

Senate Starts Work on Better Social Program

A questionnaire designed to determine the number of students who dance and to find what type of entertainment is most desired by students, was distributed in the general assembly Saturday morning.

The questionnaire is the first step in the Student Senate's effort to provide the campus with a more complete social program. Lawrence McBee was appointed Tuesday to head a committee to draft a new program for the entire campus. Other members of the committee are Billy Norman and Dick Smith.

Results from the survey had not been tabulated late yesterday, but the committee will report its findings to the Senate this afternoon at 4:30 o'clock. The questionnaire provided blanks for suggestions for campus entertainments. These suggestions will be considered by the Senate this afternoon, although it is thought likely that many of the suggestions will call for equipment which cannot be provided by the school at the present time.

The Senate will also hear reports from a committee appointed last week to formulate plans to assist in West Texas State's drive for a new science building. Members of this committee are Taft Holloway, Marvin Miller, and Margaret Esther Hill.

Story of Lincoln Fascinates W. T. Student Assembly

W. T. students were fascinated Saturday by a new interpretation of an old story when Dr. Ray K. Immel, dean of speech at the University of Southern California, read a monologue depicting the virtues of Abe Lincoln.

A little country store where Lincoln had visited was the scene of the story, and an old chair where Lincoln had sat and swapped yarns with the storekeeper, Billy Brown, became the starting place of the storekeeper's tale. Someone had asked the storekeeper if he had known Lincoln, and he related a long story which traced the career of Honest Abe through the White House, re-election, and later to his death. The story gave many descriptions of the honesty and other virtues of Lincoln related by a man who had known him well—Billy Brown.

The monologue was written by Ida M. Carvell and has been classified as the best tribute to Lincoln in prose.

Dean Immel was scheduled to speak here Jan. 7 originally. His appearance was sponsored by the local speech department, and he was introduced at the student assembly by Dr. Baxter M. Geeting, acting head of the speech department and a graduate of U. S. C.

Dr. Immel has written several books on speech work, and his latest is "Speech Making," which was released only two months ago.

Lettered Sweaters For West Texas' Feminine Athletes

Another group of students will be displaying new athletic awards in a few weeks. Maroon sweaters with white "W. T. Team" across the front were ordered Thursday by eight members of the Physical Education Majors Club.

Freshman who won sweaters were not permitted to order emblems.

Upper classmen who will receive sweaters are: Ivey Howard Terry, Imogene Dalton, Betty Lou O'Brien, Opal Pinnell, June Cope, and Romona Hamblen. Freshmen are Doris Gee and Maybelle Tomlin.

WILL PRACTICE LAW

Edwin Boedeker, graduate of West Texas State, recently was granted a license to practice law in this state. He is now a student in Baylor University. He plans to open a law office somewhere in West Texas next summer. Boedeker, son of Mr. and Mrs. T. H. Boedeker of near Plainview, taught three years at the Aiken school east of Plainview and was principal at Girard two years.

WRITES CHRISTMAS TABLEAU

Miss Ruth Lowes, W. T. education teacher who is on leave of absence and studying in the University of Iowa, is the author of a Christmas tableau printed in the December issue of Childhood Education magazine. Detailed suggestions were given for staging the exercise.

Personality Queen Vote Opens Today Under New Ruling

Only those students who have turned in class pictures for Le Mirage, college yearbook, will be eligible to vote in the college personality queen election it has been announced by the Student Senate.

Balloting will start today, and will continue until the close of this semester Jan. 26. Those who wish to vote must bring their ballots to the publication office and turn them in to Sam D. Durton, Le Mirage editor, or Margaret Esther Hill, business manager.

Nine Nominees
Nine co-eds were nominated for personality queen in the general assembly Saturday. Those nominated are: Gaynelle Douglas, junior from Silverton; Dorothy Dickenson, senior from Silverton; Marian Miller, freshman from Claude; Ernestine Ballard, sophomore from Amarillo; Charlotte Alice Tubb, senior from Canadian; Betty Jean Ball, sophomore from Tucumcari, N. M.; Mary Kerr, freshman from Vernon; Dolores Little, senior from Borger; and Kate Donnell, sophomore from Canyon.

Co-eds for the Le Mirage beauty section will be chosen from photographs by an outside judge. Those nominees from each class will be eligible for the honor. Members of the senior and sophomore classes chose their nominees in class meetings last week.

Senior, Sophomore Nominees
Representing the senior class are: Reba Pool of Groom; Dorothy Dickenson, of Silverton; and Dolores Little from Borger. Sophomores are Betty Jeanne Ball of Tucumcari, N. M., Trula Mae Phegley of Lockney, and Mary Collins of Canyon.

Each of the beauties selected will be given a full page in Le Mirage, and two pages will be devoted to the personality queen. The queen will also be crowned in a special ceremony late in February, and the three beauties selected will attend her.

Just One Honor After Another For Joe Hill

Joe Hill, son of Dr. and Mrs. J. A. Hill, recently relinquished one honor at the University of Texas and acquired another.

On the same night that he retired as president of the University branch of the American Society of Mechanical Engineers, he was elected president of the Pi Tau Sigma fraternity, a national honorary society of mechanical engineers.

Young Joe will complete his work at the University of Texas next spring. Then he will either continue his studies in the University of Michigan or join an airplane manufacturing firm. His chief interest is aviation engineering.

A Story of Dead Hands in Their Beer and True Hospitality Related by Three Travelers

Countries where the inhabitants stir beer with dead human hands, where the people sleep outside in order that travelers may enjoy the comforts of their homes, and where the natives have never seen a bicycle or an automobile have been for six years the playgrounds and workshops of three young graduates of the University of Bombay in India, who spoke here Wednesday.

Kalkee Kharas, Rustam Ghandhi, and Ruttan Shroff, International Relations Club speakers, who spoke Wednesday night, have traveled 39,000 miles on their bicycles since 1933. They plan to continue their trip four more years.

Bombay to Europe

The account of their trip from Bombay to the European continent was told by Kharas. "Other nations do not have the right conception of India," he said. "Most people think ours is a land of snake charmers."

"We are not Hindus," he continued. "Hindu is the name of a religion." All of the men were descended from natives from Persia who fled to India more than 1300 years ago to escape religious persecutions.

Kharas revealed that in India the boys are first given a chance for an education, and if there is enough money, the girls are allowed to go to school. There the students learn their provincial language during their first three years in school and then begin the study of English, since India is under English rule.

Experience Difficulties

The travelers experienced many

W. T. Men's Chorus Feature of Today's Assembly Program

West Texas State's Men's Chorus of forty-two voices under the direction of Prof. Wallace R. Clark were scheduled to appear at the regular student assembly today.

