

## War Work of Schools Told

High School Press Ass'n.  
Meets Here; Amarilloan Is  
President for Next Year

Stamps and bonds totaling hundreds of thousands of dollars have been sold and scrap totaling hundreds of thousands of pounds has been contributed to the nation's war effort by schools of the Texas Panhandle.

These figures were revealed in reports made here Saturday at a meeting sponsored by the Panhandle High School Press Association, which met on a basis of restricted attendance. Student editors studied ways to intensify promotion of the schools' war programs in coming months. Scores of activities were mentioned in the reports. Shannon Black of Tullia, head of the association, presided.

In the election of officers, Mary Nell Gibson of Amarillo was made president. Other officers are Ann Herndon of Perryton, vice-president; June Nix of Happy, secretary; and Joyce Carr of Canyon, treasurer.

**Visitors Are Speakers**  
Convention speakers were N. F. Nelson of Amarillo, district manager of the motor transport division of ODT; H. E. Billingsley, Santa Fe railroad executive of Amarillo; Dr. A. M. Meyer, professor of Education at West Texas State College; Olin E. Hinkle of West Texas State, general sponsor of the Association; and Lieut. Charles A. Mitchell, assistant public relations officer of Amarillo Air Field. Sectional meetings were directed by student delegations from Amarillo, Happy, and White Deer.

Canyon High School's newspaper, the Eagle's Tale, took first place in the newspaper contest. In individual writing contests, the results were as follows:

### Contest Results

News story—June Royalty, Lubbock; Mary Nell Gibson, Amarillo; Dick McCune, Pampa Junior High; Shannon Black, Tullia.

Sports story—James Coontz, Amarillo; O'Veta Morris, Lubbock; Jack Waters, White Deer, Dee Griffin, Pampa Junior High.

Editorial—Chester Williams, White Deer; Shannon Black, Tullia; Eugene McBride, Quail; Orrel Daniel, Perryton.

Feature story—Mary Nell Gibson, Amarillo; Shannon Black, Tullia; Johnny Harter, Canyon; Bob Bray, Perryton.

General column—O'Veta Morris, Lubbock; Shannon Black, Tullia; Johnny Harter, Canyon; Donald Rowe, Pampa Junior High.

Sports column—Manis Read Foster, Canyon; James Coontz, Amarillo; Charles Hatcher Pampa Junior High; Jack Cooper, Lubbock.

### Air Corps Officer Speaks

Despite transportation difficulties, 65 representatives attended from ten schools. The meeting opened at 2:30 p. m. A well-served dinner at Terrell Hall, cooperative dormitory for men, was featured by Lieut. Mitchell's address and the announcement of awards. The Air Corps officer, a former North Dakota newspaperman, told about Army traditions and the work of the public relations office. He explained the Army's conservation program and declared, "The Army wastes nothing."

Mr. Nelson described the huge task of railroads in wartime and told of the necessity for conserving rubber and other critical materials. Railroads, he said, are carrying 2,000,000 service men a month, with their equipment. A Pullman sleeper is loaded with soldiers "every two minutes."

### Dr. Meyer Is Heard

After hearing the reports on school war programs, Dr. A. M. Meyer told the group:

"You are thinking straight, America's young people are facing life squarely and are analyzing it—a wholesome thing."

He urged the student editors to unify the thinking of their schools, to mould opinions carefully after ascertaining the viewpoints of many persons, and to weigh and measure facts before rushing into print. He praised the heroism and sacrifice of reporters in the theaters of war.

The conference delegates attended the West Texas State-New Mexico basketball game following adjournment.

## Scott Vaughan Is Page at Austin

Scott Vaughan, former Demonstration School student, is serving as a page in the Texas Legislature—a job which he says is highly interesting and educational. He was the governor's private page on inauguration day.

He is keeping a complete file of Senate Journals and House Journals, with notations thereon. One of his duties is the distribution of these publications in the various state government buildings.

In a letter to Miss M. Moss Richardson, Scott said he was "practically in love with Austin."

## Victory Queen and Helpers

Pictured in the top photograph is the Victory Queen of West Texas State, Miss Mary Cowart, the freshman candidate whose classmates obtained her election by selling more stamps and bonds than any other class. At her left is her campaign manager, Don Anderson. At her right is Miss Merle Lewis, ace bond seller for the class. In the lower photograph, the queen and her court are shown listening to a program given by soldiers of Amarillo Air Field.

## Lieut. George T. Higgins To Get More Training

**BROOKS FIELD, Texas**—Hand-picked from the Air Corps and various branches of the Army ground forces, a new class of student officers arrived at Brooks Field recently to begin the intense training that will qualify them as "Eyes of the Army."

As aerial observers, the new class at Brooks Field will learn aerial photography, radio code, visual reconnaissance, artillery fire direction, combat intelligence and various other duties which cannot be made public.

Since they must become experts in a number of subjects, their time at Brooks will be crisscrossed by classroom and flying instruction before they will receive their silver wings "O's" nine weeks hence.

Reporting at Brooks Field from West Texas State was:

Lt. George T. Higgins, son of Mr. and Mrs. W. R. Higgins of Hereford. He was inducted at Ft. Bliss, Texas, in May, 1942, and commissioned the same year at Officer Candidate School, Miami Beach.

Lt. Higgins received his Bachelor of Science degree from West Texas State College in 1935. He was a letterman in football.

## Glenn Milner Is Stationed With Fighter Unit

Harding Field, La., Feb. 8—Second Lieutenant Glenn E. Milner, who graduated from West Texas State College in the class of 1941, has been assigned to a fighter unit at Harding Field, Baton Rouge, La., according to a recent announcement from the Public Relations Office at that field.

Lt. Milner received his pilot's wings and the bars of a Lieutenant recently upon graduation from the Army Air Forces Advanced Flying School at Spence Field, Moultrie, Georgia.

At Harding Field the ex-West Texas student will receive further training as an Army Air Force combat pilot.

