

The Editor Speaking

It is with reluctance that we publish a straight news edition of The Prairie this week immediately following the fantastical April Fool Edition which we so ungraciously shoved off on our readers last week. It was a whole lot of fun to put out that paper and all of us on the staff could hardly wait to see the reaction of the students to a venture of that kind.

One of the most severe disappointments of last week, I think, was when the students found that the axe murder story was false. I sympathize deeply with all of you who were disappointed for I know what a trial it must be to view this homely, bewhiskered, dust-covered mug of mine all the time.

One of the funniest things in connection with the April Fool edition was the erroneous impression that several people received in regard to the sports story concerning the victory of R. C. Jeffers over an alleged Matador opponent in a singles fray of horseshoe pitching. That was the chief trouble and fault with that edition. It was so hard to tell the false from the true.

Quite a bit of comment is going over the campus in opposition to the athletic department allowing the varsity boxers and wrestlers to compete in the intramural "fite-nite." It hardly seems consistent to bar the Buffaloes from the intramural basketball tournament and then to let the varsity matmen go into competition with the amateurs for the prized medals given the winners. Perhaps we don't understand the policy of the department in this respect, but it looks as though it is decidedly unfair to the boys who correspond in the amount of training to the intramural basketball team personnel.

Cousins Hall girls are somewhat up in the air and all to no avail over the change in the date of their open house each week. Through some unfortunate arrangement it appears that it is impossible to have the open house night at any time other than the same night that Randall Hall has theirs. Most of the boys on the campus agree with the girls in voicing this regret. A great many of the boys like to go to each Hall, but with the present arrangement only a few minutes may be spent at each one if they try to go to both in the same evening.

National Athletic Fraternity Plans Urged By Jones

All candidates who desire to qualify for membership in the National Honorary Society are requested to commence their workouts for conditioning immediately. Reservations are to be made with Mitchell Jones, sponsor of this agency at West Texas.

The National Athletic Honor Society was organized to stimulate a keen zeal for all athletics. The events appear simple in character, but demand an all-around sport knowledge to make the grade. Fifty-eight W. T. students have made entries, and only one, Fayette Rudolph of Yuma, Ariz., has managed to survive the different activities. Society keys are given as awards to designate the accomplishment of the following requirements:

1. 100 yard dash, 11 3-5 sec.
2. 120 yd. low hurdles, 16 sec.
3. Running high jump, 5 ft.
4. Running broad jump, 17 ft.
5. 16 lbs. shot put, 30 ft.
6. 20 ft. rope climb, 12 sec.
7. Baseball throw, 250 ft.
8. Football punt, 120 ft.
9. Javelin throw, 130 ft.
11. 100 yd. swim, 1 min., 45 sec.
12. Front hand spring, landing on feet.
12. Hand stand, 10 sec.
13. Fence Vault, Chin high.
14. Good posture, standard B.
15. Scholarship, C average.

Miss Marion Norrington, head of the department of home economics, who has been ill for two weeks in St. Anthony's Hospital in Amarillo, is very much better. She will probably return to work sometime this week.

If she is meekly loyal to him and thinks him a wonder, he may be her husband; but more likely he is her dentist.

Eggs can be boiled hard on Pikes Peak in an open vessel, but much more time is required for the process than in lower altitudes.

Delegates Attend National Home Ec. Sorority Meeting

Convention Meets In Tucson, Ariz., April 2-4

Representatives of the local chapter of Kappa Omicron Phi attended the national convocation of the sorority at Tucson, Ariz., April 2-4. Miss Elizabeth Cox, professor of home economics, Cleo Heath, June Farnsworth, Elizabeth Deal, Helen Edwards, Dorothy Maples made up the West Texas delegation.

Mrs. F. B. Hegl, formerly Miss Madeline Cox, a graduate of W. T., Tahoka, Texas, was elected Distaff editor. Mrs. Milton Wiegert, formerly Miss Cleo Holmes of the Home Economics department of W. T., Plainview, Neb., also attended the Conference. She is chairman of professional chapters.

The program emphasized the Spanish theme, which was used throughout the meet. The first session, Thursday, consisted of a trip to the museum, tea, dinner, and initiation.

On Friday the sessions opened with a business meeting. A group meeting was taken of the delegates and members of the hostess chapter. Luncheon was served in the University Commons and a second business meeting was held. The afternoon was spent in a trip to San Xavier mission. At the formal banquet, served Friday evening, Miss Jeannette Mallott, president of the University of Arizona chapter, was toastmistress. Miss Hettie M. Anthony, national president, was the principal speaker. A group of Spanish songs were played by Miss Maria Urias, and a trio of Spanish-American boys sang.

The third session on Saturday began with a business meeting and continued with a memorial service, a trip to Sabino Canyon, a picnic in the canyon, and finally, dinner at Mexican Original Cafe. The local group returned Sunday. Mrs. Wiegert stopped in Canyon to visit Mr. and Mrs. L. F. Sheffy for a few days.

Swimming Team Will Meet NMCI Cadets Saturday

West Texas' first competitive swimming team will test its strength Saturday, April 11, when they travel to Roswell to contend with the Cadets of New Mexico Military Institute.

Eighteen aspirants have been regularly meeting the practice sessions, and Coach Mitchell Jones pronounces them as inexperienced but ready. The possibilities of a victory in this water classic are slim, but Coach Jones contemplates on stimulating an interest in this sport, and to maintain it on a larger scale when the new swimming pool is available.

CONDON ADDRESSES CHURCH GROUP

Prof. S. H. Condon addressed a meeting at the Methodist Church at Dimmitt Sunday on the subject, "Making Life Significant." This was a part of the series which Condon is delivering over the Panhandle on the theme "Adult Education Through the Church."

Three different communities came in for the meeting. Dinner was served at the church.

Americanism: Promising everybody equal opportunity to get wealth; allowing them to compete for what is left after a few families inherit most of it.

