

Foreign Relations Keynoters

DR. JEAN PAJAS

DR. WERNER A. BOHNSTEDT

Fourteen To Attend I. R. C. Convention

Club Members To Complete Plans at Meeting Tonight

Eleven students and three faculty members will attend the annual West Texas-New Mexico International Relations Clubs Conference at the University of New Mexico in Albuquerque Friday and Saturday. French and American foreign policy and other subjects relating to international affairs will form the theme of the regional meeting.

Those who will go to the convention include: Gerald Manzer, Glen Davis, Hollis Bledsoe, Stephen Milner, Eleanor Hudspeth, Roberta Addington, Betty Lou O'Brien, Lucille Horn, Ulane Zeeck, James Hodges and Alma Miller. Accompanying the delegates will be professors Stuart H. Condon, Herschel Coffee, and Mitchell Jones.

At the convention, the delegates will hear Dr. Werner A. Bohnstedt, former German labor leader who is currently professor of economics and political research at the University of Panama. The delegates will also hear a Frenchman's viewpoint when Dr. Jean Pajas, an outstanding French political scientist, addresses them. Dr. Pajas is now a visiting professor at the University of California.

Davis and Milner will also appear on the program. Bledsoe and Manzer will direct two sections in discussion group meetings.

Dr. Bohnstedt will come directly from Albuquerque to Canyon, where he will make two addresses Monday. The club will meet tonight at 7:30 in Room 202 of the Education building and will discuss plans for the delegates to the convention. Davis and Milner will review the papers prepared for the Albuquerque meeting. Alma Miller of Dawn is president of the organization.

Spring Publications Appointments to Be Made About April 20

Four of the most desirable student positions in the College are those of the editors and business managers of *Le Mirage* and *The Prairie*.

The editors receive \$30 a month during their tenure and the business managers about \$22 a month during the long session.

Applications for these positions are submitted to the Student Senate by Olin E. Hinkle, publications sponsor, and current publication executives. The Senate, after a careful study of the qualifications of the applicants, recommends four for the appointments, which are made by President J. A. Hill.

Applications for summer and 1940-41 term publications positions have been called for by the sponsor. Appointments will be made about April 20.

Many Persons See Salon Prints Here

About a thousand persons have come to the museum on the campus to see the prints on display in the Panhandle-Plains Salon of Photography.

The display will be removed on March 1. The exhibit was prepared largely by business and professional men of the Panhandle whose hobby is photography. Amarillo, Plainview and Lubbock camera clubs sent the largest number of pictures.

Toned and color prints make up part of the group. Tinted prints were not accepted under rules of the salon. Snow scenes are more numerous than other subjects, because of the wintry weather of recent months, but nearly all ordinary camera subjects are represented.

Receives Honor

JACK EDMONDSON

Ennoble Mark Is Placed On Senior Prexy

That smiling happy-go-lucky athlete, Jack Edmondson, may claim a new student honor this week that adds to his conspicuousness as president of the senior class.

Edmondson, who is majoring in physical education and has been a letterman on the Buffalo football squad for three years, has been selected "Student of the Week." He recently was selected for "Who's Who Among Students in American College and Universities. He is a member of the "T" Club, and was a junior representative to the Student Senate last year.

Although Edmondson was graduated by Estelline high school, his home is Memphis now. Coaching and teaching are in his future plans, following his graduation by the College in June.

He spends most of his leisure time listening to radio programs and keeping up with orchestras, and he likes all types of athletic games and dancing. Collecting post cards is a favorite hobby.

Newspaper Skit On Radio Program

W. T. air enthusiasts presented a newspaper skit by way of radio last night over the regular weekly broadcast from KGNC's campus studio in the Education building.

Glen Davis returned to his place as master of ceremonies. Brynildie Vaughan resumed his accustomed place, also, by interviewing Jack Edmondson, the "student of the week." Bill Fields read the newscast, which was interrupted with a fashion flash by Ferne Stephenson. Marjorie Reeve, senior music major, provided the music with two piano selections. She played "Ballade in G Minor" by Brahms and "A Flat Waltz" by Chopin.

The newspaper skit given was adapted by Jim Bugental. Members of the radio class participating in the skit were: Nell Stevenson, Carolyn Mayfield, Elizabeth Wood, Mogie Rbuth, Bomar Brown, Lannie Line, Bob McKenzie, and George Stokes.

TEXAS EXES TO BANQUET

Tickets for the March 2 banquet of the Amarillo-Canyon Texas U. exes may be purchased from Dr. B. P. Fronabarger. The banquet will be in the Amarillo Hotel at 7:30 p. m., and banquet tickets will be \$1.10.

"Good Neighbor Policy" Is One Of Two Lecture Topics Monday

Dr. Bohnstedt Is Research Expert

Panama Professor
To Come Here From
I. R. C. Meeting

Two addresses by Dr. Werner A. Bohnstedt of the Carnegie Endowment for International Peace are scheduled for 3:30 and 7:30 o'clock next Monday, sponsored by the International Relations Club.

His first addresses will be in the Education building auditorium. The admission charge will be 25 cents for the evening lecture.

Dr. Bohnstedt will arrive in Canyon Sunday. After his address here, he will go to Amarillo Junior College for a lecture there Tuesday morning. His subjects will be, for the afternoon, "The Good Neighbor Policy—Possibilities and Barriers," and for the evening, "Special and Economic Implications of the European War."

Delegates from colleges at the regional I. R. C. convention in Albuquerque Friday and Saturday will hear the research expert.

Dr. Bohnstedt, who is professor of political economy and sociology at the National University of the Republic of Panama, lived in Germany until 1936, when he moved to Panama. Prior to 1933 he was adviser to German labor unions on housing conditions and other social problems. He was for a time secretary of the International Association for Social Progress and editor of the only European sociological weekly magazine.

