

Senior Class Day Exercises This Morning in Pageant Form Give History of W. T. College

**Seniors Present College With Flag
Pole With Impressive Ceremony;
Junior Moving-Up Exercises Held**

Some of the high spots in the development and history of W. T. lived again before the student body this morning in a pageant which formed a part of the senior class day program. There were eight scenes in the pageant, each representing some important happening in the life of the school, beginning with the meeting of the local and state locating committees in Canyon, and proceeding down through the big fire and faculty meeting following, the first graduating class to receive degrees, the unstable war times, and finally showing how the school had met and overcome all the hardships in its growth by the large number of 1930 seniors who appeared on the stage and sang "Alma Mater."

The senior program was divided into three parts this morning, the first part being the dedication and presentation of the senior gift of a flag pole to the college at 10 o'clock, which took place at the pole. The bugler silenced the crowd, after which Newton Crain, president of the class, presented the gift to the college, and President J. A. Hill received it in the name of the student body, faculty, and college. As the flag was raised, the bugle again sounded, and the assembly sang "America," with the flag floating over them.

The second part of the program took place in the auditorium of the main building a few minutes after the dedication and consisted of the presentation of senior chapel seats to the junior class and the reception of the seats by the junior president, Wallace O'Keefe, after which all the juniors moved up and immediately took their places in the senior section. In recognition of her excellent work with the senior class play, Miss Mary Morgan Brown was then presented with a gift from the senior class by Anna Throckmorton.

Following this, the curtain was parted, revealing the first act in the location of W. T. at Canyon, and during the remainder of the hour the school again unfolded and developed. Several of the men who have watched and aided in the growth of the school were seen to move through different scenes, ever working for the betterment of the school and for the enlargement of its service.

Edgar Ireland Is Made Little Chief of Tribe for '30-'31

At the regular meeting of the L. O. R. M., May 20, Edgar Ireland was elected Little Chief Lone Wolf, IX, for the next scholastic year, 1930-31. He succeeds Eulith Compton, who has completed a year of valuable service to the tribe.

Ireland's home is in Hereford. Next year will be his third at W. T., as well as his third as a member of the Red Men.

The selection of Eddie for this responsible post, calling for exactitude and a willingness to forego personal glory, was not difficult. As a Buck, he has at all times been active and loyal, and at no time has he failed to uphold the standards of behavior outlined for the order as a whole or its individuals as units thereof. Red Men are proud of him, both as Little Chief and as a man.

E. L. ASSEMBLY TO BE HELD IN CANYON SOON

CITY AND W. T. S. T. C. WILL BE HOSTS TO FOURTEENTH ANNUAL ASSEMBLY OF THIS CONFERENCE, JUNE 2-6.

Canyon and the West Texas State Teachers college will be hosts to some 500 guests when the fourteenth annual Epworth League assembly of the Northwest Texas Conference convenes here June 2 to 6. The theme of the assembly will be "World Winning."

The meet will open the night of June 2 with a banquet in the Buffalo gymnasium. Classes will be held each day from 8:20 o'clock until 12:15 o'clock. Morning watch will be held each morning on the campus at 6:45. The afternoons will be taken with rest periods and directed recreation, which will be directed by the Rev. E. L. Yates of Quitaque, Erwin Slay of Amarillo, and Alfred Jameson of Canyon. One of the special features planned for the occasion is a trip to the canyons on Thursday afternoon. The Chamber of Commerce and the college are co-operating in arranging transportation of the guests to the canyons.

The assembly will close Friday night with the issuing of all credits. Each person who takes four courses will be entitled to two credits on the Christian culture diploma. Twenty-seven courses are being offered.

Among the principal speakers on the program are the Rev. W. Harrison Baker of Dallas, and D. L. Mumpower of Nashville, Tenn. The class work is divided into the following sections: Bible, missions, special methods, and general methods. The faculty is composed of more than 30 members, several of which are members of the college faculty.

Shaw and Davis To Show Pictures of Canyons Soon

Travis Shaw, Ray V. Davis, and L. N. George will attend the meeting of the West Texas Chamber of Commerce at Abilene, May 28-31.

Mr. Shaw and Mr. Davis are going to show movie and still colored pictures of the Palo Duro canyons to promote the proposition of making the canyons a state park. Mr. Shaw made the movie pictures, and Mr. Davis took the still pictures.

These pictures will be shown again to the park board when it meets at Caddis Lake, June 13.

Girl Scouts of W. T. High School Will Feature Rally Day

The Girl Scouts of Canyon are joined in plans for a rally Friday, May 30, in the education building auditorium, at 7:45 p. m. Demonstrations in signalling, fire building, first aid, trail laying, and many other Girl Scout features will be given.

