

## Applicants Take Physical Exams

### Preliminary Tests Were Given By College Physicians Sunday

By Joe Crisler

Instruction in the Civilian Pilot Training Program at West Texas will begin as soon as the Government announces the College's quota.

Preliminary physical examinations for prospective students in the pilot training course were given by College physicians at the Health Center Saturday, and students who would have been unable to pass the Civil Aeronautics Authority's rigid exams were saved the examination fee.

#### Winsett Examines Applicants

Dr. A. E. Winsett of Amarillo, C. A. A. authorized medical examiner, will come to the College this morning to give the required physical tests.

Mr. Fred Smith, a commercial pilot, will be the flight instructor at a branch of English Field that will be established near Canyon. Mr. J. W. Reid will be the ground instructor.

#### Receive College Credit

It will be necessary to have eight hours of flight instruction before the student pilot will be allowed to solo. After the first solo, the student will receive two hours of flight instruction for every hour of solo for a period of nine hours. The student will receive seventy-two hours of ground instruction which will be given concurrently with the flight training. College credit will be given and the pilot training can be taken with a regular 15-hour course. The program should be completed within five and one-half months, however if the student should fail to complete the course within that time, additional training will be given. On completion of thirty-five hours of solo flight the student will be given a private license.

There have been more than forty applications filed for entrance. A smaller number will be eligible to enroll because the examination is rigid.

The instruction given here will be similar to that used by the army, although there are no military obligations.

The flying course was declared by aviators to be worth more than \$500. The only fee will be \$25 payment to defray cost of medical tests, insurance, and incidentals.

You Spell 'em!

## New Paintings By Sundstrom Added To Museum Display

Two more paintings have been completed in the series of pictures and fossils portraying animal life in the paleontologic realms of the Southwest.

The pictures are finished in oils showing the natural surroundings and with colorings based on modern animals with the measurements taken from the museum's collection of fossils. They have been painted and prepared by Gustaf Sundstrom, chief preparator of the Panhandle-Plains Museum. The plans are to include twelve pictures with representative fossils in cases below each picture. The joint display is to present concrete illustrations.

The latest pictures include three new species: Ischyrosaurus saevus, a saber tooth cat, and Capromerx studeri and Telomerx xonurosagris, both species of the antelope (the latter was named for Mr. Floyd V. Studer, Amarillo, curator of Paleontology and Archaeology.) The new species include material from the upper Pliocene in Ceta Canyon and the lower Pliocene at Clarendon.

#### F. H. T. MEET IN QUAIL

Entertaining thirty girls from Canyon high schools, the area meeting of the Future Homemakers of Texas was held in Quail last week. The F. H. T. is a state organization of recent inception designed to foster ideals of the home, an appreciation of home life, and to encourage recreational and educational activities for homemaking students.

#### STUDENTS IN HOSPITAL

According to an announcement by Miss Helen Hickman, College nurse, the following students have been hospitalized since the beginning of school:

Thomas B. Fox, Troy Mowery, Archie Stuart, Lucille Morris, Marjorie Warren, Bernice Thompson, Hester Lee and Victor Williams.

This year's college and university registration in the United States will total approximately 1,400,000 students. Of the 1,110,000 high school graduates of 1939, about 400,000 have entered college this fall.

## Pep Rally Will Be Held Thursday, 6:45 In Front of Burton

What: Pep rally.

When: Thursday at 6:45 p. m.

Where: In front of Burton

#### Gymnasium.

A move to unite the whole student body in backing the Buffs in their first home game will be made at this first pep rally.

"We want everyone to bring a roommate and get behind the team," Yell Leader Marcelite Reid said yesterday.

The new pep squad and the Buffalo Band will have a part in boosting enthusiasm for a victory over Western State, Friday night in Buffalo Stadium.

## First Broadcast Will Be Monday

From the campus studio, the first broadcast of the year will be held over KGNC of Amarillo from 8 to 8:30 next Monday night.

Dr. Baxter M. Geeting, head of the speech department, will be in charge of the weekly thirty-minute broadcasts. Last year he directed the successful series of programs.

Buffalo Band will furnish music for the first program, although the numbers have not been announced. Miss Pauline Brigham, associate professor of music, will play several piano selections.

President J. A. Hill will inaugurate the series of broadcasts with a talk. The College radio class has prepared a sketch which will be presented. Based on the stories of freshman, the skit will have local application.

Engineers will come to the campus each week with equipment for the broadcast. The studio is located in the Education Building. Last year student audiences were welcomed and gave enthusiastic applause to the programs. Other portions of the plan last year included a news reporter.

## Duflot Instructs Extension Course

"Living is a problem of making adjustments," said Prof. J. L. Duflot recently in announcing plans for a fifth annual extension course in sociology. The subject has been announced as "Problems in Personality Adjustment" and will be offered at the Musical Arts Conservatory, 1800 Harrison Street, Amarillo.

"This course should interest parents, directors of boys' and girls' clubs, church workers, civic leaders concerned with juvenile problems, and above all teachers whose work calls for a scientific study and understanding of the variant behavior problems of childhood and youth," he added. The first meeting of the course will be at 8 p. m. October 9. It will extend over eighteen weeks. Prof. Duflot is the head of the West Texas sociology department.

## Stafford Residents Get Together

Stafford Buffaneers displayed a cooperative attitude recently when all of their first semester officers were selected by acclamation.

Elected to serve were: President, L. F. Cleek of Panhandle; vice-president, Allan Reppert; secretary-treasurer, Allen Patman. Several committees were appointed.

#### SCOUT'S GOOD DEED

## College Speech Students Occupy the Green Room

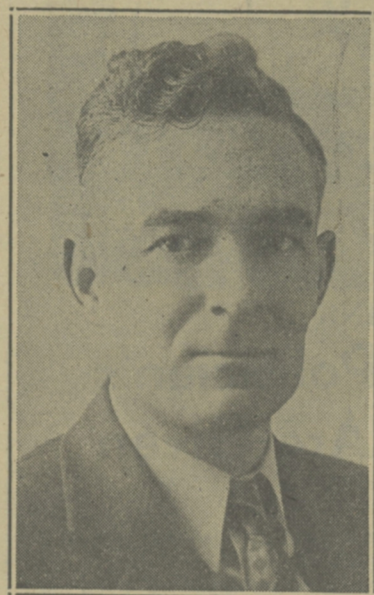

Led by the dynamic Dr. Baxter M. Geeting, the College speech students, snatched victory from perplexing defeat when the local Boy Scouts agreed to share the large den in the basement of the Education Building.

This move was the happy result of a feud between the well-meaning speech students and the annoyed Training School pupils who use the library.

