

## The Editor Speaking

Just after returning from a convention is not a very good time to try to write a column. It is especially hard to write a column of this type which is supposed to deal with happenings of the current week.

According to the news stories turned in this week and according to the talk among those who were present at the second intra-squad game Friday afternoon, the Buffaloes are showing signs of being a great team next fall when the season opens and gives them a chance to show what they can do against intercollegiate competition. All of us are eagerly awaiting the time when the tables will be turned on some of the traditional foes of W. T. in the gridiron world.

In regard to the announcement made by Dr. Hill last week, Stafford Hall is soon to be put in the shade as the most exclusive place on the campus for men. The news that we are to have another dormitory for men which will be larger than Cousins Hall is, at this stage, almost unbelievable.

Sul Ross State Teachers College at Alpine certainly proved themselves to be capable of playing the host to a convention in grand style. We have never attended a convention anywhere and had as glorious a time, learned as much about newspaper work in general, and met more worthwhile people than we did last week at the Texas Intercollegiate Press Association. Already, we are looking forward to the meeting which will be held at Commerce next year with the East Texas State Teachers College.

Apparently, the Centennial Dance Pageant which was held Friday evening was one of the most magnificent spectacles presented on the campus of W. T. in a long time. As one student said, "Nothing has been seen to compare with it since last year's Seniors were Freshmen. All of those who took part in the pageant, both students and faculty are to be complimented for their tireless efforts to make the affair the success that it was.

Well, the Press Club failed to win as many places in TIPA contests as the members had counted upon. Three second places were taken, and two fourth places. One of the latter was that of The Prairie, itself, in the senior newspaper division. One thing was accomplished, however, that was worth an inestimable amount to the entire state organization. This was securing the election of John L. McCarty, ace Amarillo newspaperman, as a member of the honorary advisory council. If we had not won anything in the contests, we could not have been disappointed after having succeeded in getting a man like McCarty elected to a position in the organization.

## 7th Grade Gives Cowboy Program at Assembly Hour

Under the supervision of Mrs. Levi, practice teacher, who gathered the material, the seventh grade of the Demonstration School gave an old cowboy round-up during the assembly hour Tuesday.

The program formed a climax to the study unit of Texas folk lore and poetry. The class acknowledged assistance from Judge L. Gough and J. Frank Doble for the legends and poems.

The program was as follows: "Wild Goose and Buzzard," Donald Prichard; "Measure of a Wagon Rod," David Sharon; "Bumblebees and Skeletons," Junior Smith and Olef Hamblen; "Fire on the Prairie," Elizabeth McCaslin; "Rider of the Loma Escondida," Carliss Currie; "Legend of Ft. Stockton," Patti Quattlebaum.

A group of Texas party games included "Skip To My Lou" and "Schottische."

Cowboy songs sung by the Grade Boys' Chorus were: "All Day on the Prairie," "Whoopee ti-yi-yo," and "Old Chisholm Trail."

Miss Jennie C. Ritchie, Miss Frances Grimes, George Brewer and Mrs. T. V. Reeves went to Amarillo Sunday morning to hear Supt. R. B. Fisher of Pampa give an address at the Polk Street Methodist church.

### NOTICE

On Wednesday evening, April 22, Dr. and Mrs. A. M. Meyer, sponsors of the Sophomore Class will entertain at dancing and bridge at Cousins Hall. All members of the class are invited to be present.

## Social Science Teachers Attend 17th Convention

J. L. Duflot, professor of sociology, and Miss Darthula Walker of the geography department, attended the 17th meeting of the Southwestern Social Science Association held at the Hotel Texas in Fort Worth, April 9, 10, 11.

Prof. Duflot read a paper, "The Sociologist's Viewpoint on Teacher Training," to the Sociology section, April 11. His article was based upon a survey in which twenty-six sociologists and thirty-seven educators were asked "What subject matter should be given major emphasis in teacher training?" The overlooked subject matter was found to be that of human nature.

A last year's member of the Board of Directors, Mr. Duflot was elected secretary of the Sociology section at this year's meeting.

Miss Walker, in addition to attending the Geography section of the meeting, visited the social science classes in the elementary grades of several Fort Worth schools. On her return, she stopped at Cleburne, where her sister lives.

In the business meeting which preceded the talks, officers were elected for the following year and an address of appreciation was made by Prof. S. H. Condron.

Willie Boedeker and W. H. Hopkins, Jr., presided over the meeting. Fred Forrester spoke on "Hitler's Plan for Re-arming the Rhine;" Ray Vineyard, on "Germany's Repudiation of Treaties;" Mabel Hare reviewed a magazine article, "Europe's Death Machine," by George Fielding Eliot in "Today." A heated round table discussion followed the discussion of these points.

