PASADENA FIVE TO INVADE W. T. SATURDAY NITE

Pacific Coast Champs
Come With Formidable
Record of Victories

AT BUFFALO GYM

Husky Aggregation Has
Amassed Average of 55
Points A Game

Coach Burton's Giant Buffalo quintet will take on another major assignment this week, playing the Pasadena Majors Saturday night, Feb. 25.

The Majors boast of having the strongest basketball team on the Pacific coast.

This aggregation has amassed the amazing average of 55 points a game against its opponents and has gained the reputation of being one of the highest scoring teams in the country. In 27 games they have won 25 and have amassed the staggering total of 1500 points, having broken all records in rolling up points against their league opposition.

The Pasadena Majors recently defeated the Wichita Henry's 41-35, and the Buffs split a two-game series with the Henry's. It is expected that the Giant Buff machine will have one of its toughest assignments when it lines up against the Majors.

Frank Lubin, who stands 6 feet 5 inches tall, and weighs 215 pounds will take his stand against Giant Joe at the pivot position. Lubin has played four years for U. C. L. A. and was captain one year. He is a native of Los Angeles and is playing his second year with the Majors. Crawford, stands 6 feet 5 1/2 inches, weighs 180 pounds, and is the tallest man on the Major squad. He has had four years of basketball at Carlton College. He plays both center and forward and is the leading scorer on the squad. Mike Reynolds, a former Stanford University hoop ace is no child in stature, being 6 feet, 2 inches tall and weighing 190 pounds. He will probably start at one of the guard positions. Howard Merrill, 6 feet tall, weighs 175 pounds will start at the other guard position. Merrill has had four years of competition at Oregon State College.

Fans will have a chance to witness a game of basketball between two of the highest scoring basketball clubs in America when the Buffs line up against the Majors Saturday night.

Game called at 8 p. m. Admission 50 cents; reserved seats 55 cents.

The dining room of Cousins Hall will be turned over to games of bridge, "forty-two," and jig-saw puzzles. A prize will be given to the winning couple in a progressive bridge tournament.

The festivities will begin promptly at 8:00 o'clock and will last until 11:00 o'clock. Admission will be 50c for each couple for dancing and 10c for games.

PREXYS AGREE TO 25% SLASH

Dr. J. A. Hill Returned
Friday From Regents
Meet at San Marcos.

President J. A. Hill returned Friday from Austin where he attended a three-day meeting of state teachers college regents and presidents. Meeting first in San Marcos, the last two days were spent in Austin, where a resolution agreeing to a 25 percent reduction in teachers college appropriations for the next two years was filed with the legislature.

Recognizing the need of strict economy in the administration of all state tax-supported institutions, the resolution declared that "in this period of necessary adjustment every person drawing a salary from the State of Texas in any capacity should expect a cut in salary; . . . yet we know that the institutions we represent have been economically administered, and that the property of Texas at the teachers colleges should be properly cared for."

Regarding the proposed abolishment or reduction in rank of W. T. and other colleges, the resolution further reads: "The changes, if any, in the educational system of Texas, could best be determined at a more propitious time with full opportunity for thorough and calm discussion of the interests involved."

An economy budget for the next two years "in accord with the amounts allowed teachers colleges for the last two years" was also submitted to the legislature.

According to The Dallas News, Senator Woodruff, first sponsor of the economy movement, was quoted as believing that a more satisfactory solution of state educational problems can be effected by postponement of legislative action until some later date, "possibly two years from now."

In any event it is difficult to predict the effect of Legislative procedure upon W. T. before adjournment of the present session of that body.

W. T. Professor Listed In Who's Who—Literature

A recent issue of "Who's Who Among North American Authors," published by Alberta Lawrence, contains the name of C. H. Thurman, member of the W. T. English Department.

Mr. Thurman is listed as the author of Sea Pictures, (poems), 1921; The Annals of Elder Horn, 1930; and as a contributor to The Texas Outlook. The general character of his writing is given as poetry, educational articles, editorial, and special features.

Senior Class To Initiate Program Dedication Plans

Plans were initiated by the senior class last Tuesday morning for participation in the dedicatory exercises of "Pioneer Hall" on April 14. The senior class will have complete charge of a morning program to be presented in the auditorium of the Administration building on the day of the dedication.

According to the preliminary discussion the program will probably take the form of a pageant representing a series of scenes portraying the contributions made by the Panhandle pioneers of West Texas as civilization.

In the production of such a pageant the cooperation of various outside organizations will be obtained. Mr. L. F. Sheffy of the history department and Professor C. W. Batchelder of the public speaking department have acknowledged their willingness to help.

Cinema Shown In Auditorium This Evening at Seven

As the second of a series of moving pictures being shown this quarter, the International Relations Club will present a film picture in the auditorium of the Education building tonight at 7:00 o'clock.

In accordance with the Club's outlined course of study, the film will pertain to the life and customs of a foreign country. It is possible that a cinema study of the life of Abraham Lincoln will accompany the films on their arrival here for a late showing in honor of the Great Emancipator's birthday, February 12.

