NUMBER 26

FACULTY IS NOT DRONE IN HIVE OF EXTRA DUTIES

REFEREEING COUNTY MEETS, JUDGING CONTESTS AND SPONSORING AFFAIRS IS WORK

TEACHING SMALL PART PROF'S WORK

Rush Season on For Faculty as Demands for Extra Service Increase; Students Also get Share of Judging Work at Meets

"Members of the faculty have an easy time. All most of them do is to think up more hard work for the students." The speaker, a student, leaned against the counter of one of the business houses where students gather and delivered himself of the above speech.

Few people, either students or others outside the faculty itself, have any notion of the number of extras that members of the faculty of the West Texas State Teachers College are called upon to do.

This week there have been the usual number of outside activities calling for the services of faculty members. Mr. R. A. Terrill and Miss Debo with a student assistant, conducted the County interscholastic meet at Farwell. Mr. Meade, Miss Gruver, and Miss Lucy Purdy, a senior, performed a similar service for Donley County at Hedley. Mr. and Mrs. Jackson and Miss Holmes went to the oil city, Panhandle, to conduct the Carson County meet. Mr. Vaughn, Miss Charlton, and Miss Cash judged a local meet at Way-side.

Meanwhile, Miss Mary Morgan Brown and Mr. Bryan had on hand the debate Friday night and on Saturday night Miss Brown with a number of students was scheduled to give a program at the Jowell school, fifteen miles from Canyon. Mr. Barnett went with this group to give the short address of the evening.

Miss Ritchie went to Austin to assist in marrying off her nephew, George Ritchie, a former student of this college. Miss Anderson is making preparations to attend the National Convention of the American Association of University Women at Hot Springs. This college is seeking admission into this organization and Miss

HIGH SCHOOL WINS LATIN TOURNEY

Aileen Swafford, Olivia Fincher, and Loraine Robbins Win Prizes and Festival Awards

Latin students in the high school division of the College won fair honors in a latin tournament held in Amarillo last Friday. This was the first latin tournament ever held in the Panhandle and was conducted by the latin department of the Amarillo High School.

The High School class under the supervision of Mrs. Tommie Montfort won the school prize for the third year students which was a "Fascies," a Roman emblem of strength. First and second places were taken by the third year class on Examination. Miss Aileen Swafford winning first place and a prize of \$15. Miss Swafford also won first place in the third year group of essay writing and a prize of a gold pin. Miss Loraine Robbins won second place in the essay writing in the second year group. Third prize in the first year class examinations was won by Edwin Reid.

Other members of the local Latin club entering the tournament were Winston Savage, Leon Roffey, and Lonnie Beth Weaver.

The prizes were awarded at a banquet given at the Amarillo hotel by the Chamber of Commerce. Over a hundred contestants and officials attended the affair. The entire Panhandle was represented in the meet, and such affairs promise to stimulate the study of Latin in the high schools to a much greater extent.

Prof. John S. Humphreys, of the Latin Department, acted as one of the judges in the contests.

Lubbock High School Takes Stock Judging Contest Here For Third Consecutive Year

Kress and Spring Lake Give Lubbock Boys Real Competition—Only 80 Points Difference Between Leaders

Lubbock high school carried away first place honors for the third consecutive year in the annual Panhandle-Plains Stock Judging Contests here last Friday and Saturday. Lubbock's total score in the two main divisions of the contest, stock judging, and plant production, was 2929½. Kress earned second place by a total score of 2861 and Spring Lake won third place in the stock judging with a total score of 1364. The Spring Lake boys did not enter the plant production contests.

Competition in all phases of the contest was keener than ever before, officials of the contest say. The fact that only 68 points difference between the two high teams proves that the meet was close indeed. Only three teams, Clarendon, Lubbock and Kress entered the plant production contest, placing in the order named. Everitt Sherman, a freshman at the College last year, is coach of the Spring Lake team. His boys were the surprise of the meet, taking third place in the feature event. Sherman was high point

man in the state contest at Ft. Worth last year in the judging of stock.

The following boys represented their schools at the contest: Lubbock: Ameral Payne, Jesse McElhaney, Alton Blackmon, Joel Snyder, Claborn Hamrick, Wilbur Lemon, J. M. Kirkey, and Fred Nix.

Clarendon was represented by Clyde Martin, Richard Morris, Earl Smith, Loyd Johnston, Dewitte Stubblefield, and George Ashtell.

Kress entered Lee Brandon, Davis Hamilton, Charles Pyle, Jody Boston, Emerson Todd, Fay Kentling, James Drake, and Angus Wood.

J. B. Harvey, John Neal, and Marion Butts represented Quanah. Spring Lake sent Orville Branscom, Vernon Hale and Ben Williamson.

The contest was sponsored by the department of Agriculture at the College. Professors T. M. Moore and Frank R. Phillips were in charge of the meet. Exceptionally good showings were made by all entries.

ORCHESTRA IS HEARD APRIL 7

Takes Part In Music Festival Program in Amarillo

The College Orchestra, conducted by Wallace R. Clark, took part in the Panhandle Music Festival at Amarillo with a program at 3:30 p. m., April 7th.

Herschel Coffee, violinist, played the Weber Overture, Der Freischutz and the first movement and cadenza of Mozart's Concerto in A Major.

The orchestra played as open- ing number Mozart's Jupiter Symphony. Selections from Grieg, Brahms, Tchaikowski, and Ludecs comprised the remainder of the program.

Every year some musical group of the college appears on the program of the music festival, the men's chorus and women's chorus having represented the institution there last year.

Many college people, both students and faculty, attended this and other programs at Amarillo last week, among them Mr. and Mrs. W. R. Clark, Misses Pauline Brigham, Mary Clark, Lily Clark and Mary Morgan Brown.

