

Bufs Meet Southeastern Oklahoma Teachers Friday

Presidents And Regents to Oppose Raise in Tuition

State college presidents and board of regents members will oppose vigorously any effort in the State Legislature to raise student tuition costs, Dr. J. A. Hill said on his return from a board meeting last week at Galveston.

That the fees are high enough, and in fact already so high that thousands of prospective students cannot go to college was pointed out in the meeting. It is estimated that at least 600 young men and women tried to come to West Texas State this term but were unable to pay the fees and finance their other expenses.

Dr. Hill was obliged to report—because of the increase in attendance this term—an overloaded faculty, insufficient classrooms, laboratories and offices, an inadequate library and funds too low to permit the most effective work. The working space within the institution has not been increased since the Education Building was occupied in 1928.

It is generally conceded among the state colleges that it is West Texas State's turn to receive a major building. This is expected to be a library or science structure. Every effort will be directed toward the obtaining of this building.

Dr. and Mrs. Hill were accompanied downstate by Prof. T. M. Moore and family. The two men transacted business at Abilene and San Antonio. While in Abilene Dr. Hill visited the headquarters of the West Texas Chamber of Commerce and made arrangements to enlarge W. T.'s museum exhibit there. He had a very satisfactory conference with D. A. Bandeen, general manager, concerning the program for the college.

Buffalo Band Opens Term With Record Membership

Buffalo Band, under the direction of Prof. C. E. Strain, is opening the year with a membership of forty-four musicians, one of the largest in the history of W. T. Removal of scholastic requirements and the spirited cooperation of band leaders in the Panhandle are credited with the increase.

Members of the band are: L. E. Thomas, Canyon; Raymond Railroad, Dalhart; M. D. Sheppard, Albany; J. G. Graham, Phillips; Rose LaNell Williams, Pampa; Orvetta Puett, Wheeler; Doyle Hughes, Phillips; Baker, Amarillo.

Ida Martha Pierle, Canyon; Duane Legg, Canyon; J. T. Carroll, Hereford; Dennis Baker, Hereford; Merrill Hutto, Tulsa; Jimmy Hamill, Pampa; Judson Forbes, Borger; Elvia Speer, Canyon; Marvin Miller, Claude; LeRoy Davis, Canadian; Virginia Wedge, White Deer; Wayne Marsh, Canyon; Lawrence McBee, Pampa; John A. King, Pampa; Jay Plant, Pampa; Howard Williamson, Hereford; Kenneth Hohlhaus, Lockney; Loretta Cole, Canyon; Harold Rickard, McLean; Elwyn Dysart, Mobeetie; Roger Townsend, Pampa; Fred Balderson, Canadian; Wayne Thomas, Kirkland; A. C. Cox, Pampa; George Stokes, Plainview; Bill Robertson, Abilene; Dan Hemphill, Littlefield; J. Lee Jarvis, Pampa; Ray McNett, Pampa; Ernest Scheithagen, Hereford; Lanelle Scheithagen, Hereford; Arno Goddard, Pampa; Jack Allison, Pampa; and Weldon Bright, Tolbert.

Houston Bright, '38 is assistant director.

DIRECTING ART IN KANSAS

Miss Marian O'Brien, of the Class of '36, who has been teaching at Miami, has received a new position supervising art in the grades and high school at Parsons, Kans.

UNDERGOES APPENDECTOMY

Laura Mae Slaughter of Amarillo underwent an appendectomy Monday at Northwest Texas Hospital in Amarillo. Miss Slaughter, a sophomore, is staying at Cactus Lodge.

STUDENTS INVITED TO "KLASSY KOLLEGE" AT BAPTIST CHURCH

W. T. students are invited to attend "Klassy Kollege" at the First Baptist Church Thursday evening at 8 o'clock.

"Klassy Kollege" is one of the all-college socials sponsored each year by the B. S. U.

Robert Orton Wins Senior Presidency

ROBERT ORTON

Lyceum Programs Are Scheduled

Five attractive features for the college fine arts series have already been announced by Prof. Wallace R. Clark, head of the music department and chairman of the lyceum committee.

Numbers already scheduled follow:

Oct. 24—"Peter Pan," presented by Clare Tree Major of the Children's Theater of New York.

Nov. 14—Welch Imperial Singers, men's chorus.

Dec. 10—Senator Robert LaFollette of Wisconsin.

April 7—Branson DeCou, illustrated traveltogue.

Dr. John Erskine has been engaged for a fine arts lecture here the latter part of April.

Admission to the fine arts program is included in the student activity fee.

The most celebrated children's play of the twentieth century will be seen here on October 24 when the College lyceum committee presents Clare Tree Major's Children's Theater in "Peter Pan," the internationally celebrated children's fantasy of Sir James M. Barrie, author of "Mary Rose," "Dear Brutus," "What Every Woman Knows" and other plays familiar to grown-up theatergoers.

Admission will be 50 and 25 cents or the activity ticket. The play will start at 8:15 p. m.

"Peter Pan" was first produced in 1904, when Charles Frohman, the distinguished American producer, presented it in London. Two years after he brought it to America.

In the role of "Peter Pan" was the delicate, wistfully beautiful young actress Maude Adams, who created a never-to-be-forgotten theater tradition as the Boy Who Wouldn't Grow Up. After the very first performance of "Peter Pan" in America, critics wrote enthusiastically, "It is 'Alice in Wonderland,' 'Treasure Island' and 'The Little White Bird' all in one, made into a fantasy and sweetened and spiced as only Barrie can spice and savor it."

"Peter Pan" ran in New York for a full year, and was then taken on tour to the leading cities of the United States. Miss Adams revived it several times thereafter. Years later, Eva LeGallienne again offered the famous play both in New York and on tour, with herself as "Peter."

Clare Tree Major's present production of "Peter Pan," however, differs from all previous ones in two important ways.

First, for the first time in history, "Peter Pan" will be played by a boy—Leslie Gorall, a charming bright-faced youth last seen in the theater with Burgess Meredith in "High Tor."

Second, for the first time in history "Peter Pan" will be presented not merely for the children in the great cities of America—though they will not be neglected. Now at last, owing to the flexible and carefully-planned motorized equipment of the Children's Theater, children in the small cities, towns and villages will have an opportunity to see the great Barrie fantasy with all its diverse elements so enchanting to child audiences—pirates, Redskins, wolves, a crocodile that ticks like a clock, the wonderful underground house where the Lost Boys live with Wendy as their little mother, and faithful Nana, the dog-nurse.

It costs Uncle Sam about \$1,350,000 a year to keep his employees supplied with pencils and paper.

Students got their first taste of campus politics this term Tuesday morning when members of the three upper classes elected officers and freshmen met and made nominations, but the frosh delayed final selection of officers until the next meeting which is scheduled for Thursday.

Robert Orton, chemistry student from Canyon, was elected senior president over James Vaughan of Canyon and Lawrence McBee of Pampa. Jack Pate of Amarillo was elected vice president, and Charlotte Tubb of Canadian was chosen secretary. Miss Florence McMurtry, associate professor of education, was chosen faculty sponsor without a dissenting vote. Though no system of student participation in school government has been formed this year, the senior class elected Lawrence McBee and Dorothy Dickenson of Silverton as student council representatives.

Goettsche Is Junior President

Harley Goettsche, pre-dental student from Higgins, won the junior class presidency over Jack Taylor of Canyon. Other junior officers are: Vice-president, Ernest Schur, smallest member of last year's varsity basketball team; secretary-treasurer, Ann Palmeyer of Memphis; Le Mirage representative, Fernie Fry of Floydada; and Prairie reporter, Mary Ella Davis of Canyon.

