

## PLANS MADE FOR CONFERENCE IN THE SPRING

## NEW STUDENTS GIVEN EMPLOYMENT BY FERA

## FEW ARE ABLE TO ATTEND NOW WITHOUT AID

## Scholastic Records Of Students Is Gratifying

16 SELECTED

## Part-Time Work Is Given Many Deserving Students

C. A. Murray, chairman of the FERA Committee, announces there will be some changes made in the list of students employed. The changes occur as a result of some students' being able to attend school during the next nine weeks' term without further aid.

Mr. Murray says the committee is highly gratified with the scholastic records of the FERA students as revealed by the preliminary check-up instituted recently. Not a single failing grade was submitted by any teacher of FERA students in answer to the investigations made.

## Students Selected

The committee has selected the following students for positions, with assignments to be made to them on or before Dec. 1: Roach Allen, Reba Hill, Lelia Hickox, Johnny Hood, May Kizer, Alleane Lynch, Benjamin Maize, Holland McMurry, Wayne Miles, Thomas Newell, Margaret Peery, Mrs. Albert C. Schofield, Albert Throne, Wana Vestal, Juanita Walker, and Eddy Woodring.

These selections have been made by the committee after careful study of the scholastic records made by the students during the past nine weeks. A part of the number will be given part-time employment according to their respective needs.

## Philharmonic Orchestra Will Repeat Program

## W. T. Faculty Members Belong To The Orchestra

The Philharmonic Symphony Orchestra of Amarillo will give a repeat concert Thursday, November 22, in the Municipal Auditorium in Amarillo. Reports are that their first concert of this season was a huge success in every way.

## Famous Cellist To Play

Appearing on the first concert was Paul Blittz, world famous cellist, who has been secured to appear on the return concert along with his young son who, on the night of the concert, will celebrate his eleventh birthday. Young Blittz is also an accomplished cellist, and a treat is certainly in store for all music lovers of the Panhandle in being able to hear this noted cellist as well as the orchestra.

W. T. Faculty Members Belong Two of the W. T. faculty members, namely, Professor C. E. Strain and Herschel Coffee, have joined the orchestra, and both expressed their enthusiasm concerning the advantages of the guest artist and the orchestra.

## Concert Tickets

Season tickets as well as single admission tickets are being sold and are very reasonable. There is also a season ticket arrangement whereby one may purchase a block ticket good for several different numbers of concerts. These tickets will admit the owner to a certain number of concerts or, admit to one concert the holder of the (Continued on last page)

## TWO MAGAZINES SPONSOR SHORT STORY CONTESTS

OPEN TO ALL REGISTERED STUDENTS OF THE COLLEGE

Two magazines of note are sponsoring a short story contest for college students this year, one the STORY, the other THE GOLDEN BOOK MAGAZINE.

The STORY offers as first prize \$100, second prize \$50. This is the second annual college short story contest conducted by this magazine. The contest will be open to all registered students of colleges and universities in the United States, but selection by qualified judges at the various institutions will limit the entries to two from each campus. Entries must be in the hands of the editors by April 1, 1935. The winning stories will be published, and others of unusual merit which still are not prize-winners will be considered for possible publication.

The GOLDEN BOOK MAGAZINE is launching its first short story contest, does so with the idea of discovering and fostering literary talent among college students. As a reward, the magazine offers, not only a typewriter and numerous cash prizes, but in addition the first prize story will be printed in the GOLDEN BOOK MAGAZINE for June, 1935, an unusual honor, as it is the policy of the Golden Book to print only the best works of outstanding authors. However, an entry blank and one dollar have to be enclosed with each manuscript. Entry blanks may be secured from Dr. Fronabarger. On the bulletin board in the main corridor of the Administration Building the announcement posters may be found, giving the rules of the contests in detail.

## FRIENDS MAY COMMUNICATE WITH JOE BOY

Mrs. J. A. Hill in a recent communication with Mrs. Richard E. Byrd, learned that it will be possible for any of Joseph (Joy Boy) Hill's family or friends to write to him in care of Tapley and Co., of Dunedin, New Zealand, via the S. S. Niagara, liner, which sails for New Zealand from Seattle Washington, December 5th.

Undoubtedly, Joe will be glad to receive any letters sent to him, as he has not received any since he has been with the Byrd Expedition in the Antarctic regions.

## EX-STUDENTS IN WHEELER COUNTY ORGANIZE

Ex-students of West Texas State Teachers College now living in Wheeler County recently formed an ex-students' organization at Wheeler. Morris W. Granes, Superintendent of Schools at Briscoe, was elected chairman of the organization. Miss Ethel Brasuel of Mobeetie was elected Secretary-Treasurer, and Mrs. Lula Mae Irons Farley of Wheeler, reporter. About twenty-five exes were present.

The next meeting of the association will be held at the Legion Hall in Wheeler on Thursday evening, November 22nd. All ex-students in the county are invited.

## Dr. Fronabarger Visits Schools

Dr. B. F. Fronabarger, Head of the Department of English, visited the schools in Friona last Monday. The purpose of his visit was not to criticize the schools but to discover what is expected of teachers of English in the high school and the grades so that he can competently recommend teachers for such positions.

Says Dr. Fronabarger in regard to his observations, "One thing was evident, that is, the teacher who masters his subject matter is most likely to be master of the situation."

Chas. Strain, Jr., is home for the week from his school work at Canadian. He had an operation on his nose which is keeping him from teaching during this week.

## Model Fair To Begin Friday

Children Wish To Invite Everyone To Attend

The Demonstration School Model Fair, the event of which the whole elementary school has been buzzing, will open officially on Friday afternoon, November 23rd, from 1:00 o'clock to 3:30 o'clock and from 9:00 o'clock until 12:00 o'clock Saturday morning, November 24th.

Demonstration School children wish to invite all their mothers and fathers to the fair as well as friends and patrons of the school. There will be no admission charge. Side shows and other attractions will be the only features of the fair for which admission of one penny will be charged. All features of the fair will be held in the Education Building on the northwest corner of the W. T. S. T. C. campus.

## Attractions

A few of the attractions will be a one-ring circus, a train ride for kiddies, a puppet show, a fortune teller, a health exhibit, and a history exhibit. Also there will be a pet show. Popcorn, candy, and balloons will be on sale.

## T-ANCHOR BOYS RE-ORGANIZED FOR THIS YEAR

Cowboy Songs Will Be Broadcast Next Wednesday

Students will welcome the news that the T-Anchor musicians have reorganized this year and are getting ready to entertain with those popular cowboy songs and music as they did last year.

There is a slight change in the personnel of the group. George Gandy is an addition to the troupe and will perform the part of comedian, sing first tenor, and play the mandolin. Kid Young plays the banjo and guitar and sings bass. Ted Clark sings second tenor, picks the banjo and guitar, in addition to being violinist for the group. Edd Todd is the baritone singer and also picks the guitar.