Compositions by five modern composers were included on the program with four American folk songs and two old English songs.

The program included:

Morning _____ Oley Speaks
Drink to Me Only With Thine Eyes _____ Old English
Passing By _____ Purcell
Sylvia _____ Oley Speaks
I Love a Parade _____ Arlin Stoutharted Men.

_____ Sigmund Romberg

Battle of Jericho _____

_____ arr. by Bartholomew

Hoo-day Day _____ arr. by Bartholomew

Sourwood Mountain _____ arr. by Main

The Old Barn Dance _____ arr. by Lorenz

Duna _____ McGill

Thanks Be to God _____ Dickson

The popular group will be featured over station KGNC in Amarillo on Monday, Jan. 23, at 8 o'clock. Prof. Clark will direct the chorus in a fifteen minute broadcast. Miss Frances Usery is accompanist for the group.

Girls Participating In Volley Ball Play Will Get Awards

More than one hundred awards will be presented to girls participating in intramural volleyball, it has been announced.

Members of the two winning teams, McGehee and Cousins, and the outstanding member of each team participating in the tournament will receive letters, and a buffalo head, symbolizing that they took part in intra-mural sports. The other 81 girls who played in the tournament will receive only the buffalo heads.

This is the first time in several years that any kind of awards have been made to girls. There has been a reorganization of the Women's athletics to make it more on a recreational basis. For the first time this year a recognition is being given to everyone taking part. Miss Hazel Evans is in charge of intramural sports.

The letters, buffalo heads, and a plaque for the winning team—McGehee Lodge—will be presented at a tea in the home economics dining room Friday evening from 5 until 6 o'clock. Physical Education majors and captains of the team will be co-hostesses.

Yearly Enrollment Hike Reported by College Presidents

Each year since 1933, state-supported colleges of Texas have been called upon to accommodate a 10 per cent increase in enrollment over the previous long session, it was revealed at a conference of the senior college presidents of Texas, attended by Dr. J. A. Hill in Austin last week.

The increase since 1936 has been 6,088 students, bringing the total in the state-supported institutions to 34,360. Registration this term was even more accelerated, and indications point to another hike in the fall of this year. Legislative appropriations, based on a per capita system, are directly affected by the increases. This basis of support now is \$175 for each full time student on the lower class levels, \$225 for each student on the upper class and graduate levels, and in addition thereto \$25 for each full-time student in technical courses. Estimates for the coming biennial have been formulated on the basis of a continuation of this formula.

Less Than Other States

A comparison of the appropriations for higher education in Texas with those of other progressive states showed that this state is spending a smaller per cent of the tax dollar for the purpose. Missouri and Wisconsin are spending twice as much as Texas, calculated as a percentage of the tax dollar. Of the total state expenditures, the amounts spent for higher education in typical states were: Missouri, 8.48 per cent; Wisconsin, 7.96 per cent; Iowa, 6.58 per cent; California, 5.75 per cent; Illinois, 5.23 per cent; Minnesota, 4.15 per cent; Texas, 3.75 per cent.

This comparison is of 1936-37. Over the same period, Texas expended a total of \$144,572,102.11, of which the amount for higher education was \$5,424,595.36.

Increases during summer sessions were not considered in showing that 62 per cent more students attended Texas state colleges during the year 1937-38 than a decade earlier. But while enrollments increased 62 per cent in this period, appropriations increased only 6.3 per cent.

Need for Expansion

The comparisons were made to show the burden which the state institutions have been carrying in meeting rising demands, and to indicate the necessity for some plant and personnel expansions in the coming biennium. Instructors in Texas Colleges are carrying almost intolerable teaching loads as one means of providing for larger student bodies.

Seva Welch, '38, is spending a winter vacation in the mountains at Williams, Ariz. She expects to return soon to Texas.

Robert Earl Linder, '39, has been elected to a position in the Floydada Schools.

Buffaloes Make Home Cage Debut With Victory Over St. Mary's Rattlers

Chairmen for Press Contests Will Be Chosen Tomorrow

Committee chairmen to assist with entries in the Texas Intercollegiate Press Association will be appointed at a meeting of the Type High Club tomorrow at 12:45 p. m.

Chairmen, with the aid of Prof. Olin E. Hinkle, director of journalism, and members of the English Department staff, will select the best material from that submitted by students. The T. I. P. A. contests are open to all students of the College as well as members of publication staffs.

Type High members are assisting with arrangements for the annual meeting of the Panhandle High School Press Association which meets here Feb. 4. West Texas State was made the permanent headquarters of the organization last spring, and Prof. Hinkle was elected adviser. Members of the W. T. High School and the Canyon High School newspaper staffs are also assisting with arrangements for the meeting.

Kirby Page, Author, Will Visit W. T. Campus Feb. 2

Kirby Page, author of "Must We Go to War," one of the latest volumes of national interest, will visit the campus Feb. 2, as a guest of Y. W. C. A.

Mr. Page has made a definite contribution to the study of the ethical view of economic and social relations.

"Must We Go to War?" has been ordered by the local library, and should be on the shelf early this week.

Following is an evaluation of the volume from Booklist: "It is a realistic examination of present and past causes of today's tension which seems to point inevitably to a world war. No powerful nation is shown to be lameless. It considers in detail the foreign policy of the United States and international action which will help to keep this country out of war. One chapter contains thirty-one suggestions for peace action to be undertaken by the individual."

Co-Eds Trapped in Room With Musty History Documents

Historical documents may be interesting to read, but it's no fun to be locked up in a room full of them! Such is the opinion of two W. T. co-eds who spent an uncomfortable half hour in the document room of the Panhandle-Plains Historical Society museum.

The two girls visited the museum to obtain material for term themes. After gathering their data, they tried the gate of the room but were unable to open it. Concluding that the gate was locked and being unable to attract anyone's attention, one of the girls finally managed, not without much difficulty, to climb over the iron gate. She called the person in charge to open the gate and rescue her companion.

However, to the surprise and chagrin of both girls the gate was not locked but merely stuck when they attempted to open it. Embarrassed by the smiles of the other museum visitors, who had been attracted by the commotion, the blushing girls rushed from the building, clutching their documental material tightly in their hands.

FILM FOR SWIMMING STUDENTS TODAY

A motion picture dealing with swimming and life saving will be shown this afternoon at 4:30 o'clock in the auditorium of the Education Building.

All students who wish to attend are invited, and girls enrolled in swimming classes are required to attend.

ON EXECUTIVE COMMITTEE

Of the sixteen persons who compose the executive committee of the Texas State Teachers Association, three are ex-students of W. T. They are Superintendents A. D. Cummings, Floydada, Joe R. Humphrey, Olney, and Neville Wrenn, science teacher at Hereford.

