

## Program Given For Seminar

Federated Club-Sponsored,  
Latin-American Session  
To Be Held July 25-27

Two summer seminars are being planned and scheduled, one of which is to be here on June 25 to 27 to be sponsored by the Seventh District, Texas Federation of Women's Clubs in conjunction with a Club Institute.

The other seminar will be held in Lubbock. The programs will be similar in a Latin-American relations theme.

The Canyon program, announced here today, reveals that it includes a number of speakers who can speak with the authority that comes through both study and practical experience.

One of the speakers will be Miss Mary E. Hudspeth of the W. T. S. C. Spanish Department, who studied in Spain for a year, has spent a number of summers in Mexico, and last summer was the guest of the Peruvian government and a student in the University of San Marcos, the leading university of Peru, all at the Peruvian government's invitation and expense. Miss Edna Graham, Miss Darthula Walker, and Miss Isabel Robinson have all spent time in Mexico; and Miss Walker spent a summer in South America and a year as a member of the faculty of a university cruise around the world.

On display will be an art exhibit consisting of murals of Diego Rivera, one of the world's greatest mural painters. Miss Robinson will give the exhibit interpretation. Also on display will be a Pan-American exhibit made up entirely of items that have been brought from South American countries by members of the W. T. S. C. faculty or residents of this area.

A social hour on Wednesday, June 25, will be the courtesy of the federated clubs of Canyon. Miss Irene Angel, president of the Woman's Book Club, will be in charge of the arrangements.

"The seminar will be an intensive short course designed to acquaint club women and others with the (See PROGRAM on page 3)

## Summer Band Begins Practice With 38 Players

Thirty-eight members of the summer band have begun rehearsals and Director C. E. Strain is enthusiastic about prospects for a good musical organization.

Personnel of the band includes: Gwenie Ostrom of Phillips, Ida Martha Plerle, Dan Cabe, Frank Sharman, Andy Walsh, John J. Harter, Berry McCarter, Tom Knighton, Jr., Lucille Davis, Kettee Johnson, E. Burroughs, Jr., Sam B. Johnson, Hudson Prichard, Martha Strain, Geraldine Hart, Anita Davis, Betty Guthrie, Elvia Speer, Virginia Vaughan, and T. M. Moore, Jr., all of Canyon; Oscar Croson of New London, Lathan Jackson of Fort Worth, M. J. Petty of Borger, M. D. Shepherd of Edcouch, Bob Robertson of Abilene, Winston Savage of Pampa, Ray Crowder of Goodnight, Don Savage of Oklahoma City, J. W. Lummus of Kellerville, M. A. Armstrong of Midland, Homer Jackson of Dalhart, Doyle Hughes of Phillips, Hilda Goodnight of Dumas, Joe Merriman of Borger, Caroline Barber of Coffeyville, Kansas, Mattie Louise Houpt of Tucumcari, N. M., and Dan Hemphill of Littlefield.

Practice nights are Monday and Thursday at 7:30 o'clock.

### GRADUATE STUDENT IS FROM AMARILLO

Mrs. Marguerite Cleghorn, a private piano and speech teacher in Amarillo, is doing graduate work here this summer. For her courses she has selected education and speech. Her major is speech.

She is also a substitute teacher in the Amarillo Public School system. She commutes to W. T. from Amarillo daily.

## Joe Hill, Jr. Has Worked On Giant Army Bomber—Ready For Flight

The U. S. army plane B-19, largest ever made, will fly this week after five years involving 700,000 engineering hours for construction, and Joe Hill, Jr., son of Dr. and Mrs. J. A. Hill, has worked for two years on the giant bomber.

Joe started on the big plane in June, 1939, when he first began work as a mechanical engineer with Douglas Aircraft Co. His work has been in the division of the hydraulic engineers.

The B-19 weighs 41 tons and has a load capacity equal to its weight. It carries 11,000 gallons of gasoline, and can fly from New York to Oslo, Norway, and return. The maximum speed is 210 miles per hour, and it

## First of Summer Programs Tonight

### Glen Morris To Perform

Popular Scientist Lecture  
Promises Illustrated Program  
Of Variety and Interest

Glen Morris, popular science lecturer, will present one of the first College-sponsored programs of the summer tonight in the auditorium of the Administration Building at 8:15 o'clock.

"It is the type of pictorial program which we have been trying to get for the artist's program," Prof. Wallace R. Clark, chairman for the committee which made the selection, "Glen Morris is one of the best known of the popular scientist lecturers," he added.

Employing the energies of nature, Morris introduces the audience to his show with a brilliant display of lightening in 100,000 volt flashes. Ten minutes of fascinating illusions, among which a picture revolving at 36,000 revolutions per minute, apparently standing still, will be featured. "You will see things that do not happen," those who have observed the phenomena, report.

Revealing the flexibility of electricity and the ease with which it can be changed into different forms, Morris will send 300 amperes of current across the path of the least resistance—melting railroad spikes—while the human body withstands the application of the same type of electricity.

Interspersing the serious and scientific portions of the program will be fifteen minutes devoted to unusual effects of physics, consisting of a comedy of rapid-fire stunts with the only forms of electricity that can be taken through the body in large quantities being utilized. Current at a quarter million volts flows over the body welding steel, lighting lamps, etc. A candle is lighted from a drop of water.

A unique feature of his program is a miniature broadcasting station carried about the stage or through the audience used to control apparatus on the stage. He demonstrates how ships and planes are controlled by remote control and the terrible possibilities of the improper uses of science in war.

Admission is by student activity ticket or 50 cents.

### PLAINVIEW REPORTER JOINS SUMMER PRAIRIE STAFF

Betty Gose, a former reporter for the Plainview Herald, has joined the summer staff of The Prairie. She is a junior.

A journalism major, she is a transfer from Wayland Junior College, and has selected biology and philosophy as courses for the summer. Her home is in Plainview, and her residence in Canyon is 2201 Fifth Avenue. She plans to attend college next fall.

### LENNIE WALKER IS CANDIDATE FOR DEGREE THIS SUMMER

A candidate for her degree at the end of the first summer term is Lennie Walker of Plainview. She graduated from Wayland College in 1939 and has attended W. T. the last two years.

Lennie is living at the Dowlen House. She is majoring in primary education and is taking two history courses. She will probably teach next fall, but a civil service job is more to her liking.

A prize winner on the Deadline Drama program last Sunday night was submitted by Mary Loyd of Vega, an ex of W. T. The situation which she sent in was, "Said the star reporter, 'I really did not expect to find anyone else hiding in the shrubbery.'"

John Willoughby, '37, who has been teaching in the Hereford schools, has been elected high school principal at Miami.

### More Summer Air Aspirants Are Needed

The beginning date for the summer C. A. A. flying school has been necessarily postponed because of the lack of enrollment. Up to the present time only two have signed for the course, Dr. R. P. Jarrett has reported.

All boys who would like to take the course this summer are urged to see Dean Jarrett or Carl York, ground school instructor, immediately. Girls are not allowed to take it this summer. Students must be between the ages of 19 and 26, have thirty hours if in college at the present and sixty hours if not enrolled in W. T. this summer. Boys must be 76 inches in height and pass the physical examination.

## P.-T. President To Visit Seven State Colleges

To create a better understanding between parents and teachers, Mrs. Joe A. Wessendorff, president of the Texas Congress of Parents and Teachers, will start on an itinerary Wednesday which will take her to the Seven State Teachers' Colleges. There she will speak to classes in education about the background and purposes of parent-teacher work. This idea, worked out by the state president, has never been carried out before. After her lectures, she will distribute Congress material and there will be round-table discussions.

Later, syllabus and source material will be released, by the National Congress of Parents and Teachers, to the deans of education of the Teachers' College.

