

Paul Benbrook Is Named Economics Teacher Here

Paul Benbrook, graduate assistant in economics at the University of Texas, has been appointed to fill the vacancy of Herschel Coffee, assistant professor of economics and music, who recently left to attend the University of California. Robert Axtell, former assistant in the music department will teach violin during Mr. Coffee's leave of absence.

Mr. Benbrook will not arrive here until February, and Prof. Condrion will teach economics classes during the remainder of this semester.

The new professor has a Master's degree from the University of Texas, and is well advanced in study for his doctorate, despite the fact that he is a relatively young man, President J. A. Hill said regarding the new member of the faculty.

Crowe Photographs College Beauties Here Sunday

Photographs of the twelve college beauty candidates were made Sunday by J. P. Crowe of the Stafford Engraving Company. The pictures will be submitted to McClelland Barclay who will pick four to attend Quixie Bea King, personality queen, at coronation ceremonies Feb. 12.

The best pictures will appear in the Le Mirage beauty section with a full page display of the four winners. Those whose pictures will be submitted are: June Day, Rachel Kid, Virginia Hohlaus, Frankie Dodson, Helen Gilmore, Mary Helen Stalls, Dorothy Dickinson, Dids Meek, Maridora Blair, Mary Collins, Irma Jeanette Karnes, and Doris Billingsley.

When Mr. Crowe returned to Fort Worth, he carried with him the second shipment of pictures. The shipment included class pictures, pictures of the basketball boys, and organization pictures that were ready.

Science Club Hears Dr. J. Trendly Dean

"There is not one chance in a million for students who have lived in flourine free areas before coming to college to take brown tooth stain," said Dr. J. Trendly Dean, head of the dental division of the U. S. Department of Health, when interviewed after his address to the Science Club Friday night on "Causes and Effects of Brown Tooth Stain."

According to Dr. Dean, the Panhandle, particularly the high plains, is not the only region so affected by flourine in the water. In 1931, it was believed that there were only thirty-seven such regions in the world but now over 750 are known.

A child must live constantly in flourine areas between the ages of two and one-half and six years to be really likely to have the marking. Dr. Dean told of numerous experiments made in different localities to determine this.

Twenty guests were present including three dentists.

"Pal" night every Tuesday at the Olympic. 2 admissions for 25c.

Sophomore Prexy is Injured in Scooter Accident Sunday

Meredith Warren, son of Mr. and Mrs. W. A. Warren of this city and president of the sophomore class of W. T., received foot injuries when a motor scooter on which he was scooting collided with the curb in front of the residence of Dr. J. A. Hill, president of the local college late Sunday afternoon.

Young Warren was on his way to Cousins Hall to carry Miss Billie Ruth King, who is also a fellow sophomore, for a scooter. At the time, Warren thought so little of his injuries that he completed his date.

Later in the evening his foot, the right one, began to throb, finally swelling so large that it was necessary to remove his shoe. By night it became necessary for Warren to aid his travel with a pair of crutches recently used by J. B. Dotson, prexy of the Tri-Tau. The crutches were borrowed by Ed Spann, roommate of Dotson.

Last reports say Warren is progressing speedily in his hopping efforts.

Buff Cagers Win Over Howard Payne

Museum Visitors Register From 36 States Last Year

Registered visitors at the museum of the Panhandle-Plains Historical Society on the campus of West Texas State College numbered 27,536 last year.

This brings the total since April 14, 1934 to more than 125,000 persons, who have come from all of the states and from most of the countries of the world. Visitors recently have been from as far away as London, Dublin, Old Mexico, Alaska, and several South American countries.

States represented during the last year included Oklahoma, Arizona, Utah, Kansas, Colorado, New York, Washington, Louisiana, California, Georgia, Missouri, New Mexico, Oregon, Nebraska, Arkansas, Illinois, Washington, D. C. Indiana, Alabama, Maine, Michigan, Montana, Massachusetts, North Dakota, Mississippi, Wyoming, Virginia, Maryland, South Carolina, South Dakota, Idaho, Wisconsin, Kentucky, Florida, Pennsylvania, Ohio, and Minnesota.

Many of the exhibits housed in the museum are the most complete of record. These include both archaeological and paleontological specimens. Through excavations conducted by Prof. C. Stuart Johnston and WPA projects directed by Mrs. Johnston, together with gifts and exchanges, the museum's collection of paleontological finds are as complete as any in the country relating to ancient life on the plains, despite the fact that many institutions preceded the Historical Society in this work.

Art objects also attract many visitors.

Band Directors Meet for Clinic Here Feb. 18-19

High school band directors of the northern division of the Texas Band and Orchestra Teachers Association will bring many of their best student musicians here Feb. 18-19 for the first annual band clinic.

Directors are being asked to state what instruments they can supply in the formation of two 90-piece clinic bands. The players will be designated according to the balanced instrumentation needed. Victor Grabel, famous Chicago band master, composer and teacher, will direct the clinic. He will conduct the band sessions and also will lecture.