A picture on Austria was shown by the I. R. C. two weeks ago. An admission charge of five cents is made to cover transportation charges on the films.

Dorothy Harris, Edna Baer, Alvin Swafford, Ernestine Walker, Aline McCall, Mrs. Geraldine Green and Miss M. Moss Richardson judged speech contests in Amarillo Friday afternoon. Saturday morning a team composed of Charles Donnell, Arlin Hartzog, Robert Lee Williams, Dorothy Harris, Esther Root and Professor S. H. Condon went up to judge a group of debates.

Professor Wallace R. Clark was guest speaker before the Plainview City Federation of Women's Clubs Friday afternoon.

COLLEGE DANCE!

The Student Dance Committee announces the last college dance of the Winter Term to be Saturday night at 9:30 in Buffalo Gymnasium immediately following the basketball game with the Pasadena Majors. All students and visitors are invited to attend. A charge of 50 cents will be made each couple.

Miss Hardin was chosen the most beautiful girl on the Campus by Earl Carroll, New York stage producer, early last month when photographs of the six leading contestants in the W. T. yearbook, Le Mirage, popular vote contest were submitted to him. The other beauties will be presented before a large West Texas audience as "Ladies in Waiting" to Her Majesty, the Queen.

Following is the order of their appearance and their escorts:

INTEREST NOW BEING SHOWN IN CONTESTS

CONTRIBUTIONS SHOULD BE
SUBMITTED AS EARLY AS
IS POSSIBLE.

Interest in the Literary contests now being sponsored by the Type High publications club is being manifested by many W. T. students. Contributions are accumulating and will be turned over to Judges March 1, closing date of the contest.

At a called meeting of the Club last Wednesday, the thirteen divisions in contest material were divided into three groups and placed under the supervision of individuals. Group No. 1, including short stories and the one-act play, was put in charge of Gene Elio. Group No. 2, newspaper contributions of editorials, sports stories, news stories, and features, are under the direction of C. B. Shepherd. Miss Emil Brewer will oversee the essay and poetry division, group No. 3.

Students wishing to enter any of these contests are urged to see one of the above representatives or Miss Farris Sears, president of the Type High.

Winning contributions will be sent to the state convention of the Texas Interscholastic Press Association which meets at Kingsville April 13, 14, and 15. Winners there will receive small prizes in gold in addition to statewide recognition of literary accomplishment.

Representatives to the State Convention from W. T. were not selected due to uncertainty as to the funds which will be available for the trip. They will be announced later.

BEAUTY QUEEN

Miss Mary Helen Hardin who will be crowned "Queen of the College" in an elaborate formal ceremony in the Administration Building Auditorium next Monday night.

Interscholastic League to Meet Here In March

Sixteen schools in the Panhandle have notified Mr. W. E. Lockhart, director-general of District One of the Texas Interscholastic League, of their intention of entering the One-Act Play Contest to be conducted on the W. T. Campus, March 24 and 25.

Those schools that have entered the contest are as follows: Amarillo, Claude, Canyon, Dimmitt, Dumas, Farwell, Tulia, Friona, Happy, Pampa, Panhandle, Perryton, Quitaque, Sanford, White Deer and Sunnyside. The last named school is a rural school in Castro County.

Other schools can enter the contest up to March 1.

The Eiffel Tower in Paris, is 1,000 feet in height.

BUFFALOES WIN!

Captain Joe Fortenberry with his excellent offensive playing and the expert defensive work of his teammates toppled the Southern Kansas Stage Liners here last night, 30 to 23. It was the first win for the Buffaloes over the Kansas outfit in four games.

Holding the lead from the start, the outcome of the game was never in doubt, although the visitors showed flashes that at times threatened to overcome the Buffs' slender margin. Don Morris, Stage Liner, made the best showing of the evening. His offensive work was sensational.

Renfro, S. K. S. L. forward, was high-point man with 10. Fortenberry, W. T. ace, followed with 9.

REGENTS ALLOW PLANS BE MADE 12 WEEKS TERM

Pres. Hill Returns From
Meeting of Board at
San Marcos

FACULTY MEETING

Announcement Greeted by
Throng Eager Students
Over Southwest

"There will be a summer school."

This important statement was made at a called meeting of W. T.'s faculty last Friday afternoon by President J. A. Hill.

Dr. Hill had just returned from San Marcos and Austin where he attended a meeting of the State Board of Teachers College Regents. The Regents instructed him, he said, to make preparations for the usual summer session. The opening date has already been announced in the regular catalogue as June 5.

Work Up to Standard

Members of the regular faculty will carry on the work of the summer session, which will have as many special features as can be arranged.

Class work of the highest possible order, student excursions, and inexpensive and wholesome recreation schemes are among the things planned for the great number of teachers who expect to be here this summer.

Letters already received in great numbers show that many teachers have been keenly anxious to know if their plans to attend W. T. next summer could be carried out. Hundreds of teachers will be relieved to know that they can get their summer work without travelling long distances.

Cool Climate Draws Studies

Among the comments concerning the summer school made by members of the faculty Friday was that of Professor T. M. Moore who said, "If teachers in warmer sections of the State could know the climatic advantages of Canyon our summer school would be the largest in the state."