NOTICE TO SENIORS

Letters of inquiry concerning possible openings in school staffs and letters of application are matters of interest to seniors at this time. Many questions are being asked concerning proper content and correct form. I am unwilling to write or correct letters for our seniors, but I shall gladly discuss the content and form of letters and answer questions that arise in the minds of the writers. Each Friday through April from 1:30 o'clock, I shall be in Room 118, lecturing on letterwriting or conferring with students. You are invited to come.

FORD PRONABARGER, Head of the English Department.

Tennis Workouts Begin In Burton Gym 2:30 Today

Tennis workouts in preparation for the strenuous spring training will flare in full splendor this afternoon at 3:30 o'clock in Burton Gymnasium when the net candidates meet with Coach W. E. Lockhart for primary instructions. Until the courts are available, the play will be in the gymnasium.

Coach Lockhart appears optimistic over the prospects. Two of last year's polished freshmen netters have returned from last year's undefeated frosh squad. George T. Smalley of Floydada, ranking doublesman, is the backbone of the double combination. Glyndon Riley of Spearman, ranking singles player, doubles with Smalley to form a formidable team that is expected to breeze a long way in the Lone Star Conference race. Norton Curry of Plainview, a Junior college transfer, has exhibited his singles prowess and will be a potent factor in non-conference tilts. Two of last year's squadmen also return—Bill Allison and Bruce Howard. They have given assurance that they are ready for a successful season. Darrell Hemphill of Littlefield was a strengthening addition to the squad last fall. In four intercollegiate matches he flashed a style that will be constantly crowding the ranking players for their positions.

The outstanding aspirants for the Frosh line-up are Phil Hawkins and Max Addison.

Centennial Dance Pageant Will Be Held Here April 17

The best entertainment that the college has had this year will be the Texas Centennial Dance Pageant presented by the Women's Physical Education department is the opinion of a large number of students and teachers who have attended the rehearsals.

This decision is based on the glamor, beautiful costumes, dances, and the graceful dancers taking part in the pageant.

The cost of the entire pageant will reach approximately \$150 according to Miss Ruth Cross. Much dyeing of materials by Miss Cross and Miss Isabel Robinson of the Art department adds greatly to the atmosphere of the pageant.

The pageant is the final conception of the dance students of the department. The superior experience, training, and imagination of Miss Cross, director and Mrs. Florence Fulton needs special appreciation by dance lovers.

The pageant will depict the vitality and dignity of the struggle of the people and life of early Texas history.

The Physical Education department is not the only department in the college represented in the pageant. In fact the pageant is an all-college affair. Members of the voice department, art department, speech department, English department, manual arts and the music department, are a few of the departments of the college that are represented.

Added to the dances will be the story written especially for the pageant by Dr. Arlin Turner of the English department.

Many ex-students are expected to attend, since the pageant is to celebrate an all-state affair. It is expected to be a form of homecoming for many of the ex-students.

About 250 special invitations are being sent out to ex-students and friends of the college.

The program will have 154 performers, each of whom has worked for months on his individual part.

Students Serve In County Meets of Panhandle Area

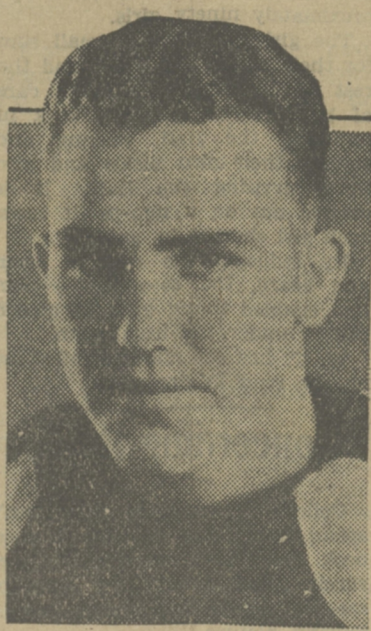

Groups of students and faculty members have been serving as judges of literary events in the annual county meets of this section during the last few days.

Miss Mary Morgan Brown, head of the speech department of W. T., accompanied by Forrest Fry, Miss Linnette Cain, and Thomas Newell, went to Farwell Friday where the group judged literary events in the county meet.

Prof. Leon Lassers and Prof. C. A. Murray judged at Conway last week in the Carson County meet. Miss Helen White Moore judged literary events at Dumas Friday.

Miss Jennie Mae Elliott, Miss Frances Grimes, Miss Kathryn Robinson, and Miss Frances Munson were dinner guests of Dr. and Mrs. A. M. Meyer at Stafford Hall, Thursday.

Football Captain

Leo Jackson, of Floydada, who was chosen to lead the 1936 edition of Baggett's varsity football team. Jackson and his teammates are preparing now in spring training for a successful season next fall.

Condon Receives Appointment For Study In Michigan

Prof. S. H. Condon, head of the department of government, recently received an appointment to attend international law institute which is being held by the Carnegie Foundation for International Peace at the University of Michigan, Ann Arbor, Mich., from June 29 until July 31.

The foundation is accepting 50 people from all over the United States to attend this school. Mr. Condon is one of the 50 chosen.

The institute will be an intensive school directed by leading internationalists running from five to seven hours per day with lectures, seminars, and group discussion dealing with every phase of international law, international organization and forces that tend to cause trouble between nations.

The purpose of the institute is to bring about understanding of international affairs. This plan will train those who attend this school so that they will be fitted to lead work of this nature in their respective territories.

Mr. Condon attributed his appointment to his work with the International Relations Clubs.

New High School at Whittenburg Is Given Recognition

In recognition of the new Phillips High School at Whittenburg, the Hutchinson County Herald published a special edition last week with much space devoted to accounts of the efficient system there under Supt. John L. Mizell.

A new building was erected last year and classes were begun in it on Oct. 21. Prior to this time there had been no high school at Whittenburg. The new school within nine months has been granted official recognition as a four-year first class affiliated high school with 25 units of affiliation.

Ex-students of W. T. who are teaching in the Phillips High School are: R. F. Newman, basketball coach, shop work, and commercial arithmetic; Robert L. Newton, band and mathematics; and Miss Esther Rudolph, English.

