

**GIANT PROGRAM  
WILL BE STAGED  
AT W.T.C.C. MEET**

THIRD DAY OF MEETING HAS  
BEEN DESIGNATED AS ED-  
UCATION DAY AT CON-  
VENTION

**SPECIAL TRAIN TO  
BE RUN TO MEET**

Chamber Commerce Officers Will  
Be Banqueted at Cousins Hall  
on Evening of June 21, and  
Given Program

The West Texas State Teachers College will stage a giant demonstration in connection with the meeting of the West Texas Chamber of Commerce at Amarillo, June 21, 22, 23. The third day of the meeting has been designated as Education Day and the officers of the commercial organization expressed a desire to have every college in the territory served by the West Texas Chamber of Commerce represented in some way.

The West Texas State Teachers College, assisted by the commercial organization of Canyon, will stage a great parade in which more than two thousand students are expected to participate. A special train will be run from Canyon to Amarillo and W. E. Lockhart will have general charge of the demonstration there.

Arrangements are being made by the Teachers College to maintain their headquarters at a convenient point in Amarillo where prospective college students, ex-students of the college, and friends may meet, rest and discuss college days and problems. The location of the headquarters has not yet been definitely determined.

Exhibition of work done at the Teachers College will probably be on display at the official headquarters. This exhibit will be in charge of Professor Robert Donald, of the Manual Training department.

Through arrangements made by Homer D. Wade and Porter H. Whaley, all of the officers and directors of the West Texas Chamber of Commerce will be banqueted in the evening of June 21. Following the banquet, which will be served at Cousins Hall, there will be given a short entertaining program in the auditorium of the West Texas State Teachers College. All visitors to the West Texas Chamber of Commerce meeting are invited to this program, at which the directors will be special guests.

Professor Wallace R. Clark, Professor Earl C. Bryan, of the Public Speaking department, and Mrs. Ethel Gray Shaw, of the Department of Physical Education for women, will have charge of the program. The general committee in charge of the activities of the Teachers College in connection with the Chamber of Commerce meeting is headed by W. E. Lockhart, with Mayor C. H. Jarrett and Mrs. T. V. Reeves as members.

**ROSSELL TAKES  
THREE CONTESTS**

Buffalo Net Men Lose at Roswell  
to Cadet Teams in Hard  
Tennis Matches.

Three tennis matches were lost at Roswell last Friday by the Buffalo net men. Post and Lukens of Roswell, beaten by the Buffalo men in the Great Plains matches, displayed great form Friday and nosed out their opponents. Lewis Jenkins and McCarty played a fighting game but were forced out in each of the three contests.

In the singles, Post of the Institute beat Jenkins in a hard five-set match and Lukens downed McCarty in three sets.

The doubles match was won by the Cadet team in four sets, the score being 9-7, 8-6, 1-6, and 10-8. McCarty and Lewis for the Buffaloes forced the Institute pair to extend themselves all the way through the four sets, and lost only after an endurance grind of three hours.

The team will go to Tech on next Saturday, May 8, where they will play the last matches before making the journey to Denton to enter the T. I. A. A. meet there on May 15th.

**T. I. P. A. Convention Lost By  
2 Votes at Annual Meeting  
In Brownwood; Mayes Speaks**

Five Delegates Attend Conference at Howard Payne  
April 29-30; C. I. A. Paper Again  
Wins First Honors

West Texas State Teachers College lost her fight for the next convention of the Texas Intercollegiate Press Association by 2 votes at Brownwood last week. Arriving late for the start of the convention the Canyon delegates made a determined fight for the 1927 convention but lost by the small margin to Trinity University of Waco.

Eula Smalley, Mae Simmons, Ed Gerald, Irby Carruth and John Randolph, attended the Press Convention at Brownwood as delegates from the West Texas State Teachers College. The Texas Intercollegiate Press Association is composed of 17 of the leading colleges and Universities of Texas and holds yearly conventions at one of the member schools. The association sponsors contests in the writing of news and literary material each year and awards prizes to the winning school.

The Lass-O, student newspaper of the College of Industrial Arts won the newspaper contest for the third consecutive year. The Semi-Weekly Campus of Southern Methodist University was second in the newspaper contest while Baylor Bells of Baylor College and the Yellow Jacket of Howard Payne took third and fourth.

The results of the contests Poem, Southern Methodist University; short story, Simmons University; feature story, C. I. A., news story, Trinity University; formal essay, Southwest Texas State Teachers College; informal essay, West Texas State Teachers College; one-act play, Baylor at Belton; editorial, Abilene Christian

College.

