

FINAL ARRANGEMENTS FOR CONFERENCE MADE

Invertebrate Fossils Are New Gift to Museum

The most recent addition to the collection of invertebrate fossils in the Museum was made this week by Vere MacNeal, a member of the faculty of the State Teachers College at Denton, and an enthusiastic amateur paleontologist. MacNeal chose the specimens from among those found in a cretaceous formation not far from Denton.

The invertebrate collection is growing rapidly. Dr. C. E. Decker of Oklahoma University having recently sent to it a fine selection of fossils from a larger Pennsylvania collection.

Professor C. Stuart Johnston states that he has been promised some microscopic fossils from the marine formations of East Texas, and these are expected at an early date.

When the invertebrate fossil collection is complete it will represent all of the geological periods, and will give students of paleontology a good idea of the life of each period, and of the specimens which are to be found in different sections of the United States.

Such collections are built up through the co-operation of scientists of many sections, without the expenditure of much money. Students find the specimens invaluable for examination and study in connection with their class work in paleontology.

Phillips Directs Plainview Dairy Show March 15-17

C. A. Cobb of Washington, D. C., who is in charge of cotton control under the AAA has been invited to speak before the educational section of the Plainview Dairy Show March 15, 16, 17. Cobb was formerly editor of the Southern Ruralist and lived at Atlanta, Georgia. He is thoroughly familiar with cotton problems throughout the entire South.

Others who are expected to appear on the same program are A. H. Lauterbach in charge of Dairy adjustment under the AAA; T. O. Walton, President of A. & M. College; Miss Mildred Horton, of the Extension Department of A. & M. College; and E. R. Alexander, professor of education at A. & M.

The educational section of the Plainview Dairy Show is in charge of Professor Frank R. Phillips of the West Texas State Teachers College who, with the Executive Committee, arranged the program.

Lamesa Wins In Regional Tourney

In the second Interscholastic Regional basketball tournament held in Canyon under the auspices of West Texas State Teachers College, the Golden Tornadoes of Lamesa swept their opponents aside and won their title for the second consecutive year without defeat.

Last year the Tornadoes, after winning the Regional Tournament, went on to the State finals where they were nosed out by Athens.

In the first game of the tournament, Pampa nosed out Crowell by two points in a thrilling upset 29 to 27. J. R. Green, husky Pampa center, was the outstanding player of the game. In the second game Lamesa beat Amarillo 41 to 25. Crowell eliminated Amarillo Friday night with a 28 to 21 victory.

Lamesa wound up the fireworks Friday night by easily defeating Pampa 32 to 24.

Saturday morning Pampa eliminated Crowell by repeating their two point victory.

In the final game Saturday night, Pampa put up a much closer battle for Lamesa but were outclassed with the final score being 41 to 28.

It's next to impossible to get on the road to happiness by getting off the path of duty.

NOTICE ALL COLLEGE GIRLS

What? Girls Pajama Dance. When? Friday, March 8, 7:30 to 10:00.

Where? Women's Gym, Ad Bldg.

Admission: 10 cents.

Sponsored by W. A. A.

All college girls are invited as there is to be a feature of special interest to all.

Aggies To Do Stock Judging

Agriculture students of the West Texas State Teachers College are getting practical experience in stock judging. On March 2 a team consisting of George Smith and Dean Storey of Hereford, and Edmond Devin of Tulla are spending Saturday in Tulla doing practice judging. They will be accompanied by Frank R. Phillips, head of the department.

Students of the department assisted Professor Phillips at the Panhandle Fat Stock Show at Amarillo. Professor T. M. Moore and J. D. Amend are in charge of the student stock judging; Superintendent Royce Banks of Channing will assist, Professor C. Luker of Texas Technological College will have charge of the judging records at Amarillo.

Warwick Speaker Before Condon's Classes of Govt.

Clyde W. Warwick, editor of the Canyon News, was speaker before Professor S. H. Condon's class in State and Local Government one day last week.

Mr. Warwick, formerly a member of the Texas Legislature, explained to the class how work is done in Legislative committees and told them something of the methods of present-day lobbying.

The students of the class have voted to ask Mr. Warwick to talk to them again.

Hickman, Cross Return From Health Meeting

Miss Ruth Cross, Head of the Physical Education Department, and Miss Helen Hickman, College Nurse, motored to Austin last Thursday, Feb. 20, to represent the college at the third annual meeting of the Texas Conference on Child Health and Protection. This meet is a follow-up of the idea of a national White House Conference Child Health and Protection meeting, which meetings have been held for the past six years.

The first general meeting was held Thursday night when representatives of the State Department of Education gave a variety of discussions about the important work going on in schools and colleges in the promotion of child health. Teachers salaries were discussed in the light that an underpaid teacher is a worried one and a worried teacher is detrimental to the health of a child.

The point was stressed that untrained and inefficient teachers are not good for the child. The Permanent School Fund was discussed in view of caring for it to save the child's heritage. Mrs. Noyes Smith, Parent-Teacher's Association worker, talked on "County Children's Councils, and W. A. Stigler, who visited West Texas State Teachers College early this year, spoke on the "State Curriculum Revision Movement."

On Friday morning various doctors and nurses from all over the state discussed the phases of child health work as it is being carried on by nurses and physical education teachers all over Texas. Misses Cross and Hickman were luncheon guests on Friday of Misses Margaret Wiley and Mattie Swayne at the Men's Faculty Club, and then inspected the college gym before attending a tea honoring a sister of Miss Wiley, Miss Audrey Nell Wiley, who teaches English at C. I. A. Denton.

On Friday night our representatives attended a banquet sponsored by the Child Health Association. President Hubbard, C. I. A. Denton, was the toastmaster, while President Benedict of Texas University was the main speaker of the evening in which the importance of Physical Health work in the college was again discussed.

Saturday morning was given over to county and state health talks by various individuals before the meeting adjourned at noon. Miss Cross visited the State Park at Smithville Saturday afternoon so that she could compare it with our park. She says that, what with the woods of pine, the park is quite different from Palo Duro.

While at Austin, Miss Cross stayed at the home of Mr. and Mrs. Evetts Haley.

Not all men are grafters. Some don't have a chance.

Local Plans For P. T. A. Congress Near Completion

Local Plans for the annual conference of District No. 8, Texas Congress of Parents and Teachers are nearing completion. Canyon will be host to this meeting March 20-22, and delegates are expected to number 500 will attend not only their own conference, but sessions of the Northwest Texas Conference for Education which will open at the West Texas State Teachers College, March 22.

"Building for Tomorrow" will be the theme of the P. T. A. conference, Mrs. J. E. Griggs, president of the Eighth District and her program committee have arranged the work. Sections of the conference and social affairs are being planned by the local P. T. A.

Mrs. I. B. Carruth is general local chairman; and Mrs. Alfred Bellah is her assistant.

The conference to be held here is one of fifteen which will take place in Texas from March 15 to April 20.

Campus Projects Are Continued as Relief Measures

The State Relief Commission has approved the continuation of all projects on the W. T. campus. These include the completion of Buffalo Courts, together with its varied phases of beautification, and the building of the rock fences.

These projects had exhausted the available funds last week and new requisitions were taken to Austin by Travis Shaw. The work will continue until the government gets in motion the new proposed work program to take the place of existing relief projects.

The division of men between the highways project and the campus projects has been worked out to the satisfaction of Coach Al Baggett and Resident Engineer W. C. Cotton.

CONDON DIRECTS TREE PLANTING

The planting of five hundred trees was begun March 1, on the ground of the Canyon Club five miles northwest of here. S. H. Condon is in charge of the work and Dr. Anderson, landscape architect of the Palo Duro State Park, has given helpful advice.

Among the trees being planted are cottonwood, Chinese elm, cherry, walnut, smooth bark locust, persimmon and ash.

FIRST DAY IS CONCURRENT P. T. A. MEET

Dr. Rugg of Colorado Teachers Is Speaker

DATE IS MARCH 22-23

Other Widely Known Educators To Appear

Superintendent C. H. Dillehay of Hereford, working with President J. A. Hill, of the West Texas State Teachers College, has finished arranging the program for the general sessions of the Northwest Texas Conference for Education which will meet in Canyon March 22-23.