Two plays will be presented by the public school Scouts, and one by the training school Scouts. All persons interested in scouting are invited to attend.

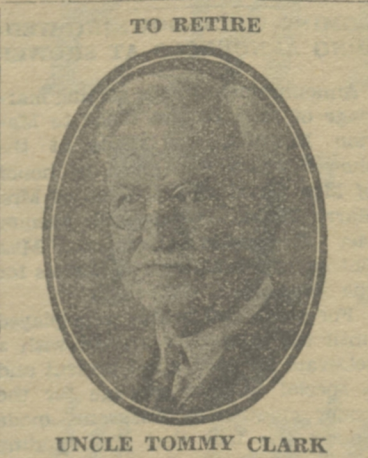

"Uncle Tommy" Clark, Veteran Teacher, Will Probably Retire From Profession With the Close of This Quarter's Work

With the close of the present spring term of West Texas, comes the probable conclusion of the 57-year-teaching career of Prof. T. M. Clark, affectionately known as "Uncle Tommie" by countless numbers of this and other sections of the state.

Mr. Clark plans to return to his old home at Portland, Texas, where he will spend the coming year in his "cottage by the sea." As yet no one has been obtained to fill his place at the college, and it is hoped that Mr. Clark will become strong enough to carry on his teaching work. Beginning his teaching career in 1873 at the age of 17, he has taught every year since. He is at present head of the departments of French and German. He is recognized as a true pioneer in the educational ranks of Texas.

It is with regret that those who have come to know "Uncle Tommie" here learn that he is to leave. His influence has been widespread since he has been associated with the college here, and he is loved all over the Panhandle. He has associated himself actively in choral and orchestral work of the college.

"I've taught long enough," states Mr. Clark simply, in his remarks on his retirement. "I dislike to leave as I believe that the plains country is the most healthful in the world, and is due for greater development than any section of the United States. It has always been and is

Spring Basketball Indicates Good Prospects for '30

Spring basketball at the West Texas State Teachers college is over and a great deal of work has been accomplished by the Buffaloes during the past three weeks. Coach Burton started with only one regular from last year, but is well satisfied over the prospects for 1932.

He states that his 1931 basketball team may be lacking, but the 1932 bunch is putting a wide smile on the big coach, in fact he says his team should be a whiz.

There is Comer, the rangy lad from Clovis, whom most fans have been picking for center. He is being run at forward, and it looks like he will be one of the best men ever developed at West Texas.

Fuller is the only regular from last year and is being kept at the center position. He will in all probability hold that position, too, for Fuller is a real jumper.

Brown, a reserve from last year, is being developed into a guard. He played forward last year.

Other men who have been out are: Burk, Leo Cooper, Mervyn Cooper, Monroe, Morris, McLendon, Fitzgerald, Troutman, Clark, Hyman, and a few others. All these men are showing plenty of competition.

Coach says these boys are going to be the best ever developed at West Texas. Next week it will leave for a week's vacation fishing in New Mexico, just as soon as the regular team is out.

The big coach says he knows a place to fish in New Mexico where a person has to hide behind a big tree in order to have time to bait a fish hook. Won't that be fun?

Band Program to Be Given Tonight at South Entrance

This evening at 7 o'clock, at the south entrance of the administration building, the Buffalo band will give its annual commencement program, which is as follows:

"Salute to the Adjutant" March—Stradella Overture—Flotow
Cupid's Captive Waltzes—Sherman
a La Paloma—Yradier
a La Golondrina—Serradell
Selections from "The Red Mill"—Victor Herbert
March Militaire No. 1—Schubert

Mr. Phillips spoke to the seventh grade graduating classes of the Hereford rural schools last Friday evening.

Today the annual exhibit of the year's art department work is on display in room 206 and in Mrs. Green's offices. The exhibit will continue tomorrow. As was done last year, the exhibit is divided, the work of the junior and senior classes in painting and etching being in Mrs. Green's offices, while the other types of work are in the art room, 206.

This exhibit consists of work selected from all the art classes and methods courses of the college, and includes, besides painting and etching, work from sophomore classes in design, charcoal figure studies, sophomore mechanical perspective, costume design plates, and projects worked out by the methods class, the latter of which will be of especial interest to all prospective teachers.

The rooms are open today from 8 a. m. until 5 p. m., and tomorrow afternoon from 1:30 to 5. All students, faculty members, and visitors are welcome by those in charge.

Phillips Attends Farm Loan Meet at Amarillo, Mon.