Dr. R. P. Jarrett, chairman of the publications committee and his co-workers are preparing the summer bulletin, which had been delayed pending instructions from the Regents.

HIGH SCHOOL SENIOR PLAY FEBRUARY 24

EULALIA BURRUS DIRECTING
COMEDY, "ELOPEMENT OF
ELLEN," FRIDAY EVE.

Under the supervision and direction of Miss Eulalia Burrus, the W. T. High School Senior-play will be presented in the auditorium of the Education Building Friday evening at 8 o'clock, February 24.

Miss Burrus is a speech major in the college Department of Public Speaking.

The play, "The Elopement of Ellen," by Marie J. Warren, is a farce comedy in three acts. It is rollicking with humor and has elements of mystery in the identity of "Ellen," the unknown, who elopes not once—but twice. The cast will be composed of seniors.

Richard Ford, a devoted young husband, will be played by Bill Moore. Louise Shirley will play the part of his wife, Molly Ford. The important role of Robert Shepherd, Molly's brother, will be filled by Dan Aynesworth, president of the Senior Class. Audell Kimmens in the role of Max Ten Eyck, will be his chum. June Haverhill, a Wellesley student doing special investigation work for economics, will be acted by Linnette Cain. J. C. Baker as John Hume, Rector of St. Agnes', will complete the cast.

The general public is invited to attend. Admission will be 25c.

Vivian Coffman, '25, underwent a serious operation at Albuquerque on February 2. A letter from her sister tells that she is recovering as rapidly as her physicians could expect. Friends who wish to write her can reach her at 320 Vassar St., Albuquerque.

Parade of Le Mirage beauties and male escorts in beautiful ceremonies next Monday night. Come.

Museum Wings To House Treasures

Reading Tables Placed
For Convenience In
Research Work

Numerous inquiries have been made by interested persons recently concerning the two wings that extend from both ends of "Pioneer Hall," the museum building of the Panhandle-Plains Historical Society.

The west wing is to contain the library division of the museum. The room will be furnished with cases and cabinets which will protect valuable source material and documents now in the possession of the Panhandle-Plains Historical Society.

Floor space in the library wing is practically doubled by a spacious balcony which extends around the entire room. Reading tables will be placed here for the accommodation of students who desire to use the materials of the society.

The east wing of the building is known as the Mary E. Hudspeth Room and will contain the society's collection of pictures and paintings that deal with western life.

Both the end rooms, although devoid of window space, will receive illumination through large skylights. This method of lighting will give a more uniform and evenly distributed type of light than could be provided by wall windows.

Preparation is being made to begin moving documentary materials into the library room at an early date.

English Majors Learn Grammar In Extra Class

Dr. Fronabarger is conducting an extra English grammar class for English majors and others interested in the correct use of English. English majors do the reciting and work up the assignments. Observers may ask questions about any procedure or difficulty.

The class meets at 3:30 on Wednesday afternoons in room 116. The text is called "A Brief Review of Grammar," and is commonly known as the eight weeks review for seniors in high school.

Dr. Fronabarger is especially interested in all English majors attending this class.

Among the coaches of teams at the Invitation Speech tournament at Amarillo Friday and Saturday was Montie Draper, who teaches English and Public Speaking in the Childress high school.

Do the students of W. T. S. T. C. want the officials of the two student publications, The Prairie and Le Mirage, to be chosen by popular vote of the students? Or do they wish them to be the appointees of a faculty committee? Or is it a matter for student interest and reflection?

These are questions which are to puzzle the Student Council during the next few weeks. The perplexities of the problem will be much easier dealt with if they know the wishes of the students themselves.

In attempting to mold, or clarify, rather, student opinion, a brief review of precedent will reveal two methods of appointment by which the Prairie editor, Le Mirage editor, and Le Mirage business manager have secured their posts.

The first method employed and of long standing was that by which these dignitaries were appointed by administrative officers. Their appointment came as the result of recommendations from their predecessors and the personal observation of the President concerning their merits.

A second method, first introduced last year, allowed for the election of the three by popular vote of the student body. They were required to have fulfilled certain qualifications which were thought prerequisite to efficient handling of the duties involved. The Student Council was entrusted with the responsibility of supervising the election last spring. It was an experiment and was not thought of as being a permanent fixture.

Thus the experiment of publications heads, elected by popular vote, has been on trial this year, the only visible result of which, at this time, is the necessity for a decision on the course to be adopted in making selections for the scholastic year, 1933-34.

There are several matter-of-fact arguments to be advanced in favor of either method. But it should first be understood that the student newspaper in this college is not self-sustaining and is therefore not a "student newspaper" in the sense that it is in large universities.

Around the core, meaning the source of funds which support its publication, it will be found that the Prairie IS, and justly, the voice of W. T. S. T. C. as a single unit and not the toy of students to express fancied or real injustices or personal animosities towards any group, organized or disorganized, as is an opinion frequently opined in isolated circles. College money paves the way for publication of both the Prairie and Le Mirage since neither is self-supporting or alien to a common cause.

