

## The Editor Speaking

Well, we come to the end of another school year. Finals today and tomorrow finish nine months of effort. Students make plans for a summer's vacation, a summer of studying, or a summer of beginning life out of college after four years of college life. It's all over—almost. And this is the last time I'll write this column for this school year 1935-36. Goodbye to readers who will cease to read this weekly (or weekly) effort with this issue of The Prairie.

Seniors Saturday put the finishing touches on a year filled with preparation for the activities of Commencement Week. The whole program went off smoothly and the entire audience felt proud of the Class of 1936. Incidentally, the burlesque on the faculty meetings could not have easily been better done.

Rain! Rain! Rain! This doesn't look like the same country now. Everybody's going around in a different frame of mind. Hopes have been revived where there was almost no hope left. It certainly is good to be able to wade through mud and water again, isn't it?

Members of the faculty have been doing double duty during the last few days. In addition to working at top speed to get the business of the year finished up right, they have filled the demands of high schools all over the Panhandle to deliver the commencement addresses to their graduating classes. This goes to show to what a great extent the College serves the surrounding territory.

Faces of ex-students who have been out teaching and who plan to do work toward degrees here this summer have been seen on the campus for several days. It is surprising how much good it does a person to see familiar faces again and to grip the hands of old friends.

Students, faculty members, and citizens of Canyon will have the opportunity to receive a real treat in fine music Tuesday evening when the Commencement concert, "Elijah," is presented in the College Auditorium. This oratorio by Mendelssohn is being presented by a number of colleges and universities this year as a part of the Commencement Week activities. Anyone who does not take advantage of the unusual privilege offered to hear some of the world's best music Tuesday just does not appreciate real values.

To all of you who have been sitting up late at night trying to do all of the last-minute work by the end of the semester: Don't say that I didn't warn you. I tried to persuade you to get your work done on time. It isn't my fault. P. S. I'm working pretty late these nights myself, so we're all in the same boat.

The performance of the band from Phillips High School under the direction of Bob Newton, an ex-student who is teaching there, was fully representative of work that high school students are capable of doing if they are directed by a well-trained conductor. Several schools of the Panhandle have sent band groups here during the year to give concerts and most of them were directed by ex-students who have received their training from Prof. C. E. Strain, director of the Buffalo Band. "Uncle Charlie" has proved to the students here and to people of surrounding towns that students who take band work while in school here are really able to do things with high school bands when they get out to teaching.

## Shaw Photographs Buff Gridsters In Action Thursday

Motion pictures of the football players in their flossiest uniforms were taken during the practice session Thursday afternoon in Buffalo Stadium by Travis Shaw. The pictures will be used in the Coaching School, June 3-10 and to point out the team's shortcomings next fall to the varsity and freshmen teams.

The photographs deal with the fundamentals of blocking, pass receiving, tackling and evading would-be blockers.

This method should be instrumental in pointing out and helping to correct major faults.

Prof. T. M. Moore, accompanied by Tom Knighton went to Channing, Wednesday night to deliver the graduation address there. Royce Banks is superintendent and Elmer Wooten is principal of the Channing school.

## Dr. C. C. Grimes Delivers Address To 1936 Seniors

## Speaker Chooses "The Law of Creation" As Subject

Dr. C. C. Grimes of the Polk Street Methodist Church of Amarillo delivered the baccalaureate address to the senior class at their services Sunday morning in the college auditorium.

"Education is the development and enrichment of personality," was the definition he gave in developing his subject, "The Law of Creation."

"Nothing gives one more pleasure than realizing that he has done something creative," he said. Creations make impressions that last, he asserted. "Small children build from the time they are toddlers on. One often ceases to cultivate his creative abilities after he reaches maturity, he said.

"It doesn't take a great man to handle the creation in the materialistic plane," Dr. Grimes told the class. In accounting for the achievement during the age of the Renaissance, he said that the people of that age did not have their minds entirely filled with practical and economic ideas. Gold and jewels did not mean economic security but adventure to them. "Development of the creative sense is more difficult than construction of the material side; that is why we avoid it," he asserted.