## Ulane Zeeck, WAVE Recruit, Honored In Pampa

A series of parties given honoring Pampa teachers who are joining women's auxiliary services included a number of former West Texas State students last week.

Miss Ulane Zeeck, a WAVE recruit was honored with a tea with other faculty members. Miss Zeeck is leaving soon for Smith College for her training.

A guest at an A. A. U. W. dinner honoring a WAAC recruit, Miss Lanelle Scheihagen was among the persons attending.

Lt. and Mrs. Wallace O'Keefe of Camp Wallace are parents of a son, Charles Barksdale, born January 26. Mrs. O'Keefe is the former Ruby Jean Barksdale of the physical education department, and Mr. O'Keefe is a graduate of W. T.

## Senate Rules on Club Activities

Rush Week Program of  
Three Groups Is Cut—  
Resolution Is Passed

Three West Texas State College social clubs were disciplined by the Student Senate in sessions Saturday and yesterday. Decisions of the senators will restrict Rush Week activities of these organizations.

This action grew out of complaints made to the office of the Dean of Women and referred to the Senate by her for consideration.

In its first session, the Senate received a complaint that Pi Omega social club had violated Inter-Club Council rules by inviting students, ineligible for membership in a social club, to a rush party. After considering the complaint and hearing the club's president, the Senate decided that Pi Omega should be denied the privilege of participating in Rush Week activities. The Senate reviewed this action in a called session Saturday night, when club representatives and townspeople were heard. Further consideration was given yesterday, when the Senate met to discuss an administrative recommendation that some modification be made in the interest of campus and community harmony. Senators thereupon decided that Pi Omega should be allowed to have only one rush party but could continue with other activities connected with Rush Week.

Pi Omega officers said their club's action was in error and innocently done.

Also considered by the Senate Monday were complaints that the Tri Tau, Alpha Sigma Xi, and Epsilon Beta social clubs had violated regulations of the Inter-Club Council. The student government body in these cases decided that Tri Tau and Alpha Sigma Xi should be allowed only one rush party during Rush Week. Complaints against Epsilon Beta were dismissed.

Spokesmen for Tri Tau and Alpha Sigma Xi pointed out that their invitation lists had been checked by the secretary to the Dean of Women. Before adjourning yesterday, the Senators passed and individually signed the following resolution:

"Be it Resolved: That the Student Senate of West Texas State College has acted in accordance with the suggestion of President J. A. Hill in changing its decisions of February 6 and making new decisions concerning Rush Week."

Signed: Charles Johnson, Ralph Owens, Bobby LaFon, Lodena Tooley, Eddie Castleberry, Dick Craig, Stuart Condon, Jr.

Hud Prichard presided at the meetings as vice-chairman of the Senate.

Frank M. Jones, son of Mr. and Mrs. S. H. Jones, is now stationed with the Seabees in Kodiak, Alaska. He volunteered August 8 and was sent to Norfolk, Va. Later he trained in Providence, R. I. and San Francisco and was sent to Alaska in October.

The Prairie extends condolences to students J. W. and Don Anderson. Their father died Friday and the funeral was held Sunday.

# War Expert Is Coming

## Ben Carter Tells of Experiences In the Navy

By JAMES COONTZ

(Editor's note: The following interview story was written Saturday by James Coontz, a visiting delegate of the Panhandle High School Press Association. His writing placed prominently in the Association contests, winning first place with his sports story and second on his sports column. James is a member of the Amarillo Sandstorm staff and the Globe-News staff. He plans to attend West Texas State.)

Although the state of Texas is the largest navy recruiting state in the nation and the Panhandle is tops in Texas, only a few of the residents of these vast open spaces know the language of the boys after they become a member of Uncle Sam's Navy, says A. B. Carter, former West Texas State student.

Carter, who is home on leave, is a seaman third class and a former Panhandle High School student. (He has been almost everywhere south of San Diego to Australia, including all points in between.)

He was on the U. S. S. Chester when it was sunk by the Japanese in the Coral Sea battle off of the Northeast coast of Australia. This time last year he was enrolled as a Freshman at West Texas State.

Most people are familiar with the nickname for navy food, "chow," and other common names used by more than just the sailors.

Chow has been used for many years by the cowboys.

The floor, or deck, is another term, as is the word hatch, meaning door.

The Navy uses the term messhall, as does the army, to designate its eating place.

### Navy Time

In the navy, time can go as high as 24 o'clock in place of the limited 12 in civilian life. A person who stands watch may start at 13 o'clock and end at 23 o'clock. The new navy time starts at 12 o'clock midnight and runs straight through until 12 o'clock the next night. When it's one o'clock in the afternoon to a civilian, to a navy man it is 13 o'clock.

In the nicknames applied to other boats of the navy, come such names as battle wagon, which refers to the battleship, and Bird carrier, which stands for aircraft carriers. If one was talking about the pig boats and the momma pig, he would be referring to the submarine (pig boat) and the submarine tender, (momma pig) which supplies the subs with their supplies and equipment.

A person always goes to the starboard, in place of the left and to the port side when he wants to go to the right. There are many names which apply to going to the front and back of the boat, such as the rear, aft or to the stern in place of going to the back of the ship. For the front there is the bow and then going forward.

### Spreading Scuttlebutts

Seaman Carter explains that people (See SAILOR page four)

DR. SYUD HOOSAIN

## College Is Given Army Approval

No Contract for Training  
Unit Is in Sight Now,  
However; Studies Made

West Texas State is one of 281 institutions approved by the War Manpower Commission to offer training for men and women under plans formulated by the Army and Navy.

The War Department tentatively designated West Texas State for the training of WAACs.

But the action is permissive and preliminary, and does not involve a contract. In fact, the Army wishes to place no fewer than 600 WAAC trainees in college units and West Texas State has not been approved for this number.

The announcement made in Washington Saturday concerned academic standards, location, and general factors—not the actual training of enlisted personnel, which must be contracted for by the Army or Navy.