The boys have chosen another name for their organization, "The T-Anchor Troupe." They have made arrangements to broadcast from radio station KGRS in Amarillo each Wednesday evening from 7:15 until 7:30.

The four young men comprising the reorganization were in school last year. Howard Weatherby, fancy rope artist, graduated last spring, and Bill Todd, singer and comedian, is teaching this year.

Frank R. Phillips, head of the Agriculture Department, recently received a display card showing fifty-eight knots, hitches, and splices, and a complimentary gift of a 30-foot Manila Yacht Lariat Rope, from the Plymouth Cordage Company, North Plymouth, Mass. The rope will be used by the T-Anchor Troupe in their various exhibitions.

## Condron Spoke At Polk Street Church Sunday

Professor S. H. Condron, Head of the Department of government and Economics, was invited by Rev. J. T. McClure, Minister in the Polk Street Methodist Church of Amarillo, to fill the pulpit during his absence Sunday, November 18th. The subject Mr. Condron chose for his address was "A New Deal From the Church."

Patronize Prairie Advertisers.

Red Cross Roll Call Should be Answered by All

The annual Roll Call of the Red Cross will be open until Thanksgiving. All citizens of Randall County are urged to answer to the call with the annual membership of \$1.00. Randall County has received back a much larger amount of money than it has ever contributed to the Red Cross.

## Mexican Artist Appears On The Chapel Program

"Touching the guitar" Tuesday morning in chapel was Senor Roberto Guerrero de la Rosa, brought to this school under the auspices of the Department of Modern Languages and of the Spanish Club. His program was composed of brief lectures on Mexico interspersed with Spanish and Mexican songs accompanied by the guitar or the piano. Senor Guerrero also made rapid-fire changes in costumes from the Mexican to the Argentine to the Spanish. The Spanish costume bore the crest of his family. An unusual presentation of "Marquita" was the interpretation given by Cuba, Argentine, Spain, France, Germany, Hungary, Italy, India, China, and finally that of the United States.

At the eleven o'clock hour Senor Guerrero talked to the Spanish and French classes. He answered many questions about Mexico, the customs of the country, and about himself as a student there.

Although his interest lie chiefly in music and painting, he is studying to be a doctor in the army of his country. His mother preferred that he be a doctor; his father, who is a Brigadier General in the army, wanted him to be in the army; for that reason he is studying medicine in a military school where he lacks three years having his degree. At present Senor Guerrero is a Lieutenant in the army. School will begin in Mexico January 15th.

He has already traveled much in this country and intended, on leaving West Texas, to go "anywhere north, Oklahoma, Kansas, Chicago."

His program was well received by the students in the college and of the Demonstration School.

## W. T. FACULTY WILL GO TO T.S.M.A. MEET

Prof. Clark Will Conduct Massed Piano Contest

The Twenty-first Annual Convention of the Texas Music Teachers Association will meet in Lubbock on November 29, 30, and December 1. This is the first time in the history of the association that it has met in Northwest Texas. Twenty-one years ago a group of Texas musicians banded together to meet annually for exchange of ideas and improvement in the musical profession. At that time a charter was drawn up and out of this grew the present Texas Music Teachers Association. The motto of this organization is: "The best in music for Texas, and the best in Texas for music." Roxy Grove of Baylor University is president of the T. M. T. A.

## Clark To Conduct

Almost all the members of the music faculty of West Texas State Teachers College are going to attend (Continued on last page)

## Le Mirage Has Begun Contest

The Run-Off Will Begin Next Tuesday

Ten belles of W. T. were chosen as candidates for the annual popularity contest sponsored by the Le Mirage. This week is theirs "to make hay while the sun shines." Each girl is obligated to carry on active electioneering with a campaign manager, posters, and all the trimmings of an organized campaign.

The campaign run-off will begin next Tuesday after a chapel program in which the campaign managers will deliver their speeches. After the run-off six of the ten candidates will be elected to grace the pages of Le Mirage beauty section.

Votes are a penny a piece, and every person having had his picture made and space fee paid will be given 10 free votes. Students are making it a spirited contest worthy of the tradition that lies behind it. Pick your beauties, and buy votes till it hurts!

The girl receiving the most votes will be crowned Queen by the Pi Omegas at an elaborate coronation ceremony.

All clubs must register their candidates with G. L. Stanley by Thursday.

## BAND TO GIVE FIRST CONCERT FRIDAY NIGHT

C. E. Strain Will Direct At Canyon High School

The Buffalo Band will give its first concert of the year at Canyon High School Friday night.

There are thirty-four members in the organization at present; indications are that instruments are needed badly. The need is especially great for trumpets and clarinets. C. E. Strain, Director of the band, has set as an objective a fifty-piece band, and that there are enough students in school who are capable of doing good work in this capacity to surpass the desired fifty is Mr. Strain's belief.

It is to the benefit of every student interested in music and band work to join the organization as there is a constant and ever-increasing demand for teachers who are qualified to direct work of this kind in the schools of the country. From year to year, more and more attention is being given to developing high school musical organizations, and those students who prepare themselves now to qualify in this respect will benefit greatly in the future.

Incidentally, it might be of interest to the students to know that many of the instruments used in band work are furnished, although some cannot be secured just now.

## Butler Writes of Delight With Bugbee Mural

Eugene Murray Butler, Editor of the Progressive Farmer, published in Dallas, acknowledged the receipt of a photograph of Harold Bugbee's painting which is hanging in the Panhandle Plains Historical Museum. He expressed his delight with the photograph and hoped that photographs of both of the murals might be used on the cover of the magazine. He has not, as yet, received a picture of Ben Carlton Meade's painting.

Miss Agnes Hicks, junior of W. T., is recovering at home from an appendicitis operation at St. Anthony's in Amarillo.

## ANNIVERSARY OF W. T. IS DESCRIBED

HISTORY OF SCHOOL IS REVIEWED IN WEST TEXAS TODAY

"The silver anniversary is history now and only the golden jubilee can be more significant to West Texas," was the closing sentence of an article entitled "Happy Silver Anniversary" written by Mrs. T. V. Reeves, Head of the Bureau of Public Service, for the November issue of WEST TEXAS TODAY, the official publication of West Texas Chamber of Commerce.

The article contained a review of the history of the West Texas State Teachers College since the legislature of 1909 created it. There was also included a survey of the college as it is today, a part of the life of this region, the West, and excerpts from the address of Envoy Ruth Bryan Owen who was the main speaker on the homecoming program October 20th.

The article carried a campus scene photographs of the south entrance of the college.

## Washington Health Officer to Study Stain of Teeth

Dr. C. A. Pierle entertained friends Wednesday night at his home, honoring Dr. H. T. Dean of Washington, who has been assigned to this territory to study brown stain of teeth. Dr. Pierle is a pioneer in the study, and in the discussion last night, his findings were shown to the group.

A dinner was served, with the following attending: Dr. Dean, Dr. Pierle, Mr. Dickson of the State Health Department, Jack Wyatt, Amarillo city chemist, Dr. Deaton of Amarillo, Dr. G. S. Heard of Hereford, Dr. S. L. Ingham, Dr. E. J. Cundiff, Dr. Johnston of W. T.

