SENIOR CLASS PLAY TO BE PRESENTED FRIDAY EVENING

Present Ticket Sale Foretells A Filled House

Play Has Assumed A Professional Polish

BROWN DIRECTING

Has Remarkably Well Selected Cast

You have only four more days to buy your tickets to "Ladies of the Jury," this year's selection for the annual drama to be presented by the Senior Class in the Administration Auditorium, Friday evening at 8:15 o'clock. The play is directed by Miss Mary Morgan Brown. Costuming and the designing of stage properties and scenery are under the direction of Miss Brown.

The members of the cast are Eula Lee McKnight, Elizabeth Jameson, Velma Padgett, Pollyanna Pitts, Marjorie Tucker, Martina Anderson, George Bishop, Hosea Foster, Johnny Hood, James Compton, D. V. Biggers, Judge Williams, Charles Donnell, J. C. Line, Bill Hawkins, Jimmie Holston, G. T. Higgins, Thelma Callahan, Mrs. J. D. Gamble, Mable Mims, Glen Reeve and Frances Holman.

The apex of rehearsals will undoubtedly be reached Friday evening. At a pre-view of the show last Thursday evening, it was quickly seen that since the lines have been mastered, projection is growing rapidly, and the play is assuming a professional polish.

The most startling realization of the whole show is the fact that the cast is perfectly chosen, and (if you'll pardon the editorial comment) Miss Brown is to be commended on her selections. Thelma Callahan is the French woman, Mrs. Gordon, who is on trial for the murder of her husband.

J. C. Line is the capable state's attorney who is penetrating and

Request Is Made For Increase In FERA Student Aid

It is entirely possible that there will be more than 200 college students in Canyon next year through the assistance of the government under the FERA.

Professor C. A. Murray who attended a conference of FERA administrators at Dallas last week-end, found it the opinion of college presidents and the Texas Relief office that a quota of 30 percent would be much more just than the present quota of 12 percent. There are 91 students receiving this aid in the local college now.

J. C. Bisset, Assistant Chief Engineer of the Texas Relief Commission, was the principal speaker at the conference and he stated that it was the purpose of the FERA to train young people to become good citizens and practised community workers, and that student workers should be assigned to do valuable tasks.

T. O. Walton of A. & M. College was made chairman of the committee which decided to ask for an increased quota of government aided students.

Mr. Murray reports that most of those present at the meeting believe that student aid is a fine thing.

The West Texas State Teachers College has been highly complimented upon the way its FERA work is managed.

Professor Mitchell Jones delivered the Commencement address at Baileyboro Friday night. Glen Daugherty, an ex, is superintendent.

Do you want some fun of the sort that warms the cookies of the heart? Then you can't miss "Ladies of the Jury."

Correction; Le Mirage Will Be Out May 20th

The Prairie staff wishes to correct an error printed in a previous issue stating that Le Mirage would be out on May 1. The error was called to our attention by Horace Russell of the Russell Stationery Company, Amarillo, who stated that the correct date is May 20. Mr. Russell said, "We intend that it shall not be later than May 20." Unforeseen and unavoidable circumstances, however, may delay their issuance, until the 24th.

"Material for Le Mirage looks good to us," says Mr. Russell. "You are certainly going to have a beautiful and an interesting book."

The Prairie staff regrets that the error was made, thus raising false hopes; however, these anniversary yearbooks are worth waiting for those other twenty days.

No Word Received Regarding Work on Men's Dormitory

No word has been received regarding the final approval of the contract for erection of the men's dormitory on the campus of W. T.

The contract was let five weeks ago Tuesday by the Board of Regents, and forwarded to Washington for final approval. It was indicated at that time that work could not start for five weeks, in keeping with a regulation made for all PWA projects.

Dr. J. A. Hill was in Austin Monday where the Board of Regents met to sign the bonds for the addition to Cousins Hall. As soon as the bonds are approved in Washington bids will be called for the erection of this project.

Local Press Club Delegates To Go To TIPA Convention

Delegates representing the two local college publications will attend the Texas Intercollegiate Press Association meeting in Huntsville Thursday, Friday, and Saturday. Those who are expected to attend are Bill Britton and Louella McDade, newly elected editors of The Prairie and Le Mirage respectively. G. L. Stanley, business manager of Le Mirage, is also expected to attend.

