

THE PRAIRIE

PUBLISHED EVERY TUESDAY BY THE STUDENTS OF THE WEST TEXAS STATE TEACHERS COLLEGE.

VOLUME IX.

CANYON, TEXAS, TUESDAY, APRIL 3, 1928.

NUMBER 24

NURSERY HOME WILL BE BUILT AS A MEMORIAL

MR. AND MRS. O. L. COLEMAN TO BUILD NURSERY IN HONOR OF DAUGHTER WHO DIED LAST YEAR.

Mr. and Mrs. O. L. Coleman of Canyon, working with the College High School Class of 1927, have just announced that they will found, within the next year, the Fanita Coleman Nursery School. This is being planned as a memorial to their daughter whose death occurred last year about two months after her graduation from the college high school.

A site east of the college has been purchased and improvement of the property has already begun. Trees have been planted and it is expected that a temporary building will be erected next year.

This project was selected as a suitable memorial for Fanita Coleman because she was deeply interested in the activities and development of small children as she saw them at the college and in the neighborhood where she lived. Her college course had been carefully planned so that she might devote her life to the betterment of small children. It is the hope of Mr. and Mrs. Coleman that this memorial may, in a small way, serve to perpetuate her ideals.

In order to accommodate children of pre-school age who may be in Canyon this summer, plans have been made to operate a combination day nursery school just off the campus of the college. Children between the ages of two and five will be cared for by an experienced teacher of small children.

It is considered desirable that children shall spend the hours from eight-thirty to three-thirty in the nursery school, but it will be possible for parents to arrange to have their children cared for for shorter periods during the day.

Children who remain the entire time will have the advantage of supervised lunch and rest periods. Very simple play activities suited to the ages of the children will be used, every effort being made to keep the atmosphere as natural and homelike as possible. Because the work must be self supporting it will be necessary to charge a small fee for this work.

The plans for the work this summer are being made by a committee under the chairmanship of Miss Ruth Lowes, kindergarten instructor in the College. Persons who wish detailed information about this may communicate with her. Canyon is to be congratulated upon the opportunity to establish one of the first nursery schools in the state. The nursery school movement is new and most of the schools of this type have been established in large cities.

Mr. and Mrs. Coleman have chosen a memorial for their daughter which will be a source of blessing to hundreds of tiny children, and will be a laboratory for study which will do much to make the West Texas State Teachers College known for the excellence of its work.

Students Added to Honor Group

The following additions to the honor roll for the winter quarter have been announced:

Herbert Campbell
Montie Draper
Josephine Dufflot
Mabel McGlaun
Wilhelmina Oberst
Alice Sheets
Georgia Whittenburg
Nannie Lee Whittenburg
J. G. Thompson
Emmett Hazlewood
George Broadwell
Ethel Clare Oatis
Flora Baker

W. T. EX-STUDENT IS GIVEN SIGNAL HONOR

Ima M. Kuykendall, kindergarten and primary supervisor of the Fort Worth public schools, and an ex-student of W. T. S. T. C., has been invited to be one of some thirty people in the United States to attend a curriculum conference at the Teachers College, Columbia University. This conference will be held April 10 and 11.

SCHOLARSHIP SOCIETY

The Lloyd Green Allen Chapter of the Scholarship Societies of the South will have a very important meeting in Room 104, Wednesday, April 4, at 6:45 p. m. This will be our last business meeting of the year; therefore, we expect every member to be present.

Edna Graham,
Council Member.

Appearance of London String Quartet at W. T. is Attracting Attention from Nearby Towns

London Organization is Greatest of its Kind in the World.

Many inquiries are coming to W. T. from nearby towns in regard to the lyeum program to be given in the college auditorium next Monday evening by the London String Quartet, undoubtedly the greatest organization of its kind in the world. Indications are that there will be a record attendance of members of the student body, townspeople, and music lovers from adjoining towns.

The London String Quartet is being brought to Canyon by the lyeum committee, and it will be a blanket tax attraction. Announcement of the numbers comprised the program to be presented here cannot yet be made, but it is known that the quartet is making a tremendous hit wherever it appears; so W. T. students may well expect a treat next Monday evening. Chamber music has always been much in favor in Canyon, and it is expected that the appearance of the London organization will make it more popular here than ever before.

W. T. VISITED BY INSPECTOR FROM A. A. U. W.

EDNA McDANIEL, NATIONAL REPRESENTATIVE MAKES INSPECTION OF COLLEGE TO DETERMINE RANK.

Miss Edna McDaniel, a member of the National Executive committee of the American Association of University Women visited at the College on an inspection tour Tuesday.

Miss McDaniel was Dean of Women at Baylor University for two years before going to Oklahoma University, where she now holds the office of Dean of Women.

Miss McDaniel was met in Amarillo by members of A. A. U. W. and had breakfast there. She came to Canyon for the purpose of ranking this institution. The college has regional ranking, but is applying for national membership. The report that Miss McDaniel makes will go far in determining the classification W. T. receives.

Tuesday afternoon Miss McDaniel inspected the college plant, the girls dormitories, boarding houses, and light housekeeping rooms. She said that these facilities were on an average with those found at the University of Oklahoma. She spoke highly of the dean of women of the college here.

Miss McDaniel left Tuesday afternoon for Denton where she will inspect the College of Industrial Arts and the Teachers College. From there she will go to the meeting of the Texas Division in Fort Worth, and then on to the National meeting in New Orleans. It is at this last meeting that Miss McDaniel will make her report and the college will receive its new classification.