The band clinic is expected to present an assembly program Saturday morning, Feb. 19, and a public program that evening. Superintendents and principals will be special guests of the clinic Saturday. Replies being received by Prof. C. E. Strain, director of the Buffalo Band, indicate a keen interest in the clinic throughout the Panhandle.

One of the bands will be made up of advanced musicians selected by the visiting directors and will play grade A and B music. The other will be chosen from musicians who can best play C and D grade music. The college band will be the nucleus of the more advanced group. Contest music will be played for the most part, as requested by the directors, and Mr. Grabel will direct the playing of these numbers in addition to lecturing on the response. Morning and afternoon sessions will be held.

PHILLIPS HELPING PREPARE IRRIGATION PROGRAM

Prof. Frank R. Phillips, head of the Agriculture department, is working out a program of cooperation with the Plainview Irrigation Congress of March 9 and 10 on the invitation of Col. Winfield Holbrook, chairman of the event.

The Congress is sponsored by the Plainview Board of City Development.

In commending the program of the Congress, Prof. Phillips said its importance was great because it amounted to a practical form of soil and crop insurance through irrigation.

HAMILTON TAKES TEACHING POSITION IN PORTALES

Clarence Hamilton, senior student in the government department and president of the local International Relations Club, took up the duties of instructor in the Portales, N. M. junior high school yesterday.

Hamilton was also a member of the Freshman Fellowship Club Cabinet. He is teaching social science in Portales.

"Pal" night every Tuesday at the Olympic. 2 admissions for 25c.

In opening their two game series, the West Texas Buffaloes produced a keen brand of court finesse for a 51-39 victory over the Howard Payne Yellowjackets of Brownwood.

The Bison march was led by Shackleford who accounted for 21 points to take the lead in this department. The losers' scoring was led by Knudson with 14.

By virtue of a close 28-26 game with the formidable Hardin-Simmons Cowboys of Abilene, the Yellowjackets were doped to give the taller Baggettmens a run for the money.

The second of the series will be played tonight in Burton Gymnasium starting at 8 o'clock. In addition to this game, the undefeated Yearlings collide with the Portales College Greyhounds in the nightcap. Students will be admitted with the blanket tax ticket.

Dr. John Randolph Will Teach In Oklahoma U.

Dr. John Randolph, graduate of West Texas State College in the class of 1926, will become an associate professor of mathematics at the University of Oklahoma next September.

For the last two years Dr. Randolph has been doing research work at the Princeton Institute for Advanced Study under a stipend which will end in May. It is the only institute of the kind in this country for the study of mathematics.

Prior to going to Princeton, Dr. Randolph taught at Syracuse University in New York, then went to Cornell University at Ithaca to obtain his Ph. D. degree. He taught an advanced course in mathematics while working for his doctorate at Cornell. He received his M. A. degree at the University of Michigan about 1932.

Dr. and Mrs. Randolph will be at Princeton until May, then will go to Europe before he begins his duties at the University of Oklahoma. Mrs. Randolph's home state is Massachusetts. They visited in Canyon last summer en route to California. He taught in Canyon high school two years.

While in W. T., Dr. Randolph was a member of the band and orchestra, the Prairie staff, and other student organizations. He did part time work at The Canyon News.

Home Ec Girls Act As Mama For Tots

An always interesting project of the department of home economics, the nursery school, is under way.

It concerns children of 2½-4½ years of age, suggested by senior home economics majors who are required to take the course which includes the nursery school. The course is taught by Miss Margaret Barrett, assistant professor of home economics, and Miss Orpa Dennis, head of the department, assists in the nursery.

After taking a physical examination in the college infirmary, the children spend two weeks in the nursery. They are taken there daily at 9 a. m. and remain until 1 p. m. The mothers do not remain. The home economics girls help operate the nursery and prepare the luncheon. Activities include supervised play and a variety of equipment, indoors and outside. The tots are taught to do things for themselves, to sing, to model clay, and to draw.

New nursery equipment has been made for the department by NYA students working in the manual arts department under the direction of John A. Gillis, head of the department.

RIGHTS OR DUTIES SUBJECT OF I. R. C. DISCUSSION

"Whether we have rights or duties" was discussed Wednesday night at the last International Relations Club meeting of this semester.

Members discussed unemployment in Germany and the United States, and remedies taken by each country. Clarence Hamilton, president, resigned to go to Portales, N. Mex. to teach. Frederick Forrester, vice-president, will become president.

Dr. Hattie M. Anderson of the history department will speak at the next meeting concerning her trip to Cuba during the Christmas holidays.

Prof. Phillips went to Amarillo Friday afternoon to attend a meeting of the board of directors of the Tri-State Fair. He is chairman of the boys' vocational department.

First Co-Captains In W. T. Named At Banquet

Blake Lyde, blocking back from Childress and Henry Fields, guard from Groom, were selected by the coaches and members of the 1937 football squad as co-captains for the 1938 football season. Coach Al Baggett announced the selection at the annual banquet honoring the football team in the College cafeteria Friday evening.