It is the hope of those who attend from this college that the convention for next year may be brought to West Texas State Teachers College. Letters and other informational material have been mailed out to the other members, and at the convention delegates will place their bid for the convention.

This meeting is an annual affair held at one of the member colleges of the Association. There are fourteen of these colleges.

Contests are conducted in the various forms of writing and make-up for newspapers, yearbooks, and literary magazines. Material from this college was entered in the contests this year.

\$37,900 Received By West Texas In Fed. PWA Loan

Expect To Have Several Athletic Projects Complete By Fall

Word was received by Dr. J. A. Hill of the West Texas State Teachers College in wires from Senators Sheppard and Connally and Representative Marvin Jones that the college had been awarded a PWA loan from the Federal Government of \$37,000.

Coach Al Baggett expressed pleasure on learning of the approval of the loan and stated that he hoped to have several projects finished by the coming fall.

An outdoor swimming pool will be constructed with part of the funds. The swimming pool will be faced with the natural rock so as to be in harmony with the rest of the construction on the W. T. S. T. C. campus.

Other projects under the loan are two handball courts, three concrete tennis courts, some repair work on the gymnasium, and a cyclone fence around the east field on the campus.

Very Young Piano Students Presented In Recital Tuesday

An important occasion, and one of delight to performers and parents was the piano recital given in the studio of Miss Pauline Brigham last Tuesday afternoon by very young pupils. Following the program was a short social hour at which Miss Brigham served coffee to the guests.

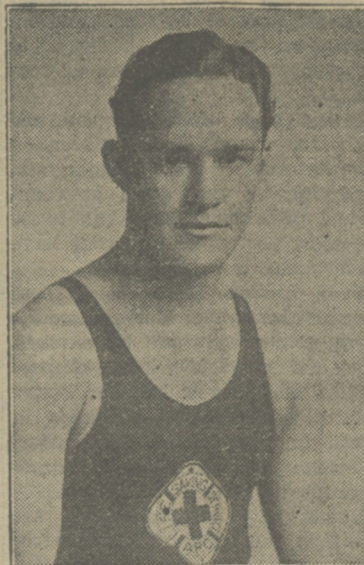

The numbers played were Ding Dong Bells, Schmidt, by Jean Marie Kleinschmidt and Tom Knighton; March of the Wee Folk, Gaynor, by Peggy Jean Barnard; Mad March Hare, Money-maker, by T. M. Moore, Jr.; The Woodpecker, Thompson, by Gwynfred Fegle; Moths, Thompson, by Jean Marie Kleinschmidt; Japanese Doll, Peery, and Guitar Serenade, Gaynor, by Shirley Harrell; Spinning Song, McGregor, by Stuart Condrion; Vale of Song, Rolfe, by Lynnaale Lockhart; Bounce the Ball, Ketterer by Tom Knighton; Ponies, Rebe, by Marcia Batchelder; Harlequin, Thompson, by Florence Clark; The Streamlet, Risher, by Merrie Lib Dufflot; and Rose Petals, Lawson, by Merrie Lib Dufflot and Lynnaale Lockhart.

RED CROSS LIFE SAVING EXPERT

WALTER A. HAUSKNECHT

Nine Pass Red Cross Examiners Test Given Here

Nine athletes and physical training teachers who had qualified as Senior Red Cross Life Savers, had an opportunity Friday and Saturday to take the test necessary to become a Life Saving Examiner. Those who passed the examination are:

Professors Ruth Cross and Mitchell Jones, and Bob Clark from Wheeler, and Jimmie Holston, Helen Gill, Theodore Martin, Ashley Little, Wayne Miles. Two who have passed for the first time are: Phillis Holgate and Bob Clark from Wheeler.

The examination was conducted by Walter Hausknecht, a member of the staff of the First Aid and Life Saving Service, Red Cross Midwestern Area Headquarters, in St. Louis, who made a special visit here for that purpose.

Each week 140 persons drown in the United States. Estimated fatal accidents show 7,400 drownings a year. If this appalling number of fatalities should occur on any given date or be confined to any locality, the nation would be stunned by such a calamity. Yet the annual loss of life by drowning climbed nearly 1,000 from 1925 to 1932.

Red Cross first aid not only saves numerous lives each year, but proves its economic value as well.