The first day of the Conference will be concurrent with the annual Conference of the Eighth District Parent-Teachers Association and it is expected that at least 1500 school people and laymen will be present to hear Dr. Earle U. Rugg of Colorado State Teachers College whose subject will be "Needed Changes in Civic Education," and Dr. Harry A. Scott of Rice Institute, Houston, whose subject will be "The Place of Health and Physical Education in the New Curriculum."

Others who appear on the first day's program are Mrs. M. A. Taylor, State Director of Education for the P. T. A., Dr. J. A. Hill of Canyon; Superintendent H. D. Fillers, of Wichita Falls; Dr. Bradford Knapp of Texas Technological College, and Tom Garrard, member of the State Board of Education.

On the second day of the Conference Dr. Rugg will lecture again together with Dr. Fred C. Ayer of the University of Texas; Dr. T. D. Brooks of Texas A. & M., and State Superintendent L. A. Woods of Austin.

President J. A. Hill is a member of the Program Committee, Professor F. E. Savage is secretary of the Conference, Dr. A. M. Meyer is a member of the Committee on Curriculum, and Dr. Harris M. Cook is a member of the Conference Committee on Organization and Administration.

String Quartet Appears Here As Lyceum, Mar. 16

Scheduled as the fourth number on the current artist course is the appearance of the Curtis String Quartet, booked for March 16th. This group of artists, hailed as "each a master in performance of chamber music," will play in the auditorium of the Administration Building. The program will begin at 8:15 o'clock.

Members of the quartet are Jascha Brodsky, violin; Benjamin Sharlip, violin; Max Aronoff, viola; and Orlando Cole, violoncello. Greeted by enthusiasm of music critics everywhere, the string quartet is variously described. "Enchanting in tone, spontaneity and eagerness of concerted action," says one reviewer. "Their tone had vitalized warmth and ranging color," praises another critic. And a third says, "Few string quartets could perform with such a wealth of tone, such flavor and intensity."

P. P. Museum Has Authentic Pictures Of Buffalo Herd

Four of the most authentic pictures of buffalo in existence are the possession of the Panhandle-Plains Historical Society, according to information received by Professor L. F. Sheffy, secretary of the organization.

Recently an advertising agency sought photographs of buffaloes to be used in material they were preparing for one of their customers. A search of the copyrights registered at Washington, D. C., showed only five pictures of the buffalo as they once existed in the Panhandle. All of these pictures are found in the museum at Canyon.

Among these pictures are "The End" and "The Herd," registered in the name of Martin S. Garrettson, president of the American Bison Society. "The Herd," Colonel Goodnight said, "The picture showing the front of a bull herd going south is a very fine thing and very natural." Colonel Goodnight was once a frontier ranger and had seen vast herds of buffalo.

The pictures of the Buffalo herds and the bones which were all that was left a few years later hang in Pioneer Hall of the Panhandle-Plains Historical Society Museum.

T-ANCHOR TROOP SING IN CLARENDON SATURDAY

Professor T. M. Moore and his T-Anchor troop of singers are going to Clarendon Saturday.

Wheeler Co. Exes Banquet Feb. 27

The Ex-Student Association of Wheeler County held its annual banquet on February 27. A very interesting informal program was presented to a group of about thirty ex-students.

The hall was beautifully decorated in maroon and white and special buffalo place cards were used. The entire arrangement was indicative of the college atmosphere.

Superintendent M. W. Graves of Briscoe is president of the association and was master of ceremonies at the banquet. Other prominent ex-students appeared on the program with informal addresses and entertainment numbers. (Continued on last page)

Weldon Howell Accepts Position In Amarillo, Mon.

Weldon Howell, formerly assistant business manager at West Texas State Teachers College, resigned Saturday to accept a position as chief accountant of the Livestock Loan Company at Amarillo. He began working there March 4.

Mr. Howell first came to West Texas as a student in 1927, having transferred from Texas Tech where he attended in 1925-26.

He was employed here about six years.

It was with much regret that Mr. Shaw accepted his resignation here; however he was pleased that Mr. Howell has secured this position which is a decided advancement for him.

Bill Blaine, student here, from Raton, N. M., will assist Mr. Shaw.

Encyclopedia 100 Years Old Placed In History Museum

An encyclopedia more than 100 years old, and, according to its title page, containing "science, art, and practical mechanics comprising a popular view of the present state of knowledge," has become a part of the library of the Panhandle-Plains Historical Society.

The London Encyclopedia was printed in 1832 by Thomas Tegg of 73 Cheapside, London, and was sold in America by Whipple and Lawrence, Salem, Massachusetts.

The 21 volumes were presented to Clarendon College by Mrs. J. D. Stocking on July 20, 1926, and placed in the museum by H. T. Burton, president of the College, recently. Dr. Harris M. Cook of the West Texas State Teachers College faculty brought the valuable books from Clarendon.

Following the practice of his time, the editor, whose name does not appear, placed upon the title page a quotation intended to put the reader in the proper frame of mind for perusal of the books. Quoting Erasmus he chose, "A reader should sit down to a book, especially of the miscellaneous kind, as a well-behaved visitor does to a banquet. The master of the feast exerts himself to please his guests; but if, after his care and pains, something should appear on the table that does not suit this or that person's taste, they politely pass it over without notice, and commend other dishes, that they may not distress a kind host."

Likely the London Encyclopedia was the predecessor of today's Encyclopedia Britannica as the first edition of it did not appear until 1884. The old volumes, when compared with the present Britannica, illustrate clearly how the values of men and things change in the course of 100 years. As an example, in the book printed in 1832, Alexander Hamilton, America's great Federalist, first secretary of the United States treasury, and financier, does not appear at all, but in the last edition of the Britannica, Hamilton is given five pages.

If the two encyclopedias indicate correctly, the horse is as important to the world today as it was when motor cars had not been dreamed of, for the old book devotes 19 pages to a description of horses, it expresses regret that fine horses are no longer produced and that only in the British cavalry can horses of quality be found. The newer publication gives 18 pages to the horse and tells much more about the different breeds of horses. (Continued on last page)

Band To Be On Mother-in-Law Program Today

The W. T. Band is among those participating today in the giant five-mile parade that is a feature of the Mother-in-Law Celebration in Amarillo today. The mothers-in-law themselves will be in the parade as will representatives of other organizations.

Among the bands that will be present are the Matadors of Texas Technological College, the official governor's band; McMurry College, Abilene; The National Guard Band, bands from Memphis, Hereford, Wellington, Panhandle, Clarendon, Dalhart, Pampa, and Plainview. Amarillo will be represented by the Senior High School and Sam Houston Junior High School bands.

More than 10,000 mothers-in-law are expected to register for the second annual observance of Mother-in-law Day. Governor James V. Allred will deliver an address at 10 o'clock this morning, and an entertaining program has been arranged at the Municipal Auditorium during the afternoon.

The W. T. Band, composed of thirty-four members, made an appearance in chapel recently, and has been scheduled to play at the opening of the Educational Conference here March 22-23.

Arrangements Made For Paleo. Excavations

Yesterday Dr. C. A. Pierle and Professor C. Stuart Johnston returned from Canadian where arrangements were made to start a paleontological excavation in Hemphill county.

The immediate project is to remove the first ten feet of overburden from a fossil bed about fifteen feet from the surface. The first two layers are volcanic ash and clay. After these are removed, it will be possible for students from the college to excavate the bones from the remaining five feet of dirt. Mr. Johnston states that several kinds of horses, rhinoceros, giant dogs of several descriptions, and numerous other smaller animals are fossilized in this bed.

Funds for the removal of the dirt are provided for by the FERA Relief Organization of Hemphill County under administration of Troy Newton. V. I. Voorhees is the foreman in charge of the FERA workers.

"The Florist Shop" In Presentation

"The Florist Shop" by Winifred Hawkerig, was presented at the Dramatic Club meeting, Feb. 30.