DEBATERS HAVE GOOD MEETINGS

CLUB USES OPEN FORUM PLAN; WILL HAVE FOUR INTERCOLLEGIATE CONTESTS DURING SPRING.

"The Present-Day Press," and "Co-Education," were the first two subjects dealt with last week by the debate club in a series of open forum discussions. Twenty-five members of the organization spoke on the latter subject. Various other problems will be discussed during this term in the meetings of the club each Monday evening.

At present, the plan is to have four more intercollegiate debates this year. Two of these will be girls' debates. The men's debates will be early in April, with North Texas State Teachers College and Southwest Texas Teachers College putting forth the opposing teams. The debate club is considering plans for a banquet to be held some time during the quarter.

Dr. R. P. Jarrett will speak at Roseland, in Floyd County, at a community banquet, April 6.

Mrs. Scott, who is well known to W. T. Students, has recently returned from California, where she has visited since last summer with her daughter.

DANCING CLASS GIVES PROGRAM

W. T. GIRLS GIVE PROGRAM BEFORE HEREFORD PARENT-TEACHERS' ASSOCIATION ON FRIDAY AFTERNOON.

Members of one of the dancing classes in the department of Physical Education for women presented a number of dances before the Hereford Parent-Teachers' Association last Friday afternoon. The association program was a study of fine arts appreciation, and it was for this reason that the appearance of the girls was arranged as a part of the program.

The girls who were on the program were: June Koller, Ernestine Williams, Hannah McCormick, Laura Pearson, and Vida Savage. Mrs. Ethel Gray Shaw, their instructor, accompanied them on the trip.

ARTISTS GIVE PROGRAM HERE

McFARLAND AND GARDNER, BLIND BRUNSWICK ARTISTS APPEAR IN LOCAL AUDITORIUM SATURDAY.

Lester McFarland and Robert A. Gardner, recording artists for the Brunswick company, gave an enjoyable musical entertainment in the college auditorium, Saturday evening, March 31.

Although both artists are handicapped by total blindness, they play the piano, mandolin, guitar, and the harmonica as accompaniments to the vocal solos and duets they give.

McFarland and Gardner sang a number of the old favorite selections as well as many of the present popular songs. Many requests for songs were sent in by members of the audience, the singers complying with these requests insofar as they were able.

The program here was sponsored by the Woman's Athletic Association of W. T.

Total Enrollment For Year 1381

With the enrollment of 39 new college students this quarter, the total number of students for the year is brought to 1381. This includes college, high school, training school, and correspondence students.

Enrollment in the college for the year has reached 875; while the high school has enrolled 162 students, and the training school 338. Correspondence students number 206.

The total for the year will be raised at mid-term by the entrance of a number of students for the six-weeks term, instituted for the benefit of those people whose schools are out early and who would like to be doing college work in the interval between the closing of their schools and the opening of the summer session.

Miss Inez Murrell, of Amarillo, spent the week end in Canyon with Jewell Cowan.

UNITED PRESS MANAGER IS INVITED HERE

RALPH TURNER ASKED TO BE MAIN SPEAKER AT T. I. P. A. MEET; OLIN E. HINKLE ACCEPTS.

Ralph Turner, of Kansas City, Missouri, Southwestern manager of the United Press, has been extended an invitation through Delmer Ashworth, president of the T. I. P. A., to be the main speaker at the convention of the Texas Intercollegiate Press Association here, April 27 and 28.

Mr. Turner is as yet unable to give definite answer, but it is believed that he will see his way clear to be able to attend the Texas meeting. Mr. Turner is an outstanding figure in the newspaper field of this country, and will be a drawing-card for the convention if he is able to come to Canyon.

Olin E. Hinkle, editor of the Pampa Daily News, has accepted the invitation extended him to appear at the meeting. He will be on the program for the morning of the second day, and will probably take as his subject, "College Journalism as a Preparation for Professional Newspaper Work."

Mr. Hinkle is well-qualified to talk at the meeting of the T. I. P. A., since he participated in its contests while a college student. He is a graduate of W. T. and a former editor of The Prairie.

Gene Howe, editor of the Amarillo New-Globe, who has been invited to attend the meeting here, will probably be unable to attend. It is hoped to secure T. E. Johnson, managing editor of the News, to talk on some phase of his work in the newspaper profession.

Intensive work is now being done by local officers of the T. I. P. A. in preparation for the convention. Arrangements are being made to entertain the delegates and carry off the convention program in good fashion. Several local organizations will be asked to assist the press club during the convention.

A tentative program for the meeting will be printed in the next issue of The Prairie.

BUFFALOES TO ENGAGE CADETS IN DUAL MEET

TRADITIONAL RIVALRY BETWEEN TWO SCHOOLS WILL MAKE MEET HARD-FOUGHT AND INTERESTING.

Renewing a rivalry that has existed over a period of years, the Buffalo track team will go to Roswell, New Mexico, April 7, to engage the New Mexico Military Institute in the annual track and field meet between the two schools. This meet always assumes an important aspect and each team puts its full strength into the field for victory.

In the last two clashes the Buffaloes have come off victorious but the prospect of a victory this year does not seem so bright as heretofore. Mr. Burton has several men who may be counted on for sure points, yet the team lacks the balance that characterized the team of a year ago.