The Red Cross Life Saving instruction courses emphasize not only methods of rescue and resuscitation, but also the dangers of swimming in hazardous ponds, pools and creeks where there is no supervision; in swimming alone; and in the attempted rescue of the drowning by any other than one qualified to perform a rescue.

The people who qualified in the examination given by Hausknecht are planning to give a Senior Red Cross Life Saving examination in the near future.

For real facial exercise, see "Ladies of the Jury"—your mouth will be wide open—laughing all the time.

Buff Intersquad Football Played Friday Afternoon

Game Is Featured By Open Field Running

Friday afternoon the West Texas State Teachers College football squad got their first taste of game conditions with an intersquad game in which the A squad defeated the B squad 20 to 14.

The game was featured by some thrilling open field running and some vicious blocking and tackling by both teams. Coach Baggett expressed high satisfaction after witnessing the game. "We have two backfields of almost equal ability with the third group of backs pushing both of them, and three and four promising men for every position in the line," said Baggett.

All three of the A squad scores came as the result of sustained drives down the field, featured by the line plunging of Lwood Dow, the only freshman in the backfield, aided by Vernon Johnson (Continued on page two)

Legion Dedicates Opening of Lodge In Palo Duro Park

A group of 250 dedicated the opening of the lodge at the Palo Duro State Park Monday evening. This was the first entertainment given at the lodge and marks the opening of a season when a number of brilliant dinner parties will be held at the Park.

The Palo Duro Post of the American Legion sponsored this dedication which was attended by a number of Canyon and Amarillo citizens, in addition to the Post members.

Following the chicken barbecue, a short program was given, together with dancing and bridge. C. L. Thompson, post commander, was in charge of arrangements. J. B. Fowler had charge of the entertainment. On the general committee were: Wes Kleinschmidt, Guy Harp, Allen Farlow, Hud Prichard, J. Madison Daugherty, Roscoe Davis and W. R. Landrum.

Short talks were made by Major E. A. Kingsley, superintendent of the Park, T. C. Thompson, and Mason King of Amarillo.

The lodge will be opened for future programs. Major Kingsley states that it is now about one-fourth completed according to the contemplated plans. During the present work period intensive work will be centered on the lodge with the view of completing the building as soon as possible.

Buttons! Novelty Products Of Local Sons

Button! Button! Who wants some buttons? Just now there is mounting interest among both boys and girls in the button industry, that is, in wooden buttons of various sorts. One girl walks up to another and says, "Oh, how lovely! What are your buttons made of? Who made them?"

Just now we can think of no less than three people in school who are making the oddest, most novel wooden buttons! And Mr. T. V. Reeves, is making unusual buttons. There is a distinguishing feature about the products of each of these button makers. One goes in for shapes, others for types of wood. Take Lewis Shirley, for example. He has made buttons of checkers, dominoes, and other such (Continued on page two)

President Hill Returns From Austin Meeting

President and Mrs. J. A. Hill returned from Austin last week where Dr. Hill met with his Board of Regents on Monday to consider other PWA projects. The Board passed a group of resolutions in regard to these projects. However these resolutions are not available for publication as yet.

Dr. Hill also conferred with Senator C. C. Small and other legislators.

During their visit in Austin, Dr. and Mrs. Hill attended several social functions where they were entertained.

CSA's Planning Industrial Group In Houston Soon

The Southwest Council of Student Christian Associations is contemplating holding a Students-in-Industry group in Houston for a month during July or August in order that the students of Texas may know from first-hand experience what life is like for unskilled laborers. It is not yet known definitely whether or not representatives from this college will participate in this group study.

The plan of the group is that each student upon arrival in Houston will start out alone to look for a job. He will go to the employment bureaus and from factory entrance to factory entrance asking for work. The economic situation in Houston is such that it is likely that he will be employed about half of the time. Wages are so low that he cannot support himself independently on them. Each member of the group who does not live in Houston must bring \$25 with him to cover his board and room during the month. This may not be spent but everyone must bring \$25. Out of town students will either live at the Y. M. or Y. W. or will live in small groups in apartments under adult leadership.

Faculty Members Participate In Wheeler Program

Dr. Cook spoke on "The Principles of Activity in Texas Curriculum." Dr. Fronabarger talked on "The Change in the English Curriculum in Texas."

Alfred "Ox" Jameson, ex-student of W. T. S. T. C. also appeared on the program.

