

## Legislature Passes Appropriation Bill Providing for a New Science Building; Hall Will Be Remodeled

Both houses of the legislature has passed the free conference appropriation bill for the College for the coming two years and the bill is now in the hands of the Governor for approval.

The free conference raised the bill passed by the house to the amounts on the senate bill. The \$175,000 science building and \$20,000 to improve Randall Hall were the two buildings allowed by the free conference. The science building was recommended by the Board of Control and passed both houses. The item for Randall Hall was rejected in the first house bill, but passed the senate and the free conference, and later both houses.

The total amount allowed the College for the two years was \$693,114; \$452,564 for the first and \$240,550 for the second year.

## Antlers Entertain Elapheians in Big Social on Friday

Members of the Elapheian Literary Society were delightfully entertained by the Antlers Friday evening, March 13. The room was beautifully decorated in the societies' colors. The Antler Quartet was the most popular number on the program, receiving encore after encore. The chief speaker of the evening was Dan Sanders, who gave an inspirational talk on things which the Antler Society had meant to him. Professor Duflot, sponsor for the Antlers, gave a short talk on the habits of Antlers. After the main part of the program had passed, a short social period was enjoyed. Orange punch was served while the society orchestra furnished music.

## Fifty-nine Seniors Are in Line Now for Graduation Program

Fifty-nine seniors are on the list for commencement preparations. Cap and Gown orders have been prepared for by a St. Louis firm. Those who will receive a Bachelor of Arts Degree are about two-thirds majority over those who will receive the Bachelor of Science Degree. Those on the list are:

Evetts Haley, Olin Hinkle, Jeff D. Smith, Herschel Coffee, Tate Fry, Mitchell Jones, Odus Mitchell, Law Sone, Bryant Baker, Bryon McDonald, J. A. McDonald, Clarence Hope, Jim Webb, L. W. Sloniker, Gordon R. McCarty, L. I. King, Otello Herm, J. E. Adams, Will S. Kerr, Floyd Golden, L. W. Blau, Roy Carver, P. M. Bailey, J. T. Reynolds, Ferman Sawyer, Bruce Parker, Mr. Bridges, Eppie Irons, Stella Rusk, Hazel Allen, Louise Mace, Mae Slack, Mary Verne Coleman, Louise Simpson, Hazel McQueen, Lillian Abbott, Winnie Faulkenr, Mrs. Floyd Golden, Julia King, Corrinne Nash, Mary Gregory, Mrs. Helen Parsons Pierle, Vivian Coffman, Stella Stanfield, Byrl Turner, Mae Williams, Beulah Williams, Bertie Mae Williams, Grace Clark, Mrs. Routh, Willie Belle Cleveland, Mrs. C. E. Strain, Elizabeth Evans, Agnes Roberts, Ruth Knight, Ruth Lowe, Velma Asher, Lorna Hutchinson, and Anadel Guenther.

They passed her in the park. "That's Alden's wife," said Black. "Thinks the world of her husband."

"Does she?" said Stone.

"Rather," rejoined Black. "Why, she even believes their parrot taught him to swear."—Pittsburg Chronicle Telegraph.

## SPRING YWCA PROGRAM HAS BEEN ARRANGED

Below is the program for the meetings of the Young Women's Christian Association during the spring quarter:

March 25: "YWCA the World Over."

April 1: "World Christian Student Movement."

April 8: "A Gypsy Hike."

April 15: "Dress."

April 22: "The Etiquettes"

April 29: Story Hour at Miss Hudspeth's.

May 6: "My Physical Self."

May 13: "Men, Women, and God."

May 20: "The Problem of Prayer."

May 27: "Reminiscences."

## BAPTIST WORKER HERE

Miss Lucille Loyd, Baptist student secretary for the district to which this college belongs, returned Monday to teach a course, "Training in Church Membership," in the Baptist Training School now in progress.

John Caylor, successor to Dr. Joseph P. Boone as head of the Baptist Student Union work in Texas, is teaching another book, "Building a Standard Sunday School." The studies begin at 6:15 p. m. and last until about 9:00 p. m., with a thirty minute intermission for entertainment and supper.

## Red Men Bucks Under a New Era of Guiding Spirit

New breezes now sweep the paths of the Loyal Order of Red Men since the passing of the last moon. Nearest the camp-fire is the passing of "Big Chief Sitting Bull." After two seasons of untiring service, Tate Fry resigned as head of the tribe and James Wilson was elected as new "Big Chief." Willie McCarty was chosen as "Little Chief Lone Wolf" to fill the office passed on by Edward Gerald. "Big Chief Sitting Bull" James Wilson and "Little Chief" Willie McCarty will head the tribe next year and are now kindling council fires for the "new moon."

Lighting a new dawn on the tribe's Tepee, begins the era of the new "Guiding Spirit," Professor H. M. Cook. Professor Cook was unanimously chosen sponsor for the Loyal Order of Red Men during the last moon. The coming of this man of uncompromising fight for right, marks the complete assurance of untiring service and loyalty of this tribe of pepsters to the "Panhandle's Pride."

Tuesday, March 10th, marked the close of a season of many long-to-be-remembered events in the history of the Loyal Order of Red Men. The initiation for the winter quarter was held at that time with the usual fun and nerve testing. The final ceremony of this event brought supreme joy to the hearts of the bucks who had been on trial for such a long period of time. This season of strenuous testing had proved the valor and spirit of the bucks who were seeking full fellowship of the Order.

Seated around a dim camp-fire in serious meditation of deeds done for their Alma Mater, and in eager contemplation of greater service, the members of the tribe were constantly reminded of the spirit of "hearts as bold as western breezes, souls as pure and free" by the calm, majestic gaze of a huge Buffalo, King of the Plains and exponent of the infinite spirit of the unconquerable. They were also reminded of the fact that there must be new servants of this spirit, from time to time, by the group of pledges that awaited the final oath that admitted them into full fellowship of the Tribe.

The "Guiding Spirit" was among the number that qualified in this initiation and took the oath of allegiance to the undying Buffalo spirit.