James Krohne of Trinity University, leader of the Trinity campaign for the 1927 convention, was elected president of the Association by unanimous vote. Krohne succeeds Millard L. Cope of Howard Payne. Other officers chosen were: Ed Gerald, West Texas State Teachers College, vice-president; Henry Hogg, Abilene Christian College, recording secretary; Herbert Peters, Trinity University, corresponding secretary; Chauncey Acrey, Trinity University, treasurer; Miss Brownie Bradford, Baylor at Belton, publicity manager.

Howard Payne, as host to the convention, carried out her part fittingly, making the two day stay in Brownwood one of pleasure and worth. Will H. Mayes, former dean of the department of Journalism of the University of Texas was the principal speaker at the convention. Mayes made two addresses, the first being "The College Journalist," and the second "The Press and Its Critics."

Round table discussions featured the program on Saturday in which the delegates brought their individual problems for the attention of the body. The round table discussions were divided into two groups, newspapers and annual.

The convention closed Friday evening with a banquet tendered by Howard Payne at Howard Payne Hall. Just prior to the banquet the convention passed a resolution thanking Howard Payne for the manner in which the entire convention had been handled.

**COMMENCEMENT  
START MAY 28TH.**

High School Class Will  
Graduate in Opening  
Program

The commencement program of the college begins with the High School department this year when the high school seniors receive their diplomas on the evening of May 28th. On Saturday, May 29th the Department of Public Speaking presents the Commencement play, "The Goose Hangs High." The Baccalaureate sermon will be given by the Rev. F. W. O'Malley of the First Christian Church of Amarillo on May 30th. Monday, May 31st, is given over to the Seniors, and there is reason to believe that the Seniors' program will meet with the expectations of everyone. The activities of the day will culminate with the President's reception of the Seniors that evening. Following the custom established last year when the speaker failed to appear on the appointed hour, the President will deliver the Commencement address to the Seniors on June 1st at 10 a. m. This is the sixteenth annual commencement of the college and will be the most promising for at that time more than sixty seniors will receive their degrees. Tuesday evening at Alumni banquet the Seniors will realize that they, too are no longer students of their Alma Mater but belong to the great ranks of her ex-students. The Seniors are looking eagerly towards the first of June; but when it is over, most of them will feel almost as much regret as happiness. All of the Seniors are still hoping that the the faculty will have mercy on all Seniors including the summer ones and excuse them from the examinations which are to be held on June 2, 3, and 4. This is the earnest petition to the faculty by the Seniors, and they trust that it will be given due attention.

President Hill went to Lamesa last Saturday evening to an ex-students banquet. Lamesa has several exes and all are alive and working for the interest of the College.

**THINLY-CLADS  
DEFEAT CADETS**

Track Men Nose Out  
Roswell in Dual  
Meet

Nosing out the N. M. M. I. Cadet track team by one point, the Buff track athletes won the dual meet in Roswell Saturday 53½ and 54½. The result of the meet was in doubt during the entire time from the sound of the first gun to the last lap of the relay. The Cadets showed unexpected strength in all events, taking five first places while the Buffaloes were taking six. Two new Southwest conference records were set up—Reagan, the phenomenal Buffalo half-miler, did the half mile in the remarkable time of 2 minutes, 2.6 seconds, lowering the former record held jointly by Cornish of N. M. M. I. and Paten of the University of Arizona. The former record was 2:5.2. Bass of the Institute won the pole vault with the height of 12 feet, 1-4 inch, the former record was 11 feet 19 inches being his own made in 1921.

Bennett, the doughty little dash and hurdle man, was the high point man of the meet with 16 points to his credit, he being closely crowded by Bursum of the Institute. Bennett won first place in the 220 yard dash and the 220 yard low hurdles and second place in the broad jump and hundred yard dash. The most superb performance of the day was the work of "Beefy" Turner, who after winning the gruelling mile run, ran the half mile with his team mate Reagan and won third place annexing the point that clinched the meet for the Buffaloes.

100 yard dash: Porter, Bennett, Hill. Time 10.2  
Pole vault: Bass, Sanders, Hale. Height 12 feet 1-4 inch.

220 yard low hurdles: Bennett, Gamel, Agne. Time 25 flat.  
Broad jump: Trijillo, Bennett, Bursum. Distance 19 feet, 9 in.  
Discus throw: Bass, Bursum, Sanders. Distance 115 feet, 6 in.  
220 yard dash: Bennett, Porter, Hill. Time 22.4 seconds.

High jump: Bursum, Hill, Fowler and Bass tied.