The first thirty minutes of the evening lecture will be carried by station KGNC, Amarillo. The Carnegie Endowment for International Peace sponsored the appearance of Dr. Bohnstedt in Albuquerque, and Prof. S. H. Condon, sponsor of the local club, was influential in bringing the noted speaker here.

Concert Given By Buffalo Band At Student Assembly

Buffalo band under the direction of C. E. Strain was scheduled to give a concert at the regular student assembly this morning at 11 o'clock.

Fifty-two members were to give the following program: There's Something About a Soldier, Noel Gay; American Patrol, F. W. Meacham; Westward Ho!, Thomas; Star Dust, Carmichael; Clarinet quartet; Serenade, The Old Church Organ, W. P. Chambers; The Traveller, Overture, Buchtel; Carrollton March, King.

The W. T. Band will present a concert at Canyon High School March 14, Prof. Strain indicated last week.

"We are also making preparations to take the band to Shamrock on March 18 for the St. Patrick's Day Celebration, and we will visit Wellington while on this trip, probably," he said.

Other trips in the future are likely, the director suggested.

Members include: Jack Allison, Henry Baker, J. L. Burt, Deen Carmichael, Winfred Carroll, Vernon Casey, Louise Cheatham, Ruth Clay, L. F. Cleek, A. C. Cox, Louise Crum-packer, Le Roy Davis, Lorene Dye, Arvo Goddard, Geraldine Hart, V. A. Hartman, Dan Hemphill, Elwin Herr, Doyle Hughes.

Lathan Jackson, Dorothy Jarvis, Weldon Kincaid, Wain Marsh, Berry McCarter, Florine Nicholson, Roberta Nicholson, Raymond Raillard, Bob Roberson, Ida Martha Pierle, Orvetta Puett, Ernest Scheihagen, La Nelle Scheihagen, Horace Scruggs, La Nelle Simms, Elvia Speer, Alva Thornburg, Virginia Vaughan, Meredith Warren, Earl Wilbur.

Victor Williams, Troy Womble, George Stokes, James Harrison, Frankie Deppen, Madeline Hart, Jay Plank, J. I. Howard, J. M. Dendy, Bacon Jones, Bobby Jones, Ethel Vinson.

TO PRESENT PROGRAM

West Texas Demonstration school will be featured on a radio program over KGNC, Amarillo, from 5:45 to 6 o'clock Thursday afternoon. Members of the speech class and the string ensemble of the high school will present a program embodying the activities and purposes of the school.

Harvard University has received a donation of 57,000 orchid specimens and \$68,000 to care for them.

"Tallest Team on Earth" Adds Conference Title

Coach Al Baggett, top left and W. T. students are proud of the West Texas State College basketball team, for they have clinched the Alamo Conference championship. They are left to right, front row: Frank Stockman, Earl Stagner, Capt. Ernest Schur, Roy Lee Jones, Bordon Price; and, back row: Donald Kendrick, Robert Nippert, Charles Halbert, Dewey Johnson, Price Brookfield, and Student Manager Ralph Davis.

Prominent Educators To Speak For 30 "Little Conferences"

Senate Member

Garland Turner of Donie, above, is the new representative to the Student Senate from the sophomore class. He was selected from four candidates at a special election recently, and he attended two meetings of the Senate last week.

Big Promotion Deal Revealed by Members Local Organization

Armstrong and Donley county club members have decided to "talk W. T." back home to the high school seniors.

It was decided at a recent club meeting that an intensive campaign to bring the students to West Texas would include writing letters, giving high school programs, and distributing information about the College.

A meeting is held every Thursday, and the membership equals the total of students enrolled from Armstrong and Donley counties. Jesse Cornell recently succeeded Bill Harris as president of the organization. Charles Murphy is secretary-treasurer.

SPEAKS IN PANHANDLE

Miss Ociele A. Sanders, associate professor of Bible, talked to a student assembly of Panhandle high school Tuesday. Many students joined in a conference period which followed the discussion. The meeting was sponsored by the Panhandle Parent-Teachers association.

Dr. Harris M. Cook, dean of men, will deliver the principal address at a banquet at Shamrock Thursday for the Wheeler County Association of Teachers and Trustees. The subject of his address will be "The Duties of the Trustees."

Thirty "little conferences" disguised as sectional meetings will be conspicuous on the Northwest Texas Conference for Education program March 8 and 9 with the annual coming of more than 3,000 educators.

Especially prominent educators have been selected for the sections, each of which is guided by a set of officers.

President E. G. Sanders of Samnorwood, has reported that arrangements are complete and the program has gone to the printer. This conference is the Panhandle's largest convention.

At the general sessions the featured speakers will be President Pat M. Neff of Baylor University, Supt. Willis A. Sutton of Atlanta, Ga., Dr. Ray K. Immel of the University of Southern California, and Dr. Fritz Redl, specialist in psychology and guidance at the University of Chicago.

Musical entertainment is scheduled for each general session's opening. Organizations, including the Amarillo Symphony orchestra, Men's chorus, College orchestra, and various high school groups, have appeared each year and several will repeat.

More adequate seating accommodations have been assured by the local chairman, Prof. F. E. Savage. Eating places and churches will take care of more than 2,000 visitors.

Luncheons will be important features of the meeting. At the request of various section chairmen, Mrs. T. V. Reeves has arranged the following special meals:

Library section luncheon, Home Economics dining room, 75 cents (includes section dues).

Speech arts luncheon, Cousins Hall, 75 cents.

City and county superintendents, principals, and trustees luncheon, Methodist church, 60 cents.

Classroom teachers luncheon, Randall Hall, 50 cents.

Vocational teachers luncheon, Presbyterian church, 60 cents.