## Student Artists Play At Whitefield on 14th

A student artist group, composed of Dessie Mae Steele, pianist; Herschel Coffee violinist; and Miss Stuart, reader, rendered a lyceum program Saturday evening, March 14th, at Whitefield. This was the fourth program given this term by this group at the various schools of this section.

## PROF. GUENTHER NOW VERY SICK

COLLEGE DEPARTMENT HEAD IS VERY LOW AT AMARILLO

HOSPITAL.

Condition is Unchanged

Great Vitality of Language Teacher Aids His Strong Determination To Recover Health.

A message received by The Prairie at press time Monday from Amarillo indicates that the condition of Professor F. P. Guenther is slightly improved over that of Sunday, but his general condition is thought to be unchanged.

Mr. Guenther was taken ill five weeks ago with the flu and seemed to be unable to recover from its attack. His condition was such that he was taken to Amarillo on Wednesday, two weeks ago and an operation was performed on Thursday. It was found that his liver was cancerous and in very bad condition. His brothers, Drs. John and Frank Guenther were called from South Texas, and after they reached Amarillo Friday the three girls who were away teaching were called and arrived Sunday.

The two brothers returned home Sunday, but a wire Thursday indicated that either one or both would arrive in Amarillo during the day. President and Mrs. H. W. Morelock of Alpine came to Amarillo to be with Mr. Guenther.

While no definite hope is given by the attending physicians for the recovery of Mr. Guenther, his wonderful vitality and the fight he is making for life are the two factors which have carried him through a very critical period.

Mr. Guenther was one of the faculty members of the College who came to Canyon with the founding of the College in 1910. He has been one of the most popular members of the faculty during the fifteen years here, and is greatly beloved by the local people, all of whom know and appreciate his sterling manhood.

The three daughters arriving to be with their father are Miss Elsa, teacher in the College at Silver City, N. M., Miss Margaret, teacher in the College at Alpine, and Miss Alma, teacher in the Houston high school. Miss Erna is teacher in the College here, while Miss Anadel is a senior in the College.

## NEW STORE BUILDING

C. R. DeArmond has bought the corner lot northwest of Randall Hall from Mrs. W. S. Amend, and has started the erection of a new tile building 30x46. This makes the third new store building under construction adjoining the College campus.

## SENIORS RECALL BITTER CLASS FIGHT WITH FISH IN MAY, 1922

(Below is reproduced The Prairie account of the memorable class fight of May 28, 1923, in which the Class of '25 and the present juniors staged the first battle of its kind in W. T. S. T. C. The present seniors were then sophomores.)

### Soph President Abducted

When the Fish heard that Evetts Haley, president of the Sophomore Class, was to make the main speech at the Sophomore chapel program Thursday morning, plans were immediately formulated by the Freshmen for the president's abduction. The trouble had begun away back in the fall quarter when the Upperclassmen attempted to break up a Freshman entertainment by cutting off the lights in the room and polluting the atmosphere of the room with hydrogen sulfide. The fish swore vengeance at that time.

Wednesday night the Freshman flag was hoisted to the top of the flag pole, and the pole greased half way to the top. As the next day dawned the Soph president sped southward, overpowered by the vice-president of the Freshman Class and five other strong-armed slimes.

In the rush to escape with the prisoner, it never occurred to the Fish that the Soph prexy might have his speech written out and on the table in his room. The sophomores secured the speech, and the chapel program went off without a hitch with George Terry taking Haley's place.

### Sophs Attack Flag

The party of kidnappers spent several hours at Happy and the Baptist

## COLLEGE STOCK JUDGERS WIN TEACHERS COLLEGE CONTEST

### CO-EDS DEFEAT OKLAHOMA TEAM

"LITTLE BUFFS" ARE NEVER ENDANGERED IN THEIR FIRST HOME GAME.

"Little Buffs," basketeers, completely walked away with the long end of the 47-13 score in their first home game of the season—the Goodwell A. & M. sextet fighting for the small end. Flashy team work featured the "Little Buffs" from the first whistle. Maroon and white honors were at no time during the game endangered; however, the visitors from Goodwell proved to be consistent fighters and good losers. Johnetta Anderson was high point "Buff" with a string of 33 markers. Captain Ross scored 8 points for Goodwell.

This game with Oklahoma Junior A. & M. gave the appearance of "easy picking" for the Buffalo sextet, which ranks with the best girls' basketball teams in the state.

There were few fouls. At the half, Coach Elizabeth Dabbs substituted Wallace for Melton, McReynolds for Reagan, and Slover for Bray. Cox of Canyon refereed.

The line-up:  
W. T. S. T. C. Pan, A. & M.  
Anderson, 33 ----- Ross, capt. 8  
Melton, 8 ----- Brown, 2  
(Sub) Wallace, 8 ----- Holt, 2

Forwards  
Scott ----- Ottinger  
Reagan ----- Turner  
(Sub) McReynolds.

Centers  
Bourland ----- Capps  
Bray ----- Micharson  
(Sub) Slover ----- M. Brown

Guards  
Totals: Buffs, 47; A. & M. 13.

### Seniors Will Have 1925 Banquet Soon

Dignified enthusiasm in the class of '25 now centers toward the first Senior banquet of the season, scheduled for the first week in April. Aside from social entertainments, this affair will mark the formal opening of the Senior social season. A definite program has not been completed, but a real live affair in the "good old dignified style" will be the theme of attraction. President Evetts Haley submitted the plans at the last regular class meeting and turned over executive matters to the social committee.

### Prof. Phillips' Team Makes Fine Record at Fort Worth.

First place in the Teachers College Contest of stock judging was won by the West Texas State Teachers College last Monday at the Southwestern Exposition and Fat Stock Show in Fort Worth. The team from this college won by a score of 1340 out of a possible 1550 points.

Everett Sherman of the College team was the highest individual scorer in the state, making 487 out of a possible 550 points. The other two men of the team, James Oden and George Love, won very high rank. James Oden was second in the state, with a score of 451 points, and George Love took seventh place. The team was under the supervision and coaching of Prof. Frank R. Phillips, head of the agricultural department.