Patronize Prairie Advertisers

Raymond Shackelford, tall West Texas center, used his hook-shot with rare accuracy last night in Burton Gymnasium to lead the Buffaloes in a 59-32 rout over the shorter St. Mary's University Rattlers.

Shackelford paced the scoring activities with 19 points followed by Crowell, Rattler center with 13. Joe Hayes, Buff speedster, handed his teammates an early lead by tossing in 3 baskets in rapid-fire order. Captain Lother Stephenson, cool and precise, turned in the stellar defensive performance of the evening.

With but a few minutes of play time remaining the Rattlers, unable to work the ball in close for crisp shots, turned to long range firing and rifled several in before the final whistle blew.

Ernest Schur gave the crowd a last minute thrill when he made a basket from the center of the court as the game ended.

Full squads of both teams were used during the game.

Coach Baggett's taller West Texans outplayed the Rattlers all the way in the first of the two game series.

A large crowd of students and stage fans filled Burton Gym to cheer the Bufs in their opening game of the season.

The two teams play the last of the two game series tonight in Burton Gym. The game is again slated to start at 8:00 o'clock.

IRC Program on Theories of Reform Tomorrow Night

By Jerry Manzer

The Speech Forum, "Advocating Theories of Social Reform" which was originally scheduled for last week's meeting of the International Relations Club will be held tomorrow night in Room 202 of the Education building at 7:30 Communism, Socialism, Conservatism, Progressivism, Liberalism, and Fascism, will be discussed by Alton Paul, Glen Davis, Ruthe Klein, Elizabeth Wood, Neil Stevenson, and Paul Smyers. Dr. Baxter M. Geeting of the Speech department will conduct the forum.

The Forum seeks to present each of these theories from an intelligent point of view. With so many "isms" crowding the minds of the world today it behooves the college student to take advantage of this opportunity to get at the bottom of the situation and derive an honest opinion of the real facts presented. That is the thing that makes your opinion one to be respected and makes you a person of prominence in your daily associations. The complicated maze of modern civilization makes it necessary that you be in a position to know. The time is not far off when you are going to be called upon to make a decision in these matters. Are you going to be prepared?

ATTENDS MEETING OF COACHES

Coach Anthony Dougal, assistant West Texas State coach, attended the forty-second annual meeting of the College Physical Education Association, combined with the National Coaches Association held in Chicago during the latter part of last month.

A series of panel discussions were led by such leading coaches as Lou Little of Columbia University, Elmer Layden of Notre Dame, and representatives from Harvard, Princeton, Stanford, and Rice.

W. T. Exes are prominent in work of the Business and Professional Club at Plainview. Planning for the Pioneer Roundup which is an annual occasion are Maxine Sloneker, '39, Mattie Jordan, '29, and Augusta Uhl, '38.

Mody C. Boatright, '22, now a member of the faculty of the University of Texas, is co-editor of "Coyote Wisdom," a new publication of the Texas Folklore Society. Mr. Boatright is author of another book entitled "Tall Tales."

We don't have anything to advertise BUT—Blue Books, fountain pens—for finals. Confections, sandwiches, malts, candy—for energy to stem the tide of the final test. THE COLLEGE OASIS.

Blake Lyde, '39, has been elected to teach history and coach at Loop, Texas, where J. G. Miller, '36, is superintendent. He begins his work Jan. 23.

Photo Exhibit is Now in Museum

The Panhandle section's first general photographic exhibit is on the walls of the art room of the Panhandle-Plains Historical Society museum here—99 prints selected by a salon jury from a larger number submitted.

The grand prize went to J. G. Dickenson of Amarillo, whose toned print, "Butane Tanks," won unanimous praise from the judges. Second place went to C. W. Seibel of Amarillo for his print of a statue of Abraham Lincoln, entitled "Let Your Light So Shine." H. C. Pipkin, Amarillo attorney, won third and fourth places with "Green Grapes" and "Ranch Bell." "Topper," a portrait of a dog, won fifth place for W. L. Pearson of Plainview. A small group silhouetted on the rim of a horizon, the work of Lemore N. Hill of Borger, was the winning subject matter for sixth place.

Honorable Mentions

Honorable mentions granted by the jury included:

"Experience," by Carl Benefiel, Pampa; "Sylvan Pass," by W. L. Darrah, Amarillo; "Storm Over Tinaja," by J. L. Stroud, Amarillo; "Neighbor," by Fred Hart, Canyon; "Power," by S. D. Burton, Canyon; "Sthelli," by Floyd V. Studer, Amarillo; "Dallas Mill," by R. R. Jarrett, Amarillo; "Glenn," by D. W. Godsey, Amarillo; "Winter Blossoms," by C. Don Hughes, Amarillo; "Summer Clouds," by Bud Wilson, Amarillo; "Anticipation," by J. G. Dickinson, Amarillo; "North Shore," by R. R. Jarrett, Amarillo; "Coast Guard," by D. W. Godsey, Amarillo; "Cowboy," by W. L. Darrah, Amarillo; "Colts," by H. E. McCarley, Pampa; "From the Opey House," by Raymond Holbrook, Amarillo.

Many of the prints are photographically splendid and well composed, in the opinion of the judges, who were Jack Edwards and John R. Korkner of Amarillo and Miss Isabel Robinson, head of the West Texas State College department of art.

Photographic Artists

"There are many fine photographic artists who make their living doing something else," it was pointed out by Mr. Edwards.

More than two hundred persons saw the exhibit Sunday afternoon as it was being placed on the walls. Thousands are expected to see it, and other museum attractions, during the remainder of this month. The museum is open from 9 to 12 and 2 to 6 o'clock daily except Sunday, when the hours are 2 to 6 p. m.

The exhibit is sponsored by the College department of art, with Olin E. Hinkle, director of journalism, as the director.

FATHER JANSEN TO DISCUSS 'COMMUNISM AND THE U. S.'

"Communism and the United States" will be the subject of the Rev. Charles Jansen's discussion at the weekly meeting of his discussion group in Room 202 of the Education Building at 7:30 o'clock Thursday night.

FRESHMAN CLASS MEETING

President Arvo Goddard has called a meeting of the Freshman class Thursday at 11 o'clock in the auditorium to nominate candidates for beauty queen and to discuss a class party.

This Week

Today
4:30 p. m. Student Senate.

Wednesday
12:45 p. m. Type High Press Club.
6:30 p. m. Delta Zeta Chi Formal Initiation, 2008 Sixth Ave.
7:30 p. m. Tri Tau, Ed. Building.
7:30 p. m. I. R. C., Room 202, Ed. Building.

Thursday
11:00 a. m. Freshman class meeting, auditorium Ad. Building.
11:00 a. m. Sophomore class meeting, room 211.
8:30 p. m. Father Jansen speaks on Communism and the U. S., room 202E.