With this understanding, it cannot be considered exactly fair to urge that the student body have the right to appoint or elect whomever they wish to the posts of editorship. Neither is it quite just for the Administration to make the appointments without giving the student body a chance to express its preference. With a view to justice and continued harmony between the two, we suggest the following conclusions for the consideration of students and Administrative officers:

The President determines the qualifications which he considers pre-eminent in securing the results he seeks from the two College publications. The Student Council, representatives of the student body, determines likewise the qualifications which will best promote the interests of students and student activities.

Out of these two sets of qualifications may be chosen permanent ones by which candidates can be decided eligible for election. Through peaceful and continued harmonious relationships, candidates might be declared to have met all requisites and the offices filled by popular vote.

Such a policy of election would have a two-fold advantage. Charges of dictatorial procedure on the part of the Administration would have no basis. It would assure the Administration from its authoritative position of greater wisdom that proper guidance was being given to projects being conducted by students. A measure of protection against extreme radicalism, vandalism, and base usage would be obtained by this mild but effective hold retained by Administrative authority.

Whether this suggestion meets your approval or not, it is important that you give sober reflection to a problem that is rightfully yours. If you have convictions which require expression, express them to your representative in the Student Council.

GUS'S GOSSIP GAGS

We stamp our O. K. on KATHERINE ROBERTS, SYBIL PAYNE and FELTON KING. . . . We notice that "PERCY" KNOWLES is doing some "practice teaching" over in the training school. MATIE PEARL WHITTENBURG is, no doubt, quite an adept pupil.

The EDITOR'S STAFF got us fairly well stated last week. Well, GUS had it coming . . . and probably a number of people wish that it had been stronger than it was. . . . As far as we could tell "SHORTY" MILL had about all he could handle over at the Randall Hall party.

Saw ALBERT LARD trying to be a gentleman and help MILDRED CALDWELL over the fence, but she would have none of his gallantry. . . . Somebody gave us a good story on ISABEL PRICE, but darn if we haven't forgotten it.

ALVIN MORGAN could give a lot of girls lessons on how to follow one's partner while dancing. . . . If you want to get pelted call JOE FORTENBERRY, "NEBRASKA." And if you want to get a "shore nuff" larrupin' call BILL MCLENDON, "DUTCH." We are told that "ELIM" COMER didn't mind

letting his bees buzz down at Hap-py.

PAULINE McCANTS informs us that she probably knows the Lord's Prayer a little better than we think she does. . . . Can it be that GENEVIEVE McCRAE prefers sitting among society's elite while attending performances such as "Of Thee I Sing?"

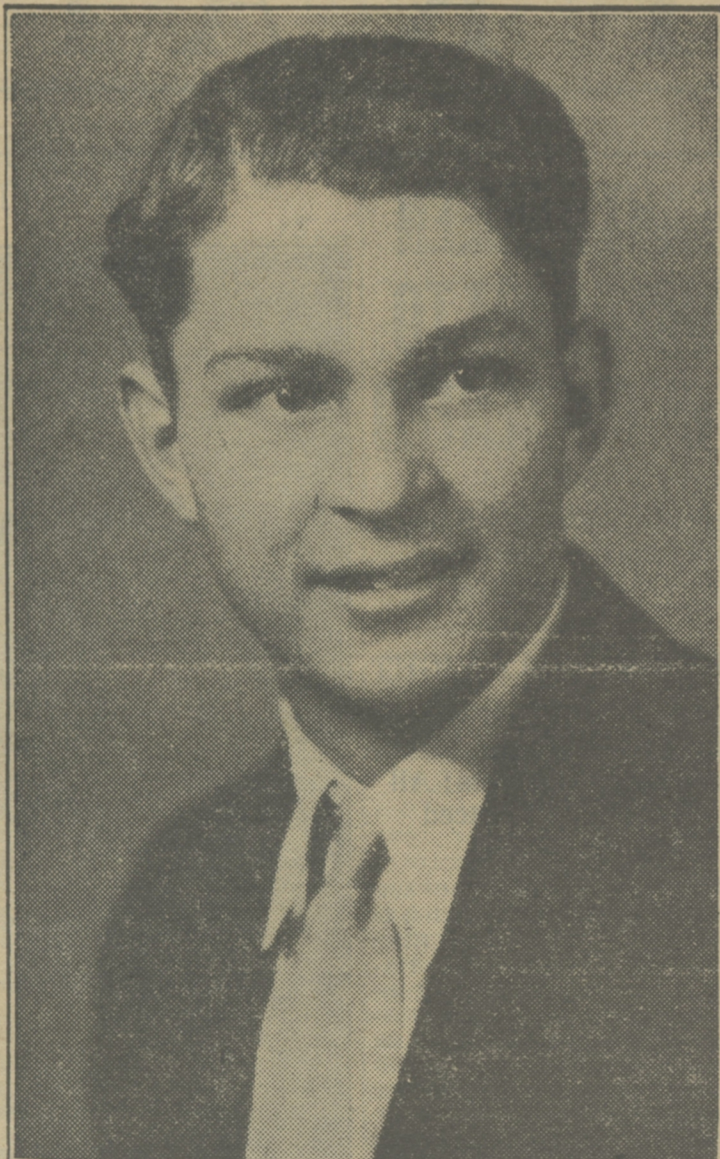

Here's to BOB CLARK, proprietor of Bob's Cafe, one of W. T.'s very loyal backers. . . . EDD McMINN seemed to be instrumental in the Fish's win over Amarillo.