Kangaroo Court And Freshman Day Rule Over Dormitories

A hushed stillness hung over the dormitory. A few whispers and the sound of someone walking, then pausing in the hall, broke the silence.

What was up? An upperclassman asked her freshman roommate what time it was. The freshman answered, "Ten o'clock." Her roommate put down the book she was reading and left the room.

Another sophomore said she was going to take a bath. Minutes went by, and she didn't return. Her roommate became uneasy and wondered if she had drowned, but upon looking she found the bathroom empty.

Where was everyone? Suspicions were aroused. Freshmen ganged up in each other's rooms. Some of them locked their doors.

After moments of suspense on the part of the freshmen, the up-

Local Alpha Chi Members Will Go To Regional Meet

Convention Will Be Held At San Antonio This Year

Members of the Lloyd Green Allen Chapter of Alpha Chi will attend the fifteenth annual meeting of the Council of the Scholarship Societies, constituting Region 1 of Alpha Chi, and concurrently the third annual meeting of the National Council of Alpha Chi, will be held under the auspices of the Incarnate Word College, San Antonio, April 16 and 17.

Registration Thursday

The two-day program planned has as its theme, "A Century of Progress in the Southwest." Thursday morning registration will be in progress. Thursday afternoon, the first session will be presided over by Dr. H. Y. Benedict and by Dr. P. R. Clugston. Miss Stather Elliott of Sun Ross State Teachers College will speak on "Spanish-American Culture in the Southwest." Continuing the historical theme, Miss Adina de Zavala will give her address, "Historic San Antonio." Miss Zavala is famous for her work in the preservation of historical monuments and artifacts of significance in Texas romance. It is she who won the "second battle of the Alamo."

I. W. C. Will Entertain Alternate with the business addresses, musical entertainment will be given by the I. W. C. students, orchestra, or choral club.

After the adjournment of the first session, the delegates and visitors tour the city. Culminating the sight-seeing tour, tea will be served in the Spanish Governor's Palace, with the San Antonio Alumnus Chapter as host. The Palace was built in 1749. With the aid of research enthusiasts it has been restored to its original elegance.

The Second Session, Thursday evening, will be held in the Crystal Ballroom of the Gunter Hotel. Mrs. Irene Brown O'Connor, LL. D., presiding. The address will be, "A Yankee Comes to Arkansas," by Dr. P. R. Clugston, Arkansas State Teachers College.

Business Meeting Friday A business meeting will be held Friday morning. In the general assembly, Dr. R. E. Roehl of Incarnate Word College will make the final address. Final adjournment will take place at 12 o'clock. Each chapter is entitled to two official delegates to the convention, one a student representative, and one a faculty representative. Miss Edna Graham, professor of mathematics, and James Divilbiss, president of the local organization, are the delegates from W. T. Other members of the several chapters are welcome to attend all sessions of the meeting of the Council.

ALL-COLLEGE DANCE THURSDAY NIGHT

The All-College Dance which was formerly scheduled to be given Saturday night, April 11, has been moved up to Thursday night, April 9, Coy Palmer, chairman of the dance committee announced yesterday.

The dance will be held in the Women's Gym from 8 o'clock until 11 o'clock. Music will be furnished by the Kampus Katz under the direction of Houston Bright.

W. T. H. S. Seniors Present Comedy Thursday Evening

The W. T. High School Senior class presented a three-act comedy, "Enter the Prodigal," Thursday evening in the auditorium of the Education Building.

The cast of characters included Sam D. Burton as Mr. Walters; Ruythe Richeson as Mrs. Walters; Gebo Clark as Ernest Walters; Thomas Campbell as William Walters; Bonne Rhea Whittenburg as Mrs. Haley; Marjory Merchant as Mary Walters; Mary Frances Douglas as Betty Reid; and J. L. Norman as Mr. Wells.

The entire play was characterized by good acting on the part of each member of the cast, and gave evidence of much work and study in rehearsals. Thomas Campbell and Sam D. Burton turned in an exceptional performance, although it was hard to pick out the best actor in the play.

Wendell Cain, of W. T. and a speech major, directed the play.

Federated Clubs Convention To Be Held Here In 1937

The Seventh District, Texas Federation of Women's Clubs will hold their annual meeting in Canyon. This city was chosen by the Federation at their annual meet last week at Lubbock when Mrs. T. V. Reeves extended the invitation.

Officers selected for a three-year term were as follows: Mrs. J. W. Walker of Plainview, president; Mrs. Sam Isaacs of Canadian, first vice-president; and Mrs. W. H. Lynn of Wellington, second vice-president. Mrs. E. H. Perry of Plainview has been appointed secretary.

There were representatives from almost every club in the district. Approximately 700 women were present for the three-day meet. Those attending from W. T. were Mrs. T. V. Reeves, Dr. and Mrs. A. M. Meyer, Mrs. J. A. Hill, and Mrs. C. A. Murray.

Dr. Meyer delivered an address concerning pioneer education. Mrs. J. A. Hill, former district president, gave the definition of progress as "Progress swings like a pendulum, back and forth, but always moving forward."

Horse Is Too Fine For Stable

The horse is too fine for the stable!

Miss McMurry's new automobile is so fine that it won't fit her old garage.

Miss McMurry rivaled the riot last week by appearing at Cousins Hall (the place of her abode) after midnight, Sunday before last in a brand new, navy blue Chrysler that matches the rest of her. That same morning she arose at five to see if it were still there.

Cousins Hall itself arose early that morning and ogled in admiration down into the alley—at her car. The hall was especially affected (although the whole town buzzed) since the arrival of the car was the culmination of weeks of speculation, Scotch planning, and harassed car salesmen. Car salesmen in the dining room, car salesmen in the parlor, car salesmen in the wrong places!

Miss Mac, her indigestion much improved since the event, is anxious to get "miles" so that she can go top speed. She is very proud of it and shines it just before sandstorms which is the reason we have sandstorms.