**COLLEGE MAKES  
BID FOR ENTRY  
WOMEN'S GROUP**

HATTIE M. ANDERSON IS REPRESENTATIVE AT THE ASSOCIATION UNIVERSITY WOMEN'S MEET

**HOT SPRINGS HOST  
TO EIGHTY WOMEN**

Association Desires Equal Footing in All Phases of College Life For Women; 22 Nations Are Members.

Miss Hattie M. Anderson returned April 26 from Hot Springs, Arkansas, where she attended the meeting of the Southwestern District of the American Association of University Women.

Through Miss Anderson, West Texas State Teachers College has applied for admission to this organization. If the college is accepted at all this year, Miss Anderson states, it will be on the basis of associate membership. So many teachers colleges have been seeking entrance, however, that there is a possibility of admission to full membership by the time the meeting is held next year.

Eighty-six delegates, from places extending from New York to California, attended the meeting and were delightfully entertained throughout their stay. Special rates were given them at the best hotel in Hot Springs, and all bath houses of the resort city were open for inspection. Special luncheons and dinners were given daily, while a garden party, early morning hike, and drive over the city were also given in honor of the guests.

The American Association of University Women stands for certain definite ideals, among them the desire that women shall be placed on an equal footing with men in the faculty, student body, and board of regents of colleges. It stands for the continuance of intellectual training after college graduation. It sponsors study in groups of twenty or less of such subjects as juvenile education, international relations, and dramatic art. As most of the women who belong to the organization are mothers, a study of the pre-school age seems to have been of most interest and helpfulness to them.

The association of women, working through its local branches, tries to interest girls in college education and help them receive it through loan funds and scholarships. The Little Rock, Arkansas, branch is now sending six girls to college, four to the University of Arkansas, one to Vassar, and one to Wellesley.

Another project of the organization is to raise the standards of colleges which offer training for women and to put education for women on the same basis as that for men, intellectually and financially.

The United States was the first country in the world to organize a national association of women, and is now joined with twenty-two other countries in an international organization. Miss Virginia Gildersleeve, an American, is president; while the secretary is Miss Theodora Rosanquet of Great Britain. It is believed that friendly relations between the educated women of the various nations will lead to improved political relations between the countries of the world.

**B. S. U. is Sponsoring  
Methods Study Course**

L. E. Waite is conducting a course in advanced B. Y. P. U. methods this week. The class starts at 4:30 each afternoon in Room 307. All are invited to attend. A diploma or seal will be given to those completing the course.

**Sophomore Staff Chosen  
For Edition of May 11**

Joe Weaver, editor of the freshman edition of The Prairie last year has been chosen by his class to edit the sophomore edition this year. Weaver will be assisted by Carl Periman and Felicia Applewhite, associate editors, Dalma Fry and Eula Smalley, society editors, Sammie Jones and Bertha Hicks feature editors, and Oscar Gamel, sports editor.

**Bufs' Average Climbing as  
Team Turns In Record of 5  
Consecutive Wins Past Week**

Moundmen Hurling Better Ball and Hitting Improves as Bufs Start Defense on Home Field; Tech Plays Today at 3:30.

Chalking up another pair of wins against the Clarendon College Bulldogs here Friday and Saturday, the Bufs took the Methodists into camp to the tune of 9 to 8, and 14 to 6. Elkins had an off day on the pitching mound Friday, and was relieved by Harrell in the second inning, who pitched good ball to a one tally win, the game going into ten innings on a 7 to 7 tie. Harrell also chunked the second game, which proved a walkover for Eckhardt's men.

Tate, diminutive first sacker, grabbed a pair of daisy cutters that bore the earmarks of clean hits in Saturday's contest. Keith, Tate, and Bivens hit in the pinch Friday to untie the count, and with a vim that iced the game for the Bisons, Bivens smashing out a two-sack hit that drove the winning run over the rubber.

Weathered pitched good ball for the Bulldogs, but allowed the Bufs to bunch their hits in almost every instance. Coach Burton of Clarendon replaced Merchant with Behrens in a fruitless attempt to stem the tide of Buffalo hits in the second contest, though each tosser had a wealth of speed and break in his offerings.

Captain Johnston has been shifted recently to second base, and proves an able second sacker, and is hitting well over 350. Hill boosted his hitting average in the Clarendon games, and is smacking the horsehide for over 375. Harrell, though a regular moundman for the Bisons, disregards the axiom that a pitcher is not required to hit, and leads the club in hitting with a 400 count.

Texas Tech will meet the Bufs again today in Buffalo Park.

**Roswell and Wayland  
Beaten Decisively**

Taking a pair of baseball games from the New Mexico Military Institute Cadets in Roswell last Monday and Tuesday, the Buffaloes defeated the Soldiers by the scores of 11 to 2 and 14 to 7. The Wayland College nine went down in defeat before the hitting spree of the Bisons here last Wednesday to the tune of 15 to 13.

