edd McMinn was high point man of the affair with four field goals and four free pitches for ten points. He was followed closely by Buck Caraway, substitute Lobo guard who scored eight points. In the first game Coach Baggett used every man on his squad except Curtis Clement, letterman.

Southern Art Club Presents Exhibit In Pioneer Hall

The Twelfth Circuit Exhibition of the Southern States Arts League, brought to the Panhandle-Plains Historical Museum by West Texas State Teachers College from Simmons University, was placed on display Sunday for a twenty-six day showing.

All the pictures in this exhibit are framed, and their number is such that the Mary E. Hudspeth room is well filled.

Many of the artists whose work appears in the exhibit are well known throughout the South, with many exhibits to their credit.

The Southern States Art League has its headquarters in New Orleans; it exists to encourage and develop art appreciation and to assist Southern Artists who are capable of doing fine work. Miss Isabel Robinson, head of the Art Department of W. T. is a member.

The exhibit may be seen from two to six on Tuesdays, Thursdays, and Sundays.

Dr. Cook made it his main objective to point out to those present their relationship to this year's program of orientation as outlined by the state organization on curriculum revision.

C. E. Strain, Band Director of W. T., and George Brewer, accompanied Dr. Cook on his trip to Pampa.

Oriental Made Enlightening Talk In Chapel Sat.

"The center of the world has moved from the Atlantic to the Pacific, and the important world problems of this century promise to be those of the Far East," declared Dr. No-Yong Pao in an address here Saturday morning.

Dr. Pao, author, Harvard scholar, and lecturer on Oriental subjects, declares that people who believe that Japan is a weak country have been misinformed and that those who believe that Japan has no industrial future have failed to realize that she has almost unlimited water power, that the people have a simple mode of life, and that Japan is better organized than the United States to compete in world markets.

"Statistics are misleading," said Dr. Pao, "for instance, statistics never mention the value of Japan's fishing waters which are almost unlimited in extent and which are

Periodical Cases Being Placed In Library Corridor

As probably has been observed, a number of cabinets are being placed in the second floor library hall. These will contain newspapers and magazines which are being removed from the Government Document Room. Miss Tennessee Malone, head librarian, has said that because so many of the government documents arrive daily, more space must be made to accommodate them.

The cabinets in the hall were removed from the Government Room, and new ones for that room are being constructed by FERA students in the Manual Training Department under the direction of Professor John A. Gillis.

Illustrations By Mead Are In New Book About Texas

A copy of "Under Texas and Border Skies" by Roscoe Logue of Amarillo has been received here. It has just been printed by the Russell Stationery Company.

People who find stories of early ranch life, West Texas drought experiences, Panhandle mirages, blizzards, brands, wind mills, and old time square dances will find the volume quite diverting.

The book has a distinct flavor of its own. The pictures are well shown, and the art work by Ben Carlton Mead is suggestive and attractive. Mr. Logue is a resident of Amarillo.

Mr. Mead painted one of the murals in the Panhandle-Plains Historical Museum.

T-Anchor Cowboys Give Program

Forming another collecting link between the West Texas State Teachers College and the high schools of the Texas Panhandle, the T-Anchor Cowboy Troupe gave a one and one-half hour program in the Samnorwood High School Auditorium, Thursday evening at 8 o'clock.

The members of the troupe reported an attendance above that of any previous program during the year. The proceeds from the entertainment went to the library fund for establishing an improved library for the school there.

Frank R. Phillips accompanied the boys on this trip and delivered a short talk concerning the history and traditions of the old T-Anchor ranch.

This organization is constantly increasing in popularity throughout this section of Texas and is booked for appearances at various schools from one to three weeks in advance most of the time. The boys composing the troupe are enabled to defray a large part of their school expenses in this novel and pleasing manner.

M. A. Armstrong and Ray Crowder, who are teaching at White Deer, were on the campus Saturday. They plan to present their band here February 9th in a chapel program. Mr. Armstrong is director of the band and Mr. Crowder is assistant.

Miss Ann Johnson has accepted a one-pupil school on a ranch near Benjamin, Texas.

Professor C. E. Strain left Thursday morning for Waco where he is to attend a Band Clinic.