The scene was laid in a florist shop where the girl, Maude, tried to help everyone out of difficulties and as a result almost lost her job by sending an old maid, Miss Wells, some orchids with no name in hopes that the man to whom she had been engaged for fifteen years would come alive and rush the big day along. It worked, and the owner of the shop, Slovosky, hired the flower girl again because of the large order of flowers for the wedding.

Miss Mims was especially good in her characterization.

The cast was as follows: Slovosky (Continued on last page)

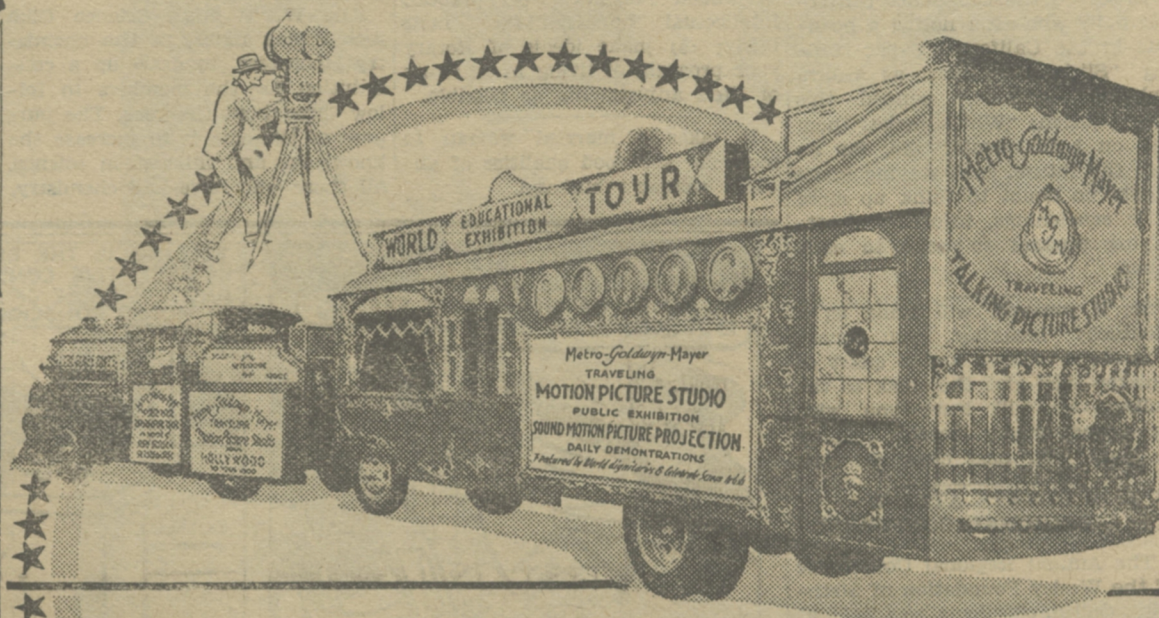

Date Extended For Entry In T. I. P. A. Contest

Date for the submission of manuscripts for the Texas Intercollegiate Press Association contests in Huntsville has been extended to March 15. Students are urged to bring their manuscripts to the Publications Office.

Essays, both formal and familiar, humorous and serious short stories, editorials (which have been printed in the paper), poems and plays are the types of material which may be submitted.

Everyone is eligible to enter this contest. All material must be typewritten on only one side of regular size paper. Margin of ten and seventy must be used. The name must be attached to the manuscript. None of these will be returned to the students.

Will Visit Canyon This Week

Metro-Goldwyn-Mayer Traveling Motion Picture Studio on World Tour.

Through the influence of W. J. Wooten, manager of the Olympic Theatre, arrangements are made to have the elaborate Metro-Goldwyn-Mayer Traveling Motion Picture Studio visit this city on its extensive goodwill tour of the world.

The lavishly equipped studio on wheels, constructed by the great motion picture company at a staggering cost of \$150,000, is scheduled to arrive here next Friday, March 8, and according to present plans will be open for public inspection from 4:00 until 7:00 p. m. in front of the Olympic Theatre.

The studio, which has traveled across the continent from the famous M-G-M studios at Culver City, California, has aboard it more than \$60,000 worth of costly and

intricate sound motion picture recording and projection equipment. It is a completely equipped Hollywood studio on wheels.

A Metro-Goldwyn-Mayer director, and a complete staff of camera, soundmen, electricians, and movie makeup experts compose the personnel of the outfit, but motion pictures will not be filmed in this city during its visit.

Its brief stop-over here is being regarded purely as one to permit film fans of this city to inspect the magnificent outfit, to learn how talking pictures are filmed and recorded and projected, and the motion picture technicians with the studio will be available to answer questions regarding their work while the studio is here, it is said.

During the period the studio is to open for inspection, the general public will be permitted to enter the studio. They will be escorted through by the motion picture men, and the operation of the sound recording room in one section of the 65-foot outfit, and the sound projection room in the rear compartment of the studio, will be explained in detail.

The studio is hauled by a giant trackless locomotive equipped with powerful special built Waukesha motors, and this tremendous engine is in itself truly an outstanding sight. Special built camera, pilot and advance cars make up the remainder of the Hollywood caravan visiting this city with the studio.

THE PRAIRIE

A WEEKLY NEWSPAPER

A weekly college newspaper published every Tuesday by the students of The West Texas State Teachers College, Canyon, Texas.

Entered on November 21, 1919, as second-class matter at the post office in Canyon, Texas, under the Act of March 8, 1879.

Printed by The Warwick Printing Company.

PUBLIC LIBRARIES AS AIDS TO RECOVERY

When the history of the depression comes to be written one of its bright chapters will be the part the public libraries played in enabling individuals to keep their heads above water for the time being and to prepare themselves for the prevention of depressions in future. Not only have thousands of people found temporary forgetfulness of their troubles in reading, but even more thousands have found in libraries concrete information through which they have been able to build for themselves new careers.

The American Library association has recently created a planning committee to co-operate with the federal and state governments in making the most extensive use of government aid in library rehabilitation and extension. In spite of enormous growth in library patronage since the depression, there are today forty million with a very inadequate service. The sparsely populated rural areas are, of course, the areas least able to help themselves in this matter, and at the same time the areas which most need library service both for adults and as part of their educational set-up. Forty states have already begun intensive work in library development, relief workers in many instances doing the necessary survey work. Here is a chance for the public spirited citizen to co-operate with his state or country in a work which is vital to civilization itself.—Christian Century.

THE AMERICAN HIGH SCHOOL

The greatest security that any young person has is in himself—what he is, what he can do with his hands or brain, the part that he can play among his fellows. These are the values to which the American high school is devoted. With an enrollment of 6,000,000 young men and women the high school is rapidly becoming a service to all American youth. The school provides wholesome activities for young people who are no longer needed in industry and agriculture. Wise parents have made it possible for their sons and daughters to spend their time in high school preparing for the best possible start in life. Never before until America took this course has it been possible for the son or daughter of the average family to enjoy broader opportunity which the American high school gives. A high school education is as necessary today as was an elementary school education a short while ago. The American high school is the people's college, maintained by all and for all, the mainstay of self government, and the surest guarantee of our liberties.—Anonymous.

Demonstration Shows Qualities Of Liquid Air

February 26th, at 8:00 o'clock in the Science Demonstration Room of the Education Building, C. W. Seibel gave to a large group of teachers and students a very interesting demonstration of some of the qualities of liquid air.

George Bishop, president of the Pi Beta Gamma Science Club, welcomed the speaker who was introduced by Woolworth Russell, a member of the club.

Mr. Seibel entered into his demonstration immediately and accompanied his actions and experiments with a very interesting explanation of the things he was doing. He had a jug of liquid air, the temperature of which is 312 degrees below zero Fahrenheit. The air gave off a vapor that looked much like steam but was in reality a little snow storm. The liquid was slightly blue in color. If left on the body for 6 seconds, the liquid air will burn a very painful spot.