Mrs. Wessendorff's itinerary is as follows: June 12-13, Southwest Texas State Teachers College, San Marcos; June 17-18, Sam Houston State Teachers College, Huntsville; June 19-21, Stephen F. Austin State Teachers College, Nacogdoches; June 23-24, East Texas State Teachers College, Commerce; June 26-27, North Texas State Teachers College, Denton; June 30-July 1, West Texas State Teachers College, Canyon; July 7-8, Sul Ross State Teachers College, Alpine.

Sympathy goes to Mrs. Dollie Robinson and family in the death of her father, Mr. A. F. Chamberlain, whose funeral occurred last Sunday. Kathryn Robinson, '37, was not present but exes of the family, including Theresa Robinson, Robinson, Arthur Robinson, and Nelson Robinson—were present. The family formerly lived in Canyon.

## T. V. Smith To Speak July 7

Teacher of Philosophy at  
University of Chicago Is  
Given Advance Praise

Dr. T. V. Smith of the Department of Philosophy at the University of Chicago will speak at the College July 7. This program is one of those offered by the College to the students and regional area during the summer months.

A native Texan, Dr. Smith is the author of a number of books and has been a member of the Illinois legislature and a member of the United States Congress.

Former students and graduates of the University of Chicago are especially invited to attend and hear him.

The associate editor of the American Journal of Philosophy, he was described by Prof. J. L. Duflof of the W. T. department of sociology as "America's most outstanding philosopher."

Mr. Duflof studied under Dr. Smith while at the Chicago school. "Everyone of you must hear him," he told his philosophy class last week.

### Glenn Davis of White Deer Joins W. T. Music Staff

With a position in the music department, Principal Glenn Davis of White Deer High School is one of the interesting professors of W. T.'s campus this summer. He holds a B. A. degree from McMurry College and a M. A. degree from Colorado State College of Education in Greeley. He is also a former student of this college, having attended here one winter session and one summer term.

Taking a personal interest in his students and making his cause fit the needs of his students are his main teaching objectives. He plans to participate in tennis and badminton for his sports this summer, as well as being an enthusiastic booster of the square dances.

Mr. and Mrs. Davis are making their home at 1907 Seventh Avenue this summer.

## Hall Residents Select Officers

Randall Hall officials were elected Thursday night, June 12, at a pajama party.

Officers elected were: President, Edith Shelton; vice-president and program chairman, Fredice Mires; secretary and treasurer, Ruth Hall; reporter, Vera Beth Hoskins; and vespers chairman, Ida Lou Long.

WILLIAM HORACE HICKOX, III  
Mr. and Mrs. Horace Hickox are proud to announce the birth of a 6 pound, 12 ounce son, on May 29. He has been named William Horace, III.

The mother is the former Mildred Barnett. Both parents are graduates of W. T. S. C.

## Lee Johnson Has Doctor's Degree

### Work Completed At Missouri U.

Business Department Head's  
Education Pursuit Is  
Real Success Story

Prof. Lee Johnson, head of the business administration department, received the Doctor's degree from the University of Missouri, Columbia, Friday.

His dissertation was entitled: "An Interpretation of Accounting Conflicts." Accounting and statistics were his majors, and economics and finance were his minors.

Work on the degree was begun in 1936 when Dr. Johnson accepted a fellowship to the Columbia school. He had taught at W. T. for four years after receiving a Master's of Business Administration degree from the University of Texas in 1931. The conferring of the doctoral degree marks a climax in an educational success story for the instructor. He is the first West Texas State graduate to assume the position of head of a department of W. T. He was graduated by the College in 1923. Prior to that time he attended high school here, and was instrumental in the establishment of the College Bookstore. The position of head of the business administration department was assumed in September, 1939.

Dr. Johnson is a former head of the Federated Ex-Students Association of the Texas State Teachers College and the West Texas Ex-Students Association, and is now secretary of the latter organization. He is a member of the Masonic Lodge.

### MRS. RICHARD WILLIAMSON ADDS FRIENDLINESS TO W. T.

Marriage seems to go well with Mrs. Richard Williamson, Onita, to her friends, who does not let that stop her from having a wonderful time with the girls in the Dowlen house where she stays. Her husband is beginning his cross country flying in the C. A. A. The red plane that swoops down over the school daily is the greeting he sends to her. Onita has attended Baylor and is a senior at W. T. this summer. She is taking Government and Music and will receive her degree in primary education next January. She does not plan to teach.

### MISSOURI STUDENT HERE FOR SUMMER

From Odessa, Missouri, which is forty miles east of Kansas City, comes Milly Russell, who is majoring in primary education.

She is a sophomore and is taking English and education this summer. This last year she taught in a rural school in Missouri and she plans to teach there again next fall. She is commuting to W. T. from Amarillo.

### Degree Granted

DR. LEE L. JOHNSON

## Alpha Chi Ready For Applications From Students

Students who wish to apply for membership in Alpha Chi, national scholarship society, should see Dr. B. F. Fronabarger of the English department in his office, Room 112, between hours 7:30 to 10:30 in the morning and 3 to 5 in the afternoon.

Junior membership requires at least 60 hours of credit—thirty of which must have been from W. T. Senior membership requires 90 hours of credit with 30 hours on the campus. An average of B is required in both cases.

Graduate membership is not obtained by application, Dr. Fronabarger has explained.

### Three Austin Teachers Choose Cool Climate

A tribute to West Texas State and its surroundings have been paid by three teachers from Austin who are attending school here this summer. It was an unusual circumstance that these ladies, two of whom had never been to West Texas before, should pick W. T. for their summer schooling when Austin boasts the best university in the southwest.

Mrs. R. B. Martin, Mrs. Alice P. Moore, and Mrs. J. H. Keen, teachers in Becher Elementary School at Austin, selected W. T. for the climate and a place to relax and they came to enjoy their visit as well as study. They drove the whole night before registration leaving at 6:45 a. m. and encountered quite a lot of difficulty with flooded highways. They were delayed in getting here until 10 o'clock the following morning, according to Mrs. Martin.

Mrs. Martin has four children and one grandchild. Her husband is a bookkeeper, and she teaches elementary science, and is taking biology and Bible. Mrs. Moore teaches in the primary grades and is studying health education and Bible. Mrs. Keene is the librarian at Belcher and is doing work in library science. Her husband is a former university professor and is now connected with insurance. They are living at 1904 8th Avenue.

### LUCILLE KIRKPATRICK IS NEW STUDENT AT W. T.

One of the most interesting persons living in Cousins Hall this summer is Lucille Kirkpatrick of Dimmitt. She is a senior and expects to attend both summer sessions. Her first college year was spent at Texas Tech and the next two at Baylor. She will return to Baylor next year to receive her degree.

Lucille is majoring in education and is taking two education courses and swimming.

## Nursery School Secrets for Success Are Exposed—Fourteen Enrolled

By VIVIAN ROOK

One of the interesting features of the summer session is the nursery school, which is held from 9 to 12:30 daily, in connection with the home economics department. The dining hall has quite a changed appearance with toys, games, and play equipment everywhere. Miss Angie Nail is the director, and there are fourteen children enrolled.

The school is only for children from two to four years of age. The aim of the school is to develop the child mentally, physically, socially, and emotionally. The development of the child's personality is attained through the medium of play, rather than through formal teaching—

## House Passes Appropriation

Senate Considering Free  
Conference Report—O'Daniel  
Must Pass On Bill

The House has passed the educational appropriation report from the free conference committee. The bill includes biennial support for West Texas State.

Consideration of the free conference committee report by the Senate was opened yesterday morning. If the Senate approves it, the governor must pass upon the bill which includes a \$170,000 science building allowance and a \$10,000 total for the Museum unit.