Curriculum Representatives Held Meeting Here Saturday

Stunt Night To Be February 21st

Under the sponsorship of the Young Women's Christian Association, All-College Stunt Night will be observed Thursday evening, February 21, at 8:00 o'clock in the College Auditorium. The custom of setting aside one night every other year for an evening's performance of competitive stunts was started by the Y. W. C. A. several years ago, and has in the past proved a popular phase of collegiate activity for both students and faculty. Ten cents will be the admission price charged.

Winner to Receive Prizes

This year, as before, the Y. W. C. A. is offering a prize of \$5.00 (but not in gold, since we've gone off the gold standard) to the student organization presenting the most effective stunt of not more than fifteen minutes in length. Presidents and sponsors of the organizations have already received copies of the rules governing the contest, and it is understood that several groups have declared their intentions of making the competition keen.

Among the organizations making the most enthusiastic preparations are the Wheeler County Club, the Wranglers, and even the Prairie Staff.

Faculty Will Perform

One number on the evening's program will be the faculty stunt—a feature which has never failed to please. As has been the custom, heretofore, the stunt given by members of the faculty will not compete for the prize.

Judges for the evening will be representative citizens of Canyon and will be selected by the Y. W. C. A.

Students! Submit Material For TIPA Now

Committees have been appointed in the Writers' and Scribblers' Clubs and in the Press Club to receive material to be considered for entry into the literary contests conducted by the Texas Intercollegiate Press Club. Therefore all students of West Texas State Teachers College are urged to submit their compositions to the Writers' or Scribblers' Committees, if they be members of those organizations, or to Betty Dale West, James Compton, or Gerald Brown, who compose the Press Club committee. In case students desire to leave them in the Publications Office, the compositions may be placed in the basket on the Prairie Desk—provided the name and address of the author is attached to the composition.

It is extremely urgent that students begin to submit material for the deadline for doing so is approximately February 28.

Prizes Awarded

Fourteen contests are held annually in the T. I. P. A. The contests and prizes to be awarded are as follows:

Serious short story, five dollars.

Humorous short story, five dollars.

College annual, trophies in both senior and junior division, not exceeding twenty dollars in cost.

Formal essay, ten dollars.

H. A. Finch Will Head Organization Work of First District

Representative of the Panhandle Superintendents Association, the State Department of Education and the West Texas State Teachers College held a conference here Saturday which will result in more active work on the problem of curriculum study in Texas.

Superintendents R. B. Fisher, of Pampa, and Irby Carruth of Canyon, working with President J. A. Hill and Dr. Harris M. Cook, Curriculum Adviser for the First District of Texas, worked out a plan whereby H. A. Finch will spend his entire time in the twenty-two counties of the First Supervisory District, organizing teachers into groups to take part on the revision of the Texas course of study. It has long been known that many changes are needed, and that the public school teachers should discover and suggest them.

Mr. Finch is a well known school man of Northwest Texas, having had many years' experience as a class room teacher and as superintendent at Dalhart, in addition to extensive training.

This work is a new departure in the service rendered by this college and will bring the public schools, the State Department of Education and the College closer together.

First-Grade Edits Own Newspaper

Under the direction of Miss Ruth Lowes, supervisor of the first grade of the Training School, the pupils of that department have edited a miniature newspaper, "First Grade School." The three column paper is written in the language of the children, and all items were suggested by them. Printed in manuscript by Miss Lowes for the children, on regulation newspaper paper, the headlines, such as "Jean Visited Ellen," are suggestive of any newspaper.

"PEARLS" IS LATEST DRAMATIC PRODUCTION

The trials, tribulations, and joys of three children left orphans and with no income, and their struggles working and living under such drawbacks was the germ plot of "Pearls," a play by Dan Tuthero, which was presented by the dramatic Club January 24. Character parts in this entertaining, yet touching, drama were taken by Robert Black as Ted Louis, Lella Cooper as Peggy Louis, Velma Padgett as Polly Louis, and Coy Palmer as Mr. Brown.

The next production, "The Purple Dream," will be presented February 7th.