In keeping with one of the most colorful of theatrical traditions, the newly acquired haven was christened the "Green Room." For centuries of theatrical history, actors and actresses have gathered in a green room under the stage to prepare for performances, celebrate successes, give parties, or make "suicide pacts" in the event the production was not a success.

"I hope that the tradition of the 'Green Room' will continue to interest students in a social way, and provide a place for pleasant diver-

## Monte Carlo Club Features Program

CLARENCE THOMPSON

## Judicial Body To Be Created

Appointment of an interpretative committee for the student constitution is to be made following action by the Senate at a meeting Thursday.

As provided for in the constitution, the body of six members will be appointed by President J. A. Hill and Ulane Zeek, president of the Students' Association. The first action of the group will probably be to decide upon the application of the constitution in chartering all student organizations.

The Senate met with Dr. Hill and he explained that many things could and should be done by the organization, and promised hearty cooperation in realization of the program outlined by the group for the term.

All-college night activities were discussed, and the first in the series was held Saturday night. According to the plan games will be held at Randall Hall and a dance at Cousins Hall on Saturday nights. Hollis Bledsoe, junior representative, said "Saturday night is the logical one for the All-College affair."

## Cherry and Peach Trees Identified By Leaves Here

Determining the kind of trees and not counting leaves is the assignment of enrollees in a nature study course.

Preparation of a chart showing the kinds of trees growing on the campus is a part of the project of a class in which Miss Anna I. Hilbets is instructor. The object of this work is learning to identify trees by exterior structures.

On the Administration Building block, they have found ash, black walnut, sycamore, American elms, Chinese elm, cherry, peach, maple, cottonwood, honey locust, black locust, and a few other kinds of trees.

#### THOMAS IS ILL

Sam A. Thomas, Jr., sports writer for The Prairie and a member of the Le Mirage staff, has been ill the past week. He spent several days in the hospital, but is able to resume his work today.

The many-phased program of Homecoming took nearly final form Sunday in a meeting of the general committee and chairman.

October 28 is the day.

Top features will include the morning program, noon period band concerts, the football game between the Buffaloes and the Rattlers of St. Mary's, from San Antonio—with attendant activities—the crowning of the ex-student queen, and the mammoth night club to be held in Cousins Hall and in a large tent nearby.

#### To Obtain Tent

Clarence Thompson, local business man, will obtain a circus tent to house the overflow crowd at the hall and permit expansion of the night club program. Last year the Homecoming night club was such a success that even standing room was scarce. The tent will house the Monte Carlo cantina, where Postmaster Guy Harp will preside over this "hell's half acre."

Cocoon Grove, the floor show and modern dance floor; Rainbow Gardens, the main reception hall and dance floor; and the Old Tascosa bar (dining room) with its western atmosphere and oldtime dancing will be major attractions in the hall. J. B. Speer, Canyon superintendent of schools, will be master of this section of the night club.

#### Direct Broadcast

Mrs. R. A. Neblett will be chairman of Rainbow Gardens. In the lounge adjoining, which will have an oriental setting, refreshments will be served under the direction of Mrs. Ray Campbell. Dr. Baxter M. Geeting will direct a broadcast from the hall. Miss Mattie Swayne will be in charge of awards. Lee Johnson will direct registration of exes.

Appropriate decorations, music, costumes, and refreshments will be used at the night club. Both local and out-of-town talent will appear on the floor shows.

"Faculty Follies" is expected to be a hit number on the assembly program. Mrs. Laura Saunders is chairman of this program committee. Clay Thornton of Amarillo, president of the Ex-Students Association, will preside at a portion of the program and will honor ex-student parents of students or ex-students. He will announce the new officers of the Association.

#### To Elect Queen

Last year 34 candidates for the proud title of Homecoming Queen were certified by groups in various counties and cities of this area. Miss Helen Gilmore, Hereford representative—now Mrs. Jack Taylor—was chosen as queen. The same procedure will be used this year. Candidates will be special guests throughout Homecoming day. The judging will start at 6:30 p. m. The practice march will take place at 7, to be followed by the coronation at 7:30. Miss Ruth Lowes is ex-student chairman of the coronation program.

President J. A. Hill will make a short welcome address between halves of the football game, and will give a prize to the ex-student having come the farthest to Homecoming. The band and pep squad will perform. It is expected that visiting bands and student stunt groups will parade on Buffalo field just before the game, and that the

(Continued on last page)

## Fifty Attend Banquet For Buffalo Band

More than fifty members of Buffalo Band and guests attended the banquet given by President Hill and the College Friday night in Cousins Hall.

Dr. Hill reviewed the program outlined in the new expanded band program. Afterward several members of the band discussed the outline.

Band members present included the following: Lathan "Blimp" Jackson, Henry Baker, Orvetta Puett, Raymond Raillard, J. L. Burt, Troy Womble, Victor Williams, Bob Robertson, La Nelle Scheihagen, La Nelle Simms, Troy Moudy, Elvia Speer, Doyle Hughes, Judson Forbes, Meredith Warren, James Harrison, A. C. Cox.

Ernest Scheihagen, Roberta Nicholson, Florence Nicholson, Louise Crumacker, Berry McCarter, Dorothy Jarvis, Ida Martha Pierle, V. A. Hartman, Jack Allison, Jim Griggs, Geraldine Hart, Loretta Cole, Ruth Clay, Carl Wilbur, L. F. Cleek, Eskar Watts, Jim McCray.

Marvin Miller, Frances Carmichael, Roy Mc Nett, Le Roy Davie, John King, Lorene Dye, Bud Scruggs, and Alva Thornburg.

Special guests were Marshal Riemenschneider, Virgil Henson, Robert Axtell, Prof. Wallace R. Clark, Dr. R. P. Jarrett, Mary and Virginia McGowan, Dr. J. A. Hill, and Prof. Strain.

## Students Select Five Pep Leaders

### Ernestine Ballard Tops Vote in Special Election Thursday

Three hundred forty-three students voted in the special election Thursday in which three girls and two men were selected as yell leaders for the current season.

Ernestine Ballard of Amarillo, recorded more votes than any other candidate selected. She received 295 votes. Also elected were Marcelite Reid of Dumas, Jane Boone of Lamesa, Charley Hutchinson of Canyon and George "Buzzy" Stapleton of Fiomot.

#### Few Ballots Mutilated

Two hundred and fifty votes were cast for Miss Reid, and Miss Boone received 174. Hutchinson received 198 votes, and Stapleton had 153. Less than a dozen ballots were mutilated and went uncounted.

According to an announcement made Saturday several more students are wanted to make the total membership one hundred. The group is having regular rehearsals on Monday, Wednesday and Friday at 4:30 in the Women's gymnasium in the Administration Building. Miss Ruth Cross, head of the department of women's physical education, is sponsor of the group.