The college has assembled much data on its facilities and has had communication with several federal agencies. Except for the increase in War Training Service (Navy) cadets, there has been no development for announcement.

## Clark Presides at Meet Downstate

Prof. Wallace R. Clark was returned from a trip to Fort Worth, where he presided at a meeting of the board of the Texas Association of Music Schools, of which he is president.

The association's committee on standards met at the same time. Problems growing out of the war were studied.

Plans were made for the state meeting, which will be held in Dallas on April 10.

## Noted Traveler To Speak Here

Dr. Syud Hossain Will  
Bring Brilliant Message  
For West About East

Dr. Syud Hossain, distinguished traveler, editor, and lecturer, will be presented by the College Lyceum Committee on Monday evening, February 15, at 8:30 o'clock in an address on the present world scene. Admission will be by blanket activity ticket or 50 cents.

Dr. Hossain has been heard often on Mutual coast-to-coast broadcasts. For two years he was the popular conductor of the Foreign Affairs Conference of the Air on the West Coast and, following the attack on Pearl Harbor, he was elected by the Mutual Broadcasting Company as the outstanding authority to give a half hour's coast-to-coast broadcast of the background of the Pacific Crisis. His extemporaneous analysis was so brilliant and clear that a record was made of the talk and it was repeated twice on Sunday and once on Monday.

Dr. Hossain knows the Moslem world, and the underlying forces that control the Far East. He recently returned from a year's world tour, during which he studied at first hand the tense international situation just before the war.

Two recent articles by Dr. Hossain that have attracted much attention are, "Why Cripples Failed in India," in Free World for May, 1942; and "India and America" in Survey Graphic for November, 1942.

He has been appointed by the War Department as lecturer and adviser at the School for Special Service at Fort Meade.

Dr. Hossain has made himself known on three continents as one of the foremost publicists in the domain of political, economic and cultural relations between the East and the West.

## Classes at Cactus Plant to Be Given By College Group

West Texas State will offer several courses at Eter under auspices of the Cactus Ordnance Plant, it was announced yesterday.

A faculty group will go to Eter Wednesday to make final plans. The courses, arranged through the state committee on Engineering, Science, and Management for War Training will include two in business administration. Dr. Lee Johnson will teach elementary accounting and Prof. W. F. Haggard will teach cost accounting. Dr. S. H. Condon will offer a course on personnel management and supervision. Industrial psychology will be taught by Dr. R. P. Jarrett. Classes probably will be taught once each week.

The Cactus plant manufactures chemicals used in warfare.

## Lt. James Shepherd Former Student, Is Killed in Arizona

Lieut. James Curtis Shepherd, former W. T. student, was killed Sunday afternoon at Williams Field, in Arizona.

He had been a flying instructor for several months, and last week had been advanced to the rank of first lieutenant. He left here more than a year ago while a junior. He is survived by his wife, the former Fern Walters. Mrs. Glenn Dowlen of Canyon is a sister.

Funeral arrangements had not been completed last night.

No details of the accident were available.

## New Figures on Bond Sales Given

A new grand total on bond and stamp sales, issued yesterday, shows that West Texas State's campaign has netted a total of \$15,160.10 since December 15, 1941.

Of this total, \$387.95 was sold in the last Summer Session. The recent Victory Queen contest brought in a total of \$12,499.30 for stamps and bonds.

### ARTICLE BY FESSENDEN

The February Texas Outlook which has just been received contains an article by Dr. Seth A. Fessenden, head of the Department of Speech. His subject is "All English Unit in Vocational Guidance."

Jennings Flathers is now in the United States Army and has been stationed at Sioux Falls, S. Da., in a radio school.

## New Campus Photo---Taken by Amarillo Air Corps Photographer

The W. T. campus has posed for a portrait and the result is shown above. Note that the new Science Building is clearly seen at the right. Pueblo Cottages appear at the upper right. Not shown is Stafford Hall, which was not within the angle of view of the aerial camera. (Photograph by AAF Technical Training Command.)

# Students' Official Newspaper

A weekly newspaper published every Tuesday except holidays or examination periods by the Students' Association of West Texas State Teachers College, Canyon, Texas. Entered on November 21, 1919, as second-class matter at the post office in Canyon, Texas, under the act of March 8, 1879.

## Schools and the War Effort

Impressive reports on war work were made here Saturday by representatives of Panhandle schools. Youth does not fail. Under the guidance of expert teachers, assisted by other agencies, students become vibrant with patriotism and eager to serve.

The school newspaper staff members attending the conference here listed some of the pupil accomplishments in short reports. Some of them were: Red Cross, China Relief, scrap drive, Victory Corps, essay contests, bond and stamp sales, military drill, physical fitness, special math courses, model plane building, aptitude tests for war work, collecting wool, book drive, harvesting, patriotic programs, entertaining of soldiers, bond queens, letters and packages to men in service, voluntary enlistments, special war editions of school papers, posters, war plaques and flags, stay-in-school campaigns, gathering waste fats, and conservation of school equipment and materials.

Without exception, high school spokesmen reported that the grade pupils excelled in most of these projects. There is strength in numbers, and the enthusiasm of the 'teen age grammar school pupil is boundless and not complicated by the problems of advanced adolescence.

Nothing is more certain than that the school children of America will be equal to any demands made upon them. They and their teachers need only be told; they will do the rest.

## "Open House"—An Institution

West Texas State's official "open houses" have become exceedingly popular, and deservedly so.

And why not? Admission is only five cents a person. This small sum provides an hour and a half of enjoyment for those who like to dance. Latest recordings are played by Mrs. Geraldine Green, who also is the chaperon.

In these times it is proper for girls to attend without dates. Men are scarce, you know. Moreover, students learning to dance at the Monday evening classes should be present. This class is sponsored by the Student Senate.

More students should take advantage of this effective combination: The dancing class and the open house.