McCarty Elected Captain of Buffalo Tennis Team

Last Thursday evening the College Tennis Team met and elected a captain for the coming season. Willie McCarty, who is playing his third year on the team, was unanimously chosen. McCarty is a tennis player who uses a sound ground stroke game, possessing powerful service, and whose net playing is seldom equaled in its deadliness and accuracy. In addition to all this, he is a clean sportsman and is well liked by all his opponents as well as his team mates.

Mrs Braudt Wins Osgood's Play Award

Mrs. Braudt, a member of the Senior class of '26 at the West Texas State Teachers College, won the prize offered by Mr. Osgood, of the English department, for the best play. Her play, "The Legend of the Christmas Rose," is a dramatization of the story, "Selma Lagerlof." Miss Hazel Mathis won second place in the contest. The prize that Mrs. Braudt will receive for her play is a late book on the writing of the one-act play.

Judges in the contest were Mary Morgan Brown, Mrs. Lang, and Mrs. Earl C. Bryan.

The sting of reproach is the truth of it.

PHI BETA CHI GETS INTEREST

Le Mirage Executives to Submit Application Soon

Miss Amy Daniel, editor-in-chief of Le Mirage, has received the announcement of the organization of Phi Beta Chi, national honorary annual fraternity. The organization is made up of executives of college annuals, exclusively, and membership is based on the excellence of the yearbook published under the direction of the executives. Miss Daniel states that the staff of Le Mirage will submit their book and ask for membership in the fraternity.

The new organization is making rapid progress in its growth, having started only a short time ago with only a small membership.

Editors and business managers of annuals are admitted to membership only after a careful examination of their annual has been made by the fraternal examining board and it is found to be of high merit, both from an editorial and business standpoint.

The purpose of the honorary fraternity is to give credit to those who because of their outstanding work are entitled to public recognition. Only the editor and manager of a college or university annual are eligible for membership each year, no other students being allowed to enter.

A national convention is being planned for the future and the publication of a monthly periodical covering annual news throughout the country.

Miss Statira J. Thornton of Ft. Worth is corresponding secretary of the organization. Miss Thornton was business manager of the Daedalian, yearbook of the College of Industrial Arts, in her senior year at that school.

Junior Staff Chosen

Reece Moore has been selected as editor of the Junior edition of The Prairie which is to appear April 20. He is to be assisted by the following members of the Junior class: Fremont Mead, Assistant Editor; Wayne Boone and Willie McCarty, Sports; Twila Washburn, Society; Tip Bradford Carruth, Features; May Simmons, Ex-Students; Milton Beavers, Jokes; Carola Hettler, Mrs. Gray, and Ruth Patterson, Reporters.

PARENTS TO BE COLLEGE GUESTS MOTHER'S DAY

ANNUAL MOTHER'S DAY PROGRAM WILL BE HELD HERE ON MAY 9TH—PROGRAM IS ARRANGED

COLLEGE EXTENDS ALL INVITATION

Students Asked to Invite Mothers Here for Day as Guests of the College in Accordance With Custom of Previous Years

All churches at Canyon are united on Mother's Day, May 9, in a special service in the auditorium of the West Texas State Teachers College. Mother's Day is made a special occasion by the Teachers College every year.

This year the celebration will begin on Saturday when a program will be given in honor of visiting mothers and fathers. Special music is already underway for the service Sunday morning. Sunday afternoon the college building will be open and all visitors will be conducted through the entire plant. Sunday evening President J. A. Hill will address the students and their parents.

Mother's Day, 1925, found a very large number of mothers and fathers on the campus and students whose parents could not come were urged to write letters to them so that they would be received on the Sunday set apart to honor mothers. President J. A. Hill has not yet announced the speaker for Mother's Day.

2 SCOUT TROOPS START TEST WORK

Patrol Leaders Appointed by Examination Following Completion of Tenderfoot Tests at the College

Scouting has at last found its way to Canyon's boys. The recent movement to organize and establish boy scout troops in Canyon has succeeded. Two troops have been organized in Canyon, one at the Canyon High School, and another at the Training School. Guy Tabor is scoutmaster of the troop organized at the high school, and Irby Carruth is scoutmaster of the troop organized at the training school. Carruth's troop, which has C. W. West and Willie McCarty for assistant scout masters, has already been taking the tests for Tenderfoot Scouts, and many are already to take the test for second class Scouts, as soon as the required time expires. The troop held its first meeting last Thursday evening at 7:30 o'clock, in room 115, where the scouts took the Scout Oath, and the Scout laws were given in an impressive ceremony in which C. W. West presided. Each scout who had passed the tenderfoot test was given the tenderfoot pin.

The five boys who made the highest grade in the tenderfoot test are: Joe Boy Hill, Russell Bishop, Ernest Cabe, Winston Savage, and Lewis Shirley. Russell Bishop and Ernest Cabe were appointed patrol leaders, and Winston Savage and Lewis Shirley were made assistant patrol leaders. Joe Boy Hill, who made the highest score of all, will receive his award at a later date. "The scoutmasters are well pleased with the interest that the scouts have taken, and hope to have a full troop of first class Scouts by the time it is a few months old.

C. W. West and Ben Mosely are giving the Tenderfoot tests, and all who wish to take the tests should make arrangements with them. Some of the Scouts took part of their second class test on the hike last Saturday.

Miss Brown to Give Recital of "Enoch Arden" at Cousins

Miss Mary Morgan Brown, head of the department of Public Speaking, will give an interpretative recital at Cousins Hall on Thursday evening at 8:00 o'clock. Miss Brown will be assisted by Miss Hazel Allen of the department of Piano, who will accompany Miss Brown with the Strauss musical setting of Tennyson's poem.

Debating Teams Make Clean Sweep of Collegiate Matches With Denton and San Marcos

Vineyard and Carruth Win at Home From San Marcos; Periman and Cheaney Get 2-1 Vote Over Denton Teachers

Lawson Richardson and Walter Willis represented San Marcos Teachers College here last Friday, discussing the negative side of the question: Resolved, That it is to the best interests of the United States to join the World Court. Willard Vineyard and Irby Carruth took up the cause of W. T. with affirmative issues, which they upheld to the extent that another victory was added to the list.