Following the dinner members of the Science Club of W. T. joined the group.

Dr. Dean explained to the group his work in Washington and the work to which he has been assigned in investigating brown stain. He discussed the organization of the department of Public Health, its duties and personnel, and the relation to the citizens of the nation. At his request, Dr. Pierle showed slides he had gathered in his long study of the subject in the Panhandle.

## FACULTY MEMBERS TO ATTEND T. S. T. A.

Members of the faculty of West Texas State Teachers College who plan to attend the Texas State Teachers Association in Galveston during the Thanksgiving holidays are: Mrs. Geraldine Green, Misses Edna Graham, Darthula Walker, Dr. J. A. Hill, Professor Frank R. Phillips, Dr. Harris M. Cook, Dean R. P. Jarrett, Professor W. E. Lockhart.

## Duplicate of Old Letters Here

A recent contribution to the Panhandle Plains Historical Society Museum was a group of duplicates of letters written from old Fort Griffith.

These letters, giving an interesting insight upon fort life in that day, were presented by J. Everts Haley, author and ex-student and former member of the faculty of the West Texas State Teachers College. They were taken from the government files at Austin. Most of the letters were those of Mr. George W. Arrington, then a Texas Ranger. Mr. Arrington's letters tell of the constant wrangling between the government officials and the Texas Rangers in the fort and speak of personal relations in the fort. Some of the correspondence told of the evils in the pioneer city of Seymour, Texas, and its ultimate "clean-up."

The letters are to be filed in the Museum library at Canyon.

## CONFERENCE EXECUTIVES MET HERE

Plans For Permanent Organization Are Submitted

## TENTATIVE DATE

Suggestions For Regional Sections Are Made

The Executive Committee of the West Texas Conference for Education met Saturday afternoon at the West Texas State Teachers College to make plans for the coming year. Presiding was C. M. Dillehay with F. E. Savage of the College as recording secretary.

## Plans Submitted

Plans were submitted for a permanent organization of the Conference for Education in West Texas. The first conference was held at this college last spring, the chief project at that time being the arousing of interest in the new curriculum movement in the United States and particularly in changes or adaptations for the schools of this region. The committee voted to have a general meeting for all teachers at the West Texas State Teachers College on the tentative date of March 22 and 23, 1935.

Suggestions that the West Texas district be divided into two regional sections of the State Teachers Association were discussed.

## Program Committee

President J. A. Hill of the Canyon College and C. M. Dillehay, superintendent of the Hereford Public Schools, were placed on the program committee for the spring rally.

Those attending the meeting were: C. M. Dillehay, president; F. E. Savage, Canyon, secretary; J. A. Hill, Canyon; Deputy State Superintendent Bryan Dickson, Childress; W. A. McIntosh, Amarillo; H. P. Webb, Olton; Miss Elva Fronabarger, Canyon; Mrs. A. L. Stringer, Dimmitt; F. D. Boles, Plainview; Miss Ola Boyles, Amarillo; and Mrs. Sam Isaacs, Canadian.

## Drought Area Schools Are Facing Crisis

Survey Shows That This Year Is Most Critical

Washington, Nov. 19.—(CNS)—Midwest colleges and universities in the drought area will reach a crisis early in January, according to this week's expectations of the Research Division of the National Educational Association which stated, following a recent survey, that "the year 1934-35 promises to be the most critical since the depression began."

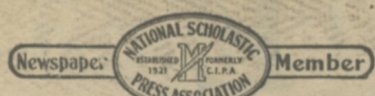

"The crisis may be expected in January, 1935, at which time many schools will have expended all funds on hand," the survey report stated.

States most drastically affected by the drought menace were listed as Arkansas, Iowa, Kansas, Louisiana, Michigan, Montana, Nebraska, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, and Wisconsin. In most of these states the association predicted that a drastically reduced operating term for 1934-35 may be expected unless Federal aid is forthcoming.

"There is a slight indication of educational recovery in other sections of the country," the report continued, "but it is so slight that it would require 20 years to regain the 1929 level unless it is accelerated in the future."

The extreme financial plight of the institution was revealed when (Continued on last page)

## WHO IS EDUCATED?

Whom, then, do I call educated? First, those who manage well the circumstances which they encounter day by day and who possess a judgment which is accurate in meeting occasions as they arise and rarely misses the expedient course of action; next, those who are decent and honorable in their intercourse with all men, bearing easily and good-naturedly what is unpleasant or offensive to others, and being themselves as agreeable and reasonable to their associates as it is humanly possible to be; furthermore, those who hold their pleasures always under control and are not unduly overcome by their misfortunes, bearing up under them bravely and in a manner worthy of our common nature; finally, and most important of all, those who are not spoiled by their successes and who do not desert their true selves, but hold their ground steadfastly as wisely and sober-minded men, rejoicing no more in the good things which have come to them thru chance than in those which thru their own natures and intelligence are theirs since birth. Those who have character which is in accord, not with one of these things, but with all of them—these I maintain are educated and whole men, possessed of all the virtues of a man.—Isocrates in "Panathenaeus," 436-338 B. C.

## brother . . . scribes

WHITMAN FISH

In the current issue of the Yellow Jacket from Howard Payne appears the very interesting editorial entitled, "Adapt yourselves to your school."

"One of the first and primal facts that the student first encounters on enrolling in school is that square pegs will not fit in round holes. This does not go to say that anyone is a blockhead, but is merely a short cut to the expression that 'one half of an education is learning to adapt yourself to your surrounding circumstances.' . . . The person who receives the most out of his training is the one who realizes the importance of building for the future. There is a vacancy in the place just above you, who knows but that you might be the man to fill it—are you prepared? . . ."

This is one of the most important thoughts that have been published, now, before, or in the future, there should be some way of putting this thought over to the students of today, the freshmen especially.

During a recent football game the strains of the band on the opposite side of the field reached the ears of one of the members of the band on the other. Solemnly laying aside his instrument, he stood up and removed his hat and stood reverently with his head bowed. "That's their Alma Mater," he said. The band was playing "How Dry I Am!"

Making love is like making pie—all you need is crust and a lot of applesauce.

The prize postes this week go to three of our Kampus Kutups, to wit: Willy Pitman, "Philbert" King, and the answer to your prayers, girls, little Winnie Lewis, the per-

sonality kid. They personally admit it! "Chumps!"

From the Lobo of the University of Mexico, we find that there is a study hall maintained for those deficient in one or more subjects. Tutors are on hand to aid in the grasping of the subject and from all reports, a marked improvement in the grades has been noted.

From the J-Tac, we quote as follows:

She doesn't paint,  
She doesn't rouge,  
She doesn't smoke,  
She doesn't booze,  
She doesn't kiss,  
She doesn't pet,  
She's 58 and single yet!  
—H. E. Davis.