Frank R. Phillips attended the meeting of the officials of the Panhandle and National Farm Loan Associations at Amarillo, May 19. R. C. Williams, member of the federal farm loan board, was present as one of the principal speakers.

Mr. Williams' discussion centered around the nature, activities, and value of the federal farm loan board. Terracing and many other important problems of the farmer were discussed at this meeting.

"WHAT MOON SEES" IS GIVEN TO FULL HOUSE

AUDIENCE CARRIED TO MANY COUNTRIES WITH REPRESENTATIVE DANCES; WILLIAM DAWES SINGS.

"What the Moon Sees," the annual physical education pageant, was presented to a full house last Friday evening at 8:15. The production was directed by Miss Ruth Cross and Miss Rubie Jeanne Barksdale. From the first note of the song sung by William Dawes to Lady Moon, Eva Todd, until the curtain fell on confetti and the promise of a high-hatted time, the audience was fascinated by the elaborateness of the colorful costumes and the charm of the well-planned scenes.

The audience traveled with Lady Moon from the far-away shivering north through the warm Mediterranean and the mystic Orient until they found themselves on the sidewalks of their own New York.

The program, presented in seven countries of the world, beginning with the northlands where Eskimos and Russians danced folk dances characteristic of the lands they represented. The second and third divisions dealt with the British Isles and Western Europe. Dancers from Ireland, Scotland, and England gave lively glimpses of their favorite dances. A song sung from either side of a huge bookcase, by William Dawes and Beth Pitts, opened the scenes from Western Europe. A blue-clad elf opened a door of the case and quaint, old-fashioned couples courted out to dance the minuet.

Dutch couples wearing wooden shoes, and Swiss mountaineers with their Alpine poles, brought smiles to the faces of the audience.

The Dutch Treat, danced by Frances Ray and Ina Davis, was one of the most pleasing numbers of the entire program. The little Dutch girl wheeled the tulip from the charming little boy, and they clattered from the stage hand in hand; he sucking his red stick candy, and she contentedly clutching her tulip. The countries of the Mediterranean and Orient were represented by the fiery dances characteristic of this section of the world. A rustle of grass skirts and hula dancers from the South Sea Isles whirled into view, and a style show afforded one of the chief attractions of the evening.

With the order "All hands off deck" from the commander of the fleet, America staggered down the gang plank. The colored patches on their trousers, and the light feet of the sailors won the admiration of the audience, and bell hops in their red uniforms tapped their way to fame. The chorus girls from gay Broadway astounded the audience by not falling, though they might have had that feeling, and the curtain fell with the promise of a whoopin' big time, with Lady Moon the center of attraction.

This was the long and fierce fighting of the boys once again, and, strange as it may seem, Judge and Preach were both defeated by small margins; both in singles and doubles. Wallace was the only survivor, having won the only singles. Hal and Wallace won their doubles.

This is the first defeat for Judge and it being just a matched game for fun, can't be counted against him. Anybody who is well acquainted with Judge knows why he was off Sunday afternoon, for it is only a week until—well, ask him.

Wallace has his start for next year. He is going to be hard to beat, as he has only three defeats out of 13 games against him for this year.

The games were as follows:

Wallace won singles, 6-1, 6-2.
Wallace and Hal won doubles, 6-4, 12-14, 6-0.

Hartick lost singles, 2-6, 4-6.
Landers lost singles, 0-6, 7-9.
Eubanks lost singles, 0-6, 5-7.
Eubanks and Landers lost doubles, 7-5, 2-6, 6-2.

"About the time one learns to live he is ready to die," stated President J. A. Hill in chapel Tuesday when he spoke to the student body.

Mr. Hill's talk centered around the problem of giving the rising generation the experience, or wealth of knowledge, which the older generations have obtained. He pointed out the futility of chasing fool's gold; that while fool's gold is attractive, it also is plentiful and of no value.

In advising the students as to their future, Mr. Hill brought out the tendency of youth to interpret life without reference to what previous generations have learned. Youth must listen to age in order to succeed. Youth must distinguish between fool's gold and real achievement. One must not try to "get by"; there is a recording angel of evil deeds in one's own self.

Mr. Hill concluded his talk by reading from Dr. Frank Crane's Four Minute Essay on "Fools."

W. T. Commencement Activities Close Tomorrow With Conferring of Degrees and Alumni Banquet

Baccalaureate Sermon, Opera, Band Concert, and Receptions Have Been Features of Occasions for the Graduating Class

With the annual alumni banquet tomorrow evening beginning at the 6 o'clock hour, commencement activities for West Texas State Teachers college for the year 1930 will close. These activities began Saturday evening with the graduation of the high school seniors of the demonstration school.