Mr. Seibel placed a part of the liquid in a kettle and put it on a block of ice to boil, just to show how much colder than ice the liquid air is. He made a hammer by freezing a block of mercury on the end of a piece of wood and then drove a nail with it. An ordinary rubber ball was put in the liquid for a few minutes and then taken out. When it was bounced, it broke into many pieces, as a china egg would have done.

A piece of charcoal and some aluminum were burned in the liquid air.

Last, Mr. Seibel put some of the liquid air in his mouth, which feat was recorded by film by one of "Believe-It-or-Not" Ripley's cameramen.

After the demonstration, many of the students talked to Mr. Seibel in regard to the liquid air and helium. The reason that the liquid air is used at the helium plant is to reach a low temperature in order that all the substances in methane gas can be

solidified except helium, the solidification point of which has never been reached.

All members of the group present to hear Mr. Seibel's talk and see his demonstration were very much pleased and everyone learned many things not previously known by them.

The Science Club has a meeting once a month, and some person is brought here to tell of something pertinent to some particular field of science. The Pi Beta Gamma invites all people interested to their meetings.

Attempts are being made to bring Mr. Seibel here to make the liquid air demonstration in chapel for the benefit of the student body.

CORRECTION OF ERROR IN PRAIRIE

Because of incorrect information, an error was made in last week's issue of the Prairie in the article concerning new books contributed to the various libraries of the college.

Seven of the books listed as gifts of the A. A. U. W. were secured by funds from the fair given by the Demonstration School children last fall. Following are the titles and authors: "The American Procession"; "Nicodemus," by Inez Hogan; "Downright Decency," by Snedeker; "Whalers of the Midnight Sun," by Villiers; "Cowboy Tommy's Roundup," by Sanford Tousey; "The Seamanship Book," by Pryor; and "The Fire Engine Book," by Pryor.

The remaining books were contributed by the A. A. U. W.

EX-STUDENT AIDS WITH PLAINVIEW DAIRY SHOW

Mrs. Hazel Kelly, '29, who has been Home Demonstration agent in Hale county ever since her graduation, is in charge of the Home Manufacturing section of the Plainview Dairy Show. This show is usually attended by 10,000 people.

Recently the Board of Directors for the show increased the premiums to be paid in Mrs. Kelly's department and gave her a vote of thanks for the fine work she has done in helping the farmers to handle their dairy products so as to get the highest possible prices.

WHITMAN FISH

FLASH: Morons Announce I. Q. Tests for seniors:

The following questions were compiled by one of the more progressive organizations in our little world for the benefit of the senior classes of several institutions. By a bit of clever diplomacy we are able to present this list almost complete.

1. Who founded China, and where.
2. How many peanuts in 654,567 bushels?
3. Do you know what I heard? No? Sheep! (This one stumped so many that we were forced to include the answer).
4. Are 2 and 2 really 4 or did you really love the girl?
5. If you cut classes 5 days a week, why is your grade a B instead of the customary A?
6. If Mable loved John, and you knew it, would you take home a dozen oysters.
7. Have you a little Elmer in your home?

Student Seniors making less than 2% will be forced to make a public appearance and reveal exactly where they were on the night of March 1, 1935.

Students in the University of California who make all A's are entitled to a rebate of \$5.00 on their tuition.

Fifty students at Vallapin, Spain, locked two professors in a room and kept them prisoners until they promised to pass the whole class without examination.

And did you know that there are 13 men registered in the George Washington University Law School who are being sent there by the General Electric Company to obtain their legal training? These students are employed by this company in the patent department, and last year, they maintained an average of 83.7 which is 1.3 below an A.—George Washington University Hatchet.

Smile: As goofy as a pea-fowl.

Ground has been broken for the new residence halls at C. A. & I. This work is the first step in a \$300,000 PWA Loan project recently completed at C. A. & I.—The South Texan.

Just a little word to those who find the Publications office a pleasant place to rest at one time or another: It would be greatly appreciated if the exchange papers could be left untouched. If a student wishes especially to read any of the papers, kindly inform us and we will be glad to send those wanted. But, please leave them alone, otherwise. Each week, several of the papers are taken from the office and not returned. Understanding and co-operation will be appreciated.

When the undergraduate daily of the University of California attempted to wisecrack concerning the Latin words "hick," "hike," and "hoax," they pointed out that the problems of language can be made easier by remembering that "hick" is always masculine because it is always used when speaking of the men students of the University of Oklahoma. This naturally aroused a writer on the Oklahoma University daily who after noting a headline in the California paper reading "Slickers Snicker as Storm Subdues Students," penned this little squelch: "Which makes them wet on both counts." So, far on into the future, each staying home nights no doubt to think up more little squelchings, injured-soul-satisfying phrases to write to each other.

So, if someone will bring us a Kentucky breakfast, you know, a steak, a bulldog, and a quart of whiskey—you give the steak to the bulldog—we will leave you with light and cheery hearts, rushing to make your next class on time.

M. E. STUDENTS ATTEND REGIONAL CONFERENCE

The Annual Regional Conference of the Wesley Foundation of Methodist College Students was held at McMurry College, Abilene, Friday, Saturday, and Sunday. Those attending from Canyon were: Carl Spratt, LaTrice Quattlebaum, Mary Alice Quattlebaum, Thelma Callahan, Marvin Callahan, Katherine Orr, Eva Pearl Cockrell, and Rev. J. O. Quattlebaum. Five colleges were represented in this conference, Texas Tech, W. T. S. T. C., A. & M. Goodwell, Amarillo Junior College and McMurry.

The theme for discussion was, "Dare We Be Christian in Our Economic Order." Dr. E. B. Hawk, Dean of the School of Theology of Southern Methodist University, was the platform speaker.

People who say things are wrong never know just exactly what they are.

day curiosities is a candidate who has actually read his own platform.

UNIVERSITY OF TEXAS EXES UNITE CLUBS

The members of the Canyon and Amarillo branches of the University of Texas Ex-Students Association voted to combine their groups into one organization at the annual March 2 banquet held in Amarillo Saturday evening.

The consolidation, which was made at the suggestion of Mrs. Travis Shaw, retiring president of the Canyon group, provides for the election of the president and secretary-treasurer from the Amarillo membership, and the vice president and Alcalde reporter from the Canyon group.

The officers chosen for the coming year were Dr. B. M. Primer, president; Lee Johnson, vice president; Herman Pipkin, State Executive Council representative; Tom Seay, secretary and treasurer; Mrs. Tommie Montfort, "Alcalde" reporter.

The joint banquet, which was held at the Rose Bowl Tea Room, is said to have been the most colorful and entertaining held by the Canyon-Amarillo clubs in years. Much of the credit of the success of the affair is due Mrs. Herman Pipkin, retiring president of the Amarillo club, who provided a well-planned program, and a dinner which was charmingly unique, both in decoration and menu.

The motif which was, ironically enough for March 2, Mexican in every detail, fitted appropriately into the Spanish setting of the tea room where it was held. The table decorations included rare pieces of Mexican pottery, clay figures, miniature fruit and flower stands, and potted cacti. A typical Mexican plate was served.

Jose and Maria Flores, popular Mexican entertainers, moved about among the tables, playing and singing Mexican songs during the meal.

Mrs. W. B. Stevenson, of Amarillo, dressed in a china pobiana costume, did a number of Mexican songs.

Mrs. William Dingus, of Texas Technological College, who was the principal speaker of the occasion, gave an address on "Rolling Stones," in which she analyzed in an interesting way, some of the foremost national problems of today. The speaker was introduced by Herman Pipkin, Amarillo lawyer.

Following Mrs. Dingus, Miss Polye Crawford, of Austin, at present exchange teacher at West Texas State Teachers College, gave a glimpse into the new buildings on the University campus. Short talks were also made by H. L. Adkins, Alex Lumpkin, and Joe Dooley, Amarillo attorneys. Pep songs were led by Jeff Neeley, of Amarillo.

A letter of greeting from President Benedict was read by Dr. B. M. Primer, before the meeting closed with the singing of "The Eyes of Texas."