Advice to fallers in love—never pick out one who is in the same class with you. Think how hard it will be to meet class when you have ceased to be the one and only.

"The Mountaineer" this week gives the lily to the perfect model of chivalry who climbed over three seats in the local cinema palace to pick up the lady's handkerchief only to find it was Kleenex.

The Texas Tech Toreador: Ohio University officials have leased a hotel which is being used as a co-operative home for 65 men students.

At the Los Angeles Junior College, a "Gay Nineties" football rally was recently held. A Floradora sextet, barber-shop quartet, and several skits, one entitled, "Sins of Deflation, or Dirty Work under the Goal Posts," were included on the program.

And with this little thought we leave it with you:

"A nice girl shouldn't hold a boy's hand."  
"A nice girl has to."

So what?

Josh Smith from Turkey visited his sister, Miss Joy Smith, and friends this past week. Mr. Smith is an ex-student from W. T. and is teaching near Turkey.

WORDS OF WISDOM  
by  
Smart Alec

## WORDS OF WISDOM

There should be some method of breaking news gently to a fellow who passes all his courses. Sid Thomas, up at the Keiser House, was too ill to eat his lunch Monday noon. Just before he lost consciousness, he muttered weakly, "I passed them all." No doctor was called. It just takes complete quiet and a little time to overcome a shock of this nature.

Only two of the boys went home between terms. Red Merchant of Dalhart, and T. C. Isham of Clarendon. They both gave different reasons for going, but I know. They wanted to be at home to meet the postman when those grade cards get home.

Saw four or five of the boys cleaning yard Monday morning. I wonder what kind of a bet they lost.

Excuse, please. I got to go dry the dishes.  
P. S.—If it isn't true that misery loves company, why did I feel a little better Saturday evening every time I heard someone say, "Boy, I flunked that course like nobody's business."—S. A.

Misses Ernestine Walker and Mildred Lindsey spent the weekend with their friends in Memphis.

## Notice to Pre-Med Students

The Association of American Medical Colleges Aptitude Test is to be given by Dean R. P. Jarrett, December 7th at 2:00 p. m. in Room 211.

A fee of one dollar is required of each student taking the test which is intended for those who plan to enter Medical School by the Fall of 1935. This test has been adopted by the association as one of the numerous requirements for admission to the medical schools.

## Campus Spotlight

The Spotlight picks out student opinion and not just what we think. Perhaps it would be best to request the Editor to wait until we have a chance to make the Mexican border before this is printed, but here it goes. To those who take this like good sports and in the manner in which it is intended, we extend our hands (two of 'em), and to those who do not like it we give the "boidie." Just because your name is not included this time is one good reason why it will be included at a later date. Perhaps we shall have some contributions and substitutes—just drop your material in the waste basket.

We hear that G. L. Stanley has mentioned the names of Frankie Dodson and Rena Green and the beauty pages of Le Mirage in the same breath.

We wonder:

What will be the end of the Beavers—L affair.

If Miss McMurry is in love. What Lella Cooper thinks of Sugar Cain.

If Frances Alice Clark is "that way" about Nelson.

If Whitman Fish can sing.

Where Hazel Gibson is from.

If Bill Fields has an inferiority complex.

If Mr. Duflot patronizes num-skulls.

If Miss Graham has a picture of herself in the Home-Coming play.

If Joe Collins likes blondes.

If James Compton expects to live over it.

If Mr. Savage is really so.

If Coy Palmer will ever weigh 300.

Who Emily Minter's boy friend is.

If the Quattlebaum feds like football players.

Why Newman Carr is so popular.

If there is any excuse for chapel periods.

If the W. A. A.'s ever rear athletes.

Why Schumann Cherry is like he is.

If Thirza Bourland wears a wig.

If Vera Goodwin is considered good looking.

Where Nettie Beth Hagins spends

her evenings.  
If Arlin Hartzog really rates or not.

If Pete Cowart is a ladies' man.  
If Bruce Howard is really dumb.  
How Johnny Hood wins the damsels.

If the Jones-Foster combination will last.

If the important business meetings announced in chapel foster monopolies or trust of any kind.

If the Cousins-Sesame has a purpose.

If Lilla Beth Burroughs is refined.

If the Elapheleians ever wrote anything worth while.

If Margaret Beck is a social climber.

If J. C. Baker likes library dates.

With the lurid background from "Bob's" as an artistic background, Ralph McClure would make Sally Rand blush for shame.

Basketball has been adopted as one of the contest games at the Eleventh Olympian Games at Berlin in 1936.—College News Service.

### MRS. MEYER ENTERTAINS PI OMEGA PEP SQUAD

The Pi Omega pep squad was entertained Wednesday evening, November 14th by their sponsor, Mrs. A. M. Meyer, at her home on Fifth Avenue. A buffet luncheon was served before the regular business meeting of the sorority. The table was covered with a beautiful lace cloth and had for its center decoration yellow and rust chrysanthemums surrounded by yellow tapers in crystal holders. The refreshments carried out the Thanksgiving motif.

The following members of the pep squad were present: Virginia Hohlaus, Marguerite Rose, Ruth Stapleton, Virginia Murray, Ross Cash, Frances Holman, Vera Goodwin, Josephine Helton, Louise Shirley, Helen Helton, Lella Cooper, Mary Louise Mulkey, Royce Park, Effie Whitsett, Frances Alice Clark, Virginia Line, Bonnie Gierhart, and Ex-Pi Omega, Frances Usery. Notes of regret were received from Luella McDade, Wilma Jo Jones and Zua Gae Warner.

### INTERMEDIATE MAJORS ENTERTAINED

Five Intermediate Majors who are doing practice teaching in the grades were entertained last Wednesday at the home of Miss Ruby Cornelson on Fifth Avenue.

Candy was made and corn popped while the members of the group told their personal history and interesting experiences they have had.

The previous Wednesday the members of the class met on the north side of the T-Anchor lake for a picnic and weiner roast. Each member of the group told a campfire story while marshmallows were being toasted and apples eaten during the last part of the picnic.

The majors are: Misses Ruby Cornelson, Glen Ray Harrell, Marie Goss, Nell Proctor, and Kathryn Brown.

Miss Florence McMurtry is sponsor of the group.

### MANY EXES SEEN BY ORCHESTRA MEMBERS FRIDAY

A number of West Texas State Teachers College ex-students were seen by the College Orchestra members last Friday night, November 16th, at Friona. They were: Mr. and Mrs. George Heath, Wayne Eubanks, Miss Marie Gardner, Glyn Davis, Mr. and Mrs. Lloyd Neelley, Miss Jean Day, Miss Herta Meyer, Mr. and Mrs. Leo Forrest, Russell Stroud, Milton Morris, Pearl Clement Giesler, Miss Lois McCaslin, Miss Dorothy Harris, Bernard Kesse, L. G. Harris, Jack Spence, Clayton Devin, Miss Louise Holgate, Ethel Ruth Collins, Gladys Bates Sides.

These ex-students are teaching at Friona or nearby schools and drove over to hear the orchestra's program.