Friday
5:00 p. m. Volley ball Tournament Tea.

Saturday
8:30 p. m. Delta Zeta Presentation Dance, Ballroom, Cousins Hall.

Monday
8:00 p. m. Men's Chorus broadcast over KGNC.

"Though we travel the world over to find the beautiful, we must carry it with us or we find it not."—Ralph Waldo Emerson.

Dallas Columnist Gives W. T. Boost in Drive For Science Bldg.

As a rule, college professors ignore this column. No doubt they are justified in reading some other parts of the paper, and leaving this alone, for college professors get as far away from juvenility as possible after leaving their various classrooms. We are not saying we are juvenile, but we are fresh. At any rate, we have a letter from a professor working in West Texas State Teachers College, Canyon, and he is not feeling as good as he ought to. "We now have more than 1,000 resident students, hence we are larger than the average college in America," writes our professor. "We have and have had hundreds of students from dust-bowl farms and ranches—students who are able to live on as little as \$15 a month here. These students thumb rides to and from college two or three times a year, and they need an adjacent college where they can live frugally without embarrassment." It is true.

A little college well taught is like a little farm well tilled—a substance and support for intelligence and ambition. The Canyon school needs a new building, our friend the professor, says. "We are asking for our students a new science building," we read. And why not? Some may have prejudice against the smaller colleges because they are supposed to lack the facilities for instruction had by the larger and better advertised institutions. But scholarship is in the scholar, not in the school. The big, expensive and famous seats of learning have their place in the educational life of our country, but the smaller and more localized institutions have their places also. Many a youth has found his start and his inspiration in a small school relatively near his home, without which he could not have hoped to gain a foothold in the world of art and letters and the sciences. State Press hopes the Canyon school will get its building and that it may long continue to afford collegiate facilities for young men and young women within neighboring distance.—State Press (J. J. Taylor, editor) in Dallas News.

THE BUREAU OF STUDENT OPINION

Importance of student opinion is being recognized by the nation-wide interest shown in the results of the Student Opinion Surveys' reports. All classes and sizes of colleges are included in the bureau's membership of seventy-one.

The Bureau of Student Opinion sponsored by the Daily Texan at the University of Texas was formed under the guidance of Joe Belden who was also responsible for starting the national bureau. Mrs. Roosevelt is included in the number who advocate the plan.

Recently a Mutual Broadcasting coast-to-coast hook-up carried a discussion on the national opinion bureau, and the results of recent surveys of student opinion on national and international situations is considered opinion of the citizens of the future.

These polls conducted through co-operative college branches are primarily attempts to sound out student thought.—D. H.

IMPROVE YOUR READING ABILITY

The average college student of today must read five times as much as the older generations did. Just keeping up with those English and history assignments requires some sprinting.

Well, wouldn't it be nice to improve one's reading speed from 50 to 100 per cent? It can be done.

Best results are obtained from the use of remedial machines for that specific purpose. But a little practice will work wonders.

Now get a rough estimate of your speed by reading an ordinary page of textual material and having someone keep time. At the end of one minute, count the number of words read. As a college freshman you should cover 300 words a minute; as a senior, 350. An ordinary adult can work up to 500 words a minute easily with practice. Some reviewers average 750.

With your deficiency in mind (Americans as a whole are a nation of reading cripples) try the following recipe for speeding up reading and, incidentally, speeding up education:

1. Don't say the words to yourself.
2. Read by phrases, not word-by-word, and force yourself to absorb the meaning at a glance—one glance. Never glance back. This is the largest time consuming habit.
3. Read rhythmically. A metronome, or even beating time with the hand, helps at first.
4. Force yourself to read at a glance a little faster than is comfortable. Disregard your inability at first to grasp the meaning satisfactorily.
5. Approach your reading with an attitude of genuine concentration. The more purposeful your reading, the more rapid it will be.
6. Eliminate whispering and pointing.
7. Try to anticipate the author, so it won't be necessary to read every word.
8. Learn the art of skipping.
9. Finally, progress from phrase-reading to sentences and even paragraphs.—T. C. U. Skiff.

COLLEGIATE CHATTER

Edited by Jerry Manzer

Believe it or not, but here is the unvarnished truth. Activity chatter is running shy this week because students of this institution are having to study. From every nook and corner there seems to come the same answer. What can be the meaning of this? And all after I sent out warning last week that one should not let studying interfere with his college education. Will someone please tell me what this college life is coming to?

Since we are in a more serious mood, however, it is not too early to begin our job as host to the Panhandle High School Press Association which meets on this campus February 4. We must remember that we are playing host to about 250 high school students from over the Panhandle and it is our duty to show them the time of their lives. They are potential college students and we cannot afford to let them turn their eyes away from W. T. Let's hang out the hearty welcome to these youngsters and send them away as walking, talking, advertisements for our institution. That is the thing that gives us pride in the joy of living.

And there's the one about the girl and the setting sun, but I'll have to wait for Dutch Longhine to tell you that one. Meanwhile Senator Billy Norman of the sophomore class tells me that the new song hit, "It Makes No Difference Now," is going to be his theme song after final examinations.

The new organization on the campus, The Royal Order of the Hog Callers, went on a spree Saturday night according to the latest report. The president and the vice-president gargled throat-medicine to ease the longing pain in their throats, until they were no longer able to call hogs or indulge in any preliminary procedure. Free cigars were passed to the general public by Senator Philbert Schuhart. Buzzy Stapleton was injured when Senator Schuhart differed with him about some trivial matter.

At the senior party Saturday night during intermission, Alton Paul, Jerry Knowles, and several others gave Randall Hall the bum's rush. For at least one hour they sat and rang bells and all but two of the girls were rung. Appeared at last, they with their spouse, went to the remainder of the dance.

Cousins Hall was awakened at 6:30 a. m. by a thickly said, "Change partners and dance!" When they looked out of the window, what they saw but a car on the front lawn. During the next half-hour Cousins Hall was presented with an assortment of music never before equaled. In an undertone was heard, mingled with the assorted music, such exclamations as, "Ain't she pretty," and, "Change partners and dance." For particulars see some of the town's chronic drunkards.

Why is it that Amarillo boys fight over Canyon girls? Further details will be furnished by Mary Kate Bourland and Jerry Dodd.

PRATTER (F. W. L.)
Congratulations to the new nominees for personality queen of the College. A group of very beautiful young ladies have been nominated, and may the best woman win.

It is reported that Peg Word is giving our honorable bus driver, Guy Ivey, the old maid's rush. Luck to you Peg.