The affirmative established as their main issues that the World Court is an essential step toward world peace; that the self-interest of the United States demands our entrance; that the World Court is sound; and that the World Court is workable.

The negative contended that the World Court is dangerous to the American people because of its connection with the League of Nations; of the entanglements in Anderson will champion its cause at the big meeting. Mrs. Mabel Watkins Lang is preparing the principal address to be given at the annual convention of the Seventh District Federation of Women's Clubs.

Along with the many other outside duties, Miss Brown and Miss Allen are preparing to give Enoch Arden. Their first appearance will be made in Canyon and later they will give the same program at Amarillo.

The Agriculture department had its additional work this week in the form of a stock judging contest for boys taking vocational agriculture in the thirty Panhandle schools which offer this work. The proof for the next college catalog has returned and Mr. R. P. Jarrett spent his spare time during the week end reading this proof.

About four-fifths of the entire faculty prepared for and conducted Sunday School classes and others made special preparation for other church activities.

W. T. S. T. C. is a hive in which the faculty members are not the drones. which we would be involved; and of the danger of encroachment on the Monroe Doctrine.

In the rebuttal, Mr. Carruth said that he did not see why the World Court is a dangerous institution, as it is an outgrowth of American ideals. He continued that it would be dangerous in regard to men, because no two men can come from one country, and are elected regardless of their nationality. Mr. Richardson said that the present arbitration system is sufficient. He also said that the judges were elected by the League of Nations; that there was fear of the domination of the League; and that there is a danger of entanglement with the League.

Mr. Vineyard made it plain that the question was: Resolved, That it is to the best interests that the United States join the World Court, not: Resolved, That it is to the best interests to the United States that the World Court is connected with the League of Nations. He continued, "The United States must show the world that she is not inconsistent, and that she will recognize her own child." Mr. Willis declared that the fast growth of the World Court held a danger, that of surpassing the Supreme Court of the United States.

Miss Angie Debo, professor of History is slightly ill following severe exposure during the cold weather of last week while judging a county meet.

Miss Jennie C. Ritchie, dean of women, visited in Austin last week and attended the wedding of her nephew, George Ritchie.

Registrar D. A. Shirley is rapidly recovering from his illness and expects to return to his work tomorrow.

Carl Periman and Daris Cheaney of the West Texas State Teachers College defeated the North Texas State Teachers College at Denton last Friday night. Periman and Cheaney debated the negative side of the World Court question. Basing their argument on the facts that adherence to the court would endanger the foreign policy of the United States inasmuch as it had always been the policy of this nation to steer clear of foreign entanglements, the West Texas team won a 2 to 1 decision over the Denton team.

This victory marks the first time in several years that the West Texas teams have made a clean sweep of their forensic schedule in the Texas Intercollegiate Debating Association.

Earl C. Bryan, professor of Public Speaking and coach of the debating teams here, accompanied Periman and Cheaney to Denton. The men are due to return to-day.

Heart Balm

The Prairie has received seven applications for the privilege of conducting the "Heart Balm" column which is to start in the near future. Aunt Sue, the lovable old lady who advised W. T. co-eds and eds in such a sweet way last year is not among the applicants.

"Peggy," "Smiles," Tipperary," and "Mother Macree" are among the outstanding applicants for the new staff post.

NET MEN WIN FROM BULLDOGS

McCarty-Jenkins Take Doubles and Lewis Wins Singles

The Buffalo Tennis team started the season off right when they defeated Clarendon Tuesday, two matches to one. McCarty and Jenkins started things off with a rush, downing the Clarendon team in straight sets, 6-2 and 6-3. The Buffalo doubles team was never in danger, the outcome being certain from the middle of the first set. Davis starred for the opposition, winning all of his services in the two sets. Jenkins' service was effective throughout the match. McCarty starred at the net, making kill after kill of the short lobs offered to him by the Clarendon lads.

Playing like a veteran in the high wind, Lewis annihilated Davis, Clarendon's best man in two consecutive sets, 6-2, and 6-3. Davis took the lead in the first set at 2-1, but Lewis took the next five games in Bill Tilden style. Davis rallied and offered stiffer opposition in the second portion of the match, but the Buffalo singles man had the match well in hand, and maintained a deciding lead throughout. Lewis' service was exceptionally good, considering the conditions of the weather, and he handed up a number of aces that Davis could not handle.

Edmund Dyche, playing on the Buffalo team for his first time, found harder opposition than did his teammates. Opposed by a more experienced man, and playing on a strange court in a high wind, Dyche could not get his low drives to going right, losing the match by the score of 1-6, and 4-6.

Clarendon will return the match in the near future.

Mr. Willis and Mr. Richardson of San Marcos were entertained Friday evening with an informal dance at the home of Miss Imogene McIntire. Only a few friends were present.

If passion drives, let reason hold the reins.

100 ATHLETES TO BE PRESENT AT COLLEGE MEET

COLLEGES ALREADY SIGNED TO ATTEND ASSURES KEEN COMPETITION IN ALL EVENTS

BURTON RECEIVES MEDALS FOR MEET

Roswell Enters Largest number of Men Showing Their Intention of Gaining Permanent Possession of Great Plains Trophy

Holding the Great Plains Track and Field Meet in its sixth year meet, the West Texas State Teachers College will be host to a number of entrants representing five or more colleges here April 16 and 17. Blanket tax admittance to students will be the feature of the meet to the students of the college. This is the first year that the blanket tax has admitted the Teachers College students, and the nominal admission fee of fifty cents for non-college students will undoubtedly prove a drawing card for the meet.

New Mexico Military Institute, Goodwell A. and M., Texas Tech, Clarendon College, and the Oklahoma Southwestern Teachers College have accepted Athletic Director Burton's invitation to send men to represent their respective schools in the contests. Invitations were also sent to Abilene Christian College, McMurry, and Wayland College to attend the meet, but Burton has stated that no word has been received from them as yet, and their participation in the meet is doubtful.