Assistant Coach Tony Dougal expressed his opinion on the selection by saying:

"Both Fields and Lyde are conscientious boys, and certainly should make good leaders."

Dow Presented Trophies

Lwood Dow, plunging Buffalo full-back and leading scorer last season, was awarded the K trophy and voted the most valuable man based on a team selection. The K trophy is a yearly presentation of J. W. Kleinschmidt, local business man, who has a committee of three judges to make selections.

Those who will receive letters are: Conway Butler, Doyle Bunch, Lwood Dow, Jack Edmondson, Henry Fields, William Harp, Oscar Hinger, Monroe Horton, Donald Kendrick, Blake Lyde, Carl Matney, Floyd Murry, Milton Neilson, Ernest Schur, Tom Slack, Craigh Stephenson, F. A. Thomas, Craigh Walling, Odell Washington, Foster Watkins, Ed Williams, Leon Williams, R. V. Wood, and Jack Jennings, student manager.

Freshmen Receive Numerals

Freshmen who will receive numerals are: Dalbert Barron, Beryl Blackshear, Orville Bratton, Carlos Cartledge, Nathan Chesshir, Raymond Crowell, Eldon Davis, Jim Foust, Lloyd George, Joe Helton, Kenneth Houlette, Harold Hudson, Dewey Johnson, Glenn Jones, Ernest Kelly, Fred Kuhn, O. D. McLellan, Velson Sogree, Earl Stagner, and Austin Wiggins.

Members of the athletic committee present were: T. B. McCarter, Mitchell Jones, W. E. Lockhart, Travis Shaw, F. E. Savage, and D. A. Shirley, chairman.

Dr. J. A. Hill held the position as Chief Buffalo Herder. Members of the coaching staff attending were: Al Baggett, Anthony Dougal, Bob Cox and Vernon Johnson.

Guests for the occasion were: N. D. Bartlett, R. A. Burnett, S. H. Condrion, Cal Farley, Virgil Henson, Olin E. Hinkle, John Hill, Gene Howe, Cliff Jarrett, Dean R. P. Jarrett, R. P. Jarrett, Jr., Wes Kleinschmidt, G. H. Little, Jerry Malin, R. A. Neblett, R. P. Parcells, Glyndon Riley, Clyde Warwick, Chanslor Weymouth, Gene Whitman, and Jack Woodward.

Girls To Receive Awards In Spring

Four members of the girls' volleyball teams entered in the recent tournament were recently elected to receive awards of merits in the spring.

Those chosen were: Mayme Shaver, Cousins; Flossie Sisk, Mesquite; Ivy Howard, Out-In-Town; and Frances Tidwell, Randall.

Girls receiving honorable mention were: Helen Smith and Opal Pinnell, Paul House; Laura Mae Slaughter and Ethelyn Bailey, Cactus Lodge; Sarah Frazier and Marie Riley, Cousins Hall; Jo Mae Smith and Imogene Dalton, Mesquite Lodge; Mary Lena Huff and June Cope, Out-In-Town; and Billie Merle Hester and Carolyn Greenway Randall.

Sadie Summers, '36, who has taught at Miami and at Clayton, New Mexico, is now teaching mathematics in the grades in Amarillo.

"Pal" night every Tuesday at the Olympic. 2 admissions for 25c.

Co-Ed Shocks W. T. Faculty-Takes Shocks in Hollywood

A W. T. co-ed, who ten years ago shocked dormitory officials by appearing at a Halloween costume ball in a too-short romper dancing suit, now has as her profession the training and building of new Hollywood stars in dancing, radio, and film technique.

Mrs. Max B. Stubbs, formerly Rosalie Smith, who is a graduate of W. T., and her husband are directors of the Fanchon and Marco-Ethel Meglin Studios. The combined system, maintaining branch studios in forty-four cities throughout the country, is the largest and most renowned dance studio in the world.

Lead '38 Buffaloes

Co-Captain Henry Fields, left guard from Groom, has never been a consistent regular but his unassuming temperament has made him a favorite with all of the members of the football team. This past season, Fields' chatter and fire brand him as a veritable capable leader.

McCarty Discusses Political Parties Here Friday

John L. McCarty, editor and associate publisher of the Amarillo Daily News, addressed members of college government classes on "The Trend of Political Parties in the Nation," here Friday afternoon.

Mr. McCarty formerly president of the Texas Young Democrats, is an ex-student of the College and served as sports editor of The Prairie.

In opening his discussion on political parties, Mr. McCarty said: "I question whether anyone outside of you and your professors know anything about it. Any one in this audience has in his power to become a political leader because so few people take an interest in party affairs, he said. None of the party conventions is representative, and this is a reflection upon our citizenship," he commented.

Terms Misunderstood

He directed attention to the difficulty of conveying meaning because so many political terms are not understood. Even such terms as Democratic Party and Republican Party often cause confusion, he pointed out.