New officers are president, W. H. Hopkins, Jr.; vice-president, Kathryn Robinson; secretary-treasurer, Anita Goodrich; Le Mirage representative, Ernest Ragle; Prairie reporter, J. L. Norman.

One more meeting will be held this year.

Weeks of planning and rehearsing by half the student body came to a climax Friday evening with the presentation of the Texas Centennial Dance Pageant, a riot of rhythm directed by Miss Ruth Cross and Mrs. Florence Fulton, in the Administration Auditorium.

The exhibit was unified by the explanatory monologue written by Dr. Arlin Turner and Prof. J. M. Logue, and spoken by J. L. Harden during the proceedings.

"The Rhythm of the Land," Act I, contained four interpretative dances: "The Awakening," "Buoy-

## Condron Talks at Plainview Kiwanis Meeting Friday

Prof. S. H. Condron, head of the department of government, spoke to the Kiwanis Club of Plainview Friday. He expressed the hope that Texas would vote to hold a constitutional convention.

Mr. Condron outlined the constitutional history of the state, and gave the circumstances of creation and provision of the six constitutions which Texas has made for herself.

He lamented the fact that we have tried to make an omnibus of the constitution. Topics of small import have been made the subjects of constitutional amendments. These, thinks, Mr. Condron, should be controlled by statutes.

"Our interest in elections does not bespeak a high valuation of the right of suffrage," Dr. Condron said. He referred to the small number of people who often vote on matters of high importance.

Jordan Gordon, an ex-student, was in charge of the program.

## Senior Play Is Selected; Cast Has Begun Work

The cast for the senior play, "Broadway Bound," which is to be presented May 5, has been chosen, and work on the production has begun.

The scene of the play is in a theatrical rooming house in New York. A love plot involves the playwright, Van Cornell, and a small town girl, Jennifer Keys, who is the only one in the house who has a job.

The characters are: Kirby Bishop, Wendell Cain; Paul Montgomery, Dean Fletcher; Mrs. Hull, a landlady, June Bieler; Kitty Belmont, former actress, Mary Beth Campbell; Billie Jacobs, a future actress, Mary Louise Mulkey; Van Cornell, a playwright, Don Savage; Jennifer Keys, from a little town, Christine Warren; Ludwig Hahn, a producer, James Divilbiss; Wayne Mitchell, a Broadway angel, Miles McGehee; Myra Terrell, an actress, Ruth Stapleton.

The production is under the direction of Miss Mary Morgan Brown.

## Work Is Delayed On Basement Unit P-P.H.S. Museum

Excavation of the basement to the addition to the museum which was expected to start last week has again been delayed. Pres. J. A. Hill stated that he thought the difficulties would soon be solved and this project will go forward under the PWA, which has provided a number of improvements for the campus.

With the completion of the planned basement unit the capacity of the museum will be increased nearly 50 percent and the college will be provided with an ideal outdoor stage.

Mr. and Mrs. Elmer Wooten and Mrs. W. D. Mateer came in from Channing to attend the Texas Centennial Dance Pageant. Mrs. Wooten will teach English in the high school at Channing next year.

ancy and Power," "Discord," and "Quietness and Dignity."

Act II, "Texas Folks," was characterized by Ed Todd in turkey feathers, and Nell McNeely in satin hunting dress, when they gave a number of folk dances representing Texas foreign types.

Act III had three parts, "Fruitfulness of the Land," "The Drama of the Village," and "Machine Rhythm."

"The Machine Age" was overwhelming. While the Dance of the Machine kept ceaseless time, the Jazz girls danced, the politicians went their subtle way—Business never stopped.

The pageant came to a climax as the entire cast filed to the stage to pay homage to the Ships of State.

## ALPHA CHI DELEGATES ATTEND 15TH MEETING AT SAN ANTONIO

### Roses Are Planted As Memorial To Former Teacher

Three dozen climbing talisman roses were planted on the campus last week in memory of Mrs. Mabel Watkins Lang, who was a member of the English faculty of W. T. from 1919 until 1928. She was acting head of the department for the year 1927-28, until January 19 of that year.

Mrs. Lang was one of the most efficient, most sympathetic, and most beloved teachers of the long list who have served in the college.

Her daughter, Martha Nell Lang, received her degree in 1934; she was editor-in-chief of Le Mirage in her senior year. She is now teaching the public schools of Tyler, where she is doing some experimental in the field of socialized physical education and, according to all reports, is making a real contribution in the field.