W. C. Perkins, superintendent of the Shamrock schools, presided over the meeting. The meeting Thursday night was the last of the month for the Wheeler County teachers, who convene twice monthly to discuss curriculum revision, it was said.

A Sad Story In Dustology and a Crack Remedy for Malfashions

By George Brewer

Wistfully she drew the curtain aside and looked out, then released it quickly, frowned, and bit her lip. A tear violated some freshly applied make-up on one cheek. She strolled across the room, knelt beside a chest and lifted the lid slowly. For a moment she gazed into its contents, then picked up a handful of crinkled white cloth, pressed it close to her cheek and began sobbing. Her Easter outfit!

Across the street a young gentleman in a dressing gown peered into his clothes closet, fumbled nervously with a light grey suit on its hanger, eyed his white shoes reproachfully, returned to his afternoon vigil at the window scanning the heavens, and mumbled something almost inaudible about

leaving the country.

Typical West Texas dates! What to do? There's much we can do—abandon our present styles! Here are some suggestions:

1. Wear light brown outfits the color of the air and you will never show a trace of a night out.
2. Revise and renovate the old lid. If it has a protruding feather, daisy, brim, or bow, clip it off. Streamlines can take the wind! If necessary, strap it down. One might even fasten it to one's ears. A hat chase in the wind could be made history.
3. Zip into everything. Buttons allow wind holes and dust passages. Be modern. After the first bell you could snooze until the second, then zip! and you are at the breakfast table.

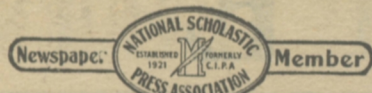

4. Wear goggles and keep Kansas out of your eyes.

5. A gas mask would be a ducky thing to use just before suffocation. It might be made compact, built on the shoulder, and attached to the nose by a tube. It could be colored to harmonize with the modern saffron ensemble.

6. A tip to the ladies! Secure two average sized bricks and baste neatly along the hem of your dress, for modesty must prevail even in a crisis. This method defies any daily wind, but note: If the bricks go up, prepare to ascend. It will be a tornado.

Any couple so clad could brave the worst dust storms and fear no ill effects. Despair not, simply restock your wardrobe—just like that!

FEDERAL HOUSING ACT ESSAY CONTEST

Students in State Teachers Colleges have been selected as one medium through which information may be disseminated about the Federal Housing Act. The local essay contest is in charge of Dr. B. F. Fronabarger, head of the English Department, and students are urged to secure the material and write essays. The terms of the contest were partially explained in a previous issue of The Prairie but will be further explained by Dr. Fronabarger to those who desire additional information. "Your students are to be the future teachers and home owners of this country, and any information given them goes direct to the ones we desire to interest in our program," said R. A. Stuart, member of the Board of Regents, recently. Mr. Stuart is personally offering a prize for the best essays written. This action grew out of his interest in his work.

As potential teachers, these students may learn of the opportunities offered and transfer their knowledge to people who desire to improve or to own their homes. Plans for home ownership, solutions for problems of remodeling and enlarging homes for more comfort and convenience, and plans for installing better sanitation facilities are offered in the Modernization Credit Plan and/ of the Mutual Mortgage Insurance Plan.

Teachers realize the necessity for homes of more comfort when they begin teaching in districts where there is a scarcity of housing facilities. The Federal Government has realized this lack and is attempting to interest the house owners of the land in home ownership and improvement. Students will undoubtedly appreciate the situation and do their bit in aiding the Government by entering these essay contests.

WHITMAN FISH

Sir Hubert Ames, former Financial Director of the League of Nations Secretariat, will lecture at the State College of New Mexico. A fortunate opportunity for the students of that institution.

A person or persons unknown staged a daylight robbery on one of the boarding houses at Trinity University. Seven suits, twelve shirts, several fountain pens and many other articles were found to be missing. At the time of printing, no clues had been unearthed.

Says he: "I'm crazy to kiss you." Says she: "Well, if you think so, you don't have to."

The Trinity University A Capella Choir presented a concert at the Vesper services of the Presbyterian Church in Cleburne last week.

When interviewed concerning the advisability of holding night classes during the summer session of N. T. S. T. C., it was found that varying opinions were presented. "Personally, I do not like night classes" . . . "I think it's a grand idea" . . . "It would be much cooler and more convenient" . . . "Yes, fine, swell," were among the answers given.—Campus Chat.