Members of the sophomore class voiced approval of the administration of Glen Davis, Shamrock, as freshman president last year by electing him president of the Sophomore Class. Other sophomore officers are: Vice-president, Dan Hemphill, executive member of The Prairie editorial staff, and secretary-treasurer, Eula Faye Foster of McLean.

Freshman Nominate 23

Twenty-three students were nominated for offices in the freshman class and nominations will be resumed at the next class meeting which is scheduled for Thursday morning at 11 o'clock.

Nominees for president are: A. G. Thornton, Roy Showers, Arvo Goddard, Davis Thompson, Branch Archer, I. W. Brock, William Beggs, and Russell McKinney.

Students nominated for the vice-presidency include: Ruth Hill, Joe Richardson, Mildred Latham, and Kaki Westmoreland.

Nominees for secretary are: Sarah Thompson, Cleo Bourland, Doris Kirksey, Mary E. Seeds, Virginia McGowan, Charles Hoover, and Maxine Carey.

Those nominated for class treasurer are: Mary McGowan, Jack Isaacs, Coystal Tabor, and Jerry Daniel.

Odessa Winkler Elected Cousins Hall President

Odessa Winkler, senior from Pampa, was elected president of Cousins Hall at a meeting of the residents last week, and Effie Whitsett of Hereford was chosen vice-president.

Virginia Edmondson of Matador was elected treasurer, and Margaret Deal of Amarillo was chosen social chairman.

Officers appointed include: Refreshment chairman, Nellie Grady of Clarendon; program chairman, Mary Helen Jensen of Amarillo; vesper chairman, Mattie Lee Clay of Pampa; Le Mirage representative, Doris Davis of Amarillo; and Prairie reporter, Hazel Bath of Pampa.

Plans for the fall semester at the dormitory were made at the meeting. Cousins will hold open house on alternate Monday nights at 7:30 o'clock, and on alternate Wednesday nights a formal dinner will be given at 6 o'clock. Upperclassmen also met and selected a freshman, and plans were made for their initiation. Kay Sawyer, first year student from Canadian has been appointed chairman of the freshmen.

CACTUS ELECTS OFFICERS

The following officers were elected Thursday by the twenty-two girls of Cactus Lodge: President, Mrs. Eleanor Hudspeth, Hereford; vice-president, Frances Smith, Wellington; secretary-treasurer, Jerry Daniels, Spearman; and reporter, Dorothy Picture, Newlin.

All available space in Cactus Lodge is filled, according to Mrs. J. D. Carr, supervisor. The girls are now planning a series of birthday dinners and invitational dinners for the coming year.

Many Homecoming Features Planned For November 4-5

All of the popular features of last year's colorful homecoming celebration and more are being packed into the program for this year's event on Nov. 4-5 by an ex-student committee which has already completed arrangements.

Homecoming day will be Nov. 5, but the Ex-Students' Association will direct its annual celebration on the night club theme at Cousins Hall on the previous evening. A feature of that evening, however, will be the crowning of an ex-student queen to reign during the homecoming period. The coronation will be held in the main college auditorium about 8 p. m., during a program beginning at 7:30 p. m. The queen and her beauty court will then go to Cousins Hall to open the doors of an elaborate night club setup.

Montfort Is Chairman

The general plans are being made by an ex-student committee of which Mrs. Tommie Montfort of Canyon is chairman. Other members of this committee are Clarence Thompson, Mrs. Lee Foster, Mrs. Ray Campbell, Mrs. Lee Johnson, J. B. Speer, and Olin E. Hinkle. Sub-chairmen and committees are being set up to care for the many ramifications of the event. Mr. Thompson is general chairman of the night club program, and Mrs. Foster of the coronation program. The coronation ceremony, however, will be directed again by Pi Omega.

Each county in which some of the College's 20,000 ex-students reside will be allowed one candidate for queen, who must be an unmarried girl. However, in counties of large population, an additional candidate may be entered from each town of more than 1,000 population. It is desired that the ex-students of each county shall assemble immediately and select these candidates for queen, certifying the entries to Mrs. Montfort, general chairman.

Cousins Site of Carnival

Cousins Hall will become the site of a huge carnival on the evening of Nov. 4. There will be a western room with old time music and dancing, an ex-student night club with a floor show, a midway, and many concessions. It is likely also that an outdoor gypsy camp will be set up.

Carl Clift of Amarillo, president of the Ex-Students' Association, will be in charge of an assembly program on Homecoming Day in which ex-students will contribute all of the entertainment. Mr. Clift, who is superintendent of schools in Potter County, is working with all of the homecoming committee. He has announced that there will be no barbecue this year, but that ex-students will be urged to bring basket lunches for an old-fashioned family picnic on the campus. Free coffee will be available. In the afternoon the Buffaloes of West Texas State College will battle the Lobos of Sul Ross State College at 2:30 p. m., and the football queen will be crowned.

Additional features of Homecoming are still taking form.

All-College Vesper Service Tonight

An all-college vesper service will be presented by the Y. W. C. A. on the lawn in front of the Administration Building from 6:45 to 7:15 o'clock tonight.

Elizabeth Wood of Borger, chairman of the worship committee, will present the numbers carrying out an autumn theme.

STUDENTS REQUESTED TO OBSERVE VISITING HOURS

Neblett Hospital requests that all students observe visiting hours at the hospital. Only two students should visit the patient at the same time. The visiting hours are from 10:30 a. m. to 11:30 a. m.; 2 p. m. to 5 p. m., and from 7 to 8 p. m.

Six W. T. students are now in Neblett Hospital. They are Charman Runyon, surgical; Ruth Ann Shearer, accidental injury; James Brown, medical; Foster Watkins, medical; James Wilson, medical; and Kenneth Gibson, medical.

SWARTZ IS MUSEUM VISITOR

Harry Swartz, Pampa oil man, inspected the Panhandle-Plains Museum Sunday. He promised the management that he would send a collection of historical implements to be displayed in the building.

Pep Squad Will Stage Big Rally Thursday

More than one thousand of W. T.'s hoorah girls and rah rah boys are expected to pep it up Thursday night at Burton Gym, Gerald Knowles, W. T. screamaestro, said yesterday in announcing what is expected to be one of the largest pep rallies ever staged on the W. T. campus.

With war fever running high in Europe, jitterbug fever overflowing

All social club representatives to the Pep Squad along with representatives from college dormitories and out-in-town students are asked to meet in Burton Gymnasium at 7:15 o'clock Wednesday night.

in California, and pigskin fever raging forth in W. T., who can escape a screamaestro epidemic. Shouting above the Buffalo Band music, the leaders of the session will be Dorothy Morgan, Carolyn Mayfield, Knowles, and Ernestine Ballard, newly elected cheerster. The rally will start at 7:15 p. m. and will include impromptu pep talks.

Coloring will be added to the sky by fire works managed by Gerald Manzer. Coaches Baggett, Dougal, and Curtice will be on hand to point out a few interesting angles of the game with Southeastern Oklahoma State Teachers.

Large Crowd Hears Condron at First IRC Meeting

A crowd that exceeded all expectations filled the reception room of the Little House of Fellowship to capacity Wednesday night to hear the address of Prof. S. H. Condron of the government department on the "Impending War Crisis." The meeting was the first of the International Relations Club for the fall term.

Taking his theme from the fast moving events in Europe, Mr. Condron referred to the inconsistency of a wrong to a small country constituting a threat to world peace. He lauded European leaders of today for their willingness to prostrate themselves almost for the preservation of that peace. He spoke of President Roosevelt's attitude to forget the past and to think of what it means to the future.