Dick Smith of Canyon sends us this one with all his love: "The height of indifference is, when a man sees a black speck in his pudding and doesn't give a hoot whether it is a fly or a raisin."

Bill Ferrell and the McGowan twins have something in common. Who's afraid of the big bad wolf, eh girls? Bill didn't you know that women would drive you to an early grave?

TRIPS WE COULD DO WITHOUT
Trips to the Dean.
Trips to the Library.
Trips over the curbing.
Trip-lets.

THE PARTS OF SPEECH
NOUN: What you call your girl. There are proper nouns and common nouns. The proper noun is what you introduce her to other folks by. The common noun is "dear."
VERB: What freshmen and vers librists try to write sentences without.
ADJECTIVE: A word of richness and vigor which must not be used in polite society.
CONJUNCTION: What you stall around with when you don't know what to say.
ADVERBE: What you use to split an infinitive.
ARTICLE: Word of indefinite value, depending whether you are writing a telegram or a thousand word theme.

EPITAPH
Breathes there the man with soul so dead
Who never to himself hath said—

the committee in charge refused payment unless the details were specified; whereupon he presented the items as follows:
For correcting the Ten Commandments \$5.12
Embellishing Pontius Pilate and putting new ribbons on his bonnet \$3.02
Putting new tail on rooster of St. Peter and mending his comb \$2.20
Replumbing and gilding left wing of Guardian Angel \$4.17
Renewing Heaven, adjusting the stars and cleaning up the moon \$7.14
Touching up purgatory and restoring lost souls \$3.06
Brightening up the flames of Hell, putting new tail on the devil and mending his left hoof \$7.18
Rebordering the robes of Herod and adjusting his wig \$4.00
Cleaning Balaam's Ass and putting on new shoe \$1.70
Putting ear-rings in Sarah's ears \$2.04
Putting new stone in David's sling and extending Saul's legs \$6.13
Mending shirt of Prodigal Son and cleaning his ear \$3.90

The Eyes Have It—Kaki Westmoreland.
You must have been a Beautiful Baby—Elwin Ricketts.
There ought to be a moonlight saving time—George Wright and Dorothy Dickenson.
Summer Souvenirs—Kay Sawyer.
Don't Tell a Soul—Ruth Roberts.
Small Fry—Pattie Smith.
I Love Me—Lanny Line.
You Gotta Be a Football Hero—Foster Watkins.
Whispering—Jack Pate.
Alone—William Mayo Fields.
It Isn't Fair—Peggy Word.
Say It With Music—E. C. Carver.
Deep in a Dream—Bill Cone.
Deep as the Ocean—Bill Ferrell.
Cross Your Heart—Jerry Manzer.
Take Me Out to the Ball Game—L. Riley.

CELESTIAL PRINTS
You call them stars, But I know They are the footprints of Angels. Every night, God's Angels walk across the sky; And where they step, Golden dust glistens till dawn. Call them stars if you will. I know They are the footprints of Angels. —Beth M.

PROVERB
You may be a genius, But Try to make a moron Believe it. —B. M.

GIFT
Beloved, know that I trust you: Know that I have confidence in you. More than my faith I can give to none: It is the greatest I can give, And I have given it to you. —B. M.

PSALM FORTY-TWO
As pants the heart after the water-brook, So pants my soul for thee, O Lord; I thirst For thee! In vain, through tears, O God, I look For thee. 'E'en in the temple, 'midst the burst

Of praise, I longed for thee. My soul is sore! O let my soul recall thy mighty love! Thy blessing shall sweep over me! Once more, I know thy songs shall thrill me in the night! And I will say to thee: Mighty Rock of My Soul, why hast thine heart forgotten me? Why do mine enemies reproach my sight, And cause my soul to question after thee? Be not cast down within me, Soul, but praise The healing God, and hope thou in his ways! —Mary Beth M.

MRS. IRENE J. BECKETT AND PARK CHAMBERLAIN MARRY
Mrs. Irene J. Beckett, daughter of Mr. and Mrs. George Jones, and Park L. Chamberlain of Clarendon were married at the First Presbyterian Church here Friday evening with the Rev. Alfred M. Dorsett officiating.

Mrs. Chamberlain attended high school here and was graduated from West Texas State College. She has been instructor of art and drawing at the Memphis Junior High School for the past two years and has taken an active part in the Palo Duro School of Art.

Mr. Chamberlain, son of Mrs. B. W. Chamberlain of Clarendon, received his education at the University of the South and the University of Texas. He succeeded his father, the late B. W. Chamberlain, pioneer of Donley county, in the ranching industry.

Those attending the wedding were Mrs. George Jones, Edith Joe Beckett, Mr. and Mrs. Richard Gidden, of Canyon, and Mr. and Mrs. Jerome D. Stocking of Clarendon.

Mrs. Gidden attended the bride, and Jerome Stocking was best man.

Mrs. T. V. Reeves is speaking to the Presbyterian Women's Auxiliary and Guild today at the Presbyterian church.

Miss Isabelle Robinson, head of the W. T. Department of Art, spoke on "Art and Religion" at the Presbyterian Christian Endeavor Sunday evening.

Supt. Blake Bolton and Prin. H. H. Jackson of Dalhart were interviewing prospective teachers here Thursday.

Rutgers University has opened a new course for city officials in the fundamentals of municipal finance.

A scientist at the University of Michigan has uncovered evidence which he says indicates that the first barbecue was held 1100 years ago.

SPEAKS AT DEDICATION
President J. A. Hill made the principal address at the dedication ceremonies for a new gymnasium, manual training room and home economics room at the Adrian public school Friday afternoon, Jan. 6. He stated that Adrian had one of the most modern school plants of any town its size in the Panhandle. J. C. Baker, Jr., Mr. Hammit, and Mrs. Levi, W. T. exes, are on the faculty of the school. Mrs. Hill and J. C. Baker, Sr., accompanied President Hill to the ceremonies.

Supt. Knox Kinard of Hereford visited the campus Thursday.

Eight Members TriTau Presented At Formal Dance

Friday the thirteenth lost its conventional meaning to eight W. T. eds Friday night when their status was officially changed from Tri Tau pledge to member at the organization's formal presentation dance held in the ballroom of cousins Hall.

New members were introduced by President Bryan Morgan as they entered the ballroom through the Red Room door which was surmounted by a large silver "T."

The ballroom was cleverly decorated in the club colors, red and gray. Large club emblems were spotlighted with colored lights at each end of the dance floor.

Raymond Raillard and his Top-hatters read their notes from behind huge music racks in the form of Tri Tau emblems.

Pledges and their guests were: Ernest Vernon, Mary Alice Patterson; Branch Archer, Evangeline Baker; Howard Williamson, Dorothy Yearwood; L. F. Cleek, Virginia Edmondson; Billy Cass Harter, Anne Dell Sligar; Lyndon Davenport, Martha Jo Newlin; Guy Ivey, Peggy Word; and Russell McKinley, Ruth Roberts.