## This Collegiate World

Professor Allen Crafton, head of the department of speech and drama at University of Kansas has completed a film, "Your University Goes to War." The movie lasts about 30 minutes and contains shots of men's and women's physical education conditioning classes, camouflage classes, war information library, foreign language classes, signal corps training, naval training, the ROTC, the CVC, Civilian Pilots Training, radio station KFFU and Watkins Hospital.

Dr. L. S. Tireman, Pan American representative from Washington, D. C., visited Arizona State Teachers College recently. He met with department heads and discussed with them the value of closer understanding Latin American culture.

Harvard University will receive \$750,000 from the estate of an attorney-philanthropist who died recently for "training young men for the federal service of the government of the United States."

Donations are being made toward a Lumberjack Memorial Fund at Arizona State. The fund is intended to provide money for boys who have attended school there so that they can finish school after the war is over without too much burden on themselves.

"Have you ever seen the Catskill Mountains?"  
"No, but I've seen cats kill mice."

## Parade of Opinion

By the ACP

### COLLEGE: DOES IT PAY?

Does a college education pay? Right now that question is uppermost in young American minds, more than ever before. Industry and business seem to be offering unusual opportunities to persons with little or no training, and those who have higher education apparently have no better status than un-schooled workers.

From a practical standpoint, however, actual statistics lead to a different conclusion. Men and women with college educations not only have more prominence in their vocational fields, they make more money. This statement is supported by a survey of positions and salaries of graduates of the school of forestry of Montana State university.

Graduates up to and including 1941 totaled 394. Of men graduated from 1910 to 1915, the weighted average income in 1941 was \$5,243, with a \$6,000 maximum and \$3,860 minimum. Men graduated from 1936 to 1940 earn an average of \$2,038, with a maximum of more than \$4,000 and a minimum of \$1,100. Those graduated in intervening years earn incomes averaging between \$4,750 a year and \$2,600.

These figures were compiled from 72 per cent of the total number of graduates, 84 of whom are in the armed services, and for 94 of whom records are incomplete. The 72 per cent sampling is well distributed and sufficiently large to be indicative.

Though wages have gone sky this year, official government figures reveal that the average income of American wage earners for the period June, 1942, to June, 1943, is still only about \$990. In 1940 the average income for the entire country amounted to \$573, and for Montana \$579 yearly. This information is from "Trade and Professional Associations," a government survey compiled by C. J. Jenkins.

Contrasting the \$579 yearly average income with the average income of forestry school graduates, which amounted to \$2,670, including the figures on very recent graduates, it is seen that these college graduates earn four times as much as the average man.

Lannie Line of Dallas was here last Monday on business. He has volunteered for the aviation corps in the army and will be inducted from Dallas in a few days.

Miss Martha Frances Campbell of Fort Worth, visited over the week end with her parents, Mr. and Mrs. Ray Campbell. She is a student at Texas Christian University.

Green Lake in Calhoun County is one of the largest fresh water lakes in Texas.

## CAPITAL to CAMPUS

A. C. P.'s Correspondent Reports from Washington

By JAY RICHTER

### WASHINGTON BOUND?

WASHINGTON — (ACP) — Horror stories or no, many a collegian will cock his hat toward Washington come job-hunting time in the spring.

If you have the capital bug, you'll worry about making a modest salary stretch over the nation's highest high-cost-of-living, about living with a million and a half where only half a million were meant to be.

Here's what hardened Washingtonians can tell you about Washington today:

They're exhorting householders to convert their spare rooms and unused attics into quarters for government workers. Over by the Potomac, they're tossing together temporary dormitories for government white-collar girls. But you can still get a room in reasonably short order, thanks to a registry of rooms set up for the likes of you.

The registry is in the U. S. Information Building (formerly billed as "Mellett's Madhouse") at 1400 Pennsylvania Avenue, five minutes by streamlined trolley from Union Station. Make that your first stop in Washington.

The registry will help you find a room. For men or women, rooms run from \$20 to \$40 a month. With two meals a day, \$40 to \$60 a month.

### THE APARTMENT TRICK

Finding an apartment is something else again. At 1400 Pennsylvania, they'll laugh and say "impossible." Actually, you can get an apartment — if you're persistent enough and recruit enough early settlers to help.

The apartment managers will say they have waiting lists of 300 to 1,000 names. And they have.

The trick is finding an apartment dweller about to leave town—bound for the "field," for the Army, for back home, for any place. Then work a deal to slip in as he slips out, giving a minimum of trouble to the management. Then you're in luck.

But it takes time. And better earmark 25 per cent of your pay for rent.

### FACTS OF LIFE

Lunches in government cafeterias cost 30 cents. You'll pay 40, especially if you like desserts. . . . Six street car fares for 50 cents. Or a weekly pass good for as many rides as you care to take for \$1.25. . . . Might as well buy your duds at home. You'll have little time to shop. And stores are very short-handed, jammed like Christmas. . . . Be prepared to go money hungry for six or seven weeks. Takes the machinery that long to grind out your first pay check. . . . Two dollars a week for laundry and cleaning. . . . Don't forget. Your check will be nicked 5 per cent for retirement. . . . And another 5 per cent for victory tax. . . . And you'll want to put 10 per cent aside for war bonds. . . . So happy budgeting!

### FAR AND FACULTY

The U. S. Office of Education has the war toll figures on college faculties now. It says 8,000 left campuses in the last year for armed services, government, war industry, or other fields.

Faculties shrank by about 5 per cent with numbers of men teachers dropping 7.5 per cent. Replacements increased the numbers of women teachers by 1.3 per cent.

Stirred by the exodus, some schools have boosted salaries and retained staff members beyond retirement age. Close to 100 schools have abolished such non-teaching functions as research and supervision of student activities.

### HISTORY IN CLASS I-A

Alexander Melkjohn, author of "Education Between Two Worlds" and educator with ideas of his own, sides with those who approve the Army-Navy college training programs in these words:

"I am not saying that a young man will get a good education by going into the hell of war. I am only saying that, if he is fit to fight, he will get a bad education by staying out of it."