Dr. Grimes made the challenge that truth cannot be found by group discussions or reading. "You have to work at it yourself to get anything out of it. Too many people's souls turn over and go to sleep after hearing a truth," he said.

## Exes At Pampa Do Much Extra-Curricular Work

Ex-students who are mentioned in connection with extra-curricular activities of the Pampa public schools include Delmer Ashworth who is faculty sponsor of the "Little Harvester" the school paper. Ashworth was editor of The Prairie when in W. T.

Ernest Cabe has directed an archaeology club, and been sponsor of the sophomore class. Odus Mitchell is head coach. Harry Kelley coached the girls' basketball team, and a stringed quartet. Ben Guill coached plays. Alice Short was assistant sophomore sponsor. Frank Monroe coached the typing team and was assistant with athletic coaching. Winston Savage directed a band and coached golf.

Superintendents say that one reason they like teachers trained at W. T. is that they know how to work with pupils and to direct activities outside the class room.

## Dizzy Prairie Reporter Gives Dizzier Advice To W. T. Co-eds

Said the English class 102 to the English class 102 in a Dorothy Dixian mood: "And that is my pet hate!"

It was just an ordinary May morning, but the room was electric with a circuit of notes.

Did you know, fellow co-eds, that about the most annoying thing in a man's life is the person who is so eternally and infernally being cheerful before breakfast?

Or, gentlemen, have you heard of the rage of the fanatic Freshwoman who announced in a tone of pent-up fury that her pet detest was the "That-reminds-me-of-a-joke-I-heard-once" Man.

Cinderella, beware, for here are some pet masculine manias: Primp-

## Dr. McAndrew to Deliver Lecture Here June 5-6

## Editor of Two Leading School Magazines Since 1928

Dr. William McAndrew, who will speak at the College on June 5 and 6, was born in Ypsilanti, Mich., and graduated from the Ypsilanti State Teachers College, after which he entered the University of Michigan, graduating with an A. B. degree and the honor of Phi Beta Kappa.

He was principal of the Hyde Park High School from 1889 to 1891; also principal of Pratt High School, Brooklyn, N. Y. from 1892 to 1898. He organized the Washington Irving High School in New York City, being principal until 1914. He was Associate Superintendent of Schools of New York City from 1914 to 1924, and Superintendent of Schools of Chicago from 1924 to 1928.

He has been editor of "Educational Review" and "School and Society" since 1928.

The least one can say for Dr. McAndrew is that he is continually being called back to speak in the same place. Ann Arbor, Atlanta, Boston, Birmingham, Chicago, Charleston, Cincinnati, Columbus, Detroit, Duluth, Evansville, Indianapolis, Kansas City, Minneapolis, New Haven, New York, Omaha, Pittsburgh, Portland, Los Angeles, Ypsilanti, Zanesville, and hundreds of towns and large cities have asked him over and over.

For many years this student of society has been questioning the masters of life and mind on methods of overcoming the obstacles to man's birthright, the happy life. He sprays their science, philosophy and good humor upon his audience with unabated delight.

He has numerous subjects, such as "Life Among the Boneheads," "Attempts at a Science of Self-Cultivation," "The Best Year Yet," (a cheer-up for teachers, Parent-Teacher Associations, etc.); and "Why and How Should Schools Teach Politics."

## Prof. S. H. Condon Addresses Tulia Graduating Class

Prof. S. H. Condon, of the government department of W. T., addressed a graduating class of 61 Tulia High School students last week. His subject was "New Patterns of 1936."

"You cannot hope to succeed in 1936 and hold to the ideals of 1902 or 1910—you must fit yourself to the ever-changing 'pattern' of modern life," Mr. Condon warned the class. "You must accept 'New Patterns' or fall behind."

Clinton Meek, '36, will teach at Mobeetie next year.

## NOTICE

Faculty members and students who are interested in making a contribution toward the work of the Y. W. C. A., or toward sending three Y officers to Holister, Mo., this summer, are invited to see Miss Hester Gates.