Another blow to championship hopes was struck a few days past when Willie Bennett, hurdler and dash man, withdrew from school. (Continued on last page)

WYOMING MAN VISITOR HERE

DR. NELSON OF WYOMING U. SPENDS TWO DAYS HERE WHILE ON VACATION AND TALKS IN ASSEMBLY.

Dr. Nelson, head of the department of technical botany in the University of Wyoming, was a visitor at W. T. S. T. C. last week, and spoke to the student body at the chapel hour Saturday.

The Wyoming instructor is on leave of absence from the university during the spring term; and he and his wife are making a leisurely tour of the Southwest, visiting many educational institutions along the way. While here, he talked to some of the science classes of the college on the subject of taxonomy.

In making his appearance before the student body, Dr. Nelson read a very interesting paper which he prepared to read before an organization in his home university. In it he gave in a very delightful style, some clever comments on the teachings of some notable scientists.

CAGERS GIVEN TROPHIES HERE

BASKETBALL TROPHY GIVEN T. I. A. A. CHAMPIONS IN CHAPEL; COUSINS RECEIVE SWEATER AWARDS.

Two basketball teams, T. I. A. A. and intramural champions, received awards at chapel Saturday in the form of a large silver basketball trophy for the former team and sweaters for the latter one.

The silver basketball was presented to the team by students of the college and citizens of the town in appreciation of the winning of the T. I. A. A. championship for West Texas State Teachers College for the third time in six years. In the six years which Coach S. D. Burton has been a faculty member of the college, the basketball teams have played 146 intercollegiate games and won 124 of them. Ben Guill, in his presentation of the trophy, praised Coach Burton highly for his untiring effort to make the team what it is.

The Cousins basketball team was the winner of the intramural championship. The men to receive sweaters were: David Lee, Reuben Asbury, Arlin Turner, Bonner McCarty, and Emmett Hazelwood. These sweaters were purchased with funds raised by the intramural games.

Bufs May Enter Oklahoma Relays

It is possible that the West Texas State Teachers College will be represented in the coming Oklahoma Relays to be held at Norman, Oklahoma, about the middle of April.

Mr. Burton has intimated that he may take a relay team to the Relays. Whether or not he will do it, depends on the time that the W. T. team makes against the Cadets at Roswell, April 7. Should the relay team show enough stuff to warrant a good showing at the Sooner Relays, it is very likely that the trip will be made.

Misses Mary Morgan Brown, Margaret Wiley, Jewell Cowan, and Mr. and Mrs. L. A. Osgood went to Amarillo Wednesday evening to see the play "Everyman."

Annual Session of Historical Society is Highly Successful; Great Progress Made in Work

Money is Raised for First Publication of Society; Campaign Started to Finance \$50,000 museum for Relics; Miniature Chuck-Wagon Attracts Notice.

Notable advancement in the work of the Panhandle-Plains Historical Society was made here Saturday at the annual session of the group, when money was raised to finance a publication for the society, and a campaign was started for the erection, in the near future, of a \$50,000 museum in which to house the great number of relics collected by the organization.

Judge H. E. Hoover, of Canadian, was appointed chairman of a committee to raise money for the building which will fill a long-felt want of the Historical Society. The first publication of the society will be financed by: T. D. Hobart, of Pampa, who is president of the organization; Judge H. E. Hoover; Judge Thomas F. Turner, of Amarillo; and the Amarillo News-Globe.

A large number of old-timers from all parts of the Panhandle-Plains region were present Saturday at the business session in the afternoon and at the banquet that evening at Cousins Hall. Many men and women who played important parts in the opening up of this region, who fought against incalculable odds, to make possible the Panhandle of today, renewed old friendships and called to mind once more the events of pioneer days.

MINIATURE CHUCK WAGON DISPLAYED

To make more vivid the memory of cowboy life, there was displayed at the banquet, a miniature chuck wagon, complete in every detail. The layout was placed in a display case in the reception room of Cousins Hall, where it excited much comment on the part of the old-timers present. The wagon is equipped with everything that went to make up the camp outfit on the range, and is truly remarkable workmanship. It was made by Clinton Henry and Jim Moore, of the J. A. Ranch. It was displayed recently at Amarillo during the Cattlemen's Convention and drew so much attention that it was brought to the meeting of the society.

The toastmaster called upon Judge C. C. Small of Wellington, who recently announced for the State Senate. Mr. Small made a brief talk on the history of the Panhandle and discussed its bright outlook for the future.

Following Mr. Haley's talk, Tate Fry sang two songs of the type peculiar to the range, "The Cowboy's Lament," and "Rounded Up in Glory."

The toastmaster called upon Judge C. C. Small of Wellington, who recently announced for the State Senate. Mr. Small made a brief talk on the history of the Panhandle and discussed its bright outlook for the future.

Indianapolis Man Receives Material From W.T. Library

A recent letter from Charles E. Rush, of the Indianapolis Public Library, compliments very highly the accuracy of some information furnished him by Miss Tennessee Malone, librarian of W. T. S. T. C. In addition to the information given him from the college library, Mr. Rush states that he has made excellent use of material contained in Miss Malone's thesis for her M. A. degree.

Mr. Rush is on the following standing committees of the American Library Association: Library and Adult Education Committee; Editorial Committee; and Schemes of Library Service Committee.

NEW BUILDING IS GOING UP RAPIDLY

Rapid progress is being made in the construction of the new education building being erected on the W. T. S. T. C. campus west of the administration building. The brick work on the second story is now complete, and it will be about a week before the slab for the third story is run, and then brick work will be resumed.