### WORK TO BE DONE

An "urgent" call has come from the Civil Service Commission for college women to take federal jobs as junior engineers at \$2,600. Tuition-free, government sponsored 10-week training courses, now underway at many colleges, will qualify those without engineering training.

The government also can use college trained women as account-

## Home Nursing to Be Given in Red Cross Course

A home nursing course will be started in Canyon, which will be taught by Miss Helen Hickman. Women who wish to take the course are asked to call Mrs. C. A. Murray, phone 121W.

The class will meet Tuesdays and Thursdays from 10 to 12 o'clock in the mornings at the Red Cross room.

Two classes were recently completed in home nursing, with 22 women receiving certificates in the work.

A wife is a great comfort to her husband during the distressing times a bachelor never has.

E. L. Hammit has been in training at Fort Sill, Okla.

# Bufs Win Series From New Mexico

Douglas Groom and Chat Johnson Lead Texans Scoring

Playing with less finesse than before they left for their New York road trip, the Buffalo cagers won two games from the New Mexico University Lobos Friday and Saturday nights in their last home games of the season. The Bufs won the first game 48 to 37 and the second 45 to 38.

Douglas Groom led the scoring parade in the game Friday night, making 6 field goals and 3 charity tosses for 15 points. The Buffaloes didn't look any too impressive in their 48 to 37 victory. The Buffaloes as well as the Lobos seemed in not too good shape after extensive traveling.

Starting the scoring was Townsend of the Lobos on a foul under the basket by Ledru Jacobs, Buffalo forward who played some impressive ball. Frogge sank a field goal, giving the New Mexicans a four-point lead before the Buffaloes tallied. Douglas Groom made the first West Texas score after a minute of play had elapsed. The score was tied at 6-all after 3 1/2 minutes when Captain Bill Stockman put his Texans ahead. The Buffaloes led the scoring for the remainder of the game.

With a bare 3-point lead when a fourth of the game had gone by, Coach Gus Miller sent in his freshman team composed of Boyce Box, Cloyce Box, Glenn Braden, Eugene Keating and Metz LaFollette. They gained one point during the remainder of the first half as the score stood 25-21.

In the second half the Bufs were missing a lot of crisp shots as the Lobos opened up with a hot streak and came within one point of tying the score when five minutes had passed.

Runnerup scorer was B. McDougal of New Mexico U. with two field goals and 6 free throws for 10 points. He made 5 of the free throws in the second half on fouls committed by Trimble, Jacobs, Deacon Johnson, and Crews.

Ledru Jacobs, W. T., and Townsend of the Lobos tied for third place with 8 points each.

The Box Score (Friday):

West Texas	48	fg	ft	tp
Jacobs	2	4	8	
Groom	6	3	13	
D. Johnson	0	2	2	
Stockman	3	1	7	
C. Johnson	2	1	5	
LaFollette	2	0	4	
B. Box	0	1	1	
C. Box	0	0	0	
Braden	0	0	0	
Keating	0	1	1	
Trimble	2	1	5	
Ellefson	0	0	0	
Crews	0	0	0	
Sorgee	0	0	0	
Totals	17	14	48	
New Mexico 37	fg	ft	tp	
Townsend	1	6	8	
Mayne	1	0	2	
McDougal	1	0	2	
Sallas	0	0	0	
Flatterly	2	0	4	
Miller	0	0	0	
McEwen	0	1	1	
Frogge	2	1	5	
F. Johnson	2	1	5	
B. McDougal	2	6	10	
Totals	11	15	37	

Trailing at the half 23 to 26 in the Saturday encounter, the Bufs came back to win the second game by a none too comfortable margin. Norman Trimble opened the locals' scoring with five points before his teammates commenced hitting the basket. The Lobo machine got started and ran up an 8 to 5 lead after the first six minutes of play.

In the second half, Chat Johnson and the other Buffaloes almost held the Lobo scoring at a standstill. Johnson snapped three baskets in a row to score 6 points in the opening three minutes of play. Only three field goals were made by the Lobos in the final period.

Scoring honors went to Chat

Johnson who made 6 field goals and two free throws for 14 points. B. McDougal was next for the Lobos with 13. Close behind the two leaders were Clark "Deacon" Johnson with 11 and Ledru Jacobs with 7 points, both Buffaloes.

The Buffaloes will play the Texas Tech Red Raiders in Lubbock Friday and Saturday nights. Then they will go to Albuquerque to defend their Border Intercollegiate Conference Championship February 17-20.

The Box Score (Saturday):

West Texas	45	fg	ft	tp
Jacobs	3	1	7	
Groom	0	1	1	
D. Johnson	5	1	11	
Stockman	2	0	4	
Trimble	2	2	6	
C. Johnson	6	2	14	
B. Box	1	0	2	
Totals	19	7	45	
New Mexico 38	fg	ft	tp	
Townsend	4	2	10	
Mayne	1	0	2	
B. McDougal	4	5	13	
Sallas	0	0	0	
Flatterly	3	1	7	
Miller	0	1	1	
Frogge	1	3	5	
McEwen	0	0	0	
C. McDougal	0	0	0	
Totals	13	12	38	

## Red Raiders on Buff Schedule

West Texans in Slump—Statistics Show Locals Not Aggressive Enough

Two red hot games are ahead this week for those fellow-travelers of the courts, the Buffaloes of West Texas State and the Red Raiders of Texas Tech. The games will be played in Lubbock Friday and Saturday evenings, Feb. 12 and 13.

The Bufs recently defeated the Raiders here, but the locals are currently in a slump, from which they must emerge to beat the Tech cagers on the latter's court. Only late recoveries permitted the tall men to beat New Mexico University here last week by scores of 48-47 and 45-38. The West Texans obviously were showing the effects of their recent eastern invasion.

Th Bufs' statistician has come forward with the idea that the Bufs are not shooting enough. Their percentages are up to the standard they seek to attain—30 per cent on field goals and 60 per cent on free throws. In fact, they are a few digits above these figures. But they have not been getting their one hundred field goal tries a game.