Members and their dates included: J. D. Smith, Ruth Ann Hill; Ardis Patman, Dorothy McCormick; Bryan Morgan, Carmel Lee Guinn; Marvin Sams, Maxine Hoyle; Bill Klein, Jaunita Goetsche; Ed Spann, Mary Rose Keim; Dan Hemphill, Ernestine Cundiff; Chris Blomdi, Bertie Belle Culp; Lannie Line, Frances Wilkens; E. C. Carver, Ruth McCullen; Jack Pate, Jane Williams; Ira Hutchens, Edna Brillhart.

Former members of the club and their guests were: W. J. Hill, Mrs. Evelyn Dale Hill; Owen Thornton, Mrs. Kathleen Thornton; Owen Harvey, Mrs. June Guinn Harvey.

Guests included: Ralph O'Keefe, Kay Sawyer; L. G. Penick, Ruth Erma Garrett; Calvin Craig, Ruth Hill; Glenn Culberson, Doris Gee; Kenneth Hohlaus, Margaret Esther Hill; Melvyn Cullender, Jerry Tomlinson; Burwood Brown, Billie Ruth King; Dick Smith, Jane Boone; Edward Line, Kay Wakefield; Harley Goetsche, Helen Whittenburg; Bob Linder, Dorothy Powell; Malcolm Bull, Mary Margaret Pate; Jack Edmondson, Mary Collins; Ernest Schur, Maurice Hoyle; Wyndon Fain, Kaki Westmoreland; Jarold Evans, Mildred Merchant; Joe Rogers, Betty Jean Ball; Roger Townsend, Joan Thompson; Taft Holloway, Mary Walton; Raymond Raillard, Frances Pitts; Bill French, Pearl Kilmer; Leon Williams, Fernie Fry; Bill Longbine, Mary Kerr; Kenneth Gibson, Dorothy Jean Mullins; Royce Jones, Veda Mae Peterson; Paul Smyer, Ruthe Klein; Foster Watkins, Ann Palmeyer; George Wright, Dorothy Dickenson; Davis Thompson, Charlie Mae Northcutt; Alva Clary, Odessa Winkler; George Stapleton, Patricia Jean Smith; Lawrence McBee, Charlotte Tubbs; Le Roy Davie, Fernmenetta Sawyer; Chester Hunkapillar, Bette Sample; Pete Woods, Helen Eoff; J. C. Bellah, Reba Pool; Robert McKenzie, Hope Bussey; Arvo Goddard, Mavourene Gofford; Rex Galloup, Annette White; Sam Burton, Jacqueline Tabor; Robert Orton, Roberta Turner; Bill Ballard, Trula Mae Phegley; James Vaughan, Vera Storey; Bill Harris, Efflye Whitsett; Glyndon Riley, Marcelette Reid; L. B. Floyd, Nell Midclaf; A. G. Thornton, Bonnie McDonald; Louis Cole, Mildred Cole; John Hopkins, Mary Elizabeth Seeds; and Jimmy Halle, Adele Hays.

New Members of Tri Tau

Pictured above are new members of Tri Tau fraternity who were presented at a formal dance in Cousins Hall ballroom Friday night. From left to right they are: First row, Russell McKinley, Amarillo; Guy Ivey, Amarillo; Branch Archer, Canyon; Howard Williamson, Hereford; second row, Lyman Davenport, Childress; L. F. Cleek, Panhandle; Ernest Vernon, Amarillo; Billy Harter, Canyon.

With all these presentation dances coming and going, all the babes on the campus are wondering which dress to wear and why. Let's take a peek into some style notes and see what's the latest thing for evening and we might glance at other styles.

For evening, skirts are fuller than ever, and there is a definite trend for chiffon over taffeta. Many of them are done with multi-layers of sheer material. In connection with this dominance of full skirts, it must be remarked that hoops are considerably less worn, having proven too cumbersome for dancing.

There is definitely a preference for pale shade or white, but beige is the color that's really coming to the front, and also a great deal of pink. Dark colors and bright colors are making a fast exit. Rhinestone trimmings are conspicuous on frocks and another aspect of studied formality is the very low décolletage, front and back, although the strapless are fewer.

In mentioning fabrics, lace and quilted must be over-looked.

Now, go home and look over those frocks and see what you have and what you haven't.

Looking at other styles for school, have you noticed the trend toward comfort in footwear? Flatheels and anklets are the thing now. Wool suits with short coats are really having their day. The campus has taken these over as the best things to put on and wear almost anywhere.

I suppose that's about enough said for this week, but if anyone has anything they would like to add to this column, why don't you just jot it down and turn it in at the Prairie office.

Martha Faye Handley Weds John Lee At Wellington

Miss Martha Faye Handley became the bride of John Lee, former W. T. student and athlete, in a candlelight ceremony at Wellington, Saturday. The Rev. R. L. Butler of Dimmitt read the ceremony.

The bride wore royal purple with silver accessories. She carried white carnations.

Miss Mary Lee, sister of the bridegroom, was maid of honor. Charley Crouch of Amarillo was best man.

Mrs. Lee is a daughter of Mr. and Mrs. D. H. Handley of Wellington.

Mr. Lee attended Amarillo High School and Amarillo College. He was graduated here in 1938. He taught in the Farwell schools one year, and now teaches mathematics and physical education in Wellington Junior High School.

Mr. and Mrs. Lee McLaury attended the wedding from here.

HOME ECONOMICS TEA HELD TUESDAY

The Home Economics Club served a tea Tuesday afternoon in the Home Economics Dining Room. Tea was poured from a silver tea service by Margaret Walker. Nut cookies and caramels were served with the tea.

Decorations were symbolic of disappointed New Year's resolutions. A large stork formed the center piece for the tea table, and small tables were arranged in the back of the room, representing a cozy tea shop.

Home Economics teas are given twice monthly. All home economics majors are invited to come and bring their friends.

CO-ED MIDNIGHT SHOW

FRIDAY 11:00

CO-ED and ESCORT 40c ONE FOR 25c

— ON THE SCREEN — "GIRLS SCHOOL"

A picture that was made for you! with ANNE SHIRLEY RALPH BELLAMY

Variety Featured At Senior Class Party Saturday

A wide variety of entertainment was featured at the senior mid-winter social which was held in the reception room and ballroom of Cousins Hall Saturday night.

Robert Orton, class president, introduced the program in the reception room. Lynette Harter played a piano solo, "Open Thy Blue Eyes." Peggy Word sang Hogay Carmichael's "Star Dust," accompanied by Weldon Bright. A violin solo, "Song of India," was played by Kenneth Hohlaus, accompanied by Margie Wilkinson.