Running a close race with West Texas State Teachers College was Nacogdoches Teachers College, which won second place with a score of 1330 points, and North Texas State Teachers College of Denton, which was third with 1180 points, and Huntsville Teachers College, fourth with 1170 points.

This was the first time in the history of the Stock Show that the Teachers Colleges were given a separate division and it proved to be a great drawing card.

In the horse judging phase of the contest, James Oden won first score, in spite of the fact that the Canyon team had had no practice. Heretofore contestants were not required to give reasons in this phase of the judging, but the giving of reasons was brought into practice at that time by a vote of the judges.

The official judges of the contest were Ray Mowrey, vocational agriculture agent of Lubbock; Bill Cook, agriculture agent of the I. & G. Railway Company, and J. W. Ridgeway of the Mistletoe Creameries.

After winning first place, the team celebrated their victory with an entertainment and supper at the Terminal Hotel furnished by Professor Phillips.

P. C. Bennett, recognized dairy authority of West Texas, now agent of Swisher County, took the team and coach to Fort Worth in his car. The party were guests of Everett Sherman's father at Vernon during the first night.

### Former Letter Men Placed on Doubles Team by Lockhart

Tennis Coach W. E. Lockhart has selected four letter-men for his doubles teams—the pairs being Herm and McClure, Stewart and W. McCarty. The two singles teams will be determined later. Jenkins, Herm, McCarty, Stewart, McClure, Lewis, Thomas, Scott, and Golden will bid for these places.

Soon after winning a place on the squad, Stewart received a bad injury on his right hand—fatal to his present tennis ability. This will bar him from all hopes of playing for a few weeks and probably for the entire season. To take Stewart's place Merle Jenkins has been paired with McCarty for doubles.

Roswell will be the scene of the first bout for the squad, where the Buffaloes will face the N. M. M. I. in two singles and two doubles matches. Coach Lockhart has plans for several matches but dates have not been announced. These all lead to the grand climax when coach Lockhart and his tennis squad will journey down-state for the T. I. A. A. matches on May 7th.

### World YWCA To Be Discussed Wednesday

Next Wednesday afternoon the "YW" girls, led by Louise Simpson, will use for their subject "Y. W. C. A. all over the World."

The following program will be given: Scripture reading: Isaiah 55.

Song, "Onward Christian Soldiers," No. 6.

"Y. W. as a World Movement," Lillian Atkins.

"Y. W. C. A. in China," Vera Fox.

"Y. W. C. A. in Our Own Country," Margie Smith.

"The Girlhood of the Nation Serves," The Girlhood of the World.

Closing prayer, Miss Lamb.

### HALEY IS MADE COUSINS PREXY

AN AMBITIOUS PROGRAM IS OUTLINED IN INITIAL MEETING OF TERM.

Installation of new officers took place in the first spring quarter meeting of the Cousins Literary society Friday night. The outgoing president, A. D. Cummings, gave a short talk on the accomplishments of the Cousins in the past. He reviewed the victories the society has enjoyed naming the events in the winter quarter in particular. He then paid compliments to Evetts Haley and introduced his successor.

Mr. Haley laid stress on the present activities of the society and expressed hopes for continued growth and development in the future. He expressed his idea of "pep" as a driving force as produced by the slow-burning anthracite coal as well as the spontaneous combustion at gala affairs.

His hopes were that such a pep would be expressed by real work on the part of the members of the society throughout the year, as well as displays of enthusiasm at contests.

A satire on the modern Problem Play entitled "Behind the Beyond" was given by Plumer Bailey.

The last number, a French harp solo by Joe Weaver, was saved for a joint meeting of the Cousin-Sesames following the sectional gatherings. Another artist, Bryant Baker, was asked to show his talents on the harp.

Further plans for a party at Cousins Hall were discussed before the demonstrations under the direction of the yell leaders. Society was dismissed by a song, "There's a Victory on the Way."

The officers elected by the Cousins to head activities of the spring quarter are:

President, Evetts Haley; vice-pres., James Wilson; secretary, Eugene Kistler; treasurer, Clarence Hope; sergeant-at-arms, Arlin Turner; chaplain, Elmer Marshall; yell leader, Wayne Boone; annual rep., Mason Anderson; reporter, John Randolph.

### President Morelock Visits College and Makes Chapel Talk

President H. W. Morelock of Sul Ross State Teachers College, Alpine, Texas, formerly head of the department of English here, received an enthusiastic welcome when he spoke in chapel last Saturday.

Mr. Morelock's talk was characteristically pointed and witty. He stressed the fact that Teachers Colleges are making the chief contributions to American education at the present time. Speaking directly to the students, he said that he wished for them a difficult experience in order that they might rise above all handicaps. He deplored the practice of working only for the teachers.

Mr. Morelock's presence here was occasioned by the illness of Prof. Guenther, to whose bedside he hurried when he learned of the teacher's condition.

Doctor (after accident)—Is there a woman here with old-fashioned ideas?" Crowd—Why?

Doctor—Because I need a petticoat to make some bandages.—Acton Leader.

### STUDENT NO. 10,000 IS ENROLLED AS FRESHMAN

Enrollment reached the 10,000 mark on Friday of last week when Miss Neoleta Lois Allen from Electra, Texas, entered the West Texas State Teachers College. Miss Allen is a Freshman, having done her high school work in Sunset and Hugo High Schools, and finishing in the Normal High School of North Texas State Teachers College at Denton last fall. After reaching the 10,000 mark, student numbers changed back to one, being 1A and 2A.

Twenty-three new students enrolled on Friday and Saturday for the spring quarter.

## DOWN THE LINE

Down the line of senior history are many events which mark the present class as one of the most active of all that have been graduated. The Prairie files reveal news of many gala affairs during the First Year and Second Year Normal. Even that far back the Classmen of '25 were beginning to find important places of leadership in the student life.

As Freshmen, the class in the annual class edition of The Prairie first brought to general attention the need for "real, live mascots." Incidentally, these fish were not then called freshmen for the first time. In the fall of 1919 the "First Year Normal" students were called freshmen, while the degree graduates were "Six Year Students." But in 1921 the standard of the College was raised and the Class of '25 once more bore the name of freshmen.