English section luncheon, First Christian church, 60 cents.

LIBRARIANS IN BORGER

Miss Tennessee Malone, librarian of the College and president of the Cap Rock Library association, Miss Bertie May Williams, reference and circulation librarian, and Miss Albessa Stephenson, document and periodical librarian, attended the opening of the Borger branch of the Hutchinson county library last week. Miss Malone says Borger has an attractive, well-planned building. Cagle Smith is librarian and Mrs. K. H. Dally is assistant librarian.

SPEAKS IN PORTALES

Dr. A. M. Meyer spoke twice in Portales last week, once to the students of the Junior high school and once to Roosevelt county teachers. He also visited Eastern New Mexico College.

On Business Staff

Robert McKenzie has assumed the office of business manager of *The Prairie* with this issue. His appointment was recommended by the Student Senate and approved by Dr. J. A. Hill early last week. McKenzie is a sophomore from Panhandle.

Drama Class Group Turns Troupers In Practical Project

Seven acting companies are ready for business. At least that is what is expected of the divisions of the drama class preparing projects similar to that of a Little Theater.

Technically, the class is not in business, but the purpose of the stock companies is to develop dramatic talent and provide an opportunity for a larger number of students to receive actual acting experience. Each will produce at least four one-act plays this semester.

The best plays produced by the groups will constitute assembly and Drama club programs. Plans are being made to present the best three as an evening program.

Interesting are the titles the divisions have selected. The seven are Penthouse Players, Mummies, Dramatiers, Maskenwig, Question Mark Company, H. A. & M. Co., and the Dramatic Five.

STUDENTS IN HOSPITAL

Six students of W. T. have received hospital treatment during the past week, according to Miss Hellen Hickman, College nurse. They are Renna Beth Bellah, freshman of Canyon; Luther Moore, junior from Tulla; Wayne Cox, sophomore from Panhandle; Edward Walls, freshman from Lakeview; Helen Eoff, junior from Shamrock; and Larry Sanders, freshman from Samnorwood.

Anthropologist To Lecture Thursday

Pi Beta Gamma Brings
Former University of
Berlin Professor Here

Dr. H. de Terra, well known historical geologist and anthropologist, will lecture and show pictures of his Kashmir diggings in India Thursday night at a meeting of Pi Beta Gamma in Room 202 of the Education building at 8 o'clock.

Dr. de Terra is associated with the Carnegie Institute and is considered an authority on early Asiatic man. He was formerly associated with the University of Munich and the University of Berlin and lived in Germany for several years.

He is a friend of Floyd Studer, of Amarillo. Studer is arranging for the visit of the anthropologist authority.

"This is one of the best speakers the science club will have on its program for this year," said Alella Holliday Martin, chairman of the program committee.

Bryan Morgan of Shamrock, is president of Pi Beta Gamma, and Dr. C. A. Pierle, head of the chemistry department, is sponsor.

Dr. de Terra is listed in Who's Who for his work in the fields of anthropology and geology, and he was recommended by the under secretary of the U. S. Department of Agriculture.

New Hyena Species Is Discovered In Palo Duro Canyon

Ordinarily a hyena, seen often enough in American zoos, doesn't cause excitement, but a discovery of a species never seen before in this country is considered a find.

One has been uncovered by the WPA project crews in the Palo Duro Canyon excavations sponsored by West Texas State. Paleontologists of the University of California have confirmed the identification made here. Mrs. C. Stuart Johnston is supervisor of the project on which about 25 men are working.

Fossil fish collections have been sent to the University of Oklahoma for study, and insect fossils have been sent to the University of Chicago. Interesting is the detail of these fossils, so fine that outlines of digestive systems of fish and antennae of mosquitoes can be seen.

It is likely that the appointment of a professor of archaeology, geology, and paleontology to succeed the late Prof. C. Stuart Johnston will be announced soon.

Wayne Christian, field and laboratory supervisor, is continuing direction of cataloging of archaeological materials and cross-filing of paleontological collections. Additions are being made to the Panhandle-Plains Historical Society Museum currently by the history and archaeological field projects.

A continuation of the excavation project and increase in the number of workmen to 42 has been asked by the College.

High School Group To Give "Rip Van Winkle" Cantata

Eighty students of the West Texas Demonstration high school chorus and speech classes will be presented in "Rip Van Winkle," a cantata by Ira B. Wilson, in the Education building auditorium tomorrow at 7:30 p. m.

Observers and student teachers of the two classes, aided by Mrs. Tommie Montfort and Miss Ada V. Clark, helped the students work out the familiar story of Rip Van Winkle in pantomime in such a manner that it is both instructive and entertaining.

Miss Clark indicated that this is an excellent opportunity to see the successful combination of two departments in a single unit of work. Both students and the public have been invited to attend the presentation.

Y. W. C. A. Members To Hear Dr. Swayne

Dr. Mattie Swayne, Associate professor of English, will discuss "Philosophy of American Humorists" this afternoon at a regular meeting of the Young Women's Christian Association in Room 205 at 4:30 o'clock. "All College women are invited to attend," La Nelle Scheihagen, president, said.

MANY VISIT MUSEUM

More than 213,000 persons have signed their names as visitors of the Panhandle-Plains Historical Society museum, the registration book shows.

Dean Storey, '38, is teaching vocational agriculture at Cliff, N. M.

Education And The Future

Every phase of our modern life is causing an increased demand for education, more education, longer education, and broader education. From the standpoint of the individual and from the standpoint of society there is this need. In all phases of experience, it is echoed: Political, economical, social, and cultural.

The forms of education are constantly growing likewise. Attendance, is, in the large, increasing. Methods, materials, and personnel are being improved and multiplied constantly. Education is becoming, or perhaps has become, a major portion of our modern life.