Keen competition for placement in every event is expected, as track athletics are rapidly coming to the front in the southwest. New Mexico Military Institute is putting in a high bid to take first honors in every event, and are sending 27 men to defend their colors. Goodwell A. and M., of Oklahoma, is to enter an even dozen contestants. N. M. I. has every year offered stiff competition in the distance runs and weight events, and reports come from Roswell that their prospects for a winning squad this season are bright.

Burton has received the handed some medals for the winners in the contests, and is pleased with the quality and appearance of them. The meet will begin promptly at ten o'clock Friday, April 16, the tennis playoffs initiating the other contests. Preliminary track events will be staged Saturday morning at the same hour, and the finals in the afternoon.

The Buffalo contestants in the various events bid fair to give a good account of themselves, though yesterday's meet in Lubbock, sponsored by the Tech, will be no aid to them in Saturday's meet, for the meets follow too closely one upon the other. The track and field meet held at Lubbock yesterday was necessarily postponed from last Saturday because of the unfavorable weather.

Lorraine Robbins and Ernest Cabe Winners

High school declamation contests between the freshman and sophomore classes were held during the chapel period last Thursday. Two contestants represented each class. First place went to Lorraine Robbins of the ninth grade. Second place went to Zoelena Bishop of the eighth grade and third place to Lonnie Beth Weaver of the 9th grade.

Ernest Cabe of the 8th grade won first place in the boys division of the contests. Second place was won by Milton Anderson and third place by Raymond Gilmore of the 9th grade.

The prizes awarded in the contest are given annually by the J. J. Walker Drug Store. This year the winning boy received a bronze Buffalo paper weight, and the winning girl a Karess toilet set.

Miss Willie Scruggs, who is teaching near Memphis, is planning to enter school here for the mid-spring term.

Spicy Comment From the Nation's Press

Perhaps the best thing to do about evolution is to live it down. —Toledo Blade.

All that business needs now is more confidence and fewer confidence men. —Boston Transcript.

Our leading obscure citizen is William Mitchell, at one time a ferocious Colonel. —Louisville Times.

Paradoxical as it may seem, the man who sings, "How Dry I Am" is seldom a Dry. —Southern Lumberman.

Some of those Wall Street operators know now how the farmer felt about the price of corn. —Omaha Bee.

Country is not steadier, but only Volsteadier. —Boston Shoe and Leather Reporter.

Aristide Briand will probably go on and on until he becomes Premier emeritus. —Indianapolis News.

Nothing is more futile than to put on your best clothes when you need a hair cut. —Ohio State Journal.

There were just as many careless drivers in the old days, but you see, the horses had sense. —Hartford Times.

We gather from a recent serial story that the Wilsonian era was one continuous House party. —The New Yorker.

Mussolini's principal perplexity right now is whether to be a second Caesar or a second Napoleon. —Southern Lumberman.

The latest prohibition joke is the proposal to appoint a committee of "unbiased" men to investigate it. —Florence (Ala.) Herald.

There are now three North Pole expeditions under way, and it looks as if the Florida boom had busted. —Wichita Eagle.

If the French can't find a minister to stop the decline of the franc, they may soon have to summon a priest. —Norfolk Virginian-Pilot.

The popular idea nowadays of the terrible hardships of American pioneers is that they had to start their automobiles with cranks. —Louisville Times.

In Texas, it seems, the most promising chance for a great industry would be the production of vindication in political qualities. —Houston Post-Dispatch.

An Indianapolis ice cream manufacturer has gone bankrupt, possibly because of too many frozen assets. —Florence (Ala.) Herald.

Florida real estate is becoming so valuable, we understand, that north-bound tourists are being compelled to dust off their automobiles before crossing the State line. —Columbus Dispatch.

The United States, a Washington dispatch proclaims, is back on good terms with Mexico. This will come as a shock to a lot of us who didn't even know we were mad at them. —Buffalo Express.

One may suspect that Brer Mussolini gets a reasonable amount of amusement at recent happenings in France and Switzerland, which his method of doing business manages to avoid. —Manchester Union.

The depressing thing about modern statesmanship is, it is almost impossible for a politician to be right without being too unpopular to be re-elected. —Houston Post.

Dispatch.

Scotland wants to ban the bagpipe, and we favor a musical instrument disarmament pact with her, the United States on her part discarding the saxophone. —Columbia Dispatch.

A political sage says that the coming year will show what metal the administration is made of. Senator Walsh thinks he already knows the name of the metal. —Southern Lumberman.

The Montreal Star cartoons Uncle Samuel entering the World Court in a barbed-wire pen, failing to give him credit for the barbed-wire entanglements he got through to get in. —Louisville Times.

It has been some time since Henry Ford bought Longfellow's village blacksmith shop, and we wonder why somebody hasn't also sold him the remains of the Hesperus by this time. —Kansas City Star.

Views of Famous People

"Busy people are not busybodies." —O. Herford.

"No race of critics can succeed." —Dr. E. Y. Mullins.

"The thing Americans will not devote to art is time." —Emilio de Gogorza.

"Skilled mechanics are decreasing in America at an alarming rate." —J. M. Hall.

"Compared to the old days, New York is like a Sunday school." —"Pussyfoot" Johnson.

"The man who leaves prison today has a much finer morale." —Sydney A. Mosely.

"The extravagance of the few becomes the high road of the many." —Compton Mackenzie.

"Juvenile crime is commoner in districts where there are no playing grounds." —Sir Howard Frank.

"Many of us weigh friendship with less care than we would weigh a pound of foodstuff." —John E. White.

"One way perhaps, the way, to end war is to make war unsafe for warcrats." —Rabbi Wise.

"Let us raise our standards rather than lower them—as I believe the modification of the Volstead Act would do." —J. W. Kline.