"Maintenance and salaries for the two years are the same as for the current biennium," President J. A. Hill pointed out yesterday. "The free conference committee report also provides for \$8,000 for a new water well, and \$2,500 for repairs to the buildings during the second year."

President Hill praised the work of Senator Grady Hazlewood: "I think that Senator Hazlewood has done a good job, and we appreciate it."

West Texas State College will receive \$428,677 the first year and \$243,177 the second year under the terms of the bill as reported by the Free Conference.

The Science building was passed by both the House and Senate. The Museum item was passed in the Senate for \$40,000, with nothing in the House bill. The Free Conference was forced to scale both amounts.

Need of a new building has been urged on the legislature for several years. No major building has been provided by the legislature since 1928.

The Museum item was urged by Senator Grady Hazlewood in order to complete the second unit of the building. The President approved a WPA project of \$20,713 last week if the State would provide \$36,239. Citizens of this section have contributed about \$7,000 cash and 250,000 brick, together with sand and other building materials toward the construction of the second unit.

President J. A. Hill has been asking for needed repairs and a new water well for several years. The Governor vetoed these items from the last appropriations bill.

No one knows what Governor O'Daniel will do with the bill when it reaches his desk. He vetoed \$5,000,000 from the appropriations bills two years ago. Most of the items vetoed in the last bills have been passed again by the legislature in the present bill.

## Summer Student Directory Ready

The summer directory of the College faculty and students is available in the office of College publications today.

G. L. Stanley of Amarillo was the publisher, and Warwick Printing Company completed the book. It is a 32-page directory as compared with last summer's 20-page book.

### WAYLAND COLLEGE GRAD JOINS PRAIRIE STAFF

Vivian Rook of Plainview, a home economics major, has enrolled for the summer session of West Texas State. In addition to her courses in home nursing and foods, she is working on The Prairie staff.

Vivian is a junior having been graduated by Wayland Junior College in the spring. Her major is home Economics and she will live at Mesquite Lodge during the ten weeks. She will attend West Texas State next year.

### SUMMER STUDENT WILL ATTEND W. T. NEXT FALL

A Primary Education major is Mrs. Vivian Morris Doherty of Amarillo. She also teaches piano and is minoring in music.

She plans to continue at W. T. next fall and take her degree. She lives in Amarillo and commutes daily.

such as teaching the A, B, C's.

The physical health of the child is maintained by the use of proper food and exercise. The children play outside, if the weather permits, for an hour each morning. At noon lunch is served by the home economics students taking the course. Incidentally, the children are also taught to keep things out of their mouth, such as their fingers and combs.

In connection with the mental development of the child an I. Q. test will be given each child. It is an interesting fact to note that in a year's attendance in a nursery school the child's I. Q. is raised.

(See NURSERY on page 3)

## —Forum Box—

(Editor's Note: Introducing a series of discussions on varied subjects to be prepared by members of the summer faculty of the College is this article, "Need for Standardization of Grading in Secondary Schools," prepared especially for The Prairie by Dr. B. F. Fronabarger of the English department.)

Need for Standardization of Grading in Secondary Schools  
At this particular moment no defense nor condemnation of the grading of students is attempted or invited. We must face the fact that most high schools and colleges record grades for each student. These grades are the chief and almost total record of the student's school life. Because of this fact the student believes that grades indicate ability and attainment. Should the student believe this? What do the grade records mean in X High School? In Y High School? Would some system of standardization such as the Regents' Examination of New York give meaning to our grade records?

From high schools scattered over a wide area of Texas nearly five hundred freshmen next fall will come to the campus of West Texas State Teachers College. Most of them will be happy and fairly certain that they are prepared to do real college work, for their grade records in most cases have ranked them above the average. Soon after entering college a psychological test and an English test are given by the college. These tests in too many instances reveal scores that do not compare sensibly with the student's grade record which he brought from his high school.

If these standardized tests have meaning, some of our freshmen with high school records which carry no grade below "C" and many grades above "C" will appear to be nearly illiterate and incapable of doing real college work successfully. The majority of the freshmen who will make low grades or fail in college next fall will enter with high school records that give no warning of lack of preparation or ability; on the other hand, many of these records will indicate above the average ability and attainment.

When these students fail or make low grades at the end of the first half of the semester, their happiness ends, and mental and emotional chaos reigns. The ones of strongest mentality can see that their high school records were false indicators both of ability and of attainment. In conferences with instructors these brighter ones often defend the high school teacher and blame the superintendent for the lack of standards in grading. The ones of weaker mentality never understand the situation and feel hostile toward the college teachers and the college; if they remain in college because the college officials, for financial or financial reasons, refuse to send them home, they are resentful toward the college teachers who maintain college standards.

Of course the student who in high school never made below "B" is upset when he fails to pass or makes a "D," while the student sitting next to him from some other high school where he never made above a "C" not only passes but makes a "C" or a "B." Is this the fault of the college teacher? Could high school superintendents, who are responsible for standards of grading in their schools, carry a part of the blame? Do superintendents encourage teachers to hold to high standards of attainment on the part of those students to whom high grades are given? Do our secondary schools strive to maintain a respectable per cent of grades representing average ability and average attainment? Would it not be more honest to the student, the parents, and society for the public schools to grade with the average in mind? Is not the student below average in ability or attainment better prepared to adjust to a known situation than to one that is unknown?

A few high schools send to West Texas State Teachers College "C" students who make "C" average or better in college. These students are happy and mentally healthy—much happier than those who come with high "B" averages from high school and fail or make the grade of "D."

Character is a most important factor in man's attainment by means of his ability and preparation. What has been said here must not minimize the importance of this factor. POWER TO ALL THOSE WHO RECOGNIZE AND STIMULATE CHARACTER BUILDING FORCES! Is it strength of character in the teachers and school officials to emphasize character and personality while their grading of the students lies about the student's ability and attainment? What does the freshman in college failing to make passing or good grades think of the character of those teachers who gave him superior ranking through high school?

# 5th Column

"Words are things . . ."—Byron.

By Joe Crisler

Married when bees o'er May blossoms flit,  
Strangers around your board will sit.

Married in the queen month of roses, June,  
Your life will be one long honeymoon.

Married in July with heat ablaze,  
Bitter sweet memories in after days.

Married in August's heat and drowse  
Lover and friend is your chosen spouse—Bride's Prophecy.

(As for what the prophet had to say regarding those married in September, October, November and December, we don't recall, but wish someone would inform us. This bit of verse was called to mind because of the numerous marriages of our friends.—J. C.)

Now, sir, as to this woman you took for your lawful wedded wife. And who solemnly promised to love, honor and obey you. How do you think she would look on a bicycle built for two?

A foolish question? How about this gasoline rationing for national defense? Maybe we will all have to ride bicycles now and then. Of course, it's a partial view, but I think my girl friend would look pretty cute on the aforementioned seat.

### SIDELIGHTS

There are now thirty-nine kinds of blondes. Latest addition is the "moonlight blonde." I know what a "moonlight blonde" is (and also can distinguish a "butter blonde," but I am not quite clear on the type referred to as a "dishwater blonde," or a "disappointed blonde."

A woman in Sapulpa, Okla., has been married eleven times, and we think that's the United States record for trips to the altar.

"The United States has five times as many telephones as Germany," states a telephone company representative. Quite so, but Germany has the visual telephone available to the public, which the U. S. has not. Which is probably a good thing when you're calling for a date. On a visual telephone you can see the person you are talking to.

U. S. Army is doing something about "panzer" divisions, but not enough. Let us hope the military experts are keeping well in mind the fact that, with 150,000 men in twelve panzer divisions the Nazis defeated 5,000,000 Frenchmen, called the best army in the world!