He traced the root of the trouble back to the Middle Ages when the Czechs were first known as an independent race. Since that time the territory has been largely under the domination of Germany. He cited the Treaty of Versailles as an example of one wrong thing not righting another. He mentioned the fact that the Allies had but one thing in mind in compiling that treaty which was to forever destroy Germany as a contender for world power. They had preached disarmament but had not practiced it themselves. He directed attention to the fact that the idea of the Czechs as an independent state had originated in Washington, our own capital, as an effort to free the oppressed peoples of Europe. This had caused the land to be taken from Germany which has constituted a sore to the Germans ever since the war.

He concluded his remarks about the European situation with the sincere hope that calm reasoning and fair consideration may yet save the world from this holocaust.

Closing his address, he commended Miss Jennie C. Ritchie of the W. T. Demonstration School for her aid in the organization of the IRC on this campus more than ten years ago.

Miss Florence McMurtry of the education department who visited twelve European countries this summer will address the next meeting of the club which will be held on October 12.

TEACHING AT KNOX CITY

Craig Walling, August graduate and former Buffalo gridster and cage star, has been elected to teach general science, junior business training, mathematics, and typing in the Knox City schools. He is also serving as football coach, and will coach basketball this winter.

H. Ashton-Wolfe Is Back With More "SECRETS OF THE FRENCH POLICE" Reads the Startling Disclosures of this World-Famous Sluth which appear every week in THE AMERICAN WEEKLY, the Magazine distributed with the SUNDAY CHICAGO HERALD AND EXAMINER.

GERALD KNOWLES

Apply for Alpha Chi Membership

Application for membership in the Lloyd Green Allen Chapter of Alpha Chi, national scholarship society, should be filed with Dr. B. F. Fronabarger, head of the English Department, before Oct. 15, it was announced last week.

The following instructions to applicants were released last week by Dr. Fronabarger.

"Students are not elected to the scholarship society, Alpha Chi, without making application. Election to membership may follow if the student's average grades is near 3.2 points or above. No applicant below junior standing can be accepted. Students now having junior membership must apply for senior membership. Grades are averaged only for those who apply. Do not apply unless you wish to support the organization on the campus by attending its meetings and contributing to its activities and influence."

The national fee of Alpha Chi is \$2 which includes the fee for a shingle.

West Texas State entered the Scholarship Societies of Texas in 1923, and organized a chapter on the local campus. The state organization later expanded into the Scholarship Societies of the South, and in 1934 it was changed to Alpha Chi and became national. The local chapter was named for L. G. Allen, former dean of the College, who lives in retirement here.

Miss Frances Usery Appears In Two Piano Recitals

Miss Frances Usery, popular instructor of piano at W. T. appeared in two piano recitals at Borger Thursday.

Thursday afternoon she was presented at the Phillips High School, and in the evening she appeared at the reception of the A. A. U. W. organization.

Miss Usery was assisted in this program by Miss Lelia Cooper, a former student and speech major of the College, who gave two groups of readings. Miss Cooper is now teaching at Plemmons.

Miss Usery's program, which is made up of six numbers, follows:

Gigue—French Suite	Bach
Fantasia—Impromptu	Chopin
Waltz in E Minor	Chopin
Waltz in A Flat Major	Brahms
Little White Donkey	Ibert
Country Gardens	Grainger

Schuhart Is Elected Stafford President

E. G. Schuhart, senior business administration student from Dalhart, was elected president of Stafford Hall at a noon meeting of the residents Thursday.

Other officers include: Vice-president, John Hill; and secretary-treasurer, Royce Jones.

Outgoing officers are: Lawrence McBee, president; George Stokes, vice-president; and Arthur Chase, secretary-treasurer.

MOORE'S CO-OP FULL

According to Joe Bailey, junior, from Quitaque, who is student manager of Moore's Co-op, the home is full to its capacity of twelve. T. M. Moore is in charge of the Co-op.

T. M. Moore, associate professor of agriculture, accompanied President J. A. Hill to San Antonio on a business trip last week.

Sooner Gridsters Employ Clever Passing Tactics

Southeastern Oklahoma State College of Durant, against whom Coach Al Baggett will pit his Buffaloes Friday night under the arc lights of Buffalo Stadium, is another team of pitchers. Reports coming from the Oklahoma school show the Teachers employ the same leather-slinging offense so familiar with Southwestern schools.

Friday the Durant boys had things their own way and filled the air with passes to shellac the Austin College Kangaroos 20-0. Southeastern proved they also had a couple of nifty running backs as well as passers and also plenty of weight and experience in the line.

Coaches Baggett and Dougal again will offer the Watkins to Stephenson combination that bring moments of dramatic suspense to the fans and teams alike.

There is no question that the line will have to be whipped into better shape for the game Friday night. At Commerce last Friday the Lions' more experienced forwards sifted into the Buffs' backfield all evening and opened holes on offense that the Buff backs had a busy time in plugging.

Coach Baggett said the line would get "lots of work" this week and that the backfield would be drilled hard to get improved blocking. A better defense against deceptive line plays and passes will also be stressed.

Calls for Rental Films Have Begun To Come In

Calls for rental films from the motion picture library of the Bureau of Public Service are beginning to come in, and to Supt. Leo Forrest of Farwell went the first reel requested—"The Adventures of Bunny Rabbit."

This reel, of 400 feet, was a sound film very popular for use in the primary grades.

Films are arriving almost daily for preview, subject to purchase. From these Mrs. T. V. Reeves, head of the Bureau, is selecting the best for the W. T. film library.

Films are available to the schools of this area on a rental basis, the prices for a single reel ranging downward from \$2, according to the original cost to the Bureau. However, most schools will find it economical to take advantage of the Bureau's special club offer, under which advance payment of \$25 entitles members to a discount of 30 per cent on rentals.

Silent films are of course cheaper than sound films. The silents may be run on sound projectors. Most schools are buying the sound equipment. State Supt. L. A. Woods has inaugurated a campaign to bring about wider use of educational films.

Films for use in science, geography, and for the grades are in most demand, but reels are available on many other subjects.

Users pay the transportation charges both ways and for any damage to the films. Mail or express charges are nominal.

IVEY HEADS SCIENCE CLUB

Pi Beta Gamma, College science club, elected Guy Ivey, Amarillo, president at its first meeting.

Others elected were: Vice-president, Sam Archer; secretary-treasurer, Margaret Nicholas; and Le Mirage representative, Sam Burton; sponsor, Dr. C. A. Pierle, head of the chemistry department.

MESQUITE ELECTS OFFICERS

Girls of Mesquite Lodge in electing officers after the evening meal Tuesday, chose Mary Nelle Jennings of Canyon as their president.

Myrtice Kinard from Dalhart was elected vice-president; Doris Gee from Pampa, secretary-treasurer, and Rose La Nell Williams of Pampa, reporter. They started plans for an entertainment.

STUDENTS INTERESTED IN DRAMA REPORT TO GETTING

Students interested in drama should report immediately to Prof. Baxter M. Getting, head of the speech department, since plays are being cast now. Casts are not limited to speech students, Mr. Getting has announced.

"To be of no church is dangerous. Religion, of which the rewards are distant, and which is animated only by faith and hope, will glide by degrees out of the mind unless it be invigorated and reimpresed by external ordinances, by stated calls to worship, and the salutary influence of example."—Samuel Johnson.