Senorita Luisa Espinel Who Will Appear Here On February 13 Brings Valuable Collection of Costumes

The concert of Luisa Espinel, foremost interpreter of Hispanic folk music in this country today, which will be at West Texas State Teachers College on February 13th is exciting great interest and enthusiasm. After Espinel's first tour of the United States, under the auspices of the famous Institute de las Espanas, she received the special honor of a guest appearance at the Pittsfield, Mass., Festival.

Artistry of Espinel

It is impossible to analyze the artistry of Senorita Espinel. A combination of song, dance and pantomime, every gesture carrying enchantment, every intonation inexpressible charm, hers is a grace of which poets have sung, a loveliness that walks through the gardens of Spain.

Costume Collection

An outstanding feature of Senorita Espinel's entertaining is her collection of costumes. When her Royal Highness, Eugenia Victoria, the last Queen of Spain appeared at folk festivals, her favorite attire was a Salamanacan wedding costume, wonderfully fashioned and consisting of ten pieces. The sister garment of that worn by her Majesty belongs to Luisa Espinel. The two costumes which are identical, even to the tiny bits of embroidery, belonged at one time to a lady of noble birth from Salamanca who presented one to her queen and the other to Senorita Espinel.

Also included in the prize collection of costumes of this artist is one from Valencia, presented to her by Clotilde de Sorolla, wife of the famous Spanish painter. Its exquisite skirt is an ancient Valencia brocade which has been in the Sorolla family since the 18th century and the jewels and combs worn are duplicates of the Sorolla family jewels.

Interpreting the folk songs and dances of Spain, Senorita Espinel will appear costumed in the little known peasant costumes worn by the native women of Asturias, Salamanca, Segovia, Valencia and Andalucia. The Spanish gypsy also will be represented.

The at once charming and dynamic personality of Espinel is attracting prominent people from all fields of artistic endeavor with her program portraying the gay, the comic, the dramatic in Spanish and Latin American peasant life.

Critical Opinion

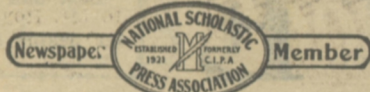

Of her, the noted Spanish journalist, Miguel de Zarraga, says: "Spanish artists who appear on foreign stages are prone to show themselves dominated by the inevitable taint of the exotic, and with that exotic taint which seems to be made to order for exportation. The classic costumes and adornments of the different Spanish provinces, so beautiful and characteristic, are rarely seen outside of Spain because the Spaniards themselves seem to be bent upon doing everything possible to prevent these things from being known to the world.

"She delights with the timbre of her voice and with an art of exquisite enchantment, arraying herself in the authentic provincial costumes without one concession to the conventionalism so lamentably adopted by almost all Spanish artists. The whole concert is a continual lesson in good taste and her success is undeniable.

"Espinel imitates no one nor is she a reflection of any artist. She is herself."

The program is being sponsored by the Spanish students of West Texas State Teachers College. Admission will be thirty five cents, and tickets may be secured soon. All indications are that there is a strong interest in Miss Espinel's entertainment here.

REGARDING THE ETERNAL TRIPOD:

Are we as representative college students safeguarding health and body, developing intellect and emotions, and the whole of personality which in the end leads to the development of balance of mind and body?

The "Ideal" college man was graduated in the Eighties and Nineties, according to Dean Herbert Hawkes of Columbia College. The students of that day were a picked group with a broader cultural background than those of today. Only a negligible percentage of the boys of college age comprised the highly selected group of boys who attended school then. Perhaps ten times as large a percent of our present population enters college as it did at that time, with the inevitable lowering of the average of cultural background of purely intellectual interests and knowledge subjects that comprised the course of study at that time.

The acquisition of knowledge which could be gained through reading text and listening to the professor's lecture seemed to be the whole aim of college education in the Nineties. The attitude of the colleges toward the students at present is to try to reach the whole personality—mind, body, and spirit.

Modern education is infinitely more suited to our present conditions than the former methods. In order to develop a clear, sound mind, and balanced and stable emotions, a sound body in good health is required. The differences in an individual may be cared for in connection with the modification of the common core of any education.

Again may we ask, "Are you graduating in the 'nineties' or are you in the class of '35'?"

FIFTEEN NEW MEMBERS IN LATIN CLUB

"Homo novus," have a worm on me, invited a cruel sophomore at the Latin Club initiation party Friday night, and a squirming spoonful of macaroni was forced down a blindfolded freshman's unwilling throat.