Hi-Y Club Wins Several Honors At Conference

Fifteen members of the Hi-Y club of the Demonstration School and their sponsor, A. K. Goodman attended the annual Hi-Y Older Boys' Conference held in Amarillo from Friday until Sunday.

Brynild Vaughn was elected president of the Conference for next year and Billy Norman was elected to serve as president of the Hi-Y congress which is held in connection with the Conference each year. Other honors coming to the Canyon delegation were the quartet winning third place in the vocal music contest, and Brynild Vaughn winning first place in the speaking contest.

The theme of the Conference was, "Christian Use of Leisure Time."

Chief speakers on the program were: Edwin A. Elliot, head of Board of Labor Relations, Ft. Worth; Roy Bregge, head of Allied

P-P.H.S. Meeting Will Draw Noted Guests April 10

Miss Susan J. Allen, J. Frank Dobie Will Come

The Panhandle-Plains Historical Society meeting Friday, is the most interesting event of the coming week to hundreds of Northwest Texans and to at least one world citizen—Miss Susan J. Allen who is hurrying from Bermuda and New York to Canyon to visit the museum of which she has been a generous patron.

To the Texans a change in the constitution, and discussion of plans to enlarge Pioneer Hall will be the most interesting feature of the business session which will be held Friday afternoon at 2:30. At this time officers will give brief reports of the work of the past year. These will include Prof. L. F. Sheffy, the secretary; Floyd V. Studer, and Prof. C. Stuart Johnston whose work in discovering and excavating fossils and pre-historic artifacts have attracted attention throughout the entire nation.

Prof. W. L. Vaughan is receiving reservations for the banquet each day. The number of tickets available is limited to 210. A letter from Senator B. G. O'Neal of Wichita Falls tells that he hopes to attend the annual meeting this year.

J. Frank Dobie, historian and story teller of the University of Texas will arrive Friday morning after having lectured in Childress the night before. He will stay in Canyon until Sunday and will visit prehistoric habitations and fossil beds before he returns to Austin. He will be the principal speaker at the banquet, with "Traditions of the Cattle Country" as his subject. He is the author of "Coronado's Children," and "A Vaquero of the Brush Country," and other books on Texas subjects.

Tech Professor Will Give Lecture This Afternoon

Dr. Fred W. Sparks of the Department of Mathematics and Astronomy, Texas Technological College, and this year's president of the Texas Section of the American Mathematical Association, will deliver a lecture on Tuesday afternoon, April 7, at 4:30 in the auditorium of the Education Building. Dr. Sparks' talk will deal with some important and interesting phases of mathematics and the study of that subject.

Dr. Sparks appears here under the auspices of the Mathematics Section of the Southwestern Division of the American Association for the Advancement of Science. He is lecturing this spring at all of the colleges and universities of western Texas, New Mexico, and Arizona.

His lecture will be of a popular nature, not at all technical, and should be of interest to a large number of students. Admission is free, and a welcome is extended to students and townspeople to hear Dr. Sparks.

Faculty Members and W. T. Ex Have Articles In Outlook

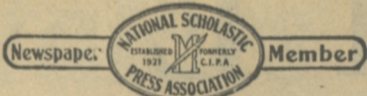

"Canyon Youngsters Hold Centennial Exposition" by Miss Novella Goodman and Miss Ruth Lowes of the Training School, and "Building a Rural School Problem" by R. Lloyd Neeley, Farwell, ex-student of W. T., were among the articles which appeared in the "Texas Outlook" for the current month.

The article concerning the miniature Texas Centennial dealt with the model fair which was held by the primary and intermediate grades of the W. T. Training School. This fair was held recently in the classrooms of these students.

Mr. Neeley in his article discusses the rural school problem of adequate housing, equipment, and affiliation of the subjects taught. The author related the story of the Oklahoma Independent School District which is better known as Oklahoma Lane.

Youth Movement, Washington, D. C.; and Bud Thompson, Texas Tech. A national conference will be held in Kentucky in June.

LIFE

The Great Creator gives life to every creature to make the best of. Some survive and others do not.

Man with the aid of unseen power, finds science and other valuable devices and sources that have been in existence long before. With this advantage, he is doing great things for mankind. The honor is bestowed upon him—Man—the highest of all living creatures.

The mind of man has the ability to work through and solve a great many problems, but does he ever really stop to think? Man thrives on life, he exists because of life, and he accomplishes or loses because of life. Who gets the honor? To whom does it rightfully belong?

Life is given to every creature. That life is being lived, but how well is it being lived?

SONG
of the
SHEARS

BY BRADY MCCOY

Green, blue, yellow, and in every ungodly make-up that only an April Fool could think of, the exchanges came in this week, disclosing startling facts about the colleges.

It's sure pretty work.

The Sul Ross SKYLINE blossomed forth with a green edition, dedicated to the freshmen.

Keeping up the old tradition, the TOREADOR from Texas Tech appeared in green for the April Fool edition as the EL CUSPIDOR, with some tall, fantastic stories.

A new exchange on the list is the JUNIOR COLLEGIAN from the Los Angeles Junior College, Los Angeles, Calif. Carrying an eight-column, four-page paper, published three times a week. It promises to be one of the best college papers on the exchange list.

An efficiency expert is the only person we know of who gets paid for minding other people's business.

It's our opinion that if the younger generation were headed anywhere it would have been there long ago.

"In spring a young man's fancy lightly turns to thoughts of love," except during leap year, when his mind is too filled with thoughts of self-defense.

One reason why men do not put aside temptation like they put aside money is that temptation doesn't pay any interest.

If a judge turns that notorious gang leader over to the penitentiary warden, he might be heard to say, "Toughy from me to you."

Reminiscences of the Florida real estate boom—news item, "Jasper, Florida, farmer's barn sinks out of sight in his back yard."

Ten men chosen as best dressed in America were said to be embarrassed by the tailor's choice. But we hope not by their bills.

W. T. In Step With
The March of Time

Randall Hall, the first large co-operative home for girls, on a Texas State Teachers College campus, was established on the campus of W. T. in 1933.