He traced development of political parties commenting that they are of comparatively recent origin starting in England in the 17th century. The first parties with a broad membership were in the United States after 1800, he said. In both the United States and England, the growth of political parties was accompanied by extension of the rights of self-government—at first to a limited number and later to the masses, the speaker said.

He gave as the primary purpose of political parties as that of unifying the vast number of voters under the democratic form of government, and to enable them to act in a disciplined and orderly manner in seeking to control the government.

Danger of Dictatorship

He pointed out that recently the desirable course of political parties has been diverted and gave as an example the one-party systems in European countries where dictatorships exist and it is impossible to use the normal means for the expression of differences of opinion. There is a danger of this in the United States should the democratic party gain too much power, he believes.

Though Mr. McCarty declared himself in favor of the New Deal on more than one occasion, he predicted that there would be no third term for President Roosevelt in answering questions following his lecture. He also predicted that there would be no split in the Democratic party over the present anti-lynching bill, and that a strong third party would not arise out of the next presidential election.

Blake Lyde, junior backfield man from Childress, was chosen co-captain for the 1938 West Texas Buffaloes. Lyde is a two-year letterman having earned his first letter as a runner. The graduation of Ezell Champion, blocker, caused Coach Baggett to transfer Lyde to the blocking position.

Be Successful—If You're a Chump Be the Best

"If you gotta be a chump, be an intelligent chump," was the ungrammatical but compelling advice given W. T. students and faculty members by a committee for investigation from the Pi Beta Gamma, science club, in assembly Tuesday.

Nationally famous advertising slogans and time-honored traditions exploded like bombshells as the crusading scientists, taking the National Consumers Guide as their Bible, presented a part of their recent study on consumers goods in a series of brief talks covering everything from patent medicines to cosmetics.

Among the more startling facts revealed by these scientific detectives were:

"Any toothpaste that will remove stains will remove a part of the teeth!"

"An apple a day may bring the doctor in a hurry . . . If it has been sprayed with arsenic!"

"Toothpastes that have no harmful ingredients also have no value except to leave a pleasant taste in the mouth" . . . and this goes, too, for the "pink tooth brush cure," "salvation from pyorrhea," and the "stain removing varieties."

Even that old "morning-after" stand-by, Bromo-seltzer, came in for its share of the panning, being described, under the heading of patent medicines as possibly habit-forming and detrimental to health.

Leading the barrage was O. J. Richardson, president of the Science Club, who acted as chairman. Joe McNeill, J. B. Dotson, Lila V. Yokum, and Robert Orton conducted the discussions.

W. T. Without Baker Clansman For First Time

For the first time in 25 years there is no member of a certain Baker clan attending West Texas State College.

This worries J. C. Baker, local filling station owner, who with a brother, Henry M., entered the College in 1912. He is consoled, however, by the assurance that a nephew, Henry M., Jr., will be graduated at Childress high school this spring and will enter West Texas State next fall. The boy's father has for many years been principal of the Junior high school at Childress.

Two of J. C. Baker's children have attended school here. J. C. Jr., is teaching at Adrian, and Ruth, now Mrs. James M. Morgan, is living at Handley, where her husband is Baptist pastor.

Three brothers and two sisters of the local man helped fill out the 25 years referred to above. Obed finished here and then studied dentistry. He is living at Dallas, where he has an office in a clinic. Bryant is a student at Baylor Medical College of Dallas, where he will finish his work on the M. D. degree this spring. John Olin took his bachelor's degree here then went to medical school. He has been practicing medicine more than a year at Bryson.

The sisters are Mary Opal, now Mrs. Harold Overleese, who lives at Gordon but teaches at Cross Plains, and Hortense, now Mrs. Edwin Moedeker, who lives at Waco, where her husband is a student in Baylor University.

Another sister, Inez, was educated at Denton Teachers College.

A year's lapse in the Baker procession here probably won't happen again soon, the local man says.

Fall Examinations Scheduled For January 26-28

Announcement of the fall examination schedule brings to the mind of the student Poe's "The Pit and the Pendulum." Each examination completed only brings another nearer.

The following schedule may cast some light on the ringing of the death knell for all and sundry.

8 o'clock MWF classes—8 to 10 a. m., Jan. 26.
9 o'clock MWF classes—10 to 12 a. m., Jan. 26.
10 o'clock MWF classes—1 to 3 p. m., Jan. 26.
11 o'clock MWF classes—3 to 5 p. m., Jan. 26.
8 o'clock TTS classes—8 to 10 a. m., Jan. 27.
9 o'clock TTS classes—10 to 12 a. m., Jan. 27.
10 o'clock TTS classes—1 to 3 p. m., Jan. 27.
1:30 o'clock TTS classes—3 to 5, Jan. 27.
1:30 o'clock MWF classes 8 to 10, Jan. 28.
2:30 o'clock TTS classes—10 to 12, Jan. 28.
2:30 o'clock MWF classes—1 to 3, Jan. 28.
Examinations for all 3:30 o'clock classes on both days will be held from 3 to 5 o'clock, Jan. 28.