Many other tricks were played on the new members taken in. Ruth Richeson and Alton Paul even got married, in a real Roman ceremony, before becoming full-fledged members of "Inter Nos."

Following the initiation stunts, the old and new members enjoyed a Roman banquet, from "ova ad mala." The Latin room was made into a banquet room for the occasion.

During the day after the initiation, each pledge rose up sedately in some class and, after asking for the floor, spoke some bit of Latin as fervently as if he had been delivering an oration. The selections given included Mary Queen of

Scots' prayer before her execution; Little Jack Horner; Spartacus to the Gladiators; Latin abbreviations used in English; "Boyibus kissabus Giralbus Galorum"; Roman gods and goddesses; and other Latin and near Latin curiosities.

MORE PICTURES FOR "WHAT I SHOULD LIKE TO KNOW" CLUB

"Real Americans," a story of the Red Man in New Mexico, was the first of three pictures which Mr. Travis Shaw presented to the "What I Should Like to Know" Club Friday afternoon. Excerpts from the life of Carrie Jacobs Bond, composer of "The End of a Perfect Day," "I Love You Truly," and other favorites were shown in the next pictures. The last picture showed scenes of the various animals in a zoo.

JUNIORS STAGE TREASURE HUNT

The members of the Junior Class turned treasure hunters last Thursday night. But the bag of gold they expected to find proved to be a bag of candy suckers; and instead of being hidden at the foot of the rainbow, it was concealed at the bottom of the steps leading into the Education Building.

James Butler and Carmel Lee Guinn directed the search. The mysterious clues led the eager hunters to the athletic lodge, past the museum, up to the bronze statue on the square, into the Post

Office, through the Baptist Church, over to President Hill's and finally brought them back to the Education Building, where June Guinn and Sam Burton found the treasure.

After the chase, the hunters refreshed themselves in the gymnasium with punch, cookies, and candy. Miss Jennie C. Ritchie chaperoned the group.

DEMONSTRATION SCHOOL DANCING CLASS PRESENTED PROGRAM

Miss Mary Louise Mulkey presented her dancing class from the Demonstration School in a number of folk tap dances at the college chapel period last Saturday morning.

The first number on the program was "Rain" given by several members of the class. The next number was "Cornfield." "Swiss Mountaineers" followed.

Little Miss Florence Clark sang "After You've Gone," which proved to be the most popular number on the program.

"The Sidewalks of New York" was done by Sammie Kate Bones, Tennessee Whittenburg, Marcia Batchelder and Florence Clark.

"Lost in a Fog," which followed, was given by Bonnie Rhea Whittenburg, Lela Louder, Pearl Mayben and Ruth Campbell.

FRESHMEN ELECT OFFICERS

Thursday morning the freshman class elected the following officers for the spring semester: Billye Buckner, president; Alice Wallace, vice-president; Cleo Bourland, secretary and treasurer.

TUMBLEWEEDERS CELEBRATE

"A nose for news" was converted into a nose for shoes, a lock of the mayor's hair, "Western Story" magazines, sheet music, rick-racks, long underwear, proposals, stray cats, lettered sweaters, honest-to-goodness nightgowns, and whatnot, at the party given by the defeated "Cubs" for the "Scoops" of the Tumbleweed Staff Monday evening at the home of Mr. and Mrs. Marion Heald.

The entertainment of the occasion consisted of a treasure hunt that would have put Jason and his Golden Fleece to shame. The expedition lasted two hours and extended to the four corners of Canyon. The town was sifted for the articles assigned to the hunt list. If Mayor Burrow had not been out of town, he would probably have been bald-headed by now; as one number of the list demanded a lock of the mayor's hair. Fortunately Marion Heald saved the day by donating all the locks asked for from his head, being himself a former mayor (in Floyd-dad during boys' week).

Dr. Hill must have had writer's cramp by the time he got through donating his signature to the mysterious callers; but he was a good sport about it.

And Miss Ritchie would likely have had nightmares if she could have seen her best "nightie" poking shamelessly out of Lucius Penick's pocket. The three others which she donated to the cause were kept in more modest quarters most of the time.