College Still Beyond Reach of Many High School Graduates

During the term of '38-'39, much interest was shown by professors and students of W. T. in the articles on education by Robert Maynard Hutchins, president of the University of Chicago, appearing in the Saturday Evening Post.

Recently Mr. Hutchins came back with an article in the Post after the readers had expressed opinions.

Mr. Hutchins pleaded that there are many deserving students who are not able to go to school, whereas, many who do attend college do not take advantage of their opportunity. A report shows that for every brilliant student who makes good in college, there is a brilliant student who can't afford to go to college.

Although every college and university in the U. S. offers many scholarships every year, many scholarships applied for are not given. Even the richest of the colleges and universities can't afford to give scholarships to the high ranking students in every high school.

Scores of letters came to Mr. Hutchins from young people who read his articles. Their expressions were all alike: They did want to go to college and couldn't.

W. T. authorities also have evidence of the authenticity of Mr. Hutchins' statement. At least 600 boys and girls plans to come to school fell through because they were unable to find part-time jobs, although scores were assisted and did find jobs.

FRESHMAN ELECTION

Only two days are left until the freshman election!

W. T. believes in democracy, and of course, the freshman class will follow W. T. traditions; yet the majority of freshmen probably have not met the twenty-three candidates who are running for offices in the freshman class.

In order to be a good citizen, one must take part in all activities of his organization and must vote according to his beliefs, but he must have some way to find out what he believes, and so far, much campaign material has not been scattered among the freshmen.

The candidates and campaign managers that work hardest on the election in the next two days will probably come out on top. Tonight the social of the Freshman Fellowship Club affords one of the greatest opportunities for the candidates as well as the voters.

If, after reading the list of candidates in this week's Prairie and meeting each candidate to see if he is the person for office, any freshman is dissatisfied with the material, nominations may still be made at the class meeting Thursday. An added attraction of the meeting will be the election of the Prairie reporter and Le Mirage representative, although they have not yet been nominated.

Since more than one-third of the student body is made up of freshmen, there is no reason that the 1938-39 freshman class can't be the most active class in school even though the majority of its members are now in college. Right now is the time for the freshmen to show the upperclassmen that they are the peppiest class in school by making this election in the next two days, one of the hottest campaigns in the history of West Texas State College.

Whether or not each freshman is a good citizen may be judged by his attending the social tonight at 7:30 o'clock at Cousins Hall and his taking part in the election Thursday at 11 o'clock in the auditorium.

—Lillian Chambers.

LEADERSHIP OPPORTUNITIES

College student leaders, by developing qualities which carry them far in later life, often call attention to the desirability of attending the smaller institutions in preference to the large universities. Student leaders also frequently obtain an effective start in their chosen professions by reason of the attention they attract while in college. It is a fact worth remembering that employers prefer students who have demonstrated abilities in both studies and leadership.

Moreover, the smaller colleges often are opportunity schools for those who engage in business or professions which reward the forming of wide circles of friendships in an area. It is possible, in a college, to know intimately every important student leader. These friendships should be cultivated and given high value.

It is to be doubted that students give enough thought to their futures while in college. They forget that they are being watched, sympathetically but intently, by persons who in later years could be of great benefit to them. A smart student will not be unmindful of the opinions which are being formed in the minds of his teachers and fellow students. He should not forget that worthwhile achievements in college will not be overlooked—nor their absence noted—when he seeks employment.

It is not hard to be a student leader. The first requirement is the ability to be a good follower. Having sought the presence of the "arrived" leaders and shown ability to carry out minor assignments, one is certain to receive bigger duties if he has sincerity and willingness to work. These qualities also virtually assure him of "being able to get along with people."

Jobs which are always crying for someone to do them are easily pointed out in Hardin-Simmons University. Many of these could be done, and many are being done by students. The student wishing to make a name for himself and develop his talents for leadership will find ample opportunity here—H.S. Brand.

YOUR PART IN WINNING A FOOTBALL GAME

With a well organized pep squad to lead the movement, an effort is being made to break down the idea that the problem of winning football games is a matter to be dealt with solely by the football squad and the coaching staff. A highly successful football season is an achievement from which the entire school, and not just the football team, would profit.

Winning football games is a school problem, and every student can play a part. Though it is true that members of the team rarely hear the yells from the sidelines, it is a well-known fact that most teams perform better before a well-filled stadium.

Though students are seldom aware of it, most outside football fans attend games to see the crowd and a display of college spirit almost as much as to see the game. Many persons attend for this reason alone.

An enthusiastic student section in the stadium can go as far toward bringing out more fans as can a winning football team. Certainly, football fans from neighboring towns are going to hesitate to support a team which is poorly supported by students themselves.

Students!

In The Editor's Mail

FOUND: Pampa High School class ring (1935). Owner should see Miss Frances Utery of the College music department.

Editor, The Prairie:

It is always customary to have the audience sing "Alma Mater" at the graduating exercises. At the summer exercises, Prof. Wallace R. Clark was almost compelled to sing it as a solo, since very few of the audience helped. Perhaps I am wrong, but I came to the conclusion that it was because W. T. students did not know the song. I must admit that I did not know the song, and the person who sat next to me (and he was a graduate of the college) confessed that during his four years of work here that he had never learned the words. So we stood and hummed the tune and were really embarrassed because that was the best we could do.

If one should go about the campus asking the upperclassmen how many of them knew their "Alma Mater," I wonder how many would answer "yes." Are we as W. T. students loyal to our school, and if we are why don't we prove it? Why not have the words printed so that everyone can have a copy and then the student body sing it at every assembly? I really believe students would enjoy it as it has lovely words and a lovely tune, too. Do you want graduates to leave W. T. and say that they did not hear "Alma Mater" often enough to learn the words? Are you with me students, and if you do not agree let me know what you think about it?

Frieda Atchley, Senior '39.

DOING SENIOR WORK

More than a score of persons are taking special residence work on Saturdays at W. T.

At present all of them are graduates doing seminar work, but undergraduates are eligible to take History 471. Also, undergraduates who are in a position to do graduate work may join the graduates in Education 501 or 502 and Education 581 and 582.

The Saturday classes also will be offered in undergraduate subjects whenever ten or more persons are interested, Dean R. P. Jarrett has announced. The work is especially of interest to teachers who are able to come to Canyon on Saturdays.

CHRISTIAN PASTOR INVITES STUDENTS TO SERVICES

Charles Wilson, pastor of the First Christian Church, has extended an invitation to college students to attend services of the Church.

"It is our purpose to offer a maximum of fellowship in an atmosphere that is in a very real sense 'Christian.' We are having our meetings at 8:10 p. m., immediately following the evening worship. We wish to build our program for you, and ask you to come and make it yours," he said Monday.

TWELVE ENTER FENCING CLUB

Twelve persons were present for the first meeting of the fencing club Wednesday night. Howard Saunders of Amarillo, who conducted the class last year, gave a history of fencing and demonstrated three of fencing. Exhibition matches of each type were fought.

Meetings will be held each Wednesday at 8 o'clock in the women's gymnasium. They are open to both girls and boys who are interested.

The Washington zoo has just acquired a rare "Pangolin," lizard-like mammal from Sumatra that feeds on termites. What about the Capitol's third-termites?