Condrion Addresses Collingsworth School Administrators

"Guiding and Counseling Our Children to Fit the Democratic Needs," was the subject of an address by S. H. Condrion at a banquet for superintendents, principals and board members of Collingsworth County. E. C. Sanders, superintendent of the Samnorwood Consolidated Schools, acted as host to the group.

"Time has come in the educational procedure to teach and guide children instead of teaching textbooks," Mr. Condrion said, and showed why and how to guide the children of today.

The plan suggested by Mr. Condrion for improving education to fit the present needs include a centralized and decentralized plan with a central office for records.

"Teaching is just half done when subject matter is finished," said Mr. Condrion, "and to begin the other half, the previous suggestions will be adopted. Then the child will be fitted to meet the present democratic needs."

SPEECH PUPILS PRESENTED IN RECITAL PROGRAM

Miss Mary Morgan Brown, head of the speech department, presented four of her speech students Wednesday in a recital program at Dramatics Club.

Those on the program were: Alton Paul, who read "Jim Bludsoe"; Mogie Routh, who read "Her Father's Son" by Mary Roberts Rhinehart; Nell McNeely, who gave a recital of children's poetry; and Frankie Dodson, who read from Shakespeare's "Romeo and Juliet."

And So—Victoria, a historical novel by Vaughan Wilkins, is holding sway as the most popular book in the rent collection of the college library. This volume has hardly touched the shelf since it was placed in the library.

A student with an important job, but too busy to attract much attention is Alta Marie Terrell, secretary to Olin E. Hinkle. In addition to routine work, she is entrusted with copyreading college publicity sent out by the college news service. She ordinarily types at 75 words per clip. Though quiet and unassuming she is a good student and has an unusual high school record. She is a freshman from Pampa.

Life in college ends here tomorrow, and will be replaced by study in a few cases we hope. Most students realize that exams have a twofold purpose to test one's power of retention and to measure the student's ability to fool the profs.

A number of colleges have been taking straw votes to determine student opinion on war. The majority of the students say that they do not think the United States should enter a war unless the United States is invaded. Sounds like sane thinking to me. We are not the "glory mad" people that most people would like to think we are. It is this unpatriotic, let's be unpatriotic.

HOW DO YOU PREFER TO DIE?

126,000 Americans killed in World War, 1917-1918!
100,000 Americans killed by Syphilis in 1936 alone!

Automobile accidents take a tremendous toll of American lives each year. In 1936, 38,500 people were killed, 110,000 permanently disabled in automobile accidents . . . a tremendous, unwarrantable toll of human lives . . . so alarming that the entire nation is uniting to reduce this wholesale destruction.

Approximately the same number of Americans were killed and injured in the World War in a single year . . . and the world cried out against this return to barbarism as inhuman, uncivilized, and it was!

Yet, in 1936, in the United States, the most highly civilized nation in the world, more than 100,000 people were killed and more than half a million injured by an insidious social disease that takes an annual toll more than two and one-half times greater than our next greatest killer . . . the automobile . . . and until a pitifully short time ago, even the barest mention of the disease was barred from the newspapers and magazines of the nation.

Syphilis, the disease with the horrible name, has claimed more American lives each year than did the world war; yet, because of blind ignorance and prejudice, characteristics of the dark ages, it has been allowed to spread unchecked throughout a nation of supposedly civilized people until ONE IN EVERY TEN adults in the United States of America has fallen victim to the infection.

And SYPHILIS CAN BE CURED! Early treatment by a competent physician can halt the disease and effect a complete cure 90 per cent of the time. The percentage of cures decrease materially as the extent of infection increases, and early treatment is a highly important factor.

However, because Syphilis can be acquired innocently, because it is so insidious in its early stages, and more important than all, because of the veil of mystery and superstition which have surrounded it, members of the medical profession have fought a losing battle in their attempt at control.

The problem of eradication has a solution, but it will come only when the entire nation is united in a body against PUBLIC KILLER NO. 1!

The solution must be reached through public enlightenment, through education, and it must begin in our colleges and universities.

When a disease has been proved to exist throughout the entire nation to the extent of affecting ONE-TENTH of the population, it is both prudish and unreasonable to suppose that it DOES NOT EXIST on the campus of WEST TEXAS STATE COLLEGE in Canyon!

And it is an obvious fact that we ARE NOT DOING OUR PART in its control!

Annual Physical examinations are required of all students in this college. No attempt is made to encourage or enforce simple blood tests which would reveal the disease and open the way for its cure. MANY CASES OF SYPHILIS ARE ALLOWED TO REACH ADVANCED STAGES BECAUSE THE INDIVIDUAL IS IGNORANT OF THE PRESENCE OF THE INFECTION.

Students in this college, as in every other college and university in the United States, have a right to KNOW. This college owes a duty to its students and to the nation to make this knowledge available. Why not include the simple blood test necessary in the annual physical examination required by the college? The university of Chicago, and the city of Chicago, have taken the lead in making these tests available free of charge to all students and citizens. Why not WEST TEXAS STATE COLLEGE? Students . . . demand the privilege!—B. E.