Members are planning yells and formations in preparation for the first home game here Friday when the Buffaloes meet the Western State team from Gunnison, Colorado. Also the group is planning to accompany the team with the Buffalo Band to Abilene for the Buffalo-H-S. U. tilt on November 11.

## Handbooks To Be Available Soon

Handbooks for the 1939-40 term will be ready for distribution sometime this week.

The books will be distributed through The Prairie office, and only one book will be given to each student. Each student will be checked as he receives his copy, announced Joe Crisler of The Prairie staff, who will have charge of distribution. He pointed out the importance of keeping the book issued.

This year the handbook will be larger in size as well as in the number of pages. In addition to the regular faculty and student directory, the following will be included: the social regulations, the Student Constitution, Alma Mater, football schedule, schedule of the Freshman Fellowship Club, officers of the Students' Association and Senate, student assistants and church schedules.

## Seven Attend ACS Banquet in Borger

Seven persons from W. T. attended a banquet of the Panhandle-Plains section of the American Chemical Society in Borger Saturday night.

Dr. Ira Williams, J. M. Huber Corporation research director, discussed the preparation of synthetic rubber. He is an authority in the field of rubber chemistry, having been associated with Firestone and Mellon Institute laboratories.

This first sectional meeting was attended by Dr. and Mrs. C. A. Pierle, Dr. and Mrs. Klem Alexander, Mrs. Geraldine Green, Nell Green and Marvin Petty. Dr. Pierle and Dr. Alexander are members of ACS.

Pennsylvania State College is considering establishing a special training course for truck drivers.

#### WOULD SELL MUNITIONS

## West Texans Favor U. S. Neutrality in Student Poll

If a decision by W. T. students were a determining factor in regard to American isolation, the European democracies could expect little help from this nation. Sixty-five per cent of the students, according to a representative poll taken here, are not in favor of America giving aid to the democracies in their present struggle.

The following three questions were asked a representative cross-section of the student body: (1) Do you favor keeping America out of war unless attacked? (2) Do you favor going to war if the democracies are threatened with defeat? (3) Do you favor changing the laws to permit selling munitions and supplies to all combatants who will pay cash for them and carry them away in their own ships?

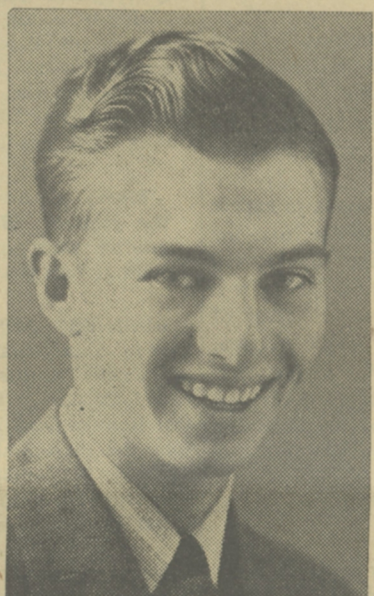

Of the students interviewed 98% were in favor of keeping America

## Hutchison, Moore Seek Fish Office

Only two offices will be contested in the election it was revealed yesterday at 11:30 when the time for filing petitions expired. Bill Moore of Littlefield, and Charlie Hutchison of Canyon are both candidates for president of the freshman class.

GLEN DAVIS

BILL MOORE

## Training School Has Larger Art Program

The program for art students in the College Demonstration school has been greatly improved and expanded this year.

Mrs. Alice Nichols, whose duties include teaching the art classes, believes the changes will benefit the education department of the College. Last year only primary students were taught art, and only for a short period each day, which was insufficient for necessary art appreciation. This year, not only the primary pupils but those in the elementary and high school grades will be given art as a fully accredited subject.

Classes for elementary and high school students will be held in the basement of the Education Building. Divided into two parts, one a store room and the other a work shop, this space is expected to aid the progress of the students' work. "This expansion program not only is a benefit to the Demonstration School students, but it affords the art majors of the college a chance to observe and gain experience on various school levels," Mrs. Nichols said.

Henry Fields is coaching and teaching industrial arts at Phillips

James Hodges of Tullia and LeRoy Francis of Canyon will seek the office of vice president of the junior class. This election is actually a special election called by the Student Senate to fill offices for which there were no petitions at the election last spring.

The office of vice-president of the sophomore class is without a candidate, and unless a provision is made for a write-in candidate, the office will not be filled.

Louis Cole of Pampa was nominated for vice-president of the senior class and no other competition is named.

Glen Thomson of Amarillo, and Ballard Graves of Canyon were candidates for the Student Senate from the freshman class in post one and two, and no others were nominated.

Glen Davis of Shamrock, former president of the Students' Association and president of his sophomore and freshman classes, is a candidate for the junior presidency. There was no other candidate named.

Officials had not been announced yesterday for the election Thursday morning. A political rally planned by The Prairie was canceled because of the small number of contested offices.

A sample ballot appears on page 2.

## Federation Leader Discusses Freedom Of Student Choice

Privileges of choice not found in many other countries belong to W. T. students in the opinion of Mrs. J. M. Perkins, president of the State Federation of Women's Clubs.

Mrs. Perkins, of Eastland, addressed the student assembly Saturday and commented on the freedom of choices of W. T. students in studies, religion and other essentials.

#### Complements College

"I like your school, the atmosphere and the absence of traditions which stifle originality," she said. It is possible to add to the traditions of this College, wehase, the traditions in some schools are already established.

This nation resides in the shade of the branches of the Tree of Liberty, she pointed out. In a simple illustration, she showed the lack of understanding between nations on international problems.

#### Explains Clubs Work

Mrs. J. M. Rutherford, president of the seventh Federation district, explained part of the work of the affiliated clubs including an illiteracy campaign in the archipelago. Mrs. J. A. Hill, former president of the seventh district, presided. Mrs. T. V. Reeves of the College faculty was introduced.

A program tea in honor of the guests speakers was given at Cousins Hall Saturday afternoon. The visitors were guests of Dr. and Mrs. Hill while on the campus.

## Watkins Is Featured In Sports Weekly

Flippin' Foster Watkins, W. T.'s famous passer, is featured in picture and article in a current number of The Football News, collegiate sports weekly.

Watkins is boosted as probably the best passer in the Southwest, now that Davy O'Brien has joined the pro ranks. The West Texas State schedule also is printed.

## This Week

#### Today

12:40 p. m.—Women's Chorus, Auditorium of Ad building.

6:45 p. m.—Alpha Chi, Room 116, Ad building.

4:30 p. m.—Managers' meeting, Intramural program.

7:00 p. m.—Campus club, Room 101, Ed building.

#### Wednesday

12:40 p. m.—Orchestra rehearsal, auditorium, Ad building.

8:00 a. m.—Polls open for election.

5:00 p. m.—Polls close.