Elkins pitched Monday's game against the Cadets, and was never in danger throughout the contest. Johnston pitched the second game, turning back the Soldiers in great style, his teammates overcoming a six run lead gained by the Cadets in the early part of the game. The fielding of Hill and Keith featured the first Roswell game. These two outfielders snatched everything in their territory with a zip and speed that brought the stands to their feet a number of times. Hill robbed the Cadets of a pair of hits with two running catches that seemed impossible chances. Keith gathered a trio of hits, one of them a four ply smash with a man on base.

Things looked black for the Bisons until the middle of the second game, the Cadets having maintained a lead of 6 to 0 until this point. An error and a succession of hits started the Bufs on their way to what proved a (CONTINUED ON PAGE FOUR)

**SCHOOL MODEST  
IN DEMANDS ON  
STATE-H.D. WADE**

PORTER H. WHALEY AND H. D. WADE SPEND DAY HERE LOOKING OVER THE BUDGET

**NEED IS MILLION  
DOLLAR PROGRAM**

Whaley Pledges Support of Commerce Body to Next Budget of the College; Glad College is Asking For Buildings

"The West Texas State Teachers College is too modest in its demands from the state. It needs a million dollars for new buildings," was the sentiment expressed Saturday by Homer D. Wade, assistant manager of the West Texas Chamber of Commerce.

"The West Texas Chamber of Commerce is behind the building program of the West Texas State Teachers College, and will use every facility to see that the College gets an ample appropriation," stated Porter Whaley, manager of the organization.

Mr. Whaley and Mr. Wade spent Saturday in Canyon and went over the appropriation budget which calls for three new buildings. Both of the men expressed themselves as astonished at the wonderful growth of the College, and believed that nothing less than three buildings would allow the College to grow and expand as it should to meet the requirements of West Texas.

A luncheon was given at noon in the Home Economics department attended by the visitors, a few members of the faculty and business men.

Mr. Whaley recalled the fact that the present administration building was dedicated soon after he came to Amarillo as secretary of the chamber of commerce. He wondered at the time how the building would ever become filled. (CONTINUED ON PAGE FOUR)

**MID-SPRING TERM  
OPENED ON MAY 26**

Schedule Similar to Summer Term Is Added to Curriculum for New Students.

April 26, marked the beginning of the Mid-Spring Term with an enrollment of 26 students.

This is the first time that such a course has been given by the College. This new term was added to enable teachers, whose schools closed early in the Spring Quarter, or other students who could not enter school at the beginning of the Spring Quarter to resume their College work and complete nine term hours by the end of the Spring Quarter.

The schedule is very much like that of the six weeks summer term. The student is allowed to take three subjects, with classes reciting six times a week. The courses offered are: Education 233, 133, 101; English 103, 101, 203; Sociology 201; Manual Training 101; Mathematics 101; History 101; Agriculture 233; Foods 101; and Textiles 203.

The following students are enrolled: Burlison Atkins, Bernice Arent, Johnnie Benge, Mrs. Minnie C. Bolton, Audrey May Borum, Wanda Crain, Mrs. M. L. Cousins, F. A. Crawley, Edna Daughtee, Olive Davis, Montie Draper, Dexter Fulcher, W. S. Graham, Billy McClure, Ruth Maynard, James W. Pinkerton, Blanche Robinson, Jessie B. Sargeant, Willie Scruggs, Freda Shindler, Mrs. Berta Shires, Mrs. Mildred Shuman, Homer Oliver Smith, and Marjorie Wysong.

**Annex to the New Gym  
Is Being Completed**

Work is being carried forward on the annex to the new gymnasium. The annex is on the north end of the main building.

The addition will be used as offices for the athletic coaches. It is about 110 feet by 20 feet and there will be ample room for all instructors of the athletic department. This is the first step toward more office space.

Miss Corrie Rankin of Amarillo visited friends here Saturday.

Miss Ruby Crum spent the week end in Amarillo with friends.

## Campus Society And Club Activities

### Varied Program at Elapheian Meeting

Elapheians were at their best Friday evening. The first number on the program was a vocal duet, "Barcarole" from Tales of Hoffman, by Marie Stalcup and Mrs. White. The second number consisted of a group of original poems, "Discouragement," "The Lure of the Plains," and "The Afterglow," which were composed and read by Thelma Duke.