The prize winners of the search were Bonnie Rhea Whittenburg and Glenn Persons.

After the hunters had checked in their booty and had a merry time comparing notes, refreshments of sandwiches, potato chips, punch, and mints were served to the following: Evangeline Baker, Meredith Warren, Anna Menke, Bomar Brown, Shirley Ann Oliver, A. G. Thornton, Cleo Bourland, Billy Norman, Bonnie Rhea Whittenburg, Glenn Persons, Ruth Campbell, Lucius Penick, Anita Cleland, Brynild Vaughan, Mary McCaslin, Helene Oliver, Jake Witherspoon, Mrs. Tommie Montfort, and Mr. and Mrs. Marion Heald.

TULIA HORNETS WIN 39-30 VICTORY OVER CALVES

A fighting bunch of W. T. Calves went down before the powerful Tulia Hornets of Coach Hatcher Brown Friday night, January 25, in the Education Building gym, to the tune of 39-30. After a nip and tuck battle during the early stages of the game, the Hornets led at the close of the first quarter 11-8. With the visiting quintet still in the lead, the score stood 15-20 at the half. Although they put up a gallant fight, the Calves were unable to stop the smooth-working Tulia machine, and after a few well placed shots near the end, the Tullians added another victim to

HOME ECONOMICS GIRLS ENTERTAIN

As a semester project, the first-year home economics class prepared and served a delightful buffet-luncheon to the girls of the second-year class Thursday, in the home economics dining room.

The menu consisted of meat loaf, ripe olives, baked potato in the half-shell, hot buttered rolls, iced tea, and baked apples topped by whipped cream.

Following the luncheon, Lorene Smith, Margaret Stuart, Marjorie Merchant, and Lois Blackwell told some interesting things in the lives of four famous women: Amelia Earhart, Georgia O'Keefe, Greta Garbo, and Ruth Bryan Owen.

RUFNEX EXPECT SWEATERS SOON

According to Carroll Killebrew, president of the Rufnex, sweaters ordered for the organization are expected to arrive in about ten days. The twenty-three sweat-shirts will bear the ace of clubs emblem on a red and white background.

From now on, the Rufnex will hold their meetings in the Campus Coffee Shop each Thursday night at 11 o'clock.

NOTICE W. A. A. NOTICE

There will be a regular monthly W. A. A. meeting tonight at 7:30 o'clock.

All girls in school are invited to come and join one or two of the clubs which are offered in the organization. There is a possibility of organizing a new skating club if there is sufficient demand for one. Other clubs a ready in the organization are Big Six, Golf, Tennis, Hiking, and Dancing. The treasurer will be there to receive dues which are 25 cents for the whole semester.

A feature of the evening's entertainment will be a volley ball game played by a selected group of girls and a boys' volleyball team. All girls are invited to attend and help plan the big social event for this nine weeks.

Poetry

Particularly appropriate and timely is this poem written by Miss Richardson of the English Department:

QUITTING TIME

Into the drawer my grades I swept
And out in the cold clean air I stepped.
Grades all in and the work all done
Sense of satisfaction won—

I turned my face to the future bright
The bran new term just out of sight.
And while at the brink of the plunge I stood
Surveyed the past and pronounced it good.

Shall we not at the end of life—
Finished all of our toil and strife—
Turn our face with the utmost bliss
To feel the heavenly breezes' kiss.
And whether our grades be good or ill
Face the new with a right good will.
If in all earth's tasks we have done our best
In Heaven's field we shall find our rest.

SENIORS SPONSOR "DAVID COPPERFIELD"

Thursday and Friday of this week "David Copperfield" comes to Canyon, recommended by the English Department and sponsored by the Senior class. Beginning today seniors will sell tickets in the hall.

This M-G-M production forecast by some to be the best-loved picture of 1935 is a narrative of mingled pathos and humor; the spirit throughout is kindly, sympathetic, and, above all, human.

In order to produce Dickens' immortal novel with fidelity M-G-M's reproduction staff spent two years of intensive research before a camera turned. George Cukor of "Little Women" fame, and Hugh Walpole have tirelessly devoted themselves to the task of creating a film story with all the true atmosphere, perfect characterizations, absorbing dramatic points and humorous highlights that have made it a classic.