"What really ails education is that there is too much of it. Little Willie is being fed more than he can hold." —Don Seitz.

"If we are to flourish as a people and as individuals we must neither wastefully hoard nor wastefully exploit." —President Coolidge.

Isn't It The Truth?

Blowing in money is almost as silly as blowing out the gas.

Some people live 50 or 60 years with tight shoes always hurting their feet.

Popularity consists merely of keeping our troubles to ourselves.

A preacher is not known so much by what he says as why he says it.

Most of those who are demanding justice should be praying for mercy.

There is more hope for a young fool than an old one.

The man who knows it all is seldom the one who wins the bets.

Dry enforcement may not go far enough, but it comes high enough.

You never have to advertise a mistake—your friends do it for you.

Nowadays it seems to be dollars rather than sense that interests the world.

Fame, like life insurance, never matures until after we are too dead to enjoy it.

Hints From The

Etiquette Book

In signing letters use only your name—never any titles you may have.

Make letters to invalids or "shut-ins" cheerful—letting the outside sunshine in.

Let a gentleman escort leave a street car ahead of you without blocking his way.

Remember that words of condolence should be as prompt as the compassionate impulse.

Remember that talking or the snapping of a pocketbook catch is annoying to others at a theater.

If a person chances to meet the eye of an acquaintance in church he may recognize him with a half-way smile. Bowing or whispering greetings are not in good taste, particularly after the service has begun. Church greetings should be deferred until the vestibule or street have been reached.

Patronize Prairie advertisers.

BISON BULL (PEDIGREED BRAND)

By Squint

BISON BULL

They stroled neeth the treeze, just the too of them. He kist her just like a lark alights on a fence post. You wouldn't have thought they were married, and they wurnt.

"Over the fence is out," silently murmured convict no. 1776 in a loud voice as he dropped over and outside the prison wall.—Ex.

Shut Up!

The chronic griper is the man who makes himself and others miserable by finding fault with everybody and everything. Nothing pleases him but the sound of his own voice when he is defaming character or belittling true merit in one of his fellows. A griper will never get to heaven because he'd spoil the place for everybody. There isn't a use for him on earth. That just leaves one place for the griper to situate, and we pity his landlord. The griper will find fault with the heating system right off, and suggest a better kind of coal, more windows, and painless ptichforks, and prove a general nuisance to his fellows in torture. But that's his logical home; now ain't it so?

Some gals like boys with red hair, but the one's with green backs are the most popular.—Aegis.

Mrs. Lang Says—

that you can't have light without heat, but lots of arguments are the reverse of this, namely heat without any light. That reminds us of the story in which two fellows were arguing about the result that would obtain if an irresistible force bumped into an immovable object. A listener told them that there was no use arguing about it, that the result would be inconceivable. The talkers were so ashamed that one became a hermit, and the other committed suicide. Don't forget to write the folks at home. We thank you.

It has been reported that the ink said just as it was about to be embraced by the inkwell, "Kiss me, darling, I'm terribly blue." We would like to have saw that. (Wulley '1492z.)

Found—A brand new ten dollar bill with numbers on it. Will loser please see me and identify it.—Tom Knighton.

Health Hints

Don't pick on this little Knowles boy.

Don't cough or sneeze in chapel on Saturdays.

Don't make faces at Dean Allen.

Don't argue with Ray Bivins.

Don't make more than three chapel announcements on one day.

Don't eat between meals.

No, Geronimo, musical terms aren't the monthly payments on your mail order banjo.

WHERE THE STUDENTS FEEL AT HOME

No Convention

No, folks, there wasn't a Chamber of Commerce Convention in town last week, that crowd you saw was just a few of the local merchants meeting the college bus to see if we had returned to town to assume our debts again. Three drug store owners, two confectioners, and seventeen kolij steweds breathed a sigh of relief when we lightly tripped out of the bus. We didn't really "trip" out of the bus, but you often hear the word used that way, you know.

BOOKS

The announcement of a gift of four million dollars from the Carnegie Corporation to the American Library Association is made on the eve of going to press. While the details are not yet in hand the fact is in itself profoundly stirring. * * * It is profoundly desirable that those who support the libraries, may understand more clearly and to a better purpose the mission of books and the duty of making their intelligent use by everyone, youth and those of older years, a matter of course in every phase of life, "for information, for inspiration, and for recreation."

* * * Mr. Carnegie is dead but yet speaks thru his recorded desires "for more and better books for everybody." What the people of America gave him in his years of activity, he desired should be returned to them thru the channel that to him seemed the most important avenue of life, good libraries, well administered.—Libraries.

One of W. T.'s most pressing needs is adequate library facilities.

The approaching marriage of Miss Frances Charles of Amarillo to W. A. Brown of Amarillo and Waco was made recently. Miss Charles is a former student of the College.

Miss Willie Mae Hawthorne of Lubbock was a visitor here last week.

Olin E. Hinkle Wins Other Honors.

Olin E. Hinkle, a member of last years senior class who is now studying in the School of Journalism at Missouri University was accorded new scholarship honors last week in addition to those which he has captured during the year when he was elected to membership in Kappa Tau Alpha, an honorary scholarship society similar to the Lloyd Green Allen Scholarship Society of this institution. Mr. Hinkle will receive the B. J. degree from the University of Missouri in June.

The name of Eldon Thorp, a student here last year, appears on a recent honor roll of the Texas Tech. Mr. Thorp's home is in Lubbock.

"The most advanced step in hosiery making of the century."

A-1 Elapheian Described at Meeting

At the business meeting of the Elapheian Literary Society Friday evening a talk was made on what it takes to be an A-1 Elapheian. Plans for the Antler-Elapheian Banquet were also made at the meeting.

The next regular meeting will be held Friday night in Room 211 at 7:30 o'clock.

Training School Grades Give Fairyland Program

"The Scouts' Trip to Fairyland," a song-play by Ruth Stephen Porter, was presented in chapel Saturday morning by all grades of the training school.