7:00 p. m.—Managers' meeting, women's volleyball tourney.

#### Friday

2:30 p. m.—College Dames, Cousins Hall.

10:00 p. m.—All-College dance, Cousins Hall.

#### Saturday

4:30 p. m.—Swimming period for girls, indoor pool.

Political Corruption

Corruption in school government? Hooley! Craft, misuse of office in the Student Senate? Baloney! Or is it?

Corruption can take other forms than the avaricious activities of unscrupulous politicians. Indolent, uninterested, lackadaisical attitudes on the part of those who have been elected to advance the standards of the nation, state, or college as a whole is as flagrant a misuse of office as any that we can have foisted upon us.

This is as true at W. T. as it is in the Congress of the United States. It is a definite evidence of graft for chosen representatives of any group to fail to forcefully, actively and even aggressively strive to correct failings, enforce current rulings, and search for and find new and progressive programs.

Those who elect, the voters, have a basic right to expect of those who are elected more than a passive interest in the welfare of the entire group. Failure to follow this out is, quite candidly, miscarriage of office, graft!

But there is another side to the question—Those who are elected receive their office to represent the electors. Perhaps their inertia carries out this idea of representation fully. Perhaps the body they are elected from is a sluggish body. The graft is really in an inept student body!

It would, doubtlessly, be asking too much to expect these officers to make a sudden about-face from the inert attitude of the group from which they spring and take on an active progressive spirit. The real fault, the real corruption lies with every member of a student body who fails to vote at every election, who fails to be interested in the views, the abilities and the action of the candidates, and who is not active himself. There has been corruption, by the definition above, as evidenced in the large number of non-voting students in elections of past years.

Press Spreads Propaganda

A recent issue of a daily newspaper front-pages an interesting manifestation of the Second World War. A two-column headline says: "Somebody's Lying." Beneath it one column headed with an English date-line is the story of a recent "incident" and in the adjoining column a German date-line starts a story that is the exact antithesis of the first item. It will be sometime before we can judge whether Berlin or London are the only ones guilty of misrepresentation.

This same situation holds true in most of the news from Europe today. It is impossible to be sure of unbiased, factual news today.

The President has warned us to beware of propaganda and biased reports from abroad. Increasingly in the news presented to us we can discern the need for remembering this warning. Masquerading under such lines as "according to informed authorities," "the officials stated," and "reports said" are many pieces of directed matter intended to influence opinion and elicit support for one side.

In this, the American press is as greatly to blame as any other force. The choice of headlines in current use is definitely biased.

It is therefore highly incumbent upon us to regard all information with a questioning mind, discounting readily any traces of prejudice. Such an attitude is vital if we are to avoid another such wave of feeling as that which swept us into Europe's war in 1917. Remember: "Somebody's apt to be lying."

Another Visitor Sees Flag

Another distinguished guest, Mrs. J. M. Perkins, who is state president of the Federation of Women's Clubs, visited the campus, and the flag was up again Saturday. If only there could be a visitor every day!

Every day an unlimited number of "visitors" pass down the highway and most of them see a lot more than the girls that cross the lane. But they don't see the flag flying, and an opportunity to make a more favorable impression is not used. The colors atop the flag pole would surely attract the passer's eye, and not very many pass through the city who are offended by the flag.

It's true that a flag would be tattered by the sand and wind which will visit W. T. soon, and, of course, it would be simple to except these days. According to a reliable report a new and lighter flag is to be purchased soon. It is hoped that West Texans and visitors will get to see these new colors often.

Marriage Course Practical

Although the marriage course scheduled to start October 16th may attract many persons outside the College family circle, the success of the program will be measured with the interest of students.

"This is the best thing that has ever been brought to the campus," President Hill said last week. "We get advice, but lots of it is not good. We want students to use Dr. Dickerson in conferences as well as in classes. He has a fine, wholesome attitude toward the subject."

It is likely that the enrollment will be high, and the classes and conferences will be well attended, nevertheless, arrangements have been made for very person on the campus to get part of this "practical education."

Hart Palpitations

by Fred Hart

GOOD MORNING, LADIES AND GENTLEMEN (No offense intended):

There is nothing better than a glance at the mail bag just before a battle of Bull Run. . . . Here's a note from Ben Ezell, formerly of this paper, now of the Memphis Democrat. His compliments for this column fill me with despair. Either Ben's growing conservative or I'm due for trouble from the censors.

A complaint from one of the Pampa slimes says this stuff is above the "entellect" of the freshmen. Probably. But until the English and psychological tests are tabulated, let the newcomers bask in the implied sunshine we turn upon them. Humph!

A STRANGE PARADOX: A heavily scented note to this column, written in a lovely flowing script, but ending . . . "or else!"

Things I Shouldn't Know: That one supposedly sedate and unsophisticated collegiate has a new pair of field glasses supposedly purchased for the dubious pastime of viewing neighboring co-eds through parted obtenebrates.

CHAMBER OF COMMERCE BRIEF: More lamps have been installed around the public square to maintain Canyon's record as the best lighted town (per capita) in the United States.

A THOUGHT: Why not organize a College chamber of commerce to put up a few more lights inside this administration building and increase the per capita brilliance of the inhabitants herein? and (Austin papers please copy) paint a few structures outside.

Last Sunday morning the youth of Europe, regimented and uniformed, marched to the tunes of military bands which were trying to dispute the truth that war and taxes (and, in some instances, peace) are hell. . . . And in Canyon one observed the casual juvenility of uneventful walks to church, where the spiritual cadences of organs testified to the fact that the opportunity of going to college in America and in W. T. is one of life's greatest privileges.

PREMONITION: One gets the impression at faculty receptions that W. T. not only gains much through addition of young professors, but of young professors' young wives also. . . . For instance, an ambitious freshman is said to have seen Mrs. Jack Curtice at the reception and to have been framing a request for a date when he learned that she was not a freshman girl but the beautiful wife of Burly Jack.

Memo to those who would keep their feet on the ground: Here's a chance to get in on the ground floor of a business that has a high ceiling; join the W. T. air corps.

BUSINESS ANNOUNCEMENT: The new dating bureau corporation announces the association of Mr. Joe Crisler in this campus venture, hereinafter to be called Crisler & Hart, Inc. Mr. Crisler will engage the Romeos and Mr. Hart the Julietts. . . . First to join the male staff of this new firm is Mr. George (Buzzy) Stapleton of Stafford Hall, who will be available on a minute's notice, if he can find his collar button.

How to make yourself conspicuous and enjoy it: Walk to school any day shortly after lunch, eating a dish of ice cream without a spoon. (Demonstrations cheerfully given if you will furnish the cream.)

CRACK OF THE WEEK: Great minds run in the same channel, usually a dry one.