Music for dancing in the ballroom was furnished by Billy McEachern and his Orchestra. Table games were played in the reception room by members of the faculty, seniors and guests.

through studying the topic of "Coming of Age in Religion." It has been their purpose to apply Christianity to everyday relations in the church, society and personal life.

"What Do We Do After College" has been the problem of Ruth Reeve and Mary Byerly's group. This week they applied vocations to the public school.

The other two groups working on "Personality" and "Preparation for Marriage" have been guided by Mildred Lust, Edythe Wise, Lela Louder, and La Nelle Scheihagen. Miss Sanders spoke on "Establishing a Sense of Security" at the personality meeting.

Next semester the groups will meet in general meetings to bring out the results of the group thinking in this semester. Each interest group will be responsible for one program.

An authority now tells us that if Abraham Lincoln had studied Latin there would have been no Gettysburg Address to leave for posterity. Latin would have so changed his vocabulary that his speech would not have lived. Why didn't we learn that while we were in high school? —The Daily Texan.

Harvard University students have started a movement to provide special scholarships for citizens of Pan-American nations.

The University of Michigan has a collection of 4,000 old and rare textbooks.

Marriage is the life-goal of 96 per cent of the students enrolled in the Pennsylvania College for Women.

Exactly 125 students work on the eleven student publications at Fordham University.

Speaker-Whistler

Miss Esther McRuer of Chicago, who is a famous whistling soloist and speaker, will appear at the Presbyterian Church Sunday morning. She is a representative of the Presbyterian Board of National Missions and speaks at a Youth Conference in Amarillo Saturday before coming here Sunday.

Historical Project Will Get Under Way Very Soon

Dr. L. F. Sheffy has been named sponsor of the WPA project which has been approved for the benefit of the Panhandle-Plains Historical Society. WPA has approved \$26,094 for this project, which will be carried on in 26 Panhandle counties.

Dr. Sheffy will name a supervisor for the project within the next two weeks and a crew will be started on the work. Historical data will be gathered from each of the counties and this material deposited in the Panhandle-Plains Historical Society Museum on the campus of W. T.

A Columbia University cloakroom attendant who had been employed by the university for twenty-eight years left that institution \$500 in her will.

In the U. S. there are 675 endowed colleges and universities which have a total of more than \$1,500,000,000 in endowment.

Frances Tidwell, '39, has been elected to teach in the primary grades of the Corn Valley School, Wheeler.

Shirley Turk, '39, has been elected to teach home economics in Turkey the remainder of this school year.

Etaoin: I know that girl well. She used to sit on my lap when she was little.

Shrdlu: I know her better. She sat on my lap last night.

Restored Shovel-Jawed Mastodon Attracts Visitors

Little Johnny, visiting the Panhandle-Plains Historical Society museum here for the first time will probably call it—with exclamations—an elephant, but to scientists it is Amebelodon Hicks.

The long extinct mastodon, which inhabited these plains five million years ago, has been restored to life size and appearance and placed in the basement annex of the museum. There it gives a surprising reception to persons who turn a corner on the stairway and see the huge specimen for the first time. The model was made under the direction of Prof. C. Stuart Johnston, head of the department of geology and anthropology, by G. T. Sundstrom, a preparator of many skills.

The restoration is the only one ever made of this species of mastodon, a 4-ton, shovel-tusked vegetarian which frequented the water courses. The life-like model resembles an elephant, but has small ears and a longish body. It was modeled after bones found near Higgins. The museum staff laid out the bones—a rare find—and traced the shape and bulk before making a small model. Then work was started with timbers, paper-mache, plaster of paris, hail screen, burlap, and other materials. The completed model weighs about 400 pounds but is easily moved because it is on rollers placed under the feet.

The restoration was made possible by the fact that a WPA scientific project is providing the museum with excavation crews and specialized workers who preserve the specimens. The museum has the most complete fossil collections of record in many phases of paleontology.

Contemporaries of the mastodon which has been restored were the camel, 3-toed horse, saber-toothed tiger, rhinoceros, and bear-like dog. However, the tiger was much smaller and weaker than the one represented by a complete, and rare, skeleton at the museum, obtained from the asphalt pits of California.

A complete skull of the Amebelodon Hicks, the only one in existence, is on display at the museum. Visitors are enabled to compare this skull and other bones with the big model. Much skill was required in the modeling, but Mr. Sundstrom is an artist, sculptor, taxidermist, photographer, amateur paleontologist, and preparator of unusual versatility. He is now working on cases which will show the bob white and the lobo wolf in their native habitats.

SKIING IS EXCITING!—"But don't let nerve tension spoil your fun . . .

LET UP—LIGHT UP A CAMEL"

advises HANS THORNER Skiing expert and director of the Mount Washington (N. H.) Swiss Ski School

BETWEEN ORGANIZING CLASSES, checking up on equipment, giving exhibitions, and a host of other activities, there's plenty of nerve strain in Hans Thorner's day too! At left you see him taking his own advice about the way to avoid getting tense, jittery. He's letting up to light up a Camel. "It's a grand way to break nerve tension," says Thorner. "I find Camels quite soothing to the nerves."

Copyright, 1939, R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

WHEN BUSY, STRENUOUS days put your nerves on the spot, take a tip from the wire fox terrier pictured here. Despite his complex nerve system, he quickly halts after activity, to relax—to ease his nerves. Often, we humans ignore this instinctive urge to break nerve tension. We may even drive on relentlessly, forgetting that tiring nerves may soon be jittery nerves! Yet the welfare of your nerves is really vital to your success, to your happiness. Make it your pleasant rule to pause regularly—to LET UP—LIGHT UP A CAMEL. Start today—add an extra measure of comfort to your smoking with Camel's finer, costlier tobaccos.

EDDIE CANTOR—America's great comic personality in a riot of fun, music, and song. Each Monday evening on the Columbia Network. 7:30 p m E. S. T., 9:30 p m C. S. T., 8:30 p m M. S. T., 7:30 p m P. S. T.

BENNY GOODMAN—King of Swing, and the world's greatest swing band—each Tuesday evening—Columbia Network. 9:30 p m E. S. T., 8:30 p m C. S. T., 7:30 p m M. S. T., 6:30 p m P. S. T.

TUTORING, CLASSES, student directory work keep John H. Naylor (above) hopping. "Can't let tension 'get' my nerves," he says. "I rest them frequently. 'Let up—light up a Camel' works 100% with me. Camels are soothing—comforting."

HUNDREDS OF SKIERS have made their debut to this winter sport under Hans Thorner's expert guidance. One skiing principle he stresses is: "Don't let your nerves get tense, jittery." His advice to pupils: "Pause regularly—let up—light up a Camel."