The hall, formerly used as a girls' dormitory accommodates approximately ninety girls.

The girls pay only a small sum for their rooms and board and the rest of the expense is taken care of by their co-operative work in handling the Hall, cooking and serving their own meals and also in supervising the Hall. It is carried out on a non-profit basis, each girl sharing in cost.

By reducing the cost of room and board, the co-operative plan has enabled many girls to attend college under the usual plan.

W. T. has set another milestone on the road to Progress.

Concerning Books

College students, if they can't spend four cents to read a good book from the rent collection, can surely spend twenty-five cents to see the same play, made into a moving picture.

The 1935 play, "The Petrified Forest" by Robert Sherwood, is a recent publication received in the library. The show, starring Leslie Howard, is being shown here now.

The play as given in New York and Boston last year also starred Leslie Howard, the English actor, as Alan Squier, the vagabond undisciplined, who, by accident is forced into the desert with several other distinct American types; Gabby Maple, an artistically starved desert girl; Jason, the Hall-De-mocracy-American-Legionaire, Boze Hertzlinger, almost an All-American football hero, once; the last of the "rugged individualists," Duke Mantee, gangster; Gramp, who had been missed by Billy the Kid; and others.

While being held prisoners, all of them frankly discuss their innermost thoughts.

The play, and the show, have all the desirable elements, mental conflict, love, dialogue, satire, adventure, that modern audiences appreciate.

Robert Sherwood is the author of several other familiar plays,

"Reunion in Vienna," "Unending Crusade," and "The Queen's Husband."

Those fellows who argue that the world owes them a living must be finding collections pretty poor.

Did anybody ever hear of a postage stamp that failed to stick to an envelope that contained a bill?

Now that Congress is back in session, farmers should prepare for high winds.

CARRIE LEE MCINTOSH

Pi Omegas Head Society Events List For Week With Dinner-Dance

With mid-term exams in every course, college students have had little time for social functions. Faculty members, too, have their difficulties during examination week.

The social events of this week are headed by the annual Pi Omega banquet and dance Saturday night for ex-Pi Omegas.

A circus motif was carried out at the banquet which was given in the college cafeteria. Sixty-nine guests were present. After the banquet, the dinner guests and thirty additional men guests enjoyed dancing in Cousins Hall to the music of the Kampus Katz under direction of Houston Bright.

Guests from the faculty members included Dr. and Mrs. R. P. Jarrett, Mr. and Mrs. D. A. Shirley. Dr. and Mrs. A. M. Meyer, sponsors of the club, were unable to attend because of the illness of Mrs. Meyer.

Miss Ruth Stapleton, president, welcomed the guests, and Miss Frances Alice Clark, ex-member, responded. O. T. Craig entertained during dinner with songs; Albert E. Terry, Jr., sang and danced; Mickey Schmitz gave a tap dance.

JUNE DAY IS PRINCESS IN DAIRY SHOW FESTIVAL

Miss June Day has been chosen to represent W. T. as Princess in the Dairy Pageant being held in Plainview today. Miss Day has been chosen as her maid of honor, Miss Bettye Jones of Hereford.

Jim Kirby of Hereford will escort Miss Day to the tea to be given at the Plainview Country Club this afternoon, and the Queen's Ball tonight.

Trois Carmichael will be Miss Jones' escort.

The queen of the pageant will be selected late this afternoon and a coronation ball will be given tonight.

SCIENCE CLUB WILL HEAR FAMOUS CHEMIST

The Science Club will hold its regular meeting Saturday night, 7:30 o'clock, at the home of Dr. C. A. Pierle.

Dr. J. W. Iliff, of Philadelphia, director of the Experimental Paint Division for Du Pont, will give a discussion on paints. Dr. Iliff is one of the foremost men in this field, and all that he says will be of great value to students interested in science.

Members, associate members, and visitors are welcome. Those who plan to be present please inform Dr. Pierle, Woolworth Russell, or Ross Wilson beforehand.

Wisecracks and . . . Otherwise

Edited by Marion Hill

Myles McGehee has one of the most interesting hobbies on the campus. He has taken up art as his main hobby. His most noteworthy picture is "The Hunting Scene."

Dr. Cook almost caused Tom Knighton to go bankrupt the other night when he sat down in one of the front booths of the Buffalo. Every couple that came in and saw him, quickly made a hasty retreat without the usual purchase of two cokes.

It looks as if winter is trying to curtail our spring fever. It has also caused a great fervor among the "courtiers," by not allowing anyone to stay out in the open long enough to even realize that it is spring, much less to reap the benefits of this famous season.

The "Fish" were quickly and easily taught, Tuesday night, that they must always respect the up-

WRANGLERS ATTEND CONFERENCE

Officers of the Wranglers, Anita Goodrich, Mary Orton, Osce McCrery, and Mozelle Wolf, attended the Eleventh Annual Girl Scout Conference of the Cactus Region, which met April 3 and 4 at Lubbock in the Hilton Hotel.

Girl Scout leaders from Oklahoma, New Mexico, Texas, and Arizona, attended the meeting. All of the troops had exhibits, the Houston Girl Scouts winning first place.

Miss Emelia Thoorzell, Camp Advisory Committee, New York, was the main speaker for the entire conference. Miss Bessie Vine, national field executive spoke on "Older Girl in Relation to Scouting," which the Canyon group heard in a group meeting, April 4.

The Wranglers are organized to study about and promote Girl Scout work. They sponsor a number of related activities in Canyon.

The officers attended only one day of the Conference. They left Saturday morning and returned that night.

FLAKE SPARKS GIVES BRIDGE-DANCE PARTY

Flake Sparks entertained with bridge and dancing at his home on Seventh Avenue Saturday night.

Those who attended the party were: Allyne McIntosh, Amazel Clement, Marian O'Brien, Lorene Bessire, Ruby Foster, Henry Trent, Gordon Cummings, Rubel Mills, Forest Denton, and Flake Sparks.