And then there is BILL HAWKINS, an old home town boy, whom we should have mentioned long ago. . . . Could it be true that GLENN BOBBITT and PAUL BARNETT are establishing interests in Amarillo. . . . All right P. M. and F. S. I'll just forget that little incident this time!

Mrs. J. A. Hill and Mrs. C. W. Warwick attended a meeting of the Deaf Smith County Federation of Women's Clubs at Hereford Thursday.

Formal coronation of Beauty Queen, Feb. 27.

TALENTED VOCALIST

Verlon Twaddell will sing several numbers as part of the coronation program next Monday Night. He has studied voice in Chicago conservatories.

Beauty Queen

(Continued from first page)
Majesty's manner of entertaining a host of W. T. subjects.

Reception on Third Floor
Immediately following the Coronation, a reception will be held in the Home Economics receiving rooms on the third floor. The Queen and her Court will form the receiving line. It is expected that dancing will be in vogue in the Girls' Gym while awaiting attendance at the reception.

In sponsoring the occasion, the Pi Omegas, girls' student group, are attempting one of the first strictly formal affairs to be held on the W. T. Campus. It is hoped that the Coronation will be made an annual event which will fill a long felt vacancy in the versatility of student activities.

Those in Charge
Miss Dorothy Cash has charge of the Coronation; Miss Geneva Griffin heads the committee planning the reception; and Miss Virginia Jarrett is in charge of the flower arrangements. Miss Farris Sears, assisted by Prof. C. W. Batchelder, is in charge of the stage decorations and construction of the throne.

Contrary to persistent rumors, there is to be no admission charge. Students and their guests are urged to attend.

"OF THEE I SING, BABY"

A large number of W. T. students and faculty members were in Amarillo last Monday night for a presentation of the greatest musical comedy in recent years, "Of Thee I Sing." Play by George Kaufman and Morrie Ryskind and music by George and Ira Gershwin, the acting and voices of Oscar Shaw, Donald Meek and Harriet Lake made it one of the best assortments to appear in the hinterland this decade in imitation of a Broadway success.

Gershwin time and Kaufman humor, in satirizing the political bunco which accompanies American democracy, gives the play a certain spicy flavor seldom found in the average musical comedy. Donald Meek as Alexander Throtlebottom—or was it "Bottlebottom?"—wins a place in the hearts of his audience while making his phenomenal rise from hermit to vice-president.

It was a first rate presentation. The scenery was classy, elaborate, and showed a familiarity with New York showdom. The Revue, candidates for "Mrs. President," did justice to the Gershwin melodies while a covey of handsome gigolos must have caused many feminine hearts to pound anew.

This reviewer was poorer, but happier, for going.

High School play, "Elopement of Ellen," Feb. 24.

A GIRL IS SPEAKING

In the blindness of my youth, the one value I can now see in old age, is the right to tell the younger generation what fools they are. Personally, I wonder if that is worth the price of a decaying body, a slower pace in mental activity, false teeth, and a faltering step. On second thought, I see no value there. In old age, I look forward to the calmness and serenity of freedom from conflict. The younger generation will get no advice from my lips!

How did you like "Of Thee I Sing"? The refrain, "She's the illegitimate daughter of an illegitimate son of an illegitimate nephew of Napoleon" has been haunting me ever since I heard it. And Throtlebottom was masterfully done with a simple stroke of characterization.

The Coronation! Hoo-ray! For one time W. T. is to be host to a formal occasion. However, as I understand it, tuxedos are to replace the full dress suit, which we all know should never be worn after six p. m. in the presence of ladies. Now is that a pose for the Queen and her Court! Well, I'll soften that by confessing that custom is a fickle wench—the tux may be worn.

Attention of the Prairie editor was called to an embarrassing situation in which two star basketballers were involved in something besides basketball with Coach Burton conducting a course in observation. Shamie! Shamie! Joe, and you, too, Frank. My next literary effort will be a book of instruction on "Where and When Courting is in Order."

Cousins-Sesame Present Chapel Play Saturday

On Saturday, February 25, the chapel exercises will be in charge of the Cousins-Sesame Literary Society. They will present a one-act comedy entitled "Say it With Taffy."

The theme of the play is a charming spinster, long separated from her former fiancé by a trivial lover's quarrel, renews the acquaintance through the engagement of her niece to his nephew. His wooing is renewed under difficulties created by another admirer, a comical French caterer, and is brought to a successful climax after one of the funniest proposals on record.

The cast is as follows: Miss Andrews, the spinster, Ethel Rowland; Marjorie, her niece, Hilda Miller; Folette, the French caterer, Alvord Swafford; Dr. Wynne, the fiancé, Hadley Reeves; Norman, his nephew, Malcolm Martin.