The chief feature of Commencement week will be tomorrow morning at 10 o'clock when the degrees are conferred upon the members of the class of 1930. The commencement address will be delivered by Dr. A. W. Birdwell, president of Stephen F. Austin State Teachers college at Nacogdoches. Dr. Birdwell has been a personal friend of President J. A. Hill for a number of years. President Hill was formerly a classmate of Mrs. Birdwell.

The alumni banquet, which is to be held at Cousins Hall, is being directed by the class of 1928. Seniors of 1930 are honor guests of the occasion. The idea for the banquet is being carried out similar to a one-ring circus. At 9 o'clock the guests will adjourn to the Buffalo gymnasium, where there will be a dance.

Activities for today include the Class Day exercises, with the dedication of the senior class gift, a flag pole, as one of the chief features; the sponsor's reception to the seniors at the McCollie home at 3:30 o'clock; the outdoor band concert on the campus at 7 o'clock; and the president's reception to the class from 8:30 to 11 o'clock.

Sunday morning the baccalaureate sermon was delivered in the college auditorium by Dr. R. C. Campbell of Lubbock. Yesterday evening at 8:15 the annual commencement concert was given under the direction of Wallace R. Clark, head of the department of music.

**W. T. Scholarships
Will Be Awarded
College Students**

Scholarships will soon be awarded to several college students who will be in school next year. These include the Regents' Scholarship, paid to students who have completed with high rank a two or three years' course; the Sadler Scholarship, being awarded to a student doing outstanding work in public speaking; the Charlton Scholarship, given to a student majoring in Spanish; and the Faculty Scholarship, awarded to the junior or senior student making the highest grades of the year. The value of each of these scholarships is \$100.

The Warwick Scholarship, given to a student doing outstanding work in the department of music, pays for private lessons in piano for one year.

The college regents offer scholarships to the honor graduates of affiliated schools, paying matriculation, library and laboratory fees for four years, one man and one woman being given the scholarship each year. The Federated Clubs offer annually three similar scholarships to girl graduates of high schools.

The Hinkle Prairie award of \$35 will be given the student who has been the most valuable member of the Prairie staff.

**Scholarship Given
To Arlin Turner,
W. T. Ex-Student**

Word has recently been received from Arlin Turner, an ex-student of the college, that he has been granted a fellowship to the University of Texas. The fellowship is worth \$500 plus free tuition, and will be used by Mr. Turner to go on his Ph. D. degree. Mr. Turner will receive his M. A. degree from Texas university this month, and received his B. A. degree from W. T. with the class of 1928.

**SPEAKER DRAWS TEXT FROM
LIFE OF CHRIST; SAYS EACH
PERSON HAS THREE-FOLD OB-
LIGATION.**

Baccalaureate services for the senior class of 1930 were held in the college auditorium Sunday morning with Dr. R. C. Campbell, pastor of the First Baptist church of Lubbock, delivering the sermon. The invocation was made by the Rev. C. W. Kunze, and the Rev. A. K. Scott gave the benediction. Hymns were rendered by the choir.

Dr. Campbell drew his text from the life of Christ. "There are three things we must have," he said. He named them as "a right start in life," "a proper and whole-hearted concentration of our powers on one point," and "consecration to one big purpose."

"We all have a three-fold obligation," the speaker said, "to ourselves, to society, and to God." "A worthy life purpose will give victory."

COLLEGE STARS MEET AMARILLO TENNIS PLAYERS

**T. I. A. A. CHAMPS WIN TWO
MATCHES AND LOSE FOUR;
JUDGE DEFEATED FIRST TIME
THIS SEASON.**

Sunday afternoon, the four West Texas State Teachers college star tennis players were again in action. This time they were only playing a set of matched games for the thrill of it, with the Amarillo stars.

The team is of course composed of Judge, Preach, Wallace, and Hal. They happened to be roaming about in Amarillo the other day when they were challenged by Lund, a Kansas player; McKirhan of Tech, and Walter Elder of Baylor, all of whom live in Amarillo. This more than pleased the boys, so a battle was set for Sunday.

This was the long and fierce fighting of the boys once again, and, strange as it may seem, Judge and Preach were both defeated by small margins; both in singles and doubles. Wallace was the only survivor, having won the only singles. Hal and Wallace won their doubles.

Need of Graduate
Work Is Shown

That there is a definite need for
graduate work in the West Texas
State Teachers college may be seen
by the large number of inquiries re-
ceived daily by President Hill on the
possibility of obtaining work on
masters' degrees. It has been esti-
mated that if graduate work were
offered there would be a class of
more than 50 people to begin with.