Other forces than those with the field of Education proper are having their effect on this situation. The population is growing older. The industrial world is undergoing change. The professional world is receiving more recruits than ever. All parts of American life are in flux. This is not, of course, a completely novel situation. It is however significant that this flux is in ideals today, more than ever before.

All these forces are having effect on education. That effect is neither single or unified. Consequently the future of education is a subject of debate.

The chief issue of this debate, as it can be viewed at this time, seems to be: Whether education shall be an efficient, training institution or a democratic, youth movement. Both sides of the question have respected and learned proponents. The solution cannot be said to be definitely in sight.

The most likely outcome will be a compromise between these two stands. This is, of course, in keeping with democratic tradition.

For the coming generation of Americans in general and for the coming generation of education workers in particular, one fact should be evident. Education is a dynamic, growing force. Its true potentialities have never been realized; its real power never used. If the future recognizes the potency of this great force, much may be done to build the world we all dream of. If the future misses this opportunity, much may occur to hasten the future we all fear.

Confucius Say

There was a time when Confucius was known for his wisdom, but now he is better known for misquotations that relate only slightly to the original chicken tracks.

In the tone of fairness, here are wise words which Confucius really has said:

"There being instruction, there will be no distinction of classes."

"Sincerity is the end of and the beginning of all things; without sincerity, there is nothing. . . . In all cases, looks directed up into the face denote pride, below the girdle, grief; askance, villainy."

"To centralize wealth is to disperse the people, to distribute wealth is to collect the people. . . . The scholar keeps himself free from all stain; he does not go among those who are low to make himself seem high, nor set himself among those who are foolish to make himself seem wise; he does not approve those who think as he, nor condemn those who think differently."

"I have heard that the superior man helps the distressed but he does not add to the wealth of the rich. . . . The superior man is distressed by his want of ability; he is not distressed by men's not knowing him. . . . While you do not know about life, how can you know about death. . . . A flaw in a mace of white jade may be ground away, but a word spoken amiss cannot be mended."

"While his parents are alive, a son should not dare to consider his wealth his own nor hold it for his own use only. . . . If there were a prince in the empire who knew well how to nourish the old, all good men would feel that he was the right one for them to rally around."

It is likely that "Confucius say" will live longer on the wise sayings of the Chinaman of 2,500 years ago than on the current popular "libels."

From the report of the printer, who has just received the program of the Northwest Texas Conference for Education, we learn that the speakers are very interesting.

In selecting the subject "Good Neighbor Policy," Dr. Werner A. Bohnstedt likely knew of the interest of college students over the country in the neighbors of the south. Many are anticipating hearing of the "possibilities" and "barriers."

Defeat of Hardin-Simmons here last week marked the seventh and eighth ring of the new Victory bell. At that rate, Buffs, it may not last long.

THE PRAIRIE

A weekly newspaper published every Tuesday by the Students' Association of West Texas State College, Canyon, Texas.

Entered on November 21, 1919 as second-class matter at the post office in Canyon, Texas, under the act of March 8, 1879.

Member of the Texas Intercollegiate Press Ass'n.

By Jim Bugental
Here lies Peter Blow
He'll lift his cup no more
For what he thought was H2O
Was H2SO4

The wires got crossed some place along the line. Consequently we didn't get to tell you that last week's epitaph was that of the Bard of Avon, William Shakespeare, who's namesake played such a whale of a football game at Notre Dame.

PASSING BY

Scheduled for a Lyceum number some time this spring is the A. A. Milne comedy, *Mr. Pim Passes By*. Somehow this one got by the Hollywood producers. Be sure it doesn't get by you.

THE OPEN DOOR POLICY

Recently posted in the publications office is a sign, PRIVATE, PLEASE KEEP OUT. Conservative estimates are that it has doubled publications office attendance.

FLICKER FABLES

"His Girl Friday," which showed at the local cinemashop last week, is a remarkable demonstration of Hollywood Habits. Some years ago Ben Hecht and Charles MacArthur wrote a play and called it "The Front Page." It was a tremendous success on Broadway and in the movie version.

More recently the cinemagnates decided they would like to re-realize on this nice box office tribute. The *hero* in the original had been a fast-talking, super-reporter named Hildy Johnson. The *heroine* in "His Girl Friday" is a fast-talking, super-reporter named Hildy Johnson. Thus a new picture was made.

Incidentally one of the best lines in the picture, which is full of good lines, runs something like this: "So he grabbed the gun and shot the guy right in the classified ads."

HOW TO W. F. & I. P.

(Or more particularly, something about job-getting).

E. C. Carver went to a lot of work to prove his point in an argument with Prof. M. Jones. They were discussing the employability of college men. Carver said that it was low; Jones that it was high. Like most arguments, it is not certain who won. But a by-product, Carver's research is valuable.

He interviewed businessmen of this district with regard to their requirements of those they hire. Some high points follow:

"Dean Kirk of White & Kirk, Amarillo, rates experience as a very important point in the selection of employees. However, he prefers the country individual who may be a little timid to the opposite sort. He prefers students who have gone to college. Personality, appearance, mental alertness, and favorable physical characteristics are essentials.

"Mr. Glenn of Blackburn Bros. wants to know about the applicant's character first of all. Does he take care of his obligations? Does he drink? What is the general opinion of others regarding the individual? He must be neat and clean, of medium physical size, and have a good personality. Mr. Glenn much prefers the applicant with experience. Education is a big item, but it is not the first thing considered. College help is about the poorest we can get. The student forms habits of not working in College. When he enters business these habits continue," Mr. Glenn said.

"Mr. Simms of the Southwestern Investment Company requires different qualities for different jobs. However, in the main, experience is probably the most important. He says that a college education is important for two reasons: The knowledge, and the contacts and friendships established there."