The class fight of the 1922-1923 session was the outstanding event of that year, perhaps, unless the winning of the class-day jiving cup might be said to have been more important. This cup was won by the Class of '25 when it resurrected the then very popular King Tut.

Events of the last two years are well known. More than any other class of recent years, the present graduating class has dominated the life of the college. In athletics, debating, journalism, scholarship, and general ability the character of the seniors has been demonstrated. The facts tell the story.—Contributed.

## WHAT THEY THINK OF SENIORS

## AS FISH THINK

It seems that in the course of human events it has become necessary for every college to have mixed with the ordinary students a higher group called "Seniors." This body is one of seeming authority and prestige. They demand special privileges and individual rights which they regard as the "divine rights of Seniors." They are the mind of the school, the life of the faculty, the pivot of the student body; in fact, the Senior Class is the one substantial pillar of the entire school—in their opinion. As they see it, all really worth while things are achievements of their noble hands and minds; with them lies a monopoly on authority and power. Yet, there must be a better side to Seniors, and it can be found if a careful study of the matter is made.

Let me take as an example the Senior Class of 1925, at W. T. S. T. C. This group of individuals is composed of equivalents of every disposition, size, shape, and quality. They are the distinguished ones of our school; they are to us as something set apart, by which unconsciously we measure the standards of the school. The feeling of superiority and loftiness which separates them from us is made especially overpowering by a barrier of dignified white sweaters. These "Senior jackets" are symbols of self-assurance and must surely be meant as a dividing element from those unfortunates of lower rank. But if we are able to overlook their love of power, we will find a pretty good bunch after all, in spite

## BILLY STIFF

## Peg Gives Billy a Tip

By Alexander

of the fact that they are Seniors. Among the class of '25 is a number of the best athletes of the T. I. A. A.; they have proved to be strictly loyal to our ideals of clean sportsmanship, and we are grateful to them. This Senior Class has other celebrities that we really will miss next year. Yes, we have to admit that we can find a use for Seniors. So taking it all into consideration, I guess—oh well, make a few comparisons, and draw your own conclusions.

I, a humble freshman, do not mean any disrespect to the distinguished Seniors of '25 by not devoting this entire article to them, and I hope that they will overlook such a breach of refinement. But I would like to visualize in the reader's mind my idea of a perfect Senior Class. As an example I will use the present Freshman Class which will be numbered in the halls of Senior fame in 1928. Picture them as best you can, taking as a starting point their present qualities. With such a favorable beginning one's wildest dreams cannot show what they will be. But let us hope this much for them: that they will be susceptible to a feeling of brotherly love for their inferiors that will lead them to descend at frequent intervals to chat with their lower classmen. We are sure, however, that the Senior Class of '28 will retain a clear remembrance of their ill-treatment from the class of '25, that they will always have a feeling of pity and respect for unsuspecting Freshman. —C. M.

## AS SOPHS THINK

Seniors—what devious, mystical, alluring charm the word holds for some, what envy and determination it arouses in others, and how it taunts still others who have not yet realized the true significance of the term. As a broad-minded Sophomore, I do not dream of condescending to pen slightly ironical remarks about the noted, influential, obstreperous and conspicuous—since the arrival of the sweaters—seniors of '25. I merely wish to attempt an impression of my estimation of them.

The attitude of the Seniors toward hard work, toward the faculty, toward the various student organizations, lower-classmen and toward life itself is on the whole highly commendable. Although their work in this college is nearly complete, they continue tenaciously to attack and master the most difficult tasks. They seem truly grateful to the faculty for the hard work prescribed. They deeply appreciate and highly respect the members of that body. Toward the lower classmen they are really sympathetic, co-operative and inspirational, once they have lost the consciousness of their dignified and lofty position. Indeed the various organizations of the college would be badly crippled without the gladly-given aid and leadership of the Seniors. On the other hand the Seniors would suffer without the organizations. The class of '25 impresses me as a group which has really begun to think, not to accept without any deliberation the ideas of others. They seem to welcome life with all its challenges, trials, successes, and failures. It is my belief that the Seniors of '25 can be of much service to the world in the years to come.

The most distressing, alarming, and hopeless fact about this said Senior class, however, is that it lacks the intellectual genius which is characteristic (?) of the present sophomores. —O. A.

## AS TWO JUNIORS THINK

Seniors are looked upon from many angles by the lower classmen. Fresh-expositulating on Seniors thrust upon men and sophomores look on them in me, I, a lowly (but broad-minded?) awe and envy, while the attitude of Junior, am at a loss to completely collect a Junior is more of sympathy and respect my surprised and dazed brain. Oh, derstanding. It is true that a measure yes, Juniors sometimes have brains, of friendly and wholesome rivalry exist between the two classes, but on especially me), what the said Junior

SERVICE

the whole Juniors are close enough to think of the said (or is it unsaid) Seniors in the race of life to under-Seniors, is like finding one's self in a stand their problems and to prepare to snow storm when all indications point-assume the responsibilities of Seniors. ed toward sunshine.

The Seniors of '25 are on the whole The Seniors of '25 of course have a very creditable product of W. T. S. many short-comings, among the chief T. C. Most of them realize that they ones is that they lack the enrollment of are finishing their under-graduate the Juniors personnel. On the other work, and are just beginning to have a hand, the Seniors are, as a whole, faint conception of life and its prob- quite a considerate and well-balanced lens. The present class is very ver-gang. In fact I believe that the faults satire, some of their members have and virtues are about fifty-fifty.

But, lets forget their faults; they work, some have shown that they will be reminded of them, no doubt, often help to make teaching a higher pro-enough. Their virtues? One is that fession, some have manifested a the present Senior class has had marked tendency and ability toward "gumption" enough to act in terms of law and politics, some are pre-medical present-day living and not to rely up-students, while the rest are distributed on time-worn precedents that have in the various walks of life. It is true grown musty and out-of-date.

And my candid, honest-to-goodness their four year college career and have opinion of the Seniors of '25 is that only grades to their credit, but on the they are the best, all-around Senior whole the class is serious and open-class that has graced the walls of W. minded.