The time has come when teachers,
to receive advance training in their
work, must go to denominational,
vocational, and professional schools.
The teachers colleges, where teach-
ers should logically receive specific
teacher training work, do not offer
advance work. The time is ripe for
the teachers colleges of the state to
get together and work out a curricu-
lum for advance courses which will
give specialized training to future
teachers, and to the advancement of
present teachers. For after all it is
to the teachers of this country that
the responsibility of developing a
superior generation of tomorrow
rests.

The high schools over the Pan-
handle are not only asking, but are
demanding that their teachers, in
order to hold their jobs, must take
work for an advanced degree. Yes-
terday a bachelor's degree was con-
sidered more than adequate for a
high school teacher to hold. Today
a bachelor's degree is merely a be-
ginning. Education, to keep pace
with civilization, must demand a
higher standard of its teachers.

Several students, who have already
received their bachelor degrees, are
at present taking work in the col-
lege with the expectation of obtain-
ing masters' degrees in the near fu-
ture. It is hoped that the time will
soon come when the West Texas
State Teachers college, along with
the other teachers colleges of the
state, will have graduate schools.

Wilhelmina Oberst has been
elected to teach in the Amarillo
public schools.

There are only three classes of
people, so far as money goes: those
who don't get along on what they
have, those who just do, and those
who save something.

Seniors Are Honor Guests at Many
Affairs During Commencement Time

Closing a year of brilliant social
events, the senior class affairs are
holding the limelight during the last
two weeks. Each afternoon and eve-
ning this week some social function
has been planned to honor the
seniors, which add to the large num-
ber already complimenting them.

Probably the most outstanding
among occasions interesting both
seniors and underclassmen last week
was the Publications banquet.

**PUBLICATION STAFFS HAVE
BANQUET, EL TAOS, THURS.**
Climaxing a year's enthusiastic
work, members of the publications
staffs, Le Mirage and Prairie, gath-
ered at the El Taos Evening club of
Amarillo, Thursday evening.

Banquet tables were placed in the
private dining sections of the hand-
somerly decorated club halls. Places
were marked for 35 staff members,
sponsors, and special guests.

Following the four-course dinner,
the program was opened by the
toastmaster, Miss Anna Throckmor-
ton, editor of the Prairie. Mr. Jen-
nings Flathers, a Prairie member,
favored the group with a piano num-
ber, which was followed by toasts
given by editors of each publication.
Ties were drawn closer when the
young women recalled traditions and
friendships between the college pub-
lications.

Misses Margaret Sheers, Janet
Holmes, Lonie Beth Weaver, and
Ruth Strain composed a quartet
singing popular tunes, accompanied
by Mr. Flathers. "Some Little Bug
Is Going to Catch You" was cleverly
interpreted by Miss Georgia
Whittenburg. Another musical num-
ber for the evening was a violin solo
played by Miss Ruth Strain, who
was accompanied at the piano by her
sister, Miss Martha Strain.

Mr. Shirley Speaks
Bringing to their attention the
joys and values of college publica-
tions, Mr. D. A. Shirley spoke to the
group as special guest for the af-
fair. He told of the pleasures in
store for W. T. students who will
later use the college editions for re-
calling memories. He also recog-
nized by Miss Ruth Strain, who was
of the most helpful among extra-
curricular activities that any school
offers.

Other guests who gave greetings
to the group were Mr. L. A. Osgood,
Prairie Sponsor; Miss Jennie C.
Ritchie, Le Mirage sponsor, and Mrs.
Elizabeth Fry Page. Brief messages
were made by Miss Margaret Sheers,
editor-elect of Le Mirage; Seth Rol-
lins, business manager of the Prairie;
Miss Minerva Bookout, editor
of Le Mirage; and Minard Stevens,
column writer for the Prairie.

Miss Throckmorton closed the eve-
ning's program by the announce-
ment of those to whom will be
given gold or silver Type-High pins
for their outstanding work on the
Prairie.

Dancing was enjoyed during the
dinner, and in the latter part of the
evening.

Guests were: Messrs. and Mes-
sames D. A. Shirley, L. A. Osgood,
Mrs. Elizabeth Fry Page, Misses Jen-
nie C. Ritchie, Anna Throckmorton,
Marie Miles, Martha Strain, Bessie
Chambers, Theresa Robinson, Tom-
mie Chambers, Minerva Bookout,
Margaret Sheers, Janet Holmes,
Florence Throckmorton, Lonie Beth

exander, Georgia Whittenburg, Sally
Mary Campbell, Frances Usery, Ruth

of roses. Pink candles in crystal
candlesticks were at either end of
the tables. Place cards with seniors
in cap and gown marked the in-
dividual places.