The first scene was of the scouts in camp; the second was a group of nature lyrics by different grades; and the last was the closing of the camp scene. This play was taken from the regular class work of the training school, and was directed by Miss Ada Clark.

Out-of-State Club Hears of Oklahoma

The Out-of-State Club met Monday evening with the Oklahoma members in charge of the program.

Miss Debo spoke of the "run" the opening of the territory to settlement, and the history of Oklahoma. Miss Lula Page told about the different Indian tribes of the state. The Oklahoma quartet sang the state song. The meeting closed with the Out-of-State Club song by the members.

Women's Athletic Association has Meet

The girls of W. A. A. assembled in the old gymnasium at 7:30 Thursday evening and held a short business meeting. The following athletic groups were organized, swimming club, tennis club, and volleyball club, with Beulah Lee Rutherford, Carolyn Sherman, Ruby Combs to lead the organization.

After the business meeting a short social was held.

Mr. Howard Morris of Salem, Indiana, spent Sunday, April 3, visiting with Miss Delia Wyson. Mr. Morris has accepted a position in Panhandle.

Dormitory Dope

Cousins Hall

Misses Evelyn Hood, Florence Barrier, Wanda Vincent, Nancy Teel, went to Amarillo; Miss Era Christopher of Miami visited her sister, Mabel, over the week end.

Randall Hall

Misses Johanna Tolck and Mary Frances Miller went to Amarillo for the week end. Miss Beulah Lee Rutherford visited friends in Hereford over the week end.

West Leads B. S. U. Exercises

The B. S. U. Council met last Tuesday afternoon at 4:30 in its regular meeting. C. W. West led the devotional, and read as scripture reading, the sixth chapter of Proverbs. The various committees made their reports.

Mr. and Mrs. Waite were at the meeting, and both gave a short talk in regard to the importance of the council. They also emphasized the fact that they would be glad to help the council at any time in any way possible.

The Hudson's Bay Company will operate an ice breaker on Hudson's Bay this year, for the first time in the 250 years' existence of the company, to open up navigation earlier than usual.

A word to the wise is sufficient—to start a row.

Doris Kemp and Jack Foster Married

Miss Doris Kemp and Jack Foster were united in marriage last Sunday at the bride's home in Summerfield. Miss Catherine Rockwell and Robert Foster were the only attendants. The happy pair are at home to their many friends in Canyon.

What Women Are Doing

An enterprising woman in London has built up a large and profitable business as a dealer in secondhand typewriters.

A Mrs. Childs of London is in charge of a business whose main stock in trade consists of snakes and lizards. The business was started by her father in 1853.

In Turkey, where women have for centuries lived a secluded life, there are few Moslem telephone operators. The young women thus employed are usually Jews, Armenians or Greeks.

With a woman, the "prime" of life—that is, the period at which she is at her best mentally and physically—is, on the average, between the age of twenty-five and forty. With a man the age is from thirty to fifty-five.

The Dominion government has granted a site in Ottawa for a national women's memorial hall, which will be used to house the general offices of virtually all of the prominent national organizations of women in Canada.

Miss Kathleen Britter, a London girl who was tired of short-hand and typing and who set to work to understand all the intricacies of her employers' business, is now, at twenty-four, the first woman conveyancer in England. Her business is the drawing of deeds for transferring property titles.

An exhibition at the British Museum of antiquities recovered from the Ur site, mentioned in the Bible as the original home of Abraham, includes pigmy women in flounces, frills, or accordion plaits, and wearing all sorts of ornaments and good luck charms consisting of the heads of lions, bulls and frogs.

College Jersey Completes 700-lb. Milk Record

The College has completed the second Register of Merit test on the Jersey cow, Gamboge Fox's Lady Rosette, with the result that this cow now has a 700-pound record to her credit.

Gamboge Fox's Lady Rosette was started on test at 6 years and 8 months of age and in 365 days she produced 705.66 pounds of butter-fat and 14,843 pounds of milk. When tested as a junior two-year-old, she produced 603.98 pounds of butter-fat and 11,375 pounds of milk in 365 days qualifying for a Silver Medal.

The sire of Gamboge Fox's Lady Rosette is Gamboge Knight's Fox, a Silver Medal son of Gamboge's Knight. Her dam is the Gold Medal cow, Lady Rosette of N. S. F. This dam has four very good Register of Merit records to her credit.

BAND PLAYED SATURDAY

The Buffalo Band played a concert Saturday afternoon on the street, visiting three sections of the public square. A large crowd gathered to enjoy the music of the band, and greatly appreciated having the band play. A number of concerts will likely be given by the Band during the spring.

Life is a mirror—it reflects your smiles as easily as it reflects your frowns.

Buffaloes Return From Long Journey Over State; McMurry, Tech and Wayland Beaten By Diamond Men; Clarendon Played Next

Elkins, Fonkin, Hill and Johnston Pitch Good Ball on Trip to South Plains Schools; Johnston and Hill Leading Hitters

After splitting contests with the Texas Tech in Lubbock and defeating the Wayland College nine 11 and 10 in Plainville Wednesday, the Buff baseball squad returned home last Wednesday night. The Lubbock team won the first game by the count of 19 to 8, but dropped the second 14 to 9. Both games were played in a blinding snowstorm which proved a very material aid to either side which happened to be at bat. Fonkin pitched the second Tech game in a masterful style, getting several assists himself and a pair of hits.

Four Bison pitchers failed to stop the onslaught of the Tech sluggers in the first melee, and it took as many Tech hurlers to last the nine innings in the second game. The Lubbock aggregation has been considerably strengthened lately by the acquisition of Hayden and Curtis from Amarillo.

Hardin, Boyles was injured in the second of the McMurry games, and was sent home to receive medical treatment, having caught Johnston in his victory over the Indians in the last game played by the Buffs in Abilene. Weakness at the bat and early season fielding faults seem to have lost the games for the Teachers in Abilene, but a marked improvement in each of these phases of the game was shown in the Lubbock contests.