### WITHERSPOON-HUBBARD WEDDING SUNDAY

The wedding of Miss Evelyn Witherspoon to Mr. George Hubbard was solemnized Sunday evening at the Baptist parsonage in Odessa, by the Rev. W. C. Harrison in the presence of Mr. and Mrs. Son Hendricks.

Mrs. Hubbard is the younger daughter of Mr. and Mrs. A. Witherspoon of Canyon and the sister of Mrs. Gene Kelly of Odessa. She will continue her duties as Dr. Wood's nurse until the fifteenth.

Mr. Hubbard is the son of Mr. and Mrs. J. N. Hubbard of Hamlin and is Odessa's funeral director.

### REVIEW OF PLAY GIVEN AT SPANISH CLUB

The Spanish Club met at the home of Miss Mary E. Hudspeth Wednesday evening, November 14. A review of the play "La Malquerida" written by Jacinto Benavente was given by Myrtle Mae Scales. A program committee consisting of Isabelle Price, chairman, Lucy Blair, and A. B. Reese, Jr., was appointed.

There will be another meeting at Miss Hudspeth's home Wednesday evening, November 21st, to take the place of the meeting just before the Thanksgiving holidays.

### MISS HILL HAS BRIDGE DINNER

Miss Miltia Hill entertained a group of friends last Thursday evening with a dinner and bridge party in Randall Hall.

After a three course dinner carrying out the Thanksgiving motif, the guests, Miss Edna Graham, Mrs. Geraldine Green, Mrs. Travis Shaw, Miss Ruth Lowes, Miss Jean Moore, Miss Hellen Hickman, Mrs. Laura R. Saunders, and the hostess played contract bridge.

### DR. GRENFELL APPRECIATES CONTRIBUTION OF S. S. CLASS

The Cousins Sunday School class of the Methodist Church has been told of the appreciation of Dr. Grenfell for the activity of the members of the class in contributing 250 silk stockings to the people of Labrador who are making them into hooked rugs.

### MARY FORTENBERRY WEDS EMMETT J. DORRIS

Miss Mary Fortenberry became the bride of Mr. Emmett J. Dorris on Monday, October 8th, in Portales, New Mexico.

They have made their home in El Paso. Mrs. Dorris, who before her marriage lived at Hereford, was a student in W. T. at the time of her marriage, and is a sophomore.

### HALL COUNTY CLUB WILL MEET NOVEMBER 28th

The Hall County Club will have its meeting on Wednesday, November 28th, at 9:30 in Room 202 of the Education Building. An unusually interesting program has been arranged by Miss Fannie Mae Rees, and every member is urged to be present.

### MRS. TRAVIS SHAW ENTERTAINED FRIDAY

Misses Hellen Hickman, Miltia Hill, Edna Graham, and Mrs. Geraldine Green were entertained last Friday evening with a dinner in the home of Mrs. Travis Shaw.

Later in the evening the guests were entertained by playing bridge.

## The Tumbleweed

Editors: Helene Oliver and Mary McCaslin.

Staff: Billy Norman, June Heald, Anita Cleland, Cleo Bourland, Bonnie Whittenburg, Ruth Campbell, Meredith Warren, Joe McDonald, Anna Menke, Evangeline Baker, Shirley Ann Oliver.

### Home Economics Girls Display Dresses

Wednesday afternoon at their regular class period, the girls in Home Ec. II displayed the tailored costumes which they have completed as their first term project. The girls judged each other's dresses according to style, material, suitability, quality, and color.

Miss Ritchie and a number of former Home Ec. students were present at the exhibit.

### New Football Suits

All hail the football boys of W. T. High! Even if they are getting a late start, their suits are pretty. They are bright orange with a green stripe across the shoulder. The suits are form-fitting and look very nifty. The hefty young bovines flash about the campus every afternoon in their orange outfits looking good enough for the orange squeezer.

Sixteen new suits were issued, and Coach York is putting the boys through some good training. We are all hoping that they win all the games they play this year.

### Hall Bulletin Board to Be Used By History Class

The bulletin board at the east end of the hall has been given to the American History class for history news. All students are requested to watch it for news of interest, and for events occurring in the world today. The history department is going to make it possible for us to see history in the making.

### Newspapers on "Twelfth Night"

Newspapers are being made in Miss Moore's ninth grade English classes on Shakespeare's "Twelfth Night."

The newspaper project is under the direction of the practice teachers in both classes. The newspapers are being made on the plan of the present day newspapers, with editors, business managers, columnists and printers. The classes as a whole are the reporters, each pupil having a subject to write on.

### Miss Brigham Entertains With Dinner Party

Miss Pauline Brigham entertained a few of her friends with a dinner party Sunday evening, at seven o'clock, at her home.

Those present were Misses Novella Goodman, Helen White Moore, Mattie Swayne, Mary Morgan Brown, and Jennie C. Ritchie.

### Le Petit Mirage Near Completion

The high school section of Le Petit Mirage is progressing well, according to Mr. Mateer, the sponsor. The seniors have already had their pictures taken, and the remainder of the classes will have theirs taken Friday. Seventy-five per cent of the financial obligations have been taken care of already, a thing which is very unusual for this early in the year. The editor thinks we will have one of the best high school annuals we have ever had.

### National Honor Society

The National Honor Society of Secondary Schools of America is a national honorary fraternity, which means to the high school of the United States what Phi Beta Kappa means to the universities.

The society is composed of the highest fifteen per cent of the senior class and the highest five per cent of the junior class.

Membership is based on four

things: character, scholarship, leadership, and service.

The annual election to membership takes place just before the close of the spring term. Upon being initiated into the society, the members are given a gold key bearing the insignia of the organization.

Amarillo and Lubbock are the only high schools in the Panhandle except W. T. High, to be awarded membership in the National Honor Society.

The local chapter of the society was named in honor of Mr. R. P. Jarrett, Dean of the College.

### Editor's Note:

Who will win N. H. S. at W. T. High this year? It is up to you, students. And speaking of honors, the college is offering one scholarship this year to the 1935 graduate of the College High School who makes the highest yearly average in the class.

Mrs. Laura Saunders and Miss Anna I. Hibbets attended an Amarillo theater Tuesday night to see the picture, "The House of Rothschild."

### Boys' Chorus Sings at Happy

The Boys' Chorus of W. T. High School sang at the morning services at the Happy Baptist Church, on Armistice Day. At the noon hour the boys enjoyed a lunch which was served to a large crowd in the town hall.

### Assembly

The high school girls' chorus sang their first cantata, when they presented "The Grasshopper," at assembly Thursday morning. Helene Oliver, as narrator, explained the story as it was sung, telling the tragic tale of the deceased grasshopper, who was assassinated while peacefully sunning himself on a sweet potato vine.

For an encore, they sang "Gypsy Love Song," by Victor Herbert.