MEYER SPEAKER BEFORE AMARILLO ROTARY THURS.

The service which Rotary and other service clubs might be able to offer in the solution of world problems was the topic discussed by Dr. A. M. Meyer Thursday at the meeting of the Rotary Club in Amarillo.

After reviewing world problems by a general survey method, the following points, for which Rotary may consider solutions, were offered: (1) Outlaw war; (2) extend universal intelligence; (3) practice suspended judgment; (4) practice intellectual honesty, face facts fairly; (5) make ideals of Rotary your program of living in as many of life's adjustments as possible.

It takes a married woman to recognize the good qualities of another woman's husband.

ENGLISH STUDENTS! NOTICE

The head of the English Department each spring has an opportunity to recommend students for positions as teachers of English. Frequently students who major or minor in English have not had courses with the head of the department and are not known to him to such an extent that he may freely speak of their possibilities of success. High grades in college courses give small assurance to the one recommending that a prospective teacher is familiar with the work which is to be taught.

As a solution of the problem, the director of the Department of English on Friday of each week from 9:30 to 10:00 in Room 118 will lecture on the content material to be taught in the public schools.

The first lecture will be on March 8, and the subject will be "English in the Fifth Grade." All English majors and minors are urged, but not compelled, to come. Near the first of May an English major and minor examination will be given on grammar and English and American literature. No student will be recommended by the head of the Department to teach English unless he has passed this examination creditably.

The Tumbleweed

Working as a group, the pupils of the third grade have finished writing the fairy play which they are to dramatize in a few weeks. The construction of the necessary scenery is rapidly being completed. Under the direction of Mrs. Saunders, the children have done all the writing and have constructed all the scenery. They plan to present a dramatization which will be interesting and educational.

RITCHIE ENTERTAINS

Miss Jennie C. Ritchie and Miss Jewel Alma Glass were hostesses Monday evening at a delightful waffle supper. The guests were Misses Mary Morgan Brown, Helen White Moore, Pauline Brigham, and Margarethe Meyer.

Brynildie Vaughan was absent from school Thursday, due to illness of his brother, who is in an Amarillo hospital following an operation for appendicitis.

CONDON TALKS TO SPEECH STUDENTS

Mr. S. H. Condon, of the Government Department, gave an interesting talk on "Hobbies" before the public speaking class Friday afternoon at the regular class period. The speech served as a demonstration of a correctly prepared and delivered talk on the subject of hobbies, the topic being used by the class this week in their extemporaneous speaking unit.

STUDENT COUNCIL MEETING

The Student Council met Thursday afternoon. Several members were absent, and the group decided to make each of those members who were absent more than twice pay a fine of ten cents.

Meredith Warren reported that the building was in better condition than it had been.

Miss Ritchie suggested that the Student Council help buy a Spanish class room dictionary. They agreed to pay half. The next meeting will be held next Thursday, March 7, at one o'clock, in Room 318.

W. T. HIGH SCIENCE CLUB

The W. T. High Science Club met Friday night, in the chemistry laboratory, to draw up a constitution for the members to follow throughout the year. The purpose of the club is to increase the knowledge and interest in science. All those who have had chemistry,

physics or biology in high school may become regular members of the club. Those who do not meet the above qualifications, but who desire to affiliate themselves with the club, may become associate members. All regular members are required to make at least one contribution per month to the programs. The next meeting will be held March 19, at 7:30 p. m. All students of science are urged to come.

JUNIOR CALVES WIN OVER JUNIOR EAGLES

The Junior Calves won their fifth consecutive cage game of the season Friday afternoon, in the Canyon High School gym, defeating the Junior Eagles by a two point margin, 13-11. The Junior Calves jumped into the lead early in the game, and by the half had rung up nine points to only one field goal for the Junior Eagles. The third quarter saw little change in the score, but during the closing quarters, the Canyon High School boys staged a rally which was only one goal short of the Junior Calves' total, as the fray ended 13-11 in the Junior Calves' favor. Drummond, Eagle guard, was high point man for the afternoon, with seven counts garnered with three field goals and a free toss. Dobbs, Calif guard, was high scorer for his club, with six points.

THE SNOOP

Whew! And was Helene Oliver overwhelmed when Irving Willoughby really did "seal the bargain," in the play practice the other night.

Girls, we must not have "IT"—at least Bud McNeill finds it necessary to go to the college to find his "one and only."

Medical Professor: Now, when you examine a patient's lungs what do you find.
Smart Student: The seat of his pants.

Did I hear something about a Butler-Guinn case? Come, come, my little ones!

February 26th was the three-hundredth anniversary of the first high school in America—the Boston Latin School, founded in February 26, 1635.

When Ruth Campbell knocked at the door of the Warren home the other night, she thought the house was on fire; but it was only Meredith in red silk pajamas. No, he didn't faint—just turned too pink to match his "sleepers."

Definition of character as given by two W. T. High Seniors:
"Character is the way a man acts in the dark."
"Character is lack of opportunity."

HOME ECONOMICS CLUB ELECTS OFFICERS

Wednesday, at one o'clock, the Home Economics Club met in the College dining room to elect new officers. Anita Cleland was re-elected president. Thelma Cupell

was chosen vice-president; Anna Menke, secretary and treasurer; Louise Groom, student council representative; Margorie Merchant, sergeant-at-arms; Lorene Smith, social chairman; and June Guinn, Tumbleweed reporter.

Heard over station KGRS: Carl Neighbors dedicating "Good Night, Little Girl of My Dreams" to Loveta Hawkins.

Our nomination for super-snooper: Cato Merchant and Sam Bur-ton.

TAP CLASS DANCES IN AMARILLO

Four girls of the Demonstration School tap-dancing class, Ruth Campbell, Lela Louder, Bonnie Rhea Whittenburg, and Pearl Mayben, went to Amarillo Friday night to dance in a benefit program at the McKinley school.

JAMES LAIR CELEBRATES BIRTHDAY

The second grade enjoyed a party on Thursday afternoon, celebrating James Lair's birthday. Games were played and refreshments of ice cream were served to the entire group. Many happy birthdays, James.

THE HARVEST

The fertile valley of success
He crossed to reach the mount of fame;
Then high upon its rocky slope
He planted there his name.

Then gently there came soothing rains
Of Charity and Faith and Hope;
They fell abundantly below,
But little on the slope.

Then after time there came a day—
When 'midst the music of the lutes,
The Lord came from His home—
To gather all his fruits.

Within the fertile valley there
Was fruit that justly fed His pride,
But on the rocky slope a plant
That long ago had died.

What sweet is there in glorious fame—
What sweet and shining heaps of gold—
If in one's race for these dear things,
He wins—to lose his soul.
—John Blaine, Jr.

"MOONSHINE AND HONEYSUCKLE" TO BE MARCH 15

March 15 is the date set for the W. T. High School Senior play, "Moonshine and Honeysuckle." The three-act comedy, which will begin at 8:00, Friday evening, March 15, will be presented in the Education Building auditorium.

The play, by Lulu Vollmer, author of "Sun-up," is a lively story of a mountain feud. One of the most difficult productions ever presented by W. T. High School seniors, "Moonshine and Honeysuckle," offers excellent opportunity for displaying real acting ability, since every role in the play is a character part.

Miss Mary Morgan Brown, who is supervising the production, states that the cast includes a high percentage of real dramatic talent.

MISS McMURTRY SPEAKER ON MOTHER-IN-LAW PROGRAM

"The Status of the Mother-in-Law," was the topic of the main address given by Miss Florence McMurry of the Mother's-in-Law program February 28th, at the American Legion Hall.

Other West Texans on the program were Herschel Coffee and Oscar Croson, who played the violin selection "Silver Threads Among the Gold," accompanied at the piano by Miss Frances Usery. Mr. Coffee later played the violin solo, "Love's Old Sweet Song," accompanied by Miss Usery.

Mrs. L. F. Sheffy appeared on the program, singing two solos, "Mother Machree," and "The Smiles and the Tears of Killarney." Miss Mary Morgan Brown read a group of negro selections.