But although the Seniors are very course the next year's class, they will versatile the Juniors will so far excel long be remembered as a CLASS THAT them that the least they can do is to DID THINGS, rather than as individ-wish the Seniors "bon voyage" through-who did things.

More power to you—and (if you'll accept them) take the good wishes of this Junior with you on your journeys. —M. L. E. E. J.

AFTER THE SHOW

## RUNNING GEAR

The Prairie, (Canyon College): Paavo Nurmi, the "most perfect running machine on record," continues to break records at all distances from one to seven miles. His method of training should be a reproach to a great many college athletes who are unable or unwilling to stay in training a few weeks out of the year. Nurmi is an athlete who has been in training for eight years. How many American athletes would attain honors on the track or field if it required eight years' training to do so? Here is Nurmi's method told in his own words: "I ran for years without worrying about my speed. I was building up my speed. I was building up my body and my endurance, so that by 1919 I felt I was ready to pick up speed slowly and carefully." Patience, practice and pluck seem to be the chief ingredients in Nurmi's recipe for success.

State Press, Dallas News: This blonde Finn who is called Nurmi has made world-wide fame for himself and is now picking up a nice little fortune by being the fastest and most enduring runner recorded in history. He is said to excel the ancient Greek athletes, who starred in the original Olympic games and became classics. It must be wonderful to own a pair of legs like Nurmi's—not that they are pretty, but that they are so mobile. There are actresses who have their nether limbs insured for many thousands of dollars, because the earning power of the insurer would be greatly reduced or entirely obliterated should serious injury befall her peduncular supports. In that case the legs are the fortune. Nurmi is in the same condition, only different. His lower extremities are earning big money for him because of their strength, durability and velocity. They wouldn't earn him anything for looks. It may be said, indeed, without serious risk of wounding Mr. Nurmi's feelings that his legs resemble ax handles hewn from second-growth hickory. It must be a grand and glorious feeling to realize that one may dispense with beauty and still prevail.

"So you are thinking about getting married. That's right, my boy.

### WEDDING BELLS RING AT L. B. NEWBY HOME

Pre-eminently one of the loyliest home weddings held in the city of Amarillo for some time was that of Miss Viva Barfield and Sherman Clay Shepperd, the ceremony taking place at the home of the bride's uncle, Mr. L. B. Newby at 1108 Taylor street.

Receiving the guests and assisting Mrs. L. B. Newby as hostesses were Mesdames J. T. Barfield, mother of the bride, W. R. Ozier, C. J. E. Lowndes, Dwight Newby and J. M. Shelton, and a large gathering was present composing relatives and friends of the bridal couple.

The bride came to Amarillo about two years ago with her parents, Mr. and Mrs. J. T. Barfield from South Texas, and during that time became extremely popular in the young social set. She is a graduate of the high school at Sterling, Colorado, and the West Texas State Teachers College at Canyon and is a beautiful and accomplished young woman who won a lasting friendship among her many friends here. Mr. Shepperd holds the responsible office of manager of the Brazelton Lumber Company and is recognized as one of the leading young business men of this section and is popular in business and social circles.

Mr. and Mrs. Shepperd will be at home to their friends in a newly appointed apartment at Askew Court after April 1.

### ATTEND MEETING OF UNIVERSITY WOMEN

Miss Anderson attended a meeting of the American Association of University Women in Amarillo on March 14. This was one of the regular monthly meetings of the society and Miss Anderson was one of the entertainment group.

This organization is open only to graduates of certain universities. Miss Anderson has the distinction of having been a member of this society for several years.

Professor R. P. Jarrett was on the program. He gave a very interesting talk on "Teachers Salaries."

### SESAMES HAVE GOOD MEETING ON FRIDAY

A great deal of interest was manifested by the members of the Sesame Literary Society at the first meeting of the quarter last Friday night. Miss Pierce gave a comprehensive outline of the work to be accomplished by the Society. After completing plans for a party to be given at Cousins Hall on Monday night, the Sesames were joined by the Cousins. Evetts Haley presented the plans of mutual interest to the Societies and the program was concluded with an enthusiastic pep meeting.

### BROTHER VISITS MISS KING BEFORE EMBARKING

Miss Loubeth King's brother, Jethro P. King, from Smyrna, Turkey, spent a short visit with his sister during the week end of March 15. Mr. King is on a lengthy vacation from Asia, where he has been in business for a New York firm for the last two years. This visit is his last stop before he will sail on the S. S. "President Wilson." On his return voyage he will stop in Spain and Italy.

Dr. David H. Munson, head of the English Department of the College preached Sunday morning and evening at the Methodist church while the pastor, Rev. M. M. Beavers, was attending the district conference at Floydada.

### SESAMES HAVE GOOD MEETING ON FRIDAY

A literary program featuring Lord Alfred Tennyson was the main attraction of the Sesames last Friday evening, March 13th. The discussion was started by Gladys Franklin, who gave "The Life of Tennyson." "Enoch Arden" was given by Ruth Anderson, and a paper on "In Memoriam" was read by Fay Lockhart. At the conclusion of the program there was a business meeting.

First—There goes a man who has done much to arouse the people.

Sesond—What is he, a labor agitator?

First—No, a manufacturer of alarm clocks.—Ex.

### KATHERINE CLARK MARRIES IDALOU BUSINESS MAN

On Sunday morning, March 8th, at nine o'clock, Katherine Helen Clark of Snyder and Roy G. Russell, formerly of Altus, Oklahoma, were married at the home of Mr. and Mrs. J. L. Graham at Idalou.

After the ceremony, the bridal party motored to Lubbock where a delightful wedding breakfast awaited them.

Only a few friends of the bride and groom were present. The bride wore an ensemble suit of white crepe with a green under dress, white hat, white and green gloves, and wore a gorgeous corsage of lavender sweet peas. Each friend present also wore similar corsage. The groom was dressed in conventional grey.

The bride is a former student of the West Texas State Teachers College and a teacher in the Idalou schools. The groom has been a resident of Idalou for about one year and is a retail merchant there, and president of the Chamber of Commerce.