Olympic's Good News

The picture that tops the list of this week's program is BOY'S TOWN. As long as there are human interest dramas such as BOY'S TOWN, the motion picture will remain the favorite entertainment of America's millions. You've never seen a picture so utterly different, so rich in understanding, so beautiful in story, so deep in emotion. You've never seen such a picture, because there has never been one like it. You'll cry! You won't be able to help yourself, but you'll smile in happiness through your honest tears. There will be Academy Awards for BOY'S TOWN, or we miss our guess. The picture presents the year's best actor, SPENCER TRACY, with the screens best juvenile actor, MIKEY ROONEY. The OLYMPIC is fortunate in being the first independent show in the state of Texas to show YOU CAN'T TAKE IT WITH YOU, and when the picture is shown for a midnight show Oct. 15 and Sunday-Monday, Oct. 16-17, Mr. Wooten has instructed the cashier to refund your quarter if you do not thoroughly enjoy the picture and say it's one of the best pictures you have ever seen.

COLLEGIAN CHATTER

Edited by Mary Collins

Howdy, it is even catching down here. W. T. might not be so bad if it would copy Los Angeles City College and start a Howdy Day. Howdy Day would be a wonderful way to loosen up some of these students who still remember what mother said long years ago about not speaking to any strangers. The trouble with those students is they can't realize the difference between unknown prospective friends and strangers who will always remain strangers.

Now is the time for all good Sororities to come to the aid of their party! Speaking of Sororities, I never joined a sorority because:

1. I wanted to think for myself and not be led around by a bunch of sisters.
2. I never went in for women's organizations at home.
3. I didn't want a bunch of fraternity boys calling on me at night.
4. I never danced with a man in my life and didn't want to start.
5. I didn't like the idea of rooming with one girl for a whole semester.
6. I don't look well in sleeveless, low-cut gowns.
7. I am a male.

One of Mr. Getting's students asked him the other day if a cavalryman had to know anything about dramatics to get in a horse play.

A kiss is a pronoun because she stands for it. It is a masculine and feminine gender mixed; therefore common. A kiss may be conjugated but should never be declined.—Ranger.

Have you noticed that piece of cracked ice that Edna Brillhart is wearing on the love finger? She says that the lucky one is a Perry-ton boy, but only time will tell.

By the way, have any of you heard the new Eskimo song? You guessed it: "Freeze a Jolly Good Fellow."

The world is coming to an end! Would all of you collegians please pay your tuitions now so we won't have to hunt all over hell for you.

Trula Mae Phegley was telling that she weighed 285 the last time she weighed. By the way, Bill Robinson was also on the scales.

First Cousins Hall Babe: "Understand you're writing a letter home." Second Cousins Babe: "Yes, why?" First: "Mind making a carbon copy?"

We hear that I. W. Brock, Kentucky, is a bit worried about his lack of publicity. Brock, turn to the sports page and then quit your fussing. Quoting sports page on its account of the Frosh-Portales game, "Brock personally accounted for 18 points in the last half."

All in favor of firing this sad columnist, Gee, looks like all the votes side in with the Editor of the rag—well, all I have to say is that I hope the next person gets more cooperation from the censor.

A pertinent statement of Prof. McCarter in Physics 101: Should the twenty-four hour day and night period be changed to a 1% hour period, a pound of butter would not have weight at the equator because of the increased centrifugal force.

If the members of the class can solve the problem of speeding up the movement of the earth, several advantages will result.

Butter purchased at the equator could be distributed near the polar regions at an infinite profit, since the centrifugal force in these regions would change only slightly.

Girls would no longer need consider diets since their weight would be nothing, no matter how many

pounds of Prof. McCarter's butter might be consumed.

Perhaps the greatest advantage which would result: This great speed of the earth would separate the cream and milk, and it could be drawn off separated. Possibly this movement would churn the cream, furnishing an abundance of Prof. McCarter's butter.

But logically the cow in attempting to jump the fence into a sudan pasture would jump off of the earth, since her weight is absolutely zero.

The ultimate question from the "fish" is: "How would you know when you had a pound of butter?"

Pep Squad Adopts Plan for Taking New Members

In order to secure a more active organization, the college Pep Squad has announced a new plan for the selection of its members.

The liveliest students from Cousins Hall, Randall Hall and Stafford Hall will be granted membership along with a select group from each campus social club. The Pep Squad has a membership of seventy persons. The remainder of its membership will be drawn from students who live out in town after the quota has been selected from the dormitories and organizations.

Mrs. Anthony Dougal, sponsor of the organization, has requested that all students sit in Section C at college football games.

Students who wish to join the cheering organization will not be required to buy skirts or trousers unless they wish, she said. Seventy sweaters were purchased by the club for its members last year.

W. T. HIGH EXPECTS SUCCESSFUL SCHOOL TERM

With an increase in enrollment this term in the W. T. High School, Miss Jennie C. Ritchie, dean, is looking to a successful school year. Class organizations in the high school were completed last week. Senior officers include: President, Christine Jarrett; vice-president, Berry McCarter; secretary, Anne Ivey; treasurer, Bernard Warren; student council representative, Harley Gordon; and reporter, Viola Archer. Members of the library committee are Edna Graham and Geraldine Fleming. There are twenty-nine members of the class, and Miss Helen White Moore, high school English instructor, is sponsor.

California politics would seem to be pretty much a matter of arithmetic. Why didn't Senator McAdoo up the ante on \$30-every-Thursday Downey and make it \$32.50 every Friday?

Directory to Have Classification of Each Student

An added feature of this year's college directory, which is expected to be released by the Y. W. C. A. this week, is the classification of each student.

Other information includes each student's name, home address, college address, and phone number. Also listed will be the faculty, office assistants, student assistants, church programs, and the 1938 football schedule.

The book will come from the presses of the Warwick Printing Company. Charlotte Tubb, financial chairman, and Gaynelle Douglas, president of the Y. W. C. A., are being assisted by several student typists.

Students may get their copies free at the registrar's office.

W. T. Ducklings Hold First Meeting

Games and swimming provided diversion for fifteen girls at the opening meeting of the W. T. Duckling Club, swimming organization for girls, last week. The club was organized last term, and is sponsored by the women's Physical Education Major's Club.

The only requirement for membership is ability to swim. All women students who are interested in swimming are invited to affiliate with the organization which meets at 8 o'clock on Monday nights.

Hundred Attend First Freshman Fellowship Meeting Tuesday

More than one hundred first year students signed the register of the Freshman Fellowship Club at its first meeting held Tuesday night in the auditorium of the Education Building.

This club, which is sponsored each year by the Y. W. C. A., is under the supervision of about fifty counselors from the other classes. Its purpose is to aid the incoming freshman in adjusting himself to life on the campus. Social events are held for all members of the organization, and last year small groups were formed. Members of the club were given instruction in how to use the College library during one evening last term, and this may again be included on this year's program.

A program of group singing led by Bill Roberson, junior from Abilene, and short talks by upperclassmen was given at the meeting Tuesday. The following speakers and their subjects were introduced by Gaynelle Douglas, Y. W. C. A. president from Silverton: Glen Davis, "So, Now I'm in College"; Milton Crow, "What Chances Would be Offered Me if I Were a Freshman"; Ruth Reeves, "What I Would Owe to My College if I Were a Freshman"; La Nelle Scheihagen, "What I Would Wear if I Were a Freshman"; Leota Lightfoot, "Sleep and College Success"; Ernest Kerr, "What Associations I Would Make if I Were a Freshman"; and Glen Davis, "Outline of Aims and Objectives of the Club."

Gamma Phi Will Sponsor All-College Dance Saturday

An all-college dance sponsored by Gamma Phi, social club for girls, will be given in the ball room of Cousins Hall Saturday night.

Adele Hays of Amarillo, president of Gamma Phi, announced the following as members of the floor committee: Edna Brillhart, Perryton; Ann Palmeyer, Memphis; Virginia Edmondson, Matador.

Dancing will be from 8 p. m. to 11 p. m.