STYLE NOTE: While Daughter is rummaging in the attic trunks to bring out grandma's hoops and bustles, fashion experts are providing Junior with replicas of grandpa's famous three-button coat.

Mrs. Baxter M. Geeting, globe-trotter of the summer, says one of the hardest jobs on the Continent is finding a glass of good, cold water. (C. of C. note: Canyon has the best water in the Southwest, even for drinking.)

GOVERNMENT BULLETIN: Upperclassmen who sold assembly seats to freshmen must make a report to the department of internal revenue and pay the amusement tax on all tickets sold. Those who fail to comply will be referred to the F. B. I.

In memoriam:  
Lillian had a little lamb,  
It was given her to keep,  
It followed Lillian everywhere,  
But died from lack of sleep.—Exchange.

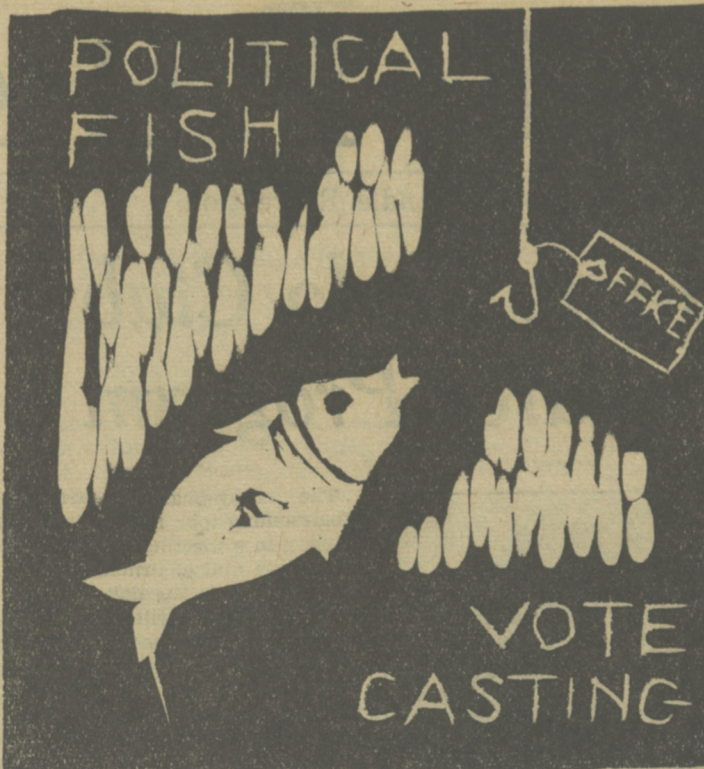

For the benefit of unhappy youngsters who must master "Evangeline" and campus courses at the same time, we present this helpful summary:

She saw him.  
She met him.  
She liked him.  
She loved him.  
She lost him.  
She hunted him.  
She found him.  
She kissed him.  
He DIED.

Gleanings from afar: T. C. U. held a pajama parade as a send-off to the football team journeying to the West Coast. (Result: A train wreck.) . . . An inquiring freshmen at Texas A. & I. found it would take an average student 40 years to take all the courses offered there. . . . Five profs got married during the summer at Drake U. . . . Lamar Holley, student journalist at East Texas, received a letter the other day addressed to Miss Holley LaMar.

The Paul Whiteman program, setting a brilliant pace for variety and musical mastery, goes into another season as one of radio's outstanding entertainments. Featured voices include lovely, talented Joan Edwards, the Four Modernaires and Clark Dennis, tenor. And probably never before have so many outstanding musicians appeared on one popular program. Besides Whiteman himself, there are Roy Bargy, pianist and assistant director, who arranges many of the band's numbers, Charlie Teagarden, one of the finest "hot" trumpeters of all time—Al Gallodoro, America's top saxophonist, who leads such artists as Sal Franzella, Frank Simeone and Art Deinger in the "Sax Society" unit—"The Bouncing Brass," with Goldie Goldfield, Teagarden, Bob Cusamano and Hall Mathews—and many other names famous to lovers of jazz and swing.

The piano in the house next door: They claim it's an upright grand. Another opinion is that it's a downright nuisance.

CANDIDATES ARE FISHING

Definitions of Politician's Nomenclature Are Given

By Mary Edith Bugental

Attention, student citizens! How about going fishing? There are a lot of ichthyological specimens waiting around to pounce on somebody's hook.

The "fee iddy fiddies" of fiction might have accomplished much more than simply "flimflam" around in circles if someone had tossed them a "line." The W. T. Campus is flooded with political fish waiting for a juicy worm.

And if there are ones who have not been in the habit of exercising the constitutional privilege of vote-casting, and are not familiar with numerous election terms that are being bandied about, the following may be helpful:

- POLITICS—Parrot that has swallowed an alarm clock.
- PLAN—A beautiful idea, a soap bubble (usually made of soft-soap).
- CANDIDATE—An over-ripe, political sugar-plum.
- BALLOT—A kind of dance.
- CAMPAIGN—A sparkling drink.
- PRIMARIES—First grade readers.
- POLL—Now obsolete, Nazi to you.
- LANDSLIDE—The result of mud-slinging.
- SOAP-BOX—Nearest some politicians ever come to soap.
- PARTY—Gathering of politicians at the voters' expense.
- VOTER—Guy who has to choose between two or more evils.
- PLATFORM—I dunno.
- PLANKS—You're welcome.

Campus Comment

Ho-hum. Another week, another column. We find to our consternation that no one has anything on anybody else and the most exciting scoop of the week is the assigning of chapel seats. To those worthy individuals who so deeply resented our rare bits of salacious humor last week—read Hart's column. He won't hurt your feelings—the sissy!

To a rushee—a bid is an invitation to start paying on the club's back debts, but remember a bid in the hand is worth two in the rush. It looks as though LOUIS COLE might have difficulty in keeping his harem segregated this year.

BILL BAGWELL says: If you connect 20,000 volts across a pint, and if the current jumps, the product is poor. If the current causes a precipitation of lye, tin, arsenic, iron slag and alum, the whiskey is fair. If the liquor chases the current back into the generator, then you've got good whiskey.

POME  
Last night I held a little hand,  
So dainty and so neat;  
I thought my heart would surely burst,  
So wildly did it beat;  
No other han e'er held so tight  
Could greater gladness bring.  
The one I held last night,  
It was—  
Four aces and a king!