The next feature of the program was a pageant of ideal college life given by a number of the Cousins Hall girls. The pageant, "The Night Before Her Graduation," was directed by Nancy Teel and was dedicated to the Seniors of '26. Kathleen MacDaniel represented the Senior girls whose dream brought to her a picture of each phase of college life that she had experienced. Her first picture was of her typical college classmates, Maurine Killough; the others were: her "Jockey Club," by Virginia Griggs; "Afternoon Affairs," by Louise Palmer; "Aesthetic Dancing," by Marian Atkins; "Tennis and Athletics," by Mona Kate Flemming; "Art Work," by Pauline Stevenson; "Swimming," by Lucile Kendall; "Shopping," by Hallie Adams; "Golf," by Alice Daves; "House Parties," by Wilma Neely; "Dances and Evening Parties," by Nancy Teel. Thruout the dream Vivian Adams played "Memories."

Following the pageant was a piano solo, "Impromptu," by Imogene McIntire.

After the program a business meeting was held in which the roll was called and the following program for next Friday evening read: Vocal solo by Dorothy Blanton; song by the Elapheian quartette; a selection by the Eukelele quartette; a talk by "Uncle Tommy" Clark, and a harp solo by Lily Clark.

### Seniors Camp Out Over Week-end

Gordon-Cummings' Country Club was the scene of a big camping party for the Senior class the last week end. The party left Sunday afternoon in a grand procession, loaded down with enough bedding and food for a small army. Sunday evening fishing lines were put some hiked, others played various games and told camp fire stories until the small hours of the morning. An enjoyable night was spent sleeping on the ground.

With only a few hours sleep everybody was up early and ready for a big day Monday. Parties were scouting the canyons shortly after a real camp breakfast was served. A slow drizzling rain put an end to a fish massacre that was about to take place, a total of seven having been caught by the thirty-five members of the party. The party returned to Canyon Monday afternoon in a threatening rain.

### Dormitory Dope

#### Cousins Hall

Girls out of town for the week end were Betty Smalley, and Bess Cobb at Claude; Katherine Curl, Willda Neely, Marian Atkins, Virginia Griggs, Mabel McQueen, Twila Washburn, Mary Edith and Ina Mae Hopkins at Amarillo.

Mona Kate Fleming has returned to school.

#### Randall Hall

Girls out of town were Georgia Robinson and Ethel Rice at Hereford; Gladys Buchanan, Mary Frances Miller, Johanna Tolk, Georgia Whittenberg and Nona Hedgecock at Amarillo; Ruth Irwin at Clarendon.

#### Y. W. C. A. Program May 5th.

Subject: Women of the Bible. Leader: Bernice Miller. Song: Assembly. Devotional: Mrs. Elliot. Open discussion: Naming women of the Bible.

The Story of Rebecca: Alva Beach.

The Story of Esther: Mittie Lee Allen.

Vocal Solo: Marie Stalcup.

The Story of Deborah: Ethel Rice.

The Story of Ruth: Mary Estes. Closing Prayer.

### Harrison-Eckhardt Invitations Out

Invitations are out for the wedding of Miss Edith Harrison and Oscar G. Eckhardt. The date is May 16.

Mrs. Wallace R. Clark gave a combination bridge luncheon and shower at noon Saturday honoring Miss Harrison. Several tables were for bridge and after a lovely round of games the party broke up.

### Cousins Select Pin For Society

At the meeting of the Cousins Literary Society Friday night, a model for a society pin was submitted and adopted. All members who wish one of these pins should place their order with John T. Wiley today.

The debate of the evening, "Resolved: That the Supreme Court of the United States should be abolished," was won by the negative speakers, William Pinkerton and Herman Ford, over the affirmative speakers, Van Boston and John T. Wiley.

The president of the society, James Wilson, urged that a large number of men try out for the extemporaneous speaking contest, and that all members buy tickets and attend the Cousins-Sesame Banquet on Friday night at Cousins Hall.

### Mrs. J. A. Hill Speaks To Sesames

Mrs. Hill gave an interesting and inspiring talk to the girls of the Sesame Literary Society Friday night. Her subject was "Daring." She brought out the points that one should dare to be courageous, dare to be true to their ideals, dare to be pure, and should dare to think and to stand by their convictions. "But," she said, "one should refuse to dare foolheartedly." Courageous daring is the only thing which will lead one to the top. Foolhearted daring is the only thing which will lead one to destruction.

Miss Lorena Parker played for the society a piano solo, "Fancies" by Wright, in a very pleasing way. The program was followed by a business meeting in which the plans for the Cousin-Sesame banquet were discussed. The question of having extemporaneous speaking instead of the annual inter-society debate was approved by the members and many signed up for the try-outs.