## Dramatic Club Ends Year of Activities Fri.

## Present Three One-Act Plays For Commencement

The dramatic activities of the school were ended Friday night with the production of three one-act plays given by the Panhandle Players and sponsored and produced by Miss Mary Morgan Brown and Mr. Leon Lassers of the speech department, with Forest Fry, Betty Hicks, Hester Gates, Betty Zelle, Marion O'Brien, Don Savage, and other students and Miss Isabel Robinson of the art department giving valuable assistance.

The players were characterized by the intelligent and enthusiastic work of each member of the casts and by the excellence of the business which had been worked out in connection with each.

The first play, "Lima Beans," which was originally written for mechanical puppets, had four characters—the wife, Hazel Kirby, the husband, Lawrence McBee, the voice of the Hucker, and the curtain. The play moved rapidly and the suggestion of marionettes which was given in the positions in movements of the actors added to the gay comedy of the play.

"All on a Summer's Day," by Colin Campbell Clements, called a whimsically and directed by Virginia Good, had four delightful characters. Number one, number two, and number three were Adella Beavers, Betty Dale West, and Mary Alice Quattlebaum, three spinsters of various ages, and Mammy, a dark messenger of Fate, who was played by Marjorie Warren. In this production the ambitions of the three spinsters were all realized when only boredom seemed in prospect. The acting throughout delighted the audience.

The third play, "Drums of Oude" by Austin Strong, was a melodrama. All the characters but one were men. They were Thomas Newell, W. H. Hopkins, Charles Davis, Olie Brown, Bomar Brown, and Vernon Windsor, and Mrs. Jack Clayton, Hartley's sister, played by Dorothy Yearwood. Members of the audience having an active imagination, had an opportunity to shiver a bit as an improbable rescue was awaited by the Scotch who were wounded in a store room in an old Indian palace. The rescue came in proper style of 1856, the time of the play.

During the past year the dramatic club from which the members of the Panhandle Players were recruited, has produced a large number of excellent short plays, most of them comedy. Nearly 100 students have been members of the club. A large number of them have had experience in directing plays which the others have enjoyed.

Pres. J. A. Hill has delivered addresses at Portales, N. M., Spearman, and Canyon during the past week. He will deliver the commencement address for the Amarillo high school graduating class Thursday night.

Wertha Tarter, ex-student, who has been teaching at Stratford is now visiting at Rest Cottage. Her school was out a few days ago. Guy Tabor, another ex-student, has been teaching there also.

## First Performance of "Elijah" Given Eighty-Nine Years Ago

The College orchestra, the Madrigal Club, and choruses of well-trained voices of experienced singers and players harmonize in this great selection.

The soloists are: Miss Ada V.

Donnell passed the entrance examination given at Amarillo last October, making the second highest grade in competition with 25 men. He passed the physical examination which was given at Ft. Sill, Okla., March 3.

There are three vacancies from this district this year. The three persons making the highest grades on the examination given last October were notified of the appointment by Congressman Marvin Jones. In the event that any of these should be unable to attend, an alternate would receive the appointment.

The course at West Point includes four years of training, after which graduates are commissioned into the regular army as second lieutenants.

## Diarama of Camp Fire Scene Will Be In Museum

## Class Gives Burlesque of Faculty In Session

With the Senior Class in charge of the program Saturday morning from 10 o'clock until 12 o'clock, Pres. J. A. Hill was presented with the Class Gift to the school.

The gift selected by the Seniors this year was a diarama of a camp-fire scene of cowboy days when the Panhandle was the home of the cattleman. The diarama will be placed in the Panhandle-Plains Historical Society Museum. Included in the scene will be a miniature chuckwagon, a hobbled horse standing nearby, and the other objects which were found around the camp of cowboys on the range.

Other gifts were presented Mr. and Mrs. F. E. Savage, sponsors of the Class during the entire four years, and to Miss Mary Morgan Brown for her work in directing and producing the Senior Play, "Broadway Bound."

A burlesque of the faculty in a regular meeting was presented as the program for the assembly hour by members of the Senior Class.

James Divilbiss, president of the Class during the second semester, served as chairman of the program for the morning.