Needless to say, the author of this column received aid in composing the following:  
Some said it was ridiculous—some said just plain silly—some went as far as to say outrageous—but the fashion parade just cocked a quizzical eye brow and said F-A-D. Then they looked again and smiled as they yelled, It's the style. In college slang, it's "pretty sally."  
This is the way the co-ed has stepped up to take her place among the leading stylists. It seems that these fads appealed to many who weren't in college. At first the fads were one seething mass of crazy ideas, popping out on various cam-

puses by the dozens, but this year the college girl stands a grand chance to rule her world of fashion. No one knows for sure when or where it all happened. Maybe it began by Beaver girls painting their saddle shoes scarlet and grey or by Carleton co-eds splitting the seams of workman's overalls and sewing them together again to use for formal wear. Anyway, the fairer sex of Sweet Briar took name tape of their favorite store and used it for hair bows. St. Vincent wore hair ribbons trailing to the floor. Wooden shoes clattered over the country and this wasn't the only type—oh no! Little girl dresses and baby curls took their seize and never a stocking on the leg—anklets always.  
Of course the sweater and the

ACP RELEASES

A bit of a wag is C. C. Hurd, mathematics instructor at Michigan State college. On the door to his office is the following injunction: "Please knock before entering. If you don't give a rap, you won't get an answer."  
Maybe the last part of that should have read, "you won't get Hurd."

Rules from the 1860 student handbook of Westminster college that make us glad we're collegians in 1939:

"Attendance on circuses is not allowed, and students are never allowed to be on the streets nor in the stores, about town, except on business, which is to be promptly attended to; nor to be away from their own rooms, except at appropriate times for recreation in some inoffensive and honourable manner."

Evans Is Wheeler County Club Head

Gene Evans is the new president of the Wheeler County Club succeeding Horace Gordon, who resigned because of other duties.

Other officers selected at a second meeting of the club Saturday include the following: Vice-president, Ralph Markham; secretary-treasurer, Rena Johnson; program committee, Beth Finley, Horace Gordon and Elva Willard. More than fifty students here are from Wheeler County.

Mayor F. H. LaGuardia and all of his commissioners will give a lecture course this year at New York University on the city's government.

"Yes, this is the graceful Pen that made a railroad spike look like a sissy"

The College Favorite by 2 to 1

GUARANTEED for LIFE

Not a clumsy metal object, but a fine precision instrument—a streamlined Featherweight, whose 14 K Gold Point glides nimbly across your paper, making your thoughts glow on the page like a living trail—that's the new Parker Vacumatic!

Yet five devastating demonstrations prove that it lasts a lifetime, and also easily withstands acid that eats away a railroad spike—the same

acid found in ordinary inks. Esquire Magazine rates it in their top-flight gift selections. And Jean

Parker VACUMATIC

Pens: \$5 to \$12.50 Pencils to Match: \$3.50 to \$5.00

◆ Pens marked with the Blue Diamond are guaranteed for the life of the owner against everything except loss or intentional damage, subject only to a charge of 35c for postage, insurance, and handling, provided complete pen is returned for service.

Abbey of Woman's Home Companion says: "Its sparkling, shimmering, laminated style of circlelets of Pearl and Jet is the loveliest I've ever laid my eyes on."

It holds far more ink than ordinary rubber ink sac pens. For its sacless Diaphragm filler abolishes rubber sac, lever filler, and piston pump. Its Television barrel shows the level of ink—prevents running dry in classes or exams.

Go and try it today—and be sure to look for the Blue Diamond mark on the smart ARROW clip—that means it's guaranteed for life! You'll never have to buy another pen. The Parker Pen Co., Janesville, Wis.

# Rush Week Harmony Swings W. T. Campus

Rush week has opened and social events are crowding the calendar. Through the cooperation of all the clubs in the Interclub Council, an organized and well distributed schedule of rush parties has been made to be culminated with a dance sponsored by the Interclub Council Saturday night.

Activities for the rest of the week include an Epsilon Beta smoker Tuesday at 6:30 in Stafford Hall; a German dance and breakfast by Alpha Sigma XI at 6:30 Wednesday morning at Cousins Hall; and Wednesday evening Delta Zeta Chi will entertain with a buffet supper in the home of their sponsor, Mrs. L. F. Sheffy, from 6:30 to 8. For Thursday is scheduled a Tri Tau smoker at Stafford Hall from 6:30 to 8, and an informal party by Kappa Tau Phi from 7:30 to 8 in the Red Room of Cousins Hall.

Gamma Phi will have a dinner at the Palace Cafe Friday evening at 6 o'clock, and the Interclub Council dance will be Saturday night from 8 to 12:30. From 9:30 to 11, Pi Omega rushees will be honored with a coffee in the home of Dorothy Warwick, and Delta Zeta Chi will conclude rush activities with a surprise party for rushees Monday evening.

**One Hundred Fifty Attend Retreat**

One hundred fifty students attended the reception-retreat at the First Methodist Church Sunday night.

L. W. Davidson directed the organization of two "get-acquainted" games, and La Nelle Schelhaugen led the group in a series of songs.

Doris Kirksey, chairman of the refreshment committee, with the assistance of Eleanor Morehead, and Juanita Barrett, served punch and cookies. The Rev. Sam A. Thomas extended an invitation to the group to join the young peoples' choir.

The only Gaelic college in North America is located at St. Anna's, Nova Scotia.

By FREEMAN

## Stanley Greets Livingstone

"Stanley and Livingstone" comes to the Olympic Wednesday and Thursday, starring Spencer Tracy, Nancy Kelly and Richard Greene. "Golden Boy" is another highlight of the week showing Saturday night only.

## Delta Zeta Chi Welcomes Girls At Garden Tea

Delta Zeta Chi entertained the freshmen girls of West Texas with little flags of welcome as favors at a garden party Wednesday evening from 6 to 8 at the home of Dr. and Mrs. L. F. Sheffy.

Ernestine Ballard and Maxine and Maurine Hoyle received the guests. Mrs. Sheffy, sponsor of the sorority, presided at the punch bowl, and Kay Sawyer presided at the guest book which is a part of the Delta Zeta Chi scrap-book.

Special guests were the women members of the college faculty.

This week has been designated as Rush Week, and Delta Zeta Chi is planning various parties for the rushees.

## First College Vesper Held on Lawn Tuesday

The first in a series of College vesper services was held on the lawn of the Administration Building Tuesday.

The theme of worship was "Give Us, We Pray, a Keen Mind." George Stokes sang "We are Making God's New World." Gaynelle Douglas acted as the leader of the responsive reading. Hymns were sung with George Stokes as the song leader, and Tom Langston accompanied at the piano. The vesper chairman for the evening was Mary Byerly, who had charge of the program, sponsored by the YWCA. Fifty persons attended the service.

The YWCA plans to give one vesper a month, and all students are invited to attend.

## Kappa Tau Phi Have Breakfast For Rushees Sunday

Opening rush week, members of Kappa Tau Phi, girls' social club, were hostesses at a waffle breakfast Sunday morning at the C. R. Flesher home.