Frances Bourke led a group of
tributes to the seniors of the hall.
Toasts were given to them by Greta

Mae Cayton and Frances Lester.

dicated to the seniors which she closed

RED MEN PAY PARTING
TRIBUTE TO SQUAWS THURS.

As a parting tribute to its squaws
of the present school year, the Red
Men entertained with a bridge-
dance at the Imperial Tee-Pee last
Thursday evening.

Elaborate plans for giving the
party on the beautiful lawn sur-
rounding the Tee-Pee were made
wasted effort by the freakish cli-
matic conditions unfettered upon the
scene at the crucial hour, but which
failed to diminish the joyous spirits
of the guests "so fair, so winsome."
The hosts of the evening were made
to forget their disappointment and
to revel in the unaccustomed beauty
abounding within the confines of
their bachelor home.

An hour of bridge; brilliant con-
versation—none can be so charming,
so unpremeditated, forceful, and
vigorous as that issuing forth from
the bridge table; scattered groups;
wholesome laughter. Welcome for-
getfulness of onrushing finals—and
partings, their length to be deter-
mined by the monster, Fate, and the
plump little boy who wields a wicked
arrow.

After refreshments had been
served, dancing, in addition to bridge
captured the fancies of the group.
Eleven o'clock found the reception
chambers of Imperial Tee-Pee en-
throned in a silence made thrice in-
tense by departed gaiety.

Mr. and Mrs. L. S. Baker and Mrs.
Smith, house-mother, were the
chaperones of the evening. Bob
Jarrett acted as official host. He
was assisted in the preparations by
Pledges Jarrell and Camack.

Attending were:

Mr. and Mrs. L. S. Baker, Mr.
and Mrs. Robert Foster, Miss Etelle
Lumpkin, Miss Elsie Lesley, Miss Ha-
zel McCollum, Miss Gladys Townes
of Amarillo, Miss Alta Williams,
Miss Texanna Kesler, Miss Ione

Boxing Champs Defend Titles in Bouts Last Week

There were many upsets in the college boxing tournament last week when last year's champs defended their titles.

In the bantam weight, Shanklin outpointed "Chuck" Stevens, the holder of the bantam title last year. In the middleweight division, Pat Gerald won over Daugherty, who still held the welterweight title. Jennings won over Smoot in the middle weight title bout. Smoot was holder of last year's title.

One of the most unusual bouts was that between Lee and Powell. In the first few minutes of the bout, both received hard rights at the same time above the eyes, and the bout was stopped because neither could see. Lee, who holds last year's title, still holds the lightweight title.

More Rooms Are Needed for the League Delegates

Mrs. Geraldine Green, who has charge of securing homes for the delegates to the summer assembly of the Northwest Texas Epworth League, states that she needs places for about 100 more delegates than have been arranged for at this time. There will be a flat rate of \$1 per day per person. Those who care to take delegates are asked to get in touch with Mrs. Green.

Well, of all the conceited, egotistical, proud, self-centered, opinionated, and vain people! A traveling salesman took it upon himself to draw his John Jones in our annual and then tried to sell his autograph to us. Well, of all things!

And here it is commencement and we're nothing to commence.

A certain sociologist in this school certainly uses convincing similes. He has a way of comparing a woman to a car on a slick road. They're both free, white and female.

Everything around the Prairie office is broke. We look for the chairs to collapse next. The man robbed the pay telephone the other day and took our last cent. Oh, where, oh, where has our money gone!

Then there was the Scotchman who stood up all night to keep his pajama legs from becoming baggy at the knees.

Have you heard of the man who lay awake all night to catch himself snoring?

The man who used to burn the midnight oil now has a son who does his best work in the dark.

Heck Ward very unceremoniously stumped his toe the other day and from the war dance staged we gathered that it must have hurt.

Scotchman: Three dollars to pull a tooth? Well, I should say not; I'll get in a fight on the way home.

Newton Crain says Saturday will be "special" day on library fines. All fines over \$4 will be cut to \$3.98. Now don't rush!

Then there was the Scotchman who was seated on the corner with his bread waiting for the traffic jam.

We understand there are a few around the campus who can't find any humor in this column. All we say is get you something that fits your mental ability and don't try to block up these two guys. Just remember, "Speech is silver, but silence is golden."

Well, the seniors are sporting their mortar boards and mourning. We stare in awe and reverence. But here's telling them good-bye and wishing them good luck in war, worry, and work. May joy go with them and peace behind them.

The boxing tournament is over and take Cap's advice—never get cocky before a fight.

Some people think that if you talk about off subjects you are modern and smart, and it will bring you a better understanding, but we are inclined to think that the less words create realities, you know!