The building has now taken form to such an extent that one seeing it can get an excellent idea of how it will appear when completed. It is evident that the time spent by the administrative authorities of the college in planning the new structure is well spent, for it bids fair to be the most nearly ideal of an education building in the Southwest.

The training school of the college will be moved into the education building at the opening of the long term in September. In the future, observers and practice teachers will have much better conditions under which to get their professional training.

TUESDAY, APRIL 3, 1928.

Common Courtesy

Have you ever attempted to talk before a restless and inattentive audience?

Have you spent half an hour in giving a group of people the best thought of which you are capable only to be rewarded with clearly expressed boredom?

Perhaps you had worked up to the most significant statement of your entire speech, the point upon which its entire meaning hung, when—the bell rang!

Aeolus must have dropped his bag of winds in that instant, such was the sigh of relief which went up from the people in the audience. Books in hands, they lunged forward and grabbed the backs of the seats in front of them; fixing their eyes pleadingly on your lips, they waited breathlessly for the last word. It came—and before you reached your seat on the stage the auditorium was half emptied and several hapless students were limping painfully because of injuries sustained in the stampede.

And you felt happy for you knew that the students had spent an enjoyable hour. You had been encouraged to do your utmost to entertain them, and you knew that your appearance at that institution would always be joyfully welcomed by the students!

It would seem that the moral is an evident one. On many occasions, the Buffaloes have been implored to stampede on the athletic field. That is very well and good—but it seems that the urge to stampede is a primal one with all students and is especially strong when these natives of the great open spaces are confined within the four walls of the college auditorium. Have you been there? Oh, well!

THE STATE SCHOOLS AND CHRISTIAN IDEALS

The State of Texas should feel grateful that we have men in our state teachers colleges who are wholly in sympathy with every effort to incorporate Christian ideals in our state system of education.

We have particularly in mind Mr. Harry F. Estill, president of Sam Houston State Teachers College, who, in an article in the Texas Outlook recently had this to say:

"The State of Texas has established eight colleges for the education of the teachers of her public schools. As colleges of the first class these institutions maintain the highest academic standards. But they recognize as even more essential than scholastic pre-eminence their obligation to develop in their students the highest moral and spiritual ideals. The Teachers Colleges of Texas put first in importance conscience and character. While free from sectarian bias and fearless in their pursuit of truth, it is the high aim of these colleges that the spirit of Christianity permeate campus and classrooms; that all curricula be taught from the standpoint of Christian truth; that the administration of each college be saturated with Christian ideals. Thousands of ex-students of the Teachers Colleges of Texas bear grateful testimony of the spiritual influences which these institutions have exerted upon their lives."—Christian Advocate.

Mr. and Mrs. Tom Knighton are spending their vacation in Alabama. They express themselves as enjoying their trip very much.

Amy Daniel, a graduate of W. T., is planning to spend the summer at her home in Sweetwater. She is teaching at Clayton, New Mexico.

Word has recently been received in Canyon that Mrs. D. H. Munson, wife of a former W. T. faculty member, has recovered her hearing.

Follow the crowd. Olympic.

Last Copy for Le Mirage Sent In

The last consignment of copy for the 1928 Le Mirage went to the printers at Jefferson City, Missouri, last Tuesday, March 27. These last pages went in a little behind schedule due to unavoidable delays in securing some of the athletic pictures. It is hoped, however, that delivery of the books may be made at least three weeks before the close of the term.

The final order for printing has been sent in and those who have not reserved copies will have to take a chance on getting one of the few extra copies that were ordered.

Future Elapheians Entertain Society Thursday Evening

Misses Wilmoth and Margaret Gamble, sisters, entertained the Elapheian Literary Society in Room 205, Thursday evening at 7:30, with a group of readings and piano selections. The sisters, who were billed as "Future Elapheians," are now students at Canyon High School. The program was as follows:

The Sweetheart of Sigma Chi, Stokes; Margaret Gamble.

A few bars in the Key of G, Anonymous; Wilmoth Gamble.

Minuet in G, Paderewski, Margaret Gamble.

Home, Guest, Wilmoth Gamble. In the business meeting, the following officers were elected for the spring term: President, Margaret Purvines; vice-president, Lorna Stock; secretary, Grace Aaason; treasurer, Fern Bowman; sergeant at arms, Beth Pitts; Prairie reporter, Mrs. Elmer Awalt.

Texas Weather

We have weather here in Texas Just like any other state, It may be sunshine, rain, or snow-storm, Or a sand-storm is our fate.

Any other State can tell it When the weather's on the change; But you can't do that in Texas That is why it is so strange.

You can wake up in the morning With the sun so warm and bright; But along comes a norther, And you're 'most froze to death by night.

Or, you wake up in the morning And put on your heavy clothes, Your overcoat and overshoes, And warmest cap and gloves.

But before the day is over And the sun begins to shine, You'll be wondering why you ever Thought you'd freeze to death at nine.

One day you'll see a blue-bird, And the sun is hot and bright, And you'll say, "I guess it's summer." And you're probably right till night.

But the dawn will come in dreary, And a chilly wind will blow, And that night you'll dig your kindling From five or six feet deep of snow.

You work so hard on Saturday,

Canyon Program is Given at Amarillo at Friday Luncheon

President J. A. Hill, Clyde W. Warwick, Herschel Coffee and Tate Fry presented a Canyon program Friday noon at Amarillo at the luncheon of the American Businessman's Club. Ernest Archambeau, former citizen of this city, presided and introduced the speakers.