Charles Johnson, guard, continues to lead the scoring parade, with 188 points. Clark Johnson, his brother and a center, is pressing with 183 points, followed by Frank Stockman, captain and guard, with 118 and Ledru Jacobs, forward, with 104. Other scorers are Douglas Groom, 90; Norman Trimble 68; Jack Maddox, 36 in three games; B. Box, 18; C. Box, 12; Ray Ellefson, 12; Metz LaFollette, 11; Velton Sorgee, 10; James Crews, 6; Glynn Braden, 5; and Eugene Keating, 1.

West Texas State's cagers will be defending champions in the Border Conference title tournament in Albuquerque, N. M. on February 17-20.

### STORK SPECIAL

A son was born to Mr. and Mrs. C. V. Nowlin at Vernon, Jan. 28. She is the former Laura Fern Brian. A daughter, Ginny Deane, was born to Sgt. and Mrs. Kenneth A. Black in an Amarillo hospital Wednesday, Jan. 27. Sgt. Black is now stationed in Jackson, Miss.

Mankind is helped in its progress almost as much as the study of imperfection as by the contemplation of perfection.—Rosebery.

## No Victories On Road Trip

But Buffaloes Profit by Experiences, Draw 35,000—Garden Pays Expenses

West Texas State's much-traveled basketball team returned Wednesday from a tour of the East, wiser in the ways of the fast Buffalo, New York, and Philadelphia teams, somewhat disgusted with winter weather, and weighted with press clippings.

The luckless trippers attributed one loss to the illness of Captain Bill Stockman and Charles Johnson, but offered no alibies for reversals by Long Island U. and St. Joseph's. In the game at the Garden, the Bufs were a point behind at mid-way of the last period, but a deluge of goals by the Blackbirds buried them in the final minutes—the play heard from WOR, Mutual radio station. Jack Maddox kept the West Texans in this game by shooting 20 points.

Sheer speed and the uncanny shooting of George Senesky, leading scorer of the East, toppled the Texans in Philadelphia, although they led at halftime.

Stockman became ill of flu at Chicago and was joined by Charles Johnson when the troupe reached Buffalo. Neither saw the first game, a rough affair. Stockman was on his feet at New York, but Johnson remained in bed until almost game time in the Garden.

### Saw Frozen Falls

Enroute to Buffalo, the locals stopped at Niagara Falls for several hours and part of the group saw the frozen falls, now picturesque in winter dress. Weather at Buffalo was cold and wet, with snow piled high along the curbs. New York was warmer, although a heavy snow fell on the day and evening of the game. Philadelphia was cold and wet. Despite an absence of automobile transportation, a total of about 35,000 persons saw the Tall Texans in the three huge stadiums. The season's record was broken at Buffalo. In New York, the Bufs posed for a dozen photographers while working out daily at the Madison Avenue Boys' Club. They received much benefit from a workout with Manhattan College, one of the East's best teams this season. This club is coached by Joe Dahler, one of the trippers' favorite new acquaintances.

### Miller Kept Busy

Ned Irish, highly respected New York promoter who has been made acting president of Madison Square Garden, had a full program planned for Coach Gus Miller and his party. Interviews and radio broadcasts were arranged daily, and a luncheon was given for New York sports writers and the W. T. spokesman. The Buffaloes were Irish's guests at the Sonja Henie ice review. Be-

## CHATTY'S Sports Chatter

BY CHARLES JOHNSON

The Bufs are offering no alibies for their lack of victories on the long road trip.

In the games in the Garden and at Convention Hall, the locals played as good as one would wish to see—for three quarters. Then they went as cold as a post-Thanksgiving turkey? Why? They'd like to know, too.

There was an explanation, however, for the loss to Canisius in Buffalo. Two starters were in bed with flu. The improvised lineup placed men in positions which were new to them. An indispensable element of fine basketball is the ability to sense the movements of teammates. In a rough-and-tumble game such as the Canisius encounter, ball handling is vital, it is in ability to move the ball at high speed without losing it, and to hit the basket while doing so. Juggled lineups find it hard to match such play.

Here is an idea on how the Bufs lost that game to the Blackbirds in the Garden. They lost the ball to L. I. U. five times from "traveling," eight times on bad passes, and three times from fumbled balls. On top of all this, the Bufs managed to hit only 27 per cent of their field shots, whereas they had been hitting as high as 36 per cent and 39 per cent all season. The Bufs were just out-shot and out-played, especially for the last ten minutes.

The Bufs met with the same fate that Oklahoma A. & M. met back in December. The Aggies lost three games and won one on that swing through the metropolitan area.

Ray Ellefson merited a kiss from a gorgeous blonde at the 125th Street Station in New York. This particular bundle was getting off the train there and Ray had been so nice to her on the trip down from Buffalo that her loving heart was overflowing with gratitude. She persuaded Ray to drop to his knees and she gave him a Lana Turner kiss. By the way, that blonde was only five years old.

Professor Hinkle and Coach Miller had trouble finding their hotels on

tween appearances and rest periods, the trippers found time for visits to shows and museums, and to observe study hall conducted by Coach Miller. Textbooks were taken by the players.

No travel difficulties were experienced until the group arrived too late at Chicago to use sleeping cars they had reserved. Accommodations were provided to Kansas City, however, but day coaches were the best obtainable on the last lap. These were crowded with soldiers and a few civilians.

All expenses of the trip were paid by Mr. Irish.

## Intramural Championship Tourney Scheduled To End Thursday

the trip . . . even when they were in sight. My, my, what school teaching does for a fellow!

Toledo University, an also-ran in the National Invitation tournament in Madison Square Garden last year, is doing nicely with an all-freshman team this year. Bob Gerber, the greatest hook shot artist the game has produced, is not playing with the Toledo five this year.