### SCURRY COUNTY CLUB ELECTS ITS OFFICERS

Officers for the spring term were elected at a business session of the Scurry County Club last Friday. These officers are: Carl Periman, president; Faye Lemons, vice-president; Evelyn Boone, secretary-treasurer; social committee members, Wayne Golden, Faye Morgan, Henrietta Callis; Lavada Edwards, reporter.

Plans were discussed for a social to be given early in the quarter. Students who live in Scurry are urged to call the county their home, and attend the meetings of the club at the chapel periods on the first and third Mondays of each month, room 106.

If you don't know this jolly band, You should just come and see The fun that can be had With such a group as "we." —Reporter.

### WEDDINGS BELLS RING AT TULIA

Announcements have been received telling of the wedding of Miss Martha Stickney of Amarillo and Mr. Howard Stanley Gilbert of Kress, which took place at Tulia Thursday evening.

The bride is a graduate of the class of '23 of the Amarillo High School, during which time she made her home with her sister, Mrs. E. M. Jones at San Jacinto Heights. She later attended the West Texas State Teachers College at Canyon and for the past season has been teaching school near Tulia. Mr. Gilbert is in the garage business at Kress where they will make their future home.

### HEREFORD TRUSTEES HERE

The trustees of the Hereford Schools were in Canyon recently inspecting the new school building. They were accompanied by Supt. C. H. Dillahay and Architect E. F. Rittenberry. The election will be held this month for a new school building in Hereford and the trustees followed the methods used by Canyon, that is, selling the bonds in advance and employing the architect, so that time might not be lost after the election was carried.

The trustees had visited a number of schools in their tour of inspection, and were exceptionally high in praise of the Canyon high school building and the way it is kept.

Father: "Johnny why it is that you are always at the bottom of the class?"

Johnny: "It doesn't make any difference, father, they teach the same things at both ends."—Ex.

### College Orchestra Gives Lyceum Recital

Under the direction of Prof. Wallace R. Clark, the college orchestra went to Abernathy last Saturday evening where it appeared in concert. Those making the trip were: Prof. Wallace R. Clark, conductor; Miss Corrine Hamill and Herschel Coffee, 1st violins; Fred Oberst, Willie Mae Beavers, 2nd violins; Miss Brigham, viola; C. E. Strain, clarinet; Charles Strain, cornet; Preston Wohlford, French horn; Eula Smalley, bass; and Hazel Allen, piano.

### C. I. A. Seniors Enjoy Special Privileges

Denton, Texas.—The joy of being able to lie in bed in a senior house while in the dormitories the breakfast bell peals its threatening invitation at 7:15 a. m. and under-grads scramble down-stairs to the dining room, buttoning chambray belts and arranging ties, is the senior privilege most highly prized at the College of Industrial Arts. This fact was revealed after an inquisitive reporter had canvassed thoroughly the fourth year students.

The privilege of having engagements with young men friends on Wednesday night ranks next in favor. Under-grads live from one Saturday night until the next.

Seniors also may receive uncensored telephone calls. Too, they may send their laundry for renovating any day in the week. But optional breakfast, at all odds, is far in the lead among the favorite pleasures of senior life.

### Unusual Program Is Given by "Y" Girls

Last Wednesday afternoon, a large number of girls attended the meeting of the Young Women's Christian Association which was held in the auditorium at four thirty o'clock. A mysterious green ball was unwound, inside of which there were slips of paper. On these slips were written such things as "Select an opening song," "Play a piano solo, or ask someone to play in your stead," "Tell about the best time you ever had with a bunch of girls." All who received slips of paper responded well in doing their part on the program. This unusual program was enjoyed greatly by all who attended the meeting.

### MEMORIAL COINS AND STAMPS

The Philadelphia mint has begun the coinage of 5,000,000 half dollars commemorating the valor or the soldiers of the Confederacy and the start of work on Gutzon Borglum's heroic statue to the South's heroes on the face of Stone Mountain, near Atlanta, Ga. The issue has been protested by the G. A. R. The first million memorial coins will be sold for \$1 each by various banks throughout the country beginning May 1.

Coinage of special 50-cent pieces to commemorate the 150th anniversary of the battle of Bennington, Vt., has also been authorized. Under a joint resolution adopted by the senate, the post-office department is asked to issue a special two-cent stamp to mark the centennial of the arrival at New York on Oct. 9, 1825, of the Norwegian sloop Restaurationen bearing the first ship load of immigrants to the United States from Norway. They are intended to be put in circulation about the time of the Norse-American celebration at the Minnesota state fair next June. The post office recently had printed a Walloon memorial issue.

Wanted—All kinds of sewing. Reasonable prices. Phone 48. 1600 2nd ave. Mrs. N. A. Croson.

Partonize The Prairie advertisers.

### What is a FAIR PRICE for PRESCRIPTIONS?

There is no secret here regarding the way we arrive at prices charged for prescriptions. To the cost of ingredients is added the actual time taken for compounding based on the salary of the pharmacist for the labor involved.

Simple enough, isn't it? This explains why we always maintain a fair standard of prices consistent with the unquestionable quality of drugs and chemicals and the integrity and accuracy of those employed to put them up.

JARRETT DRUG COMPANY

### Seniors Will Give Farce Comedy Play Early in Next May

Announcement has been made by the Senior class of a special addition to the "big events of the year"—the Senior Play. The play will be a farce comedy and will be staged during the first week in May. The selection has not been completed. The direction of the play will be under the supervision of a committee headed by Eppie Irons. There are a large number of Dramatic Art students in the class of '25 and no difficulty is expected in placing the important roles.

### Ex-students News

MAE SIMMONS

#### Former Student Succeeds

Miss Carlotta Cheney, a former W. T. S. T. C. student, who is attending the University of Arizona, has figured prominently in a number of the Little Theater plays presented by the University Players, and press notices of her work is most flattering.

Miss Cheney worked quite a bit with the Amarillo Little Theater group and on a number of occasions was an outstanding character in its plays.

In one of the University plays entitled "Tanner! Tanner!" Miss Cheney played the part of the domineering little Mrs. Tanner and one of the Tucson dailies has the following to say of her work.

"The role of Mrs. Tanner, who runs everything was carried by Miss Carlotta Cheney, and was the most finished piece of acting of the evening. Small magnetic and bossy, she is the controlling factor in the comedy, living the part in a realistic manner."