ELAPHEIAN SEXTET ENTERTAINS

Miss Hope Wells' Elapheian Sextet entertained the club at its weekly meeting Wednesday evening. The sextet is composed of Miss Adella Beavers, Miss Bobby Jo Cheyne, Miss Mary Katherine Hutcherson, Miss Charlotte Tubbs, Miss Helen Gilmore, and the director.

FRESHMEN GIRLS GIVE PAJAMA DANCE

"Dressed half in yellow and half in red—" The Pied Piper had nothing on Cousins Hall women Wednesday when the freshmen girls made the upperclassmen wear their clothes wrong side out, only one side of their hair combed, cosmetics only on one side of their faces, and different colored shoes on each foot. April Fool's day is Freshman Day.

Wednesday night the freshmen girls entertained the upperclassmen with a pajama dance to celebrate the gala day. Refreshments were served to one hundred and eight girls, and their supervisor, Mrs. F. E. Savage.

MISS GRAHAM SPEAKS AT CLASS SOCIAL

At the monthly business and social meeting of the members of the T E L Class of the Baptist Church Monday afternoon, Miss Edna Graham spoke on the subject of "The life of Women of Japan and Burma." Mrs. F. H. Campbell of 1910 Third Avenue, acted as hostess.

Following the program and short business meeting, refreshments of ice cream and cake were served to Mrs. A. C. West, Mrs. Silas Hart, Mrs. M. W. Gordy, Mrs. J. C. Baker, Mrs. Charles Stratton, Mrs. Henry Cone, Mrs. S. L. Terry, Mrs. Abbie Izzard, Miss Graham and the hostess.

A. A. U. W. TO MEET WITH MISS CHARLTON
Members of the Canyon A. A. U. W. will meet Monday evening, April 6, at 7:30 o'clock at the home of Miss Agnes Charlton, 2501 Fifth Avenue.

perclassmen even though it is April Fool Day.

Warren Good has lately been troubled by fainting spells. You are just too fast for the common herd, Warren.

"Dusty" and his boys have really gone to the mat and it looks as though Coy & Baze came out winner.

Why is it that Pat Mooney no longer claims to be a friend to Myles?

Ethel Rowland and Strode have begun paying Tom rental space for the back booth over at the Buff.

It was just like old times Saturday, except that Dan Aynesworth should have been with Marguerite "Rosie" Rose.

Was Fae Wheeler's face red when she walked into Mr. Dufflot's class and discovered she was in the wrong place at the right time?

The Pi Omega banquet must have been very important, judging from the number of exes it brought to the campus Saturday night. Among those present were Alice Arnold, Louise Shirley, Margaret Shears, Farris Sears, Marguerite Rose, Mrs. Joe Hill, Jr., Gwen Black, Virginia Jarrett, Ruth Greenfield, and Frances Uesry.

Mr. Tiny Craig is a most valuable addition to our studies. Besides "poisonality," watta voice, watta voice!

Flash! A new, most outstanding couple has been seen frequently around and about. Must be Spring! Take a bow Champ and Virginia Hohlaus.

This guy Hopkins, says a number of girls, must have had a lot of beauty in his young life.

Dean Jarrett and Mr. Terrill were over at the Oasis the other day "comparing coins" for the pause that refreshes. Tsk, tsk, boys.

Flash! It is reported that Klink was certainly hitting it off with one of our former students—one H. B. Stuart—in Pampa the other Saturday night.

Again: Reba Pool, you are getting entirely too serious—how about giving the other boys on the campus a break?

Some secret passions:

Hope Wells and Bill Hopkins. Carrie Lee McIntosh and Newman Carr.

Frankie Dodson and R. C. Jeffers.

Louise Ramey and Warren Good. Helene Dyer and Chic Neillson.

Who can it be who has been running around letting air out of tires? How about it McGehee?

Wonder who the young man is we have seen Ruth Williams with lately?

From a disgruntled co-ed: (and because we are printing this, neither we nor The Prairie mean to leave the impression that we sanction this opinion. Signed: Your editor.)

Quote: Why don't the males in this college grow up? Something of a pain, if you ask me. . . unquote.

Flash! College co-ed's name linked with that of High School youth! They are Martella Graves and Mr. Meredith Warren.

Flash! It is a well known fact that these McGehee brothers are in the habit of "Line" to each other. It makes Myles so mad that he immediately takes a flurry around the block when he hears that Kotton is in town. What could be his motive for such actions?

Socko! "Four Fingered" Pool offers a great prize to anyone who can supply the fifth finger. It must be real bone and hide, though.

Hear ye! Hear ye! The E. B.'s hereby challenge any one to a softball game to be played at the time arranged by the respective managers. No team without a manager will be played. Further information can be supplied by a personal interview with our LAWYER, Mr. Pete Cowart.

Notice—The lumbermen's convention who were served a banquet at Cousins Hall one day recently seemed to have had a very enjoyable time. It was mostly a financial meeting and a great number of "figures" were "cited" as to the expense and probable cost on the refinishing and by-products to be made from "limbs."

What Wag and Tag affair goes

one week without a bust-up? Too good to be true, the inevitable will happen and after one big bang we find Waggoner around the campus just walking and a "Millen" around.

Marriage: The ceremony that authorizes a woman to take a man and remodel him.

Nobody respects those who worship him. He knows they wouldn't do it if they weren't dumb.

Hair-raising by fright is a reality and not a figure of speech. Each hair on the bodies of mammals, including human beings, is equipped with a tiny muscle capable, when properly stimulated, of pulling the hair erect.

There was no slander in the beginning. You see, Adam and Eve had no one to envy.

Another person's worries are always hard to understand.

So far as we have been able to observe the modern flappers are able to take care of themselves, and, at the same time, two or three times as many men.

Every motorist will do well to remember in driving that if he isn't right in traffic he'll be left in a hospital.

With the advent of glass houses, one wonders if it will be possible to throw stones and take baths.

Each Puff Less Acid A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

Over a period of years, certain basic advances have been made in the selection and treatment of cigarette tobaccos for Lucky Strike Cigarettes.