### PLEASE NOTE

Betty Brandon, a comely lass of Plainview, made a special trip home to see whether or not her parents had been washed away after "The Rains Came." . . . Norma Nix, a lovely damsel of Canyon, can only cook apple-pie, but her mother can make the best cherry-pie we ever had the pleasure of sampling. . . . Dorothy Howz, from "Out Where the West Begins," Ft. Worth, is referred to as "Tall, Dark, and Beautiful."

### MY GAL SAL SAYS:

That Clois Brown was standing in the buff flipping a coin and saying, "Heads, I call the girl up that way, Tails I call the girl down that way." . . . That Della Fay Coleman is one blonde co-ed that could rate number one on any eds list. . . . That Betty Gose reminds her of a character in Disney's "Snow White and the Seven Dwarfs" and she didn't mean Snow White. . . . That Professor Kenneth Carmen of the Speech Department (known as the "Skipper" to his friends) has developed an acute sense of absent-mindedness. . . . That Coach Jack Curtice plays a wicked game of tennis. . . . That G. L. Stanley is one of the most energetic persons she has met lately.

### JUST A GLANCE

Ruth Murrin, a beauty expert, specializes in advance as to glamour, etc., in feminine limbs, using the eye-catching slogan: "Every woman has legs, and every man looks at them." Ruth maintains heavy legs and ankles can be made slender; thin legs can be made to look more like Dietrich's. If what she says is true, Ruth has the answer to many a maiden's prayer. Shapely feminine swim enthusiasts seem to have enthusiastically taken the suggestion as to by-the-sea attire, to-wit: "The less suit, the more sun." Will Rogers once said: "I never thought I would live to see girls get sunburned in the places they do now."

### QUERRIES

Q—Are red-heads more ticklish than blondes or brunets? I am a red-head and ticklish and I would like to know if this is unusual.

A—Our files are sadly lacking in information on this matter. However, we shall refer the question to our horses and women department.

Q—What type of women should wear slacks?

A—An authority on the subject says only one woman in a hundred has what it takes to wear slacks, which is long legs and small hips.

## The PRAIRIE

A weekly newspaper published every Tuesday by the Students' Association of West Texas State College, Canyon, Texas.

Entered on November 21, 1919, as second-class matter at the post office in Canyon, Texas, under the act of March 8, 1879.

Member of the Texas Intercollegiate Press Association.

DAN HEMPHILL EDITOR

National Advertising Service, Inc.  
College Publishers Representative  
420 MADISON AVE. NEW YORK, N. Y.  
CHICAGO • BOSTON • LOS ANGELES • SAN FRANCISCO

### SUBSCRIPTION RATES

Year \$1.50  
Nine Months \$1.25  
Semester \$ .75

## LIBRARY REGULATIONS

### Hours:

Reserve Book Room—8:30-12 a. m.; 12:30-5:00, 7:00-9:00 p. m.  
Reading Rooms—7:25-12 a. m.; 12:30-5:00, 7:00-9:00 p. m.  
Library will close Tuesday and Saturday at 5 p. m.

### RESERVED BOOK ROOM

Reserve Books will be found in Room 212.

Students may go to the reserve shelves and select the desired books. To locate what you want, consult the directory at the end of each shelf just under the sign RESERVED BOOKS. Students are asked to leave the books on the shelves in the order in which they find them.

There is a list of books for each reserve in the Kardex file on the desk in Reserve Book Room. When your teacher makes an assignment, for example in Education 101, look over this list to see what books she has put on reserve. This will help you locate your reading material. Later, if you wish additional material, use the Card Catalogue in the hall.

Each student will be permitted to take only one book at a time and will sign for it at the desk as they pass out. Neither texts nor large notebooks are permitted in the reserve room.

Reserve books must be returned through the chute in the main hall and not on the shelves.

Each book may be kept out for only 1½ hours from the time taken except when permission is granted for a longer time. If you have not had your book 1½ hours when the bell rings, you may keep it until your hour has expired if you care to do so. This applies to all hours except from 3:30 to 4:25. ALL BOOKS TAKEN FROM THE RESERVE BOOK ROOM MUST BE RETURNED TO THE RESERVE BOOK ROOM AT 4:25 ON THAT DAY OR BE ASSESSED A FINE OF 25 CENTS. It is necessary that the books be in at this time in order that they may be rechecked for over-night use.

Books will be checked for over-night use at 4:30 p. m., and must be returned the following school day during the first half hour after classes begin. A restricted list of books may not be checked until 8:30. All over due books draw a fine of 15 cents for the first hour, and 5 cents for each succeeding hour. Students who owe fines will not be permitted to check out books until their record is clear.

### Fines Must Be Paid

One week of grace is granted in which to pay fines without extra charge. This does not mean, however, that you can draw books during the week. AFTER ONE WEEK AN ADDITIONAL CHARGE OF TEN CENTS PER DAY IS ASSESSED UNTIL THE FINE IS PAID. A list of fines is posted on the Bulletin Board. The Library is not responsible for notifying students that they are on the Fine List.

### LOAN LIBRARY

All books from the Loan Library, Room 210, may be kept for three days, and are due at 5:00 on the third day. Books may be rechecked after being left one hour. Books from the loan shelf due on Sunday or holidays must be returned during the first hour of the following school day. If books are not returned when due they draw a fine of 5 cents per day.

When drawing books from the Loan Library, a yellow slip must be correctly filled out; if you do not know the call number of a book, consult the Card Catalogue—call number will be found in RED in the upper left-hand corner of the catalogue card. Yellow slips may be obtained at the Loan Desk and at the Card Catalogue.

If the Library is open, return all books to the desk from which you checked them. If the Library is closed, return all books through the chute, Room 212, regardless of where they were checked.

Students are asked to refrain from talking in Reading Room and Hall.

### MAIN READING ROOM

Room 217 is the Main Reading Room.

Bound magazines and reference books are located here. The current periodicals are found in an adjacent room. No material in these rooms is to be taken out, but all material is available to students at all times during the regular library hours.

Students are asked to refrain from talking in Reading Room and Hall.

### RENTAL COLLECTION

For the pleasure of the students, the Library maintains a Rental Collection. This collection is in Room 214. The books may be checked for four cents per day, payable when the books are returned. Your record must be clear before you may use the collection. The rental fund is used for the purpose of placing more books on the shelf. We invite you to investigate this collection.

### GOVERNMENT DOCUMENT ROOM

Government Documents may be found in Room 216. Students of government, history, geography, and agriculture will find the material in this room of special value in their courses. This material is not to be checked out, but is to be used in the Government Document room only.

(Personally, we refuse to answer this question.)

### PASSING BY

It has been stated by stylists, smart young women are wearing yellow, green, purple, orange, or lead colored stockings. So far I have not noted a disciple of glamor so attired and I "ain't" looking forward to it.

Have noted a claim that rain

water is good for the complexion. Must be something to it. Consider the wonderful complexions the girls have in cities where there is much rain or fog or both. If this be true, the sales of cosmetics should decrease around these parts.

I don't think much of a man who is not wiser today than he was yesterday.—Abraham Lincoln.

## Moving Day for Mrs. Van Nest

Mrs. De Witt Van Nest, a cow, was moved from her home at Cassville, N. J., by Fort Dix soldiers when forest fires made things "too hot" for her. The fires were the worst in New Jersey's history.

IDA LUPINO'S recipe for spring: Take one simple print frock, top with sheer wool redingote in tulip yellow, add a saucy little brown straw sailor with flower-laden crown, and presto! you have spring right on your doorstep. The lovely dramatic star of the Warner Bros. film, "The Sea Wolf," adds a jewelled bouquet to the shoulder of the coat, that picks out the same flower design used in the print of the dress.