Admission is 25 cents for couples and 15 cents for tags. The entire student body is invited.

DR. AND MRS. HILL ENTERTAIN FACULTY

Dr. and Mrs. J. A. Hill entertained the faculty with a lawn picnic at their home Tuesday at 7 o'clock.

Guests of honor were: L. G. Allen, Mr. and Mrs. Houston, Dr. and Mrs. Geeting, Jack Curtice, Miss Helen Anglin, Mrs. Alice Nichols, Miss Ann Bradley, Miss Mary K. Fleming, Miss Louise Holgate, Mr. and Mrs. G. D. Bowie, Ardis Patman, Houston Bright, Miss Mary C. Petty, and Mrs. Leona Headlee.

Fish Retain Color Though Autumn Puts Other Greenery to Flight

By Hazel Bath

October is here! Blustering winds are blown and autumn leaves will soon replace the green foliage of summer, but W. T. is not to say adieu to the greens. For this is Freshman Week and all the little fishes must wear their green caps.

Freshmen girls at Cousins Hall will stand up to eat their meals Saturday for no other reason than their upper classmen desire it. Spoons will replace the much used fork on Friday, and the girls must eat something of everything, including spinach.

Randall Hall has already administered the third degree, and as we understand it, Stafford has not as yet laid down their rules.

So, if you see books being pulled to class in a shoe box, or are requested to sign your name, age, home town, classification, present abode, preference of girls, and color of your eyes to some Freshman girl's list just rejoice in the fresh greenery that brightens our campus this fall.

Mrs. T. H. Knighton Entertains Baptist Students Wednesday

Members of the Baptist Student Council and their state student secretary, the Rev. Bill Marshall of Dallas, were entertained with a buffet supper at the home of Mrs. T. H. Knighton Wednesday evening at 6 o'clock.

Preceding the supper, council members joined in group singing, and Mr. Marshall gave a short talk on student problems following the supper.

Council members include: Winnie Dee Hicks, Ulane Zeeck, Ida Lou Glaze, Charmian Runyon, June Cope, Ruth Clay, Allyn Meyers, Claryce Whitten, Sybil Coker, Ollie Brown, George Stokes, Billy Norman, Elwyn Dysart, and Stephen Milner.

Spanish Club Will Meet Thursday

The Spanish Club, El Circulo Espanol Menendez Pidal, will select officers at the first meeting of the club at the home of Miss Mary Hudspeth, 1905 Fourth Street, on Thursday at 7:30 p. m.

Any student taking Spanish is eligible for membership. The club was organized in 1926 and each year has had a special objective with a general purpose of promoting an interest in anything pertaining to Spanish.

Miss Mary Hudspeth, head of the department of foreign language, is sponsor of the Club.

Recognition Program Will Be Given for New 'Y' Members

The second program for new members in the "Y" will be a recognition service at the home of Miss Mary Hudspeth, 1905 Fourth Street, Thursday at 5 o'clock.

A social at the second meeting will be the program of the Freshman Fellowship Club at Cousins Hall tonight.

Marjory Merchant, Canyon, and Glen Davis, Shamrock, co-directors, are in charge of the program.

Gaynelle Douglas, president, said yesterday: "The time for meeting has been changed for the convenience of those girls unable to meet at 4:30 p. m. We will welcome all girls who are interested in Y. W. C. A. as members at the next meeting."

Forty-five girls attended the annual membership tea at which the cabinet members of the "Y" were hostesses Thursday.

Naomi Slay played the accordion as guests arrived. Two violin solos were presented by Mattie Lee Clay, and a trio, La Nelle Scheihagen, Mattie Belle Noel, and Mary Nell Scruggs, sang "Follow the Glean."

Gaynelle Douglas, president, discussed the purpose of the club, "Realization of a Full and Creative Life," after which she introduced Dr. Mattie Swayne, sponsor, who then introduced the advisory board, Miss Mary E. Hudspeth, Miss Mary Moss Richardson, Miss Ocie Sanders, and Dr. Ima C. Barlow.

Miss Swayne introduced the following members of the cabinet: Vice-president, Frances Campbell; worship chairman, Elizabeth Wood; secretary, Mary Alice Mease; social chairman, Allen Gates; publicity chairman, Ruth Clay; membership chairman, Edythe Shearer.

First Meeting of College Dames Set for Friday

College Dames, an organization for parents of students, will meet for the first time this year at Cousins Hall Friday afternoon at 3 o'clock with Miss Florence McMurtry as hostess.

Those eligible for membership are, out of town wives, guardians, or members of the family of students who are keeping house for them in Canyon. This includes those in the Demonstration School as well as the College.

The federal government plans to make a count of every house in America. Those gray hairs you see in the heads of census department officials are a result of worrying over how to tabulate trailers.

Spanish Club Will Meet Thursday

The Spanish Club, El Circulo Espanol Menendez Pidal, will select officers at the first meeting of the club at the home of Miss Mary Hudspeth, 1905 Fourth Street, on Thursday at 7:30 p. m.

Any student taking Spanish is eligible for membership. The club was organized in 1926 and each year has had a special objective with a general purpose of promoting an interest in anything pertaining to Spanish.

Miss Mary Hudspeth, head of the department of foreign language, is sponsor of the Club.

Nautical Motif Is Carried Out at Student Banquet

Thirty-eight college students attended a Youth Banquet, the opening activity of the First Presbyterian Church for college students, Thursday night at the church.

The entire program and decorations carried out a nautical motif. Dr. A. M. Meyer of the education department was skipper. Following introduction of new students, the group joined in singing. L. E. Thomas, Canyon, played a cornet solo accompanied by Marjorie Wilkinson, and Miss Helen Anglin, assistant professor in the speech department, gave two humorous readings. A group of sound motion pictures dealing with the Western states, President Roosevelt's visit to Amarillo, and the College campus were shown by Travis Shaw, College business manager.

Guests for the evening besides the students were: Mr. and Mrs. Travis Shaw, Dr. and Mrs. A. M. Meyer, the Rev. and Mrs. Alfred Dorsett, Dr. Robert Jarrett, and Miss Helen Anglin.

Joyce Womble Weds Dane Cambern Sept. 14

Announcement has been made here of the marriage of Joyce Womble, former student, to Dane Cambern of Pampa. The vows were exchanged Sept. 14 at Santa Fe, N. M., with the Rev. Gould, Baptist pastor, reading the ceremony.

Mrs. Cambern is a daughter of Mr. and Mrs. A. J. Womble of Caballa, N. M. She was graduated from Morse High School and majored in home economics here. She was a member of Kappa Omicron Phi, national honorary society for domestic science students.

Mr. Cambern is a son of Mr. and Mrs. Dan Cambern of Stinnett. They are making their home in Pampa where Mr. Cambern is associated with the Wilcox Oil and Gas Company.

Bryan Morgan Made Assistant for Dupont Paint Project Here

Bryan Morgan, sophomore chemistry student from Shamrock, has been appointed assistant to Robert Orton, senior from Canyon who is in charge of the Dupont paint experiment station, according to an announcement by Dr. C. A. Pierle, head of the chemistry department. Morgan will succeed Orton upon the latter's graduation in June.

The station was established here in 1930 to provide data on how paint is affected by the climate of this section.

Since the station was placed here, work has been done by students in the College chemistry department, and appointments have been made by Prof. Pierle.

Officers Elected at First Meeting of New Girls Club

Twenty girls attended the first meeting of the new orientation club in captivity Tuesday. This is the initial year of the club, which is sponsored by the women's physical education department.