Mrs. Oscar Hunt made the welcome address, the response being given by Mrs. J. O. Curtis of Amarillo.

A colonial minuet was danced by Misses Gene Marie Kleinschmidt and Shirley Barks Harrell.

Mrs. John Knight read the speech "Parson's Courtship." Refreshments of brick ice cream, and angel food cake, and coffee were served to those attending.

B. S. U. PRESENTS
PLAY ON SUNDAY
Sunday evening, February 24, during the B. T. U. hour, the B. S. U. presented a very inspirational and convincing moral play entitled "It Happened This Way" in three short acts.

The plot centered around a small town boy, who went away to college and chose the wrong type of comrades. The B. S. U. found him and brought him back to respectability.

J. C. Baker took the leading role and was supported by a cast of about sixteen others. The play was directed by Mary Beth Campbell.

The B. S. U. wishes to thank the Speech Department at the College for its contributions in properties and the Thompson Hardware and Sam Bond for their kindness in lending furniture.

MEYERS ENTERTAIN SENIOR CLASS OFFICERS
The officers of the Senior Class were entertained by Dr. and Mrs. A. M. Meyer, sponsors of the class at their home Wednesday afternoon. Plans were discussed for the next class party which will be held at Cousins Hall, Tuesday evening, March 12. Officers present were: James Compton, president; Hosea Foster, vice president; Yvonne Thomas, treasurer; and Margaret Harvey, secretary.

Miss Ethel Rowland, society editor of the Prairie, was called to Kilgore last Monday because of the death of her aunt who was killed in an automobile accident.

CHRISTIAN ENDEAVOR ENTERTAINS WITH PING PONG TOURNAMENT

The Canyon Christian Endeavorers entertained the Endeavorers of Tulla and Hereford, Wednesday evening at the Presbyterian Church with a ping pong fellowship tournament.

Franklin Bauer, Canyon, won over Edgar Irelan, Hereford, 21-6, in the boys' singles. John Tate, Canyon, defeated Bill Garrison, Tulla, 21-18, in another game.

Mary Hancock and Jean Jordan, Tulla, defeated Rosa Cash and Nancy Strain, Canyon, 21-7, in girls' doubles. Kathryn Robinson and Marjorie Wilkinson, Canyon, defeated Patricia Wederbrook and Virginia Lillard, Hereford, 21-8, in the second game.

In the mixed doubles, Reavis Kerr and Margaret Croson, Canyon, lost to Jean Jordan and Thomas Toone, Tulla, 17-21. Lorene Bessie and Henry Trent, Canyon, won over Virginia Lillard and Ernest Kerr, Hereford, 21-8.

In the girls' singles, Hattie Mae Brown, Tulla, won over Gladys Barton, Canyon, 21-12. Patricia Wederbrook, Canyon, defeated Virginia Lillard, Hereford, 21-7.

Reed Clark and Edward White, Canyon, defeated Bill Riddell and Jack Rogers, Tulla, in the boys' doubles, 21-12. Dr. Neblett and Bill Smith, Canyon, won over Ernest Kerr and Ray Buchanan, Hereford, 21-12.

Henry Trent and Lorene Bessie, Canyon, defeated Thomas Toone and Jean Jordan, Tulla, 21-11, in the finals for mixed doubles.

Kathryn Robinson and Marjorie Wilkinson, Canyon, defeated Jean Jordan and Mary Hancock, Tulla, 21-8 in the girls' doubles.

Edward White and Reed Clark, won over Bill Smith and Leo White for Boys' doubles place in the finals.

Hattie Mae Brown, Tulla, lost to Patricia Wederbrook, Canyon, 21-19, in the girls' singles.

John Tate lost to Franklin Baer, 21-12, in the final play-off for boys' singles.

M. E. Cleavenger, Canyon, defeated Rev. J. H. Boles, Tulla, 21-12, in an exhibition game.

Canyon had 36 members present, Tulla 16, and Hereford 8. Rev. and Mrs. Chas. L. Dickey, Dr. and Mrs. Neblett, Mr. William Smith, and Mr. and Mrs. Travis Shaw chaperoned the group. Hot chocolate, coffee and sandwiches were served.

Rev. Boles invited Canyon and Hereford to Tulla.

PICTURESQUE COUNTRY WAS VISITED BY SAUNDERS AND CROSS ON TRIP DOWN STATE

Mrs. Laura Saunders accompanied Miss Ruth Cross on her trip to Austin and during the time they visited Smithville, Mrs. Saunders' old home.

A very interesting visit was made to the new state park that is being developed. It is located in Bastrop County among the Pine Hills. A big lodge is being constructed of the native wood and decorated with native rock. There are twenty-five cabins being built, fifteen being rock cabins and the other ten made of logs. Both materials used are native. The park has its own crew to cut and dry the wood of the native trees and then to make the furniture used in the picturesque cabins. The natural wood of the pine, cedar, hickory, walnut and the Bois d' Arc trees is used chiefly for furnishing the cabins and for decorating the interior. One cabin has already been completed; it is a national Scout Camp.

To set off the picturesque scenes of this park there is a beautiful lake for fishing.

Miss Cross and Mrs. Saunders drove through La Grange to Monument Hill, which has just recently been made more beautiful by the citizens of Fayette County. This beautiful hill is the historical spot where Santa Anna's men drew the black and white beans and were killed and buried.

A. A. U. W. TO MEET MONDAY EVENING

Members of the Canyon branch of the American Association of University Women met at Randall Hall Monday evening, March 4, with Misses Tennessee and Fannie Malone, Misses Florence McMurry and Miltia Hill, hostesses.

Interest in the local chapter centers about five study groups which altogether comprise about fifty members. The literature group, with Miss Miltia Hill chairman, has devoted most of the current year to modern fiction. The art group under the leadership of Miss Margaret Wiley studies period furniture. Character development in narration is the project of the writers group directed by Miss M. Moss Richardson. The fourth group with Miss Novella Goodman studies biography. In the absence of Miss Darthula Walker, Miss Jean Moore conducts International Relationship in the study of the "New Political Economy as it Affects Women."

The chapter has lately purchased twenty new books and carries on a project of magazine distribution.

SPANISH CLUB MET WITH SPONSOR

The Spanish Club met Wednesday at the home of Miss Mary E. Hudspeth, sponsor. After an interesting round-table discussion in Spanish on the subject of "Which is the better pronunciation—the Castilian or Andalusian," the topic, "Mexico or Spain," was chosen for the discussion at the next meeting.

Interesting talks on handcraft of the Incas and Mexicans were given by Betty Littleton and Jimmie Ortiz. The members of the Spanish Club have found these discussions both interesting and helpful.

Delicious refreshments of salad, cake, and cocoa were served to the following members and visitors: Floy Rowe, A. B. Reese, Jr., Roach Allen, Martella Richeson, Mrs. Grace McDowell, Margaret Perry, Charlene McLarty, Mrs. B. J. Rucker, Myrtle Mae Scales, Jimmie Ortiz, Gerald Brown, Theresa Littleton, Letha Thomas, Ralph Sanders, Helen Faythe Yeats, Lucye Blair, Alice Reese, Isabel Price, Mrs. Tommie Montfort, Miss Agnes Charlton, and Miss Hudspeth.

PI OMEGAS ENTERTAINED BY MRS. R. P. JARRETT

The Pi Omega organization with their sponsor, Mrs. A. M. Meyer, was delightfully entertained by Mrs. R. P. Jarrett at its last weekly meeting, February 20th.

After the business meeting a delicious plate lunch was served. As a special treat and surprise Mrs. Jarrett then took the girls to the Olympic Theatre.

Those attending were: Misses Frances Holman, president, Frances Alice Clark, Lou Ella McDade, Wilma Jo Jones, Marion Hill, Virginia Hohlaus, Virginia Lyon, Effie Whitsett, Mary Louise Mulkey, Royce Parks, Lella Cooper, Vera Goodwin, Louise Shirley, Helen Helton, Bonnie Gierhart, Rosa Cash, Virginia Murray, Ruth Stapleton, and the sponsor, Mrs. A. M. Meyer.