## Army Flying Schools Offer Opportunities

Earnings of \$245 a month at the end of seven months' free instruction, coupled with a flying course valued at thousands of dollars, an opportunity to develop a career in the growing field of aviation and a chance to assist the National Defense Program, are available to thousands of college men this year as a result of the United States Army Air Corps' expanded pilot-training program.

Besides receiving their education at Government expense, qualified students selected for the course are paid \$75 a month during training. In addition, they receive an allowance of \$1 a day for meals and all necessary uniforms and equipment free of charge.

In offering encouragement to college graduates to apply for appointment as Flying Cadets, Army officers emphasize that with training expanded from an output of 12,000 pilots to 30,000 pilots a year, exceptional opportunities are available to men from 20 to 26 years old, inclusive, who are in sound health and citizens of the United States.

Those accepted are appointed as flying cadets, a grade in the Army created by Congress in 1919. Flying Cadets wear distinctive uniforms, which differ from those worn by officers or enlisted men of the Army, and are quartered in separate barracks. In addition to flying, their instruction includes courses in navigation, meteorology, radio, and other subjects important in military aviation.

Each candidate is required to pass

## Homemakers at Warner House Number Eight for New Record

Interest in a new record makes news! The largest number of girls ever to live in the home management house are occupying it this summer. It is crowded to capacity with eight girls and the supervisor, Miss Roxana Ford. Ordinarily the capacity is only six girls, the supervisor, and a guest room. To meet the present situation a hospital cot has been moved in.

Living in the Phebe K. Warner home management house is of great value to the student, because it is here that she applies all the facts that she has learned in her various homemaking courses. She gets experience in how to efficiently manage the household. In order to efficiently do this she is required to be able to know how to budget her time, and also know how to "balance the pocket-book." She will become more experienced in making decisions in regard to time, money, and other situations which are continually confronting the homemaker. Another important factor is that of learning how to cooperate and how to adjust oneself to meet personal needs and the needs of the others in the house. It is intended that the life in the house should correspond, as nearly as possible, with real home situations. To create a home atmosphere they even have some pet squirrels which are fed daily.

In addition to the duties in maintaining the home, the girls have a daily class period in which the daily motions are studied, the object being to eliminate all the unnecessary movements in the regular household activities. The duties are changed every week. The girls have been enjoying the cooking this

## A Column

It has been a long time since I have attended classes in this institution. So many changes have been made during that lapse of time. Drs. Shirley, Hill, and Sheffy are three of the few that were here when I left; so you know now that I was practically a pioneer. John McCarty was the bane of the English teacher's existence at that time. Even Dr. Cook (as old as he lets on that he is) had not put in his appearance here then. Speakin' of that suth'n gen'lman—have you heard his definition of a political meeting. "A political meeting is one from which all facts are barred."

This institution has changed from a college that caused ex-students to admit: "Oh, I just attended Canyon," when identifying their Alma Mater to a reply, "I attended W. T. S.," with pride. Of all the changes that have been made, the practices and policies of the library are the most noticeable. Those librarians really try to serve and help you when you go in there. I used to feel that I was being granted a favor to be waited upon. Miss Malone keeps a quiet library, too.

Writing of librarians reminds me of the conversation that was overheard about summer students the other day. Quote: "I've checked out more books in one day this summer to this group than I did in a month to the winter students."

I would like to see the people of Canyon more interested in this school. They should be made to realize that it is a privilege to have an institution of this caliber here. Those in charge of the publicity miss a good chance of mixing with the townspeople by not inviting them to the assemblies. Of course the assemblies would have to appeal to the local people as well as to the student body. Outstanding political speakers never tire of the opportunity of getting to talk—that will get the sidewalk philosophers to come. Good musical programs by students and faculty members, choral singing, quartettes, duets, solos and other forms of entertainments sell a school to the public. That's just an idea.

A written examination, unless he is certified as having completed satisfactorily one-half of the necessary credits leading to a degree from a recognized college or university. Upon successful completion of the course, flying cadets are appointed second lieutenants in the Air Corps Reserve, and receive their "wings" and ratings as pilots. They are then assigned to a period of active duty with a tactical unit of the Air Corps. Enrollment as a Flying Cadet is thus, in point of time, the shortest road to an Army commission. Appointments are open to men already enlisted in the Army, or serving as trainees, as well as to qualified candidates without previous military experience.

Because of the larger number of men who can be enrolled under the expanded program, it is now possible for twenty or more from the same college to enroll together. The Air Corps is glad to encourage the formation of such special groups, and to assign them to the same training schools.

Full information concerning appointments as flying cadets can be obtained from any Army recruiting station, or on application to the commanding generals of the corps areas in which candidates reside. The headquarters for the Eighth Corps are at Fort Sam Houston, Texas.

## Art Colony Instructors

Grant Reynard (above) of Leonia, New Jersey, and Derald T. Swineford (left) of the College art department are two instructors for the Palo Duro Art School for the summer. Miss Isabel Robinson, head of the College art department, is director for Art colony.

### CROWDER IS NEW HEAD OF GOODNIGHT SCHOOLS

Ray Crowder of Canyon has been named superintendent of the Goodnight schools. He has been teaching in Clovis.

Ray received the Bachelor's degree in 1934. He is taking problems in education to complete requirements for the administrative certificate. His wife is the former Louise Wester, an ex-student.

All truth is safe and nothing else is safe; and he who keeps back the truth, or withholds it from men, from motives of expediency, is either a coward or a criminal, or both.—Max Muller.

# Competition Seen In Play Night Series

## Three Games Played Friday

Wednesday and Friday Night Programs Are Recreation for Students

West Texas State's play-night got off to a big start Friday night under the lights of Buffalo stadium when three teams in the major league of the baseball division won games.

Buffalo Courts trimmed the Gold Diggers 6-4; Yucca Lodge ousted NYA 11-1; and Stafford Hall defeated the Canyon Lions 16-8.

Roster of five of the teams entered are: Lions Club: Webber, Jackson, Freed, McLaury, Sambol, Messenger, Burgess, Cabe, Carver, and Hutto. Buffalo Courts: Brookfield, Davis, Jones, Wiggins, Bratton, Sargil, Ford, Halbert, McLaury, and Kelly. Yucca Lodge: Welch, Falls, C. Brown, U. Brown, Clois Brown, Ed Brown, M. Walker, B. Walker, Herber, Jackson, Swett, and Shuttlesworth. Gold Diggers: Stewart, Evans, Jackson, Bledsoe, Ferguson, Owen Hutto, Saul, Rossi, Potter, Burgess, and Elms. Stafford Hall: Herring, Simpson, Davis, Savage, Dennington, Kimmons, D. Savage, Haley, and Pruett.

The complete schedule for the five weeks term is:

June 20: Yucca Lodge vs. Buffalo Courts, 7:15, Diamond 1; N. Y. A. vs. Lions Club, 7:15, Diamond 2; Gold Diggers vs. Stafford Hall, 8:15, Diamond 2.

June 25: Yucca Lodge vs. Gold Diggers, 8:15, Diamond 2; N. Y. A. vs. Stafford, 8:15, Diamond 1; Buffalo Courts vs. Lions Club, 7:15, Diamond 2.

June 27: Yucca Lodge vs. Lions Club, 8:15, Diamond 2; N. Y. A. vs. Gold Diggers, 7:15, Diamond 2; Buffalo Courts vs. Stafford Hall, 7:15, Diamond 1.

July 2: Yucca Lodge vs. Stafford Hall, 7:15, Diamond 2; N. Y. A. vs. Buffalo Courts, 8:15, Diamond 1; Gold Diggers vs. Lions Club, 8:15, Diamond 2.