The Little Theater, sponsored by the University of Arizona, is doing some splendid work according to press accounts, many of the city's outstanding theatrical performances coming thru that institution, and in all of these Miss Cheney has scored signal success. This is not to be wondered at however, since her parents, Mr. and Mrs. J. W. Cheney of Amarillo, owner and editor of the Southwest Plainsman, were among the most ardent supporters of the Amarillo Little Theater and boosted it editorially and in every other way possible in order to arouse sufficient interest to make its permanent establishment possible.

"What are you writing?"  
"A joke."  
"Well, give her my best regards."—  
Notre Dame Juggler.

The Gold Dust Twins will now sing "Lux Against Us."—Ex.

She—I've lost a lot of weight this summer.

He—I don't see it.  
She—Why, no; how could you? I've lost it.—Ex.

He: "The diamond is the hardest known substance, I believe."  
She: "Yes—to get."

### Humming Bird PURE SILK HOSIERY

#### On Exhibit Here

### Girls Are Paired For Tennis Matches

Pairs have been matched and the schedule has been completed for the girls' tennis tournament. There are 18 girls who are entering singles and 8 couples matched in the doubles. The matches will be played off in the next two weeks. The champions of both tournaments will be presented a monogram. Students are anticipating that the champions will be able to obtain games with the champions of the other schools of Texas and Oklahoma.

#### CHANGE IN MAIL SOUTH

Postmaster Oscar Hunt states that those wishing mail to go south on the Sweetwater branch must have it in the postoffice by seven o'clock in the evening.

Mail service has been discontinued on the morning train south on the Sweetwater branch, but is carried on the train which runs at 11:00 o'clock at night. However, the mail for this train is made up at seven o'clock.

### BAPTISTS TO HAVE ALL-CHURCH TRAINING SCHOOL

At a recent meeting of the officers and teachers of the First Baptist church Sunday School, it was determined to begin a five day "All-Church Training School" at the Baptist church Mar. 23-27. There are offered courses for every department of the church for every class of membership from the Junior age on up. There are several prominent out-of-town people who have part in this school. Efforts have been made to enlist every member of the Sunday School and Church. Courses are offered along the line of Sunday School, B. Y. P. U., and general church work.

Supper is being served at the church, which furnishes opportunity for 30 minutes of food, fun and fellowship.

## PANHANDLE CALLS UPON COLLEGE PEOPLE FOR VARIOUS SERVICES

Members of the faculty of West Texas State Teachers College are finding themselves taxed to the utmost to take care of the demands constantly made upon them by schools throughout the Panhandle region.

During the basketball season which has just closed assistant coaches A. R. Jackson and W. E. Lockhart have been called upon every week to referee basketball games.

Professors Frank R. Phillips and T. M. Moore of the Agricultural department have been constantly in demand as judges and conductors of vocational agricultural contests.

Now the high schools of the Panhandle are beginning to call for judges for city and county meets in preparation for the meeting of the Interscholastic League, which takes place at Canyon April 24 and 25. Dewey Reed, superintendent of the Liberty school in Bailey county, was the first man this year to send in written application for judges for a county meet.

During the last week Miss Mary Morgan Brown and Mr. Earl C. Bryan presented three one-act plays at Tulia. About fifteen students of the college took part in this program. Another student group consisting of Herschel Coffee, violinist; Dessie Mae Steele, pianist; and Winnie Mae Crawford, reader, went to the Whitfield school in Swisher county to give a program, the fourth that this popular group has been called on to give.

At the same time Professor J. L. Duflot was lecturing at Snyder and Gail, Texas, on current economics and social problems.

Nearly every member of the faculty is called upon for some outside service several times during each quarter of the school year. These calls are always answered when possible, it being the opinion of the administrative officers of the college that the institution belongs to all the people of its territory that its man power will allow it to serve.

### Entire College Body in This Tournament

Coach Strahan, head of the athletic department at the Southwest Texas State Teachers College, has perfected a plan by which every man student in the college will be brought into the college basketball tournament which will begin Monday, Feb. 23, and continue for the entire week.

There are twenty-six teams to take part in the tournament, each team being selected by Coach Strahan. In this way each team will have not more than two or three proficient players, while the remainder of the team will be made up of less experienced men. A captain is appointed for each team, there being one substitute, who will be given a chance to play some time during the game.

Classic lover: "Were I a knight of old, I'd battle for your hand."

Modern Girl: "Good knight!"—Ex.

"Say, Mabel, may I come over to-night?"

"Sure John, come on over."

"Why, this is not John."

"This isn't Mabel, either."—Ex.

"I feel like an alarm clock after reading this number."

"How's that?"

"All wound up."

### Seniors Recall the Class Fight of '22

(Continued from page one) the Fish, and secured the Saturday morning's chapel period. Five Freshmen and five Sophomores took seats on the platform.

Haley, in the main speech of the morning, told, in a humorous manner, the story of his abduction and the fight. He satirized the Freshmen and gave them a polite "cussing out." A loving cup was presented to Dick Hughes, Freshman, for his heroic race and capture of the prisoner when said prisoner made an attempted escape through the kitchen of a Happy cafe. Blue ribbons were pinned on Hinkle and Luce for fighting a draw battle on the day of the fight. The program was brought to a close after the presentation of the hatchet to the president of the Freshman Class by Mitchell Jones.

Phones: Office 99; Res. 110.

### Alex Hale Elected Basketball Captain For 1926 Season

Alex Hale has been elected captain of the 1925 West Texas State Teachers College basketball team.

Hale succeeds Davis Hill, 1925 captain.

Every member of the team will be back and it is believed that the squad will take the T. I. A. A. championship in 1926. Although the official standing has not been announced it appears now that the locals have second place in 1925.

### Dramatic Art Club Plays at Tulia

Fifteen students of the Dramatic Club, accompanied by Miss Brown and Prof. Bryan, went to Tulia Saturday night and presented three one-act plays. The three plays given were "This is so Sudden," with parts by Mrs. Imogene Buster Williams, Lucile Overall, Francis Croson, Cora Mae Haley, and Dalma Fry; "The Proposal," played by Jerry Malin, Felicia Applewhite, and Plummer Bailey; and "Joint Owners in Spain," by Velma Asher, Bettie Rose Kerr, Nola Mae Brumley.