Rev. and Mrs. C. E. Jameson met their daughters, Ellen and Elizabeth, here Saturday at noon and lunched at the home of Rev. and Mrs. J. H. Braswell.

MUMBLES

BY THE MUMBLER

SO MANY things have happened and are happening nowadays that the Mumbler is forced to wriggle his finger "Come hither" at all his abundant supply of resourcefulness. That's so he can keep up with it all. Basketball, banquets, contests, dances, legislatures, summer school, museum, and tish, tish, the Coronation! That's where the Mumbler will stand out like the ugly Duckling!

AFTER all the "Beauties" and their handsome men have promenade right into their niche on the stage, who do you suppose is going to appear next? I'll tell you: that little red-headed Hardin girl and THE MUMBLER! He will be disguised as John Gilbert—and it's none of your business whether it's rented or borrowed, so there.

WHILE the orchestra plays an old familiar tune, not a dirge, either, the Mumbler will stroll indifferently to the place marked X on the stage, and there he will bow low like a Cavalier. Rising, he will make osculatory gestures at the Queen's finger tips. And what sport that is! Then he will offer her his right arm and escort her to the throne steps where Dr. Hill, or somebody, will crown her in deep silence amidst beaucoup formality.

THE PROGRAM which will follow, it's only fair to mention, with the Galle dancing duet and Verlon Twaddell, is free gratis, i. e., these artists are contributing their talents in return for which they get nothing. Now don't say, so do lots of school teachers. They're not school teachers. They're artists. But even if they were, or weren't, no I mean even if they aren't, no, are or were school teachers, we'd still think it very kind of them. Like school teachers, artists are burnt offerings at the public altar.

The W. T. Calves left their rabbit's foot at home, and lost the first game with Pleasant Hill at the invitation tournament at Farwell, Friday and Saturday. Coach Carl York and seven boys made the trip. The players who went were, Don Savage, Dan Aynesworth, Audell Kimmins, Rufus Johnson, Bill Moore, Roy Stockett, and Bomar Brown.

Trained Dog Gives Exhibition to Children of the Schools

All juvenile Canyon and a good share of the grownups attended a dog show during the past two days. Rin Lo, a Russian Shepherd, born in Russia, but brought to America when he was a puppy of six months, was exhibited by his master, Mr. Browning.

Rin Lo, according to Browning, has never been abused, has never been whipped and knows no sense of fear. He has been taught words, and according to his trainer, understands 1800 of them. He nods to the gentlemen, bows to the ladies, says his prayers, poses like Greta Garbo, plays with a ball, limps first on a front foot and then upon a rear, and does many other difficult feats.

He refuses food from anyone but his master, and when he is not being told what to do he pays no attention to others than "the one man" to whom he gives his entire confidence.

Several hundred school children of Canyon who saw Rin Lo were surprised to learn that patience and petting were the only instruments used in training so valuable a dog. Rin Lo has appeared in several movies, and according to Mr. Browning, will be seen on the screen in this city in the near future.

W. T. Archery Club May Give Lessons In Accuracy to Dan Cupid; Hit Bull's Eye

Neither Dan Cupid nor the red man is a better marksman with the bow and arrow than are the co-eds of the West Texas State Teachers College since the organization of an Archery Club at the beginning of the winter term. Miss Vea Rose of Booker is president of the club, while class instruction is given in archery by Miss Ruth Cross of the college physical education department.

Members of the club are at present practicing shooting at a 36 inch target from a distance of 20 yards, using a 5½-foot Old English type bow with arrows of their own make. Occasionally practice work is done with the 5-foot Indian bow. Pulls range from 22 to 30 pound with 27 pounds as an average. Arrows are made according to the arm length of the individual.

Club scores are based upon ends of 6 arrows each, shooting with finger tabs but without arm guards and using the well-known Rounsvelle form. Class room work is based upon archery scores together with true-false examinations covering the ability of the student to string and unstring bow, quality of arrows made, ability to tie timber hitch and to keep bow in condition.

While straight target shooting is the only type of archery being practiced during cold weather, both flight and clout shooting will be added to the calendar in the spring term. Clout shooting will be done at a distance of 360 feet on a flat target some 48 feet in diameter. In out-door target shooting both the distance from the distance from the target and the size of the target will be increased. Archery, with other forms of play instruction, is part of the health recreation program of the college.

Miss Agnes Charlton entertained "El Circulo de Espanol," W. T.'s Spanish club, at her home on the evening of February 13.

The theme of the program was "The Indians of Mexico." This subject was developed by talks in Spanish given by Mary Alice Weaver and Orlena Bandy. Some very interesting supplementary remarks were made by Miss Mary E. Hudspeth on the subject. Piano music was furnished for the group by Dorothy Clark.

Some routine business was attended to by the club in the form of election of officers to vacancies in the organization. A program committee under the chairmanship of Ruth Hanna was appointed to make preparations for a chapel program to be given soon.

The hostess served the group a delicious plate lunch of chicken salad in lettuce cups, with wafers, cake and coffee.