Mrs. Landon Terry was elected president of the Club. Other selections included: Vice president, Mary Ella Davis; and secretary-treasurer, Julia Earhman. Mrs. Laura B. Saunders is club sponsor.

The second meeting tonight will offer a hike to the old T-Anchor ranch house. Members will assemble at the west entrance of the Education Building at 8 o'clock. Miss Nancy Strain will lead the group and

each girl should bring a lunch.

The group has planned a variety of programs which include camp cookery, hiking, camp songs, hobbies, camp craft, fossils, insects, stars and clouds, and birds. Specialists in the various fields will have charge of the meetings.

During the year a field representative of the national organization of the Girl Scouts of America will conduct a unit on the organization of girls for a scout patrol.

The Clarendon High School vocational agriculture class, coached by John Gillham, who took his degree here in 1931, won more than \$200 in poultry competition at the Tri-State Fair held in Amarillo two weeks ago, according to Prof. Frank R. Phillips, head of the College agriculture department.

W. J. Hinkle Retires From Position Held Nineteen Years

W. J. Hinkle, who has been employed by the College as janitor in the Administration Building for nineteen years, retired recently.

A native of Missouri he moved to Hemphill County in 1906, and came here in 1919.

Mr. Hinkle is the father of Olin E. Hinkle, head of the College news service and director of journalism. He has hundreds of friends among the graduates and ex-students who attended school here during the last twenty years.

If you confer a benefit, never remember it; if you receive one, never forget it.—Chilon.

PRINCE ALBERT THE NATIONAL JOY SMOKE

50 pipefuls of fragrant tobacco in every 2-oz. tin of Prince Albert

YOU CAN'T TAKE IT WITH YOU!

Before "You Can't Take It With You" comes to the Olympic stage, we are writing this message not only to praise what we truly believe to be a great picture, but to emphasize the lesson it teaches: That life offers much that you can take with you, if one forgets the material and mundane and strives instead to achieve the blessings of friendship, tolerance and understanding.

Grandpa Vanderhof's philosophy of life is a simple one. He believes that one should do the things that make you happy, even if it's so naive a pleasure as playing the harmonica. If Vanderhof found his philosophy at variance with that of the tycoon who sought power and more power, it only served to prove that wealth alone is not the standard for happiness. He proved that happiness may be measured by the number of sincere friends and loving kin who help make each day's rounds pleasant and meaningful.

In today's world, when the isms of conflicting ideas battle each other in a gigantic fight for control of peoples' minds and bodies, it is good to know that a director like Frank Capra, writers such as George S. Kaufman and Moss Hart, and a company like Columbia Pictures can join forces in turning out a motion picture embodying a philosophy of life that is too apt to be neglected—a philosophy calling for each of us to "love thy neighbor as thyself."

It is true, as Grandpa Vanderhof points out, that "you can't take with you" the grossness of mere wealth and the chimera of power. But you CAN take with you (and have with you as a day-by-day solace) the knowledge of true friendship earned by tolerance, by understanding and by following the precepts of those wiser men who earlier taught that love is true life.

We need friendship in a world that is fast turning into a madhouse. We need tolerance and understanding. We need all the simple things that Grandpa Vanderhof urges in the motion picture "You Can't Take It With You." We say that we need the philosophy of the Golden Rule more than ever today if we are to fight successfully the trampling Four Horsemen of Power, Greed, Dictatorship and Lust that now are storming over this earth of ours. (adv.)

DON'T LET TENSION "GET" YOUR NERVES!

Collie

Rough-coated Collie's ancestry is as old as sheep-herding itself. Name from Anglo-Saxon "col" meaning black. Scotch called them "colley dogs" after the black-faced "colley" sheep they tended. Noted for acute hearing, extraordinary homing sense, devotion to duty.

He's giving his nerves a rest ...

and so is he

THIS Collie dog has a nervous system that is remarkably similar to yours. Like yours it is delicate, complicated. But here is where a big difference comes in: The dog can spring into flashing action—and then relax, while man's nature makes him unkind to his nerves. All too often, we work too hard, worry too much, are fatigued or sleepless from strain. Nerves cry for rest, but we do not hear. Don't let tension "get" your nerves. Give your nerves a frequent rest—take time for a Camel. Camels help you to remember that you need a brief bit of leisure, for they are mild and mellow, a supremely enjoyable cigarette, made from costlier tobaccos. Smokers find that "LET UP—LIGHT UP A CAMEL" puts more joy into living, and that Camel's costlier tobaccos are mild and soothing to their nerves.

TRUE OR FALSE?

THIS FREE BOOK HAS THE ANSWERS!

Two Kinds: Washable and Permanent

Parker Quink

Made by The Parker Pen Co.

There's more joy in living when you "Let up—light up a Camel"

MISS OLLIE TUCKER (left), office manager, says: "I can't afford to get nervous. My method is to let up, and light up a Camel. It's a grand way to smooth out tense nerves. I smoke Camels a lot. They're so mild and flavory. Camels are soothing to my nerves. Most of my friends who seem always at ease prefer Camels."

RALPH GULDAHL (right), golf champion, reveals an "inside" story. "I've learned to ease up now and again—to take time for a Camel. It's the little breaks in daily nerve tension that help to keep a fellow on top. Smoking a Camel gives me a feeling of well-being. Here is a cigarette that is soothing to my nerves!"

Smoke 6 packs of Camels and find out why they are the LARGEST-SELLING CIGARETTE IN AMERICA

Copyright, 1938 R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

A matchless blend of finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic

LET UP—LIGHT UP A CAMEL!

Smokers find Camel's Costlier Tobaccos are Soothing to the Nerves

Bufs Go Down 21-20 in Game With East Texas

The West Texas Buffaloes led by stout-hearted little Foster Watkins unleashed a last minute display of aerial fireworks against East Texas Lions of Commerce to come within a single point of knotting the score. The Lions left the field with the close 21-20 victory securely in their claws.

With but a little over two minutes left to play, Watkins faded back and planted a 25-yard pass neatly in the hands of "Jumping" Joe Hayes to provide a thrilling finish to an excitingly close ball game.

Starting the ball rolling in spectacular fashion, both teams scored touchdowns in less than four minutes. The Buffaloes drew first blood when Watkins passed to Stephenson, the play being good for 53 yards. Watkins' try for extra point failed. Only a minute later East Texas took advantage of a Buffalo penalty, Massey going around end on a reverse, Tully to Massey. Tully kicked extra point. Score: Buffaloes 6, East Texas 7.

Second Quarter

Early in the second quarter East Texas scored again as the reverse was used, this time, Tully to Rogers who ran from his 7-yard line. Harp place kicked extra point. Not to be outdone, the Buffaloes came back with a score of their own. Two passes, Watkins to Stephenson, placed the ball on the 12-yard line where the Buffaloes were held for downs and the ball went over to East Texas. Foust went into the game and in the first play intercepted a Lion pass. Blake Lyde bowled two opponents as he scooted around left end for 38 yards and a touchdown. Watkins converted the extra point. Score: Buffaloes 13, East Texas 14.

Third Quarter

East Texas increased its lead in the third frame. Hodge, co-captain and left end of the Lions, gathered in a pass from White and romped 34 yards to paydirt. Harp converted, giving the East Texans a lead of 21-13.

Fourth Quarter

The Buffaloes roundly outplayed the Lions in the last quarter, Watkins keeping the Lions on edge with his ever dangerous passing. Watkins completed a pass to Stephenson. Again Watkins on an end run placed the ball on the Lions' 15-yard line. Watkins passed to Hayes for score. Watkins converted. The Buffaloes kicked to East Texas and the Lions after three futile tries at the line were forced to punt. Hayes, West Texas halfback, failed to gain at the line. Sogee's pass to Thomas was intercepted and run back to the Buffaloes' 25-yard line. The Lions were penalized for clipping, and a few plays later the game ended. Final score: Buffaloes 20, East Texas Lions 21.