Fall flowers were used as decorations throughout the entertaining rooms, and golden flowers in a pottery vase centered the long table, which was attractively set with Fiesta pottery on white linen. Matching the color scheme was the cocktail of red and gold watermelon balls. To complete the table arrangement, at each place were hand-painted place cards in gayly colored pottery designs. Miss Irene Hunt, president of the club, and Miss Florence McMurtry, sponsor, were seated at opposite ends of the table.

Technicolor moving pictures were taken of the group by Miss McMurtry.

Rushees present were Misses Dorothy Terry, Mary Alice Wilson, Nell Green, Terry Warren, Dorothy Picture, Frankie Deppen, Hazel Bath, and Ernestine Cundiff.

Members seated were Misses Mattie Brown, Viola Holmes, Christine Hamilton, Jean Slack, Laura Gerner, Billie Bee and Natalie Flesher, Dorothy Jo Clark, Lillian Chambers, Irene Hunt, Dorothy Simpson, Ida Martha Plerie, Frances Ann Simmons, and Miss McMurtry.

## PiOmega Honors Two Groups At Garden Parties

Pi Omega entertained two groups of girls with a garden party and a tea last Thursday and Friday from 5:30 to 7:30 p. m. at the home of Mrs. J. A. Hill.

The garden party Thursday afternoon welcomed all new girls on the campus. Annette White, president, and Ruth Hill, vice-president of the sorority, met the guests as they entered the east garden of the president's home.

Mogie Routh presided at the guest book.

Mrs. Hill and Mrs. A. M. Meyer, club sponsor, served the punch. The table was covered with a lace cloth and garden flowers formed decorations. Soft music was heard thru-out the entire evening.

The tea Friday afternoon was in honor of the other girls' social clubs. It also was given at Mrs. Hill's home.

Guests were met by the president and vice-president. Mrs. Hill and Mrs. Meyer presided at the tea table. The table, covered with a lace cloth, was decorated with crystal candelabra, white candles, and garden flowers. The club colors of maroon and white were carried out in the sandwiches, which were white with a maroon greek letter Pi Omega.

Guests at the tea were: Mrs. L. F. Sheffy, Mrs. Anne Wofford, Miss Florence McMurtry, Adele Hays, Maxine Hoyle, Mary Helen Stalls, Gaynelle Douglas, Anna Sue Williams, Wynona Bomar, Ruth McCullen, Helen Eoff, Ann Pallmeyer, Margaret Deal, Natalie Flesher, Laura Gerner, Kay Sawyer, Virginia Lee Fortenberry, Ida Martha Plerie, Dorothy Jo Clark, Cleo Bourland, Eula Fay Foster, Mary Walton, Mattie Brown, Mary Kerr, Billie Jean Biggers and Viola Holmes.

ADAMS-PRYOR

Marriage of Miss Mary Adams, daughter of Mrs. Ida Adams of Pampa, and Chester Pryor, was solemnized in Sayre, Okla., September 12.

The couple were married in the home of the officiating Methodist minister in Sayre with Mr. and Mrs. Burl Gaines and Miss Eva Jane Stark accompanying them.

Mrs. Pryor attended West Texas, and was a member of Gamma Phi sorority. During the last two years she has been employed at the Pampa News and Griffith Amusement Company theaters there.

"We Dress the Best"

By burning 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them—CAMELS give a smoking plus equal to

5 EXTRA SMOKES PER PACK

Here are the facts about cigarettes recently confirmed through scientific laboratory tests of 16 of the largest-selling brands:

1 CAMELS were found to contain more tobacco by weight than the average for the 15 other of the largest-selling brands.

2 Camels burned slower than any other brand tested—25% slower than the average time of the 15 other of the largest-selling brands! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 extra smokes per pack!

3 In the same tests, Camels held their ash far longer than the average time for all the other brands.

Yes, those choicer tobaccos for which Camel pays millions more do make a difference! Camels are the quality cigarette every smoker can afford.

MORE PLEASURE PER PUFF—MORE PUFFS PER PACK—

Penny for penny your best cigarette buy

"With a cigarette as good as CAMEL, it's swell to get those extra puffs!"

SAYS LLOYD CHILD, FAMOUS POWER-DIVE TEST PILOT

LLOYD CHILD at Buffalo Airport, scene of his recent world record power-dive—more than 575 m.p.h. in the Curtiss Hawk 75-A—pauses to give his slant on cigarettes: "I've smoked Camels for about fifteen years. I knew that they were the long-burning cigarette. That means more smoking for my money. On a pack of twenty, as those scientific reports show, it's like getting five extra smokes per pack. It's the right kind of smoking, too—mild and swell, cooler, non-irritating, better for my kind of steady, day-after-day smoking." Don't miss the fun of smoking Camels! Enjoy their matchless blend of choice tobaccos...while enjoying the economy of that long-burning feature that makes Camels "penny for penny your best cigarette buy."

CAMELS—Long-Burning Costlier Tobaccos

## Western State To Come Here Friday

### Score of Last Year Gives Locals Margin On Gridiron Friday

West Texas State's Buffaloes will start a parade at 8 p. m. of the 1939 machine before the home fans Friday in a return engagement with Western State College of Gunnison, Colorado.

The Buffs hit a fast pace against the Colorado eleven last year and won, 27-0. However, the game was late in the season and the Mountaineers had been decimated by injuries, whereas the Buffs had hit an unquarable stride. This year Coach Paul Wright, a former Texan, will bring a revamped team and a new backfield.

This game will see the new bandstand in the stadium in use for the first time with more than fifty in the Buffalo Band offering musical support for the local griders. The pep squad too will be "strutting its stuff."

#### Busy Schedule Ahead

October 14 the Al Baggett crew will journey to Oklahoma City to meet the Goldbugs, who are proclaiming a new gridiron era. Last year the Buffs found the Goldbugs big but green, and defeated them 13-7 on the local field.

The locals will make their debut in the new Alamo Conference October 28 when the Rattlers of St. Mary's University, San Antonio, come here for the homecoming game.

Kansas State College of Pittsburg receives the Buffs on their home field November 4. With twenty returning lettermen, they promise a stiff game.

#### Hardin-Simmons: Nov. 11

West Texas' arch-rival, Hardin-Simmons University, will play host to the Buffs at Abilene on Armistice Day. The band, pep squad and a host of local followers will pilgrimage to the affair. The Cow-boys have had the heavy end of the winnings in these annual frays and the locals are set to reverse this order.

Sul Ross State will entertain the Buffaloes at a homecoming event in Alpine November 18 in another Alamo conference game. The following week sees the South Dakota Aggies of Brookings coming here for the last Buffalo home game.

Closing the season the Buffs head far south to Kingsville to take on

## Managers For Teams In Girls' Tourney Will Organize

Volley ball will lead the parade of intramural tournaments for women, and each team should have a manager selected to attend the business meeting of the managers in the women's gymnasium Thursday at 7 p. m.