CANYON ALSO HAS PREACHERS

Scores of W. T. students have gone to Amarillo during the last two weeks to hear the noted evangelist, Gipsy Smith, and they have praised his sermons highly. Certainly no one should be criticized for taking advantage of this opportunity, but many students who were willing to travel several miles to hear a noted evangelist have never heard a local pastor.

It is likely that no small town in the state can boast of so many churches and enlightened pastors as Canyon. This is largely due to the fact that religious groups here have made unusual sacrifices in order to provide the best for students of West Texas State. Perhaps local ministers do not give as startling and colorful addresses, but they spend hours in preparing them, and it is doubtful if there has ever been a sermon preached in local pulpits that would not have some value for college students.

Why not hear a sermon here next Sunday—local services might prove as interesting and inspiring as those of the Gipsy.

WHERE
TO GO
AND
WHAT
TO DO
BY GAD

Looks like a joyous forthcoming week for all students who are entertainment seeking.

If you desire to see the Buffaloes play, you may do so tonight, or if you rather, it will be possible to see Kay Frances in FIRST LADY at the Olympic. The Buffs would be preferable if your reporter knows anything about it—which is doubtful. The show is rather a satire on the first ladies of the land. I think it is a satire in itself, but its our first date night, 2 for a quarter.

Four Stars go to make DANGER—LOVE AT WORK one of the best comedies produced last year. Some of you have possibly already seen it. It was a little slow getting here. But if not, do not fail to see Jack Haley, Ann Southern, Mary Boland, Edward Everett Horton, Wednesday and Thursday for a bushel of laughs.

Look! BULLDOG DRUMMOND COMES BACK. Thus the show billing for the Olympic reads, slated for Friday and Saturday matinee. It would have been just O. K. by me if the little dog had never returned. When Adolph Zukor presented this little bit production—and I mean just a little bit—he took a winter vacation to keep the newsmen from shaming him unmercifully. For a dull afternoon see this show, and for a much duller afternoon see it twice—then you will have a dull headache.

It grieves me immeasurably to commend a gangster show, but so much work and expense has gone to make ALCATRAZ ISLAND a good show, that I have no alternative. The movie has taken a good while to produce and it is one of the best of its type that you will find. The only reason it is not so good, is that it is so unreal. Saturday night only.

Pick of the Week!

Dramatizing the everyday problems which face the father of an American family, "You're Only Young Once," comes to the Olympic Saturday Midnight, Sunday and Monday is a picture every student will enjoy. This is not a great picture, and did not take millions of dollars nor two years to produce, but is a good down to earth human story which is simple enough for everyone to enjoy. The story centers around a family who takes a vacation on Catalina Island. Incidentally the picture is filmed on Catalina Island, and the scenic effects are worth the price of admission. In the cast of "You're Only Young Once" is Lewis Stone, Mickey Rooney, Cecilia Parker, and others.

PROFESSOR BENNY GOODMAN REPEATS HIS COURSE IN SWING-OLGY FOR THE SECOND SEMESTER!

"GIVE!" signals Goodman. And Drummer Gene Krupa "takes it." The famed quartette, which steams out "killer-dillers" on the Camel Caravan, consists of: Goodman on the "agony pipe" (clarinet)—Gene Krupa on the "suitcase" (drums)—Teddy Wilson on the "moth box" (piano), and Lionel Hampton on the vibraphone.

BENNY'S "IN THE GROOVE!" Here's the "King of Swing"—Professor Benny Goodman—"kicking out." They "go to town" every Tuesday night. First on the double-feature Camel Caravan comes "Jack Oakie College." Then Benny Goodman's "Swing School." Time—9:30 pm to 10:30 pm E.S.T., over WABC-CBS.

"PUSHERS" getting in a few "licks" (short, original improvisations) on their "gobble-pipes" (saxophones). Benny Goodman and his Swing Band won the title of the most popular band in the country. You just haven't heard "SWING" until you hear Camel's Professor of Swing-ology—Benny Goodman—burn up the ether.

EVERY TUESDAY NIGHT

Radio's big double-feature program, the Camel Caravan—60 fast minutes of fun, frolic, and fanfare. 9:30 pm E.S.T., 8:30 pm C.S.T., 7:30 pm M.S.T., 6:30 pm P.S.T.—WABC-CBS.

"JACK OAKIE COLLEGE"—

The big Camel Caravan leads off with Jack Oakie and his goofy collegians, broadcast direct from Hollywood. All-star cast includes funny-man "Stu" Erwin. Hear "Honest Jack" Oakie—"The Prez"—running a college. You'll never forget it!

Pi Omegas Introduce Nine New Members At Annual Presentation Dance

Pi Omega presented nine pledges at a dance Saturday night at Cousins Hall.