### My Trip to the World's Fair

By Meredith Warren  
Not everyone knows the joy of travel until he has motored over highway "66" north and east, into Chicago. We were three days going over the plains, and river valleys, and through the capital cities, entering Chicago early in the afternoon.

Early the next morning we started out sight-seeing filled with gay spirits and plenty of energy for a day of tramping. Determined to miss nothing, we first spent several hours in the Field's Museum and the Shedd Aquarium. Passing on we entered the Fair Grounds at Twelfth street, where we got our first view of the throngs of people passing down the avenues of gayly colored flags.

To our right, in the midst of a beautiful landscaped garden, stood the Sears-Roebuck building, modern in every detail, and containing scores of exhibits. To the left and across the lagoon, we walked thru the beautiful garden to the Alder Plantarium, the only one in the U. S. Passing into the inner court, we were surrounded by darkness so black it seemed that of another world. The ceiling of the dome became a blue sky, sparkling with millions of stars, which the lecturer explained.

One of the outstanding buildings of the fair was the Hall of Science. Within this vast building were miles of corridors lined with exhibits of the six major fields of science. We spent several hours studying the various exhibits. Another building of great interest was the million-dollar Ford Building, a splendid sight to see, with its enormous dome, and its display from the earliest vehicles to those of the present day. Here raw materials were visibly converted into modern cars. Adjoining the main building on the lake front, was the beautiful Ford Garden, where visitors might rest and dine. The Transportation Building, which was filled to capacity all the time, was a unique structure having its dome suspended by strong cables, like a bridge. It contained every means of air, land, and water transportation. There we saw the latest models of aluminum trains and airplanes.

Leaving the more practical things of the Fair, one might be highly entertained by the various attractions. There were the foreign displays, free picture shows, band concerts, breath-taking rides, and hundreds of carnival side-shows. The numerous nooks were landscaped and set in blue grass, trees, and flowers. Then there were acres of brilliant gladioli, each plot of a different color, which added to the beauty of the huge picture, to say nothing of the millions of vari-colored lights illuminating the scene.

### Home Ec. Club Meeting

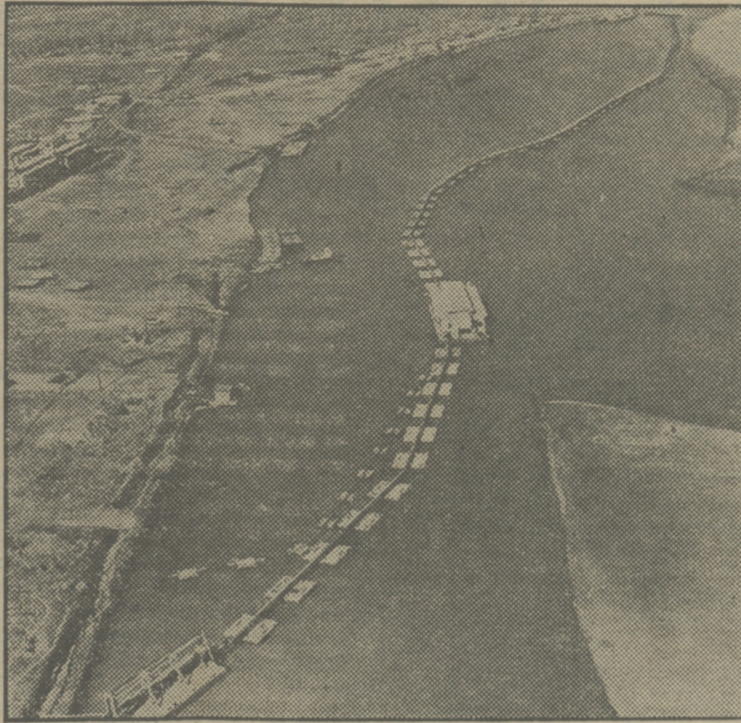

The Home Ec. Club met Wednesday afternoon and selected a motto. The club decided to have a snapshot picture for the annual.

The patriotic program which was presented consisted of a song, "America," several readings by Louise Groom, and a talk by Marjory Merchant on the topic of "Women and Fascism." The club adjourned, after singing "The Star Spangled Banner."

### Miss Richardson Talks to Latin Club

"In erecting our domicile of ex-

## Creating Greatest Earth Dam

This aerial view shows the first of the four pipe line units which will pump 90,000,000 cubic yards of earth into a big Missouri River barrier at Fort Peck, Mont., to create the world's largest earth dam. Numerous pontoons, each 20 feet square, support this two-mile pipe line. A pumping plant is shown at center, and at left three dredges are shown under construction.

istence, we must provide for circulation," were the opening words of Miss Mary Moss Richardson's interesting speech at the Latin Club Friday afternoon in Dean Green's office. This sentence, she pointed out, was made up almost entirely of Latin derivatives.

"The three windows through which a more intelligent use of English words circulates, can be made," Miss Richardson said, "are the study of the Latin suffixes, prefixes, and word roots, which enrich and add color to the English language."

Following Miss Richardson's talk, Lela Louder and Pearl Mayben sang the Latin translation of "A Pagan Love Song." Then the whole club joined them in singing several "rounds" in Latin.

Brynild Vaughn gave a most

enlightening talk on "English Derivations from Latin." "Almost two-thirds of our English words," he said, "are taken from Latin." In his talk he discussed a number of recent articles he had read on the subject.

At the tea hour, Mrs. Green, assisted by her daughter Nell (who was also in charge of the program) and Bonne Rhea Whittenburg, served a delicious refreshment plate to the members of the club and their visitors.

Word has been received from Miss Emil Brewer, last year's editor of The Prairie, that she will be a visitor on the campus of West Texas State Teachers College a few days before the Christmas holidays. Miss Brewer is attending Columbia University in Missouri.

### "THE LILY MAID. . ."

The Lily Maid of Astolat would find herself quite the fashion today. More and more smart women are adopting a pale, striking make-up, accented by vivid lips and eyelids shadowed with blue or green. For the college girl, this is a simple make-up to follow, but it should be modified.

There is no point in looking too sophisticated if you cannot live up to it! Therefore, instead of the dead white pallor that some of the women on the Continent are affecting, I would advise a touch of red raspberry rouge if you are brunette, or red geranium if you are blonde. Apply it near your eyes, to make them look more sparkling.

A cream of natural powder for the very fair skin, and a mauresque shade for the darker skin will heighten the effect of cool translucent loveliness. Then choose your lipstick to match your rouge, and apply it rather generously.

Since eye cosmetics are a part of this smart new make-up ensemble, you need to darken the lashes and brows, and perhaps add a hint of shadow on the lids. For

the college girl, an eyelash darkener and grower will accomplish all this without being too obvious. It is a wonderful way to groom your brows and lashes—and help them to grow. If you want to make your lids shine—a particular entrancing touch in make-up, use the lightest hint of your pasturized cream on the lids. For evening, the same touch applied to your lips, makes them lustrous, too—and very alluring.