## Whittenburg Band Gives Program In Assembly Tuesday

Under the direction of Miss Iva June Willis, and an ex-student, Robert L. Newton, the band from Phillips High School at Whittenburg presented a program of selections in the auditorium of the Administration Building Tuesday morning during the assembly hour.

The program was as follows: Promotion (march)—Ed Chenette The Milado (selection)

G. E. Holmes Summit (march)—Harold Bennett Numbers by Harmonica Band Little Bluebell (overture)

Edward Hazel Trombone Tobogan (trombone novelty)—Ernest Weber

The Phillips High School recently received affiliation through the efforts of the faculty teaching there. Several exes of W. T. are members of the faculty.

A great deal of favorable comment was heard among members of the student body concerning the excellence of the band and compliments were paid Bob Newton, co-director.

## Assembly To Be Held In Evening During Summer

During the summer session the college assembly will be held in the evening, according to a decision made by the Executive Committee this week.

It was explained that having the assembly period in the evening will make it possible to schedule all classes without making an unreasonably long day for anyone. Many colleges have adopted the plan of evening assemblies. In some of them attendance is compulsory and in others it is voluntary.

Assembly attendance is not compulsory in this college during the summer session.

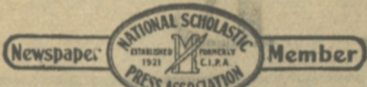

Sid Thomas, '35, who has been coach and teacher in the Hedley high school during the past year, will be principal of the Tipton, Okla., high school, beginning in September, 1936.

Miss Hettie Lou Bagley has returned home from her school at Lakeview. She left yesterday for a few weeks' visit with her sister, Mrs. Bill Sheets of Spearman.

Miss Maudie Lee of Clovis, N. M. became the bride of Irving Ritter Saturday evening, May 16. Mrs. Ritter is an ex-student of W. T.

Dr. A. M. Meyer delivered the commencement address to 12 seniors of the Alameda Schools Friday night in the school auditorium.

## FAREWELL, SENIORS

Seniors, you have completed four years of work, study, and play. All that you are awaiting now is the happy moment when your name is called and the scroll of parchment is thrust into your outstretched hand.

We are all happy with you that you are finishing a period of your life and beginning on another which at present beckons invitingly. We do, however, feel a touch of sadness when we think that your faces will be missing from the corridors between bells, from the front steps just before the 1:30 classes, and from the Buffalo. You will be elsewhere next September when the rest of us come back to push on toward the goal that you have reached this year.

Our very best wishes for your worthwhile happiness and a truly successful life go with you as you step down from the platform and become one of W. T.'s many alumni.

Farewell from all of us who are left to the Senior Class of 1936.

## I AM MUSIC

Servant and master am I; servant of those dead, and master of those living. Through me spirits immortal speak the message that makes the world weep, and laugh, and wonder and worship.

I tell the story of Love, the story of Hate, the story that saves and the story that damns. I am the incense upon which prayers float to Heaven. I am the smoke which palls over the field of battle where men lie dying with me on their lips.

I am close to the marriage altar, and when the grave opens I stand by, I call the wanderer home, I rescue the soul from the depths, I open the lips of lovers, and through me the dead whisper to the living.

One I serve as I serve all; and the king I make my slave as easily as I subject his slave. I speak through the birds of the air, the insects of the fields, the crash of waters on rock-ribbed shores, the sighing of the wind in the trees, and I am even heard by the soul that knows me in the clatter of wheels on city streets.

I know no brother, yet all men are my brothers; I am father of the best that is in them, and they are fathers of the best that is in me; I am of them, and they are of me. For I am the instrument of God. —From the Program of Sam Houston Band, Pampa, Texas.

Most of the exchanges last week were crammed full of news on dances, parties, proms, and other activities that usually take place at the close of the school year.

The Sul Ross "Skyline" came out for May 13, with a Senior Edition, with a picture of the graduating class on the front page. Thirty-four students will receive their degrees from there.

One evening after a large dinner three doctors began boasting of their prize accomplishments:

"I took a man and grafted a leg on him and he became a champion runner," boasted the first.