Those presented were: Ruth Campbell, Canyon; Kathryn Daniels, Floydada; Frankie Dodson, Lockney; Fern Fry, Floydada; Amaryn Lockhart, Plainview; Dorothy Morgan, Amarillo; Marcelete Reid, Dumas; Mogie Routh, Amarillo; and Roberta Turner, Vega. They were escorted by Clifford Whitehurst of Fort Worth; R. C. Taylor, George Wright, Childress; Craig Walling, Farwell; Lloyd Whitfill, Plainview; Brummett McClendon, Amarillo; Kenneth Black, Canyon; George Davis, Amarillo; and Robert Orton, Canyon.

Pledges Introduced

Mary May Harrison of Canyon, Pi Omega president, introduced the girls, as Virginia Line turned through the "Pi Omega Album," a large maroon book with silver letters and decorations. The book, standing in an archway at the top of the steps, was in the east end of the candle-light reception room. As Patricia McDade, dancer from Amarillo, performed, the pledges, who had been as pictures in the album, stepped from the pages and were met by their "big sisters" who escorted them through the reception room to their dates. Soft music was played by Frances Usery.

The president, escorted by Gerald Brown of Canyon, led the grand march into the ballroom, which was decorated with white streamers from the walls to five silver columns in the center of the floor. The Pi Omega emblem in maroon and silver was hung at the front of the stage which was draped with silver cloth. Each Pi Omega was dressed in white. Logan Largent and his orchestra from Plainview furnished the music.

Ruth Page, Noted Dancer, Gives Lyceum Feb. 14

One of the few dancers in America whose position is such that she can carry on the traditions of such figures as Isadora Duncan, Anna Pavlova, and Serge de Diaghileff is Ruth Page, the American artist who will bring a company of twenty persons to the College in a lyceum number offering Feb. 14.

Not only has Ruth Page been a pupil of Pavlova, but she has danced in the ballet organizations of both Pavlova and Diaghileff. Today, however, she also is a well-known creator in her own right. While preserving the priceless heritage in the art of the dance she is constructing new forms on the foundations of the old.

Ruth Page has danced leading roles in the ballets of the Metropolitan Opera Company, the Chicago Civic Opera Company, and the Ravina Opera Company. Her work with the latter has been both creative and as a leading lady. She danced in London as the partner of Adolph Bolm. Later she performed

at the enthronement of Emperor Hirohito of Japan. In 1930 she took an American company to Russia as a guest of the Soviet government. She has been called a globe-trotter but she has never lost her individuality.

Whether on Broadway or "on the road," Ruth Page has won a reputation for being always the artist. She has assembled a company of talented and ambitious girls who are her students and her material for creative experiments in modern dancing.

Her program is expected by Prof. Wallace R. Clark, chairman of the College lyceum committee, to be one of the finest ever presented in the auditorium of West Texas State.

Bufs Depend on Seven Minute Rally for Victory

The score book read 18-18 at mid-time, but the West Texas State Buffaloes unveiled a superior brand of basketball in the final half to pluck a 46-36 victory from the Daniel Baker Hillbillies in Burton gymnasium Tuesday night.

The win gave the Bison a clean sweep of their two game series with the visitors, and kept their slate in Burton Gymnasium unblemished so far this year.

Caught off guard by the rushing and determined offense of the shorter Brownwood men, the Buffaloes couldn't get their formations under way to any noticeable degree. A midget Daniel Baker guard, Payne, stood out for the Billies in their first period threat by ringing three one-handed push-shots from the right sidelines.

The Buffs packed their wallop in a span of seven minutes when Butler, Shackelford and Stephenson counted collectively to send the locals ahead 39-24. Satisfied with this lead, Coach Baggett finished the game with his second team.

Raymond Shackelford took top scoring honors with 16 points, and led for the series with 34 points. Stephenson and Payne weren't far behind with 11 points each.

Yearlings Thwart Portales Collegians in Series Opener

Another W. T. Freshman team reached new heights last night in Burton Gymnasium and thwarted a scrapping Portales Junior College by a 53-40 count.

The game was the night cap for the double header which saw the Buffaloes pitted against the Howard Payne Yellowjackets in the opener. The same teams play tonight. Short of Portales took high point honors with 14 counters. He was seconded by Nippert with 13.

TENNIS CLUB TO PLAY BADMINTON WEDNESDAY

Members of the W. T. Girls Tennis Club are playing badminton until the weather will permit playing on the outdoor courts.

The following challenges have been recorded for play Wednesday at 4:45 p. m. in the woman's gymnasium: Theresa Kemper vs. Venita Lee Webb, Sarah McGowan vs. Laura Gerner, Imogene Dalton vs. June Cope, Flossie Sisk vs. Jo Mae Smith, Rosa Cash vs. Katherine Daniels, Marie Riley vs. Marjorie Billingsley, and Ivey Howard vs. Carolyn Greenway.

Other members of the club are Jacqueline Tabor, Ruth Erma Garrett, Mary Lee Newton, Tommie Turner, Betty Lou O'Brien, and Melba Williams.

Levy Gives Awards To Outstanding Grid Players

Outstanding players for each of the ten games of the 1937 football season, based on the selection by members of the squad, were announced at the football banquet Friday evening.