Among the sixty-five principals in the cast, you will see: W. C. Fields as Mr. Micawber; Lionel Barrymore as Dan Peggotty; Madge Evans as Agnes; Maureen O'Sullivan as Dora; Edna May Oliver as Aunt Betsy; Lewis Stone as Mr. Wickfield; Frank Lawton as David, the Man; Freddie Bartholomew, as David, the Boy; Elizabeth Arlen as Mrs. Copperfield; Roland Young as Uriah Heep.

Delicious refreshments of punch and cake were served to Mesdames Carr, R. A. Cook, Davis, Douglas, Dutton, Hodges, Hood, Hastings, Munson, Reese, Sawyer and the sponsors. The next meeting date is March 1st at the home of Mrs. Calliham.

The campus was about as lively as a nice quiet graveyard during exams. It's so depressing to go over to the Buffalo and around and find all the booths empty—when everyone takes exams so seriously that they don't have time to loaf. I make a motion that something be done about it. Why, you didn't even see LELIA and STROUD anywhere. How can I peer around corners and find out what the ELAPHEIANS are DOING if I have to be memorizing big

The Beauty School

by Helena Rubinstein
International Beauty Authority

"Are the new women of Russia beautiful?" I was asked on my return from Moscow. My answer is—they are trying their best to be! Soviet Russia is just starting her first Five Year Plan of Beauty, and they are fifteen years behind the Western world. During the long years of revolutionary upheaval and reconstruction in Russia, it was impossible for the U. S. S. R. woman to compete in good looks with her Western sisters.

In a country where even a slice of white bread became a luxury, it is not surprising that there were no cold creams or stimulating lotions! Make-up was relegated to the past. But the Russian woman was not blind to her requirements as a woman. Feminine nature is the same in Moscow or Minneapolis, in St. Petersburg or in St. Louis. And Russian men are like other men, they admire beautiful women.

As soon as the demand for beauty

products grew insistent, the first systematized beauty industry was founded called "The Trust Tege." The leader is Mme. Genouchina, the wife of the Russian premier. Here is the gigantic task of directing the 10,000 employees who work in three daily shifts in the cause of beauty. Of course, the industry is far from perfect yet. In the first place, there is a great shortage of fats and oils necessary for cosmetic production. And the Tege must not only make the beauty products—it must put them in jars, and bottles, wrap and deliver them!

In spite of this, the demand is so great, that Russian women will pay the equivalent of eight American dollars for a box of powder! The importance of beauty care has been impressed on the 80,000,000 women of this pioneer country, and they are doing their utmost to be as lovely as the women of the West. I felt a little guilty, thinking of how many obstacles they overcome, while we—with every aid of modern science—neglect ourselves. I could wish that we would all go to Russia for a while, until we justify their ideal of us!

Love and Primary Education are the fields in which I have excelled. As an indication of my success in the foregoing is the slightly used quotation: "In the spring a young man's fancy lightly turns to of L. D." And it's not even spring yet, so I have beaten Cupid at his own game. Besides that I am cute, though a bit shy. I like to drive up and down Fourth Avenue and turn corners on two wheels. I also giggle.

Freshman Add New Scalps To Full Belt

Coach Bob Cox's freshman basketball team continued adding scalps to their victory belt this week with two victories. The first was a 41 to 18 win over the Amarillo Golden Sandies, and the second a 36 to 13 victory over the Wheeler High School team.

Defeating the Sandies by such an overwhelming score gave the Frosh some measure of satisfaction since they can remember the defeat on the gridiron handed them by the Sandies this year.

In the Sandie starting lineup were three members of that highly touted backfield, Harlow, Bufkin, and Slidger. Waggoner was the only missing name. Peterson, all-State end, was also a member of the team, and several other footballers saw service, but they did not prove as effective on the gym floor as on the gridiron, as the score indicates.

Taylor, Dennis, Walling, Savage, and Cox started for the Yearlings but every man on the squad participated in the fray before it was over.

Coach Bob Clark of Wheeler brought his team for the experience since he was putting on some magic work for the fans between halves of the Buff game (which proved very pleasing to the fans).