Mr. Warwick told of the development of the city as a whole, while Mr. Hill told of the remarkable growth of the College. The club accepted an invitation from Mr. Hill to hold a luncheon at the College in the near future.

Mr. Coffee played two violin solos, accompanied by Mr. Fry. Ten members of the club are ex-students of the College.

BUFFALO BULL

We were all sitting on the fence watching the steps of the west entrance and discussing signs of Spring, when all at once the West wind decided to move California to all points east via Canyon; and like the Nine Little Goblins With Green Glass Eyes, we fell off the fence really wishing we had glass eyes so the sand wouldn't put them out. Next morning we rolled down our sleeves, put on our overcoats and rushed over to school with all thoughts of Spring out of our minds. Old Mother Nature is as changeable as a modern flapper; so of course she will change back.

From what we have seen in "The Buffalo Rider," R. A.'s rough riders seem to be equipped with spurs. They say they are going to strap on the artillery for the next issue.

After seeing Ford's new 20 passenger monoplane, we wouldn't be surprised at seeing a flock of passenger trains fly by, or a city built in the clouds.

We had a letter from Nay Hale, an ex-student, last week. He says that he is working on a canal-ranch, and moving the earth—a shovel full at a time. He says since the new hog law went into effect that he has traded his turtle farm for hogs. Things are happening so fast that the turtle business is too slow.

And scrub and clean and scour; Then here comes a Texas sand-storm And it's ruined in an hour.

With weary eyes you look upon That house you had so neat, And the dust you'd get from just one room Would almost block a street.

So, if you're going to come to Texas Better listen to all rules; Nobody prophesies the weather here But "new-comers and fools."

Everybody goes where the crowd goes—Olympic.

Texas Intercollegiate Press Association Notes

Leo Forrest, treasurer of the T. I. P. A., has written letters to the various member colleges of the association, notifying them that the annual membership fee of fifteen dollars is now due. According to the constitution, this fee must be paid at least two weeks before the annual convention of the association. This means that April 13, is the final date for payment of the fee.

Active work is being done in preparation of the program for the convention, and the complete program for the convention will be submitted to the member institutions within the next two weeks.

The convention will open at 10 o'clock Friday morning, April 27, with a general assembly of the student body of the college, along with the delegates. It is probable that the main speaker of the convention will give his address following this general assembly. Who this speaker will be, will be decided this week. Several prominent newspaper men of the Southwest are being considered as possibilities but definite answer has not yet been made by the ones invited.

Another speaker will be Olin E. Hinkle, of the Pampa Daily News. He has accepted and it is hoped that he will not only speak to the group, but will also give suggestions in a round-table discussion in the newspaper division. He is an ex-student of W. T. and a graduate of the Columbia, Missouri, School of Journalism, who has taken part in the work of the T. I. P. A.

A well-known member of the staff of the Amarillo News-Globe, may be another speaker at the sessions of the journalists. If this number is arranged, he will talk on a subject which will be of

great interest and appeal of the attending delegates.

The program and incidental music for the banquet of the association have been arranged. Following the banquet, an entertainment will be given in the college auditorium by the Girls' Glee Club of W. T., under the direction of Miss Pauline Brigham, of the department of music. This program is expected to be one of the outstanding features of the convention.

Cups to be awarded to the winners in the junior and senior college annual and newspaper contests, and in the literary magazine contest have been arranged for. It is hoped that all of them will be in the office of the president by the time of the convention, so that they can be presented at that time.

Arrangements are now being made for the housing of the delegates who will be in attendance. Three delegates from each member college are entitled to entertainment at the hands of the college. It is hoped that despite the distance from many of the institutions to Canyon, the colleges will all send full delegations.

It is urged that press clubs of the T. I. P. A. in selecting the delegates whom they will send to Canyon, follow the policy advocated at the meeting last year, that is, that editors-elect and other staff members who will be in responsible positions next year, be sent to the convention. In this way, they are given valuable experience in the work of the association—experience which will stand them in good stead next year when they will be in charge of the T. I. P. A. work in their respective institutions.

LONDON QUARTET

Above are two pictures of the London String Quartet which will make its appearance at W. T. S. T. C. next Monday evening in the college auditorium. The organization has attracted wide attention and is making a hit wherever it goes. Following is the personnel of the quartet: John Pennington, first violin; Thomas W. Petre, second violin; H. Waldo-Warner, Viola; C. Warwick Evans, 'Cello.

COUNTY MEETS OF LEAGUE ARE TAKING PLACE

MANY W. T. FACULTY MEMBERS AND STUDENTS SERVE AS JUDGES IN CONTESTS OVER PANHANDLE.

County meets of the Interscholastic League are calling for many of the faculty members and students of the college to act as judges in the contests conducted in the league.

W. T. people are called upon to judge contests in spelling, declamation, debate, essay writing, all forms of athletics, and other contests found in the work of the league. These judges are arranged for by the county officials through the bureau of public service of W. T. This type of work has been done in this way for several years. Not only are the league officials assisted in their work, but also advanced students who act as judges learn to make distinctions and judge material in these contests.

On the night of March 28, C. W. Batchelder, T. B. McCarter, and Miss Hattie M. Anderson judged debates at Amarillo. On the following night, Mr. Batchelder, Carl Periman, and Willard Vinyard acted as judges at Vega.