Then there was the Scotchman who ate so many apples a day that he actually had to call a doctor.

Say, this Camp girl took things into camp in a big way Saturday morning. If Margaret had been chewing gum she would have surpassed Will Rogers. And how she did take cuts at various groups and individuals around over the campus was a shame. Hope she never gets mad at me.

Sally tells one about how down in

sunny Mexico they don't let girls with short dresses on in church. That wouldn't bother the girls in this country. They don't go anyway.

The staff had a big party up at the Mexican joint in Amarillo the other night. It must have been a swell affair.

The girls are complaining about some of the amateur songsters who have been croaking around under their windows at night. I suggest they try a few pans of hot water on their Romantic Ruffians.

A man walked into a store and asked for ten thousand roaches.

"Now what do you want with ten thousand roaches?" demanded the store keeper.

"Well," replied the customer, "my landlord is throwing me out, and he said to leave the place just like I found it."

"The shades of night were falling fast,

A fool stepped on it and rushed past;

A crash! He died without a sound, They opened up his head and found CONFETTI.

We enjoyed Prexy's little talk about fools, etc., in chapel the other day. But every court has its fool, and every fool has his court, so why worry!

Something else about this governor's election. If you have any kin folks in the pen, vote for Jim Ferguson.

Laundress: I couldn't come yesterday, Miss Jones, I had such a pain.

Miss Jones: What was it, Melissa, dyspepsia?

Laundress: Well, ma'am, it was something I eat; the doctor called it acute indiscretion.

"What keeps us from falling off the earth when it is upside down?" a child asked his teacher.

"The law of gravity," replied the teacher.

"And how did people stick on before that law was passed?"

Teacher: Who is the smartest man living?

Pupil: Thomas A. Edison. He invented the phonograph and the radio so people would stay up all night and use his electric light globes.

REVERY OF A BACHELOR
Some girls marry in boredom,
Some girls marry in haste;
Some girls wed for their daily bread,
Some lest they be disgraced;
Some girls wed on a wager,
Some girls wed on a spree,
Some girls marry to be contrary—
They will never marry me.

Some girls marry on tug boats,
Some girls marry on trains,
Some are light-headed enough to be wedded
Swooping in aeroplanes;
Some girls marry in swimming
Or in submarines under the sea;
Some girls marry from mere vagary—
They will never marry me.

Some girls marry in earnest,
Some girls marry for life,
Willing to bear the load of care
That so properly falls to a wife;
They are married with all decorum
In a church by a dominie;
And such a fairy I'm willing to marry—
But she will never marry me!

—Col. and Capt. Gowdy.

Well, folks, the little old firm of Captain and Colonel Gowdy's K. K. K. is now signing off amid the showers of flowers, candies and rocks and tears that are being shed for us. "With charity for none, and with malice toward all."

We lived and extended our influence for some 25 to 30 issues—and the trouble we have caused will take twice as much to smooth the brows of the insulted.

As the partnership is dissolved we have our regrets. One, that we can not take our successors around behind the building and kill them easy. But literally speaking, across the space we take his hand and wish him lots of hard luck—may he offend as few people as possible!

Capt. won't ever be back, but Col. will come back if the authorities will permit. Nothing is as sad as a parting, but we must sign off.

Yours until they ride night mares for saddle horses,
Capt. and Col. Gowdy.

Children's Theater Gives Last Play Thursday P. M.

"Bedtime," a delightful play, was given at the Children's Theater Thursday afternoon. This play is based on a story by Marjory Benton Cook, called "Who's Afraid?"

The cast was chosen from the high school, with three children from the intermediate grades. Eleanor Plerle played the role of the mother; Lela Louderer the role of the daughter, and Dick Smith the role of the son. The play was directed by Mrs. Oma.

The play consisted of the mother reading stories to her two children while members of the high school dramatic club paraded behind a theatrical gauze curtain in beautiful costumes illustrating the stories she read.

Link Rowley, with Eurith Compton, music arts major, as her assistant.

Ex-Student Notes

EX-STUDENT NEWS AND NOTES

By L. N. George

Many of the Ex-Students are coming back to Canyon this summer. There will be quite a delegation from Amarillo, Panhandle, Pampa, Tulla, and Plainview. And many Exes are coming in from the country and smaller places. Rooming houses are filling up this year at this time much better than usual. People cannot appreciate the wonderful summer climate of Canyon until they go south or east for a summer after having spent one here.