Well, that's something about cigarettes I never knew before

the cigarette that's Milder
the cigarette that Tastes Better

I'd never thought much about what's inside a Chesterfield cigarette. But I have just been reading something that made me think about it.

Just think of this, some of the tobacco in Chesterfield—the Turkish—comes from 4000 miles away! And before it is shipped every single leaf is packed by hand. All because Turkish tobacco is so small and delicate.

Of course I don't know much about making cigarettes, but I do know this—that Chesterfields are milder and have a very pleasing aroma and taste. They satisfy—and that's what counts with me!

Assistant EditorBuffaloes Take
Two More Games

In a much better basketball game than the score indicates, the lanky giants of West Texas State Teachers College used their height to beat the flashy Savages of Southeastern Teachers, Durant, Okla., 33 to 31, last Tuesday night.

Some indication of the sort of struggle it was is seen in the 11 to 6 count at the half. During this initial period both teams missed lots of shots. The time was spent in going up and down the court as first one side and then the other retrieved the ball from the opponent's backboard.

The Buffaloes spurred in the second period immediately after the visitors took the lead, 14 to 13, in the first five minutes. In the next two minutes, the Buffaloes jumped into a beautiful exhibition of goal-getting to lead, 23 to 16. From here the towering teachers forged steadily ahead and when the count was 42 to 22, the Buffalo coach, Sad Sam Burton, started trotting in a flock of subs.

Comer was high point man of the game with 16, while Fortenberry followed with 12, and Colvin with 10. Stephenson was high for the Savages with nine and Lewis with seven points followed him.

The speed of the visitors at times dented the Buff defense, but when the tall lads once got underway, speed nor anything else could do any good.

BISON BULL

by
HOKUM HUNTER
and
HEZZA SKINNER

My! what a successful season the Buffs have had so far. Taking everything into consideration they have topped the list with the number of games won and lost. We notice that the Texans down in the eastern part of the state have batted a thousand percent so far and we would like to see the Timber Toppers turn their dampers down. These big universities always have a sort of superiority complex towards the smaller institutions, but we'll bet our six cents that the Buffs would take that complex out of their system and hang it on the Buffalo stadium along with a lot of other foolish notions that have come to the Herd's lot.

This intramural basketball has created a lot of interest in W. T. this year and we sincerely believe that there will be more and more interest taken in that type of athletics. People are beginning to be fed up on high pressure athletics all over the country. Not that there has ever been any of that type in W. T., but it is a general reaction that is gaining popularity everywhere. It all goes back to that inherent desire to compete in physical contests with the other fellow simply for the desire of winning. We see that many of the older and more powerful universities are encouraging intramurals and they are gaining much publicity.

Next Saturday night we understand that the Timber Toppers will joust with the Johnson Floor Moppers, playing under the auspices of the Pasadena A. C. These "Native Sons" are on their way to the big time at Kansas City and will stop over here for a one night

The towering Buffaloes swept through the series with the Southeastern Oklahoma Teachers of Durant by winning the final game, 37 to 32 last Wednesday night.

Although the Buffs claimed the second victory, they found the going much tougher than it was in the opening game. The Savages took an early lead, tied the score after the Buffaloes had gone out in front during the first half and twice tied the count in the second period.

At the middle of the final period, however, the Buffs started a determined drive that sent them into a 10-point lead. Gradually the invaders cut this lead until they were only five points behind when the game ended.

Southeastern opened the scoring but the Buffs soon claimed a three-point margin. The score was tied at 7-7 eight minutes before the half ended.

Again the Buffs pushed ahead and held a one-point margin at the half-time, 17 to 16.

stand with "Sunny Sam's" diminutive crew. This quintet beat the Simmons Cowhands some sixty-odd to thirty-two, if we are not too badly mixed up in our figures. Ought to be a good work out for the Herd.

All this is being written on the eve of the biggest game of the season in our estimation, we are going to make a prediction and you all can see how far we miss our guess. Since the Stage Robbers have hi-jacked the Buffaloes three times in a row we are betting that the Buffaloes throw it in high tonight and whip the collective ears off the Drivers—we say by a score of 38 to 26. Now you guess and laugh at me when you read this.

SAYS BOBBITT:

We mention the fact that two games played last week reminded us of the Buffalo-Henry games. The closeness of the game between Farm B and Cousins II gave the fans (if any) an hour of thrills. The Pee Wee Antlers downed the high strung crew of Joe "Nebraska" Fortenberry. This Poole House is nothing to sneer at with such men as Frank Winsett on it. If we were picking a rowing crew or a checker team for a basketball squad—then Winsett would make the first string.

As the season draws to a close old Hawk-Shaw is still looking for players to place on his all-intramural team. This past week several of the prodigal sons have displayed their talent in an effort to secure a berth on the miracle five.

We devote this paragraph to the lanky center of the Childress County team. Rumors pass that he has gone crazy on several occasions shooting baskets, especially against the Antlers. We compliment Taylor on his accuracy and hustling spirit.

The tournament, which starts sometime soon, brings to the dear old students of W. T. a brand of basketball more amusing than any show, more thrilling than the national tournament—all free—think of it—getting nothing for nothing. Be there folks!