An announcement by Carolyn Greenway, general manager of the tournament, indicates that there will be placements of girls who are not already affiliated with a team. A social hour is being held for the players, and those who wish to play are being urged to attend.

A photo trophy will be awarded the intramural winner. W. T. letters will be awarded the winning team members and the outstanding player of each team entered. The intramural insignia will be given to each participant in the tourney.

## Arizona Steals W. T. Opener 19-0

Arizona State turned back the Buffalo herd from West Texas State Saturday night in a 19-0 battle.

Arizona State, riding high after a 20-0 triumph over San Diego State in the previous week, had too much weight, speed and advancement for the Buffs to cope with in their initial game. Sophomore pass receivers muffed many of Philip Foster Watkins' passes and generally showed considerable nervousness. The ground attack made little headway against the veteran Bulldog line.

Fans believe the locals left most of their jitters in Arizona and will be ready to march next Friday evening against the Western State eleven from the highest gridiron in the nation. Potentially the strongest team in several years, the 1939 Buffalo machine needs experience more than anything else. Guards and backfield, in particular, lack seasoning.

Western State will bring seventeen lettermen. The line will outweigh the Buffs by several pounds. Five of the Mountaineer ends are more than six feet tall. The backfield will be smaller and fast, and the starting lineup will be 100 per cent lettermen.

Texas A. & I. for the final conference match.

## Swimming Events Start Next Week

### Entrants May Practice In Outdoor Pool at 4:30 Five Days of Week

First contest in the men's enlarged intramural program will be a swimming meet scheduled October 12.

At a team manager's conference Tuesday, the team composed of boys from the NYA vocational project were accepted to compete on the same basis as campus organizations.

Prof. Mitchell Jones, director, announced that students will be allowed to practice in the outdoor pool after 4:30 each day except Saturday and Sunday.

#### Plan Eight Events

Competition will be carried out in eight events under the plans of the new program. The events will be changed according to the decisions of the team managers, and at the present time tentative plans call for two optional arrangements in the swimming event. Use of either plan depends upon the weather—if possible the outdoor pool will be used.

If the indoor pool is used the distance of the race may be cut. Included on the program will be the following: breast stroke, back stroke, 50 yard free style, 100 yard free style, diving, 220 yard free-style, and 150 yard medley relay.

#### Hold Conference Today

No under water contests will be staged, and all long distance events will be omitted because W. T. entrants are not accustomed to working in the water.

Team managers will hold another conference this afternoon at 4:30 o'clock in Room 104E to discuss plans for a football tournament following the swimming meeting. Campus organizations are still eligible to enter the contests.

Organizations and team managers include: Epsilon-Beta, Bill Harris; NYA, Olie Brown; Bachelor Hall, Jim Dukes; Sanders House, Mac Justice. Other teams have been entered since this meeting.

The first college gymnasium in the U. S. was erected in 1860

## EX-STUDENT POSTOFFICE

By Jenna V. Stephenson

Chris Wooten left September 25 to accept a position with a Magnolia Petroleum Company in South Texas.

The campus saw several exes when the Skunkhunters were reunited at the dance t'other night at Cousins. Jack Pate was there with his old smiling, friendly self to remember everybody, and Bob Shepard, and Gene Shepard came wandering in the other day.

Four of the eight administrators of the Pampa public school system are graduates of W. T. and one other is a student from this alma mater. The grads are L. L. Sone, superintendent, '27; E. W. Cabe, Jr., '33, director of instruction; Frank Monroe, '33 junior high school principal; and F. W. Savage, '34, Sam Houston high school principal. J. A. Meek, principal of the B. M. Baker school at Pampa, is the other executive from W. T.

Flaudie Gallman, '38, has been elected to teach mathematics in the junior high school at Pampa this year.

Miss Virgie Denton, '38, is teaching art in the Pampa public schools this year. Miss Denton taught in the Kress public school system last year.

Thomas H. Newell, '37, is now located at Eunice, N. M. Mr. Newell has been doing graduate work at the University of Texas during recent summers. A letter received this week tells of his marriage on July 22 to a Texas girl.

Lee Johnson, '28, is to be the principal speaker at a community homecoming at Gomez on October 9.

James Haynes, '38 grad, is now teaching business administration at Hardin-Simmons, Abilene.

Sally Mary Campbell, '32, formerly teaching in the Dalhart public schools, has accepted a position as teacher at Clayton, N. M.

Two members of the W. T. library staff received Bachelor of Science in library science degrees from the University of Denver this summer. They are Albessa Stephenson, M. A., B. A., and Bertie Mae Williams, M. A., B. A.

Larry Holman, W. T. ex, owner of the Canyon Grocery, is reported as recovering rapidly from his recent automobile accident.

J. D. Rainer and Floyd Murry, both '39 grads, are teaching at Stinnett this year. Murry has a coaching job there.

Pansy Harris, well-known co-ed who did part of her work here, has given up her position as teacher at Panhandle to join a junior high school staff at Lubbock.

This column was in error last week in saying that Mr. and Mrs. Sidney Smith have two children. The story should have said they have no children.

## 30th Year of W. T. Shows Increase

Enrollment in W. T. reached 1,000 yesterday, according to Registrar D. A. Shirley. The attendance stands higher than the total on the campus at this time last fall.

Classes in some departments are so overcrowded that changes have been made during the week in order to reduce the number in some classes.

The annual faculty reception Saturday night at Cousins Hall was attended by most of the students on the campus.

### HOMECOMING—

(Continued from page 1)

Football Queen will be crowned. Miss Ruth Cross is chairman of the field activities.

Homecoming buttons to be worn to advertise the big event will be ready for sale, at 5 cents each, within a week. The general committee headed by Mrs. Tommie Montfort will have meetings almost every day until Homecoming is history.

## Official Notices

The Campitivity club will meet tonight at 7 o'clock in Room 101E. All old members are being urged to attend and new members are invited. Mrs. Saunders and Miss Nan Roberts are co-sponsors of this club.

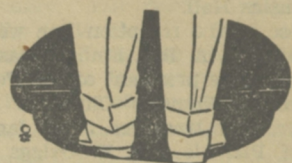

Girls who wish to participate in the tennis tournament should sign their names on the bulletin board in the basement this afternoon. The partner's name should be signed if the entrant plans to play doubles.

An open swimming period for girls will be held on Monday afternoons from 4:30 until 5:30 in the indoor pool. Girls who have passed their physical examination are eligible.

A short call meeting of all Alpha Chi members in Room 116 of the Administration Building on Tuesday at 3:30 p. m. has been announced by Marjorie Reeve, president. Members who are unable to attend are requested to contact the president or the sponsor, Dr. Ford Fronabarger.

Orchestra rehearsals are sche-