Those players selected were given certain clothing awards by Bert Levy, Amarillo clothing store manager and ardent Buffalo supporter.

Those players and the games in which they starred were:

Panhandle Aggies—Lwood Dow.
Daniel Baker—Craig Walling.
T. W. C.—F. A. Thomas.
Texas School of Mines—Foster Watkins.
Hardin-Simmons—Lothar Stephenson.
Northwestern—Conway Butler.
St. Benedict's—Tom Slack-Monroe Horton (tie).
Sul Ross—Lwood Dow.
N. M. M. I.—Oscar Hinger.

Yearlings Put on Last Half Rally For 47-39 Win

Striking with a second half suddenness, the West Texas Yearling cagers piced out a 47-39 win over the stubborn Canadian River Gassers of Amarillo, Tuesday night.

The game kept the Yearlings' record of four wins with no defeats unspooled and gave further evidence of one of the best freshmen squads of recent years.

The teams seemed to be evenly primed as the scoring led see-saw from one team to the other throughout the game. It was anybody's ball game until the last minutes. Then Nippert, lanky Yearling forward, put the game on ice with some nifty work under the basket and at the same time copping high point honors with 14 points. Not to be outdone, J. R. Corbett, Gasser forward and a former Oklahoma University star, put on a one-man scoring

spurge in the final seconds to draw close to the freshmen. Corbett outstripped the rest of the field to gather in second scoring honors with 11 points.

Dewey Johnson, Yearling forward, turned in a stellar performance of all-court play. The Crews Brothers were outstanding in all around play for the visitors.

Wins Trophy

Lwood Dow, Buffalo fullback, was declared winner of the Kleinschmidt trophy and most valuable player award at the annual football banquet in the college Cafeteria Friday evening. In addition to being the leading scorer of the past football season with 49 points, Dow was given honorable mention on the "Little All-American team of the Associated Press." He was one of the much publicized "Merry Married Men."

T Club and Betas Hold Limelight in Intramural Play

Generously speckled with stars, the Buffalo "T" Club retains the favored betting slot in the intramural basketball race with three wins in three trips to the plate. Just as strong in percentage but slightly inferior in team strength, Epsilon Beta is presenting a strong bid for first place honors also with three wins and no defeats.

The Jennings Co-op quintet has been established as the "dark-horse" of the tournament. The team is rangy and has many experienced stars in its roster. They have two clean cut wins to their credit.

One of the most hotly contested games of last week's tournament play came from an unexpected quarter. Buffalo Courts with a revamped lineup took a licking from an underdog, Moore's Co-op bunch. The Co-op put on a great defensive show to hold the favored Courts' team to two field goals in the first half. The second half was turned topsy-turvy as the surprising Co-op scrappers turned on the steam to

take the game 17-11.

Results of others games played during the week are: Stafford Hall 20, Alpha Sigs 14; Mules 20, Polecats 9; Buffalo "T" Club 23, Tri-Tau 6; Epsilon Betas 23, Dribbling Dromedaries 16; Stafford Hall 15, T Anchor 22.

This week's schedule includes: Wednesday at 7:30 Moore's Co-op vs. Currycombs; 8:30 Polecats vs. Alpha Sigs; 9:30 Mules vs. Buffalo Courts.

Thursday, at 7:30, Tri-Tau vs. Dribbling Dromedaries; 8:30 Stafford Hall vs. Buffalo "T" Club; 9:30 Moore's Co-op vs. Epsilon Beta.

Friday at 7:30 Polecats vs. T Anchor Aggies; 8:30 Mules vs. Currycombs; 9:30 Buffalo Courts vs. Alpha Sigs.

WOMEN'S CHORUS GIVES ASSEMBLY PROGRAM

The Women's Chorus, composed of over fifty members, and directed by Wallace R. Clark, head of the music department, presented a program of varied selections Saturday in assembly.

The selections on the program were: "Beauteous Morn," German; "Chorale," Wagner; "The Galway Piper," arranged; "Chit-Chat," Old English; "Czechoslovakia Dance," arranged; and "O Leave Your Sheep," Christmas song.

Dougal Calls for Wrestling and Boxing Candidates

Coach Tony Dougal has issued the call for all candidates for boxing and wrestling teams to meet this afternoon at 1:30 o'clock in Burton Gymnasium for instructions.

The first intercollegiate match will be held in Roswell, N. M. against the New Mexico Military Institute, tentatively scheduled in February. A week later, they participate in the Southwestern Golden Gloves and Wrestling tournament. The wrestling team has won its division for the last three years, and as defending champions will again be pre-tournament favorites.

Monroe Horton, experienced wrestling letterman, will assist Coach Dougal in coaching the college teams. The gaps to fill in the

wrestling team will be those vacated by George Caviness, 175 pounds, and Leo Jackson, unlimited, because of graduation.

The crowning event of the boxing and wrestling is the intramural tournament, generally termed 'fite nite' which will be in the early part of March.