A number of county meets were held March 30 and 31. Miss Angie Debo, Darris Cheyne, and Emmett Hazlewood judged at Happy; Misses Novella Goodman, Bess Cobb, and Marjorie Walters went to Dimmitt; F. E. Savage, T. M. Moore, and A. A. Grusendorf were in Lipscomb; O. E. McNew and Misses Elizabeth Cox and Agnes Charlton, at Groom; Mr. Batchelder, C. A. Murray, and J. D. Gamble at Pampa; and Harris M. Cook and W. E. Lockhart at Lockney.

Miss Mary Morgan Brown, and Mr. and Mrs. L. A. Osgood will judge declamations in Amarillo, April 5. On April 6 and 7, Mrs. Ethel Gray Shaw, Miss Mattie Swayne, and Mitchell Jones will go to Silverton; and L. F. Sheffy, Gladys Lowry, and Ruth Cross will judge contests at Clarendon.

Society and Clubs

EDUCATION FACULTY HAS ENTERTAINMENT

"Healthful food for healthful people. At Miss Fronabarger's home Monday night at 6:45. Be on time and avoid the fate of Tommy Tucker."

Such was the invitation which brought together the education faculty at the home of Miss Fronabarger last Monday evening. This health supper was served: Baked tongue Vegetable salad Baked potatoes Whole wheat rolls Beets Olives Prune Whip Milk

All of the guests forgot their dignity long enough to drink their milk through straws from half-pint bottles. Even Mr. Savage and Mr. Jarrett seemed to enjoy the process.

After the supper a discussion was given by Misses Elva Fronabarger and Ruth Lowes, who took as their subject, "The New Individual Record Series," which is being used in the kindergarten and first grade for the first time.

HOME EC. GROUPS HIKE TO WRAGGE'S

The Home Economics Club of the high school entertained members of the Home Economics Club of the college training school recently by taking them on a hike to Wragge's Park.

Clad in their hiking suits, they resembled a troop of soldiers marching along. The students progressed rapidly until they arrived at the park; then the cool, shady trees, and the stream proved too tempting and the high-spirited party halted. The bundles were placed under the trees and the group engaged in a number of contests. The winning group received a card of gold safety pins. Several games pertaining to Easter were played.

About six the group sat in a circle and paper sack lunches were passed around. The one who ate his lunch first was given another lunch and then the rush began.

PRE-EASTER PROGRAM GIVEN BY Y. W.

A pre-Easter program was enjoyed by the members of the Y. W. C. A. last Wednesday evening. "The Prayer of Jesus in the Garden" was given by Maude Brookshier; while Mrs. Nixon told of the Lord's Supper.

Emma Sue Carothers made a talk on "Jesus in the Garden of Gethsemane," Helen Mullineaux discussed the trial of Jesus, and Ruth Watson told of the death and burial of Jesus.

The program for this week will be on the Resurrection of Jesus.

A number of the members of the organization are now attending the International Relations meeting being held at Lubbock.

SESAMES HAVE REGULAR SESSION

The Sesame literary society held its first meeting of the spring term last Thursday evening. Following the devotional which was led by Lillian Mullinax, Miss M. Moss Richardson, of the department of English, related some stories for the group. A short business session was held following the program.

Dr. R. P. Jarrett has been invited to speak at the commencement exercises at Wellington, Texas, May 17.

"Where is the crowd?" Olympic.

SENIORS GIVE SHEFFY BIRTHDAY PARTY

The Senior Class gave a buffet dinner Tuesday evening at 7:15, at Cousins Hall, on the occasion of the birthday of L. F. Sheffy, sponsor for the Class of '28.

The members of the class were present at 7:15 to welcome Mr. and Mrs. Sheffy. Other members of the faculty who were present were President and Mrs. J. A. Hill, and Mr. and Mrs. D. A. Shirley.

After a short program consisting of a reading and several musical numbers, the group, led by Mr. and Mrs. Sheffy, marched into the dining room. At the conclusion of the first course, Marion Hill entered the room rolling a tea wagon on which was placed a large birthday cake with an adequate supply of burning candles.

Mr. Sheffy made a short talk to the class, Carl Periman responding for the seniors, voicing the appreciation of the group for the sponsor who has directed them so capably.

L. G. A.'s GIVE TEA FOR HONOR STUDENTS

The Lloyd Green Allen Scholarship Society entertained those who made the fall or winter honor roll with a tea Tuesday afternoon from 4:30 to 5:30. The tea was given in the Home Economics dining room, which was decorated with candles and flowers.

Miss McDaniel, representative of the American Association of University Women, was the guest of honor at the affair.

BAPTIST STUDENTS ENJOY GOOD PARTY

Last Thursday evening the Baptist students enjoyed a party given in the Baptist church. Those Baptist students who are entering this quarter were the guests of honor.

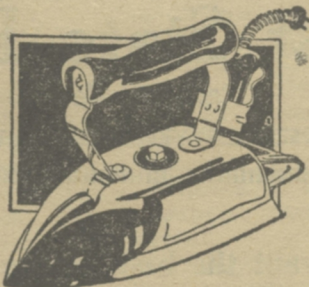

The games, favors, and refreshments all carried out the Easter theme. Approximately fifty students were present.

All college people who are Baptists or of Baptist preference, are invited to attend the Sunday School, and B. Y. P. U. of the church each Sunday.

ANTLERS ELECT OFFICERS FOR SPRING TERM

The Antlers met last Thursday and elected the following officers: Durward Brown, president; Hatcher Brown, vice-president; Wallace O'Keefe, secretary-treasurer; Ben Guill, Prairie representative; R. K. Bishop, Sergeant-at-arms.