The journey was made in the College bus. Upon arrival the company was directed to the Tulia Hotel, where a good dinner was enjoyed. A large crowd assembled in the high school auditorium to hear the plays.

Tulia has a large and well equipped auditorium. Abundant room, good acoustics, and excellent stage facilities are features seldom found in high school auditoriums, but Tulia has them all. Four large dressing rooms with four separate entrances to the stage, and the comfortable size of the stage itself, make ideal conditions for production.

The same plays will be given at Center Plains and Kress in the spring quarter, and are a part of several lecture programs that are given by the several departments of the college. Expenses are the only charges made for these entertainments and several of the plains communities are asking for them.

### IF EDITORS TOLD THE TRUTH.

Only a short time ago the editor of a paper in Indiana grew tired of being called a liar and announced that he would tell the truth in the future and his next issue contained the following items:

"John Benin, the laziest merchant in town, made a trip to Beeville on Monday."

"John Coyle, our groceryman, is doing poor business. His store is dirty and musty. How can he expect to do much?"

"Dave Conkey died at his home here Tuesday. The doctor gave it out as heart failure. Whisky killed him."

"Married—Miss Silvia Rhoades and James Collins last Saturday at the Baptist parsonage, by the Rev. Gordon. The bride is a very ordinary girl who doesn't know any more about cooking than a jackrabbit and never helped her mother three days in her life. She is not a beauty by any means and has a gait like a duck. The groom is an up-to-date loafer. He has been living off the old folks at home all his life and not worth shucks. It will be a hard life."—Exchange.

"Hoot mon," drolled the Scotchman. "I can't I'm not an owl," the Londoner retorted.

"I feel like an alarm clock after reading this number."

"How's that?"

"All wound up."

"I feel like an alarm clock after reading this number."

"How's that?"

"All wound up."

"I feel like an alarm clock after reading this number."

"How's that?"

"All wound up."

### Rabbit Drive Will Be Made in County On Next April 4th

One hundred farmers and business men attended a mass meeting last week at the court house at which time plans were discussed for a big jack-rabbit drive to be made in the county on Saturday, April 4th.

Owing to the breaks in the county it was thought best to make four drives and cover the entire county, but this will be settled by a committee.

Wire netting of about two and one-half miles in length will be used in making the pen for the drive.

A committee will work out the plans for the drive. This committee met Saturday with the commissioners court to work on the problem of finances.

Representatives will go to Dimmitt on April 1st to watch the drive to be made in Castro county with a view of getting information on methods used.

Several at the meeting have seen county-wide drives and are hearty in favor of the plans for Randall county having a rabbit drive this spring. The rabbits are numerous and will greatly increase in the spring. It is feared that it will be almost impossible to raise a cotton crop unless something is done to kill off the rabbits.

All of the schools of the county will be asked to join in the rabbit drive. It is planned to have meetings at the various school houses between now and April 4th in order to inform the people of the importance of the rabbit drive.

### Vocational Students in Judging Contest at College April 6th

The annual judging contest between Vocational Agricultural students will be held here April 6th, which is two weeks prior to the State contest to be held at College Station. In this contest there will be three main divisions namely stock judging, poultry judging, and plant production contests. Officials of this contest include T. M. Moore of the Agricultural Department, general superintendent; C. W. Humble, of Hereford, superintendent of stock judging; Taylor White of Muleshoe, superintendent of poultry judging; and W. M. Gourley of Farwell, superintendent of plant production contest.

New features added this year include a separate contest for those who do not take part in the main contests. This allows each teacher to bring as many members of his class as he desires and enter them in a practice contest. A second additional feature is that of allowing two alternates to participate in each of the main divisions besides the three regular team members.

Suitable accommodations have been provided to take care of approximately 200 boys and all teachers of Vocational Agriculture are urged to bring all the students possible.

In the Panhandle-Plains section there are thirty schools offering Vocational Agriculture with an approximate enrollment of seven hundred students.

Mrs. Garner (to grocer)—I want to buy some lard.  
Grocer—Pail?

Mrs. Gardner—I didn't know you could get two shades.—The Window.

### Buffaloes May Yet Be Made Champions of Present Season

Press dispatches from Abilene indicate that Pres. A. E. Chandler, president of the Texas Intercollegiate Athletic Association, believes that the Buffaloes have a chance to be declared 1925 champions. The dispatch reads:

Abilene, Texas—A. E. Chandler of Simmons College, president of the T. I. A. A., announced here that the basketball championship can not be determined until the rulings passed in some of the previous minutes have been investigated. Southwestern has a higher percentage than the West Texas State Teachers College of Canyon, but played only eight T. I. A. A. games during the season. It is thought that the championships will go to schools playing ten or more games. In which case it would go to Canyon for the second year in succession.

### WORK IS STARTED ON THE BUFFALO HANDBOOK

The Buffalo Handbook, a manual of useful information prepared annually for the students by the Y. W. C. A., is being revised preparatory to bringing all material up to date and adding new information regarding the 1925-1926 session. The Handbook will be printed during the coming summer.

Advertising is already being taken by Miss Mary Adaline Lamb, faculty chairman of the Young Women's Christian Association. The books contain short sketches about the principal organizations of the College, the Deans' Regulations, essays on the spirit of the College, and much useful information of a general character. The manuals are distributed free to students at the opening of every session.

### SUPERIOR CREATURES

Societies such as the Society of Mayflower Descendants are useful in that they steadfastly uphold standards of conduct and moral ideals; they amount to little if they merely prate of genealogy and boast of ancient heraldic claims. "Noblesse oblige"—and those who can establish descent from pioneers in the settlement of America have more to do than to rejoice in the superior creature comforts of our time and pity their forebears who lived lives of penury and self-denial in fealty to spiritual motives of the loftiest. There is no objection to descending from a Mayflower ancestor, if one does not descend too far.—Philadelphia Ledger.