Creighton University is going like a wild fire this year. They have lost only one game and that to the Great Lakes Naval Station team. An invitation to some outstanding post-season tournament should be in the offering for the Bluejays. A bill has been presented to the Nebraska legislature to make it a law for Creighton and the University of Nebraska to schedule a basketball game.

St. Joseph's College used the same five boys all the way through in the game with the Bufs in Convention Hall. Condition is a big thing in basketball.

Competition in the Border Conference tournament in Albuquerque February 17-20 promises to be tough. Texas Mines, Arizona University, Texas Tech, New Mexico, and the Bufs have the most likely teams to figure in the running.

Curtis Kelley leaves today for Fort Worth and the State Golden Gloves tournament. Kelley won this trip to Fort Worth in the recently held Gloves tourney in Amarillo district. Lack of actual work with the gloves during the last few days will tend to slow him up a little, but his wind is plentiful. He has gone through several of Coach Nicklaus' track workouts. This is Kelley's first trip to the Golden Gloves tourney.

"Dog" Groom had his night against the Lobos Friday. By the way, Groom has found a new court-bench. Where? That would be telling a secret that "Dog" wants to keep to himself.

In all probability the games with the Lobos this last week-end will be the last home contests of the Bufs this season. This week-end they go to Lubbock for the return engagement with the Tech aggregation, and then they will leave Tuesday, Feb. 16 for Albuquerque for the pay-off . . . the Border Conference tournament.

The Bufs had a good trip and as usual created much interest with their boots, hats and height. According to them, New York City was built so that guys like them can

Cornhuskers Have Led Round-Robin Play With 5 Wins

By J. T. HARP

Swinging into the play-off round of the intramural basketball schedule, the three top teams will be gunning for the championship berth Thursday night at 8 o'clock when the double elimination tournament to decide the ultimate winner reaches its final stage.

The four teams with the greatest number of wins were scheduled to meet for the title play-off, but Stafford Hall, who was tied for second place, forfeited all of their recent games because of loss of players.

The Cornhuskers copped first place in the scheduled games between all teams in the race with five wins and no losses while Stafford and the Pueblo Courts quintets were tied for second with four victories and two defeats.

With three victories and the same number of setbacks, Terrill Hall and T-Anchor tied for fourth place and in a special game the farm boys won the right to play in the double elimination tournament.

Two games were scheduled last night but the forfeit by Stafford to the Cornhuskers left only the Pueblo Courts vs. T-Anchor clash. Other games will be played tonight and Wednesday to see who will play for the crown.

Representatives of the teams met last week and decided on an approved list of referees. They are: Jack Maddox, Russell Haber, Curtis Kelley, Bill Geter, Jerry Jacobs, Leo Steinkoenig, Doyle "Monk" Ford, Eugene Keating, Duncan Kirkpatrick and any varsity team member.

## Lee L. Johnson Is Aide to Shrine Head

Dr. Lee L. Johnson has been appointed Aide to Potentate Bill Gillstrap of Khiva Temple.

The Shrine is planning an active year, including the initiation of 100 novices and a million dollar Victory Bond Drive.

Virginia Hohlaus, 1938, who is teaching in the high school at Springer, N. M., was recently in Amarillo to visit her brother, Capt. Kenneth Hohlaus, and his wife, Esther Hill Hohlaus, before they left for Greenville, N. C., where Captain Hohlaus is stationed.

enjoy places like Canyon, Turkey, Spearman, McLean, Medicine Mound, and Malta Bend, and all the other "home towns" of the squad members.

## Tall Bufs Are Challenged, But Cannot Oblige

A challenge from Valparaiso (Ind.) University for a game to be played at Gary was declined by the Bufs during their recent road trip. With a full trip already arranged and transportation schedule established, the team could not do otherwise.

In issuing the challenge, Valparaiso officials claimed a starting lineup averaging 6 feet 6 inches. The two Warnke brothers of the Indiana club are 6 feet 10 inches tall, according to Charles Kern, publicity director.

## P. H. Allen Is Lieut. in Navy of United States

Lt. P. H. Allen, known to Canyon people as Harper Allen, is the younger son of Prof. L. G. Allen of Canyon. He entered the training school of the new normal college in 1910 when his father was selected as a member of the original faculty. He went through the college here from the first grade to bachelor's degree, majoring in mathematics and science. Leaving college he taught in Tulia and in Abilene.

His record in college obtained a scholarship in the University of Iowa, where he took his master's degree, teaching mathematics half time. Upon graduation, Dr. R. B. Cousins placed him as head of the department of Physics in the College of Arts and Industries at Kingsville. He went to the University of Washington, D. C., to work on his Ph. D. degree, and discovered he could do his college work at nights while working in the U. S. Patents Office. His contact with this office caused him to change his mind and he changed to the study of law.

He resigned his position at Kingsville, and transferred to the University of California, where he received his law degree. He continued his study of patents and copyrights, as well as the general practice of law. Although licensed to practice in all courts, including the Supreme Court of the United States, he limits his practice to patents and copyrights.

With the outbreak of World War II he enlisted in the navy and holds the commission of Lieutenant. He was married while at the University of California and his wife makes her home in Oakland while Lieut. Allen is on duty with the navy.

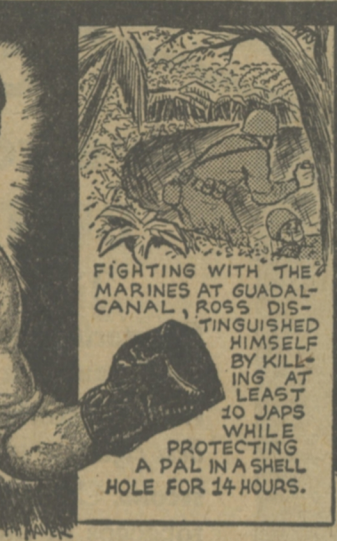

Mrs. Mattie B. McGeehe is principal of the Groom High School this year. Mrs. McGeehe formerly taught at Carlsbad.

Mrs. Elsworth Barnard is teaching music in the Pollett public schools.