Following the election was enjoyed a snappy program. "Among My Souvenirs" and "Highways are Happy Ways" were duet numbers by the "Tuxedo Two" and were followed by several peppy talks. Members are urged to attend the next meeting for the purpose of organizing a baseball team.

COUSINS HAVE NEW OFFICERS FOR TERM

The first meeting of the Cousins literary society for the spring term was held Thursday evening under the direction of new officers. T. H. McDonald, the newly elected president, presided. Other new officers are: Mr. Starkey, vice-president; John T. Wiley, secretary; and Elmer Cummings, sergeant-at-arms.

The members in attendance at the meeting were divided into two groups and a debate was staged on the question: Resolved, that the Student Council and the Administrative Authorities of W. T. should be given 100% co-operation. Every member made some interesting and forceful points. The decision was given for the affirmative by the society's sponsor.

HOME EC. CLUB TO SEND MEMBERS TO MEET

At a business meeting of the high school home economics club, last Thursday, it was decided to send two members of the organization to take part in the clothing contests to be held in San Antonio, April 26, 27, and 28. Definite plans were made for financing the trip.

Frank R. Phillips was ill for several days last week and was unable to be at school.

Louise Jacobson, of Hereford, withdrew from school this quarter on account of illness.

President J. A. Hill will leave Canyon the night of April 5, for Austin to attend a meeting of the presidents of the Teachers Colleges of Texas.

"Where is the crowd?" Olympic.

McDANIEL IS SPEAKER HERE IN ASSEMBLY

PROBLEM OF MODERN YOUTH IS ONE OF LIFE AND GROWTH SAYS DEAN OF WOMEN OF OKLAHOMA UNIVERSITY.

Miss Edna McDaniel, Dean of Women of Oklahoma University, spoke in chapel Tuesday morning. Her talk centered around some of the problems of the youth of today.

Miss McDaniel does not consider the problem today one of "modern youth" but rather one of life and growth. The difficulty of the problem lies in the spirit in which it is approached. She commented very favorably on the spirit apparent in the plan for the track meet between the freshman and upper classmen of W. T.

According to her ideas the youth of today are little different from the youth of the past generation, except that now every road is open to young people where they were formerly closed. Young people of today make homes, but they are different types to those made by their mothers and fathers.

As a closing thought Miss McDaniel left with the future teachers the fact that they must be so sympathetic and understanding in their dealing with the youth of today that they will be drawn to them as comrades and friends.

SKILL

THE twist of the wrist, the "throw" of the arm, the shifting of the weight—these are among the many little points which make the skill that you admire in the javelin thrower as he hurls the shaft two hundred feet or more.

As on the track or the football field, in the gymnasium or on the water, so in industry progress is the result of fine improvements—a thousandth

of an inch here—a minute variation in a curve there—slight changes foreseen by engineers and carried out by skilled workmen.

It is this attention to detail that is constantly improving General Electric apparatus and contributing to the electrical industry, which, though still young, is already a dominant force, increasing profit and promoting success in every walk of life.

Whether you find this monogram on an electric refrigerator for the home or on a 200,000-horsepower turbine-generator for a power station, you can be sure that it stands for skilled engineering and high manufacturing quality.

For Battery Troubles

Roswell

(Continued from page one)

Bennett has been a consistent
point maker ever since he has been
running for the Buffalo team. He
seems to have particular success
in the meet at Roswell, having
been one of the high scorers in
the past two meets.

Just now the team seems to be
particularly weak in the distance
events, the mile and two-mile
races, but there are several men
who have been showing promise
in these events and may come
through. In all the other races
and field events Burton will have
men who have proven their
worth but there may not be enough
of them to take the seconds and
thirds necessary to win.

Miss Hattie M. Anderson, J. L.
Duflo, and L. F. Sheffy attended
the conference on International
Relations held at Lubbock, April
1 and 2, appearing on the program

Miss Mary McLean, dean of wo-
men, attended the convention of
the American Association of Uni-
versity Women at Fort Worth Fri-
day and Saturday.

**INSTRUCTORS
GIVE THESES
TO LIBRARY**LIBRARIANS WANT COPIES OF
THESES WRITTEN BY OTHER
MEMBERS OF W. T. FAC-
ULTY.

Seven members, either present or
former, of the faculty of West
Texas State Teachers College have
donated copies of their master's
or doctor's theses to the college
library. The chief librarian says
that she is eager to receive the
theses of many other members of
the faculty.

L. F. Sheffy, head of the de-
partment of history, wrote his
master's thesis on: "The Use of
the Holy Lance in the First Crusade."
He did this work in Texas
University. Miss Agnes Charlton,
a member of the Spanish depart-
ment, also wrote her master's thesis
at Texas University. It treats on:
"Ignacio Comfot and the Mexi-
can Constitution of 1857."

Three of the theses in the li-
brary were written at Peabody Uni-
versity. "Organized Community
Activities of Agriculture," by Dr.
Albert Barnett; "Libraries in
Teachers Colleges in Texas," by
Miss Tennessee Malone; and "Pow-
ers and Duties of the Director of
Training Schools in Teachers Col-
leges and Normal Schools," by F.
E. Savage; constitute these three.

Miss Angie Debo, who wrote
her thesis at the University of Chi-
cago in collaboration with J. Fred
Rippy, followed a distinctly origi-
nal line of thought in her work.
The subject: "The Historical Back-
ground of the American Policy of
Isolation," proves the idea that the
American diplomatic policy of iso-
lation was recognized even before
the colonies obtained their inde-
pendence. This thesis was print-
ed in the Smith College Studies
in History, in 1924.