"FAMILY RELATIONS" TOPIC OF Y. W. C. A. WEDNESDAY

At the meeting of Y. W. C. A. in Room 205 Wednesday, Joyce Sheets will talk on "Family Relations." The talk will be based on material secured at Hollister, Missouri.

Invitation Extended To Senior Class

Invitations have been issued by Dr. and Mrs. A. M. Meyer to all members of the Senior Class to attend a party in Cousins Hall Tuesday evening, March 12th, at 8:00 o'clock.

PI OMEGAS ARE ENTERTAINED

Pi Omegas were entertained with a lovely luncheon at the Rose Bowl Tea Room in Amarillo Saturday at noon. A line party at the Paramount Theater followed the luncheon. Later the group motored to the home of Miss Mary Louise Mulkey where tea was served.

Members present were: Misses Royce Park, Lou Ella McDade, Frances Holman, Wilma Jo Jones, Marion Hill, Virginia Line, Virginia Murray, Effie Whitsett, Virginia Hohlaus, Frances Usery, Frances Alice Clark, Ruth Stapleton, Louise Shirley, Bonnie Gierhart, Helen Helton, Rosa Cash, Vera Goodwin, Lella Cooper, Mary Louise Mulkey, Zula Warner, Martha Nell Lang, Dalhart, and Mrs. A. M. Meyer, sponsor.

The home of Mrs. Meyer was the scene of a Pi Omega meeting Wednesday evening. Plans for coming events during the spring months were discussed, with special attention centered upon a series of silver teas to be given in the near future. The purpose of the teas is to raise funds for the proposed student center and girls' recreation hall for W. T.

WOMAN'S BOOK CLUB HAS INTERESTING STUDY

At the regular meeting of the Woman's Book Club Wednesday afternoon Mrs. T. Y. Reeves gave a very interesting discussion on the history and background for the study of the American novel. This was followed by Miss Mary Morgan Brown's review of "The House of Mirth" by Edith Wharton, which was very interesting.

Due to the absence of Mrs. J. A. Hill on April 24, the program scheduled for that time is to be given on March 13th.

Patronize Prairie Advertisers.

"STUDENT ACTIVITIES" TOPIC OF CHI ALPHA OMEGAS

The Chi Alpha Omegas met Wednesday, February 27, in Room 302. Rev. Chas. L. Dickey talked on "Student Activities." A round table discussion followed by the group.

All members desiring pins see Woolworth Russell or Nancy Strain by next Wednesday, as the order will be sent off Wednesday for the pins.

WRANGLERS PLAN ROUND-UP

Singing the favorite Wrangler song was the chief diversion of the members of that club last Monday.

The girls made plans for a Wrangler round-up to be held tomorrow afternoon at the Six-Mile Crossing. The round-up supper will be a steak fry.

Four new girls were accepted into the organization at the meeting.

SINGING CONTESTS HELD IN INTERMEDIATE GRADES

A series of singing contests is being held in the music classes of the grade school. Students of the first grade are competing with the second grade, the third with the fourth, the fifth with the sixth, and the seventh graders among themselves.

By a vote of the pupils themselves and their observers and practice teachers, four students are to be chosen from each grade to represent their class in the final contest which will be judged by Professor Wallace R. Clark's music class Wednesday afternoon. The public is invited to hear the final contest in the auditorium of the Education Building tomorrow at 1:30 o'clock.

The winners of first place are to sing at the College assembly Saturday morning, March 16th.

PHILLIPS ON PROGRAM AT OLTON THURSDAY

Professor Frank R. Phillips went to Olton Thursday night to speak on the program at the annual F. A. banquet.

WEST TEXAS SPORTS

GERALD BROWN, Editor

Height of Season Reached In Defeat of Matadors

DISPLAY OF SCIENTIFIC SKILL IN GAME

Competitive Spirit Is Caught By Crowd

Last Monday and Tuesday nights the West Texas State Teachers College Buffaloes reached the peak of their season, and defeated the old rivals, the Texas Tech Matadors of Lubbock, in a series of two games.

Monday night was fast from the very beginning, with neither team ever letting up. When the melee was over the Buffaloes had a six point margin 33 to 27.

Although the game was played at break-neck speed with the margin of the lead fluctuating constantly, the Buffaloes forged to the front in the first few minutes of play and were never caught by the fighting Matadors. At the half the lead was the Buffs' 17 to 14.

The spirit of rivalry between the two teams which was created by years of heated competition was caught by the crowd which remained on its feet the biggest part of the time, yelling encouragement to the teams as the scrambles for the ball took place.

All the Buffs played nice ball games but the work of John Walker and Butch Clark were outstanding. Jack Davis was high point man for the Buffs with nine points but Gilmore, Tech Co-captain, won individual scoring honors with three field goals, and four free pitches for ten points.

Tuesday night both teams were more cautious than on the night before and the game developed into a defensive game, with the Buffs sweeping the series by count-

Buff's Will Play Simmons, Mar. 13-14

Coach Baggett has announced that the Buffaloes basketball team will play the Hardin - Simmons University quintet in Burton gymnasium on Wednesday and Thursday, March 13 and 14.

Simmons has won their Texas Conference title for the last five years and have apparently won it again this year.

Coach Baggett and his Buffaloes have not been defeated in a single series this year, but have split series with Panhandle Aggies, Texas Tech, Central Teachers, and Sul Ross.

TRACKMEN, NOTICE

All men who are qualified or who desire to work out for track are urged to report at Burton Gymnasium.

ing 28 points to 21 for the Matadors.

After fourteen minutes had been played, the total score of both teams was eleven points, 6 to 5 for the Buffaloes. Neither team was getting any close shots. They necessarily had to shoot the long ones and when they did eight bodies went into the air, fighting for the ball.

In the last half the play became fast and furious, but the Buffaloes stamped themselves as the superior ball club by their handling of the ball, working of plays, and scoring.

Crews was high point man of the game with eight points. The scoring was well distributed on both teams. Davis and Clark were high for the Buffs with six points each.

To the fans the games presented basketball at its best. A fast, clever game with spirit and zest besides a scientific display of ability. Both were thrillers and crowd pleasers.

But to the Buffaloes, themselves, and their immediate followers, the games were much more than just two more victories.

It meant triumph for the year over the opponent that they would rather defeat than any other. Rivalry between the two schools has always been of the most intense. This year Tech had a veteran team while the Buffs were inexperienced, and Tech followers predicted four victories for the Matadors.

Improving with each game, the Buffaloes came through and won three out of the four. The present record of the Buffaloes is eleven games won and four lost. But to those nearest the Buffalo camp the season would have been a success, if all the other games had been lost, as long as Tech was defeated. Of such stories comes the interest and color of intercollegiate sport.

WHEELER CO. EXES BANQUET FEB. 27

(Continued from first page) bers. Mrs. J. Lee Gilmore of Wheeler gave a reading. Mr. B. T. Rucker, County Superintendent of Wheeler County, J. Lee Gilmore, Superintendent of Schools at Wheeler, Carl Chaudoin, Superintendent of Schools, Mobeetie, Miss Viola Jones, County Home Demonstration Agent, and Mrs. William Brown gave interesting talks.

Officers of this association are Mr. M. W. Graves, president, Miss Ethel Brasuel, secretary, and Mrs. Lula Mae Farley, reporter.

The following ex-students were present at the banquet: B. T. Rucker, County Superintendent, Wheeler; Winnie Poole Hinson, Mobeetie; Viola Jones, Home Demonstration Agent, Edith Ashley, Wheeler; Mrs. Vida Savage Brown, Briscoe; R. William Brown, rancher, Briscoe; Ima Scott, Briscoe; Bennie C. DR. HILL GOES TO AUSTIN Dr. J. A. Hill left Saturday for Austin where he will appear before an appropriation committee.

Handball Court Completed In Burton Gym

Perhaps you have heard some of the moanings, groanings, ohs, ahs, etc., of some of the athletes, would-be athletes, etc., around the Burton Gym.