CONFUCIUS AGAIN

"Man may be able to fly like bird—
But cannot sit happily on barbed-wire fence as yet."

REASON AND WAR

Wm. Lyon Phelps, grand old man of American Letters, tells in his *Autobiography* of the hysteria of war days:

"Of all the thousands of scientific men in the world, I can think of only one who publicly opposed the war, Bertrand Russell. He went to prison for his opinions.

"But many clergymen were jailed. When America entered the war in 1917, a Baptist minister in Vermont who expressed publicly his opinion that the war was wicked, was tried and condemned to a Federal prison for fifteen years. After the war was over, he was released on a presidential pardon.

"... When the war broke out in 1914, I wrote an article for the *North American Review*, in which I took the position that all war was wrong, contrary to religion and reason and common sense; and that Christians should oppose it. This article brought down upon my head condemnation from many sources; but I had expected that, and did not mind. I wrote other articles in behalf of peace, and made a number of public addresses. The feeling in America was so ardent that I was called pro-German; but I was not pro-German; I was pro-English. . . .

"But I soon found that any appeal to reason in time of a great war was like attempting to stop a cyclone with one's breath or to check a locomotive by placing a feather in front of it."

Answering inquiries, here's a report on the flag editorials in *The Prairie* earlier in the year. The staff promised not to mention the subject again if a college in the U. S. could be found not flying the colors. One was pointed out. It is Sister Arnold's College for Young Ladies in Arkansas.

Flying Cadets

KENNETH HOHLAUS

CRAIG WALLING

Two West Texas exes who will be graduated by Randolph Field as student pilots are shown above. Kenneth Hohlaus was graduated here in 1939, and Craig Walling finished in 1938 at W. T.

Scouting Graduate Is First of Group To Be Scoutmaster

Kenneth Black, West Texas State senior, holds the distinction of being the first student of the newly organized Scouting class to be placed as a registered Scouter. Black will serve as assistant scoutmaster in troop 31 of Canyon, which was recently organized with E. W. Woods as scoutmaster.

Others who completed the course are Bernard Wilson, Briscoe; Cecil Shearer, Lockney; Chester Borders, Maverick; Howard Amick, Flomot; Burl Glass, Alameda; Edgar Frazier, Follett; Foster Watkins, Dumas; Leroy Francis, Canyon; Walter Edwards, Tulla; Charles Crowell, Bovina; Ray Marshall, Cee Vee; R. C. Carver, Borger; and Howard A. Ferguson, Jr., assistant scoutmaster of troop 10, Amarillo.

Spencer Whippo, '37, is in charge of the water conservation project in Perryton and surrounding counties. Jess Coleman is in charge of the Farm Security association at Childress.

George Smith, '38, is working with the farm security at Portales, N. M.

Naughty or Nice? England has another war on its hands over the kind of entertainment its soldiers should have — fun, frivolity and fewer clothes on the actresses—or serious entertainment for the mind. Read about this controversy in an illustrated feature in *The American Weekly*, the magazine distributed with next Sunday's *Chicago Herald-American*.

Exactly 91 per cent of the Concordia College (Minn.) student body are Lutherans.

EX-STUDENT POSTOFFICE

Miss Doris Leggett '29 has been introduced to the home demonstration agents of the Panhandle area. She is the new district home demonstration agent with headquarters at Amarillo. Other W. T. graduates who are home demonstration agents and were present for the occasion were Mrs. Julia E. Kelley '28 of Pampa, and Miss Sybil Gidden '37 of Wheeler. Miss Leggett returns to the Panhandle from Dallas county.

Mr. and Mrs. Clarence Ashby have resigned their positions in the Dalhart public schools to make their home in Washington, D. C., where Mr. Ashby will go into the Education department of the Civil Service with work in the field of Indian education. He is a graduate of the class of '31, and Mrs. Ashby (Mary Elizabeth Courage) is a member of the class of '38.

Mrs. O. M. McGinty (Montie Draper, '29) will give a lecture recital on Texas Poetry at Spur March 5.

Orville P. (Pete) Cowart, '36, is now sales promoter for the Amarillo Hardware Company. He took up his new duties in November after having been with the company ten months.

Strange tragedies of the Hollywood Bowl's hidden hoard. Eight men interested in the treasure died violently and now an engineer who tried to find the riches of Old Mexico commits suicide—which seems to bear out a historic "curse." Read this thrilling illustrated feature in *The American Weekly*, the magazine distributed with next Sunday's *Chicago Herald-American*.

Twenty-Five Take First Aid Exams

The First Aid course held in connection with the Scouting work offered by the College closed Friday night. Dr. R. P. Jarrett, Jr., College physician, conducted the class.

Of thirty-five students who enrolled for the course, only about twenty-five were eligible to take the final examination.

The final grade will be based on five main points: Attendance and contribution to class recitation; knowledge of pressure points, artificial respiration, practical work, and a written examination. Artificial respiration and pressure points and their usefulness in common emergencies were especially stressed during the entire course.

Dr. Jarrett has forwarded the tentative grades to the National Red Cross headquarters, which in turn will issue certificates to those who made satisfactory grades to pass the course. It will be several days before a definite check can be made on those who passed.

F. F. A. EDITION PRINTED

Howard Weatherby, '34, who is director of Vocational Agriculture at Shamrock, has, with the help of his classes and through the co-operation of the business men of Shamrock, had a special F. F. A. edition of the *Shamrock Texan*. It gives a fine picture of the work and the possibilities of F. F. A. in a community of that kind. The special edition may be seen in the College library.

BANQUET SPEAKER

Dr. J. A. Hill was the principal guest speaker at a Father and Son banquet February 10th at the Central Baptist Church in Clovis, New Mexico.