Miss Lois McCaslin Is Married Friday to W. J. Gililand

Miss Lois McCaslin, daughter of Mrs. Nancy N. McCaslin, became the bride of W. J. Gililand of Hereford at 6:30 p. m. Friday in Randall Hall. The Rev. James A. Aiken, pastor of the Presbyterian Church in Hereford performed the single ring ceremony before an improvised altar of white gladiolas, pink snapdragons and ferns.

The bride wore a rose crepe dress with a corsage of Johanna Hill roses.

Pre-nuptial music, consisting of "Because" by D'Hardelot, was sung by Miss Beth McCaslin, sister of the bride, accompanied by Miss Florence Clark. "The Bridal Chorus from Lohengrin" by Wagner was played as the processional and Mendelssohn's "Wedding March" was played as the recessional by Miss Clark.

Following the wedding, Mrs. McCaslin, the bride's mother, was hostess at a reception for the members of the immediate families who attended the wedding.

Mrs. Gililand, a graduate of West Texas State College, has taught in the Hereford schools for the last four years.

The bridegroom, son of Mr. and Mrs. J. M. Gililand, is a graduate of the School of Veterinary Medicine at Texas A. & M. College.

Mr. and Mrs. Gililand will be at home in Hereford.

MISS MAXINE SHENEFELT IS BRIDE OF ROY CAMPBELL

Mr. and Mrs. Coyle Shenefelt are announcing the marriage of their daughter, Maxine, to Roy Glenn Campbell, son of Mr. and Mrs. Roy Campbell of Canyon.

The vows were read at 7 o'clock Saturday evening Jan. 30.

The bride is a graduate of W. T. High School and is attending West Texas State College where she is a music major.

The bridegroom also attended W. T. High School and West Texas State College. He is employed in Amarillo. The couple will make their home in Canyon.

Billy McCarty, a prominent freshman of 1941-42, is now in the United States Navy. He recently went from San Diego, Calif., to Norman, Okla., where he is in a bombardier school.

Health Center Now Has Seventeen Pictures for Students To View

Students who visit the Health Center have Miss Isabel Robinson, head of the art department, to thank for the attractive walls there. She has loaned for a time 17 pictures which have been hung in the students' reception room, the clinic, the upstairs hall, and the four bedrooms.

"I would rather have my paintings where people can see them and enjoy them, rather than filed away somewhere," she said; "and I think a hospital is just the place for them."

One of the most interesting pictures is "The Goats," which is in the clinic. It has been a source of much comment and was painted in the mountains of Colorado when Miss Robinson was visiting Miss Ruth Cross last September. The goats belong to an old mountain man, Henry, who regards them as if they were human beings. They are allowed to enter the house when they wish and eat at the table with Henry. When introducing them to visitors, he says, "Now, this is Besie, this is Mabel, etc."

The collection of pictures in the Health Center represent scenes from

Southern California, Colorado, Maine, New York, West Texas, and the Palo Duro Park. "The Windmills of Canyon," which is found in one of the bedrooms, is a picture of how Canyon appeared to Miss Robinson when she first came here. Other pictures include "The Courts," which is the dormitory at Clermont College where Miss Robinson stayed one summer, "The Blue Pacific," "The Capital Peak," "The Beaver Lake," "Maine Woods," "Zinnias," and "My Venetian Palace."

Miss Hickman has asked to express appreciation on the part of the hospital staff and the students for Miss Robinson's kindness.

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

Some people wake up to find themselves famous; others remain out nights and become notorious.

There is no home that is not twice as beautiful as the most beautiful city.—West African Proverb.

Musical Program Is Feature of S. C. A. Meeting

Following a brief devotion at the meeting of the Student Christian Association last week, a radio program featuring Margaret Speaks, soprano, was presented. Dr. A. Kirk Knott discussed the life and career of Helen Traubel, the popular soprano under contract to the Metropolitan Opera Company. Miss Traubel is taking the place of Kirsten Flagstad who is now in her home in Sweden.

After the singer had sung "Abide With Me" and "At Heart" by James Rogers, Dr. Knott told of the growth of her talent, ability, and hard work—factors which he considers to be the bases of her success.

The officers, sponsors, and members of the Student Christian Association cordially urge all students to attend the meetings and to join the organization. Further details can be obtained by consulting Ralph Owens, who is president of the group.

Near Completion

Considerable remodeling of the interior of the Methodist Church has been underway during the past two weeks. Most of the work is completed, with the exception of electrifying the pipe organ.

Organ repairs are being made in Dallas and it is expected that the organ will be finished in the near future.

give you a Milder  
BETTER TASTE

There are two good reasons why  
Chesterfield gives smokers everything  
they want in a cigarette.

FIRST, Chesterfields are made of the world's  
best cigarette tobaccos.

SECOND, Chesterfield blends these choice  
tobaccos in the one right combination to  
bring out the best smoking qualities of  
each tobacco.

That's why Chesterfields deliver  
the goods... their MILDNESS and  
BETTER TASTE really Satisfy.

SAILOR—

(Continued from page one)

ple are always spreading scuttlebutts. When asked what this meant, he replied that if someone says the president of the college is dead and other people continue to talk on the subject passing it around, then that person is spreading a scuttlebutt or in plain English, spreading a rumor.

On a boat a sailor never goes to the middle of the ship but to mid-ship.

For defense of the navy, there are ack-ack guns (anti-aircraft). Enemy planes seldom break through one of these barages, he explains.

If you are out hunting submarines, then you drop ash cans (depth bombs) and if it is another ship that you battle, then you use the batteries (large guns). When you are transferred to a submarine there you fire fish (torpedoes) at the enemy vessels.

After running out of breath a few minutes later, the young seaman reached for his hat (we forgot what he said it was) and then slipped quietly out of the office to go conveying (walk with someone) down the hall.

Edmond Burgess will report for duty with the navy Feb. 15 at Ft. Schuyler, N. Y. He will report with the rank of Ensign. At present he is working in Washington, D. C.