Mrs. Royal Cantrell, known as June Kollar, when attending W. T., has been ill in Amarillo for several weeks. She is a teacher in the Public Schools of Tulsa and is expected to resume her duties there upon recovery.

PAMPA WINNER
DISTRICT ONEQuitague Is Runner-up
In Second Straight
Year's Meet

Playing through two days of fast basketball, the Pampa Harvesters captured the District One Interscholastic League basketball title on the Buffalo Gym floor Saturday night.

The Harvesters defeated the powerful Quitague quintet in the finals by the score of 31 to 26.

The final game lacked the interest that was rampant in the two games played between the Amarillo Sandies and the Harvesters, because the Quitague star, Graham, went out of the final tilt in the second quarter for four personal fouls.

Loss of Star Felt

Quitague managed to hold the lead gained by Graham until the third period, when the scoring of Fullingem and Marbaugh, Pampa center and forward, put the Harvesters into a lead they did not relinquish. The score at the half was 16-15 in favor of Quitague.

Pampa was thrown into the "losers" bracket by Amarillo in the first game played. The score was 12-10. In the same bracket, Berger went down before Quitague by the margin of 24-22. In the advance game Friday night between Amarillo and Quitague, Corbett, Sandie guard, took the game into an extra session by tying the score

with a long shot. Graham, made three points in the extra period to win for his team by 24-21.

Pampa Revenged for Defeat

Pampa eliminated Berger easily, though the score was close, 33-30. Then the Harvesters and the Sandies tangled again, and this time the Pampa quintet reaped their revenge to the tune of 28-21, the largest difference in scores during the tournament.

From this game, the Harvesters went against the Quitague team, and won the right to take the winner of District Two for the bidistrict title and the right to enter the State Meet.

Graham is Star Player

Undoubtedly the best forward on the tourney floor was Graham of Quitague.

Corbett, of Amarillo, showed himself to be the best guard. The other three men who will probably be chosen for the mythical District One five, will probably be Woodward, of Pampa, forward, Kelley, of Pampa, guard, and either Fullingem of Pampa or Morris of Quitague, center. Roos of Berger showed good ability in the center position, but his bad knee would prevent his taking the honor booth.

INTEREST SHOWN
IN W. A. A. GAMES

Considerable enthusiasm is being aroused over the basketball tournament conducted by the Big Six Club, a division of W. A. A. The four competing teams are captained by Mary Orton, Mary Louise Anderson, Polly Wilson, and Josie Wiggins.

The Orton-Wilson game was played Wednesday afternoon at

4:30 and kept the spectators in an uproar until the final whistle. The score was 13 to 13.

These games are played on Mondays and Wednesdays at 4:30 in the Women's gymnasium. The contests are refereed by Mrs. Wallace O'Keefe of the physical education department.

Fish Flash To
Defeat SandiesJones' Proteges Conquer
In Practice Game by
Score of 44-12

In a scrimmage game Tuesday afternoon in Buffalo Gym, Coach Jones' quintet won over the Amarillo Sandies by a wide margin of 44-12.

The Fish took an early lead that they held easily throughout the game. The goal shooting of McMinn, forward, and the work of Bodecker, center, featured the offensive play of the Freshmen, while the excellent guarding of Hardin and Lacey kept the ball well away from the Sandie basket. McMinn, Yearling forward, topped the scores by looping nine field goals and four charity tosses to total 22 points. Corbett led the visitors scoring.

Esther Reeve of Friona, Texas, who received her degree at the end of the Fall quarter has been elected to a position in the intermediate grades of the Goodnight school. She succeeds Miss Mavis Berryman who recently resigned.

ILLUSION:

Josie, the lovely trapeze artist, stands upon a small platform. At the will of the magician she leaps twenty feet into the air to reach her trapeze. She uses no ropes, no ladder! A phenomenal leap for a woman... or a man!

EXPLANATION:

Josie didn't jump... she was sprung! The twenty-foot leap is not dependent on Josie's ability, but on a powerful spring mechanism hidden beneath the stage which propels the artist upward through the air. The force is so violent that the lady wears a light steel jacket which protects her from injury as she starts her astonishing leap.

Magic has its place...but not in cigarette advertising.

Consider the illusion that there is a mysterious way to give cigarettes a superior "flavor."

EXPLANATION: Cigarette flavor can be controlled by adding artificial flavorings. By blending. And by the quality of tobaccos used.

Cheap, raw tobaccos can be "built up" or "fortified" by the lavish use of artificial flavorings.

Such magic, however, seldom holds the audience. Your taste finally tells you the truth.

The cigarette flavor that never stales, never varies, never loses its fresh appeal, comes from mild, ripe, fragrant, more expensive tobaccos...blended to bring out the full, round flavor of each type of leaf. It's the quality of the tobacco that counts!

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Because Camel actually pays millions more every year for choice tobaccos, you find in Camels an appealing mildness, a better flavor.

And Camels taste cooler because the welded Humidor Pack of three-ply, MOISTURE-PROOF cellophane keeps them fresh.