Three Formidable Obstacles in Bufs Game Friday

Pictured here are three of the Savages of Southeastern Oklahoma State College who will battle the Buffaloes next Friday evening. At the top is Holmes, 205-pound tackle of Durant, a sophomore. The middle photo is that of J. M. Carey, center, a 185-pound sophomore. At the bottom is T. C. Beare, 205-pound tackle who also is a sophomore.

ized mint julp is only a frosted dream. He likes living in Texas, which is not unusual for he gives the impression of just liking to live.

Behind him lies an unusual record. In high school at Louisville, Kentucky, he was on the football squad that won the national high school championship. The same year he played basketball with the team that was runner-up in the national tourney in Chicago.

At Transylvania he was awarded the trophy for most valuable player in the Southern Intercollegiate Conference. In 1928 he was picked by newspapers on the unofficial all-Conference team. Then, out of college and in the field of coaching he was chosen to serve on the all-state board of coaches, which included

Frosh Down Portales Junior College 38-7

Captain Gillis led his band of West Texas Frosh to a crushing 38 to 7 decision over a cocky bunch of Eastern New Mexico Junior College Greyhounds in their first game of the season Saturday.

With Cornell and Richardson rocketing passes to left-end Ricketts, lately of the Amarillo Golden Sandstorm, and with the superb line plunging of a huge blonde named Brock, the Frosh pushed over touchdowns in every quarter of the game. Ricketts Scores First

In the first Ricketts caught a pass thrown by halfback Richardson and loped 35 yards for a marker. Jones' try for point failed. The second stanza opened with a 16-yard run by Kirkpatrick for 6 points. A short time later Cornell's pass to Ricketts was good for 45 yards and another 6 points. Score at half, West Texas 18, Portales 0.

The second half saw a continuation of fine line and backfield play by the West Texans. Runs by backs Cornell, Hill and Richardson repeatedly placed the ball in scoring position where "Burly" Brock plunged it over. Brock personally accounted for 18 points in the last half, while the Greyhounds were countering with a touchdown of their own.

Starting lineups:	
Frosh	Greyhounds
Ricketts 1e	Head
Clay 1t	Sanders
Mangould 1g	Hazlewood
Griffin c	Baker
Horlander rg	Mills
Gillis (cap.) rt	Howe
Jones re	Powell
Watson q	Madison
Hill rh	Stockton
Brock fb	Willis
Richardson lh	Woods

First downs: Frosh 19; Greyhounds 3.

Dr. Lancett: Mrs. Bjones, your little boy is all right. All he needs is a little soap and water three times a day.

Anxious Mother: Before or after meals, doctor?

the five outstanding coaches in Kentucky.

Coming to West Texas Coach Curtice found a great freshman squad waiting for him and out of one hundred or so boys that reported, Curtice has built a unit that is likely to overshadow all the Frosh teams of the past. An inkling of their strength is seen in the rousing 38-7 shellacking they handed out to the Eastern New Mexico Greyhounds—a trick that the Frosh here hadn't been able to turn for quite some years.

Buffalo Netmen Prime for Tilt With NMMI

Priming for their opening engagement against the strong New Mexico Military Institute Cadets, the Buffalo netmen are working out daily under the veteran eye of Coach W. E. Lockhart on the College's four new concrete courts.

New faces and some old ones are sprinkled in the 1938 edition of the West Texas racquetmen. Frank Kelley, John Hill and Lynard Riley remain of the old guard, but they are supported by a bumper crop of former high school stars. Bobby Childers, southpaw from Pampa, and winner of district one last year; Craig Davidson, district winner from Lubbock; Bill Ferrell, who played number 1 doubles for Amarillo high school; Glen Milner, a rapidly improving player and Billy Smith, reserve from last year's squad are some of the new recruits.

A schedule has not been definitely arranged for the fall season. The teams booked and their tentative dates are: New Mexico Military Institute, there, Oct. 15; Texas Tech, there, Oct. 22; Panhandle Aggies, there, Oct. 29; Texas Tech, here in the early part of November.

On all week days the hours between 3:30 o'clock and 5:30 p. m., have been reserved for varsity practice.

W. T. Mermaids Will Swimming Contest

The girls' swimming club of W. T. has received a bid from the University of Texas to participate in a telegraphic swimming meet to take place between Feb. 15 and March 15. Colleges in Texas and in nearby states will take part. The exact events to be run have not yet been ascertained, but training will start at once.

The meet will be sponsored by the state organization of women's athletic associations and will be conducted along the following lines: Each school will hold meets and send the results in to the hostess school. Then the names of the winners and the time for each event will be sent back to the competing schools.

All girls who are interested in entering are urged to attend swimming club each Monday night at 8 o'clock at the indoor pool.

Dow Making Good As Blocking Back On Pro Team

Lwood Dow, former Buffalo full-back and member of the Little All-American football team is making good as the blocking quarterback of the Philadelphia Eagles of the National League.

He has started all the games at quarterback, and has played all but a few minutes of each. He never carries the ball. However, he scored a touchdown in a game against the Pittsburgh Pirates on a pass. The Eagles are expected to win the championship of the eastern division of the National League. Dow has been featured frequently in pictures and stories.

Eight of the Eagles in the starting lineup are Texas boys. They are Ellis, Stockton, Harper, Hughes, Keeling, Carter, Dow, and Arnold.

Because of his line-cracking ability, Dow was used as a fullback here, but his becoming a blocking quarterback was no surprise to Coach Al Baggett, who knew of his all-around ability. Dow was recently joined by Mrs. Dow, and they are making their home at 2116 West Venango St., in Philadelphia.

Golf Prospects Brightest In W. T. History

Enthusiastic over some of the best looking prospects in the history of the school, golf Coach W. E. Lockhart is making rapid strides toward molding a formidable quartet before they tackle their first opponent later in the fall.

James Croom, winner of several Panhandle tournaments, who recently broke the course record on the Tulla Country Club, and John Primrose of Owensboro, Ky., are staging a nip and tuck battle for the number one niche. Dick Kilgore, young Pampam, and Lowell LaFon, Clovis, N. M., round out the four-man squad. Forrest Faulkner, who is on crutches suffering from a leg injury, will undoubtedly join the squad later in the year, as will Clyde Posey, ranking player from last year's team.

The team will take three trips in the spring. They also plan to play several matches in Amarillo and country clubs of the surrounding towns.

A Taste of Sports

By **LYNARD RILEY**

The battle staged Friday night on the Lions' field at Commerce has been tagged by someone, "a battle between the East and the West." There is still some doubt about which team was the better that night. The Lions did come off the turf with a one-point margin but the Bufs more than made it up in spirit. What is sweeter than to see a team come back in the last half and play uphill football till the final whistle?

Co-captains Blake Lyde and Henry Fields played their hearts out in the game. Both were near the stage of collapse as the game ended. The team of last year and this year made a splendid choice in picking these two courageous fellows to lead the herd. Incidentally Blake used to jerk sodas behind a fountain in his high school days, while Henry's youth was devoted exclusively to ranch labor on his combination farm-ranch.

Meet a fellow you all ought to know: Fresh from coaching at Owensboro, Ky., Jack Curtice, new freshman coach, along with other feuding Kentuckians, has come to Texas, where a traditional-