"That's nothing," ventured the second "I grafted an arm on a man and he became a champion golfer."

The third doctor thought for a minute. "Hell, I have you all beat," said he "I grafted a smile on a jackass and made him governor."

Museum Basement to  
Be Started in Week  
Through WPA Funds

Excavation for the basement of the Museum addition will be started during the coming week or 10 days, stated Dr. J. A. Hill, Wednesday. WPA has approved \$2,135 for this labor, and as soon as the money is received District Supervisor A. A. Meredith will authorize the work to start.

The Museum of the Panhandle-Plains Historical Society will receive \$25,000 from the Centennial fund. About \$8,000 of the money will be used for display cases, and the balance in the construction of the basement of the addition, with the hope that additional funds may be secured to complete the building in future years.

Contracts for the display cases and the construction of the building will be let by the Board of Control as soon as excavation is under way.

Carruth Chosen  
District Director  
of School Survey

I. B. Carruth, W. T. ex and superintendent of Canyon Public Schools, has been chosen district director of a survey to be made of Texas schools during the coming summer months. This work is being done under the auspices of the State Department of Education, with \$400,000 made available by the federal Works Progress Administration.

Mr. Carruth's district will include approximately 35 counties. Work will begin immediately after the close of this school term. N. S. Holland, superintendent of schools at Breckenridge, will be state director of the work.

The survey will consist of a statistical and research study of the efficiency of the present school administration, adequacy of public school plants, and adequacy of present funds. As a result of the survey's findings, recommendations will be made to the Texas Legislature for remedial measures.

It has been reported that John R. Pool and Melvin Alexander were caught writing in their own annuals.

Travis Shaw must have been thinking of one of his own pointless jokes when he ran over the "Men Working" sign in front of the Buff last week. Kind of hard on the College Ford, aren't you, Mr. Shaw?

Ask Norton Curry if Captain Lockhart can give a man an "eating out" if he fails to use his head even if it is in a tennis match.

Freshman Knowles is beginning to settle down to one babe of late and he wants it to be known that he is no longer the man of a thousand dates.

It seems that Edwin Sluder really has a crush on Martha Twaddell.

Who were the two dizzy dames that had their shoes and stockings off and were wading in the gutter over in front of the Buff last Monday night?

Our nomination for All-Time Bull Slinger goes to John Lee. He has whipped "Stormy" Darr all over the lot during the last semester.

Picture of New  
P. O. Drawing Is  
Sent by Jones

The Canyon News has received from Congressman Marvin Jones a photograph of the perspective study of the new postoffice building in Canyon.

The treasury department gave Mr. Jones the following information:

"The working drawings for this project are now being reviewed for final corrections, if any. Upon completion of this review, specifications will be prepared, and when completed, competitive construction bids will be solicited. Until these bids are received and a contract awarded, it is not possible to state what changes, if any, might have to be taken into consideration, and which may affect the present design in the event an acceptable bid is not received within the amount available for construction purposes."

Maybe the reason why the old family album went out of style in homes was because the truth was beginning to hurt.

T-Anchor Boys  
Stage Real  
Picnic

Talk about picnics—well—how about the one that didn't make The Prairie last week?

When you miss your morning beauty sleep and come home to take a bath in cold cream, because you got a sun burn and not a tan, you drift to dreamland to have that good time once more in a dream.

Sunday, May 17, approximately forty boys of the T-Anchor, prom-naded up and down hills, in among trees, and along banks of streams in the Palisades. What? Oh, yes, they each had a fair damsel by the hand.

The first two hours, after the crowd gathered, were spent in a game of baseball between the boys of the South House and the North House. The North House won, but even the boosters of both teams watched the course of some buzzards that kept flying above their heads.

T. M. Moore and Frank R. Phillips were a great help to the boys that were a bit bashful, and there were thanks from everyone to everyone for a REAL picnic.