Be careful in choosing this type of make-up that you do not look as if you were indeed pining for a lost love—or the nurse will decide you need time in the infirmary! If, after you have tried it, friends ask you if you are well—add a dash of rouge. If that still doesn't help, you'd better let it go. Some of us are just not the type.

If you have a personal beauty problem on which you need advice write Woman's Interest Syndicate, 522 Fifth Avenue, New York.

## Buffaloes Stand Up To Atkison Barrage

Mrs. Rockne Sees W. T. Team Play In Kansas

After trailing 19 to 0 at the half, a small but valiant bunch of Texas boys from West Texas State Teachers College went to work in the second half of their game with the St. Benedict's Ravens last Friday in Atchison, and brought thrills and fear to the hearts of the largest crowd ever to witness a Homecoming at St. Benedict's.

Coach Larry (Moon) Mullins, a former star under Rockne, worked the old Notre Dame tradition of the psychology of shock troops to perfection against the Buffaloes. At the beginning of the second period Mullins sent in his first team, and the Buffs, realizing the job facing them, went to work in earnest.

However the Ravens scored once more before the half ended. With Tex Dunaway, Gene Neff, and Jim Helmer advanced the ball from mid-field after Tony Miller, a guard had intercepted Holston's pass, and Helmer circled end for the score.

Early in the first quarter the Ravens scored their first touchdown after Danaher, freshman back for Mullins, had intercepted a pass on the Buff 38 yard line. Danaher picked up 14 yards off tackle, and Red Cahill swung around left end for 24 yards for the score.

Danaher also started the next touchdown march with a 27 yard dash off tackle. Two passes from Cahill to Dockery netted 36 yards and placed the ball on the Buff 11 yard line. Danaher carried it over.

### Second Half

Captain Walker led his teammates on the field as the second half opened with no one conceding the Buffs a chance to make the game even interesting. But before the game was over the fans were treated to an exhibition of football such as they had never seen. A team, with odds that seemed as almost hopeless in a 19 point deficit to overcome, displayed enough spirit and fighting heart to bring hysteria to the Raven followers.

The battling Buffaloes backed the Ravens' first stringers up to their goal line. Neff's punt went out of bounds on the 28 yard line. A few line plays and a 15 yard penalty gave the Buffs a first down on the one yard line. Teague was stopped at the line, and Holston carried the ball over tackle. Teague converted the extra point.

Thompson came racing in to replace Van Noy in the Buff backfield, and the Buffs were off for another score. Holston passed 49 yards to Thompson to place the ball on the 12 yard line. Another pass from Holston to Thompson was good for 11 yards. Teague hit the line for about two feet, and Holston scored the second touchdown. Teague's unerring toe again brought the Buffs the extra point.

With just a few seconds to go the Buffs were never able to gain possession of the ball after the kickoff, and the whistle blew with the Buffs for the second year in a row five points behind. Last year in Amarillo the score was 12 to 7.

### Mrs. Rockne There

Mrs. Knute Rockne was the honor guest at the game which featured two teams displaying the Rockne shift almost to perfection. Throughout the second half all of the Buffaloes played good games, but two men stood head and shoulders above the rest of them.

John Rankin, a 170 pound guard from last year's squad turned in a brilliant defensive game, breaking through the Raven line time after time to make vicious tackles of the St. Benedict's backs.

Red Holston, 150 pound quarterback, turned in the best game of a long and eventful football career. In the first half Holston was all over the field, bearing the brunt of the defense and offense. His cracking tackles from the safety position was all that kept the game from turning into a rout in the first half. In the second half he continued his defensive work, made some flashy runs, was on the throwing end of some effective passes, and wound up by

scoring both of the Buff touchdowns.

Capt. Walker also played some good defensive football at right tackle. Van Noy contributed several sensational runs, and Ezell Champion, with his long high, quick kicks was a very important factor in the Buff showing.

### DROUTH AREA SCHOOLS ARE FACING CRISIS

(Continued from first page) the association discovered many schools to have borrowed until they could not obtain additional loans. Other districts were found able to borrow money but only with the threat of bankruptcy staring them in the face. The situation was made more poignant, according to the investigation, by an existing tax delinquency in nine Midwest states of 39.5 per cent, involving \$46,000,000.

Hope was expressed that the Federal government would "come to the rescue," of the allegedly floundering educational system. Last year \$150,000,000 in Federal aid was provided in emergency aid allocations to education in various parts of the country.

Efforts to keep operating expenditures at a minimum was reported as many schools were found to be running greatly overcrowded classes, often reaching sixty to seventy students per instructor. Difficulty was seen in efforts to provide fuel and teaching supplies.

Belief that the downward trend of education, as a national situation, is checked was expressed by the investigation body.

Further progress toward educational recovery and reconstruction is asserted dependent upon three important factors: (1) the character of the business trend in the future, (2) the action of legislatures which will convene in practically every state during the year and (3) the policy of the Federal government as to the continuance of emergency aids to education.

### PHILHARMONIC ORCHESTRA WILL REPEAT PROGRAM

(Continued from first page) ticket and a number of guests. The number of guests is governed by the number of concerts the ticket is good for as a single admission ticket.

### W. T. FACULTY WILL GO TO T. S. M. A. MEET

(Continued from page one) tend the convention. Professor W. R. Clark will conduct the massed pianist contest. Miss Pauline Brigham, Miss Ada V. Clark and Herschel Coffee will participate as judges for the various try-outs. Miss Frances Uesery will also appear on the program.

Among the numbers to be presented during the convention is an organ recital by Mrs. J. W. Watkins, Wichita Falls. Horace A. Jones, violinist, University of Colorado at Boulder, will render several compositions. Julian Paul Blitz, head of the musical department at Texas Technological College, with his trio, will play several pieces. Marcus Gordon, a distinguished American pianist, is listed to be on the program. Rollin Pease of the University of Arizona will sing several baritone solos. Miss Pauline Brigham of Canyon will accompany both Horace Jones and Rollin Pease.

Headquarters at Hilton The headquarters for the convention is the Hilton Hotel at Lubbock with the local host being the South Plains Music Teachers Association.

### DR. HILL CONFERS WITH DIRECTOR MONTGOMERY

Dr. J. A. Hill and M. O. Carter of the firm Rittenberry and Carter, architects of Amarillo, went to Sweetwater to confer with Julian Montgomery, Director of the Federal Emergency Administration of Public Works with office in Fort Worth.

Dr. B. F. Fronabarger, Head of the Department of English, recently received a letter from Miss Emil Brewer, last year's editor of The Prairie, which contained a list of suggested books which might be used in a journalism course which Dr. Fronabarger is planning and may possibly teach next year.

## BISON BULL

By Fizz n' Fuzz

Well Hiya! Here There and Everywhere—written on board the train coming back from Atchison with nearly everybody on board contributing something.

Everybody had a wonderful time on the trip. We saw Kansas City, were nearly massacred or what have you. We think the Harvey House did it.

We nearly left Coach Baggett at Fort Leavenworth. Now don't get us wrong because there's a jailer sumpin around there. The train left suddenly, and everyone was crawling over each other's backs to get on the train, and Teague and the Coach kept getting in each other's way.