### Fish Camp Under Bridge For Feast

Last Thursday afternoon a group of very green "Fish" set off down the railroad to discover the "end of the line." Many prospects for exhibition tight-rope walkers were discovered as various members of the class demonstrated their ability to walk the rails. When these "dry-land" fish came to a bridge which crossed the creek, they immediately called a halt. After having explored all the surrounding vicinity, someone mentioned that his hobby was eating. Strange to say, the entire group agreed upon this hobby, and the "eats" soon disappeared. In spite of the seeming disability of some the crowd plodded its way homeward to the grind of term themes and notebooks.

### Out-of State Club Gives Chapel Bill

At the chapel hour on Thursday the Out-of-State Club greatly pleased the assembly with an entertaining program representing eight states.

The melody and tone quality produced by Senor Frioles' Symphony of New Mexico has been rivaled by none other than the Columbia Symphony which made its appearance in the Winter Quarter. This number and the comic song "Way Out West in Kansas" rendered by the Club Trio, Lily Clark, Marie Stalcup, and Dorothy Dillard rivaled for popularity. Other numbers on the program were: Selections from Riley, by Indiana; Sport, by Michigan; The Opening, by Oklahoma; The Fountain of Youth, by Florida; Had your Iron To-day?, by California; and Show Me, by Missouri.

This enjoyable program was closed by all the members singing their Out-of-State and Alma Mater.

## Tuning In With West Texas Exes Everywhere

J. W. Reed, who has been serving the Farwell Public School as superintendent for the past three years, has recently been elected superintendent of the Silverton schools for the coming year. Mr. Reed is a former resident of Silverton and ex-student of W. T.

Mrs. Richard Cleenin, (Mary Dorcas Cullum '16) has been elected historian for the Eighth District P. T. A. for 1926-27. She has served as historian for the past two years.

Miss Myrtle Miller, a member of the Junior class during the past two quarters, has been elected county home demonstration agent for Hunt county and has accepted the position.

Miss Mable Harris has spent the winter at her home at O'Donnell caring for her mother who has been ill. She expects to return to College this summer.

Miss Anadel Guenther, who is supervising music and art in the public schools of Santa Rita, New Mexico, writes enthusiastically of her work there. She began last fall as a substitute teacher and has been promoted to her present position.

Miss Fair Wiggins, a student here in 1912, is now an instructor in Sherwood College of Music, Chicago.

E. G. Sanders, who has been superintendent at Higgins for the past three years, has been elected superintendent of the Clarendon schools. He is a former student of this institution and will return here this summer.

Miss Eppie Irons, B. A. 25, has been re-elected teacher of English in Canadian High School and will return to that place next year.

L. L. Rose of Aiken was here Saturday looking for teachers for the Aiken school next year. Mr. Rose was a student here in 1923-24.

Dick Hughes of White Deer has opened up an insurance office in that city. Dick was a student here during the Fall Quarter.

J. E. Nelson, who was formerly superintendent of the Clarendon Public Schools, but who is now director of the University Junior College at San Antonio, makes the comment in a letter to the Bureau of Public Service: "I understand that Canyon teachers in Clarendon Public Schools are making splendid records. Many thanks for recommending such good teachers." The following ex-students of this institution are teaching in Clarendon now: Mrs. C. A. Pierle, and Misses Lillian Abbott, Sue Brown Anderson, and Lorena Stegall.

### Gardeners Brightening Up All the Campus

Mr. Baker is now busy in his supervision of the college campus work. Flowers are being planted and set out all around the campus. Much time is being spent on the circular plot between the entrance and the pavement. Work has also been done from the west entrance to the second road. Cousins and Randall Halls are also receiving their share of the gardeners' attention. Flowers of various kinds have been planted. From all indications W. T. will be a veritable flower garden this summer.

Mending of the pavement south of the college has been in progress during the past week. The concrete dips have been broken and cracked, and the workmen are replacing them with brick.

"A paper in the home is worth two in the street."—Florence R. Boys.

"American art is the only true art in the world today."—Julius Klinger.

## Crows

In a field in sunny Spain stands a stone mortar. Crows hover around it, picking up bits of grain and chaff—cawing.

Here Marcheta, in the fresh beauty of her youth, will come to pound maize. For years she will pound maize. The stone will stand up under the blows; not a dent has the muscle of three generations of women made upon it. But the crows will hurl their black gibes upon a woman aging early and bent with toil. Old Marcheta—still in her thirties.

The American woman does not pound maize. But she still beats carpet; she still pounds clothes; she still pumps water. She exhausts her strength in tasks which electricity can do better, and in half the time.

The high ideals of a community mean little where woman is still doomed to drudgery. But the miracles which electricity already has performed indicate but a fraction of the vast possibilities for better living and the tremendous opportunities which the future developments in electricity will hold for the college man and woman.