## E. V. Holman Died Thursday Morn Funeral Saturday

The death of E. V. Holman, 73, came as a distinct surprise to the community last Thursday morning at 6 o'clock. He had been ill only a short time and was not considered in a serious condition. His death was attributed to a heart attack. He died in his sleep.

The funeral service was held Saturday afternoon at 2:30 o'clock at the First Christian Church conducted by Rev. G. L. Messenger, Jr. Pallbearers were Lee Salder, I. C. Unsell, J. W. Knorrp, W. C. Black, Dr. D. A. Shirley and Dr. C. A. Pierle. Honorary pall bearers were Grady Oldham, T. C. Thompson, Henry Bradford, G. G. Foster, R. H. Wright and T. H. Knighton.

Surviving are the wife; two sons, Luel H. Holman of Canyon and Larry Holman of Dumas; three daughters, Mrs. R. L. Daugherty of Cane Hill, Mo., Mrs. Ploy Holman Hays of Hereford and Mrs. Hosea Foster of Canyon; one brother, Dillard Holman of Springfield, Mo. Interment followed the services in Dreamland Cemetery.

Mr. Holman was born in Missouri November 25, 1868. The family came to the Plains in 1905 and lived in New Mexico for two years. After farming near Groom, Mr. Holman moved to Canyon where he engaged in business and in stockfarming for several years. For the past ten years he has been engaged in farming near Hereford.

Madalyn Talyor, who will receive her degree in August, will teach in the primary grades at Farwell next year.

### WAR BABIES

By Schlensker

"It's a new technique we call 'the blitz.' We use it on all of our military objectives."

## Buffalo Wallow

"THERE AIN'T NO FLIES ON ME . . ."

### CONN CAN'T

Billy Conn, the handsome light heavy-weight who turned to the heavyweight division, will realize his dreams when he steps into the ring against Joe Louis this week, only I'm afraid he may have a nightmare. Conn is reported to have made several cracks about what he will do to Louis and you might remember what Louis did to Schmeling the second time he fought him. This corner picks Louis to knock Conn colder than an Alaskan blizzard within seven rounds of their championship fight.

### ONE SIDE

Jack Carberry of the Denver Post says that if Conn decides to slug it out against Louis, he will get his head torn off, but if he gets on his bicycle he may last fifteen rounds.

### HERE AND THERE

Jim Braddock's signed story in the Associated Press in which he picked Conn to beat Louis was given a swell ride by sports editors all over the country. . . . Sammy Baugh, former Texas Christian great, has begun his career in the movies as cowboy. . . . Tuffy Leemans, the New York Giant's star halfback, has given up softball this season. . . . Tuffy says he might get hurt. . . . Auburn University will play as many as two games at home in football this season, the first time since 1930. . . . Texas got the National Open Golf Tournament because a certain Fort Worth business man guaranteed the U. S. G. A. \$25,000. . . . If the Giants win the National League pennant this season, they should award Dr. Bayard Horton of Mayo Brothers a share of the world series for curing Billy Jurgens.

Mrs. Mary Alice Weed, '37, who has been teaching home economics at Happy, has recently been elected as teacher of home economics at Stinnett.

## Furniture for Outdoor Men

If you like rustic and unfinished furniture, this knotty pine group with a table between a split-up davenport section will meet with your approval. It's ideal for summer cottage luxury.

## Buffalo Coaches To Columbia U. For Summer

By HUD PRICHARD

Athletic Director Al Baggett and Coach Jack Curtice are leaving soon for summer work at the Columbia University in the highest of enthusiasm regarding next year's prospects for the Buffaloes of West Texas State College.

Both Baggett and Curtice are working on their Doctor's degrees at the University. Coach Baggett has been teaching physical education for three summers at the New York City University while working in this manner. Both he and Curtice have their Master's degrees from this school.

Climaxing their summer's work before returning home around August 24, they will take in six days of concentrated basketball and football at the coaching school conducted at Manhattan Beach by leading coaches of the nation. Baggett will get the opportunity of watching cage teams from Long Island U. of Brooklyn coached by the famous Clair Bee, and St. Joseph, Missouri, whom he will play next year on the colorful varsity schedule. The Buffalo coaches expect to be among the more than 1,000 coaches to attend the school.

Assistant Coach Leslie Van Meter is to be in charge of the athletic plant in Canyon during the summer. He will direct the recreation program, play night every Wednesday and Friday, and have charge of the modern outdoor pool.

Freshman Coach Leo Cooper will be "in and out," as Coach Baggett phrased it, working on his master's thesis at the College here until next year when he will return to his regular coaching duties.

The greater the obstacle the more glory in overcoming it.—Moliere.

## Three Ways

(Top) It's morning, and charming Joan Perry rolls her hair away from her face in front and on the sides, ties the back curls with a ribbon bow. (Center) For afternoon and informal evening, Joan simply removes the ribbon, combs the back curls into soft, rolls. (Bottom) Formality is the keynote of this coiffure, which she attains by simply brushing the long back hair up over the crown of her head, and pinning the ends under the top rolls.

Prairie Ads get results.

## Florida Tries New Diet for Cow

Dried citrus pulp has been used successfully in Florida as cattle feed. Florida, with 1,300,000 cattle, ranks second only to Texas in beef production.

## Flour Time at Hobart

Freshmen and sophomores used flour and water as ammunition in their annual battle at Hobart College, Geneva, N. Y. It's a new way to dispose of the surplus.

## Ma Possum Gives Kids a Ride

Mrs. Opossum and her family of eight moved into the back yard of Mary Robbins, Newark, O., and took possession. They're not a bit perturbed by the nosy cameraman.

## PROGRAM

(Continued from page 1)

neighbors to the South, and especially to enable them to progress in the understanding which is vital to the development of satisfactory relations between the United States and Latin-America."

The program, although incomplete, follows:

Wednesday, June 25—9:30 o'clock, Registration, Administration Building.

9:30, opening session, Education Building Auditorium, Mrs. W. N. Stokes, Amarillo, district chairman, international relations, presiding; welcome, Dr. R. P. Jarrett, dean, W. T. S. C.; announcements; purposes and plan of seminar, Mrs. T. V. Reeves; illustrated lecture, "Efforts Toward Better Inter-American Understanding and Good Will," Miss Darthula Walker, professor of geography, W. T. S. C.

12:15, lunch, Cousins Hall. 1:30, Education Building Auditorium, lecture, "Economic Factors in United States-South American Relations," Herschel Coffee, associate professor of Economics, W. T. S. C.

2:30, lecture, "Educational Relations with Latin America," Dr. A. M. Meyer, professor of education, W. T. S. C. 3:30, recreation, Panhandle Plains Historical Society Museum: (a), interpretation of exhibit of murals by Diego Rivera, Miss Robinson, associate professor of art, W. T. S. C.; (b) interpretation of Pan-American exhibit, Dr. Hattie M. Anderson, professor of history, W. T. S. C.

4:30, social hour, courtesy of federated clubs of Canyon.

8:15, Education Building Auditorium, Dr. J. A. Hill, president, W. T. S. C., presiding; lecture, "National and Institutional Problems of Latin-America," Dr. L. F. Sheffy, head of department of history, W. T. S. C.; question period on lectures of the day.

Thursday, June 26—9 o'clock, Education Building Auditorium, lecture, "Some Recent Social Changes in Latin-America," J. L. Dufriet, head of department of sociology, W. T. S. C.

10:30, Education Building Auditorium, lecture, "Politics of Latin-America," Dr. S. H. Condon, head of department of government, W. T. S. C.

11:30, free period. Guests are invited to inspect the campus.

12:15, lunch, Cousins Hall.