Some of the boys who have been working out daily and who thought they were in the pink of condition, have been groaning the loudest.

If you will look in the southwest corner of the inside of the gym, you can see the explanation for the commotion.

The first handball court for West Texas State Teachers College has just been completed. It is the only college handball court that is on the records west of Fort Worth.

It is a large court, thirty-eight feet long, twenty feet wide, and sixteen feet high, and said to be one of the finest courts in the country.

A top to the court will come with the erection of the bleachers in the west side of the gym, but four walls now make an excellent place to exercise every muscle in the body.

One more court will soon be completed in the Buffalo recreation hall.

The new court will be twenty by forty and will be one of the largest anywhere. According to those who have played on the completed court, a real workout should come from the larger court.

ENCYCLOPEDIA

PLACED IN MUSEUM

(Continued from first page) horses and how they have been produced than the old volume.

Persons who are interested in science will find the old volumes especially interesting, since they afford an opportunity to compare scientific ideas of today with those of a century ago. The books will be available to visitors at the museum under the direction of Professor L. F. Sheffy.

Matadors And Buffs Tangle On Mat Here Friday

Texas Tech was unable to change the date for the boxing and wrestling dual meet which they were to have with the aspirants from West Texas State Teachers College, and consequently next Friday night, March 8, will see the meeting in the ring and on the mat of these two rivals.

A contract had been signed for the 8th by both teams before any announcements had been made by Captain Brown of New Mexico Military Institute about the annual Southwestern Intercollegiate Tournament.

When it was found that the date for the opening of the tournament had been set for the 8th, an effort was made to change the date of the Tech meet to enable the West Texas contestants to compete in the tournament, which is supposed to represent the climax of the competition in this part of the country.

But Tech was not going to the tournament since they had severed athletic relations with the Institute, and dates of their Border Conference meet and other meets prevented them from changing the date for the meet in Canyon.

It is too bad that the West Texas glove and mat artists will be unable to participate in the Roswell tournament for several reasons. Many schools of the southwest will be gathered there and the association will be beneficial.

Then missing the tournament is like training for a championship game and then not playing it. But it can't be helped this year. Too bad, seniors.

But the fights next Friday night should bring plenty of colorful, spirited competition. Not long ago in a similar meet in Lubbock the Matadors nosed out the Buffaloes by a few points in the boxing and the wrestling.

Now the ire of the Buff ear-

Tech Game Ended Frosh Basketball

Tuesday night, February 26, at the blow of the final whistle, after an extra five minute period played in the Texas Tech game, Assistant Coach Bob Cox and his basketball squad of fourteen boys completed what one would call a very successful basketball season.

Playing various and sundry basketball teams all over the northern part of Texas, Coach Cox and his team won eighteen games out of twenty-one games played.

A season's schedule of games and their scores are as follows: Freshmen vs.:

Santa Fe, Amarillo	33-27
Santa Fe, Amarillo	28-27
Amarillo Jr. College	27-31
Portales Jr. College	31-28
Allison High School	22-21
Amarillo Jr. College	36-40
Wayland College	43-17
Clarendon Jr. College	67-31
Priona High	15-11
Wheeler High	41-18
Portales CCC Camp	44-17
Allison High	30-28

twisters and leather slingers has been stirred up, and if recent training matches may be taken as an indication, Friday night may see a different story.

Cal Farley will be the official ring master, while Vic Webber of New York, former National A. A. U. Welterweight wrestling champion will referee the wrestling and boxing matches.

In the wrestling for West Texas will be Ray Small, Gerald Brown, John Morris, Clarence Wooten, John Blaine, George Caviness, Gardner Sanderson, and Leo Jackson.

In the boxing will be Wendell Cain, Gerald Brown, Elwyn Garrett or Jimmy Holston, Brady McCoy, McCarty, George Caviness, Stina Cain, and Clinton Meek.

Some people who know the most have the least to say.

Final Game Of Year Played At Guymon, Okla.

Monday night the West Texas State Teachers College Buffaloes journeyed to Guymon, where they will meet the Panhandle Aggies of Goodwell in the final game of the year between the two teams.

Guymon was selected as the site because the Goodwell gym is too small. With the defeating of the Texas Tech Matadors in a pair of games last Monday and Tuesday, the Buffaloes marked themselves as one of the outstanding college teams of the country. Both teams were above average and the Buffaloes demonstrated their superiority to the Matadors by winning three out of four games.

With Leonard Britt, junior forward, fully recovered from the flu, the Buffs will be at full strength for the fray for the first time this season. Every man on the first team has been ill at some time during the season, but all are ready to go against the Aggies.

Also for the first time this season the Buffaloes will be entering the game as the favorites. At different times the Buffaloes have been placed on a par with their opponents, but usually the opposing teams have had a more imposing record than the Buffaloes.

From these teams the Buffaloes have taken eleven games while losing four. The Aggies defeated the Maroon and White in the first game of the season, but the Buffs took two games from the farmers later in the season.

All three games were closely contested and won by narrow margins. The men of Coach Loon Field will be exerting every effort to even the score with the Buffaloes, but the improved Buffalo team is an odds-on favorite.

The Buffaloes have their eye on participating in the National Tournament in Denver. Although their followers declare that they have already won the right to go to Denver by their record and especially by their double defeat of Lubbock, a defeat by the Aggies would not look so good to the Buffs before going to Denver.

Probable starting lineups for the two teams are: Canyon, Capt. McMinn and Britt, forwards; Walker, center; and Boedecker and Clark, guards. Goodwell, Peek and Radney, forwards; Hale, center; and Rogers and Hibler, guards.

MAVERICK CLUB

NUMBER TWO Canyon, Texas

By Pat Noser

Well boys, hello some more. We're back on the air. The present enrollment of our club is 118, which isn't so bad for a town no larger than Canyon. And what is good is that of that 118 boys there will not be a one that will not take an active part of all the various activities of the club.

We have so many different types of things to do, too, that we can't get around to all of them. There is boxing and wrestling, basketball, horizontal bar work, tumbling, soft ball, and many others.

What is attracting the most attention right now is the new handball court that Coach Baggett had built in the gymnasium. None of us have ever played before, and it looks like it is harder to play than it seemed, but we will all have a good time trying to learn.

Now the best news that I have heard in a long time is the announcement of Coach Baggett that we will be permitted to go swimming on certain days in the renovated swimming pool. Hurrah for the good ole swimmin' hole.

At our last regular meeting the regional basketball tournament was being held in the gym, and so we took off to watch it. We all got in on our Maverick cards, and was the game between Pampa and Crowell a thriller? Both teams played fast all the way through, and we couldn't tell until the last minute who was going to win. Didn't that Nash of Pampa look good. Wish I could score points like he did.

Say, we are getting ambitious already. We haven't been organized very long, but some of the Mavericks looked like professionals at this boxing and wrestling. So we up and challenged the Amarillo Maverick Club to a boxing and wrestling meet in the various weights in an exhibition at the CCC camp Tuesday night, March 12. Sure hope they don't balk out on us.

Now boys don't forget to meet at the gym today (Tuesday) at 3:30. We are to be the guests of the Amarillo Maverick club in the parade in Amarillo. They are sending down trucks to get us in. Then after the parade we will listen to the speech of Governor Allred. That should really be sum-pin, so don't be late.

Though success does not always settle in the head, it sometimes causes the gout.

Olympic Theatre

Show Starts 7:30 p. m.

TUESDAY ONLY HELD OVER

The picture everyone is talking about

"Broadway Bill"

with Warner Baxter Myrna Loy also Krazy Kat — Sports Series Dont miss this splendid program

WEDNESDAY

Take a cigarette like CHESTERFIELD

You know I like that cigarette...

I like the way it tastes... there's plenty of taste there.

Chesterfield is mild, not strong... and that's another thing I like in a cigarette.

What's more, They Satisfy... and that's what I like a cigarette to do.

I get a lot of pleasure out of Chesterfield... you know I like that cigarette.