Wherever mankind labors, General Electric motors can be found carrying loads, driving machinery and saving time and labor. And there is no branch of electrical development today to which General Electric has not made important contributions.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

## MATADORS BEAT BUFFALOES 13 - 7

### Heartbreaking Rally In Ninth Gives Tech Victory

By staging a heartbreaking rally in the ninth inning which netted 6 runs, the Texas Tech Matadors were able to defeat the Buffaloes 13-7. After holding the lead for the entire contest up to the eighth frame, the Matadors were overtaken by the hard fighting Herd.

Elkins started the combat and pitched up to the ninth inning when the terrific assault of the Tech sluggers sent him to the showers. Johnston relieved him but was unable to put an end to the batting spree of the visitors.

The Buffaloes encounter the hard hitting boys from Lubbock again this afternoon.

### College Modest

(CONTINUED FROM PAGE ONE) The growth of the College has been marvelous. He gave credit for this growth to the wonderful administrative ability of President J. A. Hill, whom he recognized as one of the outstanding educators of the state. Mr. Whaley admitted that he had no conception of the needs of the school until the visit Saturday.

Mr. Whaley discussed taxation, and pointed out the fact that Texas pays less per capita taxes than most any state in the union, "Texas cannot be operated on the present taxation," stated Mr. Whaley.

Mr. Whaley stated that he would gladly work with Mr. Hill, members of the board of regents and citizens of Canyon to procure an adequate building appropriation. He complimented the College that it was asking for a building program which would meet the needs of the institution; asking for a worth while appropriation such as West Texas would demand when this section realized the great needs of the institution.

Mr. Wade stated that good roads were vital to the life of the College, as good roads were vital to the life of any community.

The streets, sidewalks, the residences of Canyon are the show windows of the College. The impression made by Canyon on the visitor is the impression that he will carry away of the College, stated Mr. Wade. The building program of the town, of the College, of Northwest Texas all go hand in hand.

Mr. Hill highly praised the co-operation of Canyon and Randall county with the College, and expressed satisfaction of the interest shown by the visitors in the program of the College.

## Roswell Meet

(CONTINUED FROM PAGE ONE) Mile run: Turner, Riggles, Eggleston. Time 4:47.2

440 yard dash: Vaughn, Snell Tyler. Time 53.8 seconds. 120 yard high hurdles: Hill, Fowler, Bursum. Time 16.4 sec. 16 pound shot put: Bursum, McKee, Trijillo. Distance 35 feet 5 inches.

880 yard run: Reagan, Eggleston, Turner. Time 2:26.

The Institute won the mile relay in the good time of three minutes and thirty five seconds but the relay did not count any points. The entire Buffalo team expressed themselves as being pleased with the hospitality of the Cadets.

Dr. Frank P. Bockman of the General Education Board of the Rockefeller Foundation stated:

"You gentlemen are making your plans for the West Texas State Teachers College on altogether too small a basis. You will soon have in the territory to which this college furnishes students, more people than there are in most single states of the union. This college needs to make its plans in terms of millions of dollars if it is to be able to serve the needs of this territory in ten years from this time; unless plans are so made, the college cannot possibly take care of the situation.

Mr. Bockman compared Texas with Kentucky. The former is about five times the size of the latter. Kentucky spent 14 millions annually, and Texas 42 million, which looks bad for Texas. Kentucky has four teachers colleges and Texas eight. Kentucky is doing only about one-fourth in an educational way of what she should do, and again Texas suffers in the comparison. In North Carolina a teachers college has invested more than a million and a quarter dollars to care for 750 students. Investment in schools is the biggest investment of any state or community. It brings the biggest returns.

Alice Dawes Presented in  
Piano Recital Friday

Miss Alice Dawes, pianist, was presented in recital Friday afternoon by the department of music. Miss Marie Stalcup, soprano, assisted with two songs.

Miss Dawes opened her program with a group of Heller preludes and also played compositions of Godard, Sinding, MacDowell, and Chaminade.

The recital is one of a series being given by advanced students of piano.

## HISTORIC GIFTS GIVEN SOCIETY

### Plains Historical Society Collection Enhanced By Relics

The Panhandle Plains Historical Society has recently received a number of valuable articles for its museum. One of the most interesting of these is a side saddle which was made for Miss Mary Gough in 1861. It was recently presented to the society by her brother, Marcus Gough. Miss Gough was a sister of Judge L. Gough, president of the Texas Wheat Growers Association and prominent worker for the Panhandle Plains Historical Society.