They include preliminary analyses of the tobacco selected; use of center leaves; the higher heat treatment of tobacco ("Toasting");

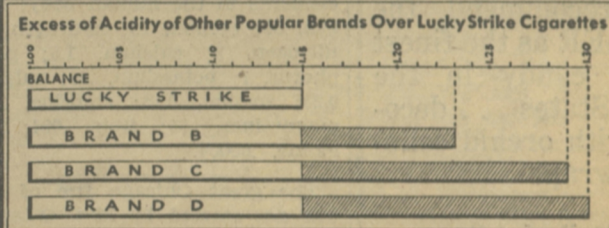

consideration of acid-alkaline balance, with consequent definite improvement in flavor; and controlled uniformity in the finished product.

All these combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Luckies are less acid

Copyright 1936, The American Tobacco Company

Recent chemical tests show* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

*RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS

Riley

The Big Fracas of the year is over. The festivities of fite-nite not only careened in grand style, but the blowed attracted a majority of the student body who in turn have not been hesitant in voicing their approval or disapproval of the results. The tourney boasts of one real upset—Lester Garth's win over Lee Gordon. The foxy Hickox underwent ludicrous formations to force Cain to strain for the laurels. Waggoner's unorthodox lick certainly spoiled close bill with Miller. Cunningham's smooth boxing was the class of the night as he timed his punches to perfection, guarded carefully and took the offense when the proper moment presented itself. The Cox-Brooks imbroglio was the closest of the evening. Cox's headwork was the deciding factor. Brooks was the recipient of many powerful uppercuts, but was too stubborn to caress the canvas.

To George Caviness goes our vote for pluckiness. Time after time "Killer" Cain connected with his lethal right, and still the determined George refused to hit the skids.

And to Coach Al Baggett goes our bouquet of thanks for revising this amusing sport in 1933. Herschel Jennings and "Sugar" Cain deserve mention for their proficient instruction in this field. And to Bob Cox, promoter, and Gerald Brown, referee, we echo a sound of gratitude for their splendid work in managing the fiesta.

The Buffalo Courts are football-minded. Another basketball curtain has rung its farewell cadence, and spring training has started in full blast. Calisthenics have played the leading role thus far and the customary aching legs and sore backs have resulted. Minor roles have been depicted by passing, punting, and signal drill. Coaches Baggett and Cox appear optimistic over the returning lettermen and the burly group of up-coming frosh, and another glamorous gridiron aggregation should broadcast their wares next fall.

SHOES

As I gaze upon folks around me, I find them to be just like a shoe.

First, they have a hide as all can see. Then they have a soul that has to do.

But alas, some have tongues that wag the whole day through. So they are the ones who are worn out—heels to me and you.

—Fae Wheeler.

Bears do not hug their enemies to death. In his book, entitled "In the Zoo," Dr. W. Reid Blair, director of the New York Zoological Park, says on this subject: "A bear, on account of its anatomical structure, strikes round with its paws as if grasping, and the blow of its powerful arm drives its claws into the body of its victim, which action apparently gave rise to its 'hugging' reputation."

Meagher, Voyles
Are Secured for
Coaching SchoolLarge Variety of Amusements
Planned for
Session

Two nationally known coaches have been added to the roster of instructors for the first Annual Coaching School to be held at Canyon, June 3-10. The two new instructors, Jack Meagher of Alabama Poly, and Carl Voyles of Duke University, were publicized by a supplementary bulletin issued this week.

Jack Meagher needs little introduction to sports fans of the Southwest. He is a backfield product of Notre Dame University at South Bend, Ind. He was at one time head football coach at St. Edward's University, Austin, and Rice Institute, Houston. At present he is the head coach of Alabama Polytechnic at Auburn, Ala. He will elucidate upon the Notre Dame system of play, so successfully employed by the immortal Knute Rockne.

Carl "Dutch" Voyles has been employed to teach the track division and assist Raymond "Bear" Wolf in instructing line play. He served as coach at Northwestern Teachers College at Weatherford, Okla., and as Freshman mentor at Illinois University. At present he is head track coach and football line coach at Duke University.

All athletic demonstrations will be furnished by members of the West Texas State athletic squads. Those attending the school will also enjoy a large variety of amusements. Included in these frivolous events will be picnics in the Palo Duro Canyon, a rodeo in Buffalo Stadium, golf tournament, and a fite-nite between members of the athletic squads. All students of the classes are invited to attend these events. The fees for the coaching school are only \$15 or \$10 if the student is enrolled for the W. T. summer session. Room and board in Buffalo Courts during the week will be \$10.

Fresh and Stale
Jokes

"What model is your car?"
"It isn't a model, it's a horrible example."

"That new doctor is certainly popular."
"Yes, his operations are the talk of the town."

"Do you know anything about surgery?"
"Oh yes, I shave myself."

"Do you object to kissing on sanitary grounds?"
"Oh no."

"Then let's take a stroll through the infirmary."

"Where are the students' quarters?"
"Right here. I just cleaned up in a crap game."

Overheard at the filling station:
"Check your oil, mister?"
"No, thanks, I'll take it with me."

"How come I found my daughter sitting on your lap?"
"I got here early, sir; before the others."

"Does she know much about cars?"
"Naw. She thinks you cool the motor by stripping the gears."

"Are you fond of nuts?"
"Is this a proposal?"

"My brother cleans out a bank."
"Janitor or president?"

"What were you doing outside the Waldorf-Astoria yesterday?"
"I live there."

"Where?"
"Outside the Waldorf-Astoria."

The human body is worth about one dollar if sold at commercial prices for the chemical elements it contains. The U. S. Bureau of Chemistry and Soils estimates the average percentage of different elements in the human body: oxygen, 65; carbon, 18; hydrogen, 10; nitrogen, 3; calcium, 1.5; phosphorus, 1; potassium, .35; sulphur, .25; sodium, .015; chlorine, 1.15; magnesium, .05; iron, .004; and iodine, .00004.

The great Chicago fire of 1871 was not started by Mrs. O'Leary's cow. Michael Ahem, newspaper reporter, who died in 1927, admitted several years before his death that he invented the story about Mrs. O'Leary and her cow to make the account of the fire more interesting.