And who was it said that "life is just one bathroom after another."

The Pharmacists class of the G. Washington University will be entertained with a visit to the Parke Davis Company during the Easter Holidays. A treat and a very interesting and instructive one, at that.—G. Wash. U. Hatchet.

Dumbness on the part of some people must be inherent. For example, a University of Kentucky student attended a geology class for two weeks before he discovered it was a German class.—Daily Texan.

And here is a story of which we can't exactly grasp the meaning: In her petition for senior class officer, a co-ed at Northwestern University included this interesting statement: "I am in favor of a series of very informal senior parties which would be something more than dances."—Missouri Student.

And we offer a group of historic remarks from the compiling of one Eddie Magnus of "Our Brainless Contemporaries" fame, in the East Texan. Eve: "I simply must have some decent clothes." Noah: "It looks like rain." Sampson: "My wife wants me to get a haircut." Little David: "Look, ma, I just made a slingshot." Solomon: "Tell me something I don't know." Cleopatra: "Caesar, meet Brutus, you two boys ought to know each other." Henry VIII: "I'm sorry I married you. And so far into the night."

and Frank Van Noy. Dow scored twice and Van Noy once. Captain John Rankin was in every play on both sides of the field, and he blocked and tackled with deadly precision.

Both of the touchdowns of the second team came in the last quarter as a result of a series of passes from Ed Miller to Toby Waggoner, Craig Walling, or H. D. Stewart.

Stewart took one pass and raced 35 yards to score standing up, and Walling took a 20 yard pass from Miller to score.

The sensational open-field running of Floyd Murry and the fleet dashes of H. D. Stewart in the B squad backfield were constant scoring threats.

The contest showed that there was not much distinction between the first and second teams, with all men looking good in their positions.

Starting lineups were:

A Squad	B Squad
Jack Davis	Toby Waggoner
Clinton Meek	R. D. Wheelock
George Caviness	George Wright
Leo Jackson	Cy Marchbank
John Rankin	Oscar Hinger
John Lee	Ernest Patton
Stina Cain	Craig Walling
Frank Van Noy	Floyd Murry
Vernon Johnson	Jack Jennings
Lwood Dow	Ed Miller

Museum Acquires Rhinoceros Skull

Aquisition of an almost perfect rhinoceros skull by the museum marks an important addition to an ever growing collection of fossils.

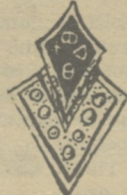

Prof. C. S. Johnston returned with the "find" from Clarendon last Saturday. Will Chamberlain, supervisor of excavation at Clarendon, pronounced the skull to be the most perfect of any that have been taken from the field.

Five million years ago these animals inhabited North America living along rivers and in marshes. They fed on various kinds of vegetation which grew in their native habitat. Many species existed in North America at that time. Most of them approached the hippopotamus in size.

Bones of the rhinoceros are found in the sand of former river beds.

Professor Johnston announced that he has nearly enough material to mount an entire skeleton of a rhinoceros. The skull which he brought from Clarendon will be on display before the end of this semester.

DELTA THETA TIPS

We're thanking Lucile, Virginia Leigh, and Madelyn again for one of the loveliest parties this year. Everything was just perfect—soft lights—sweet music—flowers everywhere—dainty cool refreshments—so restful to be dummy and eat up the mints and listen to the chatter, especially while your partner does her stuff and makes a slam or so—more talk about everything and then home in the rain—what fun!

Last week we met at Mrs. Page's Little House of Fellowship. I'm recommending her as one of the most charming hostesses I know. If you haven't been to see her you've missed a good time.

Congratulations to Max Simmons and Frank Brandfield! Grand people like Madelyn and Mary Martin aren't to be found every day, so consider yourselves lucky.

We are willing to tip off other clubs on super-excellent chaperones. Dr. and Mrs. Jarrett are among the best.

MAVERICK CLUB

NUMBER TWO

Canyon, Texas

By Pat Noser

You know if Mohammed won't go to the mountain, the mountain must come to Mohammed. We finally broke through the ice and won an official decision over the Amarillo Maverick Club in our weekly contest last Tuesday at the CCC camp.