Travis Shaw has kept the trip from ever getting dull by his never ceasing stories. The only thing we regret is that we didn't have a broadcasting hookup so that every one could enjoy them at the same time. But maybe then he would have had to think up some new ones. Oh, well!

The best one on the trip was when six of the boys were trying to inveigle some one to show them the town. Red Holston was exercising his thumb, and a nice looking car picked them up. At the end of the ride, the driver asked for sixty cents as fare. And was Red's face red!

For lunch just now we had a big red apple, and a Sunkist orange. After devouring them a delightful game was played by all with Edd McMinn, Emil Hutto, and Stina Cain winning er sumpin.

Frank Van Noy had one but she got away. One what? I don't know! Ask Van! Almost every place we ate, people remarked about how well Butch Clark wore his food. When that boy eats, he eats, and if some part of his face gets in his way it's just too bad.

Cliff Jarrett takes the boys votes for being the best sport on the trip. He is really a swell fellow.

Jerry Malin and Jerry Brown, two of a kind, won the contest for the loudest pajamas on the trip. Malin's spotted ones ran a close second to Brown's lavender ones. Believe it or not, we were rain-

## Buffaloes To Play Alva Next

Finis Of Football Season Is Drawing Near

Next Saturday the West Texas Buffaloes wind up their football season with a game in Alva with the Northwestern Rangers of Coach Jenks Simmons.

In the Rangers the Buffaloes are meeting another one of those strong Oklahoma Conference teams against which the Buffs have not fared so well this season. The Buffaloes have dropped to Central, East Central, and Southwestern in exciting games. The Panhandle Aggies are the only Oklahoma team which the Buffs have beaten this year.

However, the Buffs have had their ups and downs, and now, in the final contest of the year, twenty of as game boys as ever donned moleskins have their heart set on making a fitting adieu by winning from the Rangers. If the Buffs can play a whole game like a half they played at Atchison, they should have no difficulty. Last year the Rangers were victors over the Buffaloes 7 to 6 when Teague missed his only extra point of the year.

This year, Coach Simmons, a former professional football star, has a powerful, rugged team. Simmons does not depend so much on deception, but he believes in shooting big, fast, powerful men off tackle and through the line.

In Munsey, Erick, and Mayfield, Coach Simmons has three exceptional backs. All are big, fast, and powerful. Munsey is a sensational kicker. In every game he gets off one or two sixty and seventy yard kicks. In one game he averaged

ed on in Oklahoma! Yes sir, honest to goodness rain water. I know anyone won't believe us but it's a fact anyway.

Pud Thompson is open for blackmail.

Well, it's all over but the shouting, but some Texas boys left a whole lot of Kansas talking about the fighting finish the Buffs made. They will still be talking for years. We hope that we can treat St. Benedict's as well next year as they treated us this year.

## Over At MOORE'S CO-OP

By Scotty and Debenport

This was a rather lively place last week-end with practically everyone at the Co-op thinking about going home or already gone home. Some of the boys who stayed probably learned how to make good candy while the rest were gone, as evidenced by the quantity made.

We had all gotten back to the Co-op and were feeling rather "glum" after such a short time at home, when some of the less listless group here, detected a staccato sound in the distance. On becoming fully awake we recognized none other than our faithful house-master, Todd, at the throttle of one of the pioneers in automobile history. Upon being christened "Antimony" by one of the chemistry students, she duly entered upon her career as a Co-op addition. May she serve us faithfully as did the Deacon's "One Hoss-Shay."

Cramming for examinations was the order of the day here at the Co-op. One member became so excited about the finals that he made the suggestion that we have a study hour each night in the week during the next term.

As this nine weeks term draws to a close, we hope that each Co-op member will be rewarded by receiving excellent grades, and that each Freshman will make a resolution to do better work during the coming term.

50 yards, including the short kicks that situations often call for.

One more week will write finis to a colorful, strange, and odd season for the Buffs. Regardless of the outcome of the game, another fierce football contest will take place next Saturday in Alva.

The West Texas State Teachers College Orchestra under the direction of Professor W. R. Clark gave a concert last Friday evening at Friona. This concert rendered by the orchestra was one of the lyceum numbers on the School Entertainment Course which Friona is sponsoring this year.

Besides several musical compositions given by the orchestra, Oscar Croson played several violin solos.

Wednesday night, November 21st, Dr. Harris M. Cook, Curriculum Advisor for this District, and Professor John A. Gillis will attend the curriculum program of the Hansford County teachers, who will meet in Spearman.

Miss Margaret Pierle spent the week end in Canyon visiting her parents, Dr. and Mrs. C. A. Pierle. Miss Bibs Jameson spent the week end in Amarillo visiting with friends.

## THE BUFFALO SCHEDULE

Sept. 21, East Central Okla. Teachers College 12-0.  
Sept. 28, Southwestern Okla. Teachers College, 9-0.  
Oct. 5, Texas School of Mines (El Paso) 6-20.  
Oct. 13, New Mexico Military Institute, Roswell, N. M. 0-47.  
Oct. 20, McMurry College (Homecoming), 17-7.  
Oct. 27, Central Okla. Teachers College, 9-0.  
Nov. 2, New Mexico Normal University, Canyon.  
Nov. 9, Panhandle A. & M. College, Goodwell, Okla.  
Nov. 17, St. Benedict's College, Atchison, Kansas.  
Nov. 24, Northwestern Okla. Teachers College, Alva, Okla.

## T-Anchor Farm News

By George Gandy

Well, we have another eight weeks of rest before we have to start studying for the mid-term finals.

Hope everybody passed and that the old folks at home are proud of the "Little Darlings" away off up there at College away from their mamas.

We have several new members at the farm this term; and later on we will have some dope on them, but for now we only announce that they are here and ready for the new term to open.

Oh yes, folks, the T-Anchor Cowboys will be broadcasting each Wednesday evening at 7:15 o'clock and we invite you to tune in and hear them do their stuff for fifteen minutes.

And was Kid Young embarrassed and for how long the other night when we had visitors at the North House. O. K. Pete, we understand how you must feel.

Everybody was getting ready to go home for the holidays between terms, and when they looked up in the catalogue and found out that the College was being real nice and letting the students have Sunday off before opening the new term, they decided to put it off until the 29th.

Wonder why Ross Paine drove all the way to Quail the other night when he should have been sleeping soundly in his little bed? Might ask Edd Todd about it. He went along to keep him awake and sure enough he went to sleep.

Where do we hear this most often? "Pass the cabbage!" We would like to say that Jeff Calloway is coming out of it because he had a date the other night—who with—we don't know. Be seeing you next week.

**FUTURE STUDENT ARRIVES**  
Mr. and Mrs. Bob Estes of Borger announce the arrival of a future student for West Texas State Teachers College. Both Mr. and Mrs. Estes are ex-students of this college. Mrs. Estes was Laurene Alvord of Canyon.