YEARBOOK READY MAY 15

According to Sam Burton, editor of *Le Mirage*, the college yearbook will be ready for distribution about May 15. Deadline for paying space fees is at that time.

Miss Frances Usery, of the faculty of West Texas State College, gave a piano recital at the assembly of Canyon high school last week. Invited by the Student Council, Miss Usery was enthusiastically applauded by the students.

Plotting The Tactics Which Buffaloes Faced In New Mexico

In the photo above, Coach Kenneth Gunning is diagramming plays for his squad in preparation for the games with the Buffaloes Friday and Saturday in Silver City. The New Mexico Teachers managed to beat the unpracticed Buffs in the season's opening games by scores of 29-26 and 36-35. Standing in the center with the ball between his feet is Bert Smiley, star forward and captain, who led the Mustangs against the Texans.

Buff's Divide Cage Series With New Mexico State Mustangs

First Game Goes to Texans 42-41—Silver City Captures Second 49-48

The furious but good-natured feud between West Texas State and New Mexico College of Silver City continued through two games Friday and Saturday, with the Buffs taking the first game and the opposition the second. Scores were 42-41 and 49-48.

The closeness of the scores approaches some kind of record, for the same teams met last fall and the New Mexico lads—transplanted from Indiana, with their coach, for the most part—won here by scores of 29-26 and 36-35.

"They were tough," Coach Al Baggett told a local fan. "Brookfield went out on fouls in the first quarter of the first game, and Halbert in the second quarter. Forty-two fouls were called in that game."

The Buffs led, 23-14, at the half in the second game, but were overhauled later in the contest. "Happy" Holler, New Mexico center, sank a long shot in the final seconds to win.

Absence of Donald Kendrick, called to Big Spring by the illness of a sister, was keenly felt by the Buffaloes in the first game, when Coach Baggett did not have enough reserves.

The West Texas State cagers—Alamo champions—moved to El Paso Sunday for the opening of the Southwestern Intercollegiate tournament yesterday. Other teams in the tournament are Stephen F. Austin Teachers, Eastern New Mexico college, Whittier college of California, Hardin-Simmons university, Chihuahua (Mex.) Teachers, Gila college of Arizona, and New Mexico Normal university.

Long Island University is the first and only U. S. institution authorized to give a Doctor of Podiatry degree.

W. T. Hardwooders Defeat Cowboys

Schur Plays Last Home Game; Student Interest Is High

Seldom as it may happen, the students really got interested in a basketball game last week, when Hardin-Simmons University was turned back in two games by the Buffaloes in the latter's last home stand.

It was Captain Schur's last game before the local crowd in which the Buffs swept the Cowboys the second night, Tuesday, by a score of 73-35. The largest number of Buffalo band members to play for a cage game this year set the stage for the revenge in the hearts of students. Some tell a story of a football game November 11 which the Cowboys won in the last three minutes of play.

Two Sophomores and one Senior featured the Buffalo scoring. It was big Charlie Halbert's effective under-basket work, Frank Stockman's fast breaking crisp shots, and Captain Ernest Schur's down court shooting that eliminated the Simmons quintet's chances.

Halbert was high man for the evening with 18 points. Schur and Stockman followed him with 14 and 11 points respectively.

Rattan led the Cowboy attack with 10 points, with Parker and Grady Osborne next in line with 9 and 8 points.

A total of 42 fouls were assessed the Buffs and the Cowboys—16 for the Baggettmen and 26 for the Cowboys.

Cage Official With Buffs In Ten Games

Most of the basketball enthusiasts this season can scream at all of the Buffalo cagers by name, but few will know the name of the referee on the local hardwood.

The familiar figure is Tom Haynie, graduate of Texas School of Mines and Metallurgy, El Paso. Mr. Haynie's home is in Amarillo, and he is an instructor in the physical education department of Amarillo high school.

Mr. Haynie has been the official for ten games in which the Buffaloes have played this season.

Dimmitt Captures District 1 Cage Title Saturday

Dimmitt's scrapping Bobcats took the District 1 basketball trophy here Saturday night in a thrilling overtime victory over the Canyon high school Eagles.

The game was tied at 23-all when time was up.

After a brief rest, the teams resumed the battle, which was to go to the team first making two points.

Eagle players had four chances, but missed them all in their frenzied milling. Then Jack Boone, Dimmitt junior, dribbled down a sideline, lobbed a one-handed shot high at the basket, and it fell through to give the Bobcats the championship, 25 to 23.

It was the first district title for Castro county and a nice triumph for John Blaine, who has been coaching at Dimmitt for four years. His team includes some boys who started with him as freshmen.

Tommy Tomlinson, tall Eagle center, played brilliantly and personally accounted for 20 points, but the

N. Y. A. Cagers Are New Intramural Champions

Terrapins Defeat 'Crackers Tuesday

Winners Come From Behind To Grab Victory 32 to 27

N. Y. A. Galloping Terrapins came from behind to beat out the Hancock Firecrackers in the final game of the Intramural basketball tourney, 32-27.

The Firecrackers took an early lead, and held until after the half period. The Terrapins, coached by Olle Brown, rallied and crowded past their opponents to win a thriller before a part of the crowd that saw the Buffaloes defeat the Hardin-Simmons Cowboys. Carl T. York, instructor in the Training School, refereed the game.

Included on the N. Y. A. team are George Morris of Perryton, Irvin Lilly of Perryton, J. V. Langsford of Wellington, C. W. Barnard of Happy, Jim Woodward of Chidress, Alvin Smith of Happy, Bernard Newburg of Vega, Eugene Pullen of Kirkland, Claude Shaffer of Bellview, N. M. and James Pounds of Booker.

Canyon boys were tense and fumbling and unable to get going.