2:30, Education Building Auditorium, forum on "Why a Federation Project in United States-Latin American Relations?" Mrs. J. W. Walker, Mrs. H. F. Godeke and Mrs. Florence J. Scott.

3:30, Education Building Auditorium, "South America Through a Movie Camera," courtesy of Erpi and Texas Visual Education Company.

4:45, conducted tour of Panhandle-Plains Historical Society Museum.

6:45, dinner, Cousins Hall, followed by a lecture. Mrs. H. F. Godeke.

# Hill-Hohlaus Wedding in W. T.'s Maroon and White Is Outstanding Ceremony

## Many Exes Are Figures As Vows Are Exchanged

Miss Margaret Esther Hill, daughter of Mr. and Mrs. John E. Hill of Amarillo, became the bride of Lieut. Kenneth H. Hohlaus of Borinquen Field, Puerto Rico, son of Mr. and Mrs. J. H. Hohlaus of Higgins, in an impressive ceremony solemnized at 8 o'clock Wednesday night in the First Christian Church of Amarillo.

Dr. R. C. Snodgrass officiated. Vows were exchanged at a white kneeling bench before an altar of white gladioli and greenery. The altar was flanked by tall white floor vases filled with white gladioli and greenery. Candelabra, bearing a total of 30 tapers, formed a background for the wedding scene.

### School Colors Used

Maroon and white, school colors for West Texas State College, of which both the bride and bridegroom are graduates, were used in church decorations and attendants' dress. The white gladioli bouquets marking the aisle ends of the pews were tied with white meline and small bows of maroon satin ribbon. The ushers and groomsmen wore white suits with maroon ties and maroon carnation boutonnières.

The matron of honor, Mrs. Lemoire Hill, sister-in-law of the bride, wore a maroon lace dress with a sweetheart neckline and a head bandeau of sweetheart roses and maroon carnations. She carried a bouquet of Briarcliff roses.

Miss Virginia Hohlaus of Higgins, sister of the bridegroom, served as maid of honor. She wore a blue lace and net dress with a sweetheart neckline. Her bandeau and bouquet were of Talisman and yellow roses and yellow daisies.

Bridesmaids were Miss Mogie Routh, who wore a pink lace and marquisette dress, and Mrs. Jack Liston, who wore a pastel green lace and marquisette dress. Pink gladioli and light blue delphinium were used in Miss Routh's bouquet and bandeau. Mrs. Liston's bouquet and bandeau were of light salmon gladioli.

### Best Man Named

Lawrence Hohlaus of Higgins, brother of the bridegroom, served as best man. Ushers were Burton Thompson of Dalhart and Davis Thompson of Dalhart, Lemoire Hill of Borger.

Pre-nuptial music consisted of two organ solos, "Traumerie" and "Nocturne," played by Virginia Vaughan and two vocal solos, "I Love Thee" and "Because," sung by Marion Miller of Canyon. "The Bridal Chorus" from "Lohengrin" was used as a processional and Mendelssohn's "Wedding March" was used as a recessional. "Liebestraum" was played softly on the organ during the ceremony.

The bride, who was given in marriage by her father, wore a white ninon dress with lace inset, drop shoulders and full long sleeves. The fingertip-length veil was of net, with lace inset, and was fastened with a coronet of seed pearls. She wore three strands of pearls.

The bride's mother wore a floor-length dusty rose chiffon dress with matching hat and a corsage of pink roses, blue delphinium and yellow daisies. The bridegroom's mother wore a gray dress with matching hat and a gardenia corsage.

Approximately 200 guests attended the wedding reception held at the home of the bride's parents. Members of the wedding party were in the receiving line. Miss Annette White served the wedding cake, which was first cut by the bride. Assisting in the dining room were Mrs. A. M. Meyer and Mrs. J. A. Hill of Canyon and Miss Dorothy Dickinson. Mrs. E. M. Mirick presided at the bride's book. Mrs. W. P. Strickland and Mrs. E. F. Lanham assisted with the reception.

The four-tiered wedding cake was trimmed with maroon roses and surrounded by white stephanotis and maroon and white snapdragons. White candles were used.

### To Live in Puerto Rico

Mr. and Mrs. Hohlaus left on a week's wedding trip to an unannounced destination before sailing for their home in Puerto Rico. When she left, the bride wore a light green wool suit trimmed with

## Married in Amarillo

MRS. KENNETH HOHLAUS

gray fur, with a green felt hat and light tan accessories.

Mrs. Hohlaus is a graduate of Amarillo High School and holds a B. A. Degree from West Texas State College, where she was a member of Pi Omega sorority and was business manager of Le Mirage, the college yearbook, two years. She has just completed a year as art teacher in the White Deer Public Schools.

Lieutenant Hohlaus is a graduate of Lockney High School and has a degree from West Texas State College, where he was a member of Alpha Sigma Xi fraternity. He is stationed with the 25th Bomb Group of the United States Army Air Corps at Borinquen Field, Puerto Rico. He received his commission at Randolph Field and was in service at Langley Field, Va., before he was transferred to Puerto Rico.

### GARRETT-PENICK

Mr. and Mrs. Gabe Garrett of Phillips have announced the engagement of their daughter, Ruth Erma, to Lieut. L. G. Penick of Fort Douglas, Salt Lake City, son of Mr. and Mrs. E. C. Penick of Canyon.

The bride-elect, who received her B. A. degree from West Texas State College this year, was to leave for Salt Lake City Friday, and the tentative wedding date was Sunday. Miss Garrett was graduated from Phillips High School in 1937 and is a former employee of the Borger Daily Herald.

The bridegroom, with the United States Air Corps, was graduated from West Texas State College last year. He was a member of Tri Tau fraternity.

### SIMMONS-McKEE

Miss Frances Ann Simmons, daughter of Mr. and Mrs. W. W. Simmons of White Deer and Prensitis McKee, son of Mr. and Mrs. W. H. McKee of Canyon, were married Saturday afternoon at the Methodist parsonage in Canyon, with the Rev. Sam A. Thomas officiating.

Attending the couple were Mr. and Mrs. Jack Middleton.

Mrs. McKee was graduated by the White Deer High School and attended college at West Texas State College one year. She has been assisting her father in publishing

the White Deer Review and also has been employed at the Pampa News office.

Mr. McKee was graduated from the Canyon High School in 1937 and attended West Texas State College.

The couple will live in Canyon, where Mr. McKee is employed at the K Service Station.

### McGOWEN-BISHOP

Miss Sarah Virginia McGowen, daughter of Mrs. Claude Lee McGowen of Canyon, became the bride of George L. Bishop, Jr., of Phillips, son of George F. L. Bishop of Stratford, June 6. The Rev. S. L. Allgood, pastor of the Phillips Methodist Church, performed the ceremony in the home of Mrs. McGowen at Canyon.

Miss Helen Louise Green of Clarendon was the bride's attendant. George Caulfield of Phillips served as best man.

Music was provided by Miss Elloese Stevens of Phillips who sang, "I Love You Truly," and Miss Lavonne Harris, who accompanied Miss Stevens and played for the nuptials.

Mr. and Mrs. Bishop left by T. W. A. for Chicago, Detroit, Niagara, New York, Washington, D. C., and points south.

The bride, who was a member of the Phillips faculty last year, was graduated by West Texas State College where she was a Gamma Phi sorority member.

The bridegroom, chemist at Phillips, also attended West Texas State College, where he belonged to Epsilon Beta fraternity. Mr. and Mrs. Bishop will be at home in Phillips.

### GREGORY-ANDERSON

Mr. and Mrs. William Baker Gregory of Pampa, announce the marriage of their daughter, Evelyn, to Mr. Will Norris Anderson.

The marriage was performed at Lubbock on June 4. Mr. Anderson graduated from W. T. S. C. in 1926.