PALO DURO CANYON MAY BECOME A STATE PARK

I would like to call to the attention of every student of W. T. the possibility of Palo Duro Canyon being made into a state park. It can be made into a playground for all of West Texas and adjoining country. It is not a luxury but a necessity. Everyone needs an occasional vacation. This park will be an ideal place to go for a week end and get recreated for better work. If every Ex-Student will do some pushing for it in his community we shall be able to have it in the very near future.

Our museum is another thing that every Ex-Student should be interested in. Its establishment is practically assured. It will furnish a vivid review of the real history of the West Texas country. It will also reserve to our posterity whatever worth-while accomplishments we may hand down to them.

EX-STUDENT ASSOCIATION A MEANS OF INSURANCE

After all is said and done, the prestige of W. T. will be just what ever her ex-students make it. The prestige of each ex-student will depend upon that of the college from which he comes. Hence there is no sounder insurance than belonging to an association whose chief function is that of making each member more effective in his work and also making his alma mater more effective in preparing him for his work.

THE EX-STUDENT ASSOCIATION AND POLITICS

There is just one kind of politics in which every Ex-Student is interested and for that we have no apologies. We hope to combine our strength with that of similar associations and secure definite school legislation.

A REVIEW OF OUR WORK FOR THE PAST 3 MONTHS

1. More than doubled our membership. 2. Edited an Ex-Student special of the Prairie and sent it to 1200 hundred Ex-Students. 3. Got out a thousand personal letters to high school graduates over this part of the state. 4. Had 33 addresses made urging high school graduates to come to Canyon. 5. Secured several hundred conferences with high schools. 6. Visited practically every high school in 29 counties in Texas and New Mexico. 7. Selected a group of projects in which every Ex-Student is interested. 8. Created an interest in the association and laid a foundation upon which to work. The foundation embraces the following: Secured a definite space in the Prairie for our news and notes. Have gotten someone in each county to organize and lead our Ex-Student Association. We have the following definite things to work for: a. School legislation. b. Self and alma mater improvement. Under b is promoting extension courses, building the Hudspeth Hall, assisting to establish a museum upon the campus of old W. T. S. T. C. Helping our home economics department secure Smith Hughes standing, and assisting our alma mater to offer master degrees.

Four Numbers Are On Summer Lyceum Blanket Tax Ticket

There are to be four lyceum attractions on the summer blanket tax ticket. As already planned by the committee, these are to be the following:

FORT WORTH EDITOR HERE

James R. Record, managing editor of the Fort Worth Star-Telegram, was in Canyon for a short while Tuesday. Mr. Record visited with President Hill at the college, Senator J. W. Reid, and at the News office, while in Canyon. He is at this time making an extensive tour over the western part of the state.

Mr. Record stated that he considers the collection of historical objects and manuscripts at Canyon a surprisingly fine contribution to Texas, and that he hopes the museum project of the society will be successfully carried through during this year.

A. Hill, Canyon; T. D. Hobart, Pampa, and W. H. Patrick, Clarendon. Members of the committee feel very optimistic over the possibilities of having the museum under construction by fall of this year.

Worthy Reporters Are Awarded Gold and Silver Pins

Awards to members of the Prairie staff who have done most commendable work this year are in the form of gold and silver pins. These pins are the letter "T" with a quill across it.

Gold pins indicate superior work. The silver pins indicate good work, but not on the scale of those who receive gold ones. Those to get the gold ones are Lonie Beth Weaver, Theresa Robinson, Pearl Wimberly, Jim Crowder, and Minard Stevens. Those to get silver pins are Janet Holmes, Sally Mary Campbell, Ernest Cabe, Florence Throckmorton, Rheua Alexander, Hatcher Brown, Gene Eio, Elva Lee Bagley, and Jennings Flathears.

Assistant in W. T. Library Is Offered Position at Pampa

Mary Louise Anderson, who has taken Miss Linnie Babston's place in the library of W. T. this long session, has been offered a position as head librarian in the Pampa high school, one of the best high schools in this section of the country. Its library is outstanding.

Miss Anderson has taken all the library science offered by this institution, and has been very successful in her position here as first assistant. "Mary Louise is an efficient and reliable worker, and will make a success in any place as librarian," says Miss Tennessee Malone, head librarian here. "She has also that ability to make friends that is needed in any walk of life."

Miss Anderson receives her B.A. degree from W. T. this spring. She is considering attending the University of Illinois Library School.

STUDENT COUNCIL PLANS TO CLEAN UP BUILDING

At the last meeting of the Student Council, the problem of cleaning up the education building before school is out was discussed. This is to be done by members of the Student Council, assisted by the Boy Scouts and the Girl Scouts of the training school. The cleaning of the walls and the individual rooms will begin Friday morning.

The building has been kept in good condition, to have been used two years. Those who are in it now, may see the results of their work.