Selected for the all-tournament team were Jack Boone and Walter Shipley of Dimmitt, Tommy Tomlinson of Canyon, Alvis Ford of Canyon, and Charles McNabb of Vega. Prof. F. E. Savage made the award presentations.

Dimmitt will enter the regional meet here next Saturday. Other participants will be Pampa and the winners of district tournaments at Lubbock and Childress.

Buffalo Wallow

"THERE AIN'T NO FLIES ON ME..."

W. T.'s freshman cagers, the Yearlings, are running the Amarillo Jaycee cagers ragged these days. With no losses and three forfeits, the Frosh are tied in first place in the league.

Jack Maddox, freshman ace from Medicine Mound set a new Jaycee scoring record in Amarillo last week against the McClendon grocery quintet. Jack scored a total of 43 points in this game. This is a record in any league.

The Freshmen also hold the record of scoring the most points in any game with a total of 87 points. This marks the Frosh cagers as one of the best teams of Freshmen at West Texas State in recent years.

BUFFALOES GET REVENGE

Well, Hardin-Simmons was really waylaid by the Baggettmen last Monday and Tuesday nights. Handling the Cowboys just as they pleased, the "Tall Boys" scored as they wanted to, and it seemed as if the Cowboys could do nothing about it. West Texas scored a total of 148 points to 74 for the two nights—just twice as many points.

DID YOU KNOW

That the 220-yard skating record is less than the 220-yard dash. Paul

ROY CHEATHAM

Forsman did the furlong in 18.4 seconds in outdoor skating, while Fred Robson negotiated the distance indoors in 18 second flat. Jesse Owens sprinted the 220-yard dash in 20.3, which is the present world's mark in the event... that Germany won the last Olympic Games. The United States won the title in the track and field contests, which is considered the main event on the program... that Maurice Tillet is the name of the new heavy-weight wrestling sensation. He is of Russian blood and is more popularly known as "The Angel."

PLAYING FOR FUN

At Union college, in Barbourville, Ky., they're trying a new system of athletics. They're learning to play for fun.

As far as possible, financial aspects have been removed from Union college sports. Admission to all football and basketball games played at home is free. Athletic scholarships are no longer awarded. President Conway Boatman is looking ahead to the day when the school will build a stadium with no fence around it.

The result, Dr. Boatman reported, is a new spirit of sport and better scholarship among participants, and the football team didn't do so bad: It won three football games, lost three, and tied one.

Many other institutions might study this plan to a profit. With commercialism spreading throughout the realm of college athletics, football and basketball ceases to be games and become serious business.

In the last 19 years, the Rose Bowl football game has drawn a total gate of approximately \$5,700,000.

LIKES FLASHING SPEED ON SKIS but chooses slow-burning Camels for

It takes your breath away even to watch him. Down the side of the mountain... a perfect telemark turn... and there he goes... faster and faster. That's Bob Bourdon, former Vermont champion. On skis, he's one of New England's fastest. But in smoking, he's strictly on the slow side. Read what he says (at right).

EXTRA MILDNESS

EXTRA COOLNESS

EXTRA FLAVOR

SPEED'S FINE IN SKIING BUT THE 'EXTRAS' IN SMOKING GO WITH SLOWER-BURNING CAMELS

In the Cannon Mountain Aerial Tramway, Franconia Notch, N. H., Bob Bourdon (above) enjoys a slow-burning Camel. "No speed for me in my smoking," says this ski champion. "Camels are slower-burning and give me extra mildness, extra coolness, and extra flavor."

"THE faster the going, the more fun in skiing," says Bob Bourdon. But he has a different angle on cigarettes. When Bob Bourdon says: "Slow burning is my guide to more mildness, more coolness, and more flavor," he's putting the stamp of actual smoking experience on the findings of science.

Fast burning in a cigarette means heat. Nothing dulls the delicate elements of cigarette flavor and aroma so surely as excess heat. There's little pleasure

or comfort in a hot, flat smoke in which the flavor has been burned away. The extra mildness, refreshing coolness, and that smooth, mellow flavor of Camels are confirmed by recent widely reported scientific tests, in which Camels...the cigarette of costlier tobaccos...burned the slowest of the sixteen of the largest-selling brands tested! (See panel at left.) So, change to slow-burning Camels and enjoy extra pleasure and extra smoking.

In recent laboratory tests, CAMELS burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them. That means, on the average, a smoking plus equal to

Alpha Chi Entertains Honor Students Friday

Alpha Chi, national honorary society, entertained the first semester honor roll students last Friday night with a party in the reception room and ballroom of Cousins Hall.

Marjorie Reeve accompanied La Nelle Scheihagen as she sang "Indian Love Call" and "The World Is Waiting for the Sunrise."

After the introduction of the officers, Dr. B. F. Fronabarger explained the qualification for membership in Alpha Chi. The junior qualifications are sixty hours of credit with a grade point average of 3.2 or above. The Senior qualifications are ninety hours of credit with a grade point average of 3.3 or above. Graduate students must have a grade point average of 3.3 or above, without averaging freshmen grades. Students transferring must have thirty hours credit in this college when making application. Only the grades made in this college are averaged.

The group then adjourned to the ballroom where games were played and folk-dancing took place. The typical Kay Kayser quiz contest took place with Gerald Manzer acting as the old professor. Refreshments were served in the Red Room.

Faculty Men Have Regular Steak Sizzle

Steak and all the trimmings were served to the faculty men of the College Friday evening at 6:30 o'clock at Stafford Hall.

The dinner was one of a series being arranged by various members of the faculty, some of whom are appointed at each meeting. The men meet at whatever time is decided by the committee.

After dinner, the men adjourned to the parlor of Stafford.

between rounds. At the end of the final round, the goose that laid the golden egg was awarded to each of the final contestants. For dancing was continued after the contest.