Elkins, Fonkin, Hill, and Johnston pitched good ball for the Bisons, and a majority of wins would have been turned in had they been backed more efficiently. Capt. Johnston and Gilbert Hill are leading the club in ability with the bat, and Keith is looking much better with the ashken stick. Bivins was shifted early in the week at Abilene to play the first sack, and has proven a shifty and accurate first sacker.

With the majority of the games on the schedule yet to be played, and a marked improvement having been shown in every department of the game, it seems as if the Bisons are to have a fairly successful season. Tech, Daniel Baker, Clarendon, Roswell, McMurry, and A. C. C. are each to play a two game series on the home field, and Wayland is to play a game at Canyon in the near future, the date having not yet been definitely decided upon.

Games with Roswell scheduled for yesterday and to-day have been called off because of unfavorable weather. The next games will be played with Clarendon College next Monday and Tuesday, April 19 and 20.

A GOOD CITIZEN

Whenever we need money to promote a fair, or a community event of any kind we go to him and ask for a contribution. And he usually comes across.

Whenever we need a few loyal workers who are willing to do something for the town without immediate profit in sight, we call upon him and he rolls up his sleeves and gets busy.

Whenever we find ourselves in hard straits financially, we go to him, tell our story, and get a reasonable line of credit.

And then at times we forget what he means to our community and complain about the way he runs his business and the kind of service he gives us.

"Who is this fellow?" you ask. Why, he's your local merchant.

Glass, china and reputation are easily cracked and never well mended.

Snappy Humor

Bride-to-be: "Do you know that the girls are giving a breakfast shower?"

"What are they serving, grapefruit?"—Life.

HENRY'S ALIBI

Teacher (to boy sitting idly in school during writing time): Henry, why are you not writing?

Henry: I ain't got no pen.

Teacher: Where's your grammar?

Henry: She's dead.—Dry Goods Economist.

STRUCK IT RIGHT

I was struck by the beauty of her right hand.

I tried to kiss her.

As I say,

I was struck by the beauty of her right hand.—Wisconsin Octopus.

A DRAW

"Well, I must be off. I've an appointment with mother."

The second woman gave an astounded laugh.

"My dear," she said, "is it possible that you have a mother living?"

"Yes, oh, yes," replied the first woman; and then she laughed in her turn. "And I don't believe she looks a day older than you."

Had not Bartholomew, brother of Columbus, been detained by pirates when on his way to ask aid from Henry the Seventh of England, America might have been discovered in the name of the British king.

A domestic science school in Chicago has started a course in meat carving to aid husbands.

He does not possess wealth; it possesses him.

FIFTY YEARS AGO

Folks boiled coffee and settled it with an egg.

Ladies rode on side saddles.

Little Johnnie wore brass-toe boots and daddy wore brogans.

When the preacher told the truth people said amen.

Left-over noon victuals were finished at supper time.

Neighbors asked about your family and meant it.

Merry-go-rounds were called flying jennies.

It took twenty minutes to shine shoes with Mason's blacking.

Ladies' dresses reached from their necks to their heels.

People served pot licker instead of canned soup.

Only crooks on record were lightning rod agents.

Indigestion was called plain bellyache.

The neighbors got fresh meat at hog killing time.

Cotton seed was considered good fertilizer.

And men made the same wife do a life time.

Love your neighbor but don't pull down your hedge.

Many Studes Are Cowering in Terror

Superstitious Lads and Lassies Pick Up Pins For Luck

Are you superstitious?

If you admit it you are certainly not an average student. Of 100 students who have been asked this question, only 17 were frank enough to admit their failing. Yet out of that hundred few have been found free entirely from superstitious beliefs. Many students who refuse to admit being superstitious readily agree that in some cases they are "cautious."

At the West Texas State Teachers College the students' superstitions are many and varied. They vary from picking up pins from the sidewalks to deciding their most important questions during the period of a full moon. Here are a few of these vestiges of dark ages, but the initials used are entirely fictitious. How many will you confess?

R. W. has a box literally full of a mixture of hair pins, straight pins and bent pins. He has formed the habit of picking them up in accordance with the superstition "find a pin and pick it up and all that day you'll have good luck." He is afraid to dispose of them because he has "heard that when you throw away a pin you have picked up you are throwing away a friend." He is not alone in this superstition. It is one of the most common on the Campus.

Did you dodge any ladders or scaffolds during the time the inside walls of the College building were being repainted? That is, for any reason other than fear of getting paint on your frock. During the rush hour just before 1:30 classes a check was kept on the number of students that refused to walk under the scaffolds, and those that walked under reluctantly. If you are one of those that walked under them without hesitation you are one in ten. It's bad luck, you know, if you walk under a tressle or a ladder—at least a lot of students think so.

Do you know this girl? She carries a bottle of ink and a steel writing pen to class with her at examination time although she uses a fountain pen at all other times. She believes that she has never made a good grade on quizzes written with her fountain pen, but declares that she has never made a grade lower than "B" using that steel scratcher.

This fellow takes the cake, though. At examination time his finger nails are long and quite extraordinarily dirty. He's afraid to trim them until the quizzes are over for fear he'll flunk. He doesn't know where he got the idea, but he swears he isn't superstitious. Many studes won't have their hair cut during periods ranging from two weeks to

three days before examinations, and some of them have never heard of Sampson, either. They all believe that the shaggy hair brings them luck.

How strongly do you bank on that lucky penny? Tokens of a thousand kinds are carried by students. Some of them are small, cheap things found "in the pit when the tanner died" or some such place supposedly sacred to the goddesses of Luck. One fellow has a wisp of hair curled inside a little cup in his ring. He found the hair in a cake of butter on Friday, his lucky day.