The rich don't feel losses? Well, is the loss of a child less painful to parents who have ten?

But you never saw old folks who were in the way if they had some property to divide.

Very few Eskimos live in snow houses or igloos. Even then igloos are only used as temporary shelter.

Correct this sentence: "The great power given to me," said the public official, "makes me feel very humble."

The eyes of a portrait will follow you all around the room if the artist represents the eyes as gazing directly forward.

It is not unlawful, as many suppose, to write a check for less than one dollar (provided you have money in the bank).

Try Your Guesser

Tall, popular brunette; specks; steadies popular football hero with patch over left eye; danced on stage recently; skips class; Cousins Hall inmate.

Good looking; drives big brother's new Chevy; courts pretty brown-eyed co-ed; good dancer; athletically inclined; sophomore; pugilist.

Last name synonymous with courtin'; seen at first Girls' Tag dance with slender blond; teases and flatters everybody; cheerful brunette; works in Commercial department.

Mahatma Gandhi; small of stature; pleasant; will get out of this institution some day; last name suggests a certain nursery rhyme; W. T. Band.

Alpha Chi; tall and inconspicuous; seen with a book nearly all the time; hails from Castro County; hard boiled librarian; good Methodist on Sundays.

Answer to last time: George Brewer, Lorene Bessie, Coy Palmer, Alma Klinke, Leslie Stitt, and Prof. W. E. Lockhart.

Pioneer Hall Notes

There have been five visiting groups to the Museum this week. Tuesday, the fifth grade of the Canyon Public School, a group of 25 school children and two adults were visitors. Wednesday those visiting were the Claude School of Randall County, having a number of 25; 22 were children and three adults; the Jumbo School having 25 pupils and 10 adults; and the Pampa High School history class. Friday the fourth, fifth, sixth, seventh and eighth grades of the Weatherly Rural School of Parnell, Texas, having a number of 43, was the only visiting group. The visitors for the week totaled 547.

New materials added to Pioneer Hall are two cases of baskets, a case of Indian articles contributed by Susan J. Allen in memory of her parents, Samuel L. Allen and Sarah H. Allen, whose pictures are

also displayed. There are also four other cases of Indian materials, all of which are a part of the collection given by Miss Allen of Haverford, Penn., who will visit the Museum this week.

You needn't ask a man's opinion of the New Deal. Just observe whether his private bank roll has shrunk or grown.

—for Digestion's sake...smoke Camels

Smoking Camels a Pleasant Way to Promote Digestion

The nervousness induced by our modern life often affects digestion. The mental effort—the physical rush—the worry and tension—all slow down the flow of the digestive fluids. Smoking Camels acts to restore and increase the natural and necessary flow of the digestive fluids.

Modern scientific research, based on Pavlov's great work on digestion, defi-

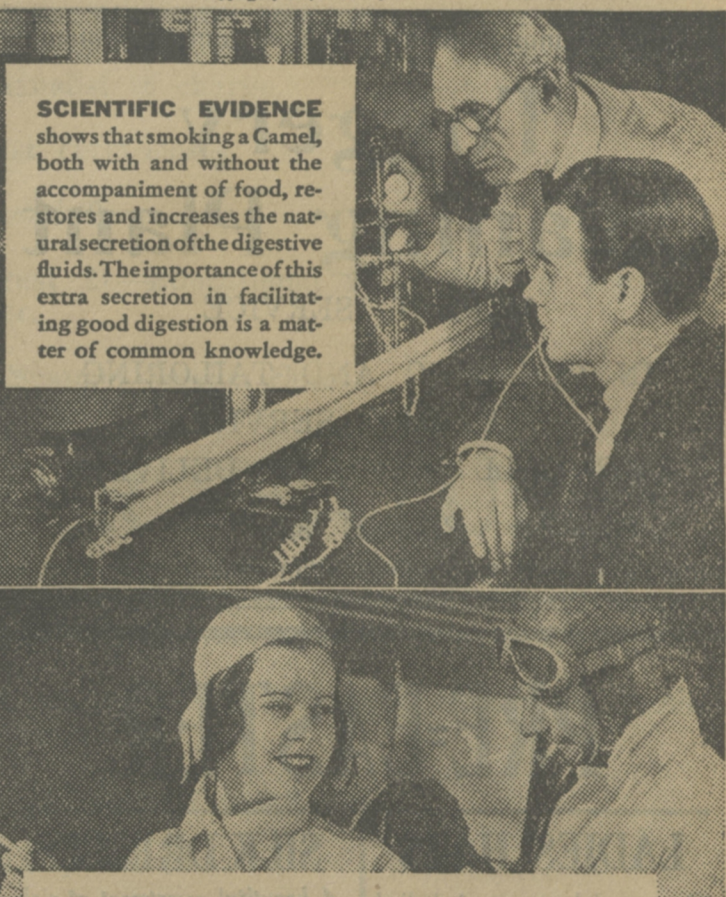

nately confirms the fact that Camels encourage good digestion in this pleasant way. As you enjoy Camel's superb mildness—a mildness that is never flat or tiresome—you feel cheered and comforted. And experience a delightful "lift." Camels set you right! Enjoy them as much as you like. Camels do not tire your taste or frazzle your nerves.

Copyright, 1936, H. J. Reynolds Tobacco Company, Winston-Salem, N. C.

BARONIAL DINING at the famous Winter Place Tavern in Boston. Theodore Roosevelt, Enrico Caruso, Henry Cabot Lodge—all knew and praised its famous fare. Here Camels reign

supreme. Nick Stuhl, maître d'hôtel for over 41 years, says: "Camels have the gift of making food more enjoyable. Camels are the most popular cigarette at the Winter Place Tavern."

READY TO "BAIL OUT." Miss Uva Kimmey, daring parachute jumper, welcomes Camel's aid to digestion. "I smoke Camels for digestion's sake," says Miss Kimmey. "They encourage digestion in a pleasant way."