Martha Nell is teaching in the heart of the rose country, and she asked permission to send the roses to be planted in memory of her mother. The climbers will add beauty to the front of the Administration and Education Buildings. The roses are planted between the windows on either side of the front entrance of the buildings.

"Frontier Times" is a magazine published monthly since 1923 by J. Marvin Hunter of Bandera, Texas. It is devoted to "Frontier History, Border Tragedy, and Pioneer Achievement." Prof. Sheffy says, "The magazine is very valuable. While some of it is in print otherwise, it has some things that can never be found anywhere else."

The committee got the back numbers through Dr. H. B. Carroll, who taught in Dr. Hattie M. Anderson's place last summer. Dr. Carroll is now teaching in Hillsboro Junior College.

## WHAT KIND OF DRIVER ARE YOU?

What kind of a driver are you after nightfall? Do you drive at the same speed to which you are accustomed to maintain during the daylight hours? If so, you are lucky to be reading this.

Statistics show that during last year alone there were 19,000 fatal accidents which occurred during the night hours as against 14,000 which occurred in the daytime. Total accidents in daylight exceeded the number during dusk and darkness by more than 130,000.

The fatal accident record during dusk and darkness, in proportion to all accidents in such periods, was 92 per cent greater than the daytime experience. The tremendous loss of life during hours of darkness constitutes one of the strongest arguments against the present-day practice of driving too fast. Many people operate cars at speeds during darkness which do not permit them to stop within the range of the illumination provided by the headlights. Under such conditions lives are crushed out whenever the unexpected happens.

For your own safety and the safety of others who are so unfortunate as to be on the road when you are driving, slow down when it becomes too dark to see without the use of artificial lights.

B. M. Keese, '32, and a party of pupils from Wolfthorpe will visit the campus Saturday. The chemistry department will give a special demonstration for the group at 11 o'clock. They will then visit the various buildings of the College plant and will spend some time in the museum before going to the Palo Duro State Park for a picnic supper.

Miss Joyce Sheats, '35, was the guest of Miss Hope Wells at Randall this week end. Miss Sheats is now a member of the Oklahoma Lane faculty.

Mr. and Mrs. Gordon Thompson of Happy were among the ex-students who attended the field meet and visited the campus Saturday.

## Wisecracks and . . .

## . . . . . Otherwise

Edited by Marion Hill

We all but made up our minds to quit this gossip business Friday night after seeing ourselves as others see us on the stage at the Centennial Pageant! In fact, we may do it yet. You that missed it really don't know what a sad sight those gossips were. Tsk, tsk!

Really, folks, we'll have to hand it to Miss Cross, Mrs. Fulton, Dr. Turner, Miss Robinson, and all those lads and lasses of that program Friday night. It was beautiful, and no joking. It's a shame that more of these Panhandle people didn't see it.

Wayne King has been in Canyon for the past week conferring with Martin Baze about the unique style and arrangements that the Kampus Katz have.

Speaking of Waynes, Mr. Wayne Terry was seen in our midst again, lately.

We're sorry, but this crack has been censored.

Chick Nelson seems to be giving Eddie Hagood quite a rush, or late.

People, we'd like to introduce Pete Cowart, assistant editor of this column. Pete's our old standby—in fact, being deserted by all the other columnists (except occasionally) we couldn't even get this out without Pete. We sincerely hope that last remark does not endanger Mr. Cowart's life.

Melvin Alexander is now holding the record for Park-ing. (It looks, we might add, as if Mr. Alexander has no threatening opponents to snatch away his present status.)

Our vote goes to John R. Pool for having the snazziest room on the campus. (Ed. note: Please, we got this information second-hand!)

Flash! A certain Buffalo Courts inmate really made tracks getting out of sight and around the corner of the recreation hall one day last week. Why? Well, if it had been

cold weather he would have frozen to death in his southern extremities, or at least, so it appeared to us as we drove by about that time.

Siler Faulkner is now giving the Buffalo Kid a race for his money. We are betting on you Si.

Who is the little short fellow who goes to supper over at the Watkins house and doesn't leave until the wee hours of the night?

Gosh, we hate it about Spratt, Waggoner, and Harden! Glad Charlie Stratton wasn't hurt. You guys, hurry and get well!

Those Betas really know how to put on the dog. A swell bunch of mugs. That is, generally speaking. However, don't let your heads swell, the Ruff-Nex can boast of just as many "swell guys" as you can. (And we're not politicians like Burk is, either.)

If you have a mania for these signs and gestures going around, go see Henry Hauser.

You sense a comforting "lift," a feeling of well-being, as you enjoy the delicate fragrance of your Camel.