They stimulate digestion in a pleasant, natural way  
...increase alkalinity

The human digestion is a marvelous but delicate mechanism. It responds adversely to the hurry and mental strain so common to our busy lives today. It is definitely encouraged by smoking Camels. Scientific studies show how Camels aid digestion. Sensitive

machines of science have measured the increase in digestive fluids—alkaline digestive fluids—that follows the enjoyment of Camel's costlier tobaccos. For a cheery "lift"—for digestion's sake—for their finer tobaccos, enjoy Camels.

AT IT DAY AND NIGHT. Lectures all day—long hours of study at night—keep a man going at a fast pace mentally. How welcome Camels are with their "lift" in energy and aid to digestion.

PARIS IN LOS ANGELES! So the world of fashion and of Hollywood calls the charming, palm-studded Garden Room of Victor Hugo's in Beverly Hills. And, as the diners pause between courses to enjoy Camels, Hugo himself gives the nod of approval. "Our guests know fine tobaccos as well as fine foods," he says. "They have made Camels the outstanding favorite here." Camels never frazzle your nerves or tire your taste.

MRS. WILLIAM I. HOLLINGSWORTH, JR., made her debut at the Court of St. James. "How natural it is to smoke Camels between courses and after dining," she says. "Camels stimulate my taste, aid digestion."

GEORGE REIS wound up El Lagarto to over 55 m.p.h. to win the Gold Cup Trophy for the third straight time! "I'm a hearty smoker," he says, "take a Camel as often as I like. I eat heartily, smoke Camels, and enjoy good digestion."

### Randall Hall Girls Go Through Fire

Sirens of madly speeding fire trucks shrilled and shrieked thru the rain-soaked darkness.

Screams tore from scarcely-awakened throats, as the women in Randall tumbled down dark stairs and out into the drizzling rain Saturday night.

A high voltage wire on the east side of the building developed a short circuit and was burning wildly against the stucco wall.

Women were caught in all stages of disrobing for retirement, and some were barefooted. They huddled under the blankets and coats that a few had presence of mind enough to grab as they ran.

Lella Cooper began to pound hysterically on the wall with her fists and demand an exit when she first heard, "FIRE!"

Margaret Curtis cried, Ruth Mohon snatched two hand bags and thrust all her clothes therein.

Martha Twaddell instinctively ran for the Buffalo—and say, people, she only had on one wee, thin garment.

Ivey Howard rescued her annual and basketball sweater.

## Sports-Casts

by  
Glyn  
Riley

As the sports calendar turns into the summer session, I thought it amusing to select the five outstanding sport stories of the year, based on the interest of the event to the student body, publicity for the school, and effect and surprise of the outcome.

1. Buffaloes-St. Benedict's football game (Homecoming Day).
2. Buffs-Simmons basketball series at Canyon.
3. Winning Southwestern Wrestling Crown at Roswell.
4. West Texas State's first Coaching School, June 3-10.
5. Twin cage victory over O. C. U. Goldbugs.

Despite our loss to the Ravens on Homecoming Day, this event stands head and shoulders above the remainder. The game had been ballyhooed for more than a month, and it brought one of the nation's classiest grid aggregations to Randall county.

The double bill with Simmons furnishes the big surprise of the year, and thus lands such a position. The Cowboys were heavy favorites to sweep the series, but the Buffs maintained their home record by their classiest performance of the year.

Winning the Southwestern Wrestling Crown for the second straight year manifests the rapid advancement of this sport since its inauguration in 1933.

The Coaching School brings to Canyon some of America's greatest coaching celebrities. It has been a headliner for almost two months, and would have landed a better ranking but it has not occurred yet.

The double win over O. C. U. barely nudges out the football win over the Sul Ross Lobos at Alpine because of its proximity. The Goldbugs invaded our lair with an enviable record, boasting a win over the California Bears. The Buffs trampled the Bugs and sent the Sooners home a crushed outfit.

Many others deserve mention—Fite-Nite, scoreless tie with Edmond Teachers and victory over the St. Mary's Rattlers. But these selected five fit the qualifications as headlines, and thus rate this column's hall of fame.