The remaining thesis in the
library was written by Dr. T. R.
Garth, former faculty member of
West Texas State Teachers Col-
lege. This dissertation, which was
written at Columbia University, is
a treatise on mental fatigue.

**Sports For Masses
Becoming Popular**

Presentation of the intramural
sweaters to the Cousins basketball
team in chapel Saturday morning
was a significant step in the de-
velopment of intramural athletics
in the Teachers College, one that
means a great deal to the future
of this neglected but highly im-
portant branch of student activi-
ties.

Although the winning team was
momentarily the center of atten-
tion, notice must be taken of the
other and larger group that lost
in the intramural race. There
were eighty or ninety men in the
other group, and each put a great
deal of work into the play attend-
ant on the intramural schedule.

Each person should have as
much glory for having sought,
through the medium of basketball,
to build up to a higher degree of
efficiency. The tendency every-
where is toward a recognition of
the masses in sports rather than
that of limiting sports activities
to an adept few. That intramur-
al sports are gaining in popularity
in the West Texas State Teachers
College is a creditable reflection
of the work of the members of the
Departments of Physical Education,
men and women alike.

**Colorado Prof.
Compliments W. T.**

An interesting comment on the
work done by W. T. ex-students
is included in a recent letter to
President Hill from Professor L.
Thomas Hopkins, of the University
of Colorado, Boulder, Colorado.

"While I have not had the
pleasure of meeting you personally
I am aware of the excellent work
which is being done at your Teach-
ers College through the records of
your graduates whom I have had
in my classes at the University.
Please accept my best wishes for
your continued success."
L. Thomas Hopkins.

"What is the crowd?" Olympic.

**Death of Amarillo
Coach Comes as
Shock to Friends**

The death of Hugh Butler, idol-
ized coach of the Amarillo high
school, and a noted figure in
Texas high school athletic circles,
came as a profound shock to his
many friends among the faculty
and student body of the West
Texas State Teachers College.

Since coming to Amarillo a year
ago, Mr. Butler has had occasion
to mingle intimately with the peo-
ple of Canyon and particularly
with students and faculty of the
college; these associations were of
the most pleasant kind, he having
made friends on every side by his
unfailing courtesy, gentlemanly
conduct and high ideals.

During the past basketball cam-
paign, Mr. Butler became the fa-
vorite of the student body through
his fine officiating in the inter-
collegiate games.

With his death the Panhandle
of Texas has lost one of its great-
est exponents of clean athletics in
the high schools. The clean rules
of playing set down by him as
being fundamental have been found
to be of inestimable importance in
the development of men through
the medium of athletics.

His loss is not alone Amarillo's—
it is a blow to the entire system of
athletic coaching and clean living.

**Teachers in Canyon
Public Schools Are
Named by the Board**

The board of trustees of the
Canyon Independent School Dis-
trict have re-elected many of the
teachers for the coming year. The
faculty will be completed within
a short time by the board. Ac-
ceptances from those re-elected
are expected within a few days.

Guy Tabor, high school princi-
pal, will attend the College next
year to finish work on his degree
and was not an applicant. Irby
Carruth was elected to this posi-
tion. Other high school teachers
elected were Misses Sadie Ander-
son, Grace Clark, Stella Rusk,
Evelyn Tanner, Pauline Lokey,
Addalene Strain and Coach J. B.
Spahn.

A new position was created in
the grades, that of supervising

**Dean Announces
Chapel Programs
For Spring Term**

The chapel program for the
spring term has been announced
by Dr. R. P. Jarrett, dean of the
college. As yet, there are several
open dates which will be filled at
an early date. The program is as
follows:

April 3—Cousins and Sesames.
April 7—Open date.
April 10-12-14 — Texas Wheat
Growers' Association.
April 17—Dr. Pierle.
April 21—E. O. McNew.
April 24—Mary Morgan Brown.
April 27—Texas Intercollegiate
Press Association.
April 28—J. Evetts Haley.
May 1—L. F. Sheffy.
May 5 and 8—Open dates.
May 12—Harris M. Cook.
May 15—Department of Physical
Education for Women.
May 19—Anna I. Hibbets.
May 22—Department of Physical
Education for men.
May 26—Open date.
May 29—President J. A. Hill.

**Y. W. To Present
Easter Program**

In keeping with the Easter spir-
it, the resurrection of Christ will
be the theme of the Y. W. C. A.
program Wednesday afternoon,
April 4. It is hoped by the or-
ganization that every college girl
will be present.

The following program will be
presented:
Devotional—Mrs. Burns.
Vocal Solo—Mrs. O. W. H. Cook.
Easter Morning—Esther Dellis.
Christ's Appearance to the Dis-
ciples—Viola Williams.
The Transfiguration—Ina Mae
Hopkins.
Songs.
Benediction—Mrs. Andrews.

principal, and Mrs. C. E. Strain
was elected to this position. She
is now primary teacher, but next
year will devote most of her time
to supervising the work of the
ward school. Other grade teach-
ers named were: Mrs. Stella Mur-
rell, Misses Agnes Elliston, Ruth
Hood, Edith Childress, Irene Craw-
ford, Mary Kate Campbell, Hal-
lene Hudgins, Mrs. G. B. Tabor
and Mrs. J. S. Meadow.