Faculty members present were Mrs. Geraldine Green, Miss Isabel Robinson, Miss Tennessee Malone, and Dr. B. F. Fronabarger.

The Uplanti (Mich.) Normal College has the first building constructed especially for the training of handicapped children.

"Swanee River" Is GWTW No. Two

Romantic minstrel days are recalled in "Swanee River," the story of Stephen C. Foster, the great American troubadour. It is coming to the Olympic Theater Wednesday and Thursday. It is acclaimed as "almost as great as Gone With the Wind." Don Ameche, left, above, is seen as Foster, Andrea Leeds, center, as his lovely bride, and Al Jolson plays E. P. Christy, the famous minstrel king of the day.

A. A. U. W. Director Speaks At Banquet

Fifty members and friends of the Canyon branch of the American Association of University Women heard a challenging address on the "Status of Women Yesterday and Today" by Dean Margaret Justin of Kansas State College at a dinner given in honor of the distinguished guest Friday evening in the home economics dining room of the College.

Table decorations featured blue and red anemones and white carnations and white tapers. A three course dinner was served by students of the home economics department.

Dean Justin is director of the southwest section of A. A. U. W. and is visiting a number of branch organizations in Texas this month. She was accompanied to Canyon by Mrs. Mary Doak, dean of women at Texas Tech.

Several local members were in Amarillo Saturday to attend a neighborhood conference on matters of organization importance. The conference was conducted by Dean Justin and Dr. Anna Powell of Denton, state A. A. U. W. president. Dr. Powell was guest of honor and speaker at a dinner given at the

Rose Bowl Tearoom in the evening. Miss Grace Clark, local president, has announced that the next regular meeting of the local branch will be held at the home of Mrs. Herschel Coffee, 2002 Sixth Avenue, Monday evening, March 4th at 7:30.

Weddings Among West Texas Exes

KING-KEISLING
Quixie Bea King, daughter of Mrs. Frank R. King of Lamesa, and Jack Keisling of Big Spring were united in marriage Sunday morning at 9 o'clock in the First Methodist Church of Lamesa.

Mrs. Keisling attended West Texas State College during her junior and senior years. She was a popular student on the campus and was elected Personality Queen in 1938. She was a member of Delta Zeta Chi sorority and Who's Who.

FORACKER-HOOPER
Mary Lucille Foraker and Elbert F. Hooper were joined in marriage in a ring ceremony at the White Deer Methodist Church, recently with Rev. J. E. Stephens officiating. Mr. Hooper is a graduate of Olton high school and attended West Texas State College.

PATTON-HOUGEN
At a candlelight ceremony Maizie Elizabeth Patton and Harold Hougén exchanged nuptial vows in the home of the bride's parents recently with the Rev. T. E. Holcomb, Baptist minister of Goodnight, performing the ceremony.

The bride, daughter of Mr. and Mrs. C. R. Patton of Higgins, is a graduate of West Texas State and is teaching at Goodnight.

Mr. Hougén is the son of Mr. and Mrs. M. Hougén of Texline. They will make their home in Clayton, N. M., where Mr. Hougén is associated in the automobile business with his father.

Ten mining engineering students have been sent to the University of Pittsburgh by the government of Turkey.

Enrollment and New Equipment Indicate Department Growth

One of the most rapidly growing departments in school for the past year and a half has been the speech department under the leadership of Dr. Baxter M. Geeting.

Dr. Geeting came to West Texas State from the University of Southern California, with teaching experience and experience of working in the Department of the Interior in Washington D. C. for over a year. He has proved capable and enthusiastic in his improvement of the department of speech.

The department has purchased two new machines of major use besides those for office use. These machines are the Public Address system used each morning in assembly, and a voice recording machine which records voices faithfully, showing any speech defect the person might have. This machine has proved extremely helpful in connection with speech correction.

Coming to the department this year as a new professor is Dr. Helen

Ogg, also from the University of Southern California. Miss Ogg specializes in speech correction, diction, and interpretation. She collaborated with Dean R. K. Immel, dean of the school of speech at U. S. C., in writing a book. She taught last year in Kirksville, Mo. Teachers College.

The new radio course taught by Dr. Geeting is the most popular of the new courses. Students taking this course work on production of the weekly radio programs as a laboratory assignment.

More than two hundred fifty students are enrolled in the department and a large number of these are members of the Drama Club. Research projects in the departments include a book which Dr. Geeting is writing on "Interpretation." A seminar course is offered the second semester in which students work up projects of research.

REVIEWS POEM

Miss Mary Moss Richardson, associate professor of English, reviewed Amy Lowell's "Patterns" over station KGNC, Amarillo, Friday afternoon.

Help Keep Canyon Clean

Senior Gives Voice Recital Last Week

La Nelle Scheihagen, senior from Hereford, was presented by the department of music in a senior song recital Wednesday night. The recital was given in the auditorium of the Education building and was attended by a large audience of both College students and townspeople.

A program of the twelve songs presented by Miss Scheihagen follows: Though Not Deserving, Caldarà; The Blindfold Boy, Scarlati; Oh, Thou Beloved, Gluck; Romance from Rosamunde, Schubert; Wanderer's Night Song, Schubert; Shepherd's Lament, Schubert; Angel of Beauty, Schubert; Aria, My Heart at Thy Sweet Voice, from Samson and Delilah, Saint Saens; Florian's Song, Godard; The Blind Mendicant, Hamblen; None But the Lonely Heart, Tschaiakowsky; and Early News, Terry.

Miss Scheihagen received exceptionally enthusiastic praise from friends—a number from Hereford—and teachers of music. Also a piano student, she will be presented in a second recital in May.

BOB'S COFFEE SHOP