## IN THE WORLD OF SPORTS

Martin Opines Joe Gould May Get Well-Feathered Bird for Steering Champ Away From Schmeling Match; Sees Easy Night for Bomber

BY PHILIP MARTIN

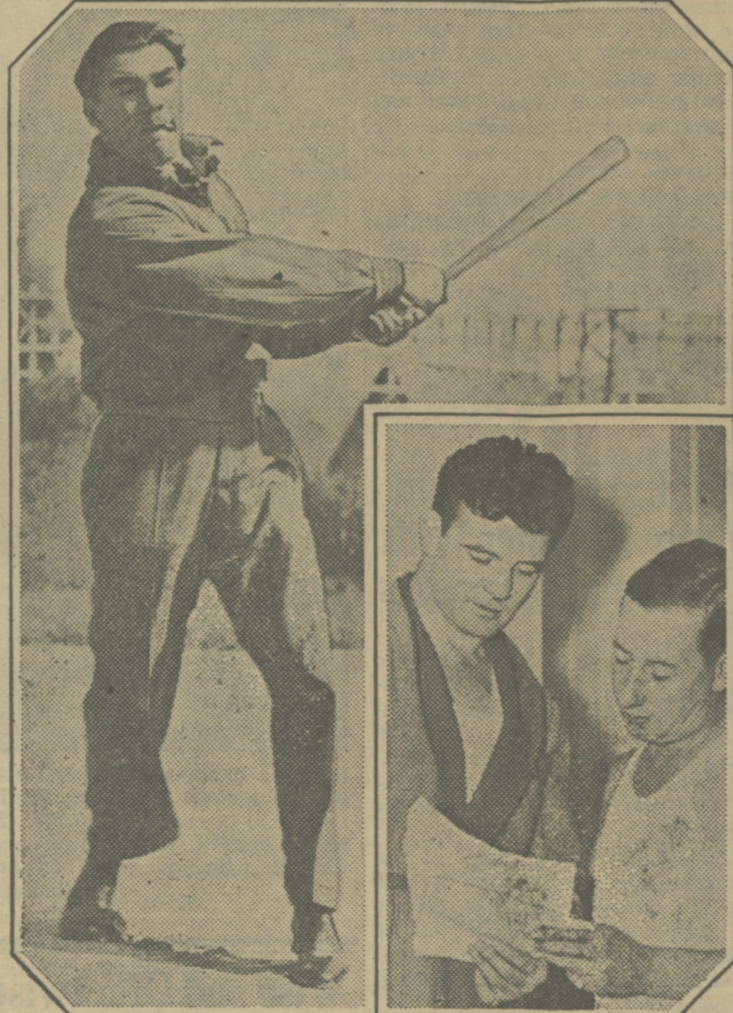

THE age of miracles being past, we will be greatly astounded if Max Schmeling proves to be anything but another pushover for Joe Louis in their fray scheduled for June 18.

The Black Uhlan is the logical successor to the string of second-raters and has-beens that studied Bomber Joe's steady advance toward a title shot.

In addition to Louis' vast superiority in manipulating his dukes, his deadlier punch, and his youth, he is in finer trim than the German. Schmeling hasn't been active since last July 7, when he took a 12-round decision from Paolino Uzudun in Berlin. Louis, on the other hand, performed frequently during the winter and is in tip-top condition.

ON the surface, it seems that the only thing at stake in this meeting is Herr Hitler's much-publicized theory on Nordic superiority, which seems due for a shock—as far as pugilism goes. In spite of the apparent one-sidedness of the affair, the match appears a good bet to draw a \$1,000,000 gate, a rarity these days.

And should the receipts reach this mark, Joe Gould, manager of Jimmy Braddock, the heavyweight king, would be charged with committing the prize faux

Max Schmeling is pictured at top relaxing in a game of softball as he trains at Napanoch, N. Y., for his bout with Joe Louis, top left. Jimmy Braddock, the champ, and his manager, Joe Gould, lower photo, are "in conference." Maybe they're speculating on how they will fare financially when the heavyweight mixup is unscrambled.

pas of the year. Gould, as you may remember, scorned a meeting between Braddock and the Hamburg citizen on the ground that the meager returns wouldn't justify risking the crown—a very slim risk, to our way of thinking.