COSTLIER TOBACCOS Smoke 6 packs of Camels and find out why they are the LARGEST-SELLING CIGARETTE IN AMERICA

Smokers find Camel's Costlier Tobaccos are Soothing to the Nerves

Buffaloes Go To Oklahoma City for Next Game

To Play Sooners In Classen Gym On Jan. 20-21

According to the calendar, the Buffaloes, following the Rattler game tonight, will prepare to move over into Sooner territory for two tilts with the Oklahoma City University Goldbugs, Jan. 20-21.

Coach Melvin Binford's Gold-shirted Bugs will be set to revenge a twin licking the locals pinned on them last year in a whirlwind melee. The tall Buffs had to depend on some sharp offensive thrusts to sift through the smaller Goldbugs' airtight defense and open the latent offensive power of both clubs. Slaughter and Bryan are back performing for the Binford crew and they are bolstered by a fine bunch of last years' freshmen including Otis Lisle, who has been playing ball with the Park's Clothiers, a widely known amateur club.

Coach Baggett has sharpened his offense by speeding up the Buffaloes game to take advantage of a quartet of speedy guards. This defensive crew breaks down the floor fast with the ball while the lanky and slower forwards and center are leaving the enemy's basket zone.

Frosh Competition Expected Soon

Possibility that competition for West Texas State's sensational freshman cage team will be forthcoming in a short time has many cage fans eagerly looking toward the future. Negotiations are being carried on with New Mexico Military Institute, Eastern New Mexico Junior College, Texas Tech, and Wayland Junior College.

Present plans call for a two-game series here and a series away from home.

The first year crew has been working out daily under the guidance of Coach Jack Curtice, and it flashes new improvements in some form every day. For years they have been literally "straining at the bit" to get at some tough competition from the outside. So far their only game has been against Amarillo College, and the one-sided score offers a poor index to the strength of the club.

Still holding the spotlight in the daily workouts are: John W. Primrose of Owensboro, Ky., Price Brookfield of Friona, Charles Halbert of House, N. M., Franklin Stockman of Malta Bend, Mo., and Elvis Edwin of Anton. All are well on their way toward becoming stellar varsity material.

CALVES WIN OVER KAFFIR TEAM

West Texas high school pulled one out of the books in downing a scrappy Kaffir quintet, Tuesday afternoon, 23-21. Under a seven-point handicap, the success-minded Kaffir five staged a last minute rally that tied the score 21-21. Harley Gordon, West Texas forward, then sank the winning shot from the side court just as the final whistle sounded.

Both teams played a fast brand of ball, which kept the spectators on their feet as the game rocked back and forth, with the Calves and Kaffir alternating in the lead role. Ebling, captain of the Kaffir squad, was the spear head of their offensive drives. Playing all over the court, he sank five baskets to tie with Gordon for the high point honors.

The W. T. Calves will journey to Tulla for a return game with Kaffir, Tuesday night. And on Saturday, Jan. 21, West Texas high school will stage their first basketball tournament. Teams from Tulla, Happy, Amarillo and other outlying towns have been sent invitations to enter.

Dr. E. H. Hereford, college examiner from the State Department of Education in Austin, made his annual visit to W. T. Thursday.

Three of the Tallest on the World's Tallest Team

A Taste of Sports
By
LYNARD RILEY

This corner was no little surprised on learning of the marital step of footballer George Taylor. George was your columnist's roommate down in the Courts last year and a darn keen guy. In fact if a popularity poll was taken down at the Buffalo Courts, Taylor, I'm sure, would rate the honor. His shy, unassuming manner makes him tops with everyone he meets.

The impending series with the Oklahoma City University Goldbugs reminds me of a story I heard some time ago. Back in '36, the Goldbugs invaded the Panhandle with a touted outfit that had just thrashed the daylights out of the California University Bears. They were pretty cocky about it too until game time when a duo of West Texas State stars, Willie Boedecker and George Ray Colvin, showed the clever Oklahomans how to play the game. The Buffs walked off with both games of the series and sent the Sooners home with a new opinion of Panhandle basketball.

After seeing some fine basketball in the Oklahoma City All-College tournament the Buffs are snapping out of it tremendously. There wasn't a team in the tourney that surpassed the towering Buffaloes in ability. They had to spot nearly every team in the meet several days practice—and that spells a bit of difference in the final results.

I hate to see the ear-pulling and fistic sports fade out of the picture on the W. T. campus. Too well I recall the fervent, zealous followers created by this sport last

year. West Texas has some fine scrappers as portrayed by the fact they ran off with most of the honors in tournaments around the country.

A student from Puerto Rico has won her class spelling championship at College of New Rochelle.

Most popular non-athletic extracurricular activity at the University of Maine is the stage.

Forfeits Mar Cage Tourney

Forfeits led the field in the last week's intramural play. El Pueblo forfeited to the Court's Freshmen, Moonshiners forfeited to the Epsilon Betas, Tri Taus forfeited to the Whirling Dervishes, Epsilon Betas forfeited to the Moonshiners, and Alpha Sigs forfeited to the Freshmen. Also Epsilon Betas, Top o' Texas and the El Pueblo fives have withdrawn from the tournament due to their forfeits.

Out of the maze of forfeits four clubs establish themselves as the pre-finals favorites. The T Club, T Anchor Aggies and Whirling Dervishes are undefeated, while a dark horse, Hillbillies, after getting a slow start are climbing to one of the top positions.

NOTICE TO FACULTY
Faculty members are notified, that they need not worry about pictures for the 1939 Le Mirage. These will be taken by members of the staff.

Those leaving school at the end of the term, must make reservations for their yearbooks now.

Miss Ruth Elaine Shotwell, daughter of Mr. and Mrs. Hugh Shotwell of Perryton, both ex-students of W. T., died Jan. 7 and was buried last Monday. She was thirteen years old and the only child of Mr. and Mrs. Shotwell. They moved from Canyon in 1930.

America's CHOICE

... the **HAPPY COMBINATION** (blend) of American and Turkish tobaccos in Chesterfield which gives millions more smoking pleasure.

Chesterfield combines in rare degree qualities you'll find in no other cigarette. In Chesterfield you'll find *refreshing mildness...better taste...more pleasing aroma*. Its can't-be-copied blend ... a combination of the world's best cigarette tobaccos...brings out the finer qualities of each tobacco.

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure...why THEY SATISFY

Chesterfield

...the blend that can't be copied
...the RIGHT COMBINATION of the world's best cigarette tobaccos

They Satisfy

MARYLIN MESEKE, of Marion, Ohio, chosen as the country's most beautiful girl of the year.