Of course the score was only three to two in our favor, but that is something. Usually our wrestlers have the advantage all the way through, but are unable to win an official decision because they are not well enough acquainted with the pin holds. But we marked one up last Tuesday.

This Robert Matlock is the cream of the crop. He would be called a natural. He has almost convinced his opponents of his superiority. He is on the Independent ticket for chief of police.

His opponent in the election is Charles Gerald. Charles has the most freckles, but Robert ought to keep things under control.

This election is going off smoother than was expected. But most of the voters seem to have little regard for party lines. I don't know whether it is because they have listened to the campaign speeches and picked out the candidates with the most constructive program or if it is just because of personal friendships for persons in both parties.

When I told my civics teacher that the prospect for the future was brighter because the coming

HI-Y BOYS SPEAK AT LAYMAN'S MEETING

Some of the members of the Hi-Y Club spoke at the interdenominational meeting at the Baptist Church Monday evening. The theme of the speeches was mutual sharing.

A short introduction to the program was given by A. G. Thornton. A scripture pertaining to the subject of mutual sharing was read by J. L. Norman. The speakers were introduced by Lyman York McGehee. The four principal talks were given by Brynild Vaughan, Glen Davis, Billy Norman, and Egbert Neelley. Mr. Goodman, the club sponsor, followed the boys with a short talk. Refreshments were served at the close of the meeting.

The Hi-Y boys expect to give similar programs at the Canyon Rotary Club and the Chamber of Commerce meeting in the near future.

SPANISH CLUB PROGRAM

The members of the Spanish Club turned away from their studies at their class period, Tuesday morning, to hear an interesting talk given by Jimmie Ortiz, a college Spanish student who is a native of Santa Fe. The speaker recounted interesting incidents in the history of the Southwest and described some of the religious activities of the Spanish people as practiced in New Mexico; he also discussed the principal arts and crafts practiced there.

The group was especially interested in the pieces of jewelry which Senor Ortiz used to illustrate Indian silver work. Following the lecture, refreshments were served to the club members.

Second Grade

After completing the study of Indian lore, the second grade children are beginning a new phase of work on American pioneers. To close the Indian work, a pioneer play will be given by the second grade children.

Carroll Killebrew and Durward Brown are making buttons of such wood as walnut, oak, ash, and mahogany. They are finished in the natural wood rather than painted as many of the buttons made by those previously mentioned.

Most of these designers of buttons are quite willing to allow the individual who desires a set to plan the shape, size, and wood, as well as the coloring of his, or rather, in most instances, her buttons.

TODAY IS DEADLINE FOR ENTRY IN GREAT PLAINS MEET

Three Separate Divisions In The Meet This Year

Many Entries Have Already Been Sent In

All entries for the Great Plains Track and Field Meet on the Buffalo track at West Texas State Teachers College next Saturday must be in to Coach Al Baggett by today.

Saturday's meet will be the first Great Plains Meet in four years, but Coach Baggett plans to resume the meet as an annual affair.

From the list of entries already in Coach Baggett's office, it is already evident that this year's meet will take its place along with the other Great Plains Meets as the biggest and best in this territory.

There will be three separate divisions in the meet this year. There will be a college division, a junior college and freshman division, and a high school division.

There will be two tennis divisions, college and high school. All tennis will start at 9:00 a. m.

Gold medals will be awarded for first places in all events and divisions, to the high point man in each division, to the tennis winners in each division.

Preliminary events will start at 10:00 Saturday morning and finals in the track and field are

scheduled to commence at 2:00 p. m.

Junior college and high school events will follow the college schedule. Events on the schedule are 120 yard high hurdles, 100 yard dash, mile run, 440 yard dash, 880 yard run, 220 yard dash, 220 yard low hurdles, medley relay, 2 mile run, and mile relay. High schools will not enter the 2 mile run or the medley relay.

The weather man is already predicting a clear day for the meet, and fans should witness some of the fastest times seen this year. Abilene Christian College with one of the best teams in the country, Southwestern Teachers of Oklahoma, and many more strong teams have already sent in their entries.

Senior Class

subtle in his statements and persevering in his argument. His opponent, Bill Hawkins, is sarcastically truthful and ironical. He persistently "objects, your honor," to testimony of witnesses. The long-suffering judge, who has to explain, painstakingly, the court procedure to Mrs. Crane, of the jury, is Charles Donnell, who presides with much dignity.