A BRADDOCK-SCHMELING go in New York would have netted a tidy sum. And Der Maxie, in his eagerness to get a crack at the title, might have taken a much smaller share of the booty than a challenger is usually accorded.

Had Braddock met and beaten Schmeling, he would have been in a better position to dictate

terms for his match with Louis. The tan mauler stands to reap a rich harvest from the current mixup and because of income tax laws, probably won't consider a battle with Braddock this year, unless Gould consents to take a very short end of the cut. John Roxborough and Julian Black, Louis' handlers, know full well that any heavyweight scrap staged today which doesn't feature Shufflin' Joe is not likely to make a fortune for the promoters.

This is a weird situation—where the champion may have to take the small percentage to induce the challenger to fight.

Lynch-Murphy 10-8, 6-3 in the ranking doubles battle. Behind a fusillade of consistent smashes, Howard and Curry coasted to a 6-2, 6-1 win over Hibler and Ferguson.

Dean and Mrs. R. P. Jarrett and Virginia Jarrett, '34, left Saturday for Galveston to attend the graduation exercises of the Medical College of the State University. Robert Jarrett, '31, is a member of the class. They will visit at several points and attend the opening of the Centennial at Dallas before returning to Canyon.

## HURTENBERGER IS LATEST COACHING SCHOOL ADDITION

Will Introduce New Style Line Instruction  
June 3-10

Lou Hurtenberger, line coach at Rice Institute, has been added to the list of instructors for West Texas State's first coaching school, June 3-10. Hurtenberger has gained the reputation as being one of the nation's outstanding coaches, and his addition will introduce a new style of line instruction.

Hurtenberger will be assisted in the line by "Bear" Wolf of North Carolina University, and Dutch Voyles of Duke University. Wolf has been line coach at Texas Christian University under Dutch Meyer since 1929. Recently, he accepted a position as head mentor of the University of North Carolina. He is popularly known as America's greatest gridiron jester because of his prolific joke telling.

Several recognized backfield mentors will elucidate on the different systems as each have successfully employed them. Jack Meagher of Alabama Poly will explain the Notre Dame system as used by the immortal Knute Rockne. Dutch Meyer, head coach at T. C. N. will instruct in single and double wing-back play. Blair Cherry, coach of the twice-state-champion Amarillo Sandies will conduct discussion on his version of the double wing-back system.

Glen Rose, coach of the Arkansas Razorbacks, winners of the 1936 Southwest Conference, will take charge of the basketball division. He will be assisted by the "Ambassador of Basketball," Chuck Taylor, trick shot and pass artist. Members of West Texas' athletic squads will be used for demonstration.

Numerous entertainments have been planned to make the week a gala occasion. Complete information may be obtained by communicating with Al Baggett, director of the coaching school.

## W. T. H. S. SCHOOL NEWS

The W. T. High School Seniors' parting gift to the school will be a shelf of books for the Demonstration School Library. It was decided at a class meeting Saturday. The shelf will be composed of a variety of books, including fiction, biography, the Bible, and Emily Post's Book on Etiquette.

The group of books will be placed in the library soon. This is the second year the W. T. High School graduating class has presented books as its gift.

Le Petit Mirage, W. T. High School's first annual, arrived from the binders last Wednesday morning and was distributed in the afternoon. The books are bound in red leatherette and contain 54 attractive pages including a dedication page to the pioneers who paved the way for education in West Texas. A unique page in the annual is the "Senior's Who's Who." It contains pictures of the outstanding seniors, with drawings illustrating what activity they have excelled in.

Miss Ritchie's class in English Eight has just completed a Texas Centennial unit consisting of a class scrap-book of themes and other material concerning Texas and a pictorial map. The class was divided into various committees, each working out a division of the scrap-book. Mary Katherine Sharp was student chairman of the project. The book is divided into the following sections:

1. Texas Indians.
2. Texas History Review.
3. Texas Ranches.
4. Texas All.
5. Texas Industry and Agriculture.

6. Art, Science, and Music, Literature and Drama in Texas History.

7. Education in Texas.

8. Scenic Spots of Texas.