Here is one of the tests it underwent in a recent New York demonstration. After the man moved his weight, the glass slowly regained its shape. The material is a sandwich—two sheets of real glass with a plastic called vinyl between them. The plastic binds the glass after it has been broken to bits. A person thrown against it will not be cut.

## Squad A Trounces B Team 27-0 In 2nd Intra-Squad Game

### Comparative Statistics Show Superiority of Squad A

Returning in the last half with a barrage of passes and off-tackle thrusts, the A squad completely routed the B team, and won the second intra-squad game by a lopsided score of 27-0 in Buffalo Stadium Friday afternoon.

Comparative statistics explain the superiority of the A team. The first stringers piled up 16 first downs to the opponents three, gained 184 yards from scrimmage to 32 for the B's, and completed nine out of 20 aeriels for 192 yards while the second team registered but three for 39 yards. The A squad was forced to punt only once, that for 38 yards, while Thomas kicked eight times for a 41 yard average.

#### Murry Wins Laurels

Floyd Murry, stutter-footed A signal barker ran away with the offensive laurels when he skirted tackle for three counters—a total of 18 points. Conway Butler's line plunging in the absence of Wood Dow, attracted much attention. On the defensive, Toby Waggoner, lanky A wing-man, Oscar Hinger, chunky guard, and Captain Leo Jackson were the outstanding performers. Speer, replacing Johnson at right end did a creditable job of pass receiving.

#### Score In First Quarter

The initial A counter came late in the first quarter when Captain Jackson recovered a B fumble on his own 32. Following superior blocking, Slack circled his own left end for a 21 yard gain. Neilson, checked the march momentarily when he slipped through to spill Murry for a ten yard set-back, but Murry dropped back on the next play and tossed to Slack for a 20-yard pickup. Two running plays failed, and Murry dropped back to pass to Butler and Speer, who carried to the five. Murry scored standing up.

The B's made their best bid in the second quarter when Marchbanks, plucky center, plucked one of Murry's forwards, and returned to the 40-yard stripe. Thomas stepped back, and flipped one to Amburn who caught a rebound on the 30. Washington plowed left tackle for eight yards as the half ended.

The second score came early in the third period, when Murry danced for a series of gains. The ball was placed in a scoring position by passes to Waggoner and Butler. Murry scored, and Walling converted. Score 13-0.

The next touchdown followed in rapid order when Murry passed to Speer for 32 yards. Murry slipped through right tackle for 32 yards and his third counter. Walling again kicked for the point. Score: 20-0.

#### Watkins Relieves Murry

Slinging Foster Watkins relieved Murry at the helm in the final quarter, and filled the air with footballs. Intercepting one of Thomas' heaves on the A 28 he skipped back to the 32. He passed from this point to Waggoner who carried to the 8 35, a gain of 37 yards. He then hurled to Speer, who was ran out of bounds on the 11. Butler skirted left tackle for

## Sandies Amass 25 Points to Win District Track Tilt

The thin clads of the Amarillo Golden Sandies blew to a victory in the District 1 track and field events in Buffalo Stadium Saturday by amassing 25 points. Claude ran second with 20 points.

The preliminaries with over 300 athletes contesting were held in the morning, and the finals were held in the afternoon. Coaches Al Baggett, Bob Cox and Mitchell Jones directed the tourney, and Frank Van Noy acted as official starter.

Though winning only one first place—that of Joe White's discus throwing, Amarillo placed in 10 of the events, and captured several second places. Lile of Dimmitt, winner in both the 100 and 220 yard dashes, was the high individual scorer of the meet with 10 points.

Hereford with 12 points gained third place in the meet. Dumas, Dimmitt, Friona, Tulla and Oklahoma Lane scored 10 points each. The ranking winners of the meet will represent this district in the Regional meet Saturday in Buffalo Stadium.

Amarillo also won the tennis division. Crane defeated Bagwell of Claude in successive sets of 6-2, 6-4, and 6-0 to win the singles medal. McClendon and Propost of Amarillo stroked to an easy triumph in doubles by scores of 6-3, 6-0, and 6-2 over Blue and Patterson of Hart.

In the girls' division Dalton of Wildorado coasted to a 6-1, 6-3 victory over Estelle Roark of Amarillo. The doubles combination of Day and Day, Lakeview, ousted Wood and Binfard of Oldham, 6-4, 6-1.

In winning the lop-sided meet, the Cadets established two new school records. The 150 yard back-stroke was lowered from 2:16.2 to 1:35.5, and the 100 yard free style from 1:3 to 1:1.3.