### CARRELL-JONES

On May 26 in Gatesville, Miss Thelma Carrell of Samnorwood became the bride of Lt. Cecil Jones of Corpus Christi. The vows were read in the home of the bride's brother-in-law and sister, Mr. and

## Engagement of McDougal, Jouette Told

Announcing the engagement and approaching marriage of her daughter, Louise, to Mr. Jack Jouette, Mrs. Spurgeon McDougal was hostess at an announcement tea in the home of Miss Edna Graham Sunday afternoon from 4 to 5 o'clock.

The wedding is to take place in the First Methodist Church in Vernon on July 14.

The guests, numbering approximately 25, were met at the door by Miss Graham who in turn introduced them to Mrs. McDougal, the bride-elect, and Miss Leta McDougal, her sister. Miss Merrie Lib Duffot, sorority sister of the honoree, presided at the guest book.

Mrs. A. M. Meyer, sponsor of Pi Omega sorority, poured from the lovely tea service with Misses Jerri Dromgoole and Dorothy Warwick assisting at the tables.

Colors of the bride-elect, blue and silver, were carried out in the decoration theme and in the flowers. The centerpiece was of blue larkspur and cornflowers.

Miss Virginia Vaughan, at the piano, played "Nocturne" by Grieg and "Liebestraum" by Ietz. Miss Marian Miller sang "Because," accompanied by Miss Vaughan.

The announcement was printed on blue and silver bells in booklet form, with "Louise and Jack, July 14, on the inside page. Attendants in the house party wore blue corsages of cornflowers with baby-breath.

Miss McDougal attended Texas State College for Women at Denton and is now attending West Texas State College where she is a member of Pi Omega sorority. She was one of the beauty candidates in the school annual, Le Mirage.

Mr. Jouette is the son of Mr. and Mrs. W. H. Jouette of Farmersville. He was graduated from North Texas State College where he was a member of Beta Alpha Rho Beta. He is now Assistant Business Manager for the College here and is sponsor of Tri Tau fraternity.

Mrs. Paul Browning, by the Rev. Spalding, pastor of the Baptist Church.

The bride is a daughter of Mr. and Mrs. J. S. Carrell of Samnorwood. She graduated from the high school there, and attended West Texas State College two years. For the last two years she has taught at Lone Star, near Lockney.

Lieutenant Jones attended West Texas State College for three years before enrolling in the air corps of the United States navy. He received his commission as lieutenant in March, and is now a flying instructor stationed at Corpus Christi.

### WESTMORELAND-McMURTRY

Miss Kathryn Westmoreland, daughter of Mr. and Mrs. H. H. Westmoreland of Amarillo, became the bride of Alfred McMurry of Clarendon, in a wedding solemnized at the First Presbyterian Church June 10.

Mrs. McMurry attended W. T. S. C. her freshman year, where she was a member of Delta Zeta Chi sorority, and also had the distinction of being a College beauty. She also attended the University of Missouri. Mr. McMurry is a graduate of the Kansas State Agricultural College at Manhattan.

### HATTON-STALCUP

Miss Lorena Hatton, daughter of Mr. and Mrs. J. A. Hatton of White Deer, became the bride of Loyd O. Stalcup, Sunday afternoon at the home of the bridegroom's parents, Mr. and Mrs. L. L. Stalcup of Goodnight, Okla.

The Rev. L. C. Carty officiated. Before the ceremony, Mrs. L. C. Carty played the "Bridal Chorus" from "Lohengrin" and Mrs. Jack Hartman sang "I Love You Truly."

After a two week's trip to Carlsbad, N. M., and various points in Old Mexico, the couple will be at home at 110 North West Sixth Street in Oklahoma City.

Mrs. Stalcup attended school in White Deer and Amarillo, and was graduated from Borger High School. She has done some college work at

## To Dramatics School

Miss Linnette Cain, daughter of Mr. and Mrs. S. W. Cain, will leave June 18 for Plymouth, Mass., to study at the Priscilla Beach Summer Theater. She was one of 40 chosen to receive scholarships. A

graduate of W. T. Linnette was a member of Alpha Psi Omega, dramatic fraternity, and majored in speech. She taught speech and English in the Vega school last year.

West Texas State College and Texas Tech in Lubbock, and has been attending Draughon's Business College at Oklahoma City the last year.

Mr. Stalcup was graduated from Perkins High School in Oklahoma and has also been studying at Draughon's.

### RENICK-COCHRAN

Mr. and Mrs. Claude Renick have announced the marriage of their daughter, Hilda, to Fred Cochran, son of Mrs. Ruth Cochran, Borger. The Rev. Wallace Jones, pastor of the first Christian Church, Borger, performed the double-ring ceremony May 23.

The bride's only attendant was her sister, Mrs. Joe Hull. Joe Hull served as best man.

Following the ceremony was an informal reception held in the home of the bride's parents. The couple left on a trip to Red River and Taos, N. M.

They returned to Borger Thursday and are now at home here.

Mrs. Cochran was graduated from West Texas State College, and last year taught in the Fritch elementary school.

### BERGNER-BULLARD

Miss Minnie Marie Bergner of Texhoma, became the bride of Vernon Bullard of Snyder, May 31, in Sweetwater.

Mr. and Mrs. Bullard were graduated by W. T. S. C. in the class of 1937, and both have been teaching in Hedley High School the last two years.

Mr. Bullard is employed in Snyder, and the couple will reside there during the summer.

Mrs. O'Dell Ryan, a sister of Mr. Bullard, of Perryton, is in school here this summer.

### COFFEE-HESSER

The marriage of Miss Rosalie Coffee, daughter of Mr. and Mrs. Sterling S. Coffee of Amarillo, and Paul H. Hesser, Jr., of Covington, Ky., has been announced.

The Rev. William Blees of Covington officiated.

The couple will live in Covington. Mrs. Hesser, a graduate of Amarillo High School and West Texas State, also attended the University of Southern California. Mr. Hesser, a

## Outside Pool on Campus Open to Children Free

All children, 16 years of age and under, are being admitted free of charge for swimming instruction at Buffalo Pool on certain days, according to an announcement made this week by Al Baggett, director of recreation for West Texas State.

Following is the schedule for the instruction: children 7 to 12 years of age, non-swimmers, 1 to 2 o'clock Monday and Wednesday; 13 to 16 non-swimmers, 1 to 2 o'clock Tuesday and Thursday; 16 and under, swimmers, 1 to 2 o'clock Friday, 6 and under, swimmers or non-swimmers, 1 to 2 o'clock Saturday.

Mr. and Mrs. L. E. Van Meter, Edwin Ricketts, and Ralph Davis have charge of these group swimming classes.

Monday through Friday Buffalo Pool is open to everyone who complies with regulations during the hours of 3:30 to 5:30 and 7:30 to 9 o'clock. On Saturday it is open to everyone from 3:30 until 5:30 in the afternoon and on Sunday from 3 o'clock to 5:30. The pool is not open on either Saturday or Sunday nights.

Everyone who enters the pool, with the exception of children under 12 years of age, must have a health certificate, which is issued at the health center for students and by licensed medical doctors for outsiders.

L. E. Van Meter is in charge of Buffalo Swimming Pool this season.

"Where You Always Meet a Friend"

The Flowers That Bloom In The Spring Make Fashion News

Charming Geraldine Fitzgerald suggests these three delightfully different ways to incorporate fresh flowers in a costume. (Left)

A bracelet made of massed white carnations tied on with white ribbon bow to match your frock. (Center) Daffodils on parade across the front of your upswept

coiffure. (Right) Instead of the usual shoulder corsage, pin a cluster of three pink roses at the neck of your afternoon frock.