G. T. Higgins, Glen Reeve, and Frances Holman are the other employees of the state, Glen swearing in witnesses and Frances recording in curlicues the proceedings of the court. G. T. Higgins is Art Dobbs, the officer who survives the antics of the members of the jury who conduct ballots up into the hundreds in an effort to arrive at one unanimous vote for conviction or acquittal.

To a Texan the jury is a unique factor of the play. Bib Jameson and Hosea Foster are two specimens. "You are a good girl, aren't

Football Sweaters Formally Presented To Boys Friday

Although received a little late, the football players of West Texas State Teachers College are enjoying their football sweaters which were awarded last Friday just as much as if they had had them all year.

When the sweaters were first received, there had been a mistake in the arrangement of the letter, and the sweaters had to be sent back for adjustment.

And fate smiled when the sweaters came back. After a very mild winter, the weather turned cool the day after the sweaters were awarded and allowed every new letterman to show off.

Sweaters were awarded to the following men: Three year letters, Captain John Walker and Cagle Teague; two year letters, Jimmie Holston and Manager Gerald Brown; one year, John Rankin, Leo Jackson, R. D. Wheelock, Frank Van Noy, Vernon Johnson, Stina Cain, Clinton Meek, Ezell Champion, John Lee, Bill Allen, Jack Davis, Emil Hutto, and R. M. Thompson.

you? You go to church, don't you?" are typical questions Bib, as Lily Pratt, fires at one of the witnesses. Hosea Foster, as Spencer B. Dazey, is a very conscientious juror, philosophical and glib in his balloting.

Mable Mims, French maid to Mrs. Crane, does her type part well. Jimmie Holston and Judge Williams are excellently cast in their parts also. Jimmie is Dr. Quincy Adams James, Jr., who is called as a witness in the first act. Judge is as happy as a negro in the sunshine when he is presented a huge beefsteak when he had ordered something comparable to a baked apple. He interprets the part of a parsimonious Scotchman.

All the characters are as well chosen as these few, and the whole play is one round of humor. However, the drama has its serious moments which are played with a sincerity that forms a contrast of silhouetted definiteness. If you have not bought your ticket, do yourself justice and purchase one immediately for they are worth every bit and more too, of the twenty-five cents which the senior class is asking.

Buffaloes Win In Dual Meet With Panhandle Aggies

Weather Conditions Are Favorable To Meet

Baggett Schedules Two Important Football Games for Fall

Coach Al Baggett has signed a two years' contract with St. Benedict College of Atchison, Kansas. The two football teams have played the past two years, the Ravens winning both games.

The game this fall will be played in Canyon on Nov. 2.

Another game scheduled is with T. W. C. of Fort Worth on Oct. 5. This college, formerly a girls' school, has become a co-educational institution, and put out its first football team last fall.

Local Racquet Men Make Clean Sweep of Wayland Matches

Tuesday afternoon, playing on the inside gym court because of the sandstorm, the West Texas State Teachers College tennis squad of Coach W. E. Lockhart opened their spring season with a clean sweep of two doubles and two singles matches from Wayland Baptist College of Plainview.

Coach Lockhart used freshmen in the singles, since they are eligible only against junior colleges, and the Frosh looked like veterans. Glendon Riley of Canyon beat Hoo Ray of Wayland 6-2, 6-3 in straight sets.

Colman had a little harder time with Curry of Plainview, winning in three sets 6-2, 2-6, and 6-2.

In the doubles Smalley and Wooten of the Buffaloes defeated Ray and Curry 6-0, 6-2; and McMin and Donnell won from Chapman and Atkinson of the Jackrabbits 6-3, 6-2.

"Sure, enjoy yourself,"
said Jim. "It's a ding
good cigarette."

I was working way late at the
office one night and ran out of cigarettes.
When Jim the watchman came through
I tackled him for a smoke.

"Sure," says Jim, and he handed
over a pack of Chesterfields. "Go ahead,
Mr. Kent, take three or four."

Jim said he'd smoked a lot of cigarettes
in his time, but he'd put Chesterfield
up in front of any of 'em when
it came to taste.

... "and they ain't a bit strong
either," is the way Jim put it.

That was the first Chesterfield I
ever smoked. And I'm right there with
him, too, when he says it's a ding
good cigarette.

Interesting—how people find out about Chesterfield