Coach Cox and Clark had been former team mates at Amarillo College, and some friendly rivalry was evidenced. Cox let his reserves gain some needed experience and the game proved beneficial for both teams.

BISON BULL

By Fizz n' Fuzz

We didn't think that it was necessary to make explanations to those who were not our friends, but we will let our friends in on a little secret. Those suits the Buffaloes have been playing in are not the best they have. They look just a little antique, and some comment was heard when the Buffs were in Lubbock to the effect that the depression must have hit West Texas unusually hard.

But all of the basketball suits on hand were shipped about two months before the season opened to Wilson-Western Sporting Goods Company in Chicago for thorough renovations. After all agreements had been made and the suits shipped to Chicago, the factory sent word that in spite of successful tests, the maroon and white could not be dyed together successfully.

Correspondence took up some time and in the meanwhile the Buffs were playing in some suits that were dug out of the attic. However, all suits have been received, and tonight the Buffs will take the floor against the Lobos in more modern attire.

Those people who have their ears close to the ground, floor or sun- pin around the Buffalo training quarters are conscious of a different atmosphere among the Bison Herd.

If the Buffs make a suitable showing the rest of the season there is a probability of their competing in the National Tournament which will be held in Denver this year.

This has given them an additional incentive for work, and together with a few changes of attitudes, settlements of differences, etc., the morale of the team is at a higher pitch than at any other time this season.

The Buffaloes of 1935 are a bunch of willing youngsters. John Walker is the only senior and three year man on the team. Six of the remaining squad members are juniors while six are mere sophomores.

Undoubtedly there is youth, well-

TRACK PRACTICE GETS UNDER WAY

It has been announced that all boys interested in track should report at the gym at 2:30 every afternoon. Track practice started last Wednesday for several of the boys. The coach said that the boys would take it easy for several days in order to work into shape gradually.

A nice track team is expected this year, and it is rumored that the squad will take a few trips and participate in several meets; so all boys interested report to the gym and receive equipment.

BUFFALOES TROUNCE SUL ROSS

(Continued from first page)
who has been ill, and the work of the reserves made the chances of the Buffs for the rest of the season look brighter. Willie Boedeker was ousted from the game in the early part of the second half because of too many personal fouls. Boedeker had had the flu the week before, and although he was weak, played some sensational basketball.

The second game proved to be a faster, closer, more exciting contest than the first one. The men of Coach Graves had a good record in the southern part of the state and came back determined to revenge their defeat of the first night.

With the final outcome of the game in doubt until the final minute, the contest was characterized by fans as one of the finest exhibitions of good, clean, clever basketball to be seen in Burton Gymnasium in several years.

Nooncaster, elongated center for the visitors, who played brilliantly, started the race with a field goal on the opening tip off. However, Clark, Buff guard, counteracted that with a long shot for two points.

Captain McMinn dropped in a gratis toss to put the Buffs in the lead, and although the Lobos were pressing all the time, they were

trained ability, gaining confidence, condition, and increasing willingness to co-operate. With the experience gained in the last five games, the Buffaloes are on the threshold of blossoming forth into a team to be reckoned with among the best.

Morale is an intangible something that can be the making of the breaking of a good basketball team.

Win or lose, they're a great bunch of boys—so stay with them.

never able to take the lead from the Buffs after that first few minutes.

For the rest of the game both teams displayed fast breaking offenses, tight defensive work, and accurate shooting, with the Buffaloes having a margin. At the half the score was 18 to 13.

In the closing minutes the Sul Ross team began to whittle the margin of the Buffaloes, and with just two minutes to play, the Bison Herd had a lead of only three points.

However Kimmins and Davis, two substitute guards for the Buffaloes, settled the issue by dropping in two field goals after some crisp shots missed had given the fans heart failure. The affair finally ended with the Buffs holding a seven point lead, 32 to 25.

All of the Buffaloes played good games with McMinn and Boedeker proving effective at breaking up the passing game of the visitors. Captain Edd McMinn continued his pace setting in the scoring column with twelve points, while Starnes, Lobo forward, was runner-up with eight points.

Butch Clark and Caraway tied for third place with three field goals and one free pitch each for seven points. Carl, Nooncaster, Morris, and Caraway, all played nice games for the Alpine boys.