Here's one with a touch of pathos. X. Z. carries a cigarette protected by a coat of glue. He keeps it in a silver tube that looks like a lipstick holder. That cigarette was given him by a brother who never came back from France. He firmly believes that as long as he carries that cigarette he will not smoke and that he will be strong and healthy. As he weighs 165 and is as strong as the proverbial ox his talisman has a fair chance of making good.

Friday the 13th, of course, is everybody's Jonah. Two fellows, and only two have been found who think it their luckiest day. One of these, J. M., broke an ankle on Friday the 13th and escaped final examinations. His professors passed him without his quizzes and he is strong for Friday and number 13.

Do you read the horoscope each day as it appears in the papers? A certain group of girls headed by B. L., who started it all, are ardent believers in the horoscope, looking upon it in much the same light as the ancient Greeks did the Oracles. One of them feigned sickness not long ago when the horoscope predicted "uncertainty and probably calamity for people born on March 15." Julius Caesar was warned too, remember.

The above list of superstitions is sufficient to give the general trend of beliefs in magic evinced by students. Nearly all have some way of getting around the dire results predicted by superstitious signs. P. W. recites the Lord's prayer when a black cat crosses her path. She believes in evolution, too. Some, particularly the boys, turn around in their tracks when threatened by superstition, and spit over their right shoulder. Do you cross your fingers when you make a doubtful statement? Superstitious belief is not held to strictly and many students "cheat the hoodoo" by making a spell of their own to counteract black cat episodes.

Many superstitions die out and are no longer used because of forgetfulness on the part of the students. Some are supplanted by others which appear to have a more horrible significance. They are mostly mere surface manifestations and so far there is no

Hair Cuts Tabooed at Examination Time By Timid Souls

danger of nervous prostration over a superstitious happening.

Superstitions prevail because of a lack of analysis of the events entering into the situation which governs it, a noted psychologist has said. In other words, you attribute an unfortunate event to superstition when an analysis of that happening would reveal a perfectly sound reason for the state of affairs. Don't blame everything on the black cat. What is most unreasonable is the fact that students who are superstitious will continue to accept that belief as fact regardless of negative proof. They are afraid to violate the law of superstition simply because they have an abnormal fear of bad luck.

Perhaps some of you remember the story told about the millionaire who set out to test the Friday the 13th hoodoo. He built a ship of 1313 tons displacement which set sail from Bridgeport in the old days of sail and hawser. It sailed 13 minutes after twelve o'clock on Friday the 13th from dock number 13, with 13 sails aloft and 26 men aboard. The ship's captain was born on Friday the 13, 1826, and as many of the crew as possible were born on the same date or a multiple of that date. Unfortunately for the millionaire, the ship was never heard from. It is to be presumed that she was sunk in a 13 mile an hour wind by the 13th wave.

Throw away that lucky penny.

ISN'T IT THE TRUTH

A great man's hardest task is to keep on being great.

A man in love will do anything, but he usually does nothing.

The harder the race for pleasure the less of a prize is gained.

All things are more apt to come to those who don't wait for them.

Being an easy mark saves a lot of wear and tear on the disposition.

The only thing a married man gets much chance to save is his choice.

Political activity sometimes consists of an ability to dodge an issue.

The grim reaper never stops to consider that a man may be too busy to die.

If some people didn't talk about what they are going to do they wouldn't have anything to talk about.—Exchange.

The mind is a bank that pays compound interest on the knowledge you deposit in it.

The first principle of business is that you can not spend the same dollar bill twice.

The moral standard of a country will always be set by the standard the women set.

Billie McClure and Deward Reed are the coaches of the tennis team and track team of Muleshoe that won honors at the recent Bailey County Interscholastic League meet. The track team captured all first places with one exception.

A. D. Payne Candidate for Legislature

A. D. Payne, who is now completing his fourth year as superintendent of the Canyon Public Schools, announced last week that he is a candidate for state representative of the 123 district. He will retire from the public school work in May and begin the practice of law in Amarillo. Mr. Payne received the B. A. degree from the College with the Class of '22.

Ruby Lattimore Directs Camp Fire Girls in Arizona

Miss Ruby Lattimore, a former student, who is now director of Camp Fire girls' work in Arizona recently supervised an egg rolling contest among camp fire girls at Phoenix. Concerning this unique sport the Arizona Republican of April 5th, says:

Nearly 500 Camp Fire girls, representing councils at Peoria, Arlington, Laveen, Glendale, Mesa, Temple, Buckeye and the several Phoenix councils, took part in the Camp Fire egg rolling contest held on the State Capitol lawn Saturday morning. The contest was held under the supervision of Ruby Lattimore of the department of vocational education and Annie Moore, local director of Camp Fire work.

Governor Hunt welcomed the girls to the grounds and rolled first egg, starting the contest. Preliminary contests were held before the main event by the different council groups with the winners of the preliminaries competing for

the championship of the meet. The Monroe and Madison school groups were the winners of the contest.

The girls were dressed in the conventional white middie and blue skirt costume and carried colorful baskets and gaily painted sticks with which the eggs were rolled.

After the contest the entire group was conducted through the capitol building by A. M. Davis, an active supporter of Camp Fire work, who explained the different features of the building and its departments.

In connection with the egg rolling contest a display of handiwork of the Camp Fire girls was exhibited at the grounds. The exhibition included many beautiful pieces of embroidery and other kinds of handiwork.

A tame elephant eats more than one thousand pounds of greed fodder and twenty-five pounds of unhusked rice daily.

The truth is mighty but it isn't always welcome.

Banks of Canyon Institute Monthly Service Charge

Owing to the expense and labor incident to handling the details and making monthly statements to customers, the banks of Canyon have been forced to charge a ser-

vice fee of fifty cents per month on personal accounts which average less than a daily balance of \$50.00 for a given month. This monthly charge will begin with the month of May, 1926.

Banks all over the country have adopted this policy, being driven to it by economic conditions; and banking conditions in Canyon are not more favorable than they are in many other places.