Through Mrs. Roy Goettsche, of Higgins, Texas, has come a small collection of rifle shells, a steel arrowhead, and several lead bullets, which came from the old battle ground of Adobe Walls. The shells were picked up by Dr. Goettsche in 1894. Eldon Johnson, of Higgins, Texas, has placed in the Society collection of fire-arms an old "frontier" six shooter. This was found by a man named Aaron Judd. The history of this weapon is unknown.

A few months ago Judge J. E. Southwood, of Panhandle, presented the Society with a very fine pair of longhorns. During the past week Judge Southwood has furnished a small bronze tablet which will be placed upon the mounting of the horns. Judge Southwood has shown much interest in the development of a Historical Society in the Panhandle.

### NO DEBATE IN SOCIETIES AGAIN

Extemporaneous Speaking To Be  
Substituted for Society  
Debate

Society debates will not be held again this year, according to an agreement that was reached by representatives of the different societies. In the place of the annual debates will be substituted this year an extemporaneous contest, the first of its kind ever held between the Societies.

The reason for postponing the debates was given as lack of time and the fullness of the spring college calendar. The extemporaneous speaking contest will give better opportunity to exercise the real talents of the societies in speaking, according to Earl C. Bryan of the Public Speaking department.

Each society is to have two speakers in the contest and they are to be judged as teams of speakers instead of individual speakers, by a critic judge.

The contestants will meet one hour before the contest and will draw three subjects from an allotment and the individual contestants will have to speak on one of the three subjects that he has drawn. The one hour will be given in each to reflect on the chosen subject and write down notes or ideas and then they speak on them for a period not to exceed six minutes. It is thought that this will require less time for preparation and stimulate more interest than any other contest that can be held.

## Baseball

(CONTINUED FROM PAGE ONE) 14 to 7 victory.

Immediately upon the return of the Buffs from Roswell, they met the Wayland Baptists in Buffalo Park for another win. An eight inning rally of the Buffs spelled doom for the Preachers when run after run was rushed across the plate for a 15 to 13 victory for the Buffs. Wayland's change in tossers failed to remedy matters, the little left hander receiving even less mercy from the smashing willow of the Buffs than his teammate.

The Wayland-Buffalo game was a hectic affair, no effective fielding qualities being displayed on either side. The majority of Waylands' tallies were not earned, but were free will offerings of the Bison infield and outfield. The Bisons showed the effects of their hard return trip from Roswell, and the ensuing loss of sleep and rest. The smashing eighth inning rally staged by the Teachers was balm to the hearts of the Bison fans, and proved the undoing of Wayland's hopes for a victory.

Five games were played by the Buffaloes last week, and all of them were wins for the Plainsmen. With the defeat of the Clarendon squad in their two game series here Friday and Saturday, it runs the Buffaloes number of victorious

games to nine, and their lost games remain six, thus making their standing .600 thus far this season.

### Art Department Exhibit Pleases College Guests

The art department had an exhibit last Monday and Tuesday, April 26 and 27 for the guests of the town, the P. T. A. and I. O. O. F. delegates. Some very creditable work has been done by the department this year, and all who saw the work expressed a supreme delight.

### PROFS WRECK CARS BUT ESCAPE INJURY

No students aren't the only ones who are in car accidents. In fact last week reveals that the members of the faculty are quite liable to such incidents.

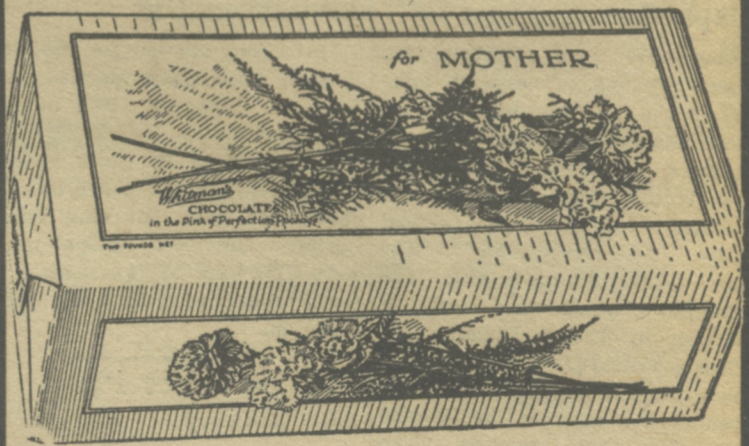

Travis Shaw upset his Dodge sedan Monday afternoon near Amarillo, badly wrecking the top. Mrs. Shaw was bruised considerably, Mr. Shaw has a bad cut on one knee, and L. F. Sheffy has his back wrenched.

Wallace R. Clark collided with a tourist car Tuesday noon, the Clark car being overturned, one wheel smashed and the car badly damaged. Mr. Clark was not injured.
